FOREWORD

In pursuance of the National Policy for Children which laid emphasis on the integrated delivery of services for children, expectant women and nursing mothers and based on the recommendations of the Inter-Ministerial Study Team set up by the Planning Commission, the ICDS scheme was evolved to make a coordinated effort for an integrated programme for delivery of a package of six services. The blueprint for the ICDS Scheme was drawn by the Ministry of Social Welfare, Government of India and was launched on 2nd October 1975 in 33 projects on experimental basis. The number of ICDS projects were successively increased. ICDS is designed to promote holistic development of children under six years through the strengthened capacity of caregivers and communities and improved access to basic services at the community level. Within this group, priority is accorded to addressing the critical prenatal- under three years age group, the period of most rapid growth and development and also of greatest vulnerability.

The programme is specifically designed to reach disadvantaged and low income groups, for effective disparity reduction. ICDS provides the convergent interface / platform between communities and other systems such as primary healthcare, education, water and sanitation among others. The programme has the potential to break an intergenerational cycle of undernutrition and also address the multiple disadvantages faced by girls and women with adequate investment and enabling environment.

The implementation of ICDS Scheme has been uneven across the States/UTs in the country. Keeping in view the gaps in operations and delivery mechanisms, ICDS Scheme has been approved by Government of India for strengthening and restructuring through a set of reforms including changes in norms and putting ICDS in a Mission mode. Thus, the core package of six services has been reorganised and reoriented to the Mission mode for better delivery of services and transformation of AWC as vibrant centre of Early Childhood Care and Development.

Revision of population norms for setting up of AWCs and Mini-AWCs and sanction of additional Projects, AWCs and Mini-AWCs are some of the very important measures under ICDS for providing equal opportunities for development of children in the country. Sanction and establishment of Mini-AWCs is very important to reach the unreached for providing ICDS services particularly in small hamlets/pockets in tribal blocks situated in far flung and in remote areas.

The present study conducted by NIPCCD sought to assess the functioning of Mini-AWCs and service delivery under ICDS. The findings emerged from the study have been validated in the light of the findings of earlier studies conducted on ICDS. The findings are related to the benefits received by target populations from Mini-AWCs, extent of involvement of community in implementation of ICDS programme, problems faced by functionaries in implementing ICDS programme, special consideration for improving the effectiveness of Mini-AWCs and recommendations.

I express my sincere thanks to Dr. Dinesh Paul, Director, NIPCCD for taking up this study. I hope this study would provide valuable information in developing need-based strategy and taking corrective action for improving functioning of Mini-AWCs under ICDS.

(Sarada Ali Khan)

ACKNOWLEDGEMENT

Dr. Dinesh Paul
MBBS, MD, MNAMS
Director

Integrated Child Development Services (ICDS) scheme is one of the world's largest and most unique programmes of Early Childhood Care and Development (ECCD). It is implemented through a network of 14 lakh Anganwadi Centres (AWCs)/Mini-Anganwadi Centres at the community level under 7076 approved projects. The programme adopts a multi-sectoral approach to child development, incorporating health, early education and nutrition interventions. The objectives of the programme are achieved by providing a package of integrated services that comprises supplementary nutrition, non-formal preschool education, nutrition and health education, immunisation, health check-up, and referral services for children below six years of age as well as pregnant women and lactating mothers through local/village level Anganwadi Centres.

Keeping in view the programmatic gaps and operational issues, ICDS Scheme has been approved by Government of India for strengthening and restructuring through a series of reforms and changes in norms, including putting ICDS in a mission mode for implementation in the 12th Five-Year Plan with enhanced budgetary allocation of Rs.1,23,580 crore with effect from 22.10.2012. The core package of six services under the ICDS Mission would be continued, but these have been reorganised. AWCs are to be transformed as vibrant ECCD Centres.

The ICDS programme is designed primarily to reach disadvantaged and low income groups, for effective disparity reduction. In order to make full use of the ICDS Scheme, Mini-Anganwadis were established in small hamlets/pockets located in far flung and remote areas. Since Mini-AWC provides all services under ICDS with certain limitations like lack of provision for Helper, less financial provision for PSE Kit, Medicine Kit and equipment and furniture in comparison to AWC, there was a felt need to see the operational level of Mini-AWCs and delivery of ICDS services. There was also a need to assess extent of benefit received by beneficiaries from Mini-AWC and to ascertain involvement of community in implementation of ICDS programme. Therefore, this study of Mini-AWCs in ICDS was undertaken by NIPCCD to bring out the constraints in implementation of ICDS and seek remedial action.

Mini-AWCs of ICDS projects having highest number of Mini-AWCs were studied in sample districts. A total number of 60 Mini-AWCs, 20 Child Development Project Officers (CDPOs), 56 Supervisors, 60 ANMs, 60 Panchayat Raj Institution (PRI)

members, 105 pregnant women, 106 lactating mothers, 236 mothers of children (up to 6 years) and 179 children in the age group of 3-6 years (around 3 children per Mini-AWC) from 5 states, 10 districts and 20 ICDS projects were taken as sample in this study.

The study brings out a clear picture of functioning of Mini-AWCs in the country and service delivery under ICDS. The study also found knowledge and understanding level of women on some areas of nutrition and health care of children. Findings of this study have been further discussed in the light of four previous studies on ICDS by NIPCCD (2006 and 2012), Planning Commission (2011) and Comptroller and Auditor General of India (2012).

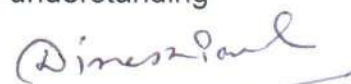

Keeping in view the problems experienced by programme functionaries and beneficiaries as revealed by the study, some actionable recommendations for more effective functioning of Mini-AWCs under ICDS have been made on Job training and Refresher Training for Mini-AWWs, converting Mini-AWC into a Main-AWC, services provided at Mini-AWCs, need for provision of Helper, need for separate implementation and monitoring strategy for better implementation of Mini-AWCs, need for enhanced provision of PSE kit and utensils for cooking and serving, remedial action on non-acceptability of supplementary nutrition (SN) by beneficiaries and interruption of SN at Mini-AWCs, and for ensuring universal enrolment of children coming out of Mini-AWCs into primary school.

The study has been conducted in consultation with all 5 sample states i.e. state governments of Andhra Pradesh, Assam, Madhya Pradesh, Maharashtra and Uttar Pradesh. The cooperation extended by the State Governments is highly appreciated. Data collected under the study was analysed and presented under 16 heads. The complete report of the study has been presented in volume-I and volume- II.

Data collection was done by four Central Monitoring Units (CMUs), i.e. Department of Community Medicine, S. V. Medical College, Tirupati; Department of Community Medicine, Osmania Medical College, Hyderabad; Department of PSM, Govt. Medical College, Aurangabad; Department of PSM, Indira Gandhi Govt. Medical, College, Nagpur; and NIPCCD, Regional Centres- Guwahati, Indore and Lucknow. These CMUs and Regional Centres deserve special thanks for their assistance in data collection work.

I acknowledge the sincere efforts made by Training Division for taking up the study.

It is hoped that this study would be useful for improvement in the ICDS programme particularly effective implementation of Mini-AWCs and academicians for understanding the status of implementation of Mini-AWC in the country.

(Dinesh Paul)

212.	6.5.13	COUNSELING MOTHERS ABOUT THE GROWTH OF THE CHILD (B- 18, 19, 20)
213.	6.5.14	STATEWISE COUNSELING MOTHERS ABOUT THE GROWTH OF THE CHILD (B- 18, 19, 20)
214.	6.5.15	PROBLEM IN GROWTH MONITORING OF CHILDREN AT MINI-AWCs (B-21, 22)
215.	6.5.16	STATEWISE PROBLEM IN GROWTH MONITORING OF CHILDREN AT MINI-AWCs (B- 21, 22)
6.6 IMMUNISATION		
216.	6.6.1	DETAILS OF IMMUNISATION OF CHILDREN AND PREGNANT WOMAN OF MINI-AWCs AS TOLD BY ANMs (J-6)
217.	6.6.2	STATEWISE DETAILS OF IMMUNISATION OF CHILDREN AND PREGNANT WOMAN OF MINI-AWCs AS TOLD BY ANMs (J-6)
218.	6.6.3	IMMUNISATION STATUS OF CHILDREN IN MINI-AWCs AT PRESENT AS TOLD BY MINI-AWWs (B- 23, 24)
219.	6.6.4	STATEWISE IMMUNISATION OF CHILDREN IN MINI-AWCs AT PRESENT (B- 23, 24)
220.	6.6.5	STATUS OF IMMUNISATION OF CHILDREN AND PREGNANT WOMEN AS TOLD BY ANMs (J- 11b, 11c, 12b, 12c)
221.	6.6.6	STATEWISE STATUS OF IMMUNISATION OF CHILDREN AND PREGNANT WOMEN AS TOLD BY ANMs (J- 11b, 11c, 12b, 12c)
222.	6.6.7	IMMUNISATION STATUS OF CHILD (BIRTH- 6 MONTHS) AS TOLD BY LACTATING MOTHERS (G- 8)
223.	6.6.8	STATEWISE IMMUNISATION STATUS OF CHILD (BIRTH- 6 MONTHS) AS TOLD BY LACTATING MOTHERS (G- 8)
224.	6.6.9	AGEWISE STATUS OF IMMUNISATION OF CHILDREN (G- 9)
225.	6.6.10	STATEWISE AGEWISE STATUS OF IMMUNISATION OF CHILDREN (G- 9)

6.7 HEALTH CHECK UP		
226.	6.7.1	STATUS OF HEALTH CHECK-UP OF CHILDREN (B- 26, J- 7, B- 27)
227.	6.7.2	STATEWISE STATUS OF HEALTH CHECK-UP OF CHILDREN (B- 26, J- 7, B- 27)
228.	6.7.3	FREQUENCY OF HEALTH CHECK-UP OF CHILDREN (B- 28, J- 8)
229.	6.7.4	STATEWISE FREQUENCY OF HEALTH CHECK-UP OF CHILDREN (B- 28, J- 8)
230.	6.7.5	WHO CONDUCTED HEALTH CHECK-UP OF CHILDREN (B- 28, J- 8)
231.	6.7.6	STATEWISE WHO CONDUCTED HEALTH CHECK-UP OF CHILDREN (B- 28, J- 8)
232.	6.7.7	ASPECTS OF HEALTH CHECK-UP OF CHILDREN AS TOLD BY MINI-AWWs (B- 28)
233.	6.7.8	STATEWISE ASPECTS OF HEALTH CHECK-UP OF CHILDREN AS TOLD BY MINI-AWWs (B- 28)
234.	6.7.9	ASPECTS OF HEALTH CHECK-UP OF CHILDREN AS TOLD BY ANMs (J- 8)
235.	6.7.10	STATEWISE ASPECTS OF HEALTH CHECK-UP OF CHILDREN AS TOLD BY ANMs (J- 8)
236.	6.7.11	FREQUENCY OF HEALTH CHECK-UP OF PREGNANT WOMEN (B- 30, J- 10a)
237.	6.7.12	STATEWISE FREQUENCY OF HEALTH CHECK-UP OF PREGNANT WOMEN (B- 30, J- 10a)
238.	6.7.13	WHO CONDUCTED HEALTH CHECK-UP OF PREGNANT WOMEN (B- 30, J- 10c)
239.	6.7.14	STATEWISE WHO CONDUCTED HEALTH CHECK-UP OF PREGNANT WOMEN (B- 30, J- 10c)
240.	6.7.15	ASPECTS OF HEALTH CHECK-UP OF PREGNANT WOMEN (B- 30, J- 10b)
241.	6.7.16	STATEWISE ASPECTS OF HEALTH CHECK-UP OF PREGNANT WOMEN (B- 30, J- 10b)
242.	6.7.17	IFA TABLETS RECEIVED BY PREGNANT WOMEN (F- 32, 33)
243.	6.7.18	STATEWISE IFA TABLETS RECEIVED BY PREGNANT WOMEN (F- 32, 33)
244.	6.7.19	IFA TABLETS RECEIVED BY LACTATING MOTHER DURING PREGNANCY(G- 40, 41)
245.	6.7.20	STATEWISE IFA TABLETS RECEIVED BY LACTATING MOTHER DURING PREGNANCY(G- 40, 41)
246.	6.7.21	NUMBER OF HEALTH CHECKUPS RECEIVED BY LACTATING MOTHER DURING PREGNANCY (G- 38)
247.	6.7.22	STATEWISE NUMBER OF HEALTH CHECKUPS RECEIVED BY LACTATING MOTHER DURING PREGNANCY (G- 38)
248.	6.7.23	WEIGHT MONITORING OF PREGNANT WOMEN BY MINI- AWWs (F- 12, 13)
249.	6.7.24	STATEWISE WEIGHT MONITORING OF PREGNANT WOMEN BY MINI- AWWs (F- 12, 13)
250.	6.7.25	VACCINATION OF PREGNANT WOMEN AGAINST TT (F- 25, 26)

251.	6.7.26	STATEWISE VACCINATION OF PREGNANT WOMEN AGAINST TT (F- 25, 26)
252.	6.7.27	VACCINATION OF LACTATING MOTHERS AGAINST TT DURING PREGNANCY (G- 35, 36)
253.	6.7.28	VACCINATION OF LACTATING MOTHERS AGAINST TT DURING PREGNANCY (G- 35, 36)
6.8 REFERRAL SERVICES		
254.	6.8.1	USE OF REFERRAL SLIP BY MINI-AWWs (B-33, 34)
255.	6.8.2	STATEWISE USE OF REFERRAL SLIP BY MINI-AWWs (B-33, 34)
256.	6.8.3	PROBLEMS EXPERIENCED IN PROVIDING MEDICAL CARE TO REFERRAL CASES AS TOLD BY ANMs (J- 15)
257.	6.8.4	STATEWISE PROBLEMS EXPERIENCED IN PROVIDING MEDICAL CARE TO REFERRAL CASES AS TOLD BY ANMs (J- 15)
258.	6.8.5	DETAILS OF REFERRAL SERVICES PROVIDED TO PREGNANT WOMEN (F- 8, 9)
259.	6.8.6	STATEWISE DETAILS OF REFERRAL SERVICES PROVIDED TO PREGNANT WOMEN (F- 8, 9)
260.	6.8.7	DETAILS OF REFERRAL SERVICES PROVIDED TO LACTATING MOTHER (G- 17, 18)
261.	6.8.8	STATEWISE DETAILS OF REFERRAL SERVICES PROVIDED TO LACTATING MOTHER (G- 17, 18)
262.	6.8.9	DETAILS OF REFERRAL SERVICES PROVIDED TO CHILDREN (7-36 MONTHS) AS TOLD BY THEIR MOTHERS (H- 8, 9)
263.	6.8.10	STATEWISE DETAILS OF REFERRAL SERVICES PROVIDED TO CHILDREN (7-36 MONTHS) AS TOLD BY THEIR MOTHERS (H- 8, 9)
264.	6.8.11	DETAILS OF REFERRAL SERVICES PROVIDED TO CHILDREN (3-6 YEARS) AS TOLD BY THEIR MOTHERS (I- 13, 14)
265.	6.8.12	STATEWISE DETAILS OF REFERRAL SERVICES PROVIDED TO CHILDREN (3-6 YEARS) AS TOLD BY THEIR MOTHERS (I- 13, 14)
6.9 NUTRITION AND HEALTH EDUCATION		
266.	6.9.1	ORGANISATION OF NUTRITION AND HEALTH EDUCATION (NHE) SESSION BY MINI-AWWs (B- 35, 36, 37A)
267.	6.9.2	STATEWISE ORGANISATION OF NUTRITION AND HEALTH EDUCATION (NHE) SESSION BY MINI-AWWs (B- 35, 36, 37A)
268.	6.9.3	TOPICS COVERED IN NHE SESSION IN THE LAST SIX MONTHS BY MINI-AWWs (B- 37B)
269.	6.9.4	STATEWISE TOPICS COVERED IN NHE SESSION IN THE LAST SIX MONTHS BY MINI-AWWs (B- 37B)
270.	6.9.5	ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY PREGNANT WOMEN (F- 16, 17)
271.	6.9.6	STATEWISE ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY PREGNANT WOMEN (F- 16, 17)
272.	6.9.7	ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY LACTATING MOTHER (G- 26, 27)
273.	6.9.8	STATEWISE ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY LACTATING MOTHER (G- 26, 27)

274.	6.9.9	ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 17, 18)
275.	6.9.10	STATEWISE ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 17, 18)
276.	6.9.11	ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 22, 23)
277.	6.9.12	STATEWISE ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 22, 23)
278.	6.9.13	ATTENDANCE OF BENEFICIARIES IN NHE SESSION (F- 18, G- 28, H- 19, I- 24)
279.	6.9.14	STATEWISE ATTENDANCE OF BENEFICIARIES IN NHE SESSION (F- 18, G- 28, H- 19, I- 24)
280.	6.9.15	ATTENDANCE RATING OF BENEFICIARIES IN NHE SESSION (F- 19, G- 29, H- 20, I- 25)
281.	6.9.16	STATEWISE AVERAGE ATTENDANCE RATING OF BENEFICIARIES IN NHE SESSION (F- 19, G- 29, H- 20, I- 25)
282.	6.9.17	SKILL OF MINI- AWWs FOR ORGANISING NHE (A- 39)
283.	6.9.18	STATEWISE SKILL OF MINI- AWWs FOR ORGANISING NHE (A- 39)
284.	6.9.19	AVAILABILITY OF MATERIALS FOR CONDUCTING NHE (A- 40)
285.	6.9.20	STATEWISE AVAILABILITY OF MATERIALS FOR CONDUCTING NHE (A- 40)
6.10 MEDICINE KIT		
286.	6.10.1	AVAILABILITY OF MEDICINE KIT AT MINI-AWCs (A-45 a, b)
287.	6.10.2	STATEWISE AVAILABILITY OF MEDICINE KIT AT MINI-AWCs (A-45 a, b)
288.	6.10.3	LIST OF MEDICINE IN THE KIT SUPPLIED TO THE MINI- AWCs (A- 45 c)
289.	6.10.4	STATEWISE LIST OF MEDICINE IN THE KIT SUPPLIED TO THE MINI- AWCs (A- 45 c)
290.	6.10.5	SKILL OF MINI- AWWs AND USE OF MEDICINE KIT AT MINI- AWCs (A- 46, 47)
291.	6.10.6	STATEWISE SKILL OF MINI- AWWs AND USE OF MEDICINE KIT AT MINI- AWCs (A- 46, 47)
292.	6.10.7	BENEFICIARIES TAKING MEDICINES FROM MINI- AWCs (F-15, G- 25, H- 16, I- 21)
293.	6.10.8	STATEWISE BENEFICIARIES TAKING MEDICINES FROM MINI- AWCs (F-15, G- 25, H- 16, I- 21)
6.11 MOTHER AND CHILD PROTECTION CARD		
294.	6.11.1	AWARENESS OF ANMs ABOUT MCPC (J- 16)
295.	6.11.2	STATEWISE AWARENESS OF ANMs ABOUT MCPC (J- 16)
296.	6.11.3	AVAILABILITY OF MCPC WITH BENEFICIARIES, SKILL OF FUNCTIONARIES FOR FILLING UP AND USING MCPC (A- 41, 42, 43, J- 17, 18, 19)

297.	6.11.4	STATEWISE AVAILABILITY OF MCPC WITH BENEFICIARIES, SKILL OF FUNCTIONARIES FOR FILLING UP AND USING MCPC (A- 41, 42, 43, J- 17, 18, 19)
298.	6.11.5	KNOWLEDGE OF MINI- AWWs AND ANMs ON USE OF MCPC BY WOMEN/ MOTHERS (A- 44, J- 20)
299.	6.11.6	STATEWISE KNOWLEDGE OF MINI- AWWs AND ANMs ON USE OF MCPC BY WOMEN/ MOTHERS (A- 44, J- 20)
300.	6.11.7	AWARENESS, AVAILABILITY AND USE OF MCPC BY PREGNANT WOMEN (F- 53, 54, 55)
301.	6.11.8	STATEWISE AWARENESS, AVAILABILITY AND USE OF MCPC BY PREGNANT WOMEN (F- 53, 54, 55)
302.	6.11.9	AWARENESS, AVAILABILITY AND USE OF MCPC BY LACTATING MOTHER (G- 61, 62, 63)
303.	6.11.10	STATEWISE AWARENESS, AVAILABILITY AND USE OF MCPC BY LACTATING MOTHER (G- 61, 62, 63)
304.	6.11.11	AWARENESS, AVAILABILITY AND USE OF MCPC BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 46, 47, 48)
305.	6.11.12	STATEWISE AWARENESS, AVAILABILITY AND USE OF MCPC BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 46, 47, 48)
306.	6.11.13	AWARENESS, AVAILABILITY AND USE OF MCPC BY MOTHERS (3- 6 YEARS CHILDREN) (I- 51, 52, 53)
307.	6.11.14	STATEWISE AWARENESS, AVAILABILITY AND USE OF MCPC BY MOTHERS (3- 6 YEARS CHILDREN) (I- 51, 52, 53)
6.12 INDIRA GANDHI MATRITVA SAHAYOG YOJANA (IGMSY)		
308.	6.12.1	IMPLEMENTATION OF IGMSY (B- 45, 46, 47)
309.	6.12.2	STATEWISE IMPLEMENTATION OF IGMSY (B- 45, 46, 47)
6.13 RAJIV GANDHI SCHEME FOR EMPOWERMENT OF ADOLESCENT GIRLS (SABLA)		
310.	6.13.1	IMPLEMENTATION OF SABLA SCHEME (B- 48, 49, 50)
311.	6.13.2	STATEWISE IMPLEMENTATION OF SABLA SCHEME (B- 48, 49, 50)
6.14 SERVICES TO ADOLESCENT GIRLS		
312.	6.14.1	DETAILS OF PROVIDING SERVICES TO ADOLESCENT GIRLS (B- 38, 39)
313.	6.14.2	STATEWISE DETAILS OF PROVIDING SERVICES TO ADOLESCENT GIRLS (B- 38, 39)
07 HOME VISIT		
314.	7.1	HOME VISIT MADE BY MINI-AWWs (B- 51)
315.	7.2	STATEWISE HOME VISIT MADE BY MINI-AWWs (B- 51)
316.	7.3	PREFERENCE FOR HOME VISIT AS TOLD BY MINI- AWWs (B- 52c)
317.	7.4	STATEWISE PREFERENCE FOR HOME VISIT AS TOLD BY MINI- AWWs (B- 52c)

318.	7.5	HOME VISIT MADE BY MINI- AWWs AS TOLD BY WOMEN AND MOTHER BENEFICIARIES (F- 21, 22, G- 31, 32, H- 22, 23, I- 27, 28)
319.	7.6	STATEWISE HOME VISIT MADE BY MINI- AWWs AS TOLD BY WOMEN AND MOTHER BENEFICIARIES (F- 21, 22, G- 31, 32, H- 22, 23, I- 27, 28)
320.	7.7	PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY PREGNANT WOMEN (F- 23)
321.	7.8	STATEWISE PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY PREGNANT WOMEN (F- 23)
322.	7.9	PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY LACTATING MOTHERS (G- 33)
323.	7.10	STATEWISE PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY LACTATING MOTHERS (G- 33)
324.	7.11	PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY MOTHERS OF 7- 36 MONTHS CHILDREN (H- 24)
325.	7.12	STATEWISE PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY MOTHERS OF 7- 36 MONTHS CHILDREN (H- 24)
326.	7.13	PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY MOTHERS OF 3- 6 YEARS CHILDREN (I- 29)
327.	7.14	STATEWISE PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY MOTHERS OF 3- 6 YEARS CHILDREN (I- 29)
08 MONITORING		
328.	8.1	DIFFERENCE IN MONITORING STRATEGY BETWEEN AWCs & MINI-AWCs (C- 4, 5)
329.	8.2	STATEWISE DIFFERENCE IN MONITORING STRATEGY BETWEEN AWCs & MINI-AWCs (C- 4, 5)
09 RECORDS AND REGISTERS		
330.	9.1	UPDATION OF RECORDS AT MINI-AWCs (A- 48)
331.	9.2	STATEWISE UPDATION OF RECORDS AT MINI-AWCs (A- 48)
10 ADDITIONAL ASSIGNMENT		
332.	10.1	ADDITIONAL ASSIGNMENTS PERFORMED BY MINI-AWWs (B- 53, 54)
333.	10.2	STATEWISE ADDITIONAL ASSIGNMENTS PERFORMED BY MINI-AWWs (B- 53, 54)
11 INNOVATIVE WORK		
334.	11.1	INNOVATIVE WORK DONE BY MINI-AWWs (B- 55, 56)
335.	11.2	STATEWISE INNOVATIVE WORK DONE BY MINI-AWWs (B- 55, 56)
12 KNOWLEDGE, UNDERSTANDING AND SKILL OF MINI-AWWs AND WOMEN/MOTHERS		
12.1 OBJECTIVES & SERVICES OF ICDS		
336.	12.1.1	AWARENESS OF MINI-AWWs ABOUT OBJECTIVES OF ICDS (B- 3, 4)
337.	12.1.2	STATEWISE AWARENESS OF MINI-AWWs ABOUT OBJECTIVES OF ICDS (B- 3, 4)

338.	12.1.3	AWARENESS OF MINI-AWWs ABOUT SERVICES PROVIDED UNDER ICDS (B- 5)
339.	12.1.4	STATEWISE AWARENESS OF MINI-AWWs ABOUT SERVICES PROVIDED UNDER ICDS (B- 5)
340.	12.1.5	AWARENESS OF PREGNANT WOMEN ABOUT SERVICES PROVIDED UNDER ICDS (F- 1, 2)
341.	12.1.6	STATEWISE AWARENESS OF PREGNANT WOMEN ABOUT SERVICES PROVIDED UNDER ICDS (F- 1, 2)
342.	12.1.7	AWARENESS OF LACTATING MOTHER ABOUT SERVICES PROVIDED UNDER ICDS (G- 1, 2)
343.	12.1.8	STATEWISE AWARENESS OF LACTATING MOTHER ABOUT SERVICES PROVIDED UNDER ICDS (G- 1, 2)
344.	12.1.9	AWARENESS OF MOTHER OF 6-36 MONTHS CHILDREN ABOUT SERVICES PROVIDED UNDER ICDS (H- 1, 2)
345.	12.1.10	STATEWISE AWARENESS OF MOTHER OF 6-36 MONTHS CHILDREN ABOUT SERVICES PROVIDED UNDER ICDS (H- 1, 2)
346.	12.1.11	AWARENESS OF MOTHER OF 3-6 YEARS CHILDREN ABOUT SERVICES PROVIDED UNDER ICDS (I- 1)
347.	12.1.12	STATEWISE AWARENESS OF MOTHER OF 3-6 YEARS CHILDREN ABOUT SERVICES PROVIDED UNDER ICDS (I- 1)
348.	12.1.13	AWARENESS OF PREGNANT WOMEN ABOUT BENEFITS OF MINI-AWCs (F- 3)
349.	12.1.14	STATEWISE AWARENESS OF PREGNANT WOMEN ABOUT BENEFITS OF MINI-AWCs (F- 3)
350.	12.1.15	AWARENESS OF LACTATING MOTHER ABOUT BENEFITS OF MINI-AWCs (G- 3)
351.	12.1.16	STATEWISE AWARENESS OF LACTATING MOTHER ABOUT BENEFITS OF MINI-AWCs (G- 3)
352.	12.1.17	AWARENESS OF MOTHER ABOUT BENEFITS OF MINI-AWCs TO CHILDREN (6-36 MONTHS) (H- 2)
353.	12.1.18	STATEWISE AWARENESS OF MOTHER ABOUT BENEFITS OF MINI-AWCs TO CHILDREN (6-36 MONTHS) (H- 2)
354.	12.1.19	AWARENESS OF MOTHER ABOUT BENEFITS OF MINI-AWCs TO CHILDREN (3-6 YEARS) (I- 2)
355.	12.1.20	STATEWISE AWARENESS OF MOTHER ABOUT BENEFITS OF MINI-AWCs TO CHILDREN (3-6 YEARS) (I- 2)
12.2 ACTIVITIES OF MINI-AWCs		
356.	12.2.1	TIMINGS OF MINI-AWCs AS TOLD BY MOTHERS (3-6 YRS CHILDREN) (I- 3, 4, 5)
357.	12.2.2	STATEWISE TIMINGS OF MINI-AWCs AS TOLD BY MOTHERS (3-6 YRS CHILDREN) (I- 3, 4, 5)
358.	12.2.3	ACTIVITIES OF MINI-AWCs AS TOLD BY MOTHERS (3-6 YEARS CHILDREN) (I- 6)
359.	12.2.4	STATEWISE ACTIVITIES OF MINI-AWCs AS TOLD BY MOTHERS (3-6 YEARS CHILDREN) (I- 6)
12.3 COMPLEMENTARY FEEDING		
360.	12.3.1	KNOWLEDGE AND UNDERSTANDING OF MINI-AWWs ON COMPLEMENTARY FEEDING (B- 67, 68)

361.	12.3.2	STATEWISE KNOWLEDGE AND UNDERSTANDING OF MINI-AWWs ON COMPLEMENTARY FEEDING (B- 67, 68)
362.	12.3.3	KNOWLEDGE AND UNDERSTANDING OF PREGNANT WOMEN ON COMPLEMENTARY FEEDING (F- 49, 48)
363.	12.3.4	STATEWISE KNOWLEDGE AND UNDERSTANDING OF PREGNANT WOMEN ON COMPLEMENTARY FEEDING (F- 49, 48)
364.	12.3.5	KNOWLEDGE AND UNDERSTANDING OF LACTATING MOTHER ON COMPLEMENTARY FEEDING (G- 57, 56)
365.	12.3.6	STATEWISE KNOWLEDGE AND UNDERSTANDING OF LACTATING MOTHER ON COMPLEMENTARY FEEDING (G- 57, 56)
366.	12.3.7	KNOWLEDGE AND UNDERSTANDING OF MOTHER OF 6-36 MONTHS CHILDREN ON COMPLEMENTARY FEEDING (H- 42, 41)
367.	12.3.8	STATEWISE KNOWLEDGE AND UNDERSTANDING OF MOTHER OF 6-36 MONTHS CHILDREN ON COMPLEMENTARY FEEDING (H- 42, 41)
368.	12.3.9	KNOWLEDGE AND UNDERSTANDING OF MOTHER OF 3-6 YEARS CHILDREN ON COMPLEMENTARY FEEDING (I- 47, 46)
369.	12.3.10	STATEWISE KNOWLEDGE AND UNDERSTANDING OF MOTHER OF 3-6 YEARS CHILDREN ON COMPLEMENTARY FEEDING (I- 47, 46)
12.4 EXCLUSIVE BREAST FEEDING		
370.	12.4.1	MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY MINI-AWWs (B- 66)
371.	12.4.2	STATEWISE MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY MINI-AWWs (B- 66)
372.	12.4.3	MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY PREGNANT WOMEN (F- 47)
373.	12.4.4	STATEWISE MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY PREGNANT WOMEN (F- 47)
374.	12.4.5	MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY LACTATING MOTHER (G- 55)
375.	12.4.6	STATEWISE MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY LACTATING MOTHER (G- 55)
376.	12.4.7	MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY MOTHERS (7-36 MONTHS CHILDREN) (H- 40)
377.	12.4.8	STATEWISE MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY MOTHERS (7-36 MONTHS CHILDREN) (H- 40)
378.	12.4.9	MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY MOTHERS (3-6 YEARS CHILDREN) (I- 45)
379.	12.4.10	STATEWISE MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY MOTHERS (3-6 YEARS CHILDREN) (I- 45)
12.5 SOURCE OF MACRO AND MICRO NUTRIENT		
380.	12.5.1	KNOWLEDGE OF PREGNANT WOMEN ON TYPE OF FOOD TO BE GIVEN TO PREGNANT WOMEN FOR GETTING IRON (F- 50)
381.	12.5.2	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ON TYPE OF FOOD TO BE GIVEN TO PREGNANT WOMEN FOR GETTING IRON (F- 50)
382.	12.5.3	KNOWLEDGE OF PREGNANT WOMEN ON TYPE OF FOOD TO BE GIVEN TO PREGNANT WOMEN FOR GETTING FAT (F- 51)
383.	12.5.4	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ON TYPE OF FOOD TO BE GIVEN

		TO PREGNANT WOMEN FOR GETTING FAT (F- 51)
384.	12.5.5	KNOWLEDGE OF PREGNANT WOMEN ON TYPE OF FOOD TO BE GIVEN TO PREGNANT WOMEN FOR GETTING PROTEIN (F- 52)
385.	12.5.6	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ON TYPE OF FOOD TO BE GIVEN TO PREGNANT WOMEN FOR GETTING PROTEIN (F- 52)
386.	12.5.7	KNOWLEDGE OF LACTATING MOTHER ON TYPE OF FOOD TO BE GIVEN TO LACTATING MOTHER FOR GETTING IRON (G- 58)
387.	12.5.8	STATEWISE KNOWLEDGE OF LACTATING MOTHER ON TYPE OF FOOD TO BE GIVEN TO LACTATING MOTHER FOR GETTING IRON (G- 58)
388.	12.5.9	KNOWLEDGE OF LACTATING MOTHER ON TYPE OF FOOD TO BE GIVEN TO LACTATING MOTHER FOR GETTING FAT (G- 59)
389.	12.5.10	STATEWISE KNOWLEDGE OF LACTATING MOTHER ON TYPE OF FOOD TO BE GIVEN TO LACTATING MOTHER FOR GETTING FAT (G- 59)
390.	12.5.11	KNOWLEDGE OF LACTATING MOTHER ON TYPE OF FOOD TO BE GIVEN TO LACTATING MOTHER FOR GETTING PROTEIN (G- 60)
391.	12.5.12	STATEWISE KNOWLEDGE OF LACTATING MOTHER ON TYPE OF FOOD TO BE GIVEN TO LACTATING MOTHER FOR GETTING PROTEIN (G-60)
392.	12.5.13	KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING IRON (H- 43)
393.	12.5.14	STATEWISE KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING IRON (H- 43)
394.	12.5.15	KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING VIT- A (H- 44)
395.	12.5.16	STATEWISE KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING VIT- A (H- 44)
396.	12.5.17	KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING PROTEIN (H- 45)
397.	12.5.18	STATEWISE KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING PROTEIN (H- 45)
398.	12.5.19	KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING IRON (I- 48)
399.	12.5.20	STATEWISE KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING IRON (I- 48)
400.	12.5.21	KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING VIT- A (I- 49)
401.	12.5.22	STATEWISE KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING VIT- A (I- 49)
402.	12.5.23	KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING PROTEIN (I- 50)
403.	12.5.24	STATEWISE KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING PROTEIN (I- 50)
12.6 GROWTH MONITORING OF CHILDREN		
404.	12.6.1	KNOWLEDGE OF MOTHERS ON GROWTH MONITORING OF CHILDREN BY MINI-AWWs (G- 19, H- 10, I- 15)
405.	12.6.2	STATEWISE KNOWLEDGE OF MOTHERS ON GROWTH MONITORING OF CHILDREN BY MINI- AWWs (G- 19, H- 10, I- 15)
406.	12.6.3	KNOWLEDGE OF LACTATING MOTHERS ON PURPOSE OF GROWTH MONITORING OF CHILDREN (G- 20)

407.	12.6.4	STATEWISE KNOWLEDGE OF LACTATING MOTHERS ON PURPOSE OF GROWTH MONITORING OF CHILDREN (G- 20)
408.	12.6.5	KNOWLEDGE OF MOTHERS (7- 36 MONTHS CHILDREN) ON PURPOSE OF GROWTH MONITORING OF CHILDREN (H- 11)
409.	12.6.6	STATEWISE KNOWLEDGE OF MOTHERS (7- 36 MONTHS CHILDREN) ON PURPOSE OF GROWTH MONITORING OF CHILDREN (H- 11)
410.	12.6.7	KNOWLEDGE OF MOTHERS (3- 6 YEARS CHILDREN) ON PURPOSE OF GROWTH MONITORING OF CHILDREN (I- 16)
411.	12.6.8	STATEWISE KNOWLEDGE OF MOTHERS (3- 6 YEARS CHILDREN) ON PURPOSE OF GROWTH MONITORING OF CHILDREN (I- 16)
412.	12.6.9	KNOWLEDGE OF MINI- AWWs ABOUT REASON OF GROWTH MONITORING (B- 71)
413.	12.6.10	STATEWISE KNOWLEDGE OF MINI- AWWs ABOUT REASON OF GROWTH MONITORING (B- 71)
12.7 HEALTH CHECK- UP		
414.	12.7.1	KNOWLEDGE OF LACTATING MOTHERS ON HEALTH CHECK-UP OF CHILDREN AND MOTHERS UNDER ICDS (G- 10, 13)
415.	12.7.2	STATEWISE KNOWLEDGE OF LACTATING MOTHERS ON HEALTH CHECK-UP OF CHILDREN AND MOTHERS UNDER ICDS (G- 10, 13)
12.8 CARE OF PREGNANT WOMEN		
416.	12.8.1	KNOWLEDGE OF PREGNANT WOMEN ON WEIGHT MONITORING AND HEALTH CHECK- UP OF PREGNANT WOMEN (F- 10, 11, 27)
417.	12.8.2	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ON WEIGHT MONITORING AND HEALTH CHECK- UP OF PREGNANT WOMEN (F- 10, 11, 27)
418.	12.8.3	KNOWLEDGE OF PREGNANT WOMEN ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (F- 28)
419.	12.8.4	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (F- 28)
420.	12.8.5	KNOWLEDGE OF LACTATING MOTHER ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (G- 37)
421.	12.8.6	STATEWISE KNOWLEDGE OF LACTATING MOTHER ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (G- 37)
422.	12.8.7	KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (H- 26)
423.	12.8.8	STATEWISE KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (H- 26)
424.	12.8.9	KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (I- 31)
425.	12.8.10	STATEWISE KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (I- 31)
426.	12.8.11	KNOWLEDGE OF MINI- AWWs ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (B- 75)
427.	12.8.12	STATEWISE KNOWLEDGE OF MINI- AWWs ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (B- 75)
428.	12.8.13	KNOWLEDGE OF PREGNANT WOMEN ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (F- 24)

429.	12.8.14	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (F- 24)
430.	12.8.15	KNOWLEDGE OF LACTATING MOTHER ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (G- 34)
431.	12.8.16	STATEWISE KNOWLEDGE OF LACTATING MOTHER ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (G- 34)
432.	12.8.17	KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (H- 25)
433.	12.8.18	STATEWISE KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (H- 25)
434.	12.8.19	KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (I- 30)
435.	12.8.20	STATEWISE KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (I- 30)
436.	12.8.21	NUMBER OF IFA TABLETS TO BE GIVEN TO NORMAL PREGNANT WOMEN AS TOLD BY MINI- AWWs (B- 70)
437.	12.8.22	STATEWISE NUMBER OF IFA TABLETS TO BE GIVEN TO NORMAL PREGNANT WOMEN AS TOLD BY MINI- AWWs (B- 70)
438.	12.8.23	REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY PREGNANT WOMEN (F- 31)
439.	12.8.24	STATEWISE REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY PREGNANT WOMEN (F- 31)
440.	12.8.25	REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY LACTATING MOTHERS (G- 39)
441.	12.8.26	STATEWISE REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY LACTATING MOTHERS (G- 39)
442.	12.8.27	REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY MOTHERS (7-36 MONTHS CHILDREN) (H- 27)
443.	12.8.28	STATEWISE REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 27)
444.	12.8.29	REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY MOTHERS (3-6 YEARS CHILDREN) (I- 32)
445.	12.8.30	STATEWISE REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 32)
446.	12.8.31	NEED FOR GIVING EXTRA FOOD TO PREGNANT WOMEN AS TOLD BY MINI- AWWs (B- 76)
447.	12.8.32	STATEWISE NEED FOR GIVING EXTRA FOOD TO PREGNANT WOMEN AS TOLD BY MINI- AWWs (B- 76)
448.	12.8.33	KNOWLEDGE OF PREGNANT WOMEN ABOUT EXTRA FOOD OF PREGNANT WOMEN (F- 34, 35)
449.	12.8.34	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ABOUT EXTRA FOOD OF PREGNANT WOMEN (F- 34, 35)
450.	12.8.35	KNOWLEDGE OF LACTATING MOTHERS ABOUT EXTRA FOOD OF PREGNANT WOMEN (G- 42, 43)
451.	12.8.36	STATEWISE KNOWLEDGE OF LACTATING MOTHERS ABOUT EXTRA FOOD OF PREGNANT WOMEN (G- 42, 43)
452.	12.8.37	KNOWLEDGE OF MOTHERS (7- 36 MONTHS CHILDREN) ABOUT EXTRA FOOD OF PREGNANT WOMEN (H- 28, 29)
453.	12.8.38	STATEWISE KNOWLEDGE OF MOTHERS (7- 36 MONTHS CHILDREN) ABOUT EXTRA

		FOOD OF PREGNANT WOMEN (H- 28, 29)
454.	12.8.39	KNOWLEDGE OF MOTHERS (3- 6 YEARS CHILDREN) ABOUT EXTRA FOOD OF PREGNANT WOMEN (I- 33, 34)
455.	12.8.40	STATEWISE KNOWLEDGE OF MOTHERS (3- 6 YEARS CHILDREN) ABOUT EXTRA FOOD OF PREGNANT WOMEN (I- 33, 34)
456.	12.8.41	TAKING EXTRA FOOD DURING PREGNANCY (F- 36, G- 44)
457.	12.8.42	STATEWISE TAKING EXTRA FOOD DURING PREGNANCY (F- 36, G- 44)
458.	12.8.43	NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY MINI- AWWs (B- 72, 73, 74)
459.	12.8.44	STATEWISE NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY MINI- AWWs (B- 72, 73, 74)
460.	12.8.45	NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY PREGNANT WOMEN (F- 37, 38, 39)
461.	12.8.46	STATEWISE NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY PREGNANT WOMEN (F- 37, 38, 39)
462.	12.8.47	NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY LACTATING MOTHERS (G- 45, 46, 47)
463.	12.8.48	STATEWISE NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY LACTATING MOTHERS (G- 45, 46, 47)
464.	12.8.49	NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 30, 31, 32)
465.	12.8.50	STATEWISE NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 30, 31, 32)
466.	12.8.51	NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 35, 36, 37)
467.	12.8.52	STATEWISE NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 35, 36, 37)
12.9 IMMUNISATION		
468.	12.9.1	KNOWLEDGE OF MINI- AWWs ON DETAILS OF IMMUNISATION GIVEN TO CHILDREN BIRTH TO SIX MONTHS (B- 65)
469.	12.9.2	STATEWISE KNOWLEDGE OF MINI- AWWs ON DETAILS OF IMMUNISATION GIVEN TO CHILDREN BIRTH TO SIX MONTHS (B- 65)
470.	12.9.3	TIME FOR PROVIDING FIRST DOSE OF VITAMIN- A TO CHILDREN AS TOLD BY MINI- AWWs (B- 69)
471.	12.9.4	STATEWISE TIME FOR PROVIDING FIRST DOSE OF VITAMIN- A TO CHILDREN AS TOLD BY MINI- AWWs (B- 69)
472.	12.9.5	KNOWLEDGE OF LACTATING MOTHERS ABOUT IMMUNISATION OF CHILDREN OF MINI- AWCs (G- 7)
473.	12.9.6	STATEWISE KNOWLEDGE OF LACTATING MOTHERS ABOUT IMMUNISATION OF CHILDREN OF MINI- AWCs (G- 7)
474.	12.9.7	DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY PREGNANT WOMEN (F- 43, 44)
475.	12.9.8	STATEWISE DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY PREGNANT WOMEN (F- 43, 44)
476.	12.9.9	DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY LACTATING MOTHERS (G- 51, 52)

477.	12.9.10	STATEWISE DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY LACTATING MOTHERS (G- 51, 52)
478.	12.9.11	DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 36, 37)
479.	12.9.12	STATEWISE DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 36, 37)
480.	12.9.13	DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 41, 42)
481.	12.9.14	STATEWISE DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 41, 42)
482.	12.9.15	NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY PREGNANT WOMEN (F- 45, 46)
483.	12.9.16	STATEWISE NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY PREGNANT WOMEN (F- 45, 46)
484.	12.9.17	NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY LACTATING MOTHERS (G- 53, 54)
485.	12.9.18	STATEWISE NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY LACTATING MOTHERS (G- 53, 54)
486.	12.9.19	NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 38, 39)
487.	12.9.20	STATEWISE NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 38, 39)
488.	12.9.21	NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 43, 44)
489.	12.9.22	STATEWISE NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 43, 44)
12.10 REFERRAL SERVICES		
490.	12.10.1	KNOWLEDGE OF BENEFICIARIES/ MOTHERS OF BENEFICIARIES ABOUT MINI-AWWs REFERRING ALLIED BENEFICIARIES TO HOSPITAL (F- 7, G- 16, H- 7, I- 12)
491.	12.10.2	STATEWISE KNOWLEDGE OF BENEFICIARIES/ MOTHERS OF BENEFICIARIES ABOUT MINI- AWWs REFERRING ALLIED BENEFICIARIES TO HOSPITAL (F- 7, G- 16, H- 7, I- 12)
12.11 NUTRITION AND HEALTH EDUCATION		
492.	12.11.1	NEED FOR CONDUCTING NHE AS TOLD BY PREGNANT WOMEN (F- 20)
493.	12.11.2	STATEWISE NEED FOR CONDUCTING NHE AS TOLD BY PREGNANT WOMEN (F- 20)
494.	12.11.3	NEED FOR CONDUCTING NHE AS TOLD BY LACTATING MOTHERS (G- 30)
495.	12.11.4	STATEWISE NEED FOR CONDUCTING NHE AS TOLD BY LACTATING MOTHERS (G- 30)
496.	12.11.5	NEED FOR CONDUCTING NHE AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 21)
497.	12.11.6	STATEWISE NEED FOR CONDUCTING NHE AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 21)
498.	12.11.7	NEED FOR CONDUCTING NHE AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 26)

499.	12.11.8	STATEWISE NEED FOR CONDUCTING NHE AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 26)
12.12 EARLY CHILDHOOD STIMULATION		
500.	12.12.1	MEANING OF HOME STIMULATION ACTIVITIES AS TOLD BY MINI- AWWs (B- 77)
501.	12.12.2	STATEWISE MEANING OF HOME STIMULATION ACTIVITIES AS TOLD BY MINI- AWWs (B- 77)
12.13 SAFE DELIVERY		
502.	12.13.1	BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY MINI- AWWs (B- 62)
503.	12.13.2	STATEWISE BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY MINI- AWWs (B- 62)
504.	12.13.3	BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY PREGNANT WOMEN (F- 40)
505.	12.13.4	STATEWISE BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY PREGNANT WOMEN (F- 40)
506.	12.13.5	BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY LACTATING MOTHERS (G- 48)
507.	12.13.6	STATEWISE BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY LACTATING MOTHERS (G- 48)
508.	12.13.7	BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 33)
509.	12.13.8	STATEWISE BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 33)
510.	12.13.9	BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 38)
511.	12.13.10	STATEWISE BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 38)
512.	12.13.11	WHAT ARE THE FIVE CLEANS AS TOLD BY MINI- AWWs (B- 63)
513.	12.13.12	STATEWISE WHAT ARE THE FIVE CLEANS AS TOLD BY MINI- AWWs (B- 63)
514.	12.13.13	WHAT ARE THE FIVE CLEANS AS TOLD BY PREGNANT WOMEN (F- 42)
515.	12.13.14	STATEWISE WHAT ARE THE FIVE CLEANS AS TOLD BY PREGNANT WOMEN (F- 42)
516.	12.13.15	WHAT ARE THE FIVE CLEANS AS TOLD BY LACTATING MOTHERS (G- 50)
517.	12.13.16	STATEWISE WHAT ARE THE FIVE CLEANS AS TOLD BY LACTATING MOTHERS (G- 50)
518.	12.13.17	WHAT ARE THE FIVE CLEANS AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 35)
519.	12.13.18	STATEWISE WHAT ARE THE FIVE CLEANS AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 35)

528.	12.13.27	PREPARATION TO BE MADE FOR HOME DELIVERY AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 39)
529.	12.13.28	STATEWISE PREPARATION TO BE MADE FOR HOME DELIVERY AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 39)
12.14 JANANI SURAKSHA YOJANA		
530.	12.14.1	KNOWLEDGE OF MINI- AWWs ON PURPOSE OF JSY (B- 64)
531.	12.14.2	STATEWISE KNOWLEDGE OF MINI- AWWs ON PURPOSE OF JSY (B- 64)
532.	12.14.3	KNOWLEDGE OF PREGNANT WOMEN ON JSY AND ITS BENEFITS (F- 56)
533.	12.14.4	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ON JSY AND ITS BENEFITS (F- 56)
534.	12.14.5	KNOWLEDGE OF LACTATING MOTHERS ON JSY AND ITS BENEFITS (G- 64, 65)
535.	12.14.6	STATEWISE KNOWLEDGE OF LACTATING MOTHERS ON JSY AND ITS BENEFITS (G- 64, 65)
536.	12.14.7	KNOWLEDGE OF MOTHERS (7- 36 MONTHS CHILDREN) ON JSY AND ITS BENEFITS (H- 49, 50)
537.	12.14.8	STATEWISE KNOWLEDGE OF MOTHERS (7- 36 MONTHS CHILDREN) ON JSY AND ITS BENEFITS (H- 49, 50)
538.	12.14.9	KNOWLEDGE OF MOTHERS (3- 6 YEARS CHILDREN) ON JSY AND ITS BENEFITS (I- 54, 55)
539.	12.14.10	STATEWISE KNOWLEDGE OF MOTHERS (3- 6 YEARS CHILDREN) ON JSY AND ITS BENEFITS (I- 54, 55)
12.15 USE OF MEDICINE KIT		
540.	12.15.1	KNOWLEDGE OF WOMEN/ MOTHERS ABOUT AVAILABILITY OF MEDICINE KIT AT MINI- AWCs (F- 14, G- 24, H- 15, I- 20)
541.	12.15.2	STATEWISE KNOWLEDGE OF WOMEN/ MOTHERS ABOUT AVAILABILITY OF MEDICINE KIT AT MINI- AWCs (F- 14, G- 24, H- 15, I- 20)
13 COOPERATION FROM HEALTH OFFICIALS		
542.	13.1	AWARENESS OF ANMs ON ICDS SERVICES (J- 1, 2)

543.	13.2	STATEWISE AWARENESS OF ANMs ON ICDS SERVICES (J- 1, 2)
544.	13.3	INVOLVEMENT OF ANMs IN PROVIDING HEALTH SERVICES UNDER ICDS (J- 3, 4)
545.	13.4	STATEWISE INVOLVEMENT OF ANMs IN PROVIDING HEALTH SERVICES UNDER ICDS (J- 3, 4)
546.	13.5	COOPERATION BETWEEN MINI- AWWs AND HEALTH OFFICIALS/ ANMs TO DELIVER ICDS SERVICES (B- 25, J- 5)
547.	13.6	STATEWISE COOPERATION BETWEEN MINI- AWWs AND HEALTH OFFICIALS/ ANMs TO DELIVER ICDS SERVICES (B- 25, J- 5)
548.	13.7	CONVERGENCE BETWEEN MINI- AWCs AND HEALTH DEPARTMENT AS RATED BY MINI- AWWs (B- 81)
549.	13.8	STATEWISE CONVERGENCE BETWEEN MINI- AWCs AND HEALTH DEPARTMENT AS RATED BY MINI- AWWs (B- 81)
14 CONVERGENCE BETWEEN MINI-AWCs AND PRIMARY SCHOOL		
550.	14.1	DETAILS OF MINI- AWCs CHILDREN ADMITTED IN PRIMARY SCHOOLS IN THE CURRENT YEAR (2012-13) (B- 79)
551.	14.2	STATEWISE DETAILS OF MINI- AWCs CHILDREN ADMITTED IN PRIMARY SCHOOLS IN THE CURRENT YEAR (2012-13) (B- 79)
552.	14.3	CONVERGENCE BETWEEN MINI- AWCs AND PRIMARY SCHOOL AS RATED BY MINI- AWWs (B- 80)
553.	14.4	STATEWISE CONVERGENCE BETWEEN MINI- AWCs AND PRIMARY SCHOOL AS RATED BY MINI- AWWs (B- 80)
15 COMMUNITY PARTICIPATION		
554.	15.1	AWARENESS OF COMMUNITY LEADER/ PRI MEMBER ON SERVICES OF ICDS (E- 1, 2)
555.	15.2	STATEWISE AWARENESS OF COMMUNITY LEADER/ PRI MEMBER ON SERVICES OF ICDS (E- 1, 2)
556.	15.3	MINI- AWWs/ ICDS FUNCTIONARIES EXPLAINING CLs/ PRI MEMBERS ON OBJECTIVES, SERVICES OF ICDS AND ROLE OF COMMUNITY IN IMPLEMENTATION OF ICDS AS TOLD BY CLs/ PRIs (E- 3, 4, 5)
557.	15.4	STATEWISE MINI- AWWs/ ICDS FUNCTIONARIES EXPLAINING CLs/ PRI MEMBERS ON OBJECTIVES, SERVICES OF ICDS AND ROLE OF COMMUNITY IN IMPLEMENTATION OF ICDS AS TOLD BY CLs/ PRI MEMBERS (E- 3, 4, 5)
558.	15.5	ROLE OF COMMUNITY AS TOLD BY CLs/ PRI MEMBERS IN IMPLEMENTATION OF ICDS (E- 6)
559.	15.6	STATEWISE ROLE OF COMMUNITY AS TOLD BY CLs/ PRI MEMBERS IN IMPLEMENTATION OF ICDS (E- 6)
560.	15.7	EFFORTS MADE BY MINI- AWWs FOR INVOLVEMENT OF COMMUNITY IN ICDS (B- 42)
561.	15.8	STATEWISE EFFORTS MADE BY MINI- AWWs FOR INVOLVEMENT OF COMMUNITY IN ICDS (B- 42)
562.	15.9	SPECIFIC STRATEGY DEVELOPED FOR INVOLVEMENT OF COMMUNITY IN IMPLEMENTATION OF ICDS AS TOLD BY CDPOs/ SUPERVISORS (C- 14, 15)
563.	15.10	STATEWISE SPECIFIC STRATEGY DEVELOPED FOR INVOLVEMENT OF COMMUNITY IN IMPLEMENTATION OF ICDS AS TOLD BY CDPOs/ SUPERVISORS (C- 14, 15)

564.	15.11	DETAILS OF REQUEST MADE TO CLs/ PRI MEMBERS BY MINI- AWWs FOR ASSISTANCE AND SUPPORT PROVIDED AS TOLD BY CLs/ PRI (E- 7, 8)
565.	15.12	STATEWISE DETAILS OF REQUEST MADE TO CLs/ PRI MEMBERS BY MINI- AWWs FOR ASSISTANCE AND SUPPORT PROVIDED AS TOLD BY CLs/ PRI (E- 7, 8)
566.	15.13	INVOLVEMENT OF COMMUNITY IN IMPLEMENTATION OF ICDS PROGRAMME AS TOLD BY MINI- AWWs (B- 40, 41)
567.	15.14	STATEWISE INVOLVEMENT OF COMMUNITY IN IMPLEMENTATION OF ICDS PROGRAMME AS TOLD BY MINI- AWWs (B- 40, 41)
568.	15.15	CONTRIBUTION MADE BY PREGNANT WOMEN IN RUNNING MINI- AWCs (F- 57, 58)
569.	15.16	STATEWISE CONTRIBUTION MADE BY PREGNANT WOMEN IN RUNNING MINI- AWCs (F- 57, 58)
570.	15.17	CONTRIBUTION MADE BY LACTATING MOTHERS IN RUNNING MINI- AWCs (G- 66, 67)
571.	15.18	STATEWISE CONTRIBUTION MADE BY LACTATING MOTHERS IN RUNNING MINI- AWCs (G- 66, 67)
572.	15.19	CONTRIBUTION MADE BY MOTHERS (7- 36 MONTHS CHILDREN) IN RUNNING MINI- AWCs (H- 51, 52)
573.	15.20	STATEWISE CONTRIBUTION MADE BY MOTHERS (7- 36 MONTHS CHILDREN) IN RUNNING MINI- AWCs (H- 51, 52)
574.	15.21	CONTRIBUTION MADE BY MOTHERS (3- 6 YEARS CHILDREN) IN RUNNING MINI- AWCs (I- 56, 57)
575.	15.22	STATEWISE CONTRIBUTION MADE BY MOTHERS (3- 6 YEARS CHILDREN) IN RUNNING MINI- AWCs (I- 56, 57)
576.	15.23	GETTING ALL SERVICES OF MINI- AWCs BY COMMUNITY AS TOLD BY CLs/ PRI MEMBERS (E- 9, 10)
577.	15.24	STATEWISE GETTING ALL SERVICES OF MINI- AWCs BY COMMUNITY AS TOLD BY CLs/ PRI MEMBERS (E- 9, 10)
578.	15.25	SATISFACTION OF COMMUNITY ON DELIVERY OF ICDS SERVICES AS STATED BY CLs/ PRI MEMBERS (E- 11)
579.	15.26	STATEWISE SATISFACTION OF COMMUNITY ON DELIVERY OF ICDS SERVICES AS STATED BY CLs/ PRI MEMBERS (E- 11)
580.	15.27	PROBLEMS EXPERIENCED BY MINI-AWWs IN INVOLVING COMMUNITY (B- 43, 44)
581.	15.28	STATEWISE PROBLEMS EXPERIENCED BY MINI-AWWs IN INVOLVING COMMUNITY (B- 43, 44)
582.	15.29	RATING OF CONVERGENCE BETWEEN MINI- AWCs AND GRAM PANCHAYAT/ LOCAL ADMINISTRATION (B- 82)
583.	15.30	STATEWISE RATING OF CONVERGENCE BETWEEN MINI- AWCs AND GRAM PANCHAYAT/ LOCAL ADMINISTRATION (B- 82)
16 PROBLEMS/CHALLENGES AND SUGGESTIONS FOR BETTER IMPLEMENTATION OF MINI-AWCs		
584.	16.1	PROBLEMS EXPERIENCED BY MINI- AWWs IN RUNNING MINI- AWCs (B- 57, 58)
585.	16.2	OBSERVATIONS OF INVESTIGATORS IN RESPECT OF FUNCTIONING OF MINI- AWCs (B- 61)
586.	16.3	PROBLEMS/ CHALLENGES FACED BY CDPOs/ SUPERVISORS IN IMPLEMENTATION OF MINI- AWCs IN THE PROJECT (C- 16, 17)

587.	16.4	PROBLEMS/ CHALLENGES FACED BY CLs/ PRI MEMBERS IN IMPLEMENTATION OF MINI- AWCs IN THE VILLAGE (E- 12, 13)
588.	16.5	PROBLEMS EXPERIENCED BY PREGNANT WOMEN IN GETTING SERVICES FROM MINI- AWCs (F- 59, 60)
589.	16.6	PROBLEMS EXPERIENCED BY LACTATING MOTHERS GETTING SERVICES FROM MINI- AWCs (G- 68, 69)
590.	16.7	PROBLEMS EXPERIENCED BY MOTHERS (7- 36 MONTHS CHILDREN) GETTING SERVICES FROM MINI- AWCs (H- 53, 54)
591.	16.8	PROBLEMS EXPERIENCED BY MOTHERS (3- 6 YEARS CHILDREN) GETTING SERVICES FROM MINI- AWCs (I- 58, 59)
592.	16.9	PROBLEMS EXPERIENCED BY ANMs IN PROVIDING SERVICES UNDER ICDS (J- 21, 22)
593.	16.10	SUGGESTIONS OF MINI- AWCs FOR BETTER IMPLEMENTATION OF MINI- AWCs (B- 59, 60)
594.	16.11	SUGGESTIONS OF CDPOs/ SUPERVISORS FOR BETTER IMPLEMENTATION OF MINI- AWCs (C- 18, 19)
595.	16.12	SUGGESTIONS OF CLs/ PRI MEMBERS FOR BETTER IMPLEMENTATION OF MINI- AWCs (E- 14, 15)
596.	16.13	SUGGESTIONS OF PREGNANT WOMEN FOR BETTER IMPLEMENTATION OF MINI- AWCs (F- 61, 62)
597.	16.14	SUGGESTIONS OF LACTATING MOTHERS FOR BETTER IMPLEMENTATION OF MINI- AWCs (G- 70, 71)
598.	16.15	SUGGESTIONS OF MOTHERS (7- 36 MONTHS CHILDREN) FOR BETTER IMPLEMENTATION OF MINI- AWCs (H- 55, 56)
599.	16.16	SUGGESTIONS OF MOTHERS (3- 6 YEARS CHILDREN) FOR BETTER IMPLEMENTATION OF MINI- AWCs (I- 60, 61)
600.	16.17	SUGGESTIONS OF ANMs FOR BETTER IMPLEMENTATION OF MINI- AWCs (J- 23, 24)

LIST OF GRAPHS

Sl.No.	Graph No.	Graph Name
01 PROFILE OF SAMPLE		
1.	1.1	MINI AWWs WITH EXPERIENCE OF 1-5YRS
2.	1.1.1	EXPERIENCE OF MINI AWWs
3.	1.2	EDUCATION OF MINI AWWs
4.	1.3	STATEWISE STATUS OF JOB TRAINING RECEIVED BY MINI AWWs
5.	1.4	STATEWISE STATUS OF AT LEAST ONE REFRESHER TRAINING RECEIVED BY MINI AWWs
6.	1.5	NUMBER OF WORKING DAYS OF JOB TRAINING PROGRAMME ATTENDED BY MINI AWWs
7.	1.6	NUMBER OF WORKING DAYS OF REFRESHER TRAINING PROGRAMME ATTENDED BY MINI AWWs
8.	1.7.1	YEAR OF RECEIVING JOB TRAINING AND REFRESHER TRAINING BY MINI AWWs
9.	1.7.2	MINI-AWWs WORKING WITH OUT JTC
10.	1.8	WORK EXPERIENCE OF CDPOS/SUPERVISORS IN THE PRESENT PROJECT
11.	1.9	TOTAL ICDS EXPERIENCE OF SUPERVISORS/CDPOS
12.	1.10	EDUCATION OF SUPERVISORS/CDPOs
13.	1.11.1	STATUS OF TRAINING RECEIVED BY SUPERVISORS/ CDPOs
14.	1.11.2	STATEWISE STATUS OF TRAINING RECEIVED BY SUPERVISORS/CDPOs
15.	1.12	STATEWISE AVERAGE WORKING EXPERIENCE OF ANMs
02 GUIDELINES FOR IMPLEMENTATION OF MINI- AWCs		
16.	2.1	STATEWISE DEVELOPMENT OF GUIDELINES AS STATED BY SUPERVISORS/CDPOs
17.	2.2	STRATEGY FOR IMPLEMENTATION OF MINI-AWCs AND PROVIDING TRAINING TO MINI-AWWs
03 INFRASTRUCTURE		
18.	3.1	TYPE OF MINI-AWCs BUILDING
19.	3.2	AVAILABILITY OF SPACE IN MINI- AWCs
20.	3.3	ADEQUACY OF SPACE IN MINI- AWCs
21.	3.4	USE OF INDOOR AND OUTDOOR SPACE AT MINI- AWCs
22.	3.5	AVAILABILITY OF KITCHEN AT MINI- AWCs
23.	3.6	FOOD PREPARATION ARRANGEMENTS WHERE SEPARATE KITCHEN WAS NOT AVAILABLE
24.	3.7	SOURCE OF DRINKING WATER AT MINI-AWCs
25.	3.8	WATER STORAGE FACILITY AT MINI-AWCs
26.	3.9	TOILET FACILITY AT MINI-AWCs

27.	3.10	AVAILABILITY OF SEPARATE SPACE FOR STORING FOOD ITEMS OF MINI-AWCs
28.	3.11	ALTERNATIVE ARRANGEMENT WHEN THERE IS NO SEPARATE SPACE AVAILABLE FOR STORING FOOD ITEMS
04 FUNCTIONING OF MINI-AWCs		
29.	4.1	DISTANCE OF NEAREST MAIN AWCs FROM MINI-AWCs
30.	4.2.1	POPULATION OF MINI- AWCs AT THE TIME OF SANCTION
31.	4.2.2	POPULATION OF MINI- AWCs AT THE TIME OF DATA COLLECTION
32.	4.3	NEED FOR ESTABLISHMENT OF MINI-AWCs AS STATED BY MINI-AWWS
33.	4.4.1	VIEWS OF CDPOs/SUPERVISORS FOR OPERATION OF MINI-AWCs
34.	4.5	STATEWISE NUMBER OF MINI-AWCs CONVERTED INTO MAIN-AWCs
35.	4.6.1	YEAR OF MINI-AWCs CONVERTED INTO MAIN AWCs
36.	4.7	STATEWISE AVERAGE WORKING HOURS OF MINI-AWCs ON THE DAY OF VISIT
37.	4.8	AVERAGE WORKING HOURS SPENT FOR CONDUCTING ACTIVITIES AT MINI-AWCs IN 5 STATES DAY OF VISIT
05 BENEFICIARIES		
38.	5.1	CHILDREN (3-6 Years) PRESENT ON THE DAY OF VISIT
39.	5.2.1	DETAILS OF ENROLLED BENEFICIARIES IN THE MINI-AWCs AREA
40.	5.2.2	DETAILS OF RECEIVING SERVICES BY BENEFICIARIES IN THE MINI-AWCs AREA
06 SERVICE DELIVERY		
6.1 STATUS OF DELIVERY OF SERVICES		
41.	6.1.1.1	STATEWISE VIEWS OF CDPOs/SUPERVISORS ON DIFFERENCE IN DELIVERY OF SERVICES BETWEEN MINI AND MAIN AWCs
42.	6.1.1.2	VIEWS OF CDPOs/SUPERVISORS ON DIFFERENCE IN DELIVERY OF SERVICES BETWEEN MINI AND MAIN AWCs
43.	6.1.2.1	STATUS OF ALL SERVICES PROVIDED TO BENEFICIARIES AS STATED BY MINI-AWWS
44.	6.1.2.2	STATUS OF NOT PROVIDING ALL SERVICES TO BENEFICIARIES AS STATED BY MINI-AWWS
45.	6.1.3	PROBLEMS EXPERIENCED BY MINI-AWWS IN PROVIDING SERVICES TO BENEFICIARIES
6.2: EARLY CHILDHOOD CARE AND EDUCATION		

46.	6.2.1	SEATING ARRANGEMENT OF CHILDREN AS OBSERVED AT MINI-AWCs
47.	6.2.2	AVAILABILITY AND DISPLAY OF TIME TABLE AT MINI-AWCs
48.	6.2.3	STATEWISE AVAILABILITY AND DISPLAY OF PRESCRIBED TIME TABLE AT MINI-AWCs
49.	6.2.4.1	AVAILABILITY OF GUIDE BOOK AT MINI- AWCS
50.	6.2.4.2	EXTENT OF USE OF GUIDE BOOK AT MINI- AWCS
51.	6.2.5	AVAILABILITY OF PSE MATERIALS AS OBSERVED AT MINI-AWCs
52.	6.2.6	STATEWISE EXTENT OF USE OF PSE KIT/MATERIALS IN TEN POINT SCALE
53.	6.2.7	STATEWISE AVERAGE RATING OF QUALITY OF PSE ACTIVITY
54.	6.2.8.1	INVOLVEMENT OF CHILDREN IN PSE ACTIVITIES
55.	6.2.8.2	SUSTAINING INTEREST OF CHILDREN IN PSE ACTIVITIES
56.	6.2.9	PROBLEMS EXPERIENCED BY MINI-AWWs IN ORGANISING PSE ACTIVITIES
57.	6.2.10	STATEWISE HOME STIMULATION PROVIDED BY MINI- AWWs
6.3 CHILD LEARNING COMPETENCY		
58.	6.3.1	STATEWISE AVERAGE SCORE ON CHILD LEARNING COMPETENCY TEST (CLCT) (3-4 YEARS)
59.	6.3.2	STATEWISE AVERAGE SCORE ON CHILD LEARNING COMPETENCY TEST (CLCT) (4-5 YEARS)
60.	6.3.3	STATEWISE AVERAGE SCORE ON CHILD LEARNING COMPETENCY TEST (CLCT) (5-6 YEARS)
6.4 SUPPLEMENTARY NUTRITION		
61.	6.4.1.1	STATE WISE HOT COOKED FOOD PROVIDED TO BENEFICIARIES
62.	6.4.1.2	OVERALL HCF PROVIDED
63.	6.4.2	STATEWISE SUPPLEMENTARY NUTRITION RECEIVED BY PREGNANT WOMEN FROM MINI-AWCs
64.	6.4.3.1	STATEWISE SUPPLEMENTARY NUTRITION RECEIVED BY LACTATING MOTHER FROM MINI-AWCs
65.	6.4.3.2	QUALITY OF SUPPLEMENTARY NUTRITION AS TOLD BY LACTATING MOTHERS
66.	6.4.4	BENEFICIARIES EAT SN
67.	6.4.5.1	STATEWISE SUPPLEMENTARY NUTRITION RECEIVED BY CHILDREN 7-36 MONTHS FROM MINI-AWCs
68.	6.4.5.2	QUALITY OF SUPPLEMENTARY NUTRITION AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN)
69.	6.4.6.1	STATEWISE SUPPLEMENTARY NUTRITION RECEIVED BY CHILDREN 3-6 YEARS FROM MINI-AWCs
70.	6.4.6.2	QUALITY OF SUPPLEMENTARY NUTRITION AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN)

71.	6.4.7.1	OVERALL ADEQUACY AND ACCEPTABILITY OF SN
72.	6.4.7.2	ADEQUACY AND ACCEPTABILITY OF SN
73.	6.4.8.1	NON-ACCEPTABILITY OF SUPPLEMENTARY NUTRITION BY COMMUNITY
74.	6.4.8.2	REASON FOR NON-ACCEPTABILITY OF SN BY COMMUNITY
75.	6.4.9	ADEQUACY OF UTENSILS
76.	6.4.10.1	STATEWISE INTERRUPTION OF SUPPLEMENTARY NUTRITION IN LAST SIX MONTHS
77.	6.4.10.2	STATEWISE WORKING DAYS OF INTERRUPTION IN SUPPLEMENTARY NUTRITION IN LAST SIX MONTHS
78.	6.4.10.3	STATEWISE REASONS FOR INTERRUPTION IN SUPPLEMENTARY NUTRITION
6.5: GROWTH MONITORING		
79.	6.5.1	GROWTH MONITORING DONE IN ALL FIVE STATES
80.	6.5.2	REASON FOR NOT MONITORING GROWTH OF CHILDREN
81.	6.5.3	MAINTAINANCE OF GROWTH CHART
82.	6.5.6	STATEWISE IMPLEMENTATION OF WHO NEW CHILD GROWTH STANDARDS
83.	6.5.8	YEAR OF IMPLEMENTATION OF NEW WHO GROWTH STANDARD
84.	6.5.10	STATEWISE SKILL OF MINI-AWWs ON GROWTH MONITORING
85.	6.5.11.1	STATEWISE COUNSELING MOTHERS ABOUT THE GROWTH OF THE CHILD
86.	6.5.11.2	REASON FOR NOT COUNSELING MOTHERS ABOUT THE GROWTH OF THE CHILD
87.	6.5.13.1	PROBLEM EXPERIENCED BY MINI-AWWS IN GROWTH MONITORING
88.	6.5.13.2	TYPES OF PROBLEMS EXPERINCED BY MINI- AWWs
6.6: IMMUNIZATION		
89.	6.6.1	NUMBER OF IMMUNIZATION SESSIONS PER MONTH AS TOLD BY ANMS
90.	6.6.2	PLACE FOR CONDUCTING IMMUNIZATION SESSIONS
91.	6.6.3	STATEWISE CONDUCTING IMMUNIZATION AS TOLD BY ANMS
92.	6.6.4	STATEWISE IMMUNISATION OF CHILDREN IN MINI-AWCs
93.	6.6.5	REASONS FOR CHILDREN NOT IMMUNIZED
94.	6.6.7	STATEWISE IMMUNISATION STATUS OF CHILD (BIRTH- 6 MONTHS) AS TOLD BY LACTATING MOTHERS
95.	6.6.8	STATUS OF IMMUNISATION OF CHILDREN-I

96.	6.6.9	STATUS OF IMMUNISATION OF CHILDREN-II
6.7: HEALTH CHECKUP		
97.	6.7.1	STATUS OF HEALTH CHECK-UP OF CHILDREN
98.	6.7.2.1	FREQUENCY OF HEALTH CHECK-UP OF CHILDREN AS TOLD BY MINI-AWWS
99.	6.7.2.2	FREQUENCY OF HEALTH CHECK-UP OF CHILDREN AS TOLD BY ANMs
100.	6.7.3.1	WHO CONDUCTED HEALTH CHECK-UP OF CHILDREN AS TOLD BY MINI- AWWs
101.	6.7.3.2	WHO CONDUCTED HEALTH CHECK-UP OF CHILDREN AS TOLD BY ANMs
102.	6.7.4	ASPECTS OF HEALTH CHECK-UP OF CHILDREN AS TOLD BY MINI-AWWS
103.	6.7.5.1	HEALTH CHECK- UP OF PREGNANT WOMEN AS TOLD BY MINI- AWWs & ANMs
104.	6.7.5.2	FREQUENCY OF HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY MINI-AWWS
105.	6.7.5.3	FREQUENCY OF HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY ANMs
106.	6.7.6.1	STATEWISE FREQUENCY OF HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY MINI-AWWS
107.	6.7.6.2	STATEWISE FREQUENCY OF HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY ANMs
108.	6.7.7.1	WHO CONDUCTED HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY MINI- AWWs
109.	6.7.7.2	WHO CONDUCTED HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY ANMs
110.	6.7.7.3	STATEWISE WHO CONDUCTED HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY MINI-AWWS
111.	6.7.7.4	STATEWISE WHO CONDUCTED HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY ANMs
112.	6.7.8.1	ASPECTS OF HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY MINI-AWWS
113.	6.7.8.2	ASPECTS OF HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY ANMs
114.	6.7.9.1	IFA TABLETS RECEIVED BY PREGNANT WOMEN
115.	6.7.9.2	IFA TABLETS CONSUMED BY PREGNANT WOMEN
116.	6.7.10.1	IFA TABLETS RECEIVED BY LACTATING WOMEN DURING PREGNANCY
117.	6.7.10.2	IFA TABLETS CONSUMED BY LACTATING WOMEN DURING PREGNANCY
118.	6.7.11	NUMBER OF HEALTH CHECKUP RECEIVED BY LACTATING MOTHER DURING PREGNANCY
119.	6.7.12	WEIGHT MONITORING OF PREGNANT WOMEN BY MINI- AWWs
120.	6.7.13	TT VACCINATION RECEIVED BY PREGNANT WOMEN
121.	6.7.14	TT VACCINATION RECEIVED BY LACTATING MOTHERS

6.8: REFERRAL SERVICES		
122.	6.8.1	AVAILABILITY & USE OF REFERRAL SLIP BY MINI-AWWs
123.	6.8.2	PROBLEMS EXPERIENCED IN PROVIDING MEDICAL CARE TO REFERRAL CASES AS TOLD BY ANMs
124.	6.8.3	REFERRAL SERVICES PROVIDED TO BENEFICIARIES
6.9: NUTRITION AND HEALTH EDUCATION		
125.	6.9.1.1	ORGANIZING AND FREQUENCY OF CONDUCTING NHE SESSION
126.	6.9.1.2	REASONS FOR NOT CONDUCTING NHE SESSION
127.	6.9.2	TOPICS COVERED IN NHE SESSION IN THE LAST SIX MONTHS BY MINI-AWWs
128.	6.9.3	ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY PREGNANT WOMEN
129.	6.9.4	ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY LACTATING MOTHER
130.	6.9.5	ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN)
131.	6.9.6	ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN)
132.	6.9.7	ATTENDANCE OF BENEFICIARIES IN NHE SESSION
133.	6.9.8	STATEWISE AVERAGE ATTENDANCE RATING OF BENEFICIARIES IN NHE SESSION
134.	6.9.9	STATEWISE SKILL OF MINI- AWWs FOR ORGANISATION OF NHE IN TEN POINT SCALE
135.	6.9.10	STATEWISE AVAILABILITY OF MATERIALS ON TEN POINT SCALE
6.10: MEDICINE KIT		
136.	6.10.1	STATEWISE AVAILABILITY OF MEDICINE KIT AT MINI-AWCs
137.	6.10.2	AVAILABILITY & EXTENT OF USE OF MEDICINE KIT AT MINI- AWCs
138.	6.10.3	BENEFICIARIES TAKING MEDICINES FROM MINI- AWCs
6.11: MOTHER AND CHILD PROTECTION CARD		
139.	6.11.1	STATEWISE AWARENESS OF ANMs ABOUT MCPC
140.	6.11.2.1	PROVIDING MCPC TO BENEFICIARIES
141.	6.11.2.2	REQUIRED SKILL FOR FILLING UP MCPC

142.	6.11.2.3	USE OF MCPC AS A TOOL FOR PROVIDING SERVICES
143.	6.11.3.1	AVAILING SERVICES (IMMUNISATION/HEALTH CHECK-UP/ETC.)
144.	6.11.3.2	GETTING JSY BENEFIT
145.	6.11.4.1	STATEWISE AWARENESS & AVAILABILITY OF MCPC BY PREGNANT WOMEN
146.	6.11.4.2	STATEWISE USE OF MCPC BY PREGNANT WOMEN
147.	6.11.5.1	STATEWISE AWARENESS & AVAILABILITY OF MCPC BY LACTATING MOTHERS
148.	6.11.5.2	USE OF MCPC BY LACTATING MOTHER
149.	6.11.6.1	STATEWISE AWARENESS & AVAILABILITY OF MCPC BY MOTHERS (7- 36 MONTHS CHILDREN)
150.	6.11.6.2	USE OF MCPC BY MOTHERS (7- 36 MONTHS CHILDREN)
151.	6.11.7.1	STATEWISE AWARENESS & AVAILABILITY OF MCPC BY MOTHERS (3- 6 YEARS CHILDREN)
152.	6.11.7.2	USE OF MCPC BY MOTHERS (3- 6 YEARS CHILDREN)
6.12: INDIRA GANDHI MATRITVA SAHAYOG YOJANA		
153.	6.12.1	STATEWISE IMPLEMENTATION OF IGMSY
6.13: RAJIV GANDHI SCHEME FOR EMPOWERMENT OF ADOLESCENT GIRLS (SABLA)		
154.	6.13.1	STATEWISE IMPLEMENTATION OF SABLA SCHEME
155.	6.13.2	STATEWISE EXPERIENCE OF PROBLEMS IN IMPLEMENTATION OF SABLA SCHEME
156.	6.13.3	DETAILS OF PROBLEMS EXPERIENCED
6.14: SERVICES TO ADOLESCENT GIRLS		
157.	6.14.1	STATEWISE DETAILS OF PROVIDING SERVICES TO ADOLESCENT GIRLS
158.	6.14.2	NO. OF GIRLS ENROLLED & PROVIDED SERVICES
159.	6.14.3	DETAILS OF PROVIDING SERVICES TO ADOLESCENT GIRLS
7: HOME VISIT

161.	7.1.2	NUMBER OF HOME VISITS BY MINI- AWWs
162.	7.2	NUMBER OF VISITS MADE IN LAST SEVEN DAYS BY MINI- AWWs
163.	7.3.1	PREFERENCE FOR HOME VISIT AS TOLD BY MINI- AWWs

164.	7.3.2	RIGHT UNDERSTANDING FOR SELECTING A HOME FOR HOME VISIT
165.	7.4	HOME VISIT MADE BY MINI- AWWs AS TOLD BY WOMEN AND MOTHER BENEFICIARIES
166.	7.5.1	NUMBER OF HOMES OF PREGNANT WOMEN VISITED BY MINI- AWWs
167.	7.5.2	PERIOD OF VISIT IN THE LAST 3 MONTHS (PW)
168.	7.6.1	NUMBER OF HOMES OF LACTATING MOTHERS VISITED BY MINI- AWWs
169.	7.6.2	PERIOD OF VISIT IN THE LAST 3 MONTHS (LM)
170.	7.7.1	NUMBER OF HOMES OF MOTHERS 7- 36 MONTHS CHILDREN VISITED BY MINI- AWWs
171.	7.7.2	PERIOD OF VISIT IN THE LAST 3 MONTHS (MOTHERS OF 7- 36 MONTHS CHILDREN)
172.	7.8.1	NUMBER OF HOMES OF MOTHERS 3- 6 YEARS CHILDREN VISITED BY MINI- AWWs
173.	7.8.2	PERIOD OF VISIT IN THE LAST 3 MONTHS (MOTHERS OF 3- 6 YEARS CHILDREN)
8: MONITORING		
174.	8.1	STATEWISE DIFFERENCE IN MONITORING STRATEGY BETWEEN AWCs & MINI-AWCs
9: RECORDS AND REGISTERS		
175.	9.1	STATEWISE UPDATION OF RECORDS AT MINI-AWCs
10: ADDITIONAL ASSIGNMENT		
176.	10.1	STATEWISE ADDITIONAL ASSIGNMENTS PERFORMED BY MINI-AWWs
11: INNOVATIVE WORK		
177.	11.1	STATEWISE INNOVATIVE WORK DONE BY MINI-AWWs
12.1: OBJECTIVES AND SERVICES OF ICDS		
178.	12.1.1.1	STATEWISE AWARENESS OF MINI-AWWs ABOUT OBJECTIVES OF ICDS
179.	12.1.1.2	OBJECTIVES OF ICDS
180.	12.1.2	AWARENESS OF MINI-AWWs ABOUT SERVICES PROVIDED UNDER ICDS
181.	12.1.3	STATEWISE AWARENESS OF PREGNANT WOMEN ABOUT SERVICES PROVIDED UNDER ICDS
182.	12.1.4	STATEWISE AWARENESS OF LACTATING MOTHER ABOUT SERVICES PROVIDED UNDER ICDS
183.	12.1.5	STATEWISE AWARENESS OF MOTHER OF 6-36 MONTHS CHILDREN ABOUT SERVICES PROVIDED UNDER ICDS
184.	12.1.6	AWARENESS OF MOTHER OF 3-6 YEARS CHILDREN ABOUT SERVICES PROVIDED UNDER ICDS
185.	12.1.7	AWARENESS OF PREGNANT WOMEN ABOUT BENEFITS OF MINI-AWCs
186.	12.1.8	AWARENESS OF LACTATING MOTHER ABOUT BENEFITS OF MINI-AWC
187.	12.1.9	AWARENESS OF MOTHER ABOUT BENEFITS OF MINI-AWCs TO CHILDREN (6-36 MONTHS)

188.	12.1.10	AWARENESS OF MOTHER ABOUT BENEFITS OF MINI-AWCs TO CHILDREN (3-6 YEARS)
12.2: ACTIVITIES OF MINI- AWC		
189.	12.2.1	CHILD GOING TO AWCs EVERYDAY AS TOLD BY MOTHERS (3- 6 YRS CHILDREN)
190.	12.2.2	ACTIVITIES OF MINI-AWCs AS TOLD BY MOTHERS (3-6 YEARS CHILDREN)
12.3: COMPLEMENTARY FEEDING		
191.	12.3.1	NEED FOR COMPLEMENTARY FEEDING
192.	12.3.2.1	NECESSITY OF COMPLEMENTARY FEEDING
193.	12.3.2.2	TIME FOR STARTING COMPLEMENTARY FEEDING
194.	12.3.3.1	KNOWLEDGE ON NECESSITY OF COMPLEMENTARY FEEDING
195.	12.3.3.2	TIME FOR INTRODUCING OF COMPLEMENTARY FEEDING : AFTER COMPLETION OF SIX MONTHS
196.	12.3.4	CORRECT TIME FOR STARTING OF COMPLEMENTARY FEEDING: AFTER COMPLETION OF SIX MONTHS
12.4: EXCLUSIVE BREAST FEEDING		
197.	12.4.1	KNOWLEDGE OF EXCLUSIVE BREAST FEEDING
12.5: SOURCE OF MACRO AND MICRO NUTRIENT		
198.	12.5.1.1	GREEN LEAVES, PALAK, METHI, BATHUA AND CHOWLAI ARE PRIME SOURCE FOR GETTING IRON AS TOLD BY BENEFICIARIES
199.	12.5.1.2	GREEN LEAVES, PALAK, METHI, BATHUA AND CHOWLAI ARE PRIME SOURCE FOR GETTING IRON AS TOLD BY PREGNANT WOMEN
200.	12.5.1.3	GREEN LEAVES, PALAK, METHI, BATHUA AND CHOWLAI ARE PRIME SOURCE FOR GETTING IRON AS TOLD BY LACTATING MOTHERS
201.	12.5.1.4	GREEN LEAVES, PALAK, METHI, BATHUA AND CHOWLAI ARE PRIME SOURCE FOR GETTING IRON AS TOLD BY MOTHERS OF 7- 36 MONTHS CHILDREN
202.	12.5.1.5	GREEN LEAVES, PALAK, METHI, BATHUA AND CHOWLAI ARE PRIME SOURCE FOR GETTING IRON AS TOLD BY MOTHERS OF 3- 6 YEARS CHILDREN
203.	12.5.2	KNOWLEDGE OF BENEFICIARIES ON TYPE OF FOOD TO BE GIVEN TO LACTATING MOTHER FOR GETTING FAT
204.	12.5.3	DAL IS A PRIME SOURCE FOR PROVIDING PROTEIN AS TOLD BY BENEFICIARIES
205.	12.5.4	GREEN LEAFY VEGETABLES AND FRUITS ARE PRIME SOURCE FOR GETTING VIT- A AS TOLD BY BENEFICIARIES

12.6 GROWTH MONITORING		
206.	12.6.1.1	KNOWLEDGE OF MOTHERS ON GROWTH MONITORING OF CHILDREN BY MINI- AWWs
207.	12.6.1.2	STATEWISE KNOWLEDGE OF MOTHERS ON GROWTH MONITORING OF CHILDREN BY MINI- AWWs
208.	12.6.2.1	CORRECT KNOWLEDGE ON PURPOSE OF GROWTH MONITORING
209.	12.6.2.2	DID NOT KNOW THE PURPOSE OF GROWTH MONITORING
12.7: HEALTH CHECK- UP		
210.	12.7.1	KNOWLEDGE OF LACTATING MOTHERS ON HEALTH CHECK-UP OF CHILDREN AND MOTHERS UNDER ICDS
12.8: CARE OF PREGNANT WOMEN		
211.	12.8.1	KNOWLEDGE OF BENEFICIARIES ON MINIMUM NUMBER OF HEALTH CHECK – UP OF PREGNANT WOMEN DURING PREGNANCY THAT IS FOUR TIMES
212.	12.8.2	CORRECT KNOWLEDGE ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN
213.	12.8.3	NUMBER OF IFA TABLETS TO BE GIVEN TO NORMAL PREGNANT WOMEN AS TOLD BY MINI- AWWs
214.	12.8.4	TREAT ANAEMIA DURING PREGNANCY WAS THE REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY BENEFICIARIES
215.	12.8.5	NEED FOR GIVING EXTRA FOOD TO PREGNANT WOMEN AS TOLD BY MINI- AWWs
216.	12.8.6.1	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ON EXTRA FOOD TAKEN BY THEM
217.	12.8.6.2	REASONS OF TAKING EXTRA FOOD AS TOLD BY PREGNANT WOMEN
218.	12.8.7.1	STATEWISE KNOWLEDGE OF LACTATING MOTHERS ON EXTRA FOOD TAKEN BY PREGNANT WOMEN
219.	12.8.7.2	REASONS OF TAKING EXTRA FOOD AS TOLD BY LACTATING MOTHERS
220.	12.8.8.1	STATEWISE KNOWLEDGE OF MOTHERS OF 7 -36 MONTHS CHILDREN ON EXTRA FOOD TAKEN BY PREGNANT WOMEN
221.	12.8.8.2	REASONS OF TAKING EXTRA FOOD AS TOLD BY MOTHERS OF 7- 36 MONTHS CHILDREN
222.	12.8.9.1	STATEWISE KNOWLEDGE OF MOTHERS OF 3- 6 YEARS CHILDREN ON EXTRA FOOD TAKEN BY PREGNANT WOMEN
223.	12.8.9.2	REASONS OF TAKING EXTRA FOOD AS TOLD BY MOTHERS OF 3- 6 YEARS CHILDREN
224.	12.8.10	TAKING EXTRA FOOD DURING PREGNANCY
225.	12.8.11	DAY TIME REST FOR PREGNANT WOMEN IS NECESSARY AS TOLD BY BENEFICIARIES

12.9: IMMUNIZATION		
226.	12.9.1	KNOWLEDGE OF MINI- AWWs ON DETAILS OF IMMUNISATION GIVEN TO CHILDREN BIRTH TO SIX MONTHS
227.	12.9.2	TIME FOR PROVIDING FIRST DOSE OF VITAMIN- A TO CHILDREN AS TOLD BY MINI- AWWs
228.	12.9.3	STATEWISE KNOWLEDGE OF LACTATING MOTHERS ABOUT IMMUNISATION OF CHILDREN OF MINI- AWCs
229.	12.9.4	KNOWLEDGE OF THE DISEASE FOR WHICH BCG VACCINATION IS GIVEN
230.	12.9.5	KNOWLEDGE OF AGE AT WHICH BCG VACCINATION IS GIVEN
231.	12.9.6	VITAMIN- A WAS PROVIDED TO CHILDREN TO PREVENT BLINDNESS AS TOLD BY BENEFICIARIES
232.	12.9.7	CORRECT AGE FOR PROVIDING VITAMIN- A AS TOLD BY BENEFICIARIES
12.10 REFERRAL SERVICES		
233.	12.10.1.1	KNOWLEDGE ABOUT MINI- AWWs REFERRING ALLIED BENEFICIARIES TO HOSPITAL (BENEFICIARIES WISE)
234.	12.10.1.2	KNOWLEDGE ABOUT MINI- AWWs REFERRING ALLIED BENEFICIARIES TO HOSPITAL (STATE WISE)
12.11: NUTRITION AND HEALTH EDUCATION		
235.	12.11.1.1	NEED FOR CONDUCTING NHE AS TOLD BY PREGNANT WOMEN
236.	12.11.1.2	NHE WAS CONDUCTED TO DEVELOP KNOWLEDGE, UNDERSTANDING AND SKILL OF WOMEN AS TOLD BY MOTHERS
12.12: EARLY CHILDHOOD STIMULATION		
237.	12.12.1	MEANING OF HOME STIMULATION ACTIVITIES AS TOLD BY MINI- AWWs
238.	12.12.2	KNOWLEDGE OF HOME STIMULATION
12.13: SAFE DELIVERY		
239.	12.13.1	NEED FOR INSTITUTIONAL DELIVERY WAS TO PROMOTE CHILD SURVIVAL AND SAFE MOTHERHOOD AS TOLD BY BENEFICIARIES
240.	12.13.2	CORRECT KNOWLEDGE OF FIVE CLEANS
241.	12.13.3	TRAINED BIRTH ATTENDANT/ SKILLED BIRTH ATTENDANT SHOULD BE CONSULTED AS A MAJOR STEP TAKEN FOR HOME DELIVERY AS TOLD BY BENEFICIARIES
12.14: JANANI SURAKSHA YOJANA		
242.	12.14.1	KNOWLEDGE OF MINI- AWWs ON PURPOSE OF JSY
243.	12.14.2	KNOWLEDGE OF JANANI SURAKSHA YOJANA AS TOLD BY BENEFICIARIES
12.15: MEDICINE KIT		
244.	12.15.1	MEDICINE KIT WAS AVAILABLE AT MINI- AWCS AS TOLD BY BENEFICIARIES

13: COOPERATION FROM HEALTH OFFICIALS		
245.	13.1.1	STATEWISE AWARENESS OF ANMs ON ICDS SERVICES
246.	13.1.2	AWARENESS OF ANMs ON ICDS SERVICES
247.	13.2	HEALTH SERVICES PROVIDED BY ANMs UNDER ICDS
248.	13.3	COOPERATION BETWEEN MINI- AWWs AND HEALTH OFFICIALS/ ANMs TO DELIVER ICDS SERVICES
249.	13.4	STATEWISE CONVERGENCE BETWEEN MINI- AWCs AND HEALTH DEPARTMENT AS RATED BY MINI- AWWs
14: CONVERGENCE BETWEEN MINI- AWC AND PRIMARY SCHOOL		
250.	14.1	AVERAGE RATING OF MINI- AWCs CHILDREN ADMITTED IN PRIMARY SCHOOLS IN THE CURRENT YEAR (2012-13)
251.	14.2	STATEWISE CONVERGENCE BETWEEN MINI- AWCs AND PRIMARY SCHOOL AS RATED BY MINI- AWWs
15: COMMUNITY PARTICIPATION		
252.	15.1	STATEWISE AWARENESS OF COMMUNITY LEADER/ PRI MEMBER ON SERVICES OF ICDS
253.	15.2	AWARENESS OF COMMUNITY LEADER/ PRI MEMBER ON SERVICES OF ICDS
254.	15.3	MINI- AWWs/ ICDS FUNCTIONARIES EXPLAINING CLs/ PRI MEMBERS ON OBJECTIVES, SERVICES OF ICDS AND ROLE OF COMMUNITY IN IMPLEMENTATION OF ICDS AS TOLD BY CLs/ PRI MEMBERS
255.	15.4	ROLE OF COMMUNITY AS TOLD BY CLs/ PRI MEMBERS IN IMPLEMENTATION OF ICDS
256.	15.5	EFFORTS MADE BY MINI- AWWs FOR INVOLVEMENT OF COMMUNITY IN ICDS
257.	15.6	STATEWISE SPECIFIC STRATEGY DEVELOPED FOR INVOLVEMENT OF COMMUNITY IN IMPLEMENTATION OF ICDS AS TOLD BY CDPOs/ SUPERVISORS
258.	15.7	REQUEST MADE BY MINI- AWWs TO COMMUNITY LEADERS/ PRI MEMBERS FOR HELP IN RUNNING MINI- AWCs
259.	15.9.1	STATEWISE INVOLVEMENT OF COMMUNITY IN IMPLEMENTATION OF ICDS PROGRAMME AS TOLD BY MINI- AWWs
260.	15.9.2	AREAS OF INVOLVEMENT OF ICDS
261.	15.10	CONTRIBUTION MADE BY PREGNANT WOMEN IN RUNNING MINI- AWCs
262.	15.11	CONTRIBUTION MADE BY LACTATING MOTHERS IN RUNNING MINI- AWCs
263.	15.12	STATEWISE CONTRIBUTION MADE BY MOTHERS IN RUNNING MINI- AWCs
264.	15.13	COMMUNITY NOT GETTING ALL SERVICES AS TOLD BY CLs/ PRI MEMBERS

265.	15.15	SATISFACTION OF COMMUNITY ON DELIVERY OF ICDS SERVICES AS STATED BY CLs/ PRI MEMBERS
266.	15.16	STATEWISE PROBLEMS EXPERIENCED BY MINI-AWWs IN INVOLVING COMMUNITY
267.	15.17	MAJOR PROBLEMS EXPERIENCED BY MINI- AWWs IN INVOLVING COMMUNITY
268.	15.18	STATEWISE RATING OF CONVERGENCE BETWEEN MINI- AWCs AND GRAM PANCHAYAT/ LOCAL ADMINISTRATION
16: PROBLEMS/ CHALLENGES AND SUGGESTIONS FOR BETTER IMPLEMENTATION OF MINI-AWCs		
269.	16.1	PROBLEMS EXPERIENCED BY MINI- AWWs IN RUNNING MINI- AWCs
270.	16.2	STATEWISE PROBLEMS EXPERIENCED BY PREGNANT WOMEN IN GETTING SERVICES FROM MINI- AWCs
271.	16.4	STATEWISE PROBLEMS EXPERIENCED BY LACTATING MOTHERS GETTING SERVICES FROM MINI- AWCs
272.	16.5.1	PROBLEMS EXPERIENCED BY MOTHERS (7- 36 MONTHS CHILDREN) GETTING SERVICES FROM MINI- AWCs
273.	16.5.2	PROBLEMS EXPERIENCED BY MOTHERS (3- 6 YEARS CHILDREN) GETTING SERVICES FROM MINI- AWCs
274.	16.6	STATEWISE PROBLEMS EXPERIENCED BY ANMs IN PROVIDING SERVICES UNDER ICDS

Executive Summary

Executive Summary

ICDS scheme is one of the world's largest and most unique programmes of ECCD and implemented through a network of over 14.00 lakh approved Anganwadi centres/Mini-Anganwadi centres (AWCs) at the community level across 7076 approved projects (September, 2013). The programme adopts a multi-sectoral approach to child development, incorporating health, early education and nutrition interventions.

1.2 Mini-AWC is an AWC that caters to a small hamlets/pockets with less population and provides all services under ICDS. There is no difference between AWC and Mini-AWC in implementation of ICDS. However, it may be mentioned that there is no provision for Helper in Mini-AWC and there is less financial provision for PSE Kit, Medicine Kit and equipment and furniture for Mini-AWC in comparison to AWC.

1.3 Revision of population norms for setting up of AWCs and Mini-AWCs and sanction of additional Projects, AWCs and Mini-AWCs are some of the very important measures for providing equal opportunities for development of children in the country. However, sanction of Mini-AWCs is very important to reach the unreached for providing ICDS services. It may be mentioned that universalisation of the ICDS was made in the country in 1995-96 by covering all the Community Development Blocks under the Scheme. There was however some small hamlets/villages in the country in tribal blocks having less than 300 population and situated in far flung areas and the actual beneficiaries were deprived of the benefits of the Scheme. To make full use of the ICDS Scheme and provide benefits of the scheme to each and every child who is entitled for it, it was decided by the Department of Women and Child Development to open Mini-Anganwadis in small hamlets/pockets in tribal blocks which were in far flung and in remote areas.

NEED FOR THE STUDY

2.1 Opening of Mini-AWCs is very important to reach the unreached for providing ICDS services. It may be mentioned that Mini-AWCs were first sanctioned during Eighth Five Year Plan in the first phase and their numbers were 10,886 in five states. Another 25,943 Mini-AWCs were sanctioned in the second phase in the year 2006-07 in 11 States/UT. Further, 77,102 and 2,917 Mini-AWCs were sanctioned in the year 2008-09 and 2009-10 in 21 and 02 States/UTs respectively. Thus, a total number of 1,16,848 Mini-AWCs have been sanctioned in 23 States/UTs. It may be mentioned that out of these 23 States/UTs, 04 State/UTs have less Mini-AWCs (Kerla-129, Andaman & Nicobar-31, Dadra Nagar Haveli-34 and Lakshadweep-11 Mini-AWCs) which may be negligible to make any impact on overall situation but whereas Mini-AWCs in 19 states having Mini-AWCs ranging from 512 to 22,186 can make an impact in improving situation of children and women in the country. However, first of all, there is a need to see the operational level of Mini-AWCs and to what

extent these Mini-AWCs are effectively functioning and delivering ICDS services. No work specifically to study the functioning of Mini-AWCs in the country has been done. There is also a need to assess extent of benefit received by beneficiaries and to ascertain involvement of community in implementation of ICDS programme. Similarly, details of problem/challenges experienced in implementation of ICDS programme needs to be looked in to so that remedial action points for effective functioning of Mini-AWCs can be suggested in order to achieve the desirable objectives. Keeping the above in view, a Study of Mini-AWCs in ICDS was undertaken by NIPCCD with the following objectives.

OBJECTIVES

- i. study the extent of delivery of ICDS services by Mini AWCs;
- ii. assess the extent of benefit received by beneficiaries;
- iii. assess the capability of beneficiary mothers on child care;
- iv. ascertain involvement of community in implementation of ICDS programme;
- v. enlist problems/challenges faced in implementation of ICDS programme; and
- vi. suggest action points for effective functioning of Mini-AWCs.

METHODOLOGY

3.1 The present Study of Mini-AWCs in ICDS has been conducted in consultation with all 5 sample states. At the initial stage of the study, the proposal spelling out details of the study was sent to Department of Women Development and Child Welfare Government of Andhra Pradesh, Directorate of Social Welfare and Probation, Government of Assam, Directorate of Women & Child Development, Government of Madhya Pradesh, Department of Women and Child Development, Government of Maharashtra and Directorate of Integrated Child Development Services, Government of Uttar Pradesh with the request to offer any suggestions/comments in respect of this study. The states were also requested to send details of strategy, guidelines etc. developed or issued concerning implementation of Mini AWCs under ICDS for inclusion in the study. They were also requested for providing necessary support and cooperation for the data collection work and all the states facilitated data collection work under the study.

SAMPLE

3.2 In order to make the sample states more representative, five states i.e. Andhra Pradesh, Assam, Madhya Pradesh, Maharashtra and Uttar Pradesh were selected as sample under the study. Regarding selection of sample district, it may be mentioned that two districts with project having highest number of Mini-AWCs were selected as sample in one sample state. Similarly, two ICDS projects per sample district having highest number of Mini-AWCs were selected as sample in the study. A total number of 05 states, 10 districts and 20 ICDS projects were considered as sample under the study. Random sampling procedure was

adopted for selecting sample at sector and village level under the study. Three Mini-AWCs per project were randomly selected for data collection under the study. A total number of 60 Mini-AWWs, 20 CDPOs, 56 Supervisors, 60 ANMs, 60 PRI members, 105 pregnant women, 106 lactating mothers, 236 mothers of children (up to 6 years) and 179 children in the age group of 3-6 years (around 3 children per Mini-AWC) were taken as sample under the study.

STUDY TOOLS

3.3 Keeping in view the objectives of the study, themes to be studied under the study were prepared and further they were developed in to schedules. In order to assess development in children, Children Learning and Competency Test (CLCT) already developed by NIPCCD was used. It may be mentioned that every schedule/question of schedule had adequate instruction for Investigators for facilitating discussion with respondents and writing/rating their responses. The schedules were pre-tested and finalised before their use.

DATA COLLECTION

3.4 Data collection using the schedules developed under the study was done from October to November, 2012 by the seven Central Monitoring Units (CMUs) including NIPCCD, Regional Centres i.e Department of Community Medicine, S. V. Medical College, Tirupati, Department of Community Medicine, Osmania Medical College, Hyderabad, Department of PSM, Govt. Medical College, Aurangabad, Department of PSM, Indira Gandhi Govt. Medical, College, Nagpur, NIPCCD, Regional Centres, Guwahati, Indore and Lucknow. In some cases, due to field realities, less number of sample has been taken. In case of ICDS project, Dahanu, Thane district (Maharashtra), a mother having a child of 8 months has been considered as lactating mother and data collected from two mothers having children.

DATA ANALYSIS

3.5 Data collected under the study have been analysed under 16 major heads. Data tables have been prepared in such a way that comparative analysis among projects and among states can be made on various aspects of implementation of Mini-AWCs. Apart from absolute number, percentage has also been mentioned in parenthesis in data tables for easy comparison. In some cases, rating in ten point scale and averages has been worked out and placed in tables.

3.6 All the data tables of the study are in volume-II of the report. It may be mentioned that in some cases, due to inadequate space in data tables, short forms for some words/responses have been created and used. Details of these short forms/ abbreviation

has been mentioned below the tables as well as under Abbreviation placed next to list of graphs.

MAJOR FINDINGS

4. Keeping in view objectives of the study, the major findings have been worked out from the analysis of data collected from the observation of Mini-AWCs and sample of the study. Key major findings are as stated below:

Infrastructure

4.1 The infrastructure of Mini-AWCs have been found very poor in comparison to other AWCs in terms of availability of adequate indoor space (46%), separate kitchen (17%), availability of drinking water through hand-pump (55%), toilet facility (15%) and separate space for storing food items (13%). As per the study conducted by NIPCCD (2006), Planning Commission (2011), CAG (2012) and NIPCCD (2012) for AWCs, adequate indoor space, separate kitchen, hand-pump for drinking water, toilet facility and separate space for storing food items were available in the range of 62-72% (Two studies : NIPCCD-2012 and Planning Commission- 2011), 29-57% (All four studies), 20-59% (Three studies : NIPCCD- 2012, NIPCCD- 2006 and Planning Commission-2011), 39-52% (All four studies) and 39-58% (All four studies) respectively.

4.2 Around 28 per cent of Mini- AWCs were on rent, 22 per cent were functioning in the homes of AWWs, 18 per cent on school building and 25 per cent of Mini- AWCs were running in rent free community buildings.

4.3 Sixty Two per cent of the Mini- AWCs were half to 1 km away from main AWCs.

Vacancy position of Mini-AWWs

4.4 Mini-AWWs of all sample Mini-AWCs were in position.

Population of Mini-AWCs

4.5 The population coverage of Mini-AWCs ranged from 72 to 1002 with an average population of 391.

Coverage of Services

4.6 Attendance of children (3-6 years) in Mini-AWCs was found to be less compared to AWCs. It was observed that more than 91 per cent children in around 10 per cent Mini-AWCs and 61 - 90 per cent children in 58 per cent Mini- AWCs were present on the day of visit. As per the study conducted by NIPCCD in 2012 for AWCs, 73 per cent children (3- 6 years) attended AWCs.

4.7 Data revealed that more beneficiaries were enrolled in Mini- AWCs in comparison to AWCs. It was found that around 94 per cent children (6- 36 months), 91 per cent children

(3- 6 years), 91 per cent pregnant women, 94 per cent lactating mothers and 58 per cent adolescent girls were enrolled in all the five states. As per the study conducted by NIPCCD in 2006 for AWCs, 48 % pregnant women and 53 % lactating mothers, 59 % boys and 55 % girls of 6 months to 3 years , 58 % girls and 51% boys of 3- 6 years were registered in AWCs. Similarly, the study conducted by NIPCCD in 2012 for AWCs found that 79 per cent pregnant women and 75 per cent lactating women from the community were enrolled in ICDS programme.

4.8 Compared to enrolment of beneficiaries, less pregnant women and lactating mothers and, more children were found to be receiving services from Mini-AWCs in comparison to AWCs. Around 85 % children (6- 36 months), 90 % children (3- 6 years), 81 % pregnant women, 84 % lactating mothers and 48 % adolescent girls received services from Mini-AWCs. As per the study conducted by NIPCCD in 2006 for AWCs, 87 % pregnant women, 89 % lactating mothers, 82 % girls and 75 % boys of 6-36 months, 76 % boys and 75 % girls of 3- 6 years were availing services.

4.9 Fifty Three per cent Mini-AWCs provided all ICDS services to beneficiaries which was found to be less compared to AWCs. As per the study conducted by Planning Commission in 2011 for AWCs, the services provided by AWWs were Supplementary Nutrition (99.4%), Immunization (91.4%), Health Check- up (66.1%), Referral Services (62.9%), Pre-school education (87.8%) and Nutrition and health education (94.9%).

4.10 It was observed that guide book for PSE was available in around 12 per cent of Mini-AWCs and it was used to great extent in 57.14 per cent of Mini- AWCs.

4.11 Availability of PSE kit in Mini-AWCS was found to be good (Available in 57% of Mini-AWCs) compared to other AWCs. As per the studies conducted on AWCs by NIPCCD (2006), Planning Commission (2011), CAG (2012) and NIPCCD (2012), PSE kit was available in 56%, 44%, 55% and 86% AWCs respectively.

4.12 The overall average rating of quality of PSE activity was found to be 4.33 on a ten point scale in all the five states. The highest rating of quality of PSE activity was found in Assam (4.83).

4.13 Around 47 per cent Mini- AWWs provided guidance to mother on home stimulation in all the five states. This is highest (91.67%) in MP and lowest (8.33) in case of U.P.

4.14 Non-acceptability of Supplementary Nutrition by community provided by Mini-AWCs (10%) was found to be less in comparison to other AWCs. As per the studies conducted by NIPCCD in 2012 and 2006 for AWCs, non-acceptability rate was 10% and 20% respectively. In around 72 per cent Mini-AWCs supplementary nutrition provided to the beneficiary was adequate. In case of 6 Mini-AWCs in UP (50 per cent), SN was not acceptable to community. In these 10 per cent Mini- AWCs, SN was not acceptable because the taste was not good and menu was not as per local food habit.

4.15 Interruption rate of supplementary nutrition at Mini-AWCs (37%) was found to be less as compared to other AWCs. The studies conducted by NIPCCD in 2012 and 2006 for AWCs reported interruption rate as 35 % and 53% respectively. There was interruption in every Mini-AWCs in UP ranging from 31 days to more than 91 days due to lack of funds and delay in supply.

4.16 Growth Monitoring of children done by Mini AWCs (58%) was found to be less in comparison to other AWCs. As per the study conducted by NIPCCD in 2006, growth monitoring was done by 64% AWCs. The reasons for not monitoring growth of children by around 42 per cent of Mini AWCs were non availability of weighing machines (88%), 84 per cent Mini AWCs did not had growth charts and 72 per cent of Mini AWCs had no required skill for growth monitoring.

4.17 New WHO Child Growth Standards were implemented in 48 per cent of sample Mini AWCs of five states and it was found to be implemented in all Mini-AWCs in Assam.

4.18 It was found that less Mini-AWCs (50%) had correct weighing skill and more of them (33%) had proper plotting skill in comparison to other AWCs. As per the study conducted by NIPCCD in 2006 for AWCs, 98% AWCs had correct weighing skill and the study conducted by NIPCCD (2012) reported 23% AWCs had proper plotting skills. It may be mentioned that 30 per cent of Mini-AWCs were found having skill in interpretation of growth charts.

4.19 The immunization status of children of Mini-AWCs (57 %) was found to be less compared to other AWCs. As per the study conducted by Planning Commission (2011) for AWCs, 51 % of children were fully immunized and 87 % AWCs of the study conducted by NIPCCD (2012) reported that immunization was done for children. However, in two states (M.P. and U.P.), all the children were not immunized in any of the Mini- AWCs. The reasons behind non-immunisation of all children as stated by Mini-AWCs were, children were not present in the village (53.84 %) and ANM did not come on fixed day (3.84 %). In case of UP, no records were available in respect of immunisation.

4.20 The Health Check up status of Mini-AWC children was found to be less (73 % Mini-AWCs and 75 % ANMs) in comparison to other AWCs. As per the studies conducted for AWCs by NIPCCD in 2006 and 2012, the health check-up status was 75% and 80 % respectively. It may also be mentioned that all the Mini- AWCs of Maharashtra reported that health checkup of children was conducted where as all the ANMs of Assam reported that health checkup of children was carried out. However, in UP only 8.33 per cent of both Mini- AWCs and ANMs reported that health checkup of children was done. The reasons behind not carrying out health check up in remaining 92 % of Mini- AWCs in UP was health department never does it.

4.21 Availability status of Referral slip at Mini-AWCs (10 %) was found to be very less compared to other AWCs. The study conducted by NIPCCD in 2012 for AWCs reported availability of Referral slips in 37 % AWC. Sixty seven per cent Mini- AWCs used referral slip for referring beneficiaries to health facilities.

4.22 Around 10 per cent pregnant women, 21 per cent lactating women, 20 per cent mothers of 7- 36 months children and 8 per cent mothers of 3- 6 years children were referred to FRU in all the five states.

4.23 Organisation of Nutrition and Health Education session by Mini-AWWs (85%) was found to be less in comparison to the study conducted for AWCs by NIPCCD in 2006 which reported that all AWWs organised NHE session. Similarly, around 61 per cent of Mini-AWWs were organising the NHE session once in a month which is also found to be less in comparison to 81 % observed in the study conducted by NIPCCD in 2012 for AWCs. The reasons for not conducting NHE by the remaining AWWs were Mini- AWWs did not know how to organise NHE session (77.77%), Mini- AWWs not aware of this (66.66%), Mini-AWWs did not had the skill (55.55%) and women were not interested for NHE (33.33%).

4.24 It was found that 49.52 per cent of Pregnant women, 56.60 per cent of Lactating mothers, 51.26 per cent of mothers of 7- 36 months children and 65.25 per cent of mothers of 3- 6 years of children were attended NHE session in all the five states and average attendance on a ten points scale was found to be 4.24.

4.25 On a ten points scale average skill of Mini- AWWs for organising NHE Session was found 4.26 in all the five states.

4.26 Availability of Medicine kit at Mini-AWCs (40 %) was found to be very less in comparison to other AWCs. The studies conducted by Planning Commission (2011), NIPCCD (2012) and CAG (2012) for AWCs reported availability of Medicine kit as 62%, 66% and 67% respectively. On a ten point scale average skill of Mini- AWWs on use of medicine kit, where medicine kit was available, was found to be 4.38, whereas, extent of use of medicine in ten points scale was found to be 3.86.

4.27 Around 30 per cent Pregnant women, 25.92 per cent Lactating mothers, 35.29 per cent mothers of 7- 36 months children and 24.57 per cent mothers of 3- 6 years children were taking medicines from Mini-AWCs in all the five states.

4.28 It was found that 95 per cent of ANMs in all 5 states were aware of MCPC whereas in Assam, MP, Maharashtra and UP all the ANMs were aware of MCPC.

4.29 Seventy two per cent of Mini- AWWs and 85 per cent of ANMs reported that MCPC was provided to beneficiaries, however around 32 per cent of Mini- AWWs and 68.33 per cent of ANMs got required skill for filling up MCPC and 62 per cent of Mini- AWWs and 90 per cent of ANMs reported that MCPC were used as a tool for providing services.

4.30 Around 75 per cent of pregnant women had knowledge about Mother and Child Protection Card (MCPC) which is found to be better in comparison to other AWCs. The study conducted by NIPCCD (2012) reported 66% pregnant women had the knowledge about MCPC. Out of this 75 percent pregnant women, 69 per cent had got MCPC and around 42 per cent of pregnant women used this as a counseling tool to learn, understand and follow positive practices for achieving good health of pregnant women, young mothers and children under three years of age.

4.31 It was found that sample Mini-AWCs of only A.P (16.66%) and Maharashtra (33.33%) implemented Indira Gandhi Matritva Sahayog Yojana (IGMSY). Out of these two states, only one Mini-AWW of Maharashtra (25%) experienced problems in implementing IGMSY.

4.32 Twenty per cent Mini- AWCs implemented SABLA scheme in all 5 states. It may also be mentioned that SABLA scheme was not implemented at any of the Mini- AWCs of U.P and Assam. Around 42 per cent Mini- AWWs experienced problem in the implementation of SABLA where it was implemented.

4.33 Sixty eight per cent Mini- AWWs reported that they were providing services to adolescent girls in all the five states. Total no. of girls enrolled in all the 60 Mini- AWCs were 643. However, number of girls provided services were 385 (59.88 per cent).

4.34 Services provided by Mini- AWCs to adolescent girls were supplementary nutrition (90.24%), IFA tablets (56.01%), NHE (39.02%), TT immunisation (34.15%), providing deworming medicine (31.71%), life skill education (17.07%) and vocational training (9.76%).

Home Visit

4.35 Around 92 per cent of Mini- AWWs conducted home visit which is found to be more in comparison to other AWCs. As per the studies conducted by CAG (2012) and NIPCCD (2012) for AWCs, 43% and 69% AWWs made home visits. Around 67 per cent of Mini-AWWs reported that they visited home once in a day in all the five states. Around 18 per cent of Mini- AWWs reported that they visited homes 5 times in last seven days in all the five states. Forty per cent of Mini- AWWs had the right understanding for selecting a home/case for home visit.

Monitoring

4.36 There was no difference in monitoring strategy between AWCs and Mini- AWCs as stated by CDPO/Supervisors.

Record and Registers

4.37 Fifty two per cent of Mini- AWWs updated the records appropriately in all the five states.

Additional Assignments

4.38 Around 17 per cent of Mini- AWWs performed additional assignment in last 6 months. The additional assignments were mostly work related to census.

Knowledge, Understanding and Skill of Mini-AWWs and mothers/women

4.39 Around 97 per cent Mini- AWWs were aware of one or more services provided under ICDS which is found to be higher in comparison to other AWWs. As per the study conducted by NIPCCD in 2012, 84% of AWWs were aware of all six services. Compared to this awareness level of Mini-AWWs, around 89 per cent of pregnant women, 90 per cent of lactating mothers and 92 per cent of mothers of 6- 36 months children reported that they were aware of services provided under ICDS.

4.40 Seventy per cent of Mini- AWWs had the correct knowledge on necessity of complementary feeding as compared to around 52 per cent pregnant women, 63.02 per cent lactating mother, 55.46 per cent mothers of 6- 36 months children and 64.40 per cent mothers of 3- 6 years children.

4.41 Ninety per cent of Mini- AWWs had correct knowledge of time for introduction of complementary feeding as compared to around 60 per cent pregnant women, 63.20 per cent lactating mothers, 51.12 per cent mothers of 6- 36 months children and 75.42 per cent mothers of 3- 6 years children.

4.42 Ninety per cent of Mini- AWWs had the correct knowledge of exclusive breast feeding in comparison to 68.57 per cent pregnant women, 83.96 per cent lactating mothers, 65.54 per cent mothers of 7- 36 months children and 76.27 per cent mothers of 3- 6 years children.

4.43 Around 72 per cent of pregnant women, 66.98 per cent of lactating mothers, 68.06 per cent of mothers of 7- 36 months children and 61.01 per cent mothers of 3- 6 years children reported that green leaves, palak, methi, bathua and chowlai are prime source for getting iron and should be taken by pregnant women and children in their food for getting iron.

Cooperation form Health Officials

4.44 Eighty per cent Mini- AWWs reported that they got adequate cooperation from health officials/ ANMs, whereas 98.33 per cent ANMs reported that they got required cooperation from Mini- AWWs in all the five states.

4.45 On a ten point scale average rating given by Mini- AWWs on convergence between Mini- AWCs and health department was found to be 5.11.

Convergence between Mini-AWC and Primary School

4.46 The enrolment rate (83%) of Mini-AWC children in primary school is found to be same in comparison to other AWCs. The study conducted by CAG (2012) for AWCs reported enrolment rate as 83%. On an average in one Mini-AWC, 6 children left Mini- AWC in the years 2012- 13 and 5 children (83 percent) took admission in primary school. Out of 5 children enrolled, 4 were continuing education in primary school.

4.47 On a ten point scale, convergence between Mini- AWCs and primary school was rated as 3.46 by Mini- AWWs of all the five states.

Community Ownership

4.48 Around 68 per cent Mini- AWWs reported that community was involved in implementation of ICDS programme which is found to be better in comparison to other AWCs. As per the study conducted by Planning Commission in 2011 for AWCs, less than 50 percent of community leaders reported providing help in AWC activities. The areas of involvement were providing building for Mini- AWC (46.34%), providing raw materials for Supplementary Nutrition (24.39%), local groups prepared Supplementary Nutrition (19.51%), providing toys/ play materials for PSE (12.19%), monitoring Mini- AWC activities

by Gram Panchayat/ Local Bodies (48.48%) and support from NGOs in the implementation of ICDS (4.87%).

4.49 Around 9 per cent pregnant women, 1.88 per cent lactating mothers, 9.32 per cent mothers of 7- 36 months children and 23.72 per cent mothers of 3- 6 years children reported that they contributed in the implementation/ running of Mini- AWC. Major contributions as reported by them were dropping children at AWCs, attended NHE sessions, cleaning and sweeping at AWCs, community mobilization and participated in immunisation programme .

4.50 According to 25 per cent CLs/PRI members, community was satisfied with delivery of all the ICDS services.

4.51 Around 58 per cent Mini- AWWs experienced problems in involving community in all the five states. Major problems experienced by Mini- AWWs in involving community were community people were busy (74.29%), PRI members did not give priority to Mini- AWCs and took less interest (60%), Community people were very poor to contribute (57.14%), Community people were less educated (54.29%) etc in all the five states.

4.52 On a ten point scale, average rating of convergence between Mini- AWCs and Gram Panchayat/ Local Administration was rated to be 4.04 by Mini- AWWs of all the five states.

Problems in Implementation of Mini-AWCs

4.53 Seventy per cent Mini- AWWs experienced problems in running Mini- AWCs in all the five states. Problems experienced by them were lack of adequate space, lack of proper building, irregular supply of HCF, lack of PSE materials, non availability of medicine kit, NHE materials and growth charts and Mini- AWWs were not given JTC.

4.54 Around 47 per cent ANMs experienced problems in providing services under ICDS and major problems experienced by them in providing services were inadequate support by AWWs, unavailability of weighing scale and health check- up materials, poor community participation in health related issues and all beneficiaries did not come on time for immunisation etc.

DISCUSSION OF FINDINGS

5. The major findings emerged from data have been further discussed with the findings of four major studies conducted on ICDS. It may be mentioned that findings of these four studies are on implementation of AWCs and since Mini-AWC provides all services like AWC, findings of these studies have been considered. These studies are:

- Three Decade of ICDS-An Appraisal by National Institute of Public Cooperation and Child Development, New Delhi, 2006.
- Evaluation Study on ICDS conducted by Planning Commission (Programme Evaluation Organisation), Government of India, 2011.
- Performance Audit of ICDS Scheme (Report No. 22 of 2012-13) conducted by Comptroller and Auditor General of India, 2012

- Evaluation of ICDS Programme in Minority Concentrated Districts - A Study conducted by National Institute of Public Cooperation and Child Development, 2012.

RECOMMENDATIONS

6. Keeping in view the sixth objective of the study, the suggestions and recommendations for the effective functioning of Mini-AWCs under ICDS have been mentioned below.

- Mini AWWs should be provided job training immediately after joining. Their joining should be linked to job training. District Programme Officer should be made accountable in respect of job training of Mini-AWWs.
- Every Mini-AWWs, Supervisor and CDPO should be provided Refresher Training once in two year after their job training for upgradation of their knowledge, understanding and skill on recent developments under ICDS and in the areas of women and child development and training. Every State/district should have data base/bank to facilitate timely deputation of ICDS functionaries for refresher training.
- Mini-AWC whose population entitles for a full fledged AWC (presently 400 in case of rural and urban project and 300 for tribal project) should be considered for converting into a Main-AWC for getting all support/facilities for providing ICDS services effectively.
- Keeping in view the fact that some beneficiaries used to go to nearby Main-AWC for some services and in some cases some services are not provided at Mini-AWCs, it is to be ensured that all services of ICDS are provided at Mini-AWCs. Keeping in view lack of provision of Helper and in some cases (43%) where population of Mini-AWC is more/equivalent to Main- AWC, need based implementation strategy to be developed and Mini-AWWs are provided with required support to ensure all ICDS services are provided by Mini-AWCs. CDPOs are to be made accountable for this.
- Provision of post of Helper should be considered for Mini-AWC.
- Separate implementation strategy for Mini-AWCs needs to be developed at project/district level keeping in view problems experienced by Mini-AWWs. CDPOs should sort out implementation problems on priority and seek attention/request DPO/district official for resolving issues not sorted out at project Level.
- Separate monitoring strategy for effective implementation of Mini-AWCs should be developed at project Level.

- The present provision of PSE kit @ Rs. 1500/- per Mini-AWC per year needs to be enhanced and kept at par with the provision approved for Main-AWC i.e. Rs.3000/- per year. This would facilitate to have more PSE materials at Mini-AWC.
- Reasons for non-acceptability of SN by beneficiaries at Mini-AWCs need to be examined carefully in consultation with community and corrective measures taken for ensuring SN is acceptable. CDPO should be made responsible for non-acceptability of SN by beneficiaries.
- Every Mini-AWC should have adequate utensils for cooking and serving. The existing provision of Rs. 5000 per Mini-AWC for 5 years for equipment/furniture needs to be considered for enhancement at par with Main-AWC to ensure availability of adequate utensils and other necessary equipments.
- It has to be ensured by CDPO that there should not be any interruption of SN in any Mini-AWCs. Supervisor has to be made responsible for reporting lack of funds, delay in supply of raw materials/food materials etc. leading to interruption of SN.
- Keeping in view the fact that all children coming out of Mini-AWCs are not admitted in to primary school, Mini-AWCs are to prepare a list of children coming out from Mini-AWCs and hand over the same to nearest primary school for joint action of Mini-AWC and primary school for admission of children in to primary school.

CONCLUSION

7.1 It can be concluded from the findings of the study that in order to ensure effective delivery of ICDS services from Mini-AWCs, CDPO/DPOs should be made accountable for certain things like providing Job training and Refresher training to Mini-AWCs, maintaining a data base in order to ensure timely training to Mini-AWCs on relevant aspects, development of need based separate strategy for implementation and monitoring of Mini-AWCs, taking corrective measures in order to address non-acceptability of SN by beneficiaries and interruption of SN at Mini-AWCs and joint action of Mini-AWC and primary school for admission of AWC children in to primary school. Similarly, Mini-AWC whose population entitles for a full fledged AWC should be considered for converting into a Main-AWC for getting all support/facilities for providing ICDS services effectively. Provision for the post of Helper should be considered for Mini-AWC.

7.2 The existing provision for equipment/furniture, PSE Kit etc. need to be considered for enhancement at par with Main-AWC to ensure availability of adequate utensils and other necessary equipments, PSE materials at Mini-AWCs.

7.3 It is hoped that this study would be useful for improvement in the ICDS programme particularly effective implementation of Mini-AWCs and academicians for understanding the scenario of implementation of MINI-AWC for further study.

Chapter 1

Introduction

INTRODUCTION

India is home to 158.7 million children in the age group of 0-6 years. With nearly 20 per cent of the 0-4 years' child population of the world, India is home to the largest number of children in the world. Despite growth in literacy and economy, the understanding of holistic development of children remains less understood, absorbed and assimilated and more importantly under invested. Around 40 per cent of children remain undernourished with their growth and development impeded irrevocably, over the lifetime. Strong Constitutional, legislative policy, plan and programme commitments including a range of national programmes notwithstanding, improved early child development outcomes remain a real challenge. Certainly, there is a need for higher investment, greater commitment at all levels besides application in terms of design, delivery and deployment of resources, both human and financial to restore the overall growth and development of children.

1.2 Review of the National Policy for Children 1974 and adoption of National Policy for Children 2013 to fulfill children's rights and harmonisation of State policy interventions is a critical initiative in the Twelfth Plan. National and State Plans of Action for Children (and progressively District Plans of Action For Children) need to be developed, implemented and monitored, with accountability for achieving child related outcomes. Aligned to and building on the Twelfth Plan Monitorable Targets and strategies, the Plans of Action for Children will have monitorable outcomes, measurable indicators, defined multisectoral commitments, enhanced resource allocation and specified time frames. The National, State and District Plans of Action for Children will also specifically highlight how concerns for the care and protection of the girl child are being addressed. Institutional arrangements would also to be strengthened for improved formulation, regulation, implementation and monitoring of child rights related legislations, policies, plans, and interventions across child specific and child related sectors. The National Coordination Group will need to be revisited and redefined, linked to the PM's National Council on India's Nutrition Challenges and the possible constitution of a Standing Committee on Women and Children in the National Development Council. Similar multisectoral coordination mechanisms are needed at State/ District levels for effective implementation of the revised National Policy for Children and National, State/District Plans of Action for Children. States to be encouraged to set up separate departments of WCD, distinct from Social Welfare, and clearly bifurcate responsibilities for Women and for Children, so that each group receives high priority.

IMPORTANCE OF EARLY YEARS

1.3 There is a worldwide consensus among psychologists, biologists and sociologists regarding the crucial significance of early years of life for the optimum development of

child. The foundations for life-long development are laid in this stage and damage or impoverishment suffered at this stage is likely to be irreparable. The formation of attitudes and values as well as the desire to learn are also influenced at this stage. Early Childhood Care and Development (ECCD) entails that young children be provided opportunities and experiences that lead to their all-round development – physical, social, emotional, language and cognitive abilities. Apart from health and nutrition inputs, learning experiences are also equally important at this stage of development. Play, music, art and other stimulating activities using local materials along with opportunities for speaking, listening and expressing themselves, and informal interaction are essential components of Early Childhood Care and Education (ECCE). It is in this context that India has been able to put forward a fairly large number of supportive international commitments, constitutional provisions, legislative, measures, policy framework and some major public and voluntary initiatives for children below 8 years age, and which over a period of time have yielded some really gainful results.

CONSTITUTIONAL PROVISIONS

1.4 There are several provisions in the Constitution of India either as Fundamental Rights or Directive Principles of State Policy that have been used to promote quality ECCD services in the country. Initially, the Indian Constitution committed to provision of free and compulsory education for children up to fourteen years of age. In the absence of lower age limit, early childhood education services were considered as part of the constitutional commitment. However, the Eighty – Sixth Amendment to the Constitution in 2001 divided the span of 0-14 years into two clear categories i.e. 6-14 years and children under six years and introduced Article 21A. This Article 21A made elementary education for 6-14 years old children a Fundamental Right and ECCE has been included as a constitutional provision but not as a justiciable right of every child through Article 45, which reads as “The State shall endeavour to provide ECCE for all children until they complete the age of six years”.

POLICY PROVISIONS

1.5 Constitutionally, child development and education are concurrent subjects, which imply a shared federal and state responsibility in ECCE service delivery. During the past half a decade, provisioning of ECCE services in India, that entails multiple components, is governed by plethora of policies and related action plans. The Education Commission (1964-66), while recognizing the significance of preschool education and its critical linkages with enrollment, retention and learning outcomes at primary level recommended that the state should take up the responsibility for over all supervision, guidance, setting up of model schools, training and research concerning ECCE. Subsequently, in 1968, the committee for Preparation of Programmes for Children (Ganga Saran Sinha Committee) also recommended for the first time, that government should invest heavily on preschool education. Later on, while the National Policy on Education

(1986), viewed ECCE as an integral input in the human resource strategy, a feeder and support programme for primary education and a support service for working women, the Programme of Action (1992) came out with specific targets concerning operational and teacher training strategies of ECCE. National Policy on ECCE (2013) now would address access, inclusion, quality and institutional capacity for ECCE in the country.

ECCD UNDER VARIOUS FIVE YEAR PLANS

1.6 The well being of children has been an integral part of India's developmental planning since 1951, when India became a republic. Under First Five Year Plan (FYP), the CSWB started grants in aid scheme for voluntary organisations, which were running centres for pre- primary education. In the Second and Third FYP, the preschool education continued to be within the purview of the voluntary and private sector. It was only in 1968, when the Ganga Saran Sinha committee highlighted the need to provide preschool education that it was included within the purview of the government. However, the Fourth FYP, brought the scheme of Family and Child Welfare to rural areas with the objectives to foster all round development of preschool child not only by providing comprehensive welfare services in all aspects of child development but also by strengthening the role of the family to contribute to the growth and development of the child. The Fifth FYP saw a major breakthrough in the concept of child development with a shift in the approach from welfare to development and the declaration of National Policy for children in 1974, in pursuance of which, ICDS programme came into existence initially in 33 pilot projects with Non-Formal Preschool Education as a major component of services. Sixth FYP reiterated the approach and strategies outlined in Fifth FYP by promoting consolidation and extension of the programmes started earlier. The Sixth Plan period not only witnessed the expansion of ICDS projects but provisions were also made for preschool education in educationally backward states through grants in aid to voluntary organisations. The Seventh FYP continued the strategy of promoting early childhood survival and development through programmes in different sectors including ICDS and Preschool Education. In the Eight FYP, it was proposed to phase out other government-sponsored initiatives by merging them with ICDS. The Ninth FYP addressed the issues concerning ECE more exhaustively than previous plans. While acknowledging the first six years of life to be critical, it recommended the institution of National Charter for Children to ensure taking care of all developmental aspects of the child by the end of the Ninth Plan. This Plan also emphasised the involvement of Women's groups in the management of ECE programmes, particularly under the decentralized Panchayati Raj System. The major initiatives suggested under Tenth FYP include strengthening PSE component of ICDS by need based training of AWWs, provision of learning materials at AWCs and building advocacy and training of community leaders. The focus of Eleventh FYP was to recognise everyone below the age of 18 as children and respecting their rights. The challenge is to amend all legislations and laws to ensure a uniform definition of children.

Ensuring Early Childhood Development and Care for all children has also been a priority under Eleventh FYP.

OBJECTIVES OF ECCD

1.7 ECCD aims at the total development of the child—physical, motor, socio- emotional and cognitive. For the sake of convenience, it could be split into different aspects. The objectives of Preschool Education as drawn-up by the National Council of Educational Research and Training (NCERT) and later approved and incorporated in the Report of the Education Commission (1964-66) are:

- i) To develop in the child a good physique, adequate muscular coordination and basic motor skills;
- ii) To develop in the child good health habits and to build up basic skills necessary for personal adjustment, such as dressing, toilet, eating, washing, cleaning, etc;
- iii) To develop desirable social attitudes and manners, to encourage healthy group participation and to make the child sensitive to the rights and privileges of others;
- iv) To develop emotional maturity by guiding the child to express, understand, accept and control his feelings and emotions;
- v) To encourage aesthetic appreciation;
- vi) To stimulate intellectual curiosity and to help him understand the world in which he lives and to foster new interests through giving opportunities to explore, investigate and experiment;
- vii) To encourage independence and creativity by providing the child with sufficient opportunities for self-expression; and
- viii) To develop the child's ability to express his thoughts and feelings in fluent, correct, clear speech.

PROGRAMMES FOR ECCD

1.8 Needless to mention that keeping in view the crucial significance of early years, a fairly large number of supportive national and international commitments, constitutional provisions, legislative measures, policy framework and some major public and voluntary initiatives for children below six years age have also been undertaken in our country considering objectives of Preschool Education(PSE).

1.9 The provision of centre based early childhood education in India is available through three distinct channels – public, private and non-governmental. Government sponsored programmes are largely directed towards the disadvantaged community, particularly those residing in rural and marginalised areas. Keeping in mind the need for an effective and expanded scheme for childcare facilities, a crèche scheme named Rajiv Gandhi National Crèche Scheme has been launched for the children of working mothers. The scheme has been designed by merging the two schemes of National Crèche Fund (which was set up in 1994 to meet the growing requirements for crèches with a corpus fund made available from the social safety net adjustment credit from the World Bank) and the Scheme of Assistance to Voluntary Organisations for running crèches for children of working and ailing mothers (which was started in 1974 in pursuance of the objectives of National Plan for Children, 1974). Under this initiative, the crèches are being allocated to the States/UTs on the basis of the proportion of child population. Uncovered districts / tribal areas under the scheme are being given highest priority so as to ensure the balanced regional coverage. Taking cognizance of the importance of ECCE as an important factor in promoting retention of children in primary schooling, this component was included in the design of the externally funded District Primary Education Programme (DPEP). It strengthened linkage between ICDS and primary schools. This was envisaged through (a) reallocating the ICDS centres to the primary school premises, as far as possible, (b) synchronising the timings with primary schools so as to facilitate girls' participation (c) training the ICDS service providers in ECCE, and (d) providing play materials for children. The ICDS service providers were compensated for the longer working hours from the DPEP budget. New centres were opened on the same model, only where ICDS was not physically in operation. Programmatic linkages were also attempted between preschool and primary school under DPEP by introducing the component of school readiness as an initial part of the primary curriculum and by continuing the play based methodology in grades one and two. Under SSA, which is one amongst the eight identified flagship programme of the Government of India (GOI) for universalising elementary education that succeeded the DPEP, provisions have been made not only for greater convergence of preschool education initiatives, specially of ICDS, with that of primary schooling but also of setting up Balwadis as PSE centres in uncovered areas, training inputs for stakeholders, organising awareness and advocacy campaigns in favour of importance of PSE etc. Further, in order to practice any innovative activity to strengthen ECCE, a financial provision of Rs 15 lakh per annum in a district has been made available. It is the result of actualising these provisions that many states have not only opened the PSE centres (either separately or as a wing attached with the primary schools) but also have designed various state specific interventions suiting to their local requirements. The past few decades have also witnessed an unprecedented expansion of early childhood initiatives in the country. Together with major public initiatives like ICDS, a remarkable expansion has taken place primarily in private sector, which has played an important role in the growth of ECCE in the country. Private initiative here refers to fee

charging/profit making initiatives in ECCE.

1.10 The ECE services, being provided by voluntary or non-governmental organizations with financial assistance of national and international aid agencies, trusts etc., also play a marginal role especially in socially and economic backward areas, special communities in difficult circumstances like tribal people, migrant laborers and for children affected by natural calamities of specific contexts like flood, earthquake etc. The various integrated services under these NGOs run initiatives are either being provided in the name of crèches or in the name of ECCE centres. Some NGOs also run mobile crèches, which move along with the construction laborers from one site to another. In addition to these, some universities also have Laboratory Nursery Schools attached to them, particularly to Departments of Child Development like in M.S. University, Vadodara. Apart from this, in order to discharge their social responsibilities specially in the era of liberalisation, privatisation and globalisation, various corporate groups like ICICI have also come forward in running pre schools, which, over a period of time, have established themselves as fairly competitive with preschools being operated under private initiatives.

INTEGRATED CHILD DEVELOPMENT SCHEME (ICDS)

1.11 In pursuance of the National Policy for Children which laid emphasis on the integrated delivery of services for children, expectant women and nursing mothers and based on the recommendations of the Inter-Ministerial Study Team set up by the Planning Commission, the ICDS scheme was evolved to make a coordinated effort for an integrated programme for delivery of a package of six services. The blueprint for the ICDS Scheme was drawn by the Ministry of Social welfare, Government of India and was launched on 2nd October 1975 in 33 projects on experimental basis. The number of ICDS projects were subsequently increased in the country.

1.12 ICDS scheme is one of the world's largest and most unique programmes of ECCD and implemented through a network of 14 lakh approved Anganwadi centres/Mini-Anganwadi centres (AWCs) at the community level in 7076 approved projects (September, 2013). The programme adopts a multi-sectoral approach to child development, incorporating health, early education and nutrition interventions.

1.13 The objectives of the ICDS Scheme are:

- i) to improve the nutritional and health status of children in the age group 0-6 years;
- ii) to lay the foundations for proper psychological, physical and social development of the child;

- iii) to reduce the incidence of mortality, morbidity, malnutrition and school drop-out;
- iv) to achieve effective coordination of policy and implementation amongst the various departments to promote child development; and
- v) to enhance the capability of the mother to look after the normal health and nutritional needs of the child through proper nutrition and health education.

1.14 These objectives are being achieved by providing a package of integrated services that comprises of supplementary nutrition, non-formal preschool education, nutrition and health education, immunisation, health check-up, and referral services for children below six years of age as well as pregnant women and lactating mothers. ICDS is designed to promote holistic development of children under six years, through the strengthened capacity of caregivers and communities and improved access to basic services, at the community level. Within this group, priority is accorded to addressing the critical prenatal- under three years age group, the period of most rapid growth and development and also of greatest vulnerability. The programme is specifically designed to reach disadvantaged and low income groups, for effective disparity reduction. ICDS provides the convergent interface / platform between communities and other systems such as primary healthcare, education, water and sanitation among others. The programme has the potential to break an intergenerational cycle of undernutrition as well as address the multiple disadvantages faced by girls and women but with adequate investment and enabling environment.

STRENGTHENING AND RESTRUCTURING OF ICDS

1.15 The implementation of ICDS Scheme has been uneven across the States/UTs in the country. The programmatic gaps have been many. While some of them are faced universally across the States/UTs, there are others which are State-specific. The universalisation has, in a way, aggravated the position in respect of some of them. These include: (a) absence of physical space (building) and facilities to operate efficiently and effectively; (b) constraints of quality and number of human resources for meeting diverse needs for service provision with improved quality; (c) inadequate focus on under 3s; (d) inadequate focus on Early Childhood Education (ECE) as large part of time of AWW's spent in AWC related work; (e) perceived as feeding center operated through an overburdened and underpaid AWW; (f) low investment on child development in terms of provision of adequate resources, both human and financial; (g) inadequate convergence of programmes / services – weak linkages with public health system; (h) implementation of programme largely left to States - low intensity engagement with States in planning, implementation, monitoring and supervision; (i) community engagement and participation virtually non-existent often leading to lower demand for services; (j) poor data management, information system (MIS), analysis and reporting; (k) inadequate and inappropriate training; (l) programme implementation guided by periodic revisions of norms and Office Order / Circulars; (m) lack of comprehensive programme implementation

guidelines; and (n) little or no attention paid to the needs of working women – availability and accessibility of crèche and day care.

Besides, the programmatic gaps ICDS implementation is marked with many operational issues such as: (a) inadequate operational efficiency and accountability at national, state, district and grassroots levels in absence of infrastructure, human resource (large vacancies, educational qualification and inadequate numbers), mobility, etc.; (b) delivery of supplementary nutrition due to non-sharing of cost on SNP prior to 2005 – 06, followed by issues in management of SNP arising out of the requirement to supply morning snack and hot cooked meal; (c) non revision & indexation of cost to rising prices of food, fuel and transportation etc.; (d) program envisaged as community driven but in reality has evolved as State run programme; (e) regularity of AWC functioning in terms of prescribed working hours, number of days and service provision; (f) slow pace of universalisation due to a variety of problems faced by the States/UTs; (g) fund transfer mechanism marked with delays at all levels often resulting in delays in release of funds and payments to AWWs and for SNP; (h) Concurrent monitoring a continuing weak point –inadequacy and non-usage of data, poor management information system (MIS); and (i) Single AWW at each AWC & ICDS functionaries burdened with non- ICDS functions.

1.17 Keeping in view the programmatic gaps and operational issues, now ICDS Scheme has been approved by Government of India for strengthening and restructuring through a series of programmatic, management and institutional reforms, changes in norms, including putting ICDS in a Mission mode for implementation in the 12th Five Year Plan with budgetary allocation of Rs.1,23,580 crore with effect from 22.10.2012. The core package of six services under the ICDS Mission would be continued, but these have been reorganized and reformatted. AWCs are to be transformed as Early Childhood Care and Development Centres under restructured ICDS. The goals, objectives, indicators of achievement, core strategies of this ICDS Mission are stated below:

GOALS OF ICDS MISSION

- i) Preventing and reducing undernutrition as early as possible, in a life cycle approach, recognising that growth and development deficits are cumulative and irreversible.
- ii) Focusing on reaching children under three years of age, pregnant and breastfeeding mothers, for enhanced child survival, nutrition, development and learning outcomes.
- iii) An integrated approach to early child development- addressing physical/motor, cognitive, emotional and social development holistically, enabling children to realise full development potential and active learning capacity -without discrimination.
- iv) Extending from the centre to family and community based approaches, recognising that service providers and community volunteers need to reach out to the most vulnerable age groups and the most excluded community groups.
- v) Fostering decentralization, flexibility and community based locally responsive

- child care
- vi) approaches, relevant to diverse local contexts, and building upon local innovation and capacities.
 - vii) Ensuring equity - inclusive approaches to reach the most vulnerable & disadvantaged community groups– Scheduled Castes, Scheduled Tribes, Minorities, etc.
 - viii) Strengthening convergence to address the inter-related needs of young children, girls and women, in a gender sensitive life cycle approach.
 - ix) Promoting rights based approach, with women’s empowerment as the mover of social change.
 - x) Moving from outlays to child related outcomes and ensuring ICDS Universalisation with Quality.
 - xi) Ensuring good governance, accountability and enhanced community participation.

OBJECTIVES OF ICDS MISSION

- (i) To institutionalize essential services and strengthen structures at all levels by:
 - Implementing ICDS in Mission Mode to prevent undernutrition and assure children of the best possible start to life;
 - Strengthening ICDS - AWC Platform as the first village post for health, nutrition and early learning – as transformed Early Childhood Development Centre (Anganwadi – Bal Vikas Kendra);
 - Focusing on children under-3 years;
 - Focussing on early child care and learning environment;
 - Moving from outlays to child-related outcomes
 - Fostering decentralization and community-based locally responsive childcare approaches;
- (ii) To enhance capacities at all levels:
 - Vertical integration of training of all functionaries / staff to strengthen field based joint action and teamwork to achieve desired results and laid down objectives
 - Establish national training resource centres at central & state levels
- (iii) To ensure appropriate inter-sectoral response at all levels:
 - Ensure convergence at the grassroots level by strengthening partnerships with the panchayati raj institutions (PRIs), communities and civil societies to improve outreach and quality of child development services;
 - Coordinate and network with all allied systems i.e. Government departments and Non- Government agencies providing services for children for effective implementation of the scheme.
- (iv) To raise public awareness and participation:
 - Strengthen maternal and child care, nutrition and health education;
 - Raise public awareness at all levels on situation and vulnerabilities of children and families
 - Inform the beneficiary group and public on the availability of the six core child

- development services under ICDS
- Promote social mobilization and voluntary action.

(v) To create database and knowledge base for child development services:

- Strengthen ICDS Management Information System (MIS);
- Use Information, Communication Technology (ICT) to strengthen the information base and facilitate sharing and dissemination of information;
- Undertake research and documentation.

MISSION INDICATORS OF ACHIEVEMENT

Key indicators to achieve the goals and objectives will be as follows:

- Reduction in underweight prevalence
- Improved IYCF
- Contribute to reduction in anaemia, IMR and MMR in collaboration with health
- Reduction in incidence of low birth weight babies
- Improved early learning outcomes

MISSION CORE STRATEGIES

The core strategies of the ICDS Mission would largely derive from the programmatic, management and institutional reforms discussed under ICDS restructuring section above. In particular, the core strategies of ICDS Mission would include:

- i) **Strengthening ICDS as a programme with clear focus on accelerating achievement of maternal and child outcomes, repositioning early child development centrally.** This mission will contribute to accelerated reduction in maternal and young child undernutrition and related mortality, and enhanced early child development and learning outcomes, in a nurturing and protective environment for the young child.
- ii) **Developing an implementation framework with programmatic, management and institutional reforms, in Mission Mode with a clear time frame** for achieving stated monitorable outcomes for integrated early child development, using a life cycle approach.
- iii) **Strengthening partnership between the Central, State, PRIs /urban local bodies and communities** that recognizes and builds on local initiative and innovation, fostering convergent action with NRHM, SSA, TSC, MGNREGA and others.
- iv) **Facilitating States, districts and communities** to develop specific locally relevant strategies, based on a menu of innovative models/ pilots through decentralised, flexible, locally relevant plans first at state-level and gradually extending to the district plans of action capturing the samples and needs of block and village based pointers for plan of action, designed to achieve mission goals, maternal and child related outcomes, within a defined normative framework through the APIP route.
- v) **Transforming the ICDS system into a learning organization, backed by a strong monitoring and evaluation function, accountability and transparency** through

community owned accreditation processes, building on best practices and lessons learnt from implementation experience.

- vi) **Involving PRIs and urban local bodies, community/women's groups/SHGs, mother's committees** in the planning, management and monitoring of AWCs. Strengthened partnerships with parents, families, mothers' committees, Women's SHGs, Mahila Samakhya, VHSNCs, VECs (village education committees), and other grass roots level structures are a key element of the same.
- vii) **Strengthening community and family empowerment approach that promotes nurturing family care behaviours** and a caring community environment for young children, girls and women- especially the most vulnerable and crucial younger child under three years.
- viii) **Functioning as instrument of social change for "more inclusive growth" that ensures equality of opportunity in the crucial early years of life** for fair inclusion and non-discrimination of children belonging to marginalized and /or vulnerable community groups such as SCs, STs, minorities, migrants, children with disabilities, children in need of care & protection.
- ix) **Strengthening capacity development and putting in place a resource network for young children** - networking across different sectors, professionals and institutions of excellence, voluntary agencies and action groups, programme functionaries, community based organizations, and Nutrition and Child Resource Platforms / Centres. National ICDS Mission Resource Centre and collateral strengthening of the NIPCCD, its regional centres and Food & Nutrition Board (FNB).
- x) **Improving basic infrastructure and service delivery through Anganwadi Centres (AWCs)** to progressively make all AWCs the first village post for women and children with community ownership and a child friendly environment.
- xi) **Institutionalising improved delivery of essential services and strengthening and up-scaling innovations in service delivery** - ICDS beyond Anganwadi Centres to fulfill the commitment to reach every young child.
- xii) **Initiating commensurate strategies** to achieve the objectives, goals and vision of the ICDS Mission.

MINI ANGANWADI CENTRES

1.18 Mini-AWC is an AWC that caters to a small hamlets/pockets with less population and provides all services under ICDS. There is no difference between AWC and Mini-AWC in implementation of ICDS. However, it may be mentioned that there is no provision for Helper in Mini-AWC and there is less financial provision for PSE Kit, Medicine Kit and equipment and furniture for Mini-AWC in comparison to AWC.

1.19 Revision of population norms for setting up of AWCs and Mini-AWCs and sanction of additional Projects, AWCs and Mini-AWCs are some of the very important measures for providing equal opportunities for development of children in the country. However, sanction of Mini-AWCs is very important to reach the unreached for providing ICDS services. It may be mentioned that universalisation of the ICDS was made in the country in 1995-96 by covering all the Community Development Blocks under the Scheme. There was however some small hamlets/villages in the country in tribal blocks having less than 300 population and situated in far flung areas and the actual beneficiaries were deprived of the benefits of the Scheme. To make full use of the ICDS Scheme and provide benefits of the scheme to each and every child who is entitled for it, it was decided by the Department of Women and Child Development to open Mini-Anganwadis in small hamlets/pockets in tribal blocks which were in far flung and in remote areas. The major guidelines developed by the then Department of Women and Child Development, Government of India for opening Mini-AWCs at the initial stage are as stated below.

- i) 10 Mini Anganwadi Centres can be opened in lieu of a full fledged Anganwadi. There may be one main Anganwadi out of 10.
- ii) A Mini Anganwadi can be proposed on the population of 150 in a village/hamlet.
- iii) A Mini-Anganwadi should be located within one km from the main Anganwadi and there should be 15 to 20 beneficiaries therein.
- iv) A woman/adolescent girl will be made responsible for distribution of ration to beneficiaries.
- v) There will be an honorarium of Rs. 50/- to be paid to Mini Anganwadi Worker and she will be provided cooked hot food to the Anganwadi beneficiaries and also be equipped with utensils, stove and necessary fuel charges.
- vi) The maintenance of 10 Mini Anganwadi to be managed within the cost of an Anganwadi norms of Rs. 11,200 per annum.
- vii) The provision of nutrition is to be ensured by the State Government from their own resources, as being provided by them under ICDS Scheme as per norms.
- viii) A recurring cost per centre per month would be Rs.65/- and the annual recurring cost per centre should be Rs.500/-.
- ix) A godown is to be constructed for every 5 centres for storage of food at the cost of Rs.50,000/- by the State Government from JRY funds.
- x) Four storage bins have to be provided to each centre at a cost of Rs.600/-

- xi) The entire accounts relating to the distribution of supplementary food will be maintained by the woman/adolescent girl at the centre for consolidation of said accounts on a weekly basis.

1.20 Some of the above guidelines have been modified in the context of recommendations of Inter-Ministerial Task Force, wherein Government has decided to open Mini-AWCs in the country as per the revised population norms. As per revised population norms, a Mini-AWC can be opened in Rural Project on a population of 150-500 and in Tribal Project on a population of 150-300. Mini-AWCs have been sanctioned on these revised population norms under 2nd Phase of expansion of ICDS Scheme. It may be mentioned that till the year 2005, only one of the six services i.e. supplementary nutrition, was being provided in the Mini-AWCs under the ICDS. Thereafter, it was decided to provide all the six services from Mini-AWCs under ICDS.

1.21 Further, population norms for setting up of one Mini-AWC has been revised to 150-400 for Rural/Urban Project and 150-300 for Tribal/Riverine/Desert/Hilly and other difficult areas Project. There is provision of rent, utensils and stove, medicine kit, PSE kit, stationery and contingency for running Mini-AWCs. A total number of 1.16 lakh Mini-AWCs have been sanctioned in the country by the Ministry of Women and Child Development till July 2011.

NEED FOR THE STUDY

1.22 Opening of Mini-AWCs is very important to reach the unreached for providing ICDS services. It may be mentioned that Mini-AWCs were first sanctioned during Eighth Five Year Plan in the first phase and their numbers were 10,886 in five states. Another 25,943 Mini-AWCs were sanctioned in the second phase in the year 2006-07 in 11 States/UT. Further, 77,102 and 2,917 Mini-AWCs were sanctioned in the year 2008-09 and 2009-10 in 21 and 02 States/UTs respectively. Thus, as of now (August 2011), a total number of 1,16,848 Mini-AWCs have been sanctioned in 23 States/UTs. It may be mentioned that out of these 23 States/UTs, 04 State/UTs have less Mini-AWCs (Kerla-129, Andaman & Nicobar-31, Dadra Nagar Haveli-34 and Lakshadweep-11 Mini-AWCs) which may be negligible to make any impact on overall situation but whereas Mini-AWCs in 19 states having Mini-AWCs ranging from 512 to 22,186 can make an impact in improving situation of children and women in the country. However, first of all, there is a need to see the operational level of Mini-AWCs and to what extent these Mini-AWCs are effectively functioning and delivering ICDS services. No work specifically to study the functioning of Mini-AWCs in the country has been done. There is also a need to assess extent of benefit received by beneficiaries and to ascertain involvement of community in implementation of ICDS programme. Similarly, details of problem/challenges experienced in implementation of ICDS programme needs to be looked in to so that remedial action points for effective functioning of Mini-AWCs can be suggested in order to achieve the desirable objectives. Keeping the above in view, a Study

of Mini-AWCs in ICDS was undertaken by Training Division, NIPCCD with the following objectives.

OBJECTIVES

- i. study the extent of delivery of ICDS services by Mini AWCs;
- ii. assess the extent of benefit received by beneficiaries;
- iii. assess the capability of beneficiary mothers on child care;
- iv. ascertain involvement of community in implementation of ICDS programme;
- v. enlist problems/challenges faced in implementation of ICDS programme; and
- vi. suggest action points for effective functioning of Mini-AWCs.

Chapter 2

Methodology

METHODOLOGY

The Study of Mini-AWCs in ICDS has been conducted in consultation with all 5 sample states. At the initial stage of the study, the proposal spelling out details of the study was sent to Department of Women Development and Child Welfare Government of Andhra Pradesh, Directorate of Social Welfare and Probation, Government of Assam, Directorate of Women & Child Development, Government of Madhya Pradesh, Department of Women and Child Development, Government of Maharashtra and Directorate of Integrated Child Development Services, Government of Uttar Pradesh with the request to offer any suggestions/comments in respect of this study. The states were also requested to send details of strategy, guidelines etc. developed or issued concerning implementation of Mini AWCs under ICDS for inclusion in the study. They were also requested for providing necessary support and cooperation for the data collection work and all the states facilitated data collection work under the study. Seven Central Monitoring Units (CMUs) including NIPCCD, Regional Centres were also involved in the study. Details of these CMUs involved with data collection work are at Annexure-I

SAMPLE

In order to make the sample states more representative, five states i.e. Andhra Pradesh, Assam, Madhya Pradesh, Maharashtra and Uttar Pradesh were selected as sample under the study. Regarding selection of sample district, it may be mentioned that two districts with project having highest number of Mini-AWCs were selected as sample in one sample state. Similarly, two ICDS projects per sample district having highest number of Mini-AWCs were selected as sample in the study. The total number of sanctioned/operational Mini-AWCs in sample projects is at Annexure-II. However, it may be mentioned that the number in case of Assam is operational Mini-AWCs, sanctioned in case of AP, MP, and UP and number of Mini-AWCs in position in case of Maharashtra. A total number of 05 states, 10 districts and 20 ICDS projects were considered as sample under the study.

Random sampling procedure was adopted for selecting sample at sector and village level under the study. Three Mini-AWCs per project were randomly selected for data collection under the study. The details of sample taken up per project for data collection are as stated below:

- Number of Mini-AWC/Mini-AWW – 03 per project based on random selection of one Mini-AWC from one supervisory circle from the list using lottery draw method.
- Number of women – 08 per one Mini-AWC i.e. two pregnant women, 2 lactating mothers, 2 mothers of 6 months – 36 months children and 2 mothers of 3-6 years children based on random selection of these women from list of beneficiaries availing services using lottery draw method. Thus, a total number of 24 women per project.

- Number of children for administering CLCT -03 children per AWC i.e. one each from the age group of 3-4 years, 4-5 years and 5-6 years randomly selected from list of children attending AWC using lottery draw method. Thus a total number of 09 children per project.
- Number of PRI member- one per Mini-AWC i.e. 3 per project.
- ANM - one per Mini-AWC i.e. around 3 for one project. ANM involved with providing services to the sample Mini-AWC is selected as sample.
- Supervisor- Three per project. Supervisor in charge of that particular circle from which sample Mini-AWC was selected was considered as sample.
- CDPO - one per project.

STUDY TOOLS

Keeping in view the objectives of the study, firstly, themes to be studied under the study were prepared as listed below for development of schedules.

- Knowledge, understanding and skills of worker of Mini-AWCs on important aspects required for delivery of services.
- Extent and quality of delivery of ICDS services.
- Extent and quality of ICDS services received by beneficiaries.
- Understanding and role of community on ICDS implementation.
- Efforts made by worker of Mini-AWC for involvement of community in implementation of ICDS programme.
- Efforts made by community for effective implementation of ICDS.
- Development in children
- Knowledge, understanding and skills of mothers for childcare.
- Problems & challenges in implementation of ICDS programme.

Further, details of aspects to be studied under each theme were worked out and logically placed under each schedules depending on role and responsibility of functionaries and beneficiaries keeping in view the implementation of Mini-AWCs. In order to assess development in children, Children Learning and Competency Test (CLCT) already developed by NIPCCD was used. Details of schedules developed under the study are as stated below:

Observation Schedule for Mini-AWC- To observe various activities conducted on the day of visit to Mini-AWC.

Schedule for Worker of Mini-AWCs- To assess the extent of delivery of ICDS services by Mini AWCs and problems/challenges faced in implementation of ICDS programme.

Schedule for Supervisor/CDPO- In order to study overall implementation of ICDS programme through Mini-AWC and problems/challenges experienced.

Children Learning and Competency Test (CLCT) - Children Learning and Competency Test already developed by NIPCCD would be used to assess development in children.

Schedule for community leader/PRI member- To assess understanding, role and contribution of community leaders/PRI members for implementation of ICDS programme.

Schedules for pregnant women, lactating mothers, mothers of 7 months-3 years children and mothers of 3-6 years children—To assess benefits received by beneficiaries, their involvement in implementation of ICDS programme and their knowledge, understanding and skills on care of children.

Schedule for ANM- To assess the level of convergence between ICDS and Health Department.

It may be mentioned that every schedule/question of schedule had adequate instruction for Investigators for facilitating discussion with respondents and writing/rating their responses. The tools were pre-tested and finalised before their use. These schedules are at Annexures III to XII.

DATA COLLECTION

Data collection using these schedules developed under the study was done from October to November, 2012 by the seven Central Monitoring Units (CMUs) including NIPCCD, Regional Centres i.e Department of Community Medicine, S. V. Medical College, Tirupati, Department of Community Medicine, Osmania Medical College, Hyderabad, Department of PSM, Govt. Medical College, Aurangabad, Department of PSM, Indira Gandhi Govt. Medical, College, Nagpur, NIPCCD, Regional Centres, Guwahati, Indore and Lucknow.

Details of sample selected and studied under the study are at Annexure-XIII. These sample details are as stated below.

- Number of sample states, districts, icds projects, functionaries, community leaders and ANMs;
- Name of sample state, district, ICDS Project, Mini-AWCs and sub-centre;
- Number of project wise sample functionaries, community leaders and ANMs;
- Name of sample MINI-AWW;
- Name of sample ANMs and sub-centres;
- Name of sample CDPOs and supervisors;
- Name of sample PRI members;
- Name of sample children;
- Name of sample mothers of beneficiaries; and
- Name of sample pregnant women and lactating mothers.

In some cases, due to field realities, less number of sample has been taken. In case of ICDS project, Dahanu, Thane district (Maharashtra), a mother having a child of 8 months has been considered as lactating mother and data collected from two mothers having children.

Chapter 3

Analysis of

Data

DATA ANALYSIS

Data collected under the study have been analysed under 16 major heads and 42 relevant aspects. Data tables have been prepared in such a way that comparative analysis among projects and among states can be made on various aspects of implementation of Mini-AWCs. Apart from absolute number, percentage has also been mentioned in parenthesis in data tables for easy comparison. In some cases, rating in ten point scale and averages has been worked out and placed in tables. The 16 major heads used for data analysis are as stated below.

- Profile of sample;
- Guidelines for implementation of Mini-AWCs;
- Infrastructure;
- Functioning of Mini-AWCs;
- Beneficiaries;
- Service delivery;
- Home visit;
- Monitoring;
- Records and registers;
- Additional assignment;
- Innovative work;
- Knowledge, understanding and skill of Mini-AWWs and women/mothers;
- Cooperation from health officials;
- Convergence between Mini-AWCs and primary school;
- Community participation; and
- Problems/challenges and suggestions for better implementation of Mini-AWCs

All the data tables of the study are in volume-II of the report. It may be mentioned that in some cases, due to inadequate space in data tables, short forms for some words/responses have been created and used. Details of these short forms/ abbreviation has been mentioned below the tables as well as under Abbreviation placed next to list of graphs.

Chapter 4

Major Findings of the Study

MAJOR FINDINGS

Keeping in view objectives of the study, the major findings that emerged from the analysis of data collected from the observation of Mini-AWCs and sample of the study are stated below. However, relevant data tables should be referred for meaningful understanding and corrective action.

01 PROFILE OF SAMPLE

1.1 Regarding working experience, it was found that around 68 per cent of Mini- AWWs had 1- 5 years of working experience in all the five states. In AP and Maharashtra more than half of the Mini- AWWs had 1- 5 years of working experience. Whereas in MP and UP all the AWWs had 1- 5 years of working experience.

1.2 Educational qualification of around 25 per cent of Mini- AWWs was Intermediate and 31.6 per cent of them were matriculate. However, only 8.3 per cent of Mini- AWWs were educated upto Post-graduation.

1.3 Around 37 per cent of Mini- AWWs received job training. However 83.3 per cent of Mini- AWWs in AP and 75 per cent in Assam had received job training whereas in MP and Maharashtra, no job training was received by Mini- AWWs. It may be mentioned that 63 per cent of Mini AWWs were not provided job training and these untrained Mini AWWs were working without training ranging from 20-204 months i.e. 13% working from 20-23 months, 10% from 24 months, 25% from 25-48 months, 8% from 49-88 months and 7% from 124-204 months.

1.4 Fifty per cent of Mini AWWs received refresher training in AP. Whereas in Assam, Maharashtra and UP, no Mini- AWWs received refresher training.

1.5 Around 32 per cent of Mini- AWWs attended JTC for less than 30 days. Whereas 5 per cent of Mini- AWWs attended JTC for less than 90 days. This difference of duration of JTC is due to the fact that before 2002, AWWs were provided job training for 72 working days, during 2002-2004 the working days were 45 and from 2005, AWWs were provided job training for 26 working days. It may be mentioned that both AWWs and Mini-AWWs are provided with same job and refresher training courses.

1.6 Around 33 per cent of Mini- AWWs attended Refresher Training Course (RTC) for 1- 15 days in AP. However, only 10 per cent of them attended RTC for 1- 15 days in all the five states. The working days of refresher training for AWWs was 6 before 2002 and during 2002-2004, it was for 12days and from 2005, it has been revised to 5 working days.

1.7 Around 15 per cent of Mini- AWWs received JTC in the year 2012 and 5 per cent of Mini- AWWs received RTC in the year 2012. It may also be mentioned that most of the AWWs received training in the year 2012.

1.8 Around 46 per cent of Supervisors/CDPOs had working experience of 13 to 48 months. Whereas only 18.42 per cent Supervisors/CDPOs had less than 1 year of work experience.

1.9 Around 36 per cent of Supervisors/CDPOs had experience of working in ICDS for 121 to 240 months.

1.10 More than 40 per cent (42.10) of Supervisors/CDPOs were educated upto graduation and little less than 40 per cent of Supervisors/CDPOs were found to be Post-graduate.

1.11 More than 96.05 per cent of Supervisors/CDPOs were job trained, and 69.73 per cent of them in all the five states were found to be received at least one refresher training.

1.12 It was found that the overall average work experience of ANMs in all the five states was 184.5 months.

02 GUIDELINES FOR IMPLEMENTATION OF MINI- AWCs

2.1 Around 3.95 per cent Supervisors/ CDPOs stated that guidelines for implementation of Mini- AWCs were developed. However, it may be mentioned that there was no structured guidelines developed for implementation of Mini- AWCs in 5 states.

2.2 More than 21 per cent Supervisors/ CDPOs reported that they had developed/adopted specific strategy for implementation of Mini- AWCs. Similarly, around 18 per cent Supervisors had developed/adopted specific strategy for providing training to Mini- AWWs. However, it may be mentioned that the strategies stated by supervisor/CDPOs for implementation of Mini-AWCs and providing training to Mini-AWWs were not strategies and in true sense there was no structured strategy developed for implementation of Mini-AWCs or providing training to Mini- AWWs in any states.

03 INFRASTRUCTURE

3.1 Regarding type of building for Mini- AWCs, it may be mentioned that around 28 per cent of Mini- AWCs were on rent, 22 per cent were functioning in the homes of AWWs, 18 per cent on school building and 25 per cent of Mini- AWCs were running in rent free community buildings.

3.2 Availability of indoor space was found in 80 per cent Mini- AWCs whereas availability of outdoor space was found in 71.66 per cent Mini- AWCs in all the five states.

3.3 It was found that 45.83 per cent Mini- AWCs had adequate indoor space (against 80% Mini-AWCs having indoor space) and 55.81 per cent Mini- AWCs had adequate outdoor space (against 72% Mini-AWCs having outdoor space) in all the five states.

3.4 About use of indoor space, it was found that in 8.33 per cent Mini-AWCs, indoor space is used to great extent i.e. indoor games/other PSE activities are conducted every day at least one hour or above per day and in case of 75 per cent Mini-AWCs, this is used to some

extent i.e. indoor games/other PSE activities are conducted less than an hour or at least for half an hour per day. However, in case of 16.66 per cent Mini-AWCs, indoor space was not used i.e. no indoor games/other PSE activities are conducted by Mini-AWWs. Similarly, about use of outdoor space, it was found that outdoor games/PSE activities are conducted as per the time table everyday or at least 30 minutes per day in 9.30 per cent Mini-AWCs and in case of 62.79 per cent, outdoor games/PSE activities are conducted at least three days in a week as per the time table or at least 30 minutes per day. However, in case of 20 per cent Mini-AWCs no outdoor games/other PSE activities are conducted at Mini-AWCs by Mini-AWWs.

3.5 Separate kitchen was available in around 17 per cent Mini- AWCs in all the five states.

3.6 Maximum numbers of Mini- AWCs (46 per cent), food was prepared mostly at Mini-AWWs house where there was no separate kitchen at Mini-AWCs. However, in 20% Mini-AWCs, food was prepared in covered space at Mini-AWCs and in case of 8 per cent centers, food was prepared at open space of Mini-AWCs.

3.7 In more than half (55%) of the Mini- AWCs, hand pump was the source of drinking water in all the five states.

3.8 Water was stored in covered utensils in around 57 per cent Mini- AWCs and uncovered utensils in 12 per cent Mini-AWC, in all the five states.

3.9 Toilet facility was available in only 15 per cent Mini- AWCs and there was no toilet facility available in any of the Mini- AWCs of U.P. Maximum numbers of children (61 per cent) go out of Mini-AWCs for urination.

3.10 Separate space for storing food items was found to be available in around 13.33 per cent Mini-AWCs in all the five states and there was no separate space for storing in any Mini-AWCs in Asam.

3.11 As an alternative arrangement, Mini- AWCs where there was no separate space available for storing food items, food was stored at the house of AWWs in case of 61.53 per cent Mini- AWCs.

04 FUNCTIONING OF MINI-AWCs

4.1 Sixty Two per cent of the Mini- AWCs were half to 1 km away from Main AWCs.

4.2 The population of around 31.57 per cent Mini- AWCs was more than 400 at the time of sanction of Mini- AWC. Whereas at the time of data collection the population of 43.33 per cent Mini- AWCs was more than 400.

4.3 More than three fourth (76.66%) of Mini- AWWs stated the need for establishment of Mini- AWCs as beneficiaries were not getting ICDS services, while 68.33 per cent Mini-

AWWs said the need for establishment of Mini- AWCs was non availability of AWCs near the village.

4.4 Around 71 per cent of CDPOs/Supervisors were of the view that Mini- AWCs were established in order to provide ICDS services in the areas not covered by main AWCs.

4.5 It is clear from the responses of Supervisors/CDPOs that even though the population of the area of 43.33 per cent Mini- AWCs was more than 400 at the time of data collection, only 146 Mini-AWCs were converted into Main-AWCs. However, these conversion took place in two states i.e. Andhra Pradesh (120) and Maharashtra (26).

4.6 In four out of five states, CDPOs/Supervisors reported that strategy was available to convert Mini- AWCs to Main- AWCs, even then only 146 (4.7%) Mini-AWCs were converted into Main-AWCs. Maximum number of conversion (55.55%) of Mini- AWCs into Main- AWCs was done in the year 2006.

4.7 The average total duration of working hours of all Mini-AWCs keeping in view opening and closing time on the day of visit was 3.75 hours (AP-4 hours, Asam-3.85, MP-4.83, Maharashtra-3.33 and 2.75 hours for UP).

4.8 The average actual time spent on the day of the visit by all Mini-AWCs for Preschool Education was 1.32 hours (AP- 1.54 hours, Asam- 1.71, MP- 1.32, Maharashtra- 0.83 and 1.21 hours for UP), 0.80 hours for supplementary Nutrition (AP- 0.58 hours, Asam- 0.58, MP- 1.28, Maharashtra- 1.04, and 0.51 hours for UP) and 0.72 hours for Record Keeping (AP- 0.44 hours, Asam- 0.75, MP- 1.36, Maharashtra- 0.5 and 0.44 hours for UP).

05 BENEFICIARIES

5.1 In around 58 per cent Mini- AWCs, 61- 90 per cent children (3- 6 years) were present on the day of visit and around 91 and above per cent children were present in around 10 per cent of Mini-AWCs.

5.2 Around 94 per cent of 6- 36 months children, 91.19 per cent of 3- 6 years children, 90.90 per cent pregnant women, 94.26 per cent lactating mothers and only 58.47 per cent Adolescent girls were enrolled in all the five states. Whereas, 85.27 per cent 6- 36 months children, 90.20 per cent 3- 6 years children, 80.83 per cent pregnant women, 84.41 per cent lactating mothers and 48.11 per cent adolescent girls received services in all the five states.

5.3 Around 15 per cent of enrolled children (6-36 months), 10 per cent of 3-6 years children, 19 per cent of pregnant women and 16 per cent enrolled lactating mothers were not receiving ICDS services from Mini-AWCs.

06 SERVICE DELIVERY

6.1 STATUS OF DELIVERY OF SERVICES

6.1.1 Around 44.87 per cent CDPOs/Supervisors were of the view that there is a difference in delivery of services between Mini and Main- AWCs. It may also be mentioned that around 45 per cent CDPOs/ Supervisors found difference in PSE, 20.58 per cent in Supplementary nutrition, 14.7 per cent in growth monitoring, 20.58 per cent in immunization, 23.52 per cent in health check- up, 17.64 per cent in referral services, 23.52 per cent in NHE, 26.47 per cent in use of medicine kit, 20.58 per cent in working hours, 14.70 per cent in maintenance of records and registers and 14.70 per cent in provision for helper and honorarium.

6.1.2 Around 53 per cent Mini- AWWs provided all the services in all the five states. However, the remaining Mini- AWWs could not provide all the services to the beneficiaries. The left out services were Supplementary nutrition (32%), Immunization (35.71%), Health check- up (60.71%), Referral services (57.14%), NHE (28.57%), and Pre- school education (21.42%).

6.1.3 The problems experienced by Mini- AWWs in providing services to beneficiaries were lack of adequate attendance of children (33.33%), Lack of building for Mini- AWCs (60%), lack of kitchen facility (61.66%), lack of store facility (68.33%), lack of toilet facility (68.33%), lack of helper (63.33%), lack of required community involvement in the programme (46.66%) and inadequate cooperation from education department (33.33%).

6.2: EARLY CHILDHOOD CARE AND EDUCATION

6.2.1 It was observed that around 42 per cent of Mini-AWCs had good seating arrangement for children, 51.66 per cent had improper and 7 per cent Mini-AWCs had very good seating arrangement for children. Very good seating arrangement was seen only in Asam and Maharashtra and improper seating arrangement was found in around 67 per cent Mini-AWCs in AP.

6.2.2 It was found in 36.66 per cent Mini- AWCs, the time table was available for conducting PSE activities and in 40 per cent of them, time table was observed to be displayed.

6.2.3 Time table was available in maximum number of Mini-AWCs (92%) in Asam and this was displayed in maximum number of Mini-AWCs (67%) in case of MP and there was no display of time table in case of AP and Maharashtra.

6.2.4 Out of 37 per cent of total Mini-AWCs where time table was available, 27 per cent use the time table to great extent, 63 per cent to some extent and in 9 per cent Mini-AWCs, it is not used. Thirty three per cent of Mini-AWC in AP and 20% in UP did not use the time table through it was available with them.

6.2.5 It was observed that guide book for PSE was available in around 12 per cent of Mini-AWCs and it was used to great extent in 57.14 per cent of Mini-AWCs. However, this guide book was not used in 33 per cent of Mini-AWC.

6.2.6 PSE kit was available in 57 per cent of Mini-AWCs. On a ten point rating scale, the availability of materials in PSE kit during the visit to Mini-AWC for data collection was found to be 4.88 in all the Mini-AWCs. Similarly, availability of PSE materials other than PSE kit was found to be 51.66 per cent in five states. Highest rating (5.56) for availability of materials in PSE kit was found in case of Assam. Similarly, highest per centage of Mini-AWCs (75 per cent) in MP had PSE materials other than PSE kit.

6.2.7 Extent of use of PSE kit/ materials rated in 10 point scale for all the 60 Mini-AWCs was found to be 3.3. It may also be noted that among five states, the highest average rating on the extent of use of PSE kit/ materials was found in Assam.

6.2.8 The overall average rating of quality of PSE activity was found to be 4.33 on a ten point scale in all the five states. The highest rating of quality of PSE activity was found in Assam (4.83).

6.2.9 In 7 per cent Mini-AWCs, involvement of children in PSE activities was very good and it was good in case of 37 per cent Mini-AWCs. However, involvement of children was found to be inadequate in case of 57 per cent Mini-AWCs.

6.2.10 About sustaining interest of children in PSE activities, it was found to be very good in case of 8 per cent Mini-AWCs, good in 37 per cent and inadequate in case of 55 per cent Mini-AWCs.

6.2.11 Problems experienced by Mini-AWWs in organising PSE activities were lack of adequate skill in Mini-AWWs (46.66%), lack of adequate PSE materials (65%), lack of interest of parents for PSE (30%), lack of adequate indoor space (41.66%), lack of outdoor space (36.66%), lack of guidance from ICDS officials (36.66%) and lack of guidance for conducting PSE activities in 46.66% Mini-AWCs.

6.2.12 Around 47 per cent Mini-AWWs provided guidance to mother on home stimulation in all the five states. This is highest (91.67%) in MP and lowest (8.33) in case of U.P.

6.3 CHILD LEARNING COMPETENCY

6.3.1 The overall average score of 3-4 years children in child learning competency test was found to be 17.39 out of 50 in all the five states. The highest average score (25.83) was in AP and lowest average score (9.75) was in U.P.

6.3.2 The overall average score in child learning competency test for 4- 5 years children was found to be 23.01 out of a total score of 50 in all the five states. It was highest (35.67) in case of AP and lowest (14.83) in MP.

6.3.3 The overall average score in child learning competency test for 5- 6 years children was found to be 26.84 out of a total score of 50 in all the five states. Children of AP secured highest score (Average-39) and lowest score (Average-12.66) was scored by children of MP.

6.4 SUPPLEMENTARY NUTRITION

6.4.1 Around 32 per cent of Mini-AWCs were provide hot cooked food (HCF), 43 per cent ready to eat(RTE) food and 25 per cent dry ration to pregnant women. Similarly 32 per cent Mini-AWCs provide HCF, 48 per cent RTE and 25 per cent dry ration to Lactating Mothers as Supplementary Nutrition. All Mini-AWCs in UP were providing RTE food to all beneficiaries. However, in 3 states (Asam, Maharashtra and UP) out of five, all Mini-AWWs were providing HCF to children (3-6 years). Thus, in total 93 per cent Mini-AWCs were providing HCF to children (3-6 years).

6.4.2 As stated by pregnant Women beneficiaries, around 81 per cent of them were receiving Supplementary Nutrition from Mini- AWCs. But in case of four states (AP, MP, Maharashtra, and UP), all pregnant women were receiving Supplementary Nutrition. However, in case of Assam, only 9 per cent of pregnant women informed that they were receiving Supplementary Nutrition.

6.4.3 Around 80.18 per cent lactating mothers reported that they were getting supplementary nutrition from Mini-AWCs and 80.95 per cent of them said the quality of supplementary nutrition was good.

6.4.4 In states of AP, MP, and Maharashtra and UP, all the lactating mothers in Mini- AWCs were getting supplementary nutrition and 70.23 per cent of them said the quality was good.

6.4.5 Around 78.99 per cent children (7- 36 months) in all Mini- AWCs visited were getting supplementary nutrition and the quality of supplementary nutrition was rated to be good by 77.92 per cent parents. All the children (7-36 months) in AP, MP, and Maharashtra and UP were receiving supplementary nutrition from Mini AWCs as reported by their mothers.

6.4.6 Around 96 per cent mothers (3- 6 years children) reported that their children received supplementary nutrition from Mini- AWCs in all the five states. Taste of Supplementary nutrition was rated as good in taste by 84.07 per cent mothers of 3- 6 years children and quality was rated good by 80.53 per cent mothers and 72 per cent of them reported that quantity of Supplementary Nutrition was provided as per norm/menu.

6.4.7 In around 71.66 per cent Mini-AWCs supplementary nutrition provided to the beneficiary was adequate and in 90 per cent Mini-AWCs, SN was acceptable to the community. In case of 6 Mini-AWCs in UP (50 per cent), SN was not acceptable to community. In these 10 per cent Mini- AWCs, SN was not acceptable because the taste was not good and menu was not as per local food habit.

6.4.8 Cooking utensils was found to be adequate in 36.66 per cent Mini-AWCs whereas in 31.67 per cent Mini- AWCs serving utensils were found to be adequate. In case of Assam, all Mini-AWCs had adequate utensils for cooking and serving.

6.4.9 Thirty Seven per cent Mini- AWWs in all 5 states reported interruption of Supplementary Nutrition in the last 6 months. There was interruption in every Mini-AWCs in UP ranging from 31 days to more than 91 days due to lack of funds and delay in supply.

6.5: GROWTH MONITORING

6.5.1 Growth Monitoring of children was done in around 58 per cent of Mini AWCs. The reasons for not monitoring Growth of children by around 42 per cent of Mini AWCs were non availability of weighing machines (88%), 84 per cent Mini AWCs did not had growth charts and 72 per cent of Mini AWWs had no required skill for growth monitoring.

6.5.2 Non availability of weighing machine was found in more than one third (36.66%) Mini-AWCs of all five states and in case of AP, non availability of weighing machine was found in 66.66 per cent Mini -AWCs. However, growth monitoring was done in all the AWCs in Assam.

6.5.3 Around 29 per cent of lactating mothers, 46 per cent of mothers (7-36 months children) and 44 per cent of mothers (3-6 year children) reported that growth chart of their children were maintained at Mini AWCs. Out of these mothers, 26 per cent of lactating mothers, 51 per cent of mothers (7-36 months children) and 40 per cent mothers (3-6 years children) had seen growth chart of their children at Mini AWCs. Around 28 per cent of lactating mothers, 31 per cent of mothers (7-36 months children) and 42 per cent mothers (3-6 year children) were counseled by Mini AWWs on growth of their children.

6.5.4 In case of Assam, there was discrepancy in statements between AWWs and Lactating mothers for growth monitoring. AWWs reported that they were doing growth monitoring for all the children whereas only 61 per cent lactating mothers told that growth chart of their children were maintained at Mini AWCs. However, none of the lactating mother saw the growth chart of their children.

6.5.5 New WHO Child Growth Standards were implemented in 48 per cent of sample Mini AWCs of five states and it was found to be implemented in all Mini-AWCs in Assam.

6.5.6 New WHO child growth standards were implemented in 2011 in around 52 per cent of Mini AWCs. Implementation of New WHO growth Standards were still to be implemented in 7 projects (Utnoor, Sondaw, Dhanora, Udayagarh, Arajilines, Nagra and Rasda).

6.5.7 Half of the Mini AWWs (50%) had right skill of weighing. In case of plotting weight of children, one-third (33.33%) Mini AWWs had right skill. Only 30 per cent Mini-AWWs were found having skill in interpretation of growth charts. However it may be mentioned that

Mini AWWs of Maharashtra were having better skill (weighing 83%, plotting of weight 67%, and interpretation 50%) in Growth Monitoring in comparison to other states.

6.5.8 As reported by Mini AWWs around 47 per cent of them counseled mothers about growth of the children. Major reasons for not counseling of mothers were lack of knowledge that it should be done (59.37%), lack of skills (62.5%) and lack of interest shown by mothers (59%). In case of M.P. 75per cent Mini AWWs reported that they counseled mothers about growth of the child. On a 10 point scale, counseling skill of Mini AWWs in 4 states was rated to be 5.3. However, there was no rating in case of U.P.

6.5.9 More than two-third (66.66%) Mini-AWWs experienced problems in Growth Monitoring. Major problems experienced by Mini-AWWs were non-availability of functional weighing scales (72.5%), non-availability of growth charts (70%), lack of adequate skills in Mini AWWs (67.5%) and lack of interest of mothers for growth monitoring (45%). All Mini-AWWs from U.P. experienced problems in growth monitoring.

6.6: IMMUNISATION

6.6.1 As reported by 75 per cent ANMs, immunisation of children and pregnant women was done once in a month, however, around 22 per cent ANMs said that it was done twice and only 3.33 per cent said that it was done thrice in a month.

6.6.2 So far as the place of conducting immunisation was concerned, around 52 per cent of ANMs reported that it was conducted at AWCs, whereas, 53 per cent of ANMs said that immunisation was done at sub centre/ PHC/CHC. It may be mentioned that the above findings was due to the fact that immunisation was carried out both at PHC/ CHC/ Sub centre and AWCs.

6.6.3 In U.P, immunisation was conducted once in a month in all the Mini- AWCs as told by ANMs, whereas in Assam, most of the ANMs (83.33 %) said that the immunisation sessions were conducted twice in a month.

6.6.4 Around 57 per cent of Mini- AWWs reported that immunisation was done for all the children in three (AP- 91.66 %, Assam- 100 %, Maharashtra- 91.66 %) out of 5 states.

6.6.5 As reported by Mini-AWWs, in two states (M.P. and U.P.), all the children were not immunized in any of the Mini- AWCs. The reasons behind non-immunisation of all children as stated by Mini-AWWs were, children were not present in the village (53.84 %) and ANM did not come on fixed day (3.84 %). In case of UP, no records were available in respect of immunisation.

6.6.6 It was found that in 45 per cent of Mini- AWCs, cent per cent children were immunised as told by ANMs and these Mini- AWCs were from Andhra Pradesh, Assam and Maharashtra. However, in 53.33 per cent Mini- AWCs, all the pregnant women were immunised and the reason of less coverage in other Mini- AWCs was due to migration and

absence. It may be mentioned that only in Assam all the pregnant women in all the Mini-AWCs were fully immunised as told by ANMs.

6.6.7 Around 79 per cent of Lactating mothers reported that their children were immunised. Immunisation of children (0- 6 months) was found highest (95.65 %) in Assam. It may also be mentioned that in 6 projects all the children (0- 6 months) were fully immunised as told by lactating mothers.

6.6.8 Mothers of around 84 per cent children reported that their children received OPV- O and 33 per cent of them reported that their children have received Hepatitis- B- O which was to be given at the time of birth. Lactating mothers also reported that their children had received OPV- 1 (81.81 %), DPT- 1 (82.95 %) and Hepatitis B- 1 (47.72 %).

6.7: HEALTH CHECKUP

6.7.1 Around 73 per cent of Mini- AWWs and 75 per cent of ANMs in all 5 states told that health checkup of all Mini-AWC children was done. It may also be mentioned that all the Mini- AWWs of Maharashtra reported that health checkup of children was conducted where as all the ANMs of Assam reported that health checkup of children was carried out. However, in UP only 8.33 per cent of both Mini- AWWs and ANMs reported that health checkup of children was done. The reasons behind not carrying out health check up in remaining 92 % of Mini- AWCs in UP was health department never does it.

6.7.2 Out of the total Mini- AWCs where the health checkup of children was conducted, around 59 per cent of Mini- AWWs and 58 per cent ANMs reported that health checkup was done quarterly.

6.7.3 According to Mini- AWWs (84.09%) and ANMs (84.44%) cent per cent health check-up of children was carried out by ANM in four out of five states except Maharashtra. In Maharashtra, health check up was carried out by doctor in case of 83 per cent Mini-AWCs. However, around 2 per cent of both Mini- AWWs and ANMs reported that health checkup was carried out by LHVs and around 39 per cent of Mini- AWWs and 60 per cent of ANMs reported that health checkup was done by doctors in all 5 states.

6.7.4 Seventy three per cent of Mini- AWWs reported that health checkup of Mini-AWC children was conducted. The aspects of health check- up as told by Mini- AWWs were checking and recording weight (84.09 %), checking and recording height (75 %), checking milestones in growth and development (68.18 %). Checking up of Skin (75 %), Eyes (72.73 %), Ears (52.27 %), Worm infestation (61.36 %) diarrhoea (59.09 %), dysentery (56.82 %), ARI (54.55 %), Anemia (59.09 %), Vitamin- A deficiency diseases (45.45 %), Iodine deficiency diseases (34.09 %), blood test (31.82 %), and urine test (6.82 %). It may be mentioned that almost similar responses were reported from ANMs about the aspects of health checkup of children.

6.7.5 Around 87 per cent Mini- AWWs and 78 per cent ANMs reported that health checkup of pregnant women of Mini-AWCs was conducted. Around 75 per cent Mini- AWWs told that health checkup of pregnant women was conducted monthly and around 19 per cent of them reported it was done quarterly. Similarly, 68 per cent ANMs reported that health checkup of pregnant women was conducted monthly and 27.65 per cent reported that it was conducted quarterly.

6.7.6 In Assam and M.P. health checkup of pregnant women was conducted monthly in all the Mini- AWCs as reported by both Mini- AWWs and ANMs. However, in U.P. it was conducted quarterly in all the Mini- AWCs as reported by both Mini- AWWs (87.5%) and ANMs (100%).

6.7.7 Of all the AWCs where health checkup of pregnant women was conducted, around 96 per cent of Mini- AWWs and 89 per cent of ANMs reported that it was conducted by ANMs. It may also be mentioned that maximum number of Mini- AWWs and ANMs of Andhra Pradesh, Assam, M.P. and U.P. reported that health checkup of pregnant women was conducted by ANMs whereas about 29 per cent of Mini-AWWs and 21 per cent of ANMs said that it was conducted by doctor.

6.7.8 The aspects of health checkup of pregnant women as told by Mini- AWWs were, similar to great extent to what ANMs reported. The aspects of health checkup of pregnant women as told by Mini- AWWs were taking weight (94.23 %), measuring blood pressure (78.84 %), Urine examination (48.07 %), examination of blood (59.61 %), measuring of pulse rate (55.76 %), checking oedema (65.38 %) and checking fetal movement (55.76 %) as told by Mini- AWWs. Similarly, as reported by ANMs the aspects of health check-up of pregnant women were taking weight (93.61 %), measuring blood pressure (72.34 %), urine examination (53.19 %), examination of blood (70.21 %), measuring of pulse rate (61.70 %), checking oedema (63.82%) and checking fetal movement (68.08 %).

6.7.9 About the IFA tablet received by Pregnant women, it may be mentioned that around 42 per cent pregnant women received 100 IFA tablets, 30.95 per cent of them received 60 IFA tablets, 16.67 per cent 90 tablets, 2.38 per cent 120 tablets, 4.76 per cent less than 60 IFA tablets and 2.38 per cent of Pregnant women received more than 120 tablets. Regarding the number of IFA tablet consumed by Pregnant women, it may be mentioned that 44.05 per cent of Pregnant women consumed 60 tablets, around 23 per cent consumed 100 tablets, 10.71 per cent consumed 90 IFA tablets, 1.19 per cent consumed 120 tablets, 17.86 per cent consumed less than 60 tablets and 1.19 per cent consumed more than 120 tablets.

6.7.10 About the IFA tablets received by Lactating mothers during their pregnancy, it may be mentioned that 43.15 per cent of lactating mothers received 100 tablets, 42.10 per cent received 90 tablets, 5.26 per cent received less than 60 tablets and 2.10 per cent received 120 tablets. Regarding the number of IFA tablets consumed by lactating mothers during pregnancy, it may be mentioned that around 36 per cent consumed 100 tablets, 34.73 per

cent consumed 60 tablets, 22.10 per cent 90 tablets, 2.10 per cent consumed 120 tablets and 2.1 per cent of them consumed less than 60 tablets.

6.7.11 Regarding number of health checkups received by lactating mothers during pregnancy, it may be mentioned that around 36 per cent of them received health check- up thrice, 30.18 per cent received four times or more, 10.37 per cent twice and 7 per cent once. In case of UP, health check- up was not done for 63 per cent Lactating mothers during pregnancy.

6.7.12 Weight monitoring was done for 48.57 per cent pregnant women by Mini- AWWs and 38.18 per cent of pregnant women knew their weight.

6.7.13 Around 82 per cent of pregnant women received TT vaccination out of which 50 per cent of them received TT vaccination once and around 47 per cent of them received twice.

6.7.14 Ninety seven per cent of lactating mothers received TT vaccination during their pregnancy out of which 63.10 per cent of them received TT vaccination twice and around 36 per cent of them received it once.

6.8: REFERRAL SERVICES

6.8.1 Referral slip was available with 10 per cent Mini- AWWs from which only 66.66 per cent Mini- AWWs used referral slip for referring beneficiaries to health facilities.

6.8.2 Around 12 per cent Mini- AWWs experienced problems in providing medical care to referral cases in all the five states. The problem were mostly health facility and parents did not take interest.

6.8.3 Around 10 per cent pregnant women, 21 per cent lactating women, 20 per cent mothers of 7- 36 months children and 8 per cent mothers of 3- 6 years children were referred to FRU in all the five states.

6.9: NUTRITION AND HEALTH EDUCATION

6.9.1 Eighty five per cent of Mini- AWWs were conducting NHE session and around 61 per cent of Mini- AWWs were organising the NHE session once in a month. The reasons for not conducting NHE by the remaining AWWs were Mini- AWWs did not know how to organise NHE session (77.77%), Mini- AWWs not aware of this (66.66%), Mini- AWWs did not had the skill (55.55%) and women were not interested for NHE (33.33%).

6.9.2 The major topics covered in NHE session in the last six months were Need and importance of nutrition and health care of adolescent girls(46.67%); Need and importance of registration and health check- up of pregnant women(43.33%); Need and importance of nutrition and health care of pregnant women(73.33%); Need and importance of institutional delivery(55.00%); Five cleans to be observed/ensured for safe delivery(40%); Exclusive breast feeding(56.66%); Complementary feeding for children(35%); Need and importance of

nutrition and health care for children(35%); Need and importance of immunisation of children(53.33%); Need, importance and activities for early childhood stimulation(23.33%); Nutritive value of various foods(31.67%); Need and importance of various food in daily life for children and women(25%); Objectives and services under ICDS(13.33%); Role of community/gram panchayat in ICDS(16.67%); and Need and importance of cleanliness and sanitation(30%) as reported by Mini- AWWs.

6.9.3 Around 68 per cent of pregnant women reported that NHE session was conducted by Mini- AWWs and around 37 per cent of them reported it was conducted once in a month.

6.9.4 Around 69 per cent of Lactating mothers reported that NHE session was conducted by Mini- AWWs and around 37 per cent of them reported that it was conducted once in a month.

6.9.5 Around 67 per cent of mothers (7- 36 months children) reported that NHE session was conducted by Mini- AWWs and around 48 per cent of them reported that it was conducted once in month.

6.9.6 Around 65 per cent of mothers (3- 6 years children) reported that NHE session was conducted by Mini- AWWs and around 40 per cent of them reported that it was conducted once in a month.

6.9.7 It was found that 49.52 per cent of Pregnant women, 56.60 per cent of Lactating mothers, 51.26 per cent of mothers of 7- 36 months children and 65.25 per cent of mothers of 3- 6 years of children were attended NHE session in all the five states.

6.9.8 On a ten point scale average attendance rating of beneficiaries in NHE session was found 4.24 in all the five states.

6.9.9 On a ten point scale average skill of Mini- AWWs for organising NHE Session was found 4.26 in all the five states.

6.9.10 On a ten point scale average rating of availability of materials for conducting NHE Session was found to be 2.83 in all the five states. It may also be mentioned that availability of materials for conducting NHE in UP was zero.

6.10: MEDICINE KIT

6.10.1 Medicine kit was available in 40 per cent Mini- AWCs. However, in U.P. and Assam medicine kit was not available in any of the Mini- AWCs.

6.10.2 On a ten point scale average skill of Mini- AWWs on use of medicine kit, where medicine kit was available, was found to be 4.38, whereas, extent of use of medicine in ten point scale was found to be 3.86.

6.10.3 Around 30 per cent Pregnant women, 25.92 per cent Lactating mothers, 35.29 per cent mothers of 7- 36 months children and 24.57 per cent mothers of 3- 6 years children were taking medicines from Mini-AWCs in all the five states.

6.11: MOTHER AND CHILD PROTECTION CARD

6.11.1 It was found that 95 per cent of ANMs in all 5 states were aware of MCPC whereas in Assam, MP, Maharashtra and UP all the ANMs were aware of MCPC.

6.11.2 Seventy two per cent of Mini- AWWs and 85 per cent of ANMs reported that MCPC was provided to beneficiaries, however around 32 per cent of Mini- AWWs and 68.33 per cent of ANMs got required skill for filling up MCPC and 62 per cent of Mini- AWWs and 90 per cent of ANMs reported that MCPC were used as a tool for providing services.

6.11.3 Around 73 per cent of Mini- AWWs and 93 per cent of ANMs reported that women/ mothers used MCPC for availing services, around 57 per cent of Mini- AWWs and 90 per cent of ANMs reported that women/ mothers used MCPC for getting JSY benefit, 35 per cent Mini-AWWs and 52 per cent ANMs for feeding self/children, 20 per cent of Mini-AWWs and 35 per cent ANMs for conducting stimulation activities, 22 per cent Mini-AWWs and 30 per cent ANMs for getting IGMSY benefits and 32% Mini-AWWs and 63 per cent ANMs reported that beneficiaries were using MCPC for health care of women and children.

6.11.4 It was found that around 75 per cent of pregnant women had knowledge about MCPC. Out of which 69 per cent of them had got Mother and Child Protection card and around 42 per cent of pregnant women used as a counseling tool to learn, understand and follow positive practices for achieving good health of pregnant women, young mothers and children under three years of age.

6.11.5 Around 68 per cent of lactating mothers had knowledge about MCPC, 56.48 per cent of them had got Mother and Child Protection Card and around 84 per cent used this to know about various types of services under ICDS in all the five states.

6.11.6 Seventy four per cent of mothers (7-36 months children) had got MCPC. Around 66 per cent of mothers (7- 36 months children) reported that they had knowledge about MCPC and 81 per cent of them used Mother and Child Protection Card to know about various types of services under ICDS in all the five states.

6.11.7 Around 72 per cent of mothers (3- 6 years children) reported that they had knowledge about MCPC, 62 per cent of them had got MCPC and 61 per cent of these mothers used Mother and Child Protection Card to know about various types of services under ICDS in all the five states.

6.12: INDIRA GANDHI MATRITVA SAHAYOG YOJANA

6.12.1 It was found that sample Mini-AWCs of only A.P (16.66%) and Maharashtra (33.33%) implemented Indira Gandhi Matritva Sahayog Yojana (IGMSY). Out of these two states, only one Mini-AWW of Maharashtra (25%) experienced problems in implementing IGMSY.

6.13: RAJIV GANDHI SCHEME FOR EMPOWERMENT OF ADOLESCENT GIRLS (SABLA)

6.13.1 Twenty per cent Mini- AWCs implemented SABLA scheme in all 5 states. It may also be mentioned that SABLA scheme was not implemented at any of the Mini- AWCs of U.P and Assam.

6.13.2 Around 42 per cent Mini- AWWs experienced problem in the implementation of SABLA where it was implemented.

6.13.3 Problems experienced by Mini- AWWs in the implementation of SABLA were, inability of Mini- AWWs to form Kishori samooch properly (60%), Lack of vocational training (60%), lack of availability of training kit (40%), non availability of IFA tablets (40%) and inability of adolescent girls to prepare/ maintain Kishori cards (20%).

6.14: SERVICES TO ADOLESCENT GIRLS

6.14.1 Sixty eight per cent Mini- AWWs reported that they were providing services to adolescent girls in all the five states.

6.14.2 Total no. of girls enrolled in all the 60 Mini- AWCs were 643. However, number of girls provided services were 385 (59.88 per cent).

6.14.3 Services provided by Mini- AWCs to adolescent girls were supplementary nutrition (90.24%), IFA tablets (56.01%), NHE (39.02%), TT immunisation (34.15%), providing deworming medicine (31.71%), life skill education (17.07%) and vocational training (9.76%).

7: HOME VISIT

7.1 Around 92 per cent of Mini- AWWs conducted home visit and around 67 per cent of them reported that they visited home once in a day in all the five states.

7.2 Around 18 per cent of Mini- AWWs reported that they visited homes 5 times in last seven days in all the five states.

7.3 Forty per cent of Mini- AWWs had the right understanding for selecting a home/case for home visit.

7.4 Around 92 per cent of women and mother beneficiaries reported that Mini- AWWs made home visit and around 83 per cent of them reported that Mini- AWWs visited their homes.

7.5 Around 88 per cent of pregnant women reported that Mini- AWWs visited their homes and around 77 per cent of them reported that Mini- AWWs visited their homes one month prior to data collection in all the five states.

7.6 Around 82 per cent of Lactating mothers reported that Mini- AWWs visited their homes and around 61 per cent of them reported that Mini- AWWs visited their homes one month prior to data collection in all the five states.

7.7 Around 59 per cent of mothers of (7- 36 months children) reported that Mini- AWWs visited their homes and around 73 per cent of them reported that they visited their homes one month prior to data collection in all the five states.

7.8 Around 64 per cent of Mothers of 3- 6 years children reported that Mini- AWWs visited their homes and around 49 per cent of them reported that Mini- AWWs visited their homes one month prior to data collection in all the five states.

8: MONITORING

8.1 There was no difference in monitoring strategy between AWCs and Mini- AWCs as stated by CDPO/Supervisors.

9: RECORDS AND REGISTERS

9.1 Fifty two per cent of Mini- AWWs updated the records appropriately in all the five states.

10: ADDITIONAL ASSIGNMENT

10.1 Around 17 per cent of Mini- AWWs performed additional assignment in last 6 months. The additional assignments were mostly work related to census.

11: INNOVATIVE WORK

11.1 Thirteen per cent of Mini- AWWs reported that they did innovative work. But these were not innovative in true sense. However, these were mostly efforts made to call children to AWCs, tried to contact PRI members and participated in festivals and educate mothers.

12: KNOWLEDGE, UNDERSTANDING AND SKILL OF MINI-AWWs AND MOTHERS/WOMEN

12.1: OBJECTIVES AND SERVICES OF ICDS

12.1.1 Around 57 per cent of Mini- AWWs reported that they were aware of objectives of ICDS and 97 per cent of them reported that the objectives of ICDS were to improve the nutritional and health status of children in the age group 0- 6 years, to lay the foundations for proper psychological, physical & social development of the child (64.7%), to reduce the incidence of mortality, morbidity, malnutrition & school dropout (58.82%), to achieve effective coordinated policy & its implementation among various departments to promote

child development (50%) and to ensure capability of mother to look after the normal health, nutritional needs of the child through proper nutrition & health education (67.64%).

12.1.2 Awareness of Mini- AWWs about different services provided under ICDS were supplementary nutrition (96.66%), Immunisation (76.66%), Health check- up (78.33%), Referral services (68.33%), Nutrition and health education (68.33%), Non- formal preschool education (73.33%).

12.1.3 Around 89 per cent of pregnant women were aware of different services provided under ICDS in all the five states.

12.1.4 It was found that 90 per cent of lactating mothers were aware of different services provided under ICDS in all the five states.

12.1.5 Around 92 per cent of mothers of 6- 36 months children reported that they were aware of services provided under ICDS.

12.1.6 Awareness of mothers of 3- 6 years children about services provided under ICDS were supplementary nutrition (97.45%), Immunisation (85.59%), Health check- up (61.86%), Referral services (33.05%), Nutrition and health education (49.15%), and Non- formal preschool education (79.66%).

12.1.7 Awareness of pregnant women about benefits of Mini- AWCs were Supplementary nutrition (98.09%), Health check- up (82.85%), Immunisation of TT (89.52%), IFA tablets (85.71%), Nutrition and health education (69.52%), JSY benefit (64.76%) and IGMSY benefit (30.47%).

12.1.8 Awareness of lactating mothers about benefits of Mini- AWCs were Supplementary nutrition (90.56%), Health check- up (90.56%), Immunisation of her child (84.90%), Health check- up of her child (79.24%) and Nutrition and health education (56.60%).

12.1.9 Awareness of mothers about benefits of Mini- AWCs to children (6- 36 months) were Supplementary nutrition (89.07%), Immunisation (83.19%), Health check- up (79.83%) and Referral services (53.78%).

12.1.10 Awareness of mothers of 3- 6 years children about benefits of Mini- AWCs to children were Supplementary nutrition (100%), Immunisation (84.74%), Health check- up (68.64%), Referral services (58.47%) and Non-formal Preschool education (81.35%).

12.2: ACTIVITIES OF MINI- AWC

12.2.1 Around 96 per cent mothers of 3- 6 years children told that their children were going to AWCs everyday in all the five states.

12.2.2 Activities of children at Mini- AWCs as told by mothers of 3- 6 years children were taking hot cooked food (77.96%), prayer (75.42%), taking snacks/ breakfast (66.10%), indoor PSE activities (60.16%), outdoor PSE activities (42.37%), storytelling (42.37%), washing hands (41.66%) and cutting nails (33.05%).

12.3: COMPLEMENTARY FEEDING

12.3.1 According to Mini- AWWs complementary feeding was needed for growth of child (73.33%), to meet the nutritional requirement of growing child as breast milk is not sufficient (70%), Mother's milk has no adequate nutrition for the child (48.33%) and because other foods has got more nutritive value than the mother's milk (25%).

12.3.2 Seventy per cent of Mini- AWWs had the correct knowledge on necessity of complementary feeding i.e. breast milk alone is not sufficient to meet the nutritional requirements of the growing child whereas 90 per cent of Mini- AWWs had correct knowledge of time for introduction of complementary feeding i.e. after completion of six months.

12.3.3 Around 52 per cent pregnant women, 63.02 per cent lactating mother, 55.46 per cent mothers of 6- 36 months children and 64.40 per cent 3- 6 years children had the correct knowledge on necessity of complementary feeding i.e. breast milk alone is not sufficient to meet the nutritional requirement of the growing child.

12.3.4 Around 60 per cent pregnant women, 63.20 per cent lactating women, 51.12 per cent mothers of 6- 36 months children and 75.42 per cent mothers of 3- 6 years children had correct knowledge of time for introducing of complementary feeding i.e. after of completion of six months.

12.4: EXCLUSIVE BREAST FEEDING

12.4.1 Ninety per cent of Mini- AWWs had the correct knowledge of exclusive breast feeding i.e. giving no other food or drink- not even water except breast milk up to six months. In comparison to this 68.57 per cent pregnant women, 83.96 per cent lactating mothers, 65.54 per cent mothers of 7- 36 months children and 76.27 per cent mothers of 3- 6 years children knew the exact meaning of exclusive breast feeding.

12.5: SOURCE OF MACRO AND MICRO NUTRIENT

12.5.1 Around 72 per cent of pregnant women, 66.98 per cent of lactating mothers, 68.06 per cent of mothers of 7- 36 months children and 61.01 per cent mothers of 3- 6 years children reported that green leaves, palak, methi, bathua and chowlai are prime source for

getting iron and should be taken by pregnant women and children in their food for getting iron.

13: COOPERATION FROM HEALTH OFFICIALS

13.1 All the ANMs reported that they were aware of the services provided under ICDS in all the five states. It may be mentioned that all of them were aware of supplementary nutrition, 96.66 per cent were aware of immunisation, 95 per cent were aware of health check- up, 85 per cent were aware of referral service, 85 per cent were aware of nutrition and health education and 81.66 per cent were aware of preschool education.

13.2 All the ANMs reported that they were involved in providing health services under ICDS and services provided by them to beneficiaries were immunisation of children (100%), immunisation of pregnant women (100%), health check- up of children (80%), health check- up of pregnant women (86.66%), health check- up of lactating mothers (71.66%), Referral service (68.33%) and Nutrition and Health Education (81.66%) in all the five states.

13.3 Eighty per cent Mini- AWWs reported that they got adequate cooperation from health officials/ ANMs, whereas 98.33 per cent ANMs reported that they got required cooperation from Mini- AWWs in all the five states.

13.4 On a ten point scale average rating given by Mini- AWWs on convergence between Mini- AWCs and health department was found to be 5.11.

14: CONVERGENCE BETWEEN MINI- AWC AND PRIMARY SCHOOL

14.1 On an average, 6 children left from one Mini- AWC in the year 2012- 13, 5 children took admission in primary school and only 4 were continuing education in primary school.

14.2 On a ten point scale, convergence between Mini- AWCs and primary school was rated as 3.46 by Mini- AWWs of all the five states.

15: COMMUNITY PARTICIPATION

15.1 All the community leaders/ PRI members reported that they were aware of services provided under ICDS in all the five states.

15.2 All Community leaders/ PRI members were aware of supplementary nutrition, 88.33 per cent were aware of immunisation, 65 per cent were aware of health check- up, 45 per cent were aware of referral service, 41.66 per cent were aware of NHE and 76.66 per cent were aware of PSE in all the five states.

15.3 Community leaders/ PRI members reported that Mini- AWWs explained them about the objectives of ICDS (40%), the services of Mini- AWCs (63.33%) and the role of community in implementing ICDS (61.66%).

15.4 According to Community leaders/ PRI members, the role of community in implementation of Mini- AWC was to arrange building for Mini- AWC (40%), preparation of Supplementary Nutrition by SHG (21.66%), selection of Mini- AWWs (13.66%), monitoring of Mini- AWCs (30%), ensuring proper implementation of Mini- AWCs (36.66%) and sorting out problems in implementation of Mini- AWCs (31.66%).

15.5 For involvement of community in ICDS, Mini- AWWs told that they oriented community on their role (35%), educated community on objectives and services of ICDS (16.67%), oriented PRI members on objectives and services of Mini- AWC (25%), contacted PRI members and shared problems of Mini- AWCs (31.67%), oriented NGOs on activities of Mini- AWC (5%), attended meeting/ Met PRI members (20%) and involved PRI members in celebrations at Mini- AWCs (20%).

15.6 Around 21 per cent CDPOs/ Supervisors reported that they developed strategy for involvement of community in implementation of ICDS. The strategies included organising village level meetings, lok kalyan camp, community awareness programmes, mother meetings, home visit, joint visit, Manavikas camp, Arogyasevasatr, Bachat gat sahabhag and mangal divas.

15.7 Twenty per cent Community leaders/ PRI members reported that Mini- AWWs made request to them for help in running Mini- AWCs.

15.8 In Andhra Pradesh requests made by Mini- AWWs did not bring adequate result, whereas in Maharashtra and M.P. most of the requests were fulfilled. No request was made in Assam and U.P.

15.9 Around 68 per cent Mini- AWWs reported that community was involved in implementation of ICDS programme and the areas of involvement were providing building for Mini- AWC (46.34%), providing raw materials for Supplementary Nutrition (24.39%), local groups prepared Supplementary Nutrition (19.51%), providing toys/ play materials for PSE (12.19%), monitoring Mini- AWC activities by Gram Panchayat/ Local Bodies (48.48%) and support from NGOs in the implementation of ICDS (4.87%).

15.10 Around 9 per cent pregnant women reported that they contributed in the implementation/ running of Mini- AWC. Major contributions as reported by them were dropping children at AWCs, attended NHE sessions and participated in immunisation programme.

15.11 Only 1.88 per cent lactating mothers reported that they contributed in the implementation/ running of Mini- AWC by bringing children to AWCs and community mobilization.

15.12 According to 9.32 per cent mothers of 7- 36 months children and 23.72 per cent mothers of 3- 6 years children, they contributed in running Mini- AWCs by cleaning and

sweeping at AWCs, bringing children to Mini- AWCs, Attending NHE sessions and participated in immunisation etc.

15.13 According to 23.33 per cent Community leaders/ PRI members, community was not getting all the services of Mini- AWCs. It may also be mentioned that CLs/ PRI members of only Maharashtra (16.66%) and U.P. (100%) reported that community was not getting all the services.

15.14 Reasons for not getting all the services of Mini- AWCs in Maharashtra as reported by CLs/ PRI members were non availability of PSE materials, health check- up was not done regularly, no NHE activities. However, in U.P. hot cooked food was not supplied regularly, PSE activities were not conducted regularly, Mini- AWWs were not trained, health check- up was not conducted at Mini- AWCs, health facility was not available etc.

15.15 According to 25 per cent CLs/PRI members, community was satisfied with delivery of all the ICDS services.

15.16 Around 58 per cent Mini- AWWs experienced problems in involving community in all the five states.

15.17 Major problems experienced by Mini- AWWs in involving community were community people were busy (74.29%), PRI members did not give priority to Mini- AWCs and took less interest (60%), Community people were very poor to contribute (57.14%), Community people were less educated (54.29%) etc in all the five states.

15.18 On a ten point scale, average rating of convergence between Mini- AWCs and Gram Panchayat/ Local Administration was rated to be 4.04 by Mini- AWWs of all the five states.

16: PROBLEMS/ CHALLENGES AND SUGGESSTIONS FOR BETTER IMPLEMENTATION OF MINI- AWCs

16.1 Seventy per cent Mini- AWWs experienced problems in running Mini- AWCs in all the five states. Problems experienced by them were lack of adequate space, lack of proper building, irregular supply of HCF, lack of PSE materials, non availability of medicine kit, NHE materials and growth charts and Mini- AWWs were not given JTC.

16.2 Around 30 per cent pregnant women reported that they experienced problems in getting services from Mini- AWCs in all the five states.

16.3 Major problems experienced by pregnant women were non availability of transport facility for institutional delivery, weighing and health check- up was done at Main- AWC, non cooperation from AWWs, irregular supply of HCF, inadequate medicine and health facility for children and pregnant women was not available.

16.4 According to 24.52 per cent lactating mothers, they experienced problems like non availability of health facility, lack of knowledge about facilities and most of the services were provided at the main centre and by AWWs etc.

16.5 Major problems experienced by (14.41%) mothers of 7- 36 months children and (24.57%) mothers of 3- 6 years children were unavailability of PSE materials, unavailability of utensils and inadequate space for playing.

16.6 Around 47 per cent ANMs experienced problems in providing services under ICDS and major problems experienced by them in providing services were inadequate support by AWWs, unavailability of weighing scale and health check- up materials, poor community participation in health related issues and all beneficiaries did not come on time for immunisation etc.

Chapter 5

Discussion of Findings

DISCUSSION OF FINDINGS

The major findings emerged from data have been further discussed with the findings of four major studies conducted on ICDS. These studies are:

- Three Decade of ICDS-An Appraisal by National Institute of Public Cooperation and Child Development, New Delhi, 2006.
- Evaluation Study on ICDS conducted by Planning Commission (Programme Evaluation Organisation), Government of India, 2011.
- Performance Audit of ICDS Scheme (Report No. 22 of 2012-13) conducted by Comptroller and Auditor General of India, 2012
- Evaluation of ICDS Programme in Minority Concentrated Districts - A Study conducted by National Institute of Public Cooperation and Child Development, 2012.

In order to meaningfully discuss the findings of the present study in the light of findings of four major research studies conducted earlier, main purpose, objectives and methodology of these four studies are essentially to be understood for proper interpretation.

Three Decade of ICDS-An Appraisal by National Institute of Public Cooperation and Child Development, New Delhi, 2006.

The Ministry of Women and Child Development, Government of India, the nodal Ministry for the implementation of ICDS programme, desired NIPCCD to undertake a comprehensive assessment of the ICDS programme implementation including its impact on the intended beneficiaries. The study was accordingly conceived at the national level in order to improve delivery system, ensure its optimal outreach and take decisions on matters concerning its future thrusts in the Eleventh Five-Year Plan. Accordingly, the Institute planned and carried out the study.

Objectives of the Study

The objectives of the study were to:

- assess the existing status of implementation of ICDS programme in terms of coverage, outreach, coordination, convergence, and innovations introduced by States and NGOs;
- compare the differences in implementation of the ICDS programme in rural, urban and tribal areas and in NGO-run projects;
- identify gaps and problems in the implementation of ICDS;
- find out the perception of community and local bodies about ICDS and the extent of support provided by them in implementation of the programme;
- exploring the inter-linkages of ICDS with other development programmes and their role in improving the quality of services; and
- ascertain the benefits of the scheme on selected outcome indicators related to

different services provided to children, women and adolescent girls.

Methodology

The universe of the study was restricted to those projects which were functional for a minimum period of five years. Thus, all those projects which were in operation up to the year 2000 were included in the study. In all, 4200 ICDS projects formed the universe of the study. A sample of 150 (about four per cent) of ICDS projects was selected for the purpose of appraisal. A multi-stage stratified random sampling technique was adopted to select state-wise total number of projects at the first stage. Whereas at the second stage, stratified sampling technique and also purposive sampling method were applied for selection of number of projects by location (rural, urban and tribal). Number of projects selected from each state was proportionate to the total number in operation and in the categories of rural, tribal and urban. Within a project, an attempt was made to include projects run by NGOs. A total of five Anganwadi Centres were randomly selected from each sample project. An attempt was made to select not more than two Anganwadi Centres from each of the supervisory circle. Thus total sample comprised 750 Anganwadis. Actual beneficiaries were selected randomly from the list of beneficiaries available with the Anganwadi Workers of selected Anganwadis.

Tools

In order to collect the required information and data for the study, appropriate proformae/schedules were devised. These were developed in the form of recording sheets. Besides interview, observation method was also used for collecting information pertaining to delivery of services at Anganwadi level. The available reports, records, guidelines and other documents formed additional source of information. A set of 12 schedules was devised, pretested and finalised for use under the study.

Evaluation Study on ICDS conducted by Planning Commission (Programme Evaluation Organisation), Government of India, 2011.

The Planning Commission felt the need for evaluating the ICDS to know the ground reality about the programme design, implementation process, outcome and impact of the programme and wanted to assess the relevance of this programme in achieving its aims and goals. Therefore, an evaluation study was taken up by the Programme Evaluation Organisation (PEO) of Planning Commission. The National Council of Applied Economic Research, New Delhi has carried out the evaluation.

The terms of reference

Terms of reference of the study were:

- (i) To assess the quality, outreach and the range of services being offered,

including infrastructure under ICDS on the ground.

- (ii) To assess the extent to which ICDS has been successful in rendering the six services to children and pregnant and lactating women as per objective of the scheme viz:
 - (a) How far ICDS has improved the nutritional status of children in the age group of 0-6 years
 - (b) Quality of pre-school education and as to how far ICDS has been successful to enhance enrolments and reduce school dropouts
 - (c) How far has ICDS been successful in reducing the incidence of infant mortality/child mortality/maternal mortality and morbidity (based on data available in *Anganwadi* Centres).
 - (d) The impact on enhancement of the capacity of mothers to look after the health and nutritional needs of child through proper health and nutrition education.
- (iii) To assess the quality, outreach and the range of services being offered under KSY component of ICDS for Adolescent Girls and their impact.
- (iv) To find out as to how far ICDS has been successful in converging services of various departments for promoting child development.
- (v) To make suitable recommendations for improving the quality of implementation of ICDS and services provided under the scheme.
- (vi) To identify and document the best practices in implementing ICDS.

Sample design

A four-stage stratified sample design has been adopted for the survey to generate representative samples. Sample districts, projects, AWC and beneficiary/non-beneficiary (respondent) formed the first, second, third and fourth stage sample units respectively for selection of the rural/tribal/urban sample. Sampling was done independently within each state/UT and estimates were generated at the state/UT level. All-India estimates were arrived at through an aggregation of estimates for all states/UTs. The sample sizes at first, second, third and fourth stages were determined on the basis of available resources and the derived level of precision for key estimates from the survey, taking into account the experience of NCAER in conducting various primary surveys.

Sample design for rural/tribal/urban areas

Districts in each state have been selected by using the random sampling technique with

minimum one district in smaller states as the first stage units (FSUs). District-wise list of projects by rural/urban/tribal type was provided by the respective state department of women and child development of each sample district. From each of the sample district, allocated number of sample projects set up before March 2005 were randomly selected as the second stage units (SSUs). The study covered 300 (about 5 per cent) of all the operational ICDS projects for the purpose of impact evaluation.

AWC formed the third stage of selection for the sample. The project-wise list of AWC in each sample district was collected from the respective district offices in a prescribed *Pro forma* and 5 AWCs were randomly selected from each project. Thus a total number of 1,500 AWCs, all set up before 2004-05, formed the third stage units (TSUs) for the study.

In each sample AWC, 10 beneficiary households and 3 non-beneficiary households had to be interviewed. Among the 10 beneficiary households, 5 were child beneficiary households (having minimum one child aged between 6 months and 6 years), three were those households from which at least one pregnant woman (PW)/lactating mother (LM) is beneficiary and two were adolescent girl (AG) beneficiary households. For this, all three types of register (survey register, child register and delivery register) available in each AWC were consulted to fill the specially designed listing proforma. The listing proforma sought list of children aged between 7 months and 6 years from the delivery register, collecting information about age of child, father/mother's name, caste, occupation of father and type of beneficiary. The list of all PM/LM and AGs from the AWC register, along with the other information (caste, husband's name, occupation etc.), was also collected in the same pro forma. Besides, the list of eligible children (from the child register) not covered in the delivery register was also listed in the same pro forma. These eligible children were considered as a type of non-beneficiaries for the current study. Besides them, those children who get only immunisation under the scheme were also considered as non-beneficiary.

For the selection of beneficiary children, the list of children who received either only food or both food and immunisation under the scheme was considered. From each sample AWC, five children beneficiary households have been randomly selected with an equal probability for collecting primary information. Likewise, the list of those children who received either only immunisation or belong to pure non-beneficiary category were considered for random selection of the three non-beneficiary children households. In addition, care was taken to avoid the representation of more than one respondent from a household. Three PW/LM beneficiary households and two AG beneficiary households were also randomly selected with an equal probability for collecting primary information. A total of 19,500 respondents (beneficiaries & non-beneficiaries) were randomly selected as the total sample for collection of the primary information

Data collection procedures

In the study, two listing pro forma and nine detailed questionnaires were used to collect primary information. The questionnaires were pretested with a small number of respondents and accordingly desired changes were made in the content, question wording and ordering of questions. Locally recruited graduate interviewers were engaged for the collection of primary data by conducting face-to-face interviews of respondents.

Rigorous training of the field investigators who canvassed the survey schedules was accorded one of the highest priorities in the survey. The main objective of the training was to ensure that not only were the investigators thoroughly comfortable with the schedules and the underlying concepts but, perhaps more importantly, they could convey the same to respondents who even if cooperative might be uninformed and in most cases illiterate. The training consisted of two parts, namely, training of the supervisors, and another round of on-site training in different parts of the country, of the actual investigators who canvassed the survey schedules under supervision. Interviews were conducted during the period July 15, 2009 through December 15, 2009.

Performance Audit of ICDS Scheme (Report No. 22 of 2012-13) conducted by Comptroller and Auditor General of India, 2012

The main objectives of the Performance Audit were to ascertain whether:

- i) The Scheme met the principal aim of universal accessibility of services provided under it;
- ii) The infrastructure facilities were adequately provided for in Anganwadi Centres for effective delivery of services;
- iii) The deployment and training of the manpower under the scheme were adequate for effective delivery of the package of services both in respect of quality and coverage;
- iv) The service of supplementary nutrition was being implemented effectively so as to achieve its objective of improving the nutritional and health status of children in the age group of zero to six years and pregnant and lactating women;
- v) The services of pre-school non-formal education were being implemented effectively so as to reduce the incidence of school dropout;
- vi) The Information Education and Communication (IEC) and the Nutrition and Health Education (NHED) were effective and resulted in community mobilisation on the services of ICDS;
- vii) The funds allocated and released for the projects have been used economically and efficiently; and
- viii) The performance indicators and targets fixed under the scheme were monitored effectively to secure timely and corrective remedial measures.

Scope of Audit

The performance audit covered three components of ICDS viz. Supplementary Nutrition, Non-formal Pre-school Education and Nutrition and Health Education for the period 2006-07 to 2010-11. It involved scrutiny of records of the five programme divisions in the Ministry. Food and Nutrition Board (FNB), National Institute of Public Co-operation and Child Development (NIPCCD) and the implementing agencies in the 13 selected states (Andhra Pradesh, Bihar, Chhattisgarh, Gujarat, Haryana, Jharkhand, Karnataka, Madhya Pradesh, Meghalaya, Odisha, Rajasthan, Uttar Pradesh and West Bengal). The States were selected on the basis of their population, funds released to them during the period of audit and nutrition indicators as mentioned in the National Family Health Survey-3, 2005.

Audit Sampling

The following statistical framework was used for selection of sample:

- Each selected State was divided into various regions on the basis of geographical contiguity.
- Districts were chosen using Probability Proportional to Size with Replacement (PPSWR) method independently from various regions with size measure as the total amount of grants-in-aid released by the State to the respective district during the years 2006-11.
- In each sample district, four projects were selected using Simple Random Sampling without Replacement (SRSWOR).
- In each sample project, ten Anganwadi Centres (AWCs) were selected again using SRSWOR.

Thus, in each selected district four projects and 40 AWCs were audited. In all, 67 districts, 273 Projects and 2730 AWCs were selected for audit. Besides, one Anganwadi Training Centre (AWTC) and one Middle Level Training Centre (MLTC) located in the selected districts were also taken up for audit.

Sources of Audit criteria

The implementation of various components of ICDS scheme was audited with reference to the criteria derived from the following sources of documents:

- i. Scheme guidelines and instructions issued by the Ministry on ICDS.
- ii. Hon'ble Supreme Court judgments on the Scheme.
- iii. Rapid Facility Survey on ICDS Infrastructure conducted in 2004 by National Council of Applied Economic Research, Three Decades of ICDS-An appraisal by National Institute of Public Co-operation and Child Development (NIPCCD) in 2006, Evaluation of ICDS in March 2011 by Programme Evaluation Organisation of Planning Commission.
- iv. Rules and regulation of the Central and the State Governments as applicable.

Audit methodology

At the commencement of the performance audit, an entry conference was held with the Ministry of Women and Child Development in September 2011 wherein the audit methodology, scope, objectives and criteria were explained. Simultaneously, in each selected State, entry conference was held by the (Principal) Accountant General (Audit) with the nodal department involved in the implementation of the Scheme. Thereafter, records relating to the Scheme were examined in the Ministry and the implementing agencies of the State Governments by the Director General of Audit (Central Expenditure) and the respective (Principal) Accountants General (Audit).

The draft report was issued to the Ministry on 20 July 2012 seeking response on the audit findings. The Ministry submitted their final reply on 23 November 2012 which was considered and incorporated in this Report.

The audit findings were also discussed with the Ministry in an 'exit conference' held on 4 October 2012.

Evaluation of ICDS Programme in Minority Concentrated Districts - A Study conducted by National Institute of Public Cooperation and Child Development, 2012.

The study assessed the effectiveness of ICDS programme implementation and delivery of services in the minority concentrated districts. In order to elicit responses from the respondents for the investigation, a purposive stratified systematic random sampling procedure were used to assess the implementation of ICDS, service utilization and its impact on the targeted beneficiaries in minority concentrated districts. The sample for the appraisal were done in various stages such as a) selection of states, b) selection of district, c) selection of ICDS projects, d) selection of AWCs and, e) selection of beneficiaries. At first stage, the states, districts and the ICDS projects were selected purposively. The AWCs and beneficiaries were selected through systematic sampling method and the beneficiaries were selected by simple random sampling.

Fifteen states/UTs out of 31 were purposively selected based on the maximum percentage of concentration of minority population belonging to different religious minority communities and all communities to be represented in the study. The States namely Assam, Uttar Pradesh, West Bengal, Uttarakhand, Goa, Kerala, Manipur, Meghalaya, Arunachal Pradesh, Himachal Pradesh, Jammu & Kashmir, Mizoram, Haryana, Rajasthan and Maharashtra were purposively selected.

Out of the selected 251 districts in 31 States, the minority population was 25% and above, the same have been identified for operationalization of AWCs. Out of which 34 districts having maximum minority population were selected purposively.

From these 34 selected districts, a total of 60 ICDS Projects were purposively selected where the percentage of minority populations were highest. In this way altogether 60 ICDS projects from 15 States were selected. From each ICDS project, five AWCs were selected by using systematic sampling method. Thus a total of 300 AWCs were selected for the study.

The respondents for the present study included different category of ICDS functionaries, beneficiaries and community leaders. ICDS functionaries comprised of District Programme Officer, Child Development Project Officer, Supervisors and AWWs; whereas the beneficiaries included pregnant women, lactating mothers, women (15-45 years), mothers of children 6 months to 3 years, mothers of children 3 years to 6 years and Preschool children between 3-5 years of age for assessment of performance of children by using Child Learning Competency Test (CLCT). Besides these, the health functionaries involved in ICDS programme such as ANM/LHV were also included to elicit responses. All these beneficiaries were randomly selected from each AWCs and ICDS Projects.

Tools

In order to collect data for the study, content specific tools were prepared and hence used to elicit responses from the respondents. The tools included i) Interview Schedule for each functionaries and different categories of beneficiaries of ICDS, ii) Observation Schedule for AWCs and iii) CLCT for children of 3-5 years. Methods of data collection included observation and interview so as to collect information pertaining to infrastructure and delivery of services. Information relating to the household of the respondents was also collected to enrich the quality of the data analysis with regard to the minority indicators. While preparing the interview schedule, care was taken to incorporate questions on ICDS implementation, utilization of services, management of ICDS in districts, Projects and community level, perception of minority community in terms of accessibility and availing ICDS services, constraints and problems if any etc., they faced in availing services under ICDS.

The details of the interview schedules included in the present appraisal were:

Household Schedule of the Respondent

Observation Schedules of the AWCs

Interview Schedules for District Programme Officer, CDPO, Supervisors, AWWs, ANM/LHV, Pregnant Women, Nursing Mothers, Women (15-45 years), Mothers of Children 6 months to

3 years, Mothers of Children for Children 3-6 years, Community Leaders and Child Learning Competency Test.

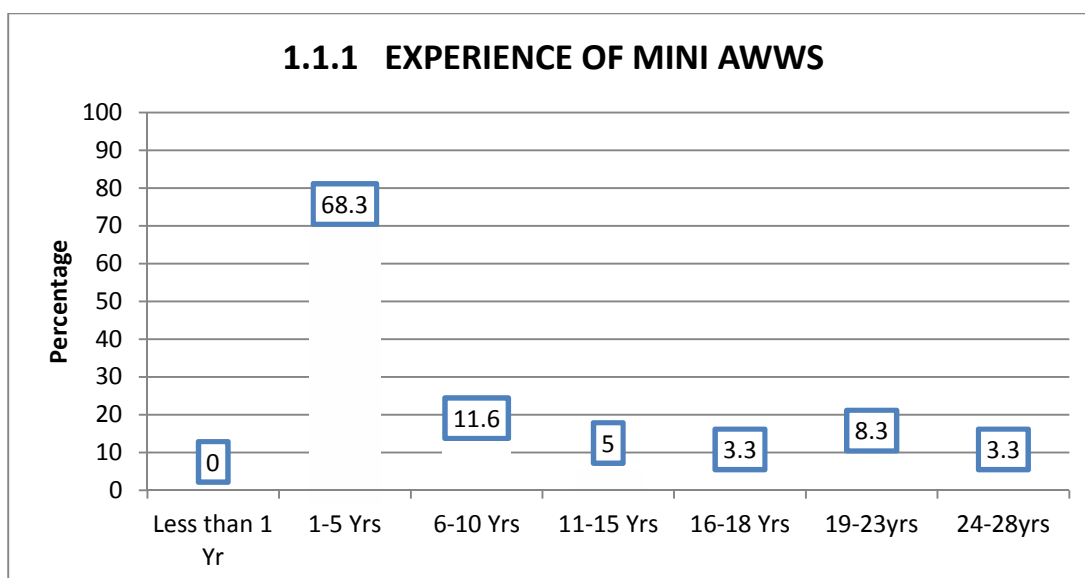

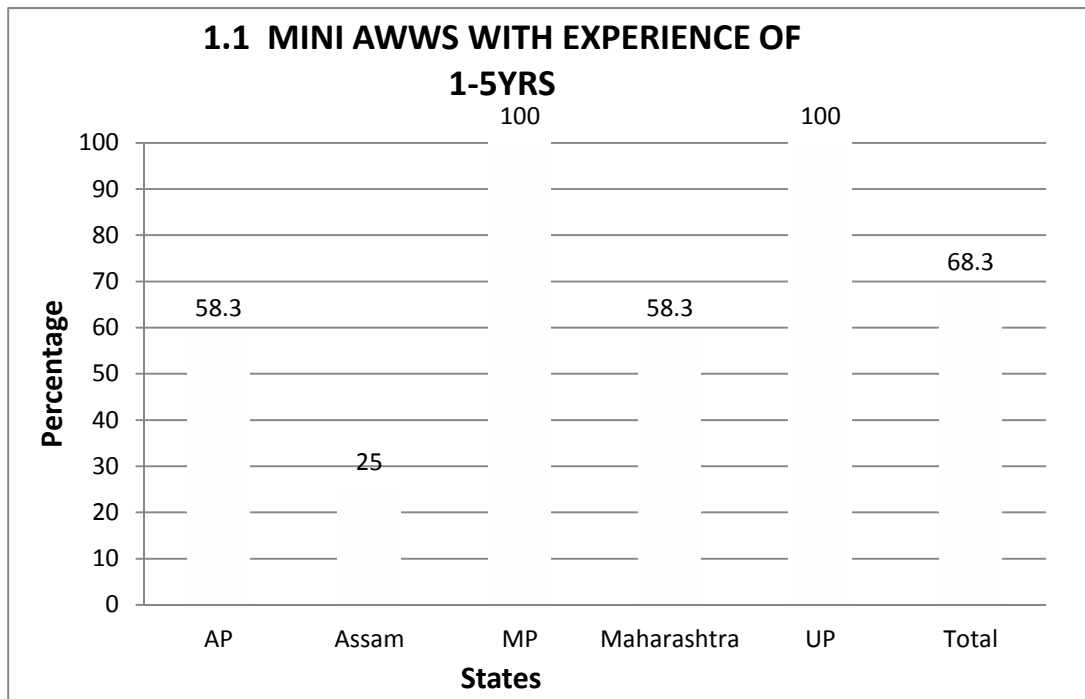

In order to remove the ambiguity and difficulty level of language used in the schedules, pretesting of these schedules were done in Nuh, Mewat District of Haryana by the research team before proceeding for final data collection. After the pre-testing, some questions were deleted and some of the questions were modified. The experiences gained during the pre-testing of the questionnaire were so rich that it gave immense scope to finalize the questionnaire for the present investigation.

Discussion of the Findings

Discussion of major findings of the study in the light of findings from above four studies conducted on ICDS are made under 42 relevant aspects in respect of implementation of Mini-AWCs. It may be mentioned that findings of above four studies are on implementation of AWCs. Since Mini-AWC provides all ICDS services like one AWC, findings of these studies have been considered.

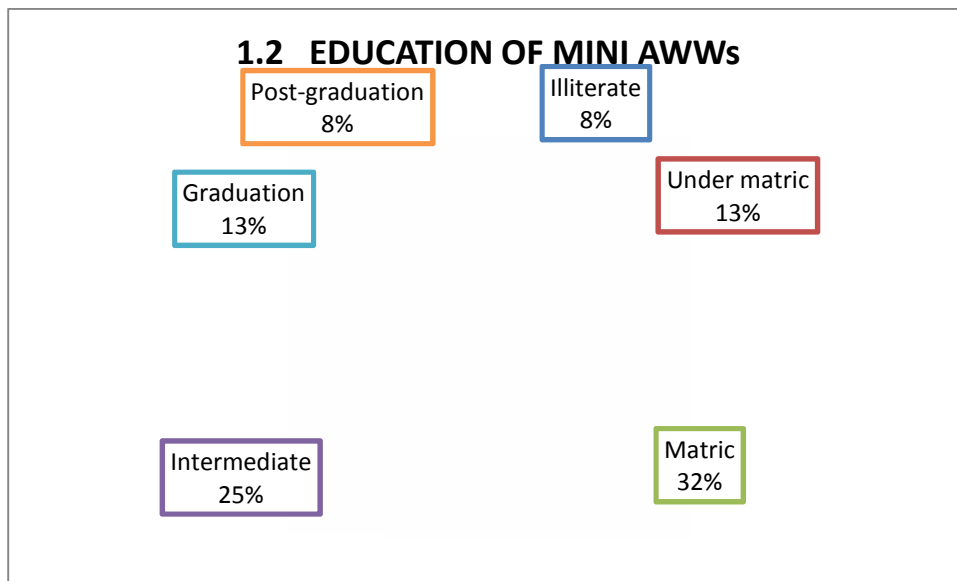

01 PROFILE OF SAMPLE

1.1 Around 68 per cent of Mini- AWWs had 1- 5 years of working experience in all the five states. In AP and Maharashtra more than half of the Mini- AWWs had 1- 5 years of working experience. Whereas in MP and UP all the AWWs had 1- 5 years of working experience.

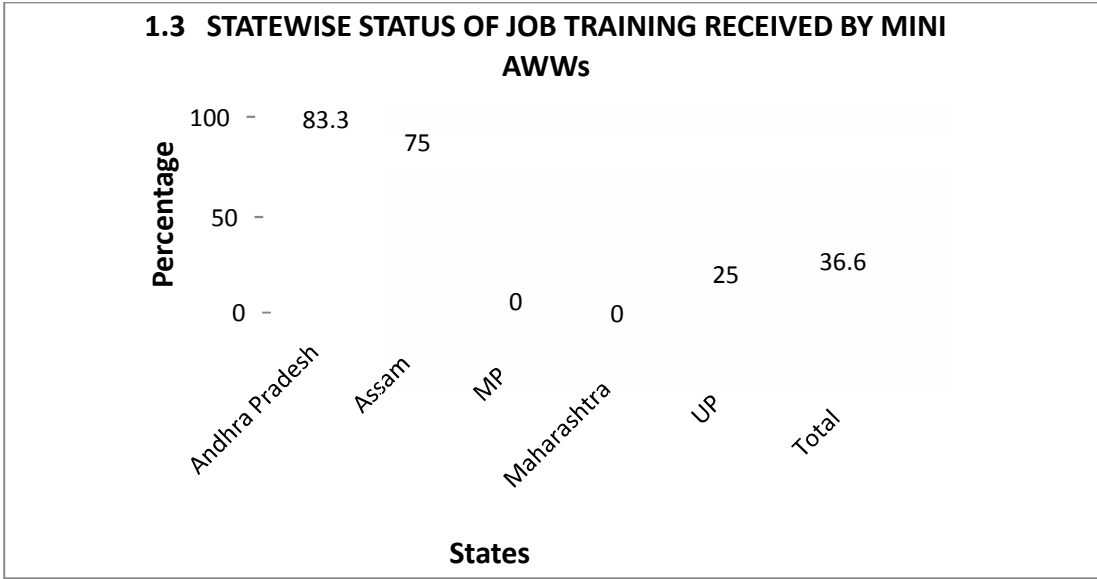

The study conducted by NIPCCD (2012) found 29.67 per cent AWWs had experience of 1- 5 years and in case of earlier study (NIPCCD-2006), 62 per cent of the AWWs had work experience over 10 years whereas 28 per cent of AWWs had experience of more than five years.

1.2 Around 25 per cent of Mini- AWWs were educated upto Intermediate and 31.6 per cent of them were matriculate. However, only 8.3 per cent of Mini- AWWs were educated upto Post-graduation.

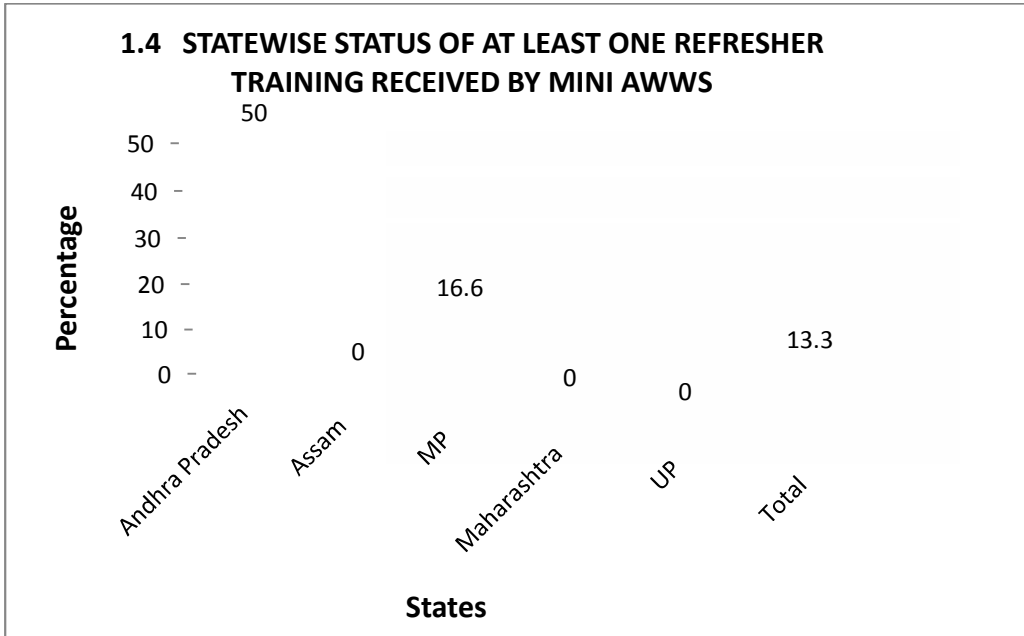

In comparison to study conducted by NIPCCD (2006), it was observed that 43.2 per cent AWWs were matriculate, 23 per cent Higher Secondary and about 10 per cent Graduates and the latest study conducted by NIPCCD (2012) found that 47.56 per cent of the AWWs were educated upto High School, 19.08 per cent studied upto Intermediate and 2.65 per cent were post graduate. Similarly, it was observed in the study (Planning Commission-2011) that 41.4 per cent AWWs had obtained education upto Matric/ High school, 22.5 per cent Higher Secondary and 15 per cent of them studied up to Graduation and above.

1.3 Around 37 per cent of Mini- AWWs received job training. However 83.3 per cent of Mini- AWWs in AP and 75 per cent in Assam had received job training whereas in MP and Maharashtra, no job training was received by Mini- AWWs. It may be mentioned that 63 per cent of Mini AWWs were not provided job training and these untrained Mini AWWs were working without training ranging from 20-204 months i.e. 13% working from 20-23 months, 10% from 24 months, 25% from 25-48 months, 8% from 49-88 months and 7% from 124-204 months.

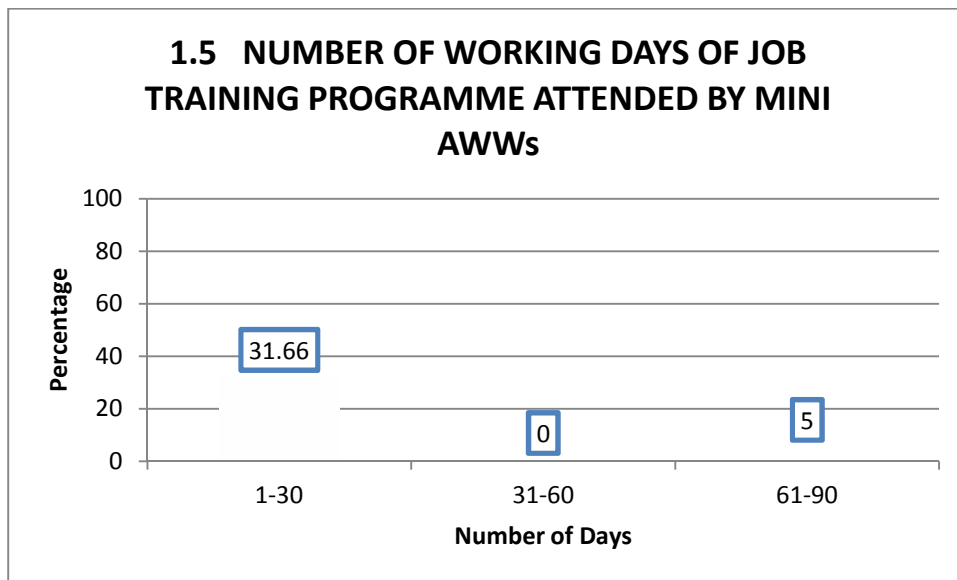

Studies conducted by NIPCCD (2006 and 2012), Planning Commission (2011) and CAG (2012), found that 97 per cent, 80 per cent, 84 per cent and 67.8 per cent AWWs had undergone job training respectively and 74 per cent, 41 per cent, 70.2 per cent and 80.57 per cent AWWs received refresher training respectively.

1.4 Fifty per cent of Mini AWWs received refresher training in AP. Whereas in Assam, Maharashtra and UP no Mini- AWWs received refresher training.

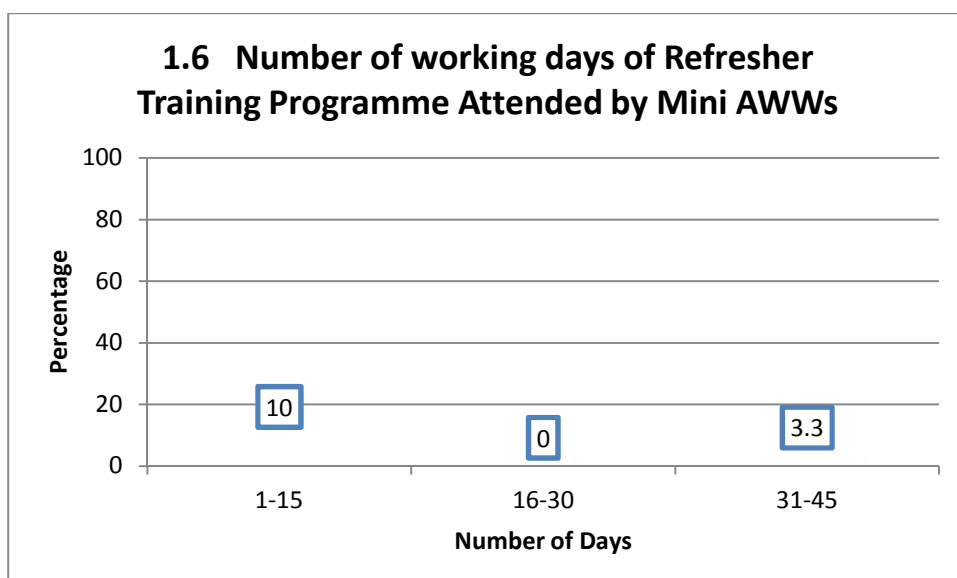

However, it was observed in the study conducted by NIPCCD 2006 and 2012 that 74 per cent and 41 per cent AWWs received refresher training respectively.

1.5 Around 32 per cent of Mini- AWWs attended JTC for less than 30 days. Whereas 5 per cent of Mini- AWWs attended JTC for less than 90 days. This difference of duration of JTC is due to the fact that before 2002, AWWs were provided job training for 72 working days, during 2002-2004 the working days were 45 and from 2005, AWWs were provided job training for 26 working days. It may be mentioned that both AWWs and Mini-AWWs are provided with same job and refresher training courses.

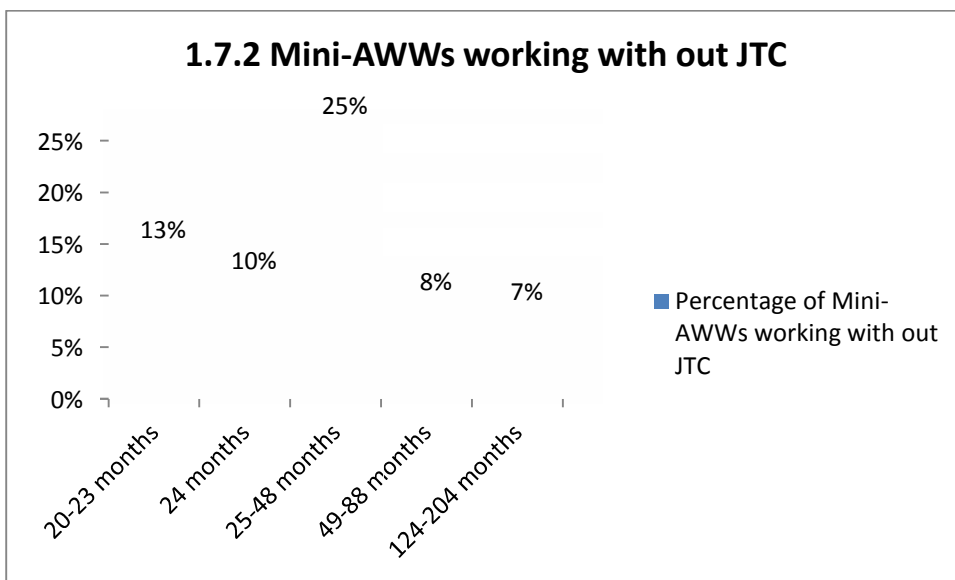

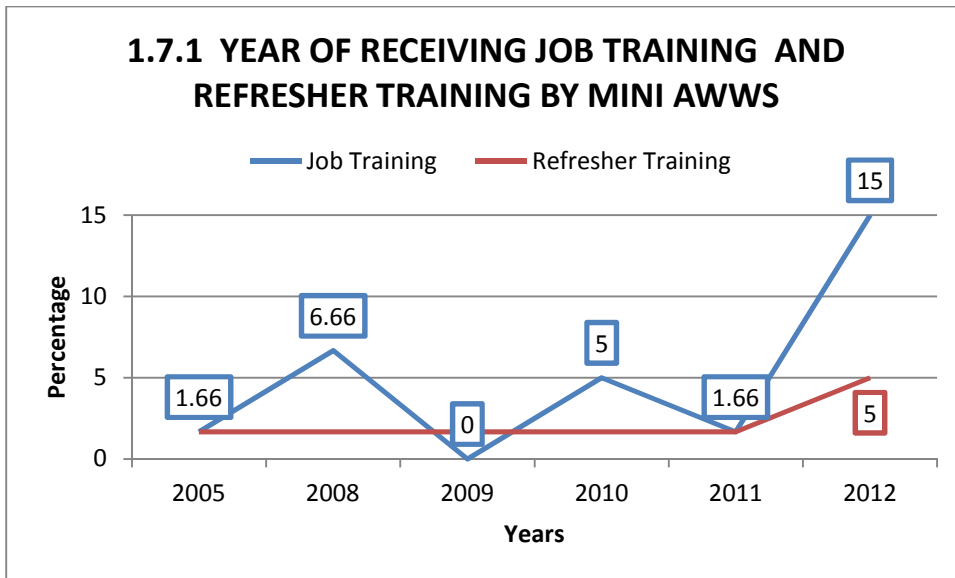

However, it was observed in the study conducted by Planning Commission (2011) that AWWs attended job training on an average for 58 days.

1.6 Around 33 per cent of Mini- AWWs attended Refresher Training Course (RTC) for 1- 15 days in AP. However, only 10 per cent of them attended RTC for 1- 15 days in all the five states. The working days of refresher training for AWWs was 6 before 2002 and during 2002-2004, it was for 12days and from 2005, it has been revised to 5 working days.

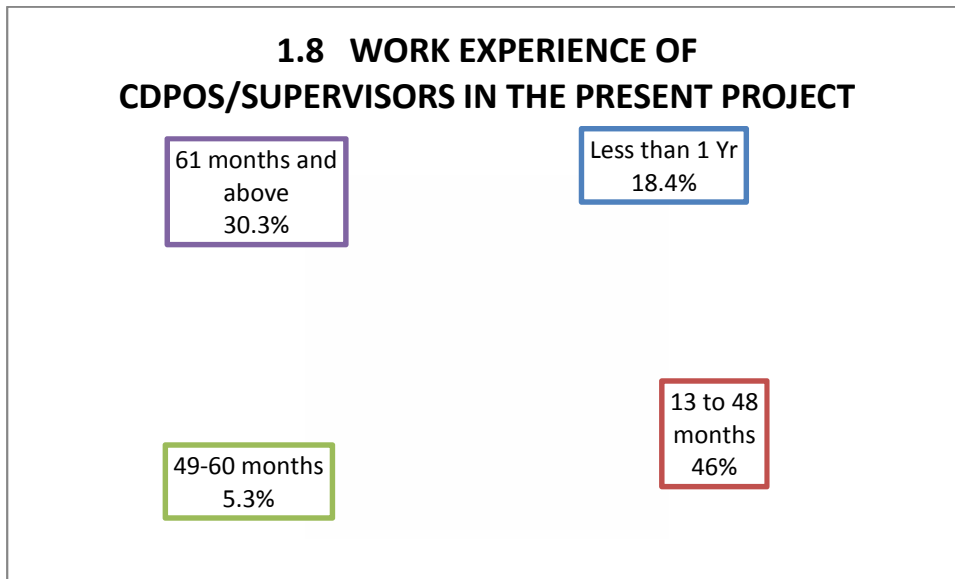

The study conducted by Planning Commission (2011) found that on an average AWWs attended refresher training for 9 days.

1.7 Around 15 per cent of Mini- AWWs received JTC in the year 2012 and 5 per cent of Mini- AWWs received RTC in the year 2012. It may also be mentioned that most of the AWWs received training in the year 2012.

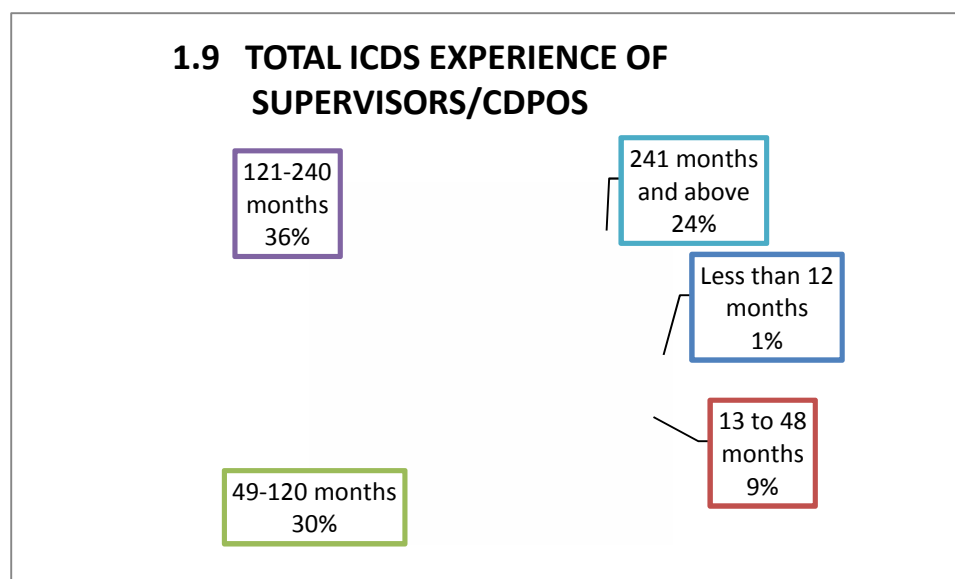

Recommendation- Mini AWWs should be provided job training immediately after joining. Their joining should be linked to job training. District Programme Officer should be made accountable in respect of job training of Mini-AWWs.

1.8 Around 46 per cent of Supervisors/CDPOs had working experience of 13 to 48 months. Whereas only 18.42 per cent Supervisors/CDPOs had less than 1 year of work experience.

It was found in the study conducted by NIPCCD (2012) that 37.94 per cent Supervisors and 39.59 per cent CDPOs had working experience of 1- 5 years. However, the study conducted by NIPCCD (2006), found that 12.2 per cent Supervisors and 40.11 per cent CDPOs had experience of 1- 5 years.

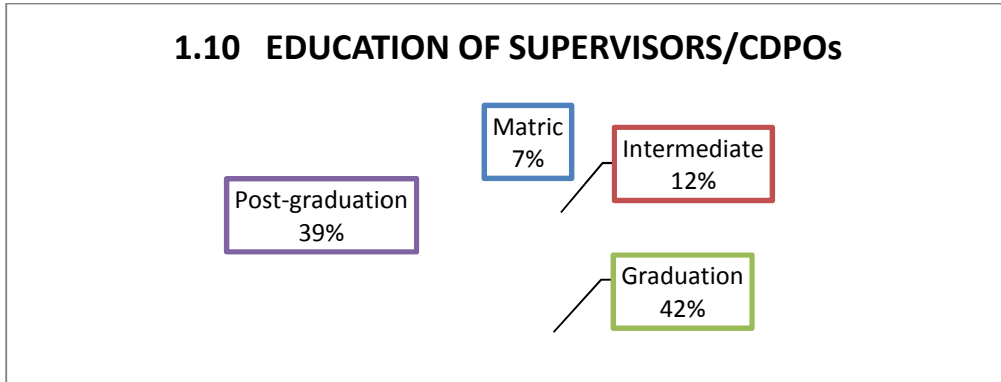

1.9 Around 36 per cent of Supervisors/CDPOs had experience of working in ICDS for 121 to 240 months.

It was found in the study conducted by NIPCCD (2012) that 36.21 per cent Supervisors and 33.90 per cent CDPOs had experience of more than 15 years. However, it was observed in

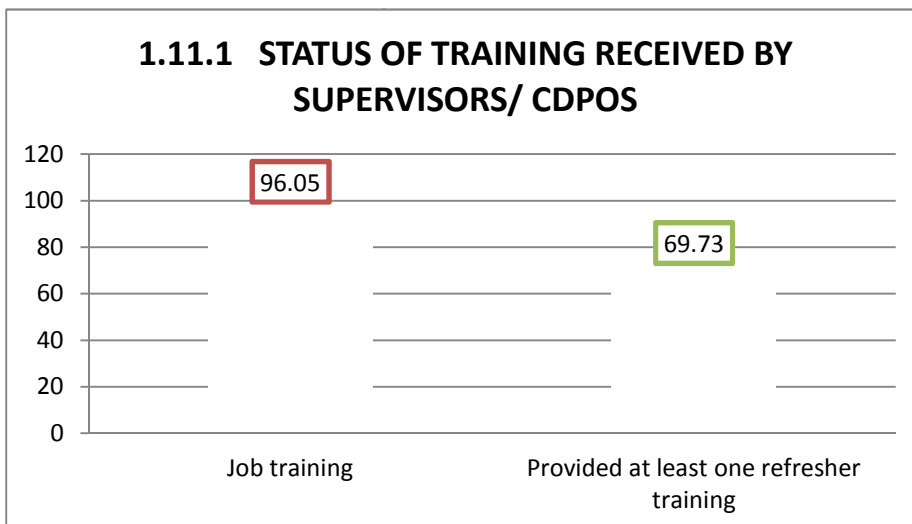

the study conducted by NIPCCD (2006) that 67.3 per cent Supervisors and 24 per cent CDPOs had working experience of more than 10 years respectively.

1.10 More than 40 per cent (42.10) of Supervisors/CDPOs were educated upto graduation and little less than 40 per cent of Supervisors/CDPOs were found to be Post-graduate.

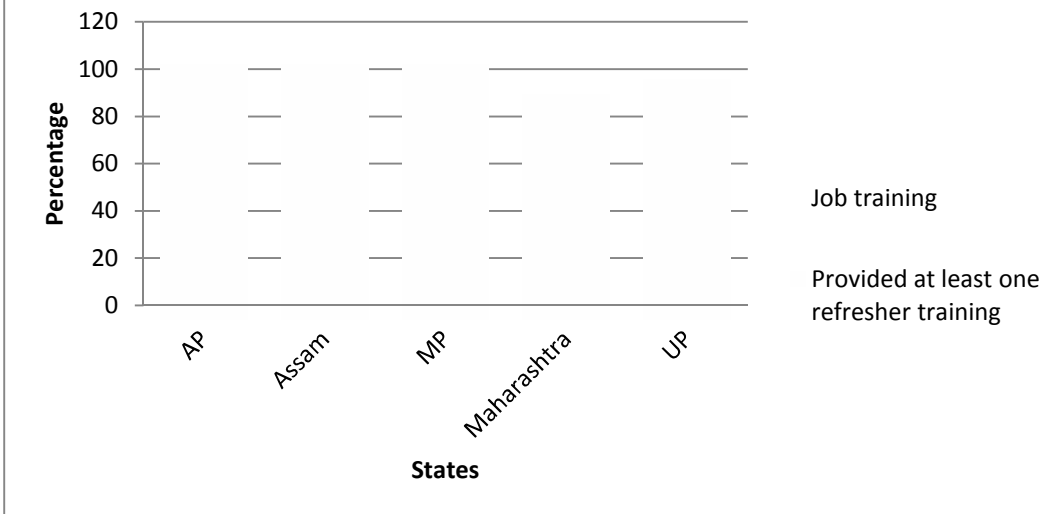

The findings of the study conducted by NIPCCD 2012 states that 28 per cent CDPOs and 43.51 per cent Supervisors were educated upto graduation and 64.4 per cent CDPOs and 13.32 per cent supervisors were post graduate. It was observed in the study conducted by NIPCCD (2006) that 19 per cent of the supervisors were under graduate, 43.5 per cent were graduate and 37.4 per cent were post graduate and 6.12 per cent CDPOs were under graduate, 36.7 per cent were graduate and 57.2 per cent were post graduate.

1.11 More than 96.05 per cent of Supervisors/CDPOs were job trained, and 69.73 per cent of them in all the five states were found to be received at least one refresher training.

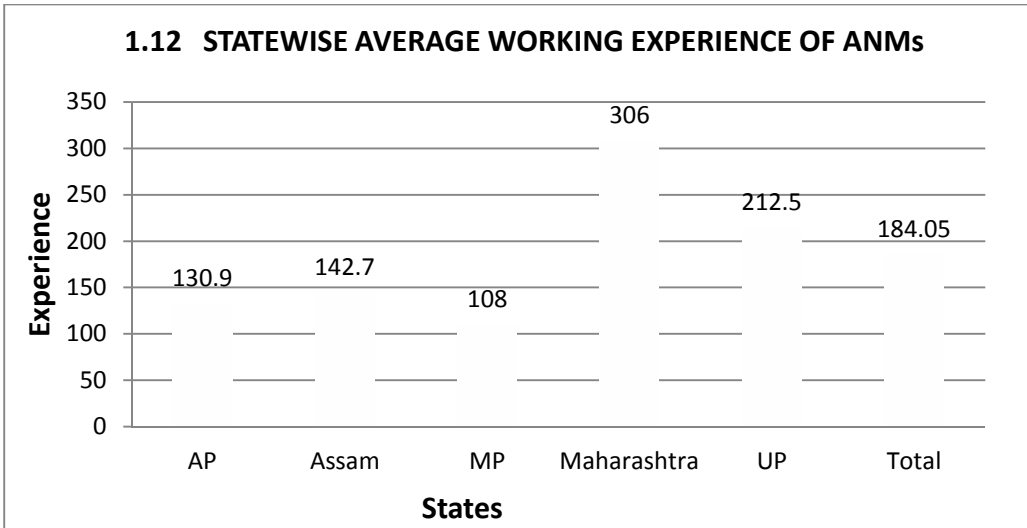

1.11.2 STATEWISE STATUS OF TRAINING RECEIVED BY SUPERVISORS/CDPOs

It was observed in the Study conducted by NIPCCD (2012) that 96 per cent of CDPOs and 72.73 per cent supervisors were job trained. About refresher training, it may be mentioned that 66 per cent CDPOs and 41.56 per cent supervisors received refresher training whereas in the study conducted by NIPCCD (2006), it was found that 81.6 per cent CDPOs and 95.2 per cent supervisors were trained.

Recommendation- Every Mini-AWW, Supervisor and CDPO should be provided Refresher Training once in two year after their job training for upgradation of their knowledge, understanding and skill on recent developments under ICDS and in the areas of women and child development and training. Every State/district should have data base/bank to facilitate timely deputation of ICDS functionaries for refresher training.

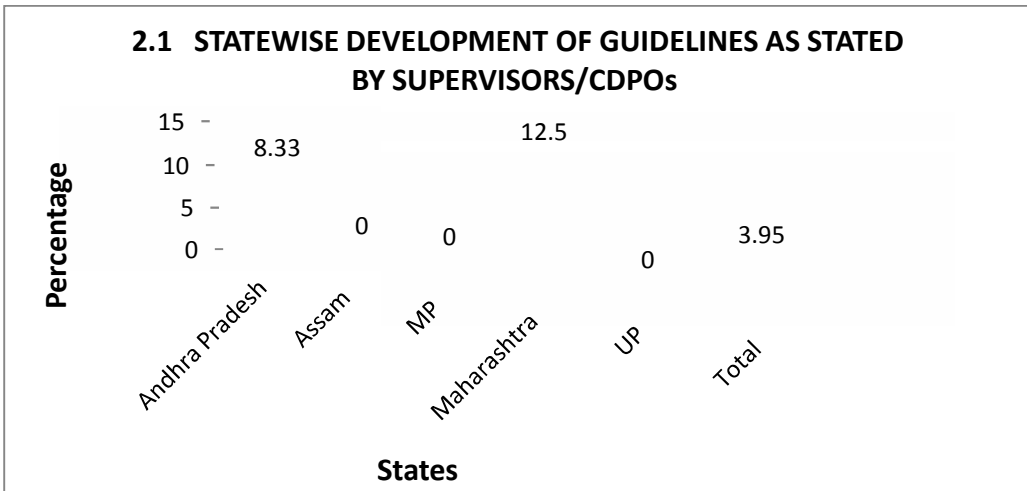

1.12 It was found that the overall average work experience of ANMs in all the five states was 184.5 months.

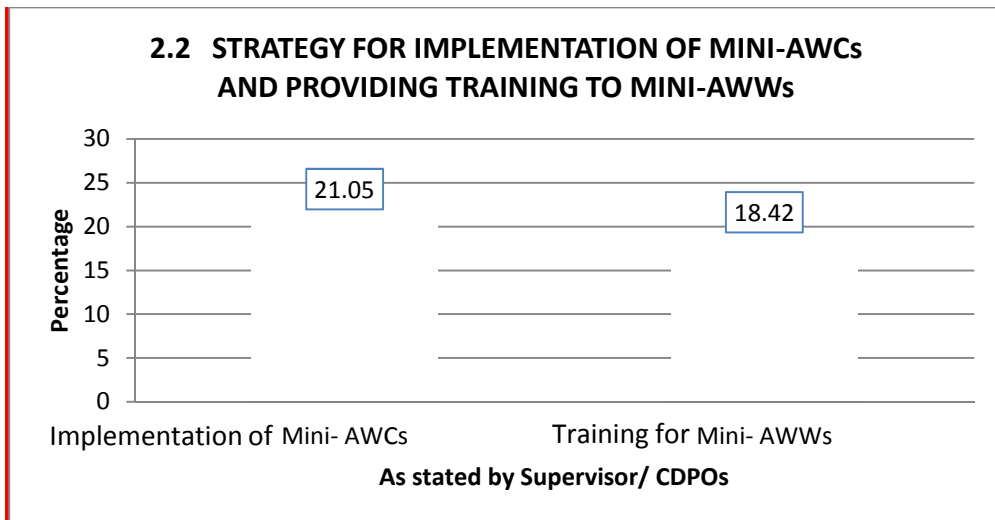

However, as observed in the study conducted by NIPCCD (2012), 34.4 per cent Health Functionaries had more than 10 years of experience.

02 GUIDELINES FOR IMPLEMENTATION OF MINI- AWCs

2.1 Around 3.95 per cent Supervisors/ CDPOs stated that guidelines for implementation of Mini- AWCs were developed. However, it may be mentioned that there was no structured guidelines developed for implementation of Mini- AWCs in 5 states.

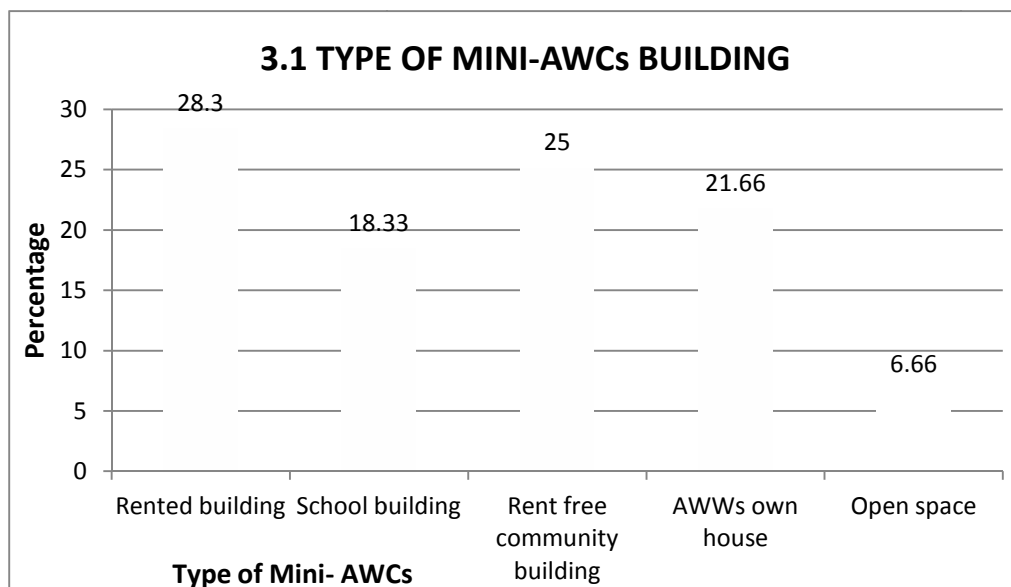

2.2 More than 21 per cent Supervisors/ CDPOs reported that they had developed/adopted specific strategy for implementation of Mini- AWCs. Similarly, around 18 per cent Supervisors had developed/adopted specific strategy for providing training to Mini- AWWs. However, it may be mentioned that the strategies stated by supervisor/CDPOs for implementation of Mini-AWCs and providing training to Mini-AWWs were not strategies and in true sense there was no structured strategy developed for implementation of Mini-AWWs or providing training to Mini- AWWs in any states.

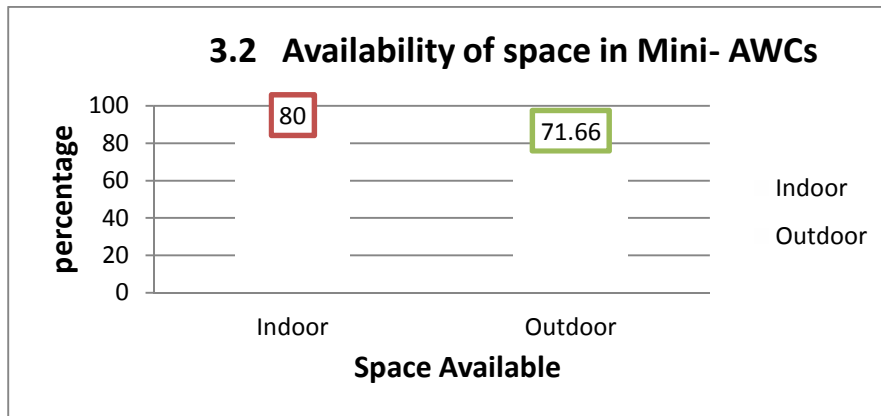

03 INFRASTRUCTURE

3.1 Regarding type of building for Mini- AWCs, it may be mentioned that around 28 per cent of Mini- AWCs were on rent, 22 per cent were functioning in the homes of AWWs, 18 per cent on school building and 25 per cent of Mini- AWCs were running in rent free community buildings.

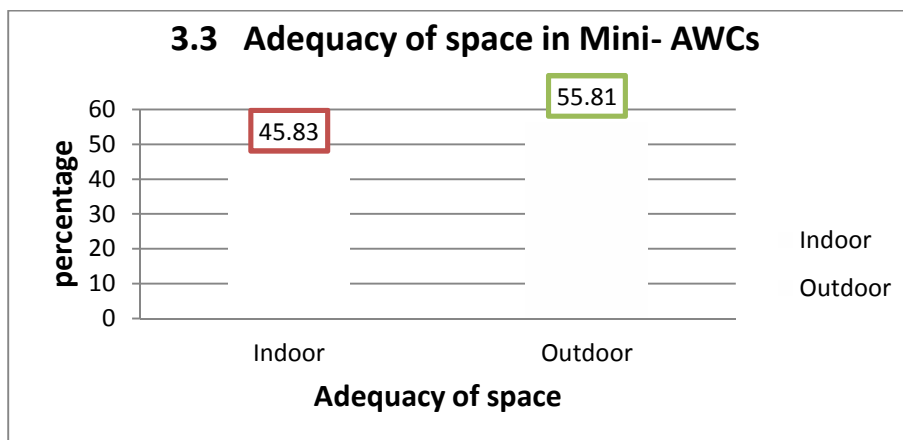

It was observed in the study conducted by NIPCCD (2006) that 13.8 per cent AWCs were housed in school buildings, about 19.4 per cent buildings were provided by community/Panchayats and 19.7 per cent of the AWCs were functioning from rented buildings whereas it was stated in report of CAG (2012) that 53 per cent AWCs were located in school premises, 29 per cent in panchayat house/ community building and 18 per cent were located in places other than these. The study conducted by Planning Commission (2011), found that 17.3 per cent AWCs were using the primary school for their functioning, 17.4 per cent of AWCs were operated in rented buildings and 42.5 per cent of the AWCs had their own building.

3.2 Availability of indoor space was found in 80 per cent Mini- AWCs whereas availability of outdoor space was found in 71.66 per cent Mini- AWCs in all the five states.

However, it was observed in study conducted by CAG (2012- 13) that 39.84 per cent AWCs were not having indoor space and outdoor space was not available in 44.26 per cent AWCs. Similar findings were observed in the study conducted by NIPCCD (2006) that 51.5 per cent AWCs had indoor space and 51.3 per cent AWCs had outdoor space.

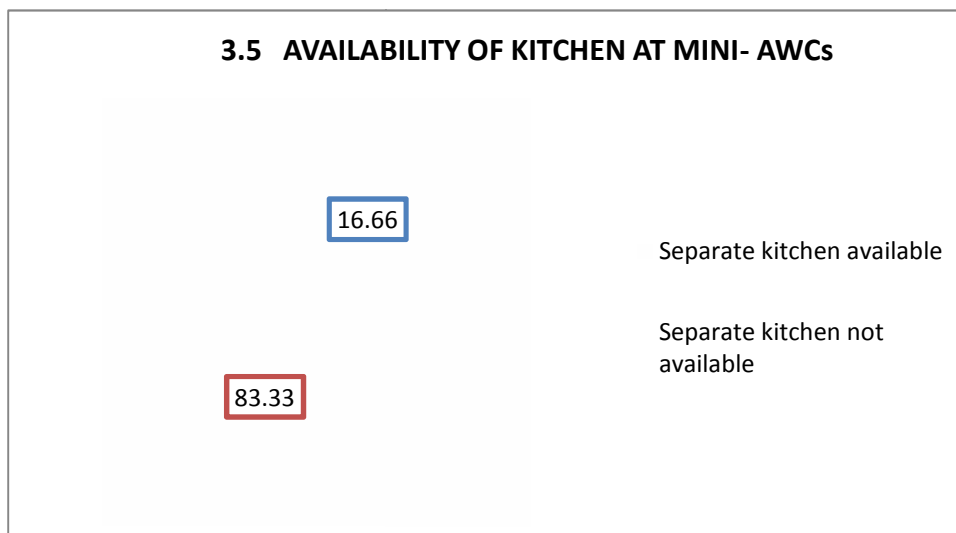

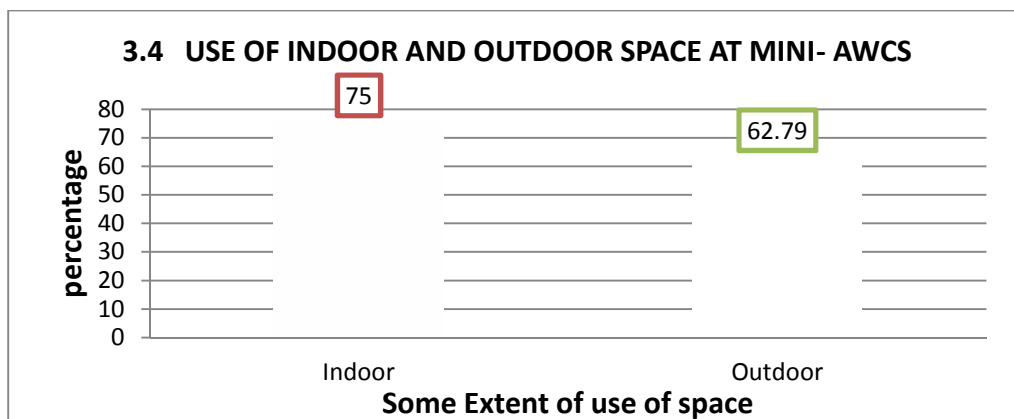

3.3 It was found that 45.83 per cent Mini- AWCs had adequate indoor space (against 80% Mini-AWCs having indoor space) and 55.81 per cent Mini- AWCs had adequate outdoor space (against 72% Mini-AWCs having outdoor space) in all the five states.

In the present study, indoor space has been rated adequate when available average children sit comfortably with their toys/activity book with space for movement for AWW to reach any child and vice versa. Similarly, outdoor space has been rated adequate when available average children play freely any outdoor game including running.

Similar findings were observed in the study conducted by NIPCCD (2012) which stated that 62.3 per cent AWCs had adequate indoor space to carry out the ongoing activities at the centre and 51.7 per cent AWCs had outdoor space. However, it was observed in the study conducted by Planning Commission (2011) that 72 per cent AWCs had adequate space for indoor activities.

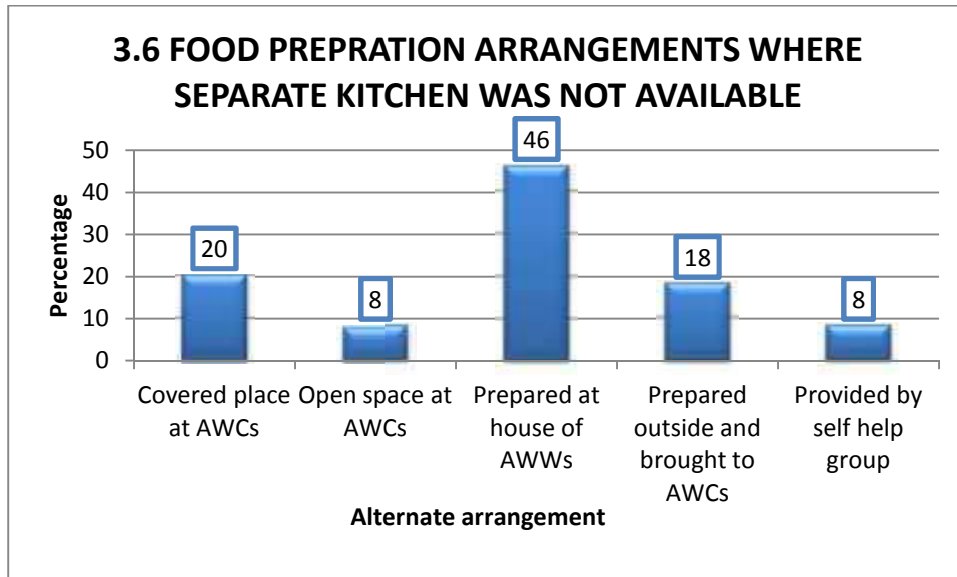

3.4 About use of indoor space, it was found that in 8.33 per cent Mini-AWCs, indoor space is used to great extent i.e. indoor games/other PSE activities are conducted every day at least one hour or above per day and in case of 75 per cent Mini-AWCs, this is used to some extent i.e. indoor games/other PSE activities are conducted less than an hour or at least for half an hour per day. However, in case of 16.66 per cent Mini-AWCs, indoor space was not used i.e. no indoor games/other PSE activities are conducted by Mini-AWWs. Similarly, about use of outdoor space, it was found that outdoor games/PSE activities are conducted as per the time table everyday or at least 30 minutes per day in 9.30 per cent Mini-AWCs and in case of 62.79 per cent, outdoor games/PSE activities are conducted at least three days in a week as per the time table or at least 30 minutes per day. However, in case of 20 per cent Mini-AWCs no outdoor games/other PSE activities are conducted at Mini-AWCs by Mini-AWWs.

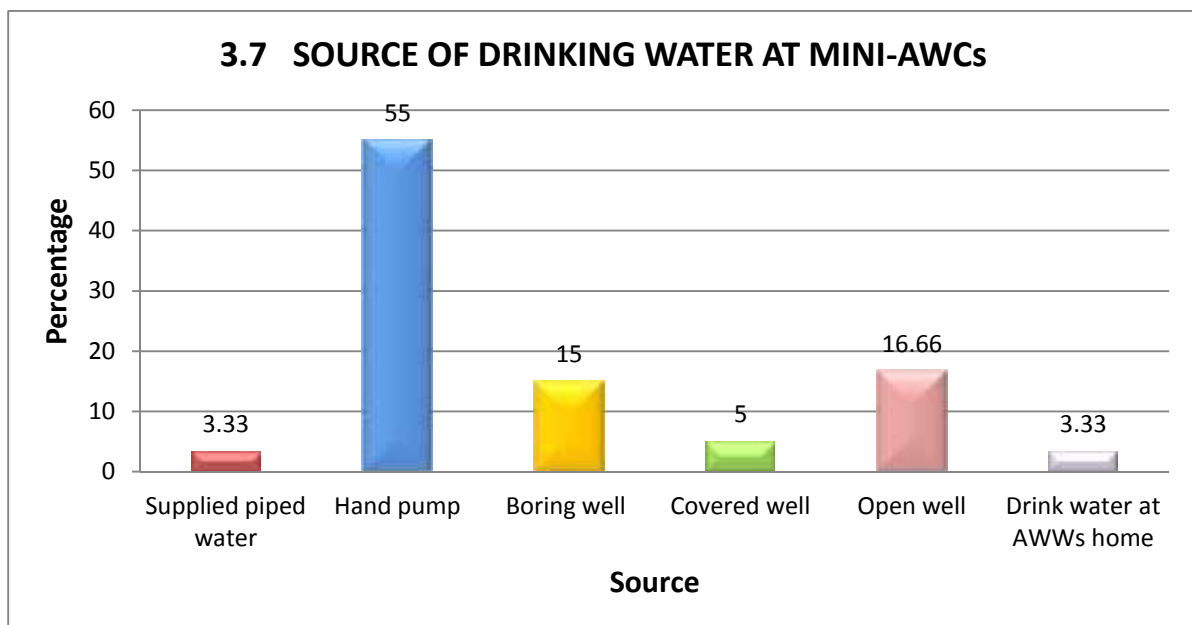

3.5 Separate kitchen was available in around 17 per cent Mini-AWCs in all the five states.

The study conducted by NIPCCD (2012) found that 28.7 per cent AWCs had separate kitchen. However, it was found in the study conducted by CAG (2012- 13) that separate space for cooking was not available in 64.51 per cent AWCs whereas, in the study (Planning Commission-2011) and NIPCCD (2006) availability of separate cooking space was found in 55.6 per cent and 43.94 per cent AWCs respectively.

3.6 Maximum numbers of Mini- AWCs (46 per cent), food was prepared mostly at Mini-AWWs house where there was no separate kitchen at Mini-AWCs. However, in 20% Mini-AWCs, food was prepared in covered space at Mini-AWCs and in case of 8 per cent centers, food was prepared at open space of Mini-AWCs.

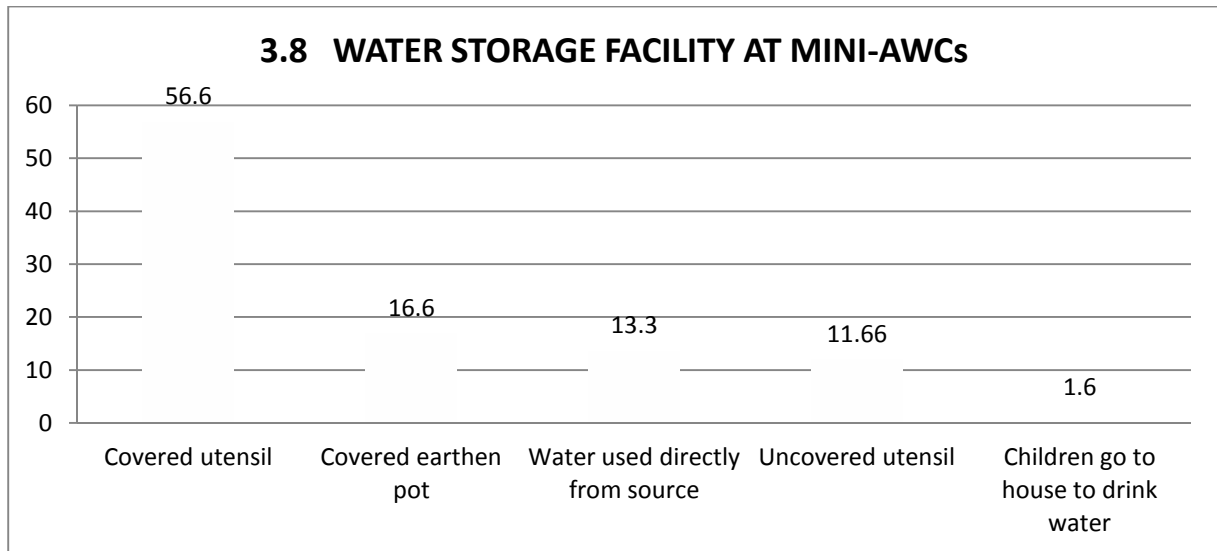

3.7 In more than half (55%) of the Mini- AWCs, hand pump was the source of drinking water in all the five states.

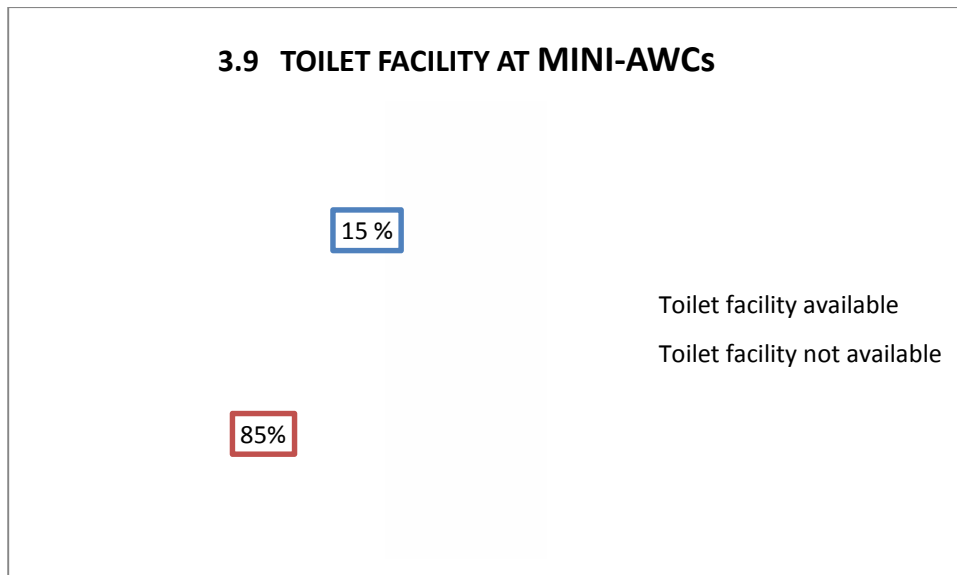

The findings of the present study with regard to source of drinking water are in accordance with the findings of the study conducted by NIPCCD (2006) and Planning Commission (2011) that hand pump was the main source of drinking water in 43.3 per cent and 58.8 per cent AWCs respectively. Similarly, it was found in the study conducted by CAG (2012- 13) that hand pumps were the most prominent source of drinking water, whereas, it was observed in

study conducted by NIPCCD (2012) that only 20 per cent AWCs were using hand pump as a source of drinking water.

3.8 Water was stored in covered utensils in around 57 per cent Mini- AWCs and uncovered utensils in 12 per cent Mini-AWC, in all the five states.

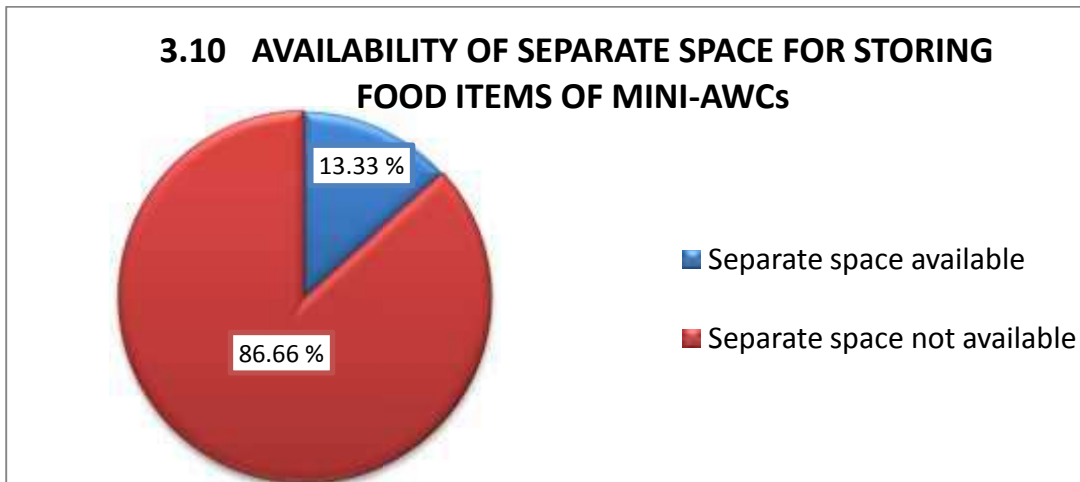

3.9 Toilet facility was available in only 15 per cent Mini- AWCs and there was no toilet facility available in any of the Mini- AWCs of U.P. Maximum numbers of children (61 per cent) go out of Mini-AWCs for urination.

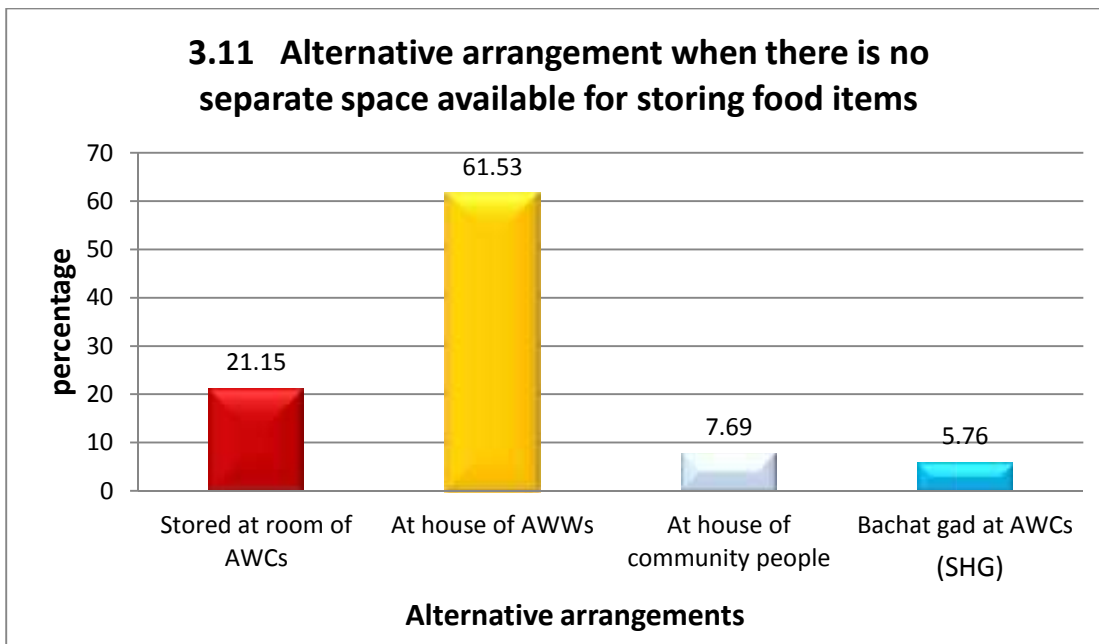

However, as per the findings of the studies conducted by NIPCCD (2006 and 2012), Planning Commission (2011) and CAG (2012- 13), there were more toilet facility available at AWCs i.e. 41 per cent, 51 per cent, 39 per cent and 52per cent AWCs respectively.

3.10 Separate space for storing food items was found to be available in around 13.33 per cent Mini-AWCs in all the five states and there was no separate space for storing in any Mini-AWCs in Asam .

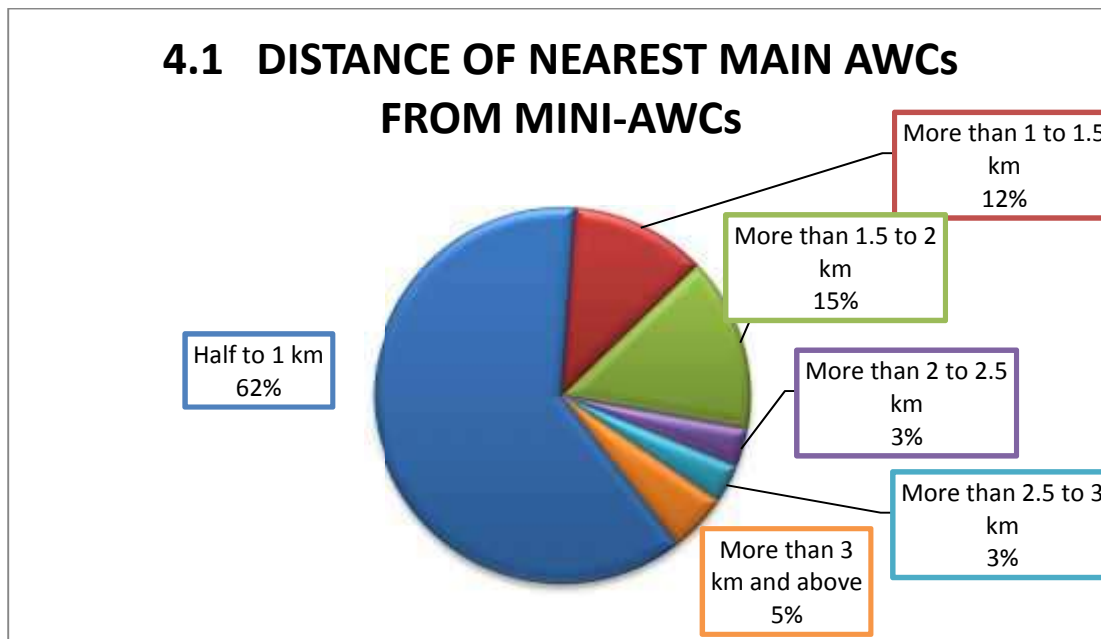

As observed in the studies conducted by NIPCCD (2006 and 2012), and Planning Commission (2011), separate space for storage was available in 50.3 per cent, 39 per cent and 57.5 per cent AWCs respectively. Similarly, it was stated in the study conducted by CAG (2012- 13) that space for storage was not available in 55.41 per cent AWCs.

3.11 As an alternative arrangement, Mini- AWCs where there was no separate space available for storing food items, food was stored at the house of AWWs in case of 61.53 per cent Mini- AWCs.

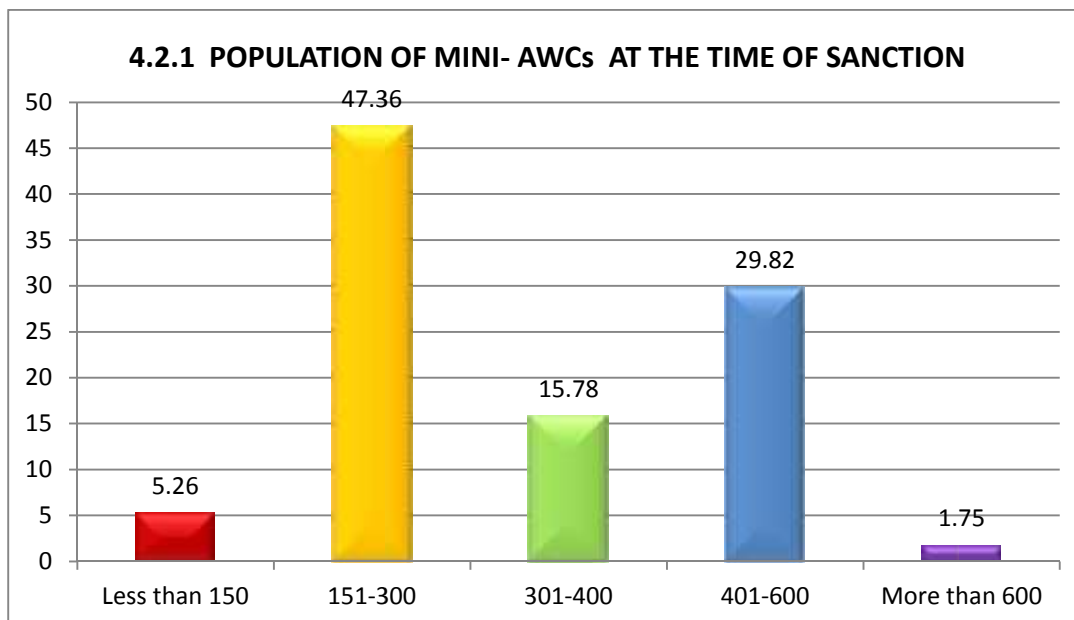

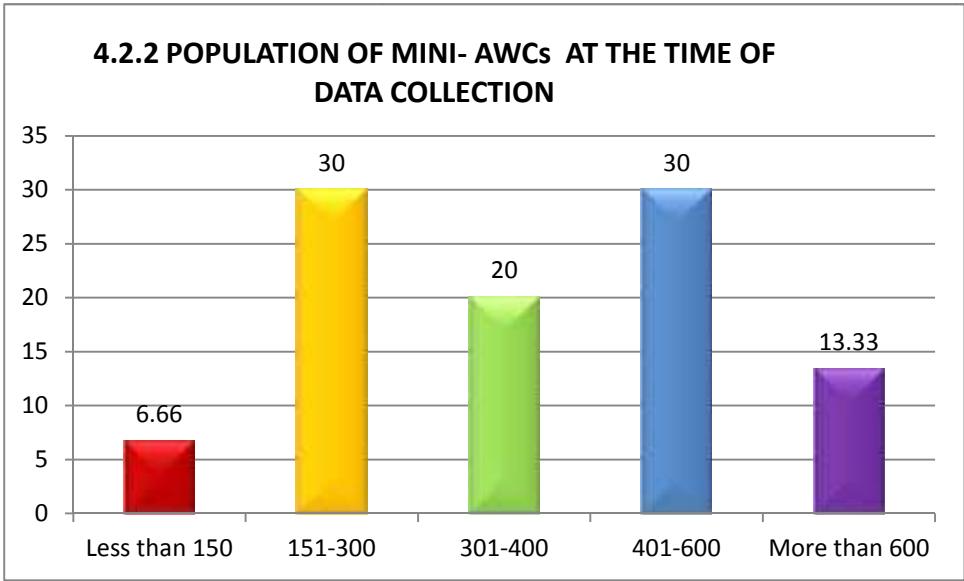

04 FUNCTIONING OF MINI-AWCs

4.1 Sixty Two per cent of the Mini- AWCs were half to 1 km away from Main AWCs.

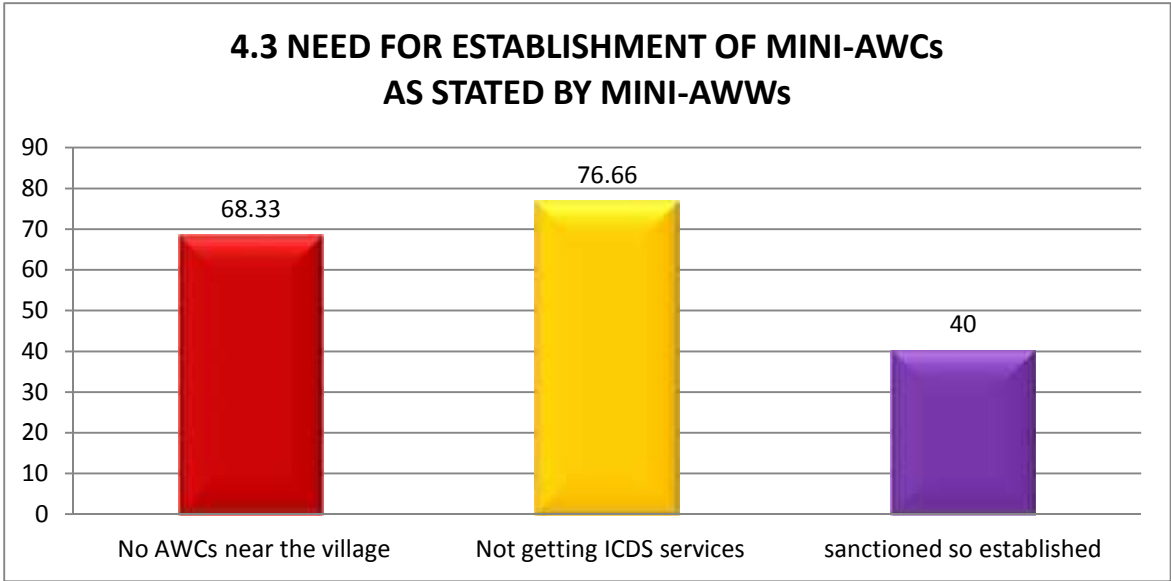

4.2 The population of around 31.57 per cent Mini- AWCs was more than 400 at the time of sanction of Mini- AWC. Whereas at the time of data collection the population of 43.33 per cent Mini- AWCs was more than 400.

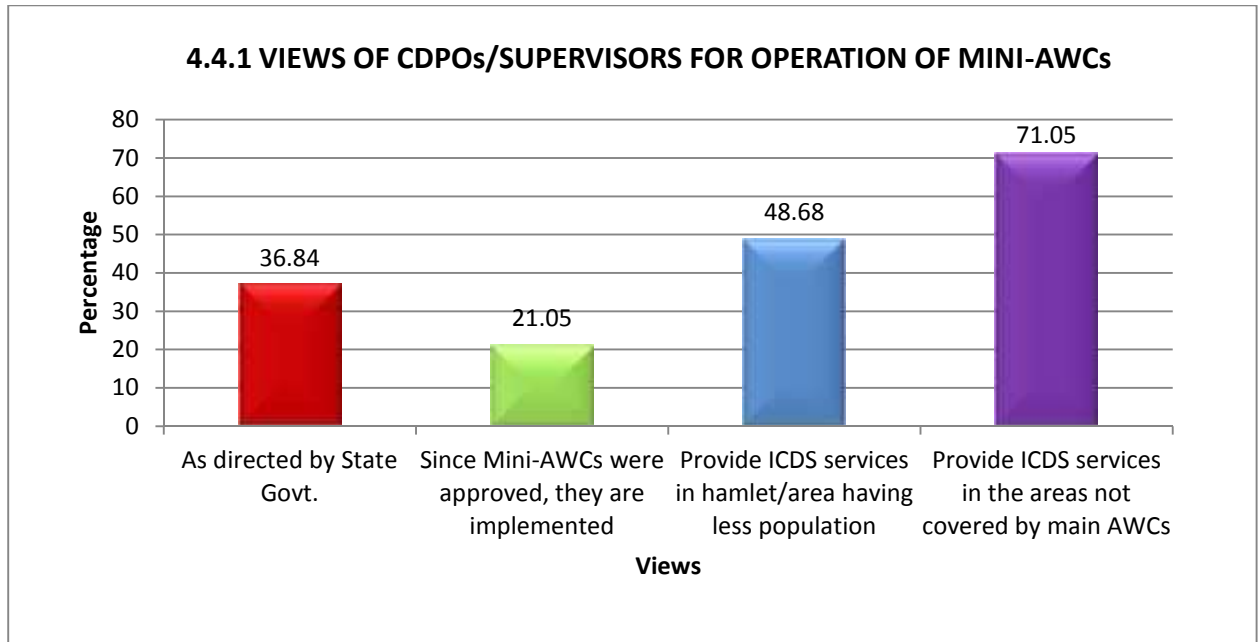

It may be mentioned that the exiting population norm for setting up of a Mini-AWC is 150-400 in case of rural/urban project and 150-300 for tribal project which has been effective since November 2008. Prior to this the population norm was 150-500 for rural project and 150-300 for tribal project during 2nd phase of ICDS expansion (2006-2007). The population norm at the initial stage (June 1996) for opening one Mini-AWC in tribal area was 150 to less than 300.

4.3 More than three fourth (76.66%) of Mini- AWWs stated the need for establishment of Mini- AWCs as beneficiaries were not getting ICDS services, while 68.33 per cent Mini-AWWs said the need for establishment of Mini- AWCs was non availability of AWCs near the village.

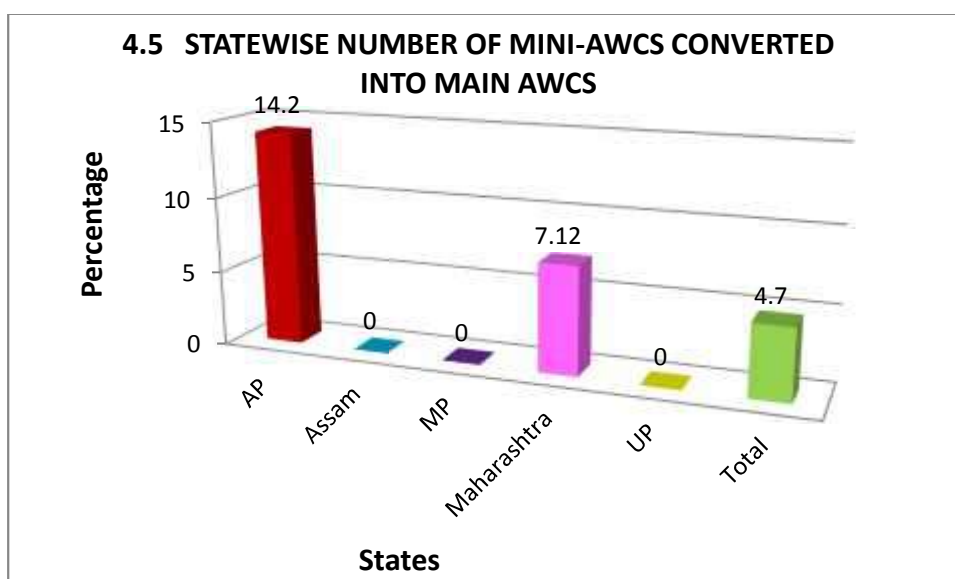

4.4 Around 71 per cent of CDPOs/Supervisors were of the view that Mini- AWCs were established in order to provide ICDS services in the areas not covered by main AWCs.

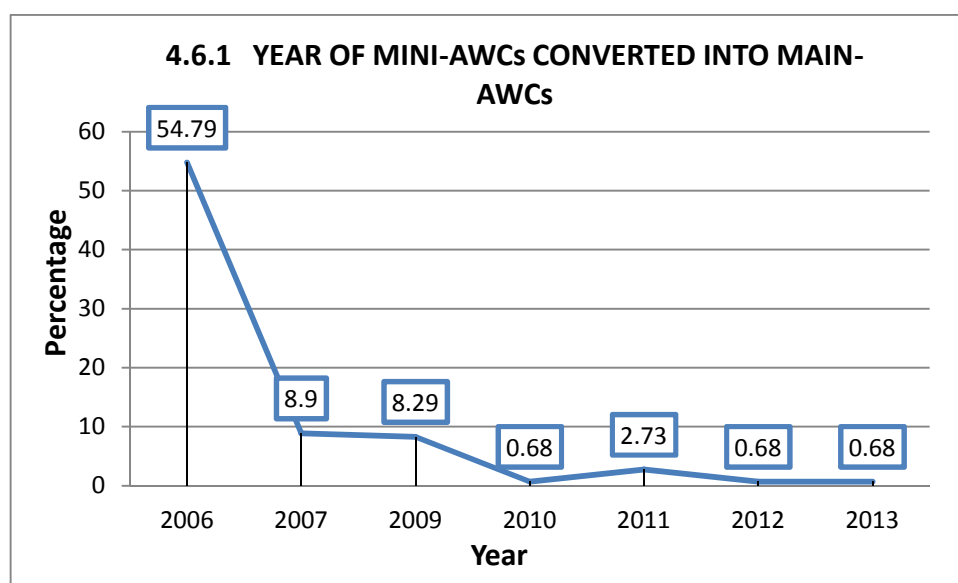

It may be mentioned that there are multiple responses under the need for establishment of Mini-AWCs on stated by Mini- AWWs. Similarly, there are multiple responses in respect of views of Supervisors/CDPO for operation of Mini-AWCs. Therefore, highest per centage of responses have been considered and highlighted.

4.5 It is clear from the responses of Supervisors/CDPOs that even though the population of the area of 43.33 per cent Mini- AWCs was more than 400 at the time of data collection, only 146 Mini-AWCs were converted into Main-AWCs. However, these conversion took place in two states i.e. Andhra Pradesh (120) and Maharashtra (26).

Per centage of Mini-AWCs converted into Main-AWCs in a rough estimate and has been worked out based on total number of Mini-AWCs in sample projects at the time of data collection and number of Mini-AWCs converted prior to data collection.

4.6 In four out of five states, CDPOs/Supervisors reported that strategy was available to convert Mini- AWCs to Main- AWCs, even then only 146 (4.7%) Mini-AWCs were converted into Main-AWCs. Maximum number of conversion (55.55%) of Mini- AWCs into Main- AWCs was done in the year 2006.

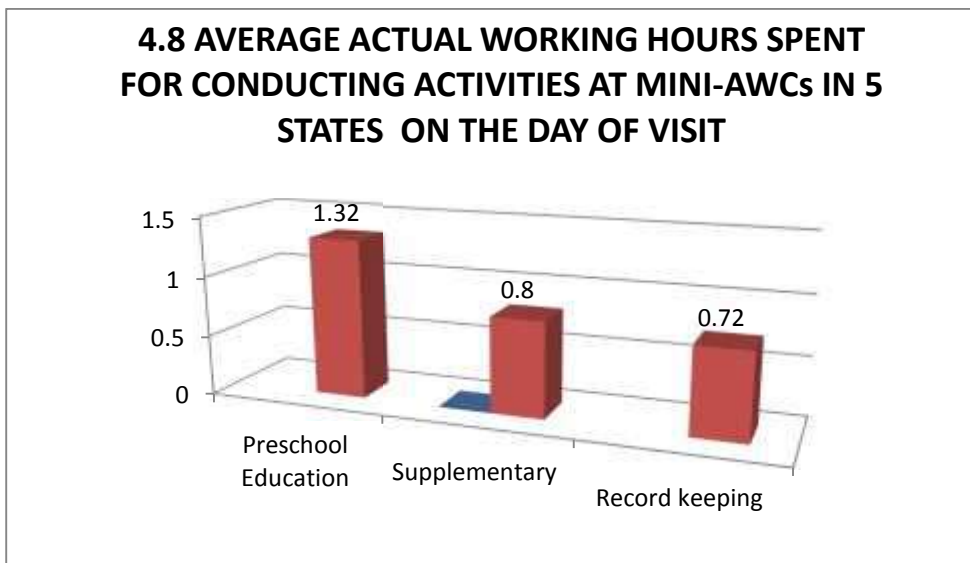

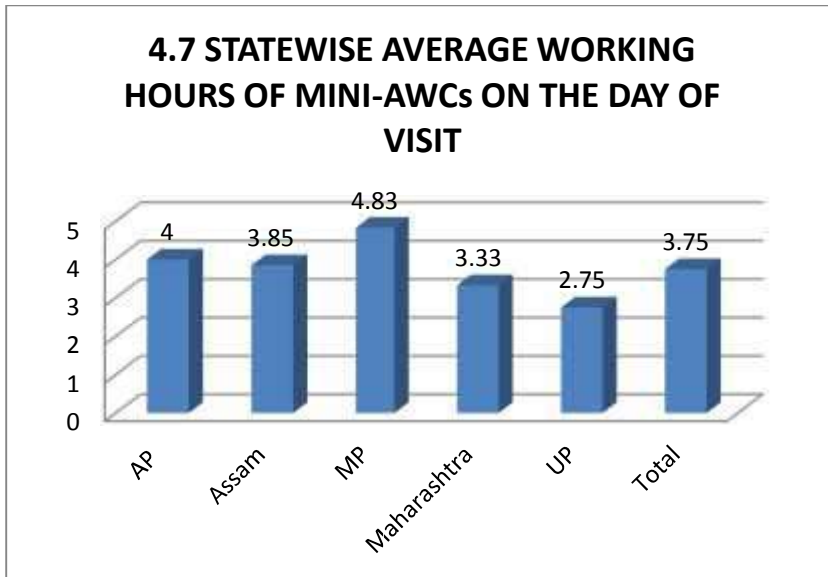

Maximum conversation of Mini-AWCs in to Main-AWCs in 2006 might be due to the fact that after 2005, Mini-AWCs provided all six services. It may be mentioned that till 2005, Mini-AWCs were only provided one service i.e. Supplementary Nutrition. Another factor may be due to reduction of population norm to 500 for establishment of AWC during 2nd phase of expansion of ICDS Scheme.

Recommendation- Mini-AWC whose population entitles for a full fledged AWC (presently 400 in case of rural/urban project and 300 for tribal project) should be considered for converting into a Main-AWC for getting all support/facilities for providing ICDS services effectively.

4.7 The average total duration of working hours of all Mini-AWCs keeping in view opening and closing time on the day of visit was 3.75 hours (AP-4 hours, Asam-3.85, MP-4.83, Maharashtra-3.33 and 2.75 hours for UP).

4.8 The average actual time spent on the day of the visit by all Mini-AWCs for Preschool Education was 1.32 hours (AP- 1.54 hours, Asam- 1.71, MP- 1.32, Maharashtra- 0.83 and 1.21 hours for UP), 0.80 hours for supplementary Nutrition (AP- 0.58 hours, Asam- 0.58, MP-

1.28, Maharashtra- 1.04, and 0.51 hours for UP) and 0.72 hours for Record Keeping (AP- 0.44 hours, Asam- 0.75, MP- 1.36, Maharashtra- 0.5 and 0.44 hours for UP).

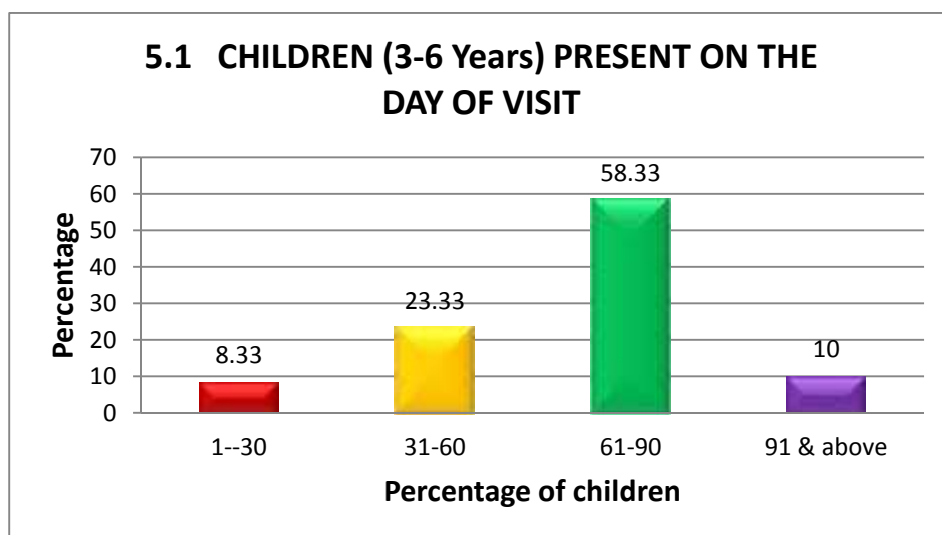

The working hours of Mini-AWC was collected from Mini-AWWs in respect of all activities conducted/services provided (Preschool Education, Supplementary Nutrition and Record Keeping) on the day of visit and it may be mentioned that there was difference in working hours among AWCs, and it varied from project to project and state to state.

However, it was observed in the study conducted by Planning Commission (2011) that on an average daily time spent by the AWWs on feeding was 0.84 hrs, 1.48 hrs in PSE activities and 1.65 hrs in record keeping. It may also be mentioned that the average time spent by AWWs

in daily activity in Andhra Pradesh, Assam, Madhya Pradesh, Maharashtra and Uttar Pradesh was 1.2 hrs, 1.41 hrs, 1.45 hrs, 1.42 hrs and 1.2 hrs respectively.

05 BENEFICIARIES

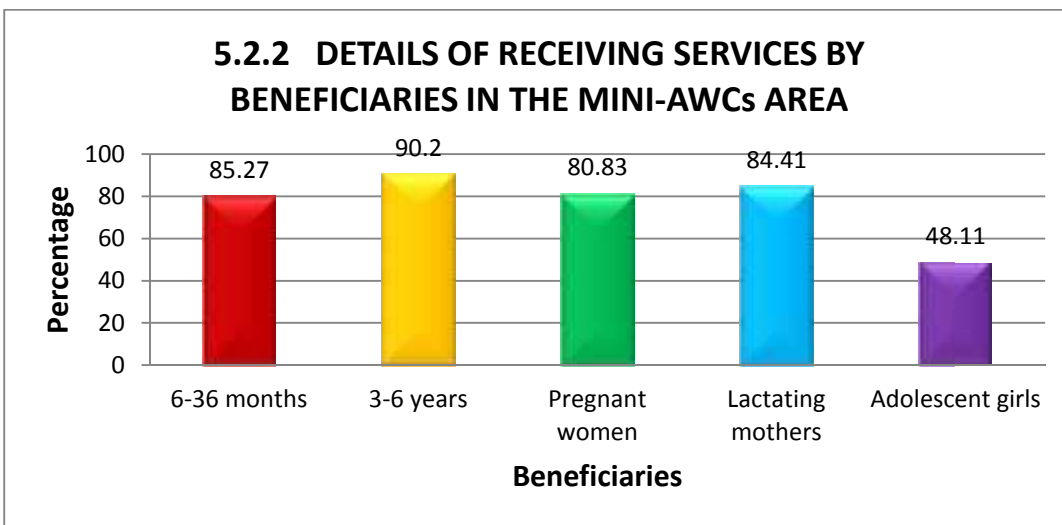

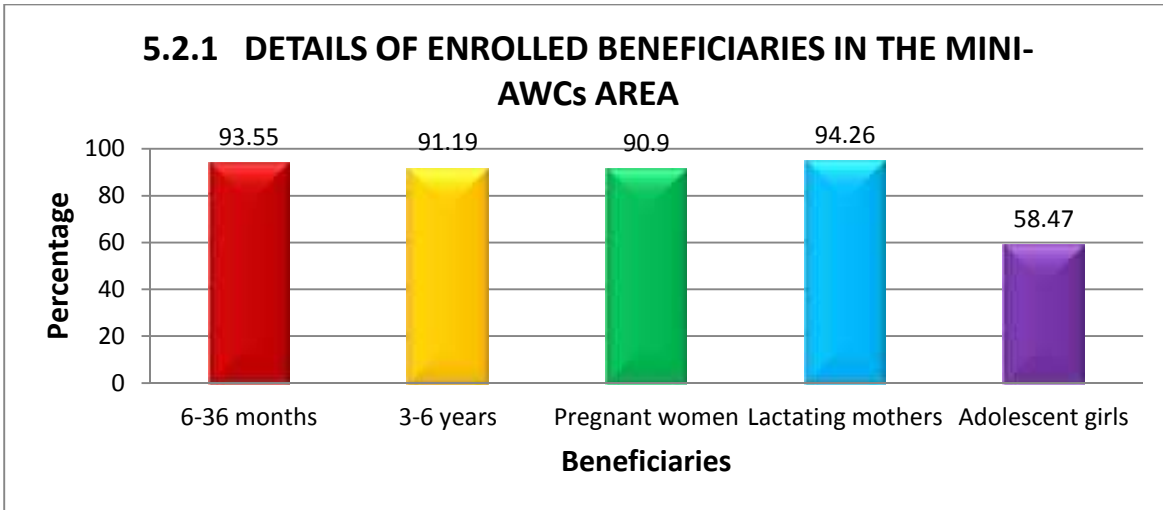

5.1 In around 58 per cent Mini- AWCs, 61- 90 per cent children (3- 6 years) were present on the day of visit and around 91 and above per cent children were present in around 10 per cent of Mini-AWCs.

It was observed in the study conducted by NIPCCD (2012) that 73.31 per cent children attended AWCs for preschool education for full duration on the day of visit. Similar findings were observed in the study conducted by NIPCCD (2006) that 75.09 per cent male and 74.6 per cent female children (3- 6 years) were availing this benefits.

5.2 Around 94 per cent of 6- 36 months children, 91.19 per cent of 3- 6 years children, 90.90 per cent pregnant women, 94.26 per cent lactating mothers and only 58.47 per cent Adolescent girls were enrolled in all the five states. Whereas, 85.27 per cent 6- 36 months children, 90.20 per cent 3- 6 years children, 80.83 per cent pregnant women, 84.41 per cent lactating mothers and 48.11 per cent adolescent girls received services in all the five states.

5.3 Around 15 per cent of enrolled children (6-36 months), 10 per cent of 3-6 years children, 19 per cent of pregnant women and 16 per cent enrolled lactating mothers were not receiving ICDS services from Mini-AWCs.

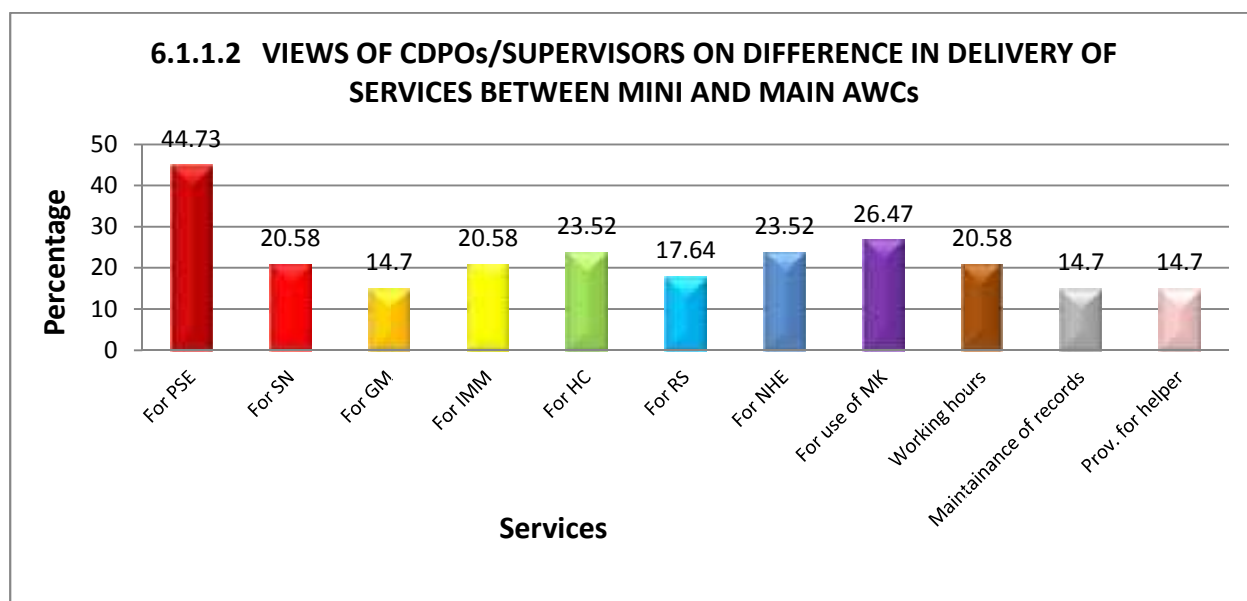

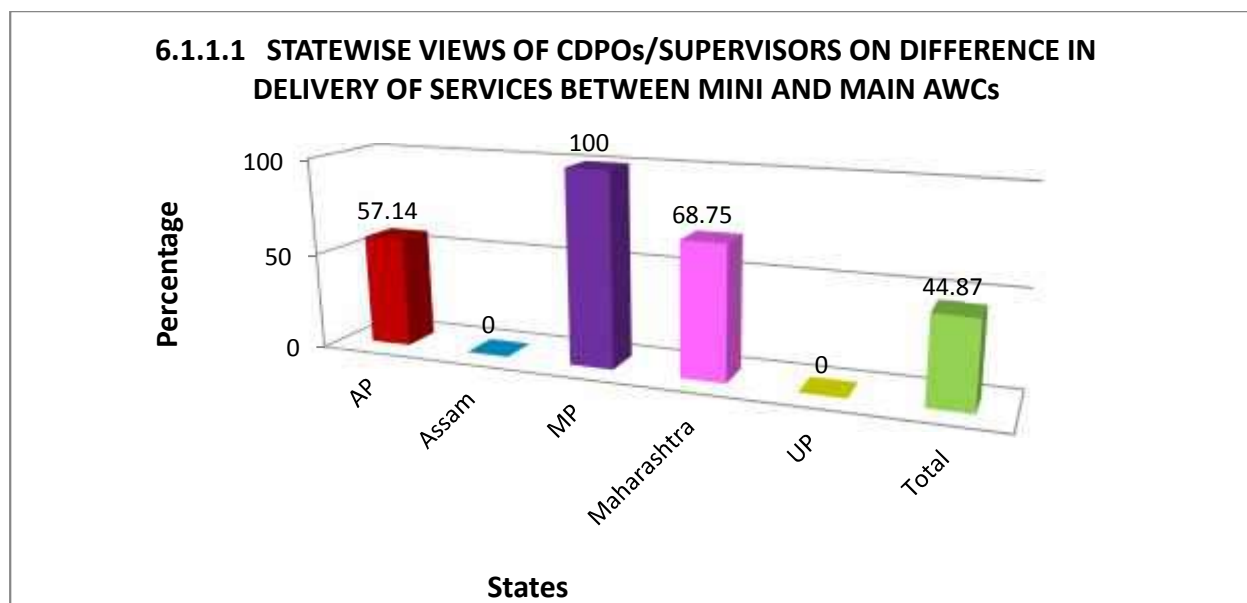

The study conducted by NIPCCD (2006) found that the percentage of pregnant women, lactating mothers, 6 months to 3 years children and children of 3- 6 years registered in AWCs was 47.5, 52.8, 59.1 (boys), 55.2 (girls), 57.8 (girls) and 51.1 (boys) respectively and the per centage of beneficiaries availing ICDS services was 87.3, 88.6, 81.9 (girls), and 74.6 (boys), 75.9 (boys), and 74.6 (girls) respectively. Whereas, it was observed in the study conducted by NIPCCD (2012) that 78.74 per cent pregnant women and 75.07 per cent lactating women from the community were enrolled in ICDS programme.

06 SERVICE DELIVERY

6.1 STATUS OF DELIVERY OF SERVICES

6.1.1 Around 44.87 per cent CDPOs/Supervisors were of the view that there is a difference in delivery of services between Mini and Main- AWCs. It may also be mentioned that around 45 per cent CDPOs/ Supervisors found difference in PSE, 20.58 per cent in Supplementary nutrition, 14.7 per cent in growth monitoring, 20.58 per cent in immunization, 23.52 per cent in health check- up, 17.64 per cent in referral services, 23.52 per cent in NHE, 26.47 per

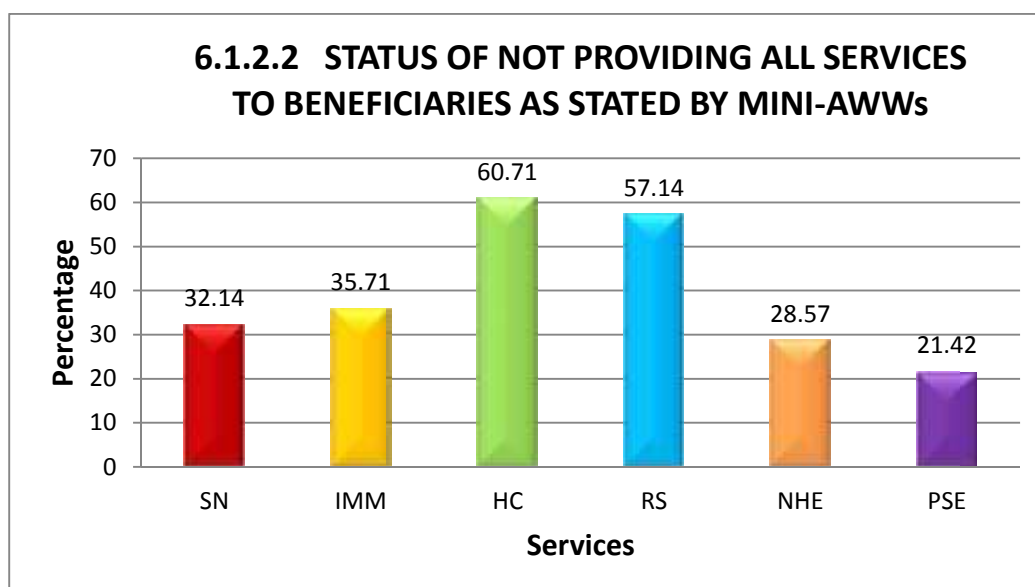

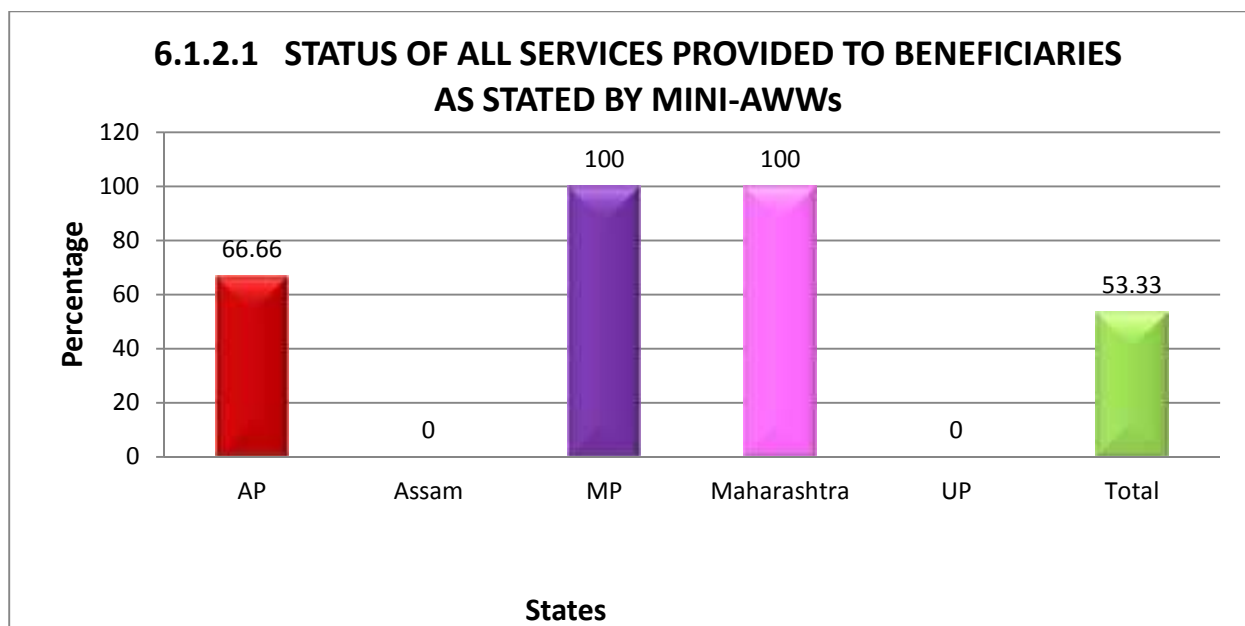

cent in use of medicine kit, 20.58 per cent in working hours, 14.70 per cent in maintenance of records and registers and 14.70 per cent in provision for helper and honorarium.

It may be mentioned that around 45 per cent of CDPOs/Supervisors had no concrete knowledge on services provided at Mini-AWCs, however, there is no difference in delivery of services between Mini and Main- AWCs. There is no provision of Helper in Mini-AWCs and honorarium for Mini-AWW is less than the Main-AWW.

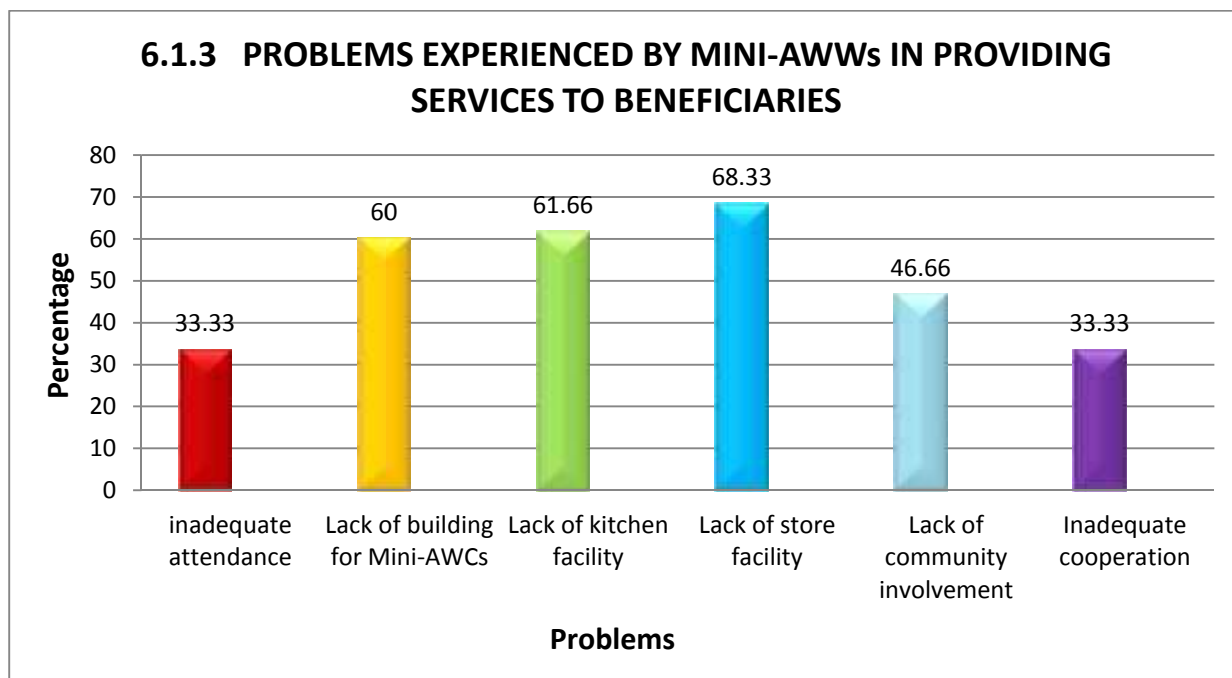

6.1.2 Around 53 per cent Mini- AWWs provided all the services in all the five states. However, the remaining Mini- AWWs could not provide all the services to the beneficiaries. The left out services were Supplementary nutrition (32%), Immunization (35.71%), Health

check- up (60.71%), Referral services (57.14%), NHE (28.57%), and Pre- school education (21.42%).

It was observed in the study conducted by Planning Commission (2011) that the services provided by AWWs were Supplementary Nutrition (99.4%), Immunization (91.4%), Health Check- up (66.1%), Referral Services (62.9%), Pre-school education (87.8%) and Nutrition and health education (94.9%).

6.1.3 The problems experienced by Mini- AWWs in providing services to beneficiaries were lack of adequate attendance of children (33.33%), Lack of building for Mini- AWCs (60%), lack of kitchen facility (61.66%), lack of store facility (68.33%), lack of toilet facility (68.33%), lack of helper (63.33%), lack of required community involvement in the programme (46.66%) and inadequate cooperation from education department (33.33%).

Recommendation- Keeping in view the fact that some beneficiaries used to go to nearby Main-AWC for some services and in some cases some services are not provided at Mini-AWCs, it is to be ensured that all services of ICDS are provided at Mini-AWCs. Keeping in view lack of provision of Helper and in some cases (43%) where population of Mini-AWC is more/equivalent to Main-AWC, need based implementation strategy to be developed and Mini-AWWs are provided with required support to ensure all ICDS services are provided by Mini-AWCs. CDPOs are to be made accountable for this.

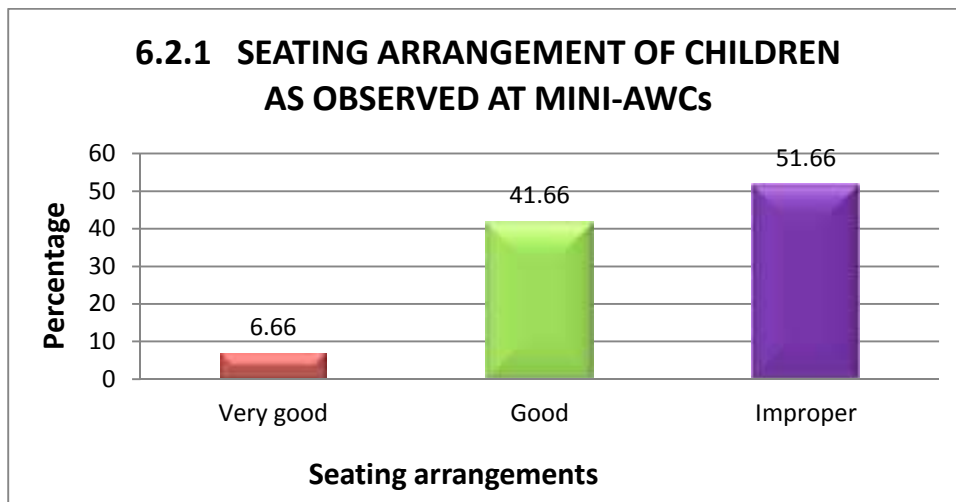

Recommendation- Provision of post of Helper should be considered for Mini-AWC

Recommendation- Separate implementation strategy for Mini-AWCs needs to be developed at project/district level keeping in view problems experienced by Mini-AWWs. CDPOs should sort out implementation problems on priority and seek attention/request DPO/district official for resolving issues not sorted out at project Level.

Recommendation- Separate monitoring strategy for effective implementation of Mini-AWCs should be developed at project Level.

6.2: EARLY CHILDHOOD CARE AND EDUCATION

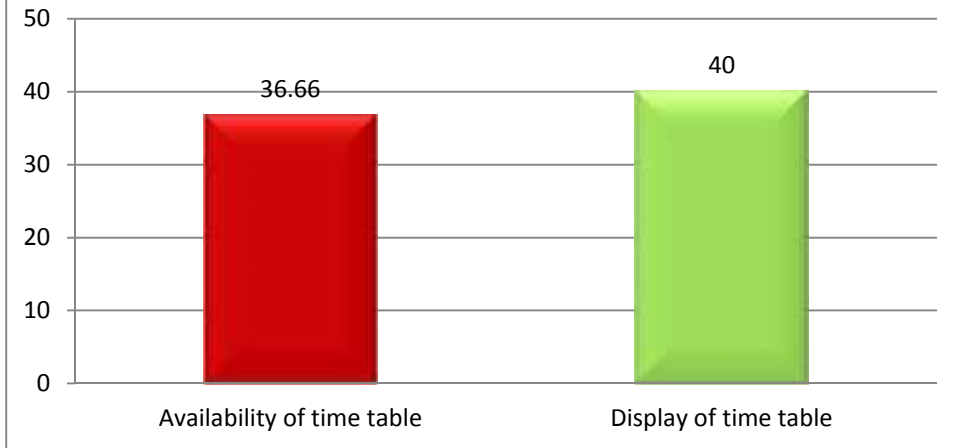

6.2.1 It was observed that around 42 per cent of Mini-AWCs had good seating arrangement for children, 51.66 per cent had improper and 7 per cent Mini-AWCs had very good seating arrangement for children. Very good seating arrangement was seen only in Asam and Maharashtra and improper seating arrangement was found in around 67 per cent Mini-AWCs in AP.

The seating arrangement is rated as very good when children are made to sit on *chatai/mat/durrie or small chair* in semi-circle with space for working/playing with toys/keeping their belongings and space/ for AWW to reach to any child freely and vice-versa. It is rated as good when children are made to sit on *chatai/mat/durrie or small chair* in lines with space for children to play with toys/ working /keeping belongings and with restricted movements of AWWs and children and when children only get space for seating without *chatai/mat/durrie or small chair* without space for keeping their belongings with no space for movement of AWW and children, the seating arrangement is rated as improper.

6.2.2 It was found in 36.66 per cent Mini- AWCs, the time table was available for conducting PSE activities and in 40 per cent of them, time table was observed to be displayed.

6.2.2 AVAILABILITY AND DISPLAY OF TIME TABLE AT MINI-AWCs

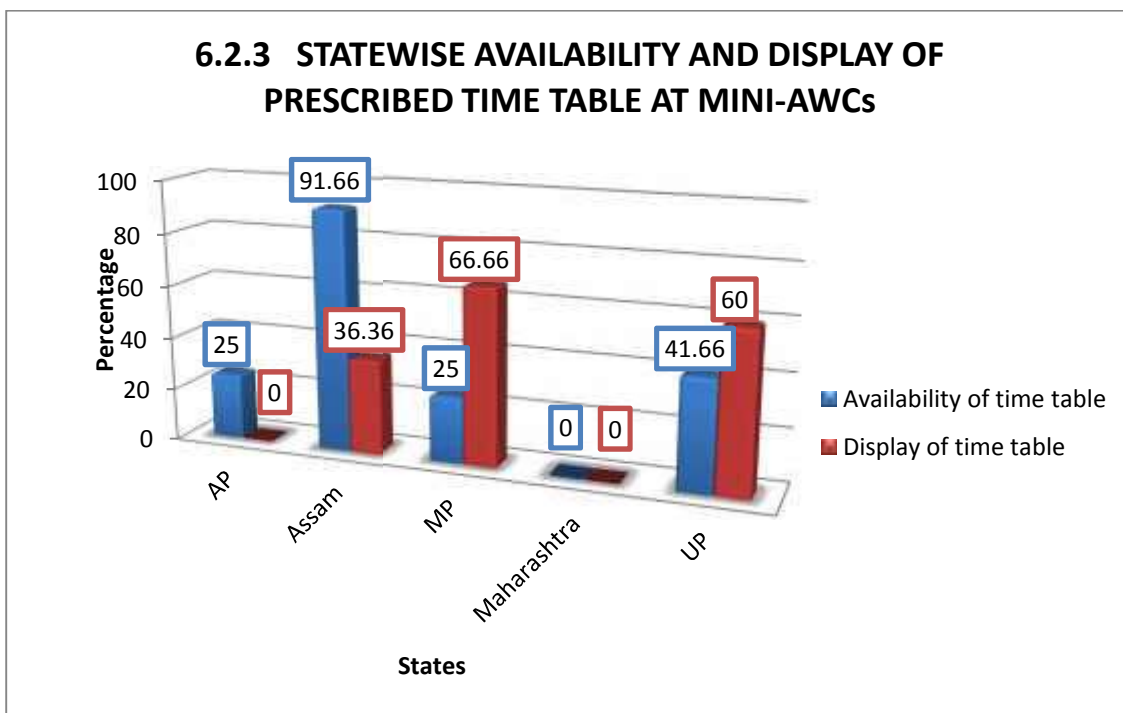

The study conducted by NIPCCD (2012), found 74 per cent AWWs using time table for conducting PSE activities.

6.2.3 Time table was available in maximum number of Mini-AWCs (92%) in Assam and this was displayed in maximum number of Mini-AWCs (67%) in case of MP and there was no display of time table in case of AP and Maharashtra.

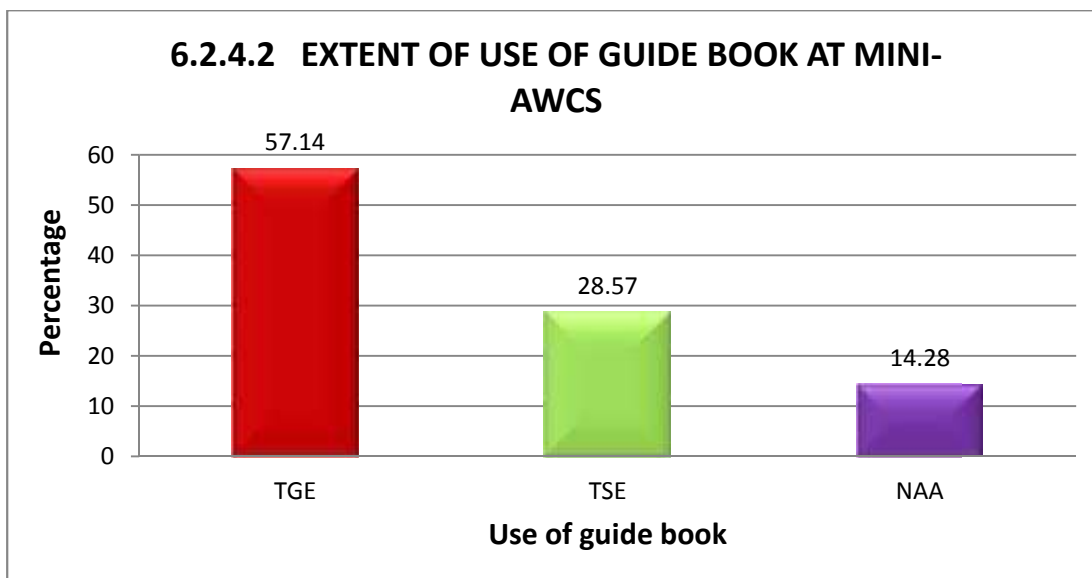

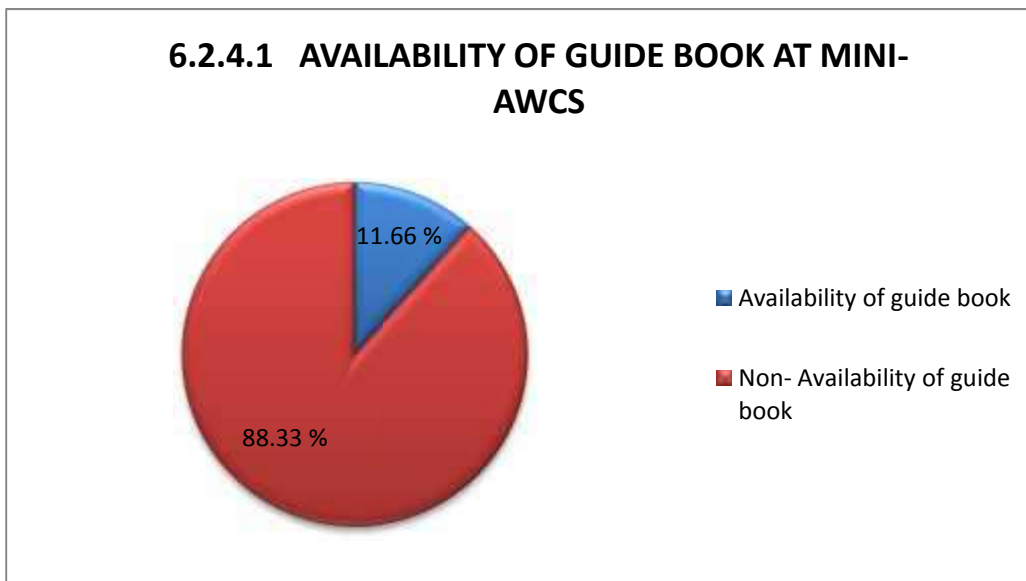

6.2.4 Out of 37 per cent of total Mini-AWCs where time table was available, 27 per cent use the time table to great extent, 63 per cent to some extent and in 9 per cent Mini-AWCs, it is not used. Thirty three per cent of Mini-AWC in AP and 20% in UP did not use the time table through it was available with them.

6.2.3 STATEWISE AVAILABILITY AND DISPLAY OF PRESCRIBED TIME TABLE AT MINI-AWCs

Use of time table was rated as to great extent when time table was almost used for running AWC and organising PSE activities everyday and to some extent when half of the activities scheduled in time table were conducted. It was rated as not at all used when activities were conducted in haphazard manner/unsystematically or AWW asked a child to read chart or AWW asked children to play freely without any guidance.

6.2.5 It was observed that guide book for PSE was available in around 12 per cent of Mini-AWCs and it was used to great extent in 57.14 per cent of Mini- AWCs. However, this guide book was not used in 33 per cent of Mini-AWC.

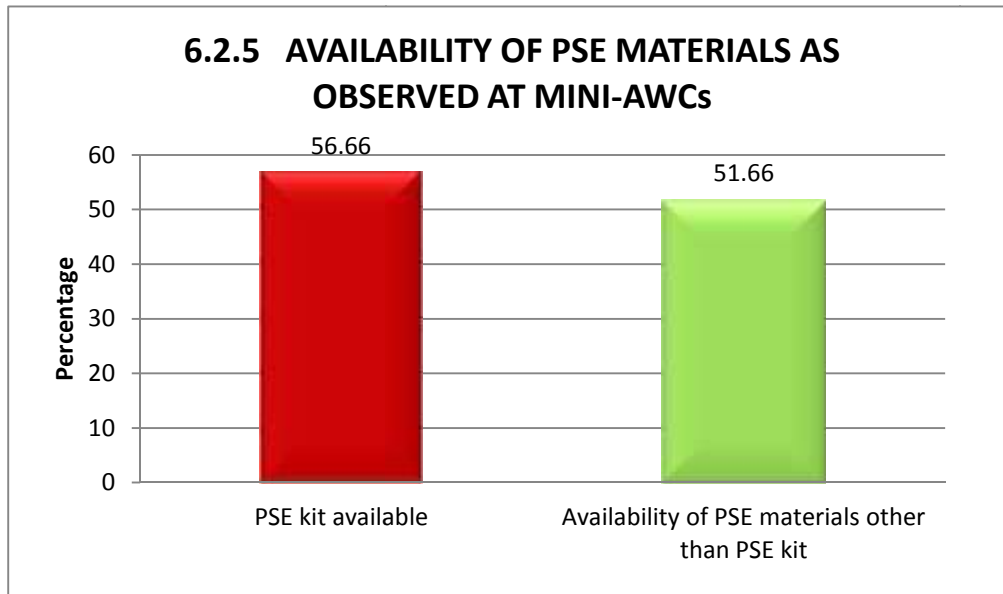

Use of guide book was rated as to great extent when the guidebook was almost used for organising PSE activities at AWC everyday and to some extent when guidebook was used for

conducting PSE activities for half a day. It was rated as not at all used when guidebook was not at all used.

6.2.6 PSE kit was available in 57 per cent of Mini- AWCs. On a ten point rating scale, the availability of materials in PSE kit during the visit to Mini-AWC for data collection was found to be 4.88 in all the Mini- AWCs. Similarly, availability of PSE materials other than PSE kit was found to be 51.66 per cent in five states. Highest rating (5.56) for availability of materials in PSE kit was found in case of Assam. Similarly, highest per centage of Mini-AWCs

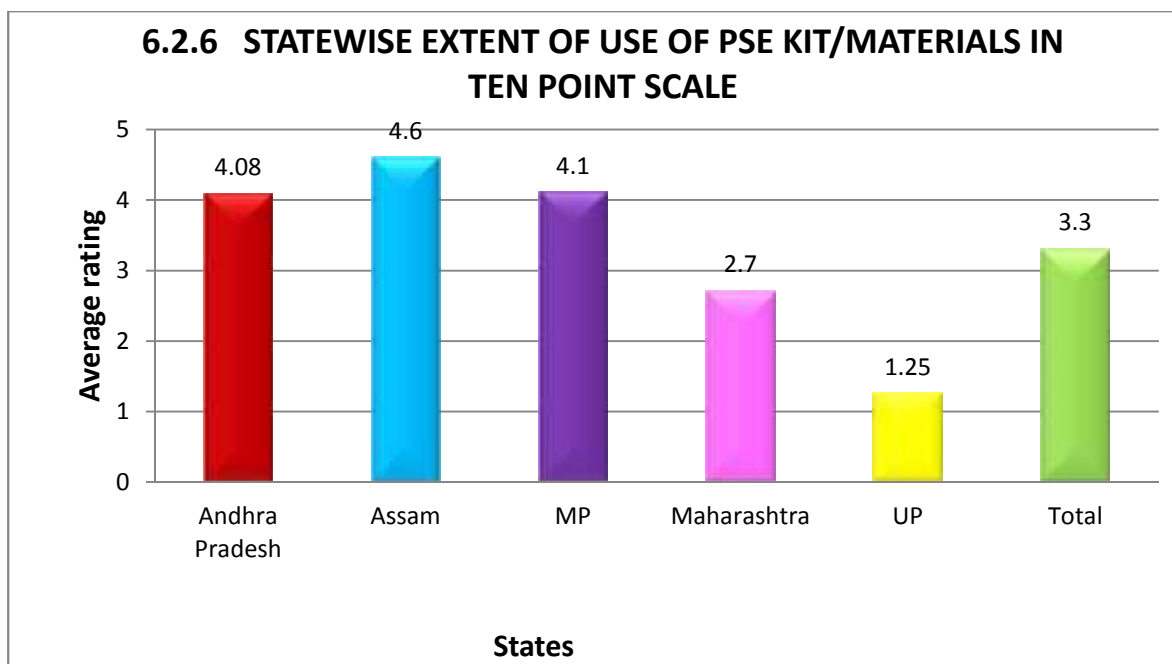

(75 per cent) in MP had PSE materials other than PSE kit.

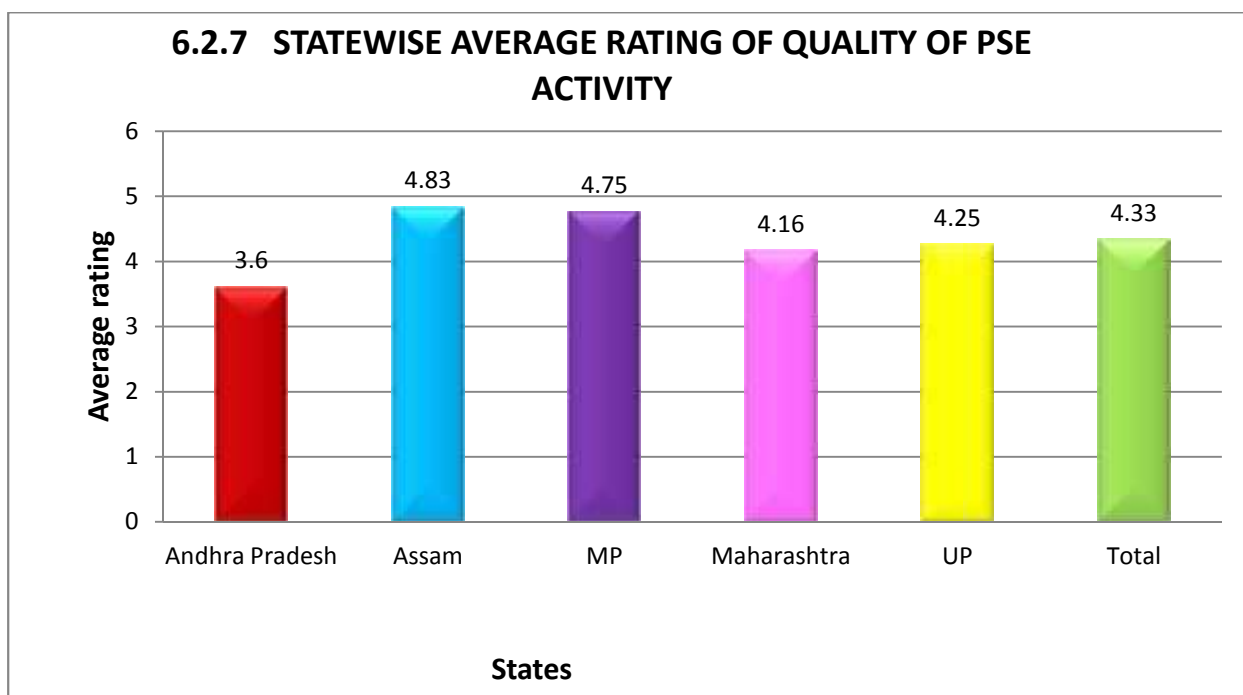

The quantum of PSE materials available at Mini-AWCs during the visit was rated keeping in view/considering the total materials at the time of supply as 10.

It was observed in the study conducted by CAG (2012- 13) and NIPCCD (2006) that PSE kit was available in 55.23 per cent and 55.9 per cent AWCs respectively. However, the study conducted by NIPCCD (2012) found that PSE kit was available in 86 per cent AWCs. Whereas, PSE kit was found to be available in 44 per cent AWCs as stated in the study conducted by Planning Commission (2011).

6.2.7 Extent of use of PSE kit/ materials rated in 10 point scale for all the 60 Mini- AWCs was found to be 3.3. It may also be noted that among five states, the highest average rating on the extent of use of PSE kit/ materials was found in Assam.

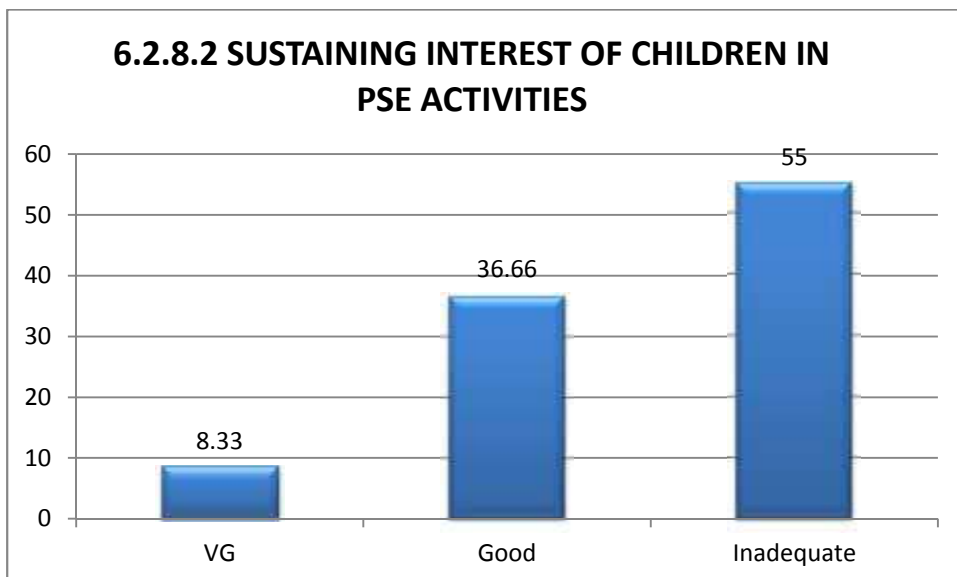

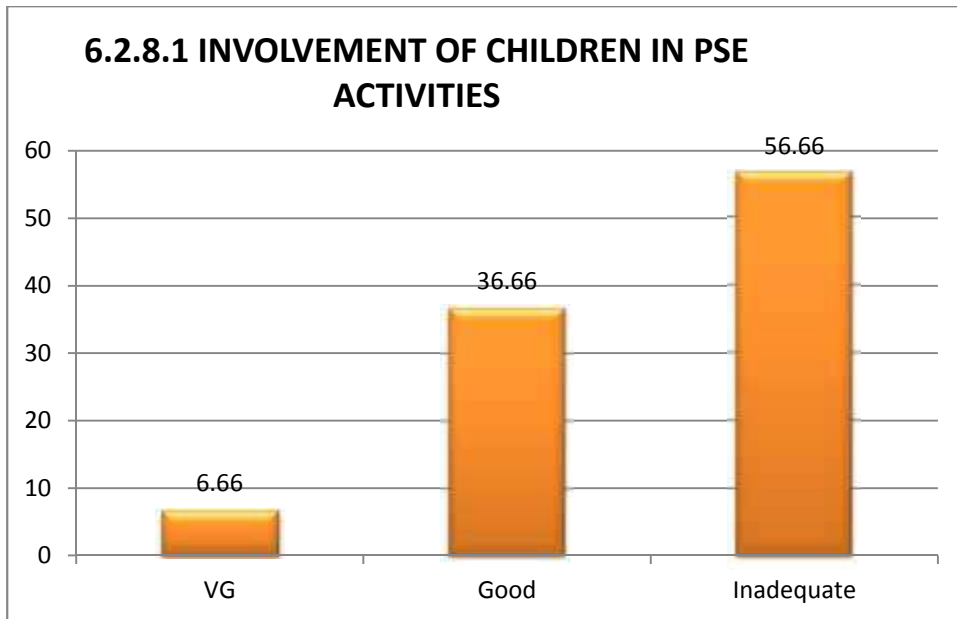

6.2.8 The overall average rating of quality of PSE activity was found to be 4.33 on a ten point scale in all the five states. The highest rating of quality of PSE activity was found in Assam (4.83).

The quality of PSE activities conducted at Mini-AWCs on the day of visit was rated based on observing PSE activities conducted by Mini-AWW for the whole day keeping in view age appropriateness of the activity, objective based activity, efforts made by AWW for involvement of children, use of aids/PSE material, interest shown by children and achievement of objective of the PSE activity.

6.2.9 In 7 per cent Mini-AWCs, involvement of children in PSE activities was very good and it was good in case of 37 per cent Mini-AWCs. However, involvement of children was found to be inadequate in case of 57 per cent Mini-AWCs.

6.2.10 About sustaining interest of children in PSE activities, it was found to be very good in case of 8 per cent Mini-AWCs, good in 37 per cent and inadequate in case of 55 per cent Mini-AWCs.

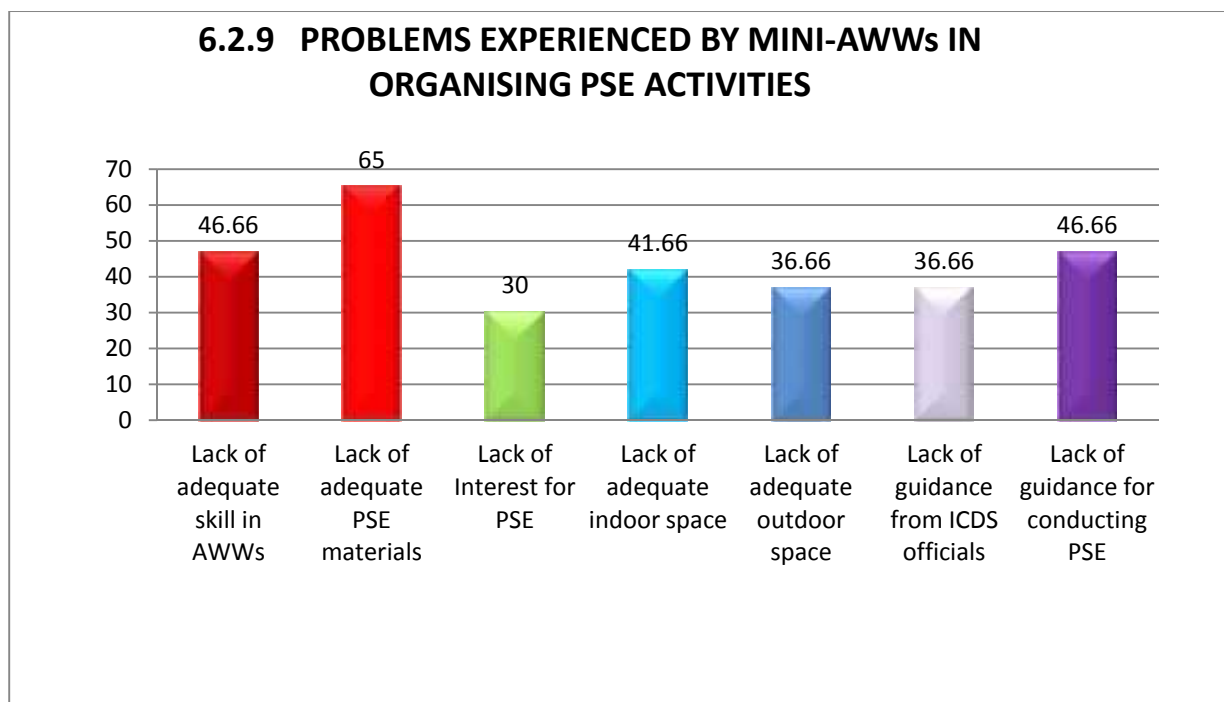

Involvement of children in PSE activities was rated very good when all children are very attentive and participate in the PSE activities conducted by AWW, good when almost 80% children are attentive and participate in the PSE activities conducted by AWW and when around 50% children or less are not attentive and do not participate in the PSE activities

conducted by AWW and involved with gossiping/other activities, then involvement was rated as inadequate.

About sustaining interest of children in PSE activity, it may be mentioned that when AWW made efforts in satisfying curiosity of children, asking questions, diverting the attention of the children towards the PSE activity conducted at AWC in making all the children attentive and involved in PSE activity, then it was rated as very good. It was rated as good when almost 80% children are attentive and participate in the PSE activities conducted by AWW and it was rated as inadequate when around 50% children or less are not attentive and do not participate in the PSE activities conducted by AWW and involved with gossiping/other activities.

6.2.11 Problems experienced by Mini- AWWs in organising PSE activities were lack of adequate skill in Mini- AWWs (46.66%), lack of adequate PSE materials (65%), lack of interest of parents for PSE (30%), lack of adequate indoor space (41.66%), lack of outdoor space (36.66%), lack of guidance from ICDS officials (36.66%) and lack of guidance for conducting PSE activities in 46.66% Mini- AWCs.

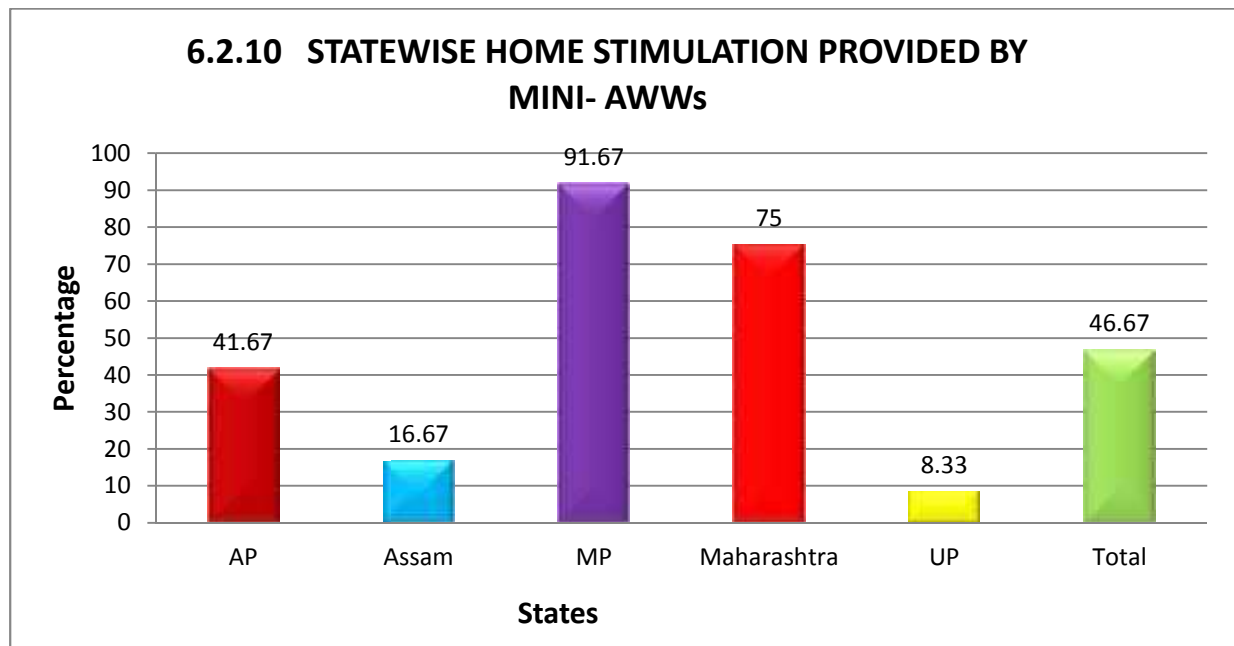

Problem areas in implementation of ICDS as found in the study conducted by NIPCCD (2012) were additional work load followed by delay in supply of material like PSE/Medicine kit etc timely releasing funds, etc. More than one third of CDPOs (39.3%) reported about the need of proper infrastructure followed by emphasizing filling up of vacant posts and adequate

supplies/ material (43%) and also the skill based training for the AWWs and Supervisors on PSE.

Recommendation- The present provision of PSE kit @ Rs. 1500/- per Mini-AWC per year needs to be enhanced and kept at par with the provision approved for Main-AWC i.e. Rs.3000/- per year. This would facilitate to have more PSE materials at Mini-AWC.

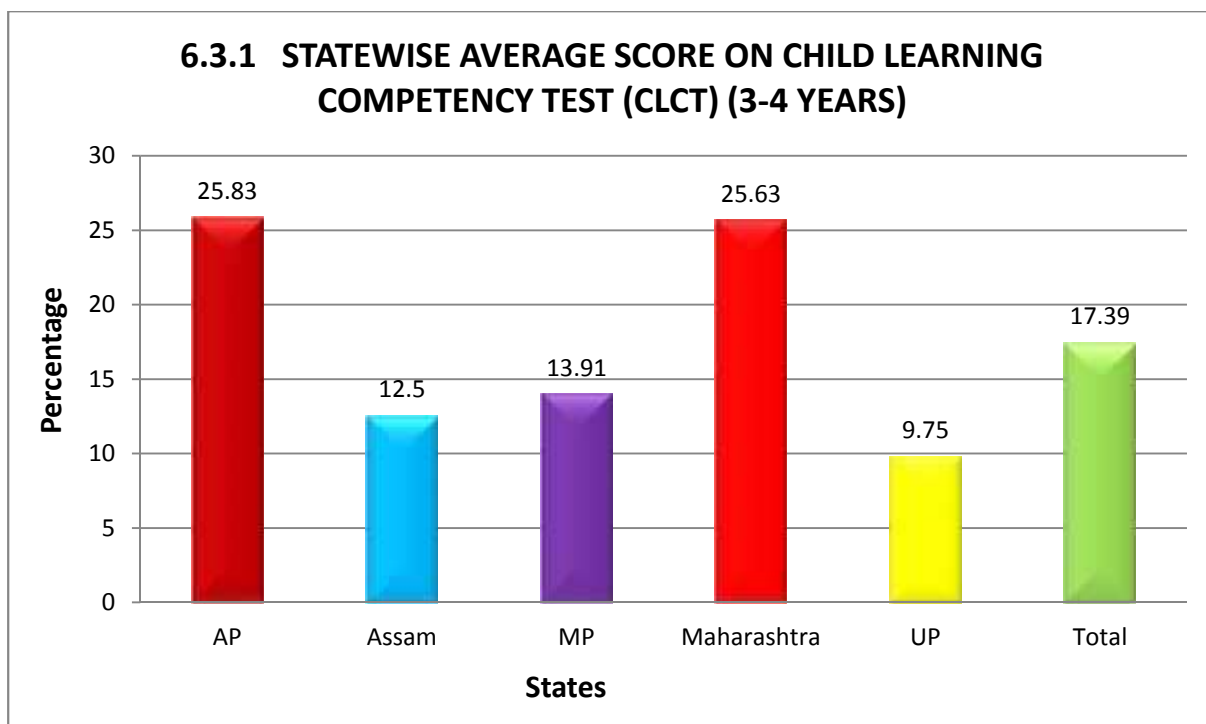

6.2.12 Around 47 per cent Mini- AWWs provided guidance to mother on home stimulation in all the five states. This is highest (91.67%) in MP and lowest (8.33) in case of U.P.

6.3 CHILD LEARNING COMPETENCY

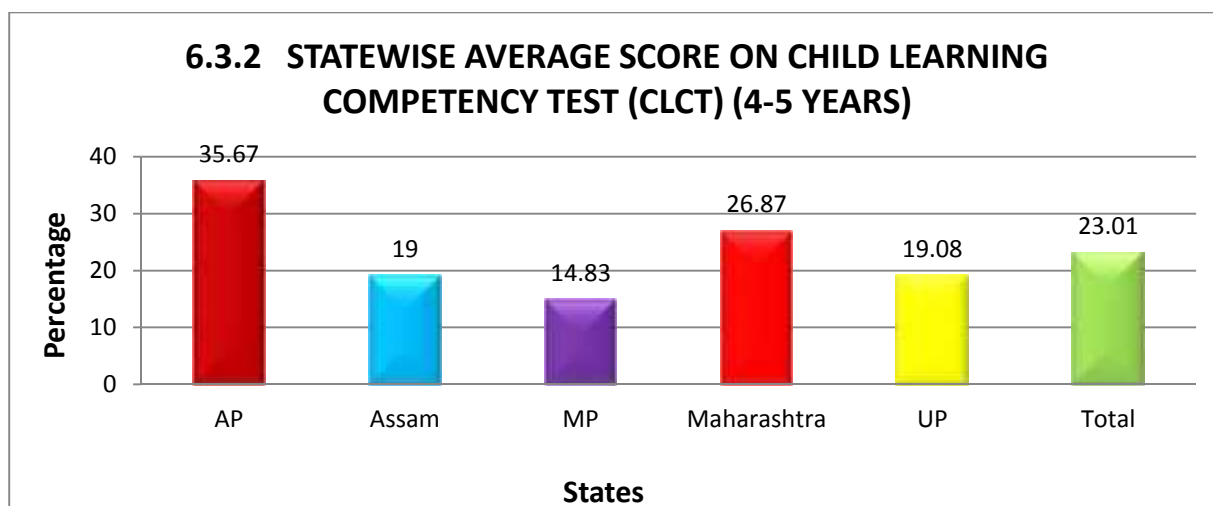

6.3.1 The overall average score of 3-4 years children in child learning competency test was found to be 17.39 out of 50 in all the five states. The highest average score (25.83) was in AP and lowest average score (9.75) was in U.P.

6.3.1 STATEWISE AVERAGE SCORE ON CHILD LEARNING COMPETENCY TEST (CLCT) (3-4 YEARS)

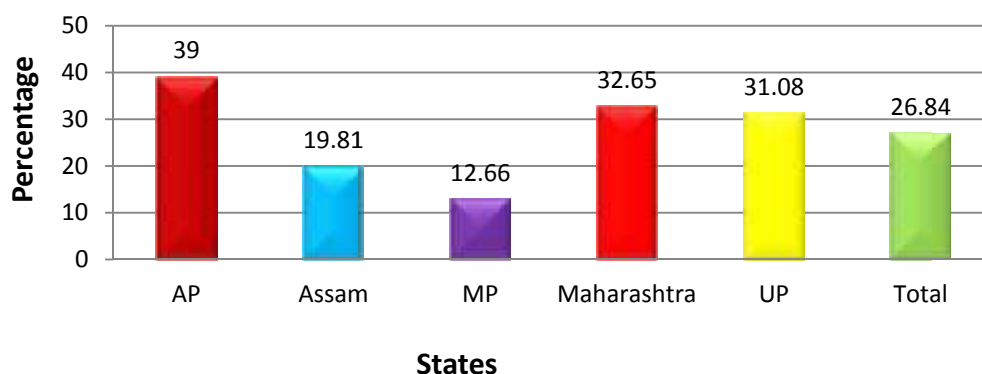

6.3.2 The overall average score in child learning competency test for 4- 5 years children was found to be 23.01 out of a total score of 50 in all the five states. It was highest (35.67) in case of AP and lowest (14.83) in MP.

6.3.2 STATEWISE AVERAGE SCORE ON CHILD LEARNING COMPETENCY TEST (CLCT) (4-5 YEARS)

6.3.3 The overall average score in child learning competency test for 5- 6 years children was found to be 26.84 out of a total score of 50 in all the five states. Children of AP secured highest score (Average-39) and lowest score (Average-12.66) was scored by children of MP.

6.3.3 STATEWISE AVERAGE SCORE ON CHILD LEARNING COMPETENCY TEST (CLCT) (5-6 YEARS)

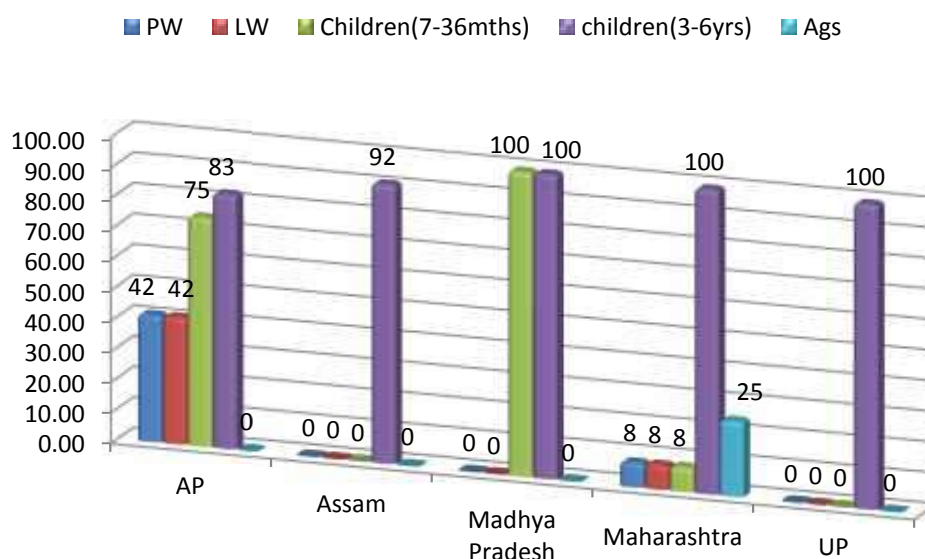

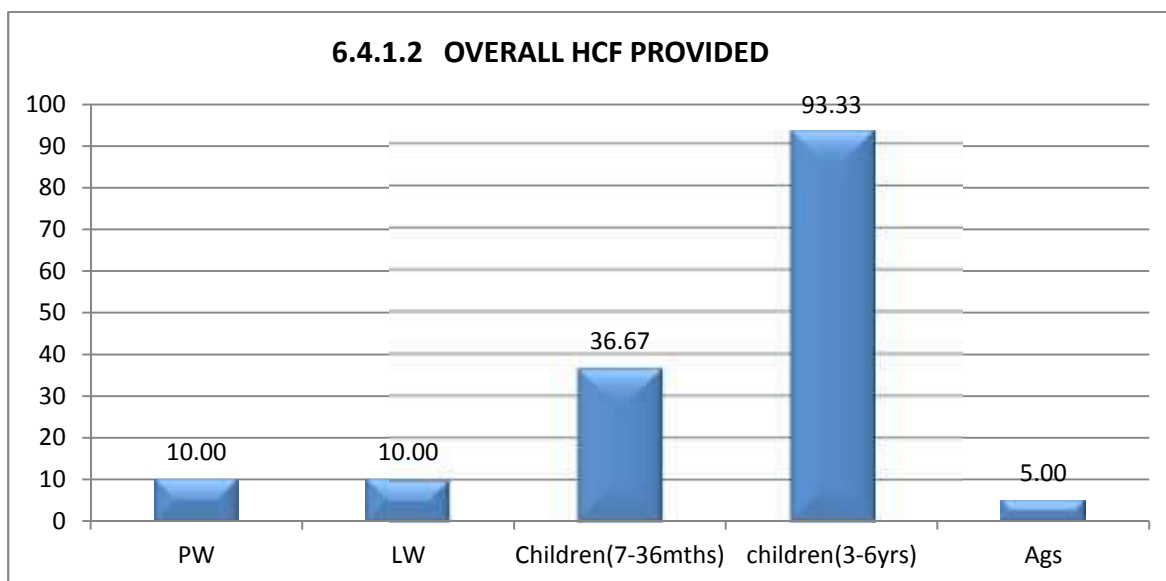

Children learning competency has been assessed keeping in view ability of children in respect of identification, naming & use of objects/material, sorting, grouping & seriation, knowing the quantity (more or less), matching and identification of primary colours, knowing shapes, drawing picture, naming body parts, identification of numbers, counting numbers (4-9), creative expression, following the instructions/directions, understanding of relational words (inside and under), sequential thinking and auditory discrimination.

6.4 SUPPLEMENTARY NUTRITION

6.4.1 Around 32 per cent of Mini-AWCs were provide hot cooked food (HCF), 43 per cent ready to eat(RTE) food and 25 per cent dry ration to pregnant women. Similarly 32 per cent Mini-AWCs provide HCF, 48 per cent RTE and 25 per cent dry ration to Lactating Mothers as Supplementary Nutrition. All Mini-AWCs in UP were providing RTE food to all beneficiaries. However, in 3 states (Asam, Maharashtra and UP) out of five, all Mini-AWWs were providing HCF to children (3-6 years). Thus, in total 93 per cent Mini-AWCs were providing HCF to children (3-6 years).

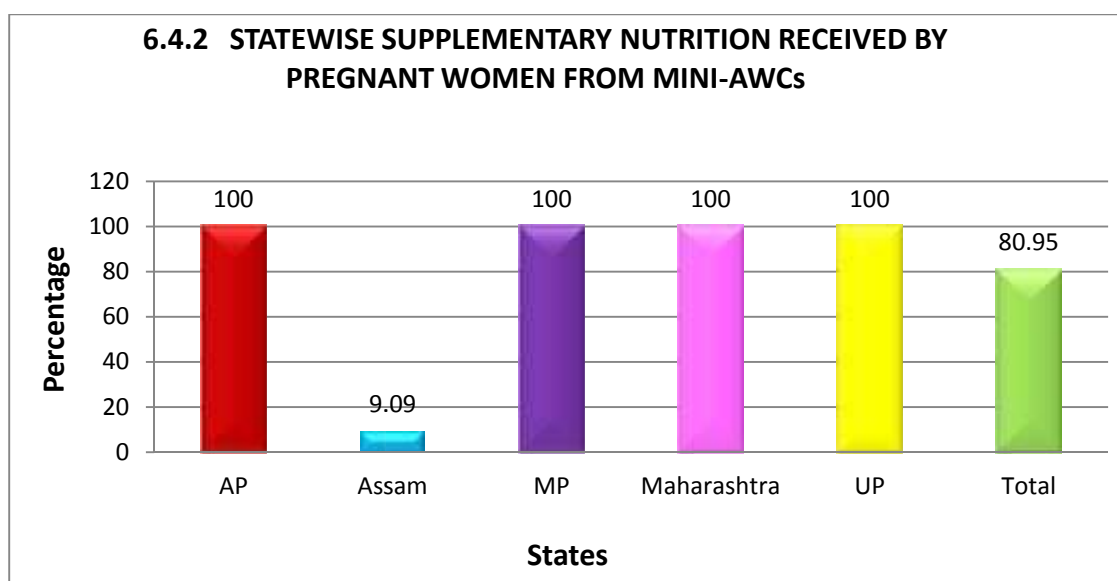

6.4.1.1 STATE WISE HOT COOKED FOOD PROVIDED TO BENEFICIARIES

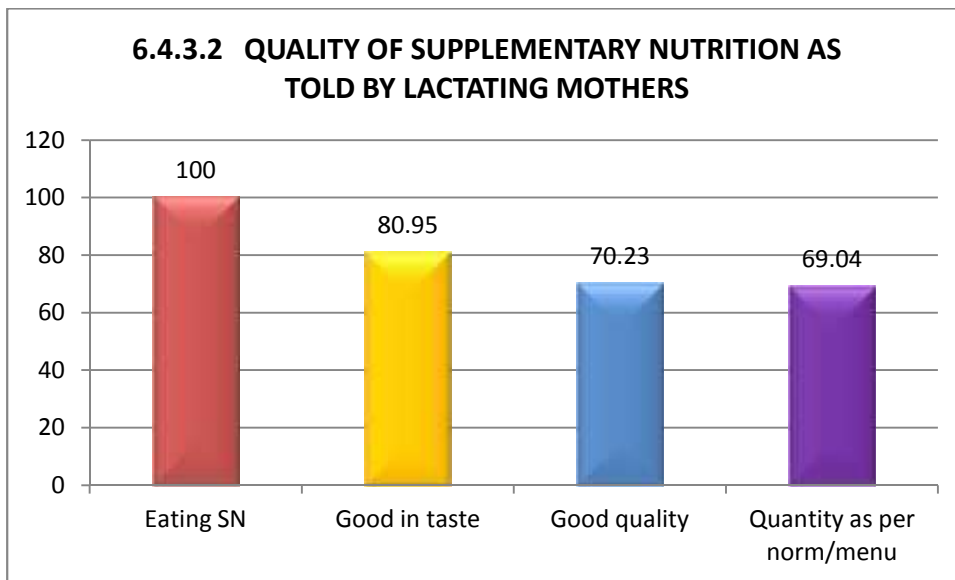

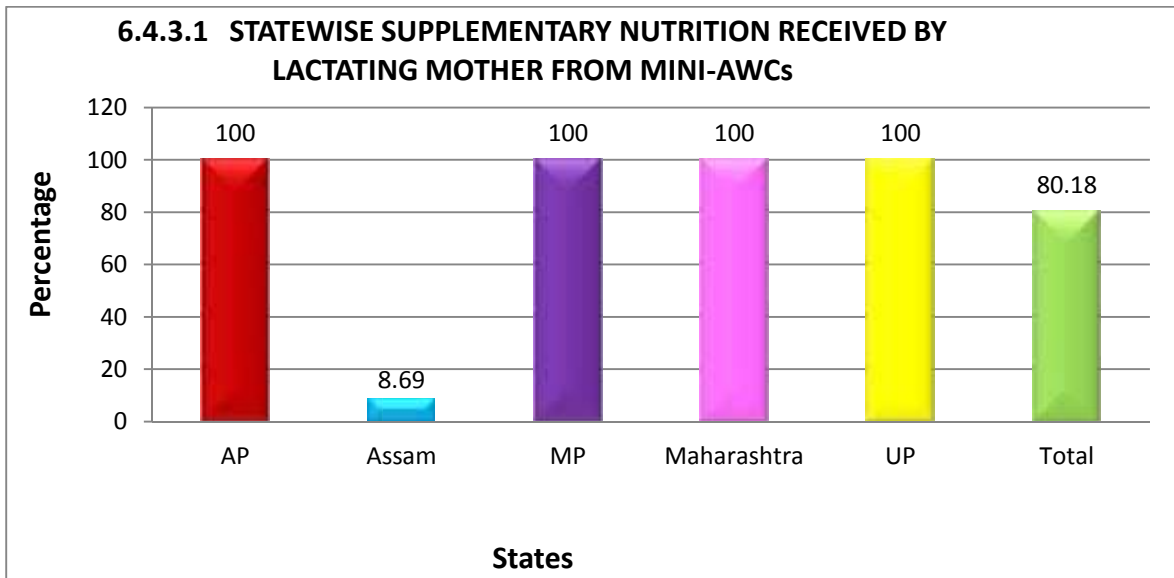

The nature and type of food under supplementary nutrition programme as reported in the study of Planning Commission (2011) varied from state to state. It usually consisted of a hot meal, containing a varied combination of pulses, cereals, oil, vegetables and sugar. Some states provided ready-to-eat meals containing some basic ingredients. There was flexibility in selection of food items to respond to local needs.

6.4.2 As stated by pregnant Women beneficiaries, around 81 per cent of them were receiving Supplementary Nutrition from Mini- AWCs. But in case of four states (AP, MP, Maharashtra, and UP), all pregnant women were receiving Supplementary Nutrition. However, in case of Assam, only 9 per cent of pregnant women informed that they were receiving Supplementary Nutrition.

As observed in the study (NIPCCD 2006 and 2012), 87.3 per cent and 69.85 per cent pregnant women were receiving Supplementary Nutrition from the AWCs.

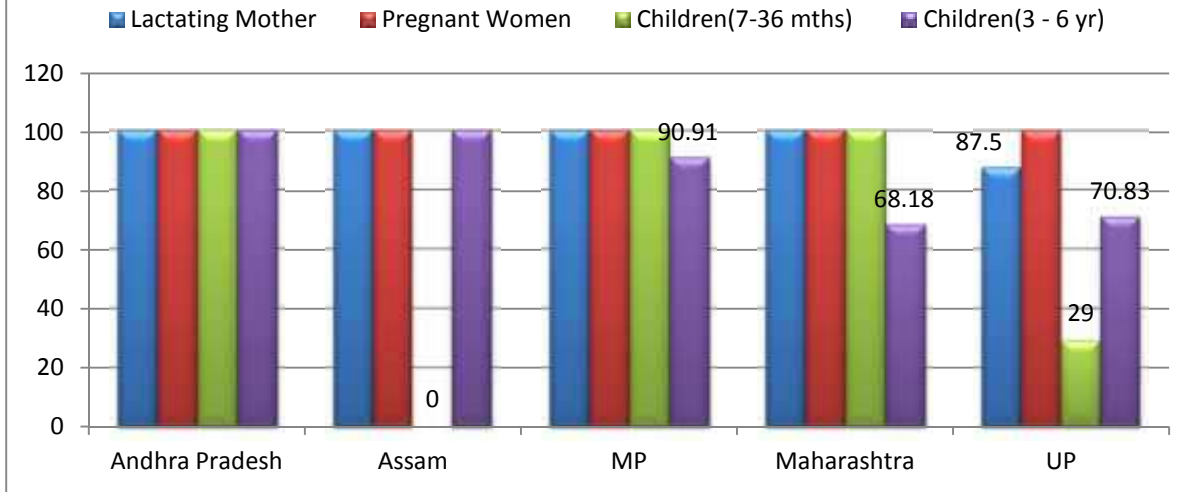

6.4.3 Around 80.18 per cent lactating mothers reported that they were getting supplementary nutrition from Mini-AWCs and 80.95 per cent of them said the quality of supplementary nutrition was good.

Similar findings were observed in the study conducted by NIPCCD (2006 and 2012) that 88.6 per cent and 86.49 per cent lactating mothers were availing Supplementary Nutrition.

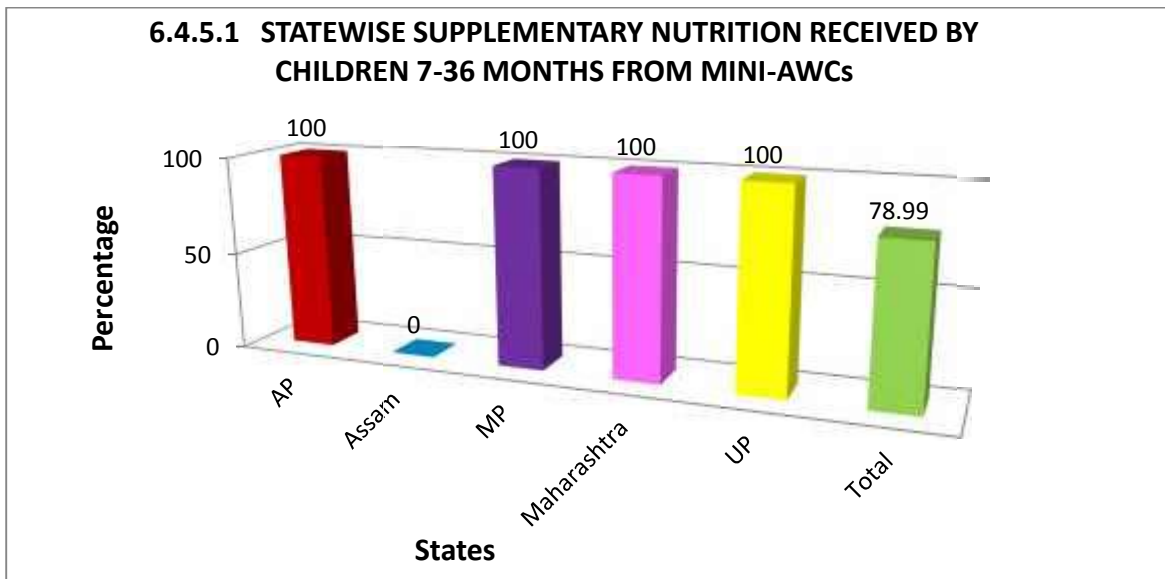

6.4.4 In states of AP, MP, and Maharashtra and UP, all the lactating mothers in Mini- AWCs were getting supplementary nutrition and 70.23 per cent of them said the quality was good.

6.4.4 BENEFICIARIES EAT SN

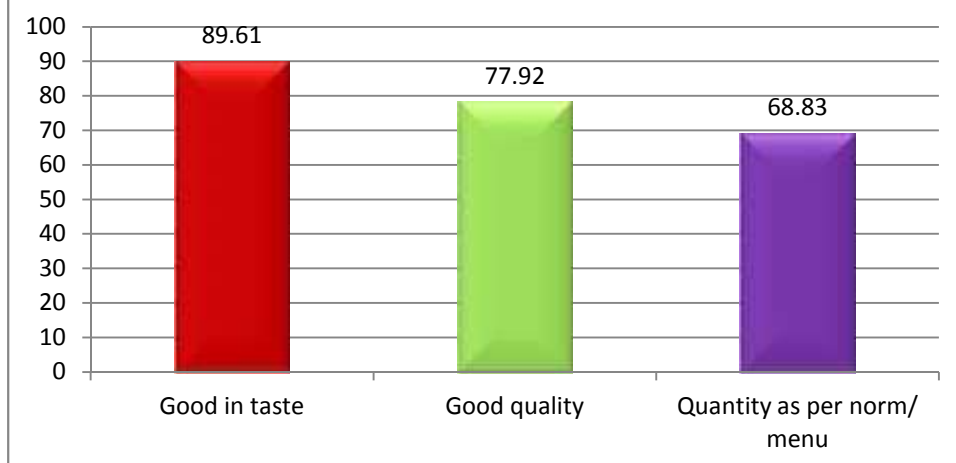

6.4.5 Around 78.99 per cent children (7- 36 months) in all Mini- AWCs visited were getting supplementary nutrition and the quality of supplementary nutrition was rated to be good by 77.92 per cent parents. All the children (7-36 months) in AP, MP, and Maharashtra and UP were receiving supplementary nutrition from Mini AWCs as reported by their mothers.

6.4.5.1 STATEWISE SUPPLEMENTARY NUTRITION RECEIVED BY CHILDREN 7-36 MONTHS FROM MINI-AWCs

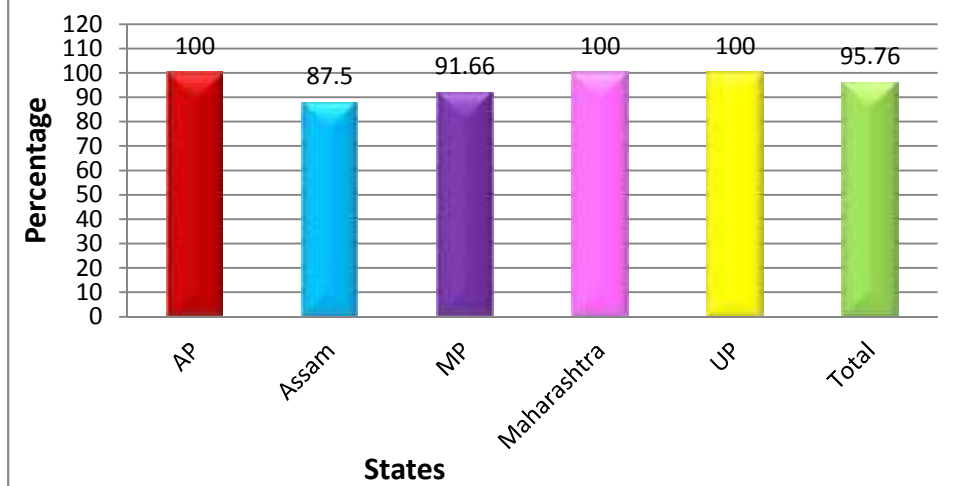

6.4.5.2 QUALITY OF SUPPLEMENTARY NUTRITION AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN)

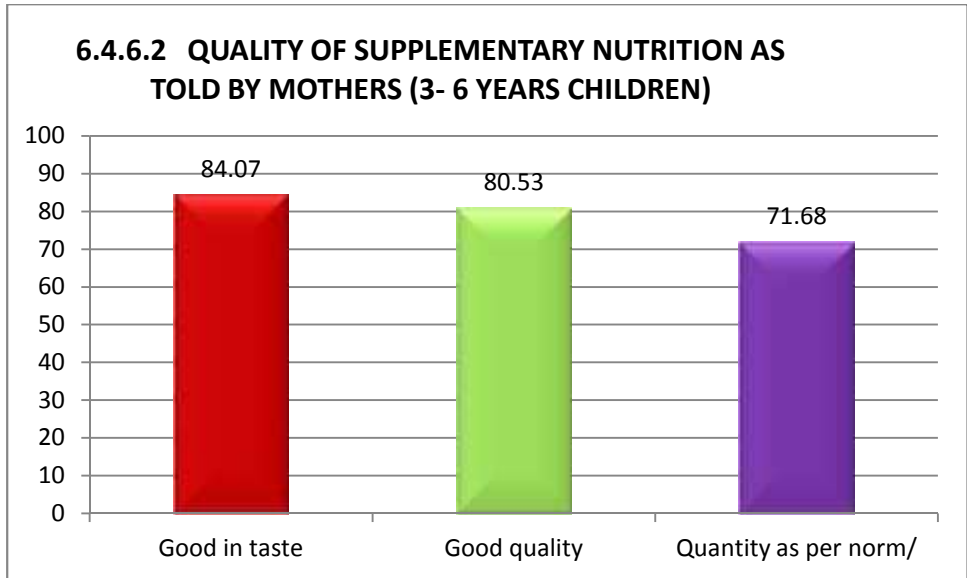

As observed in the study (NIPCCD, 2012), 69.9 per cent children of 7- 36 months were availing supplementary nutrition. However, the study (NIPCCD, 2006) found 74.6 per cent male and 81.9 per cent female children (7- 36 months) were availing Supplementary Nutrition.

6.4.6 Around 96 per cent mothers (3- 6 years children) reported that their children received supplementary nutrition from Mini- AWCs in all the five states. Taste of Supplementary nutrition was rated as good in taste by 84.07 per cent mothers of 3- 6 years children and quality was rated good by 80.53 per cent mothers and 72 per cent of them reported that quantity of Supplementary Nutrition was provided as per norm/menu.

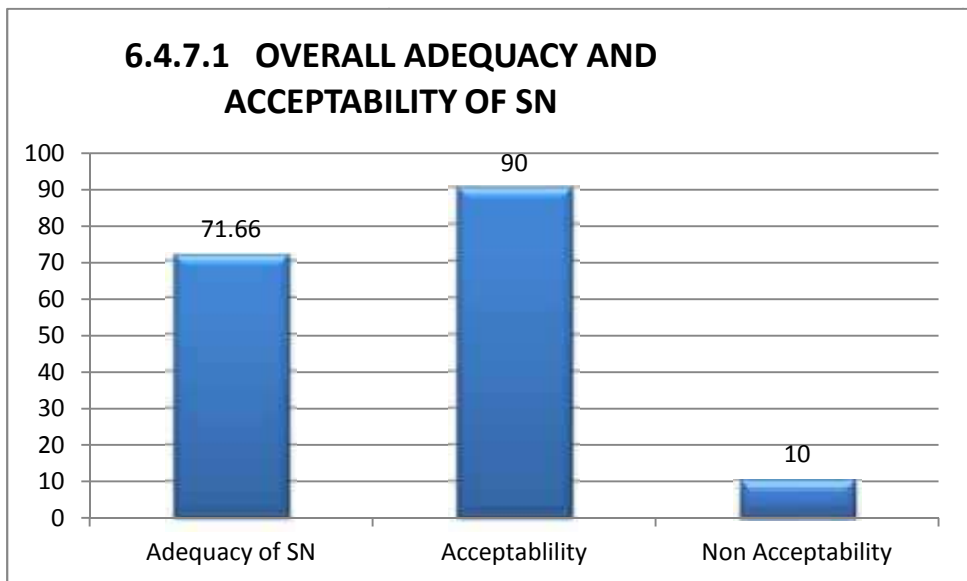

6.4.6.1 STATEWISE SUPPLEMENTARY NUTRITION RECEIVED BY CHILDREN 3-6 YEARS FROM MINI-AWCs

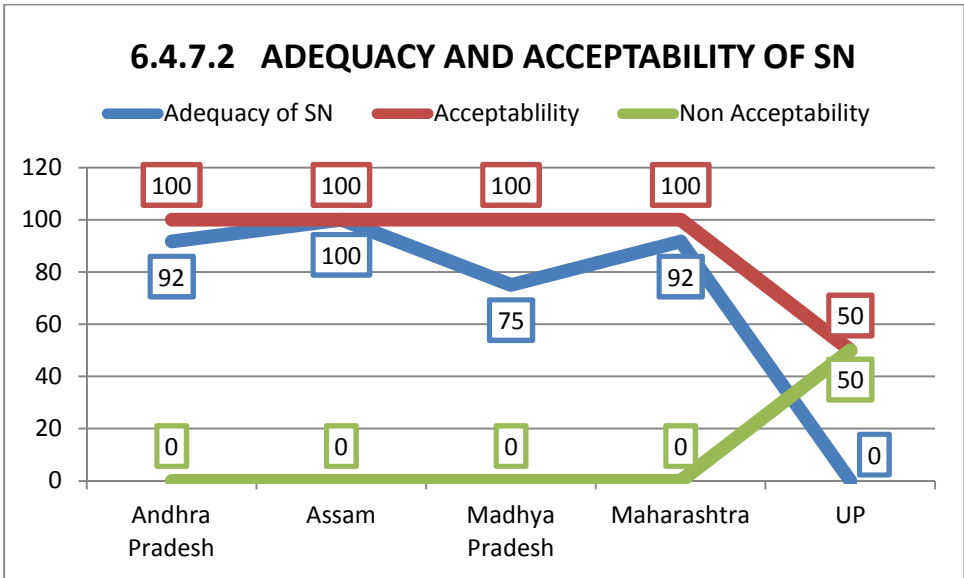

The study (NIPCCD, 2006) found that 75.09 per cent male and 74.6 per cent female children of 3- 6 years were availing Supplementary Nutrition. Similarly, the study (NIPCCD, 2012) reported that 69.71 per cent children of 3- 6 years were availing Supplementary Nutrition.

6.4.7 In around 71.66 per cent Mini-AWCs supplementary nutrition provided to the beneficiary was adequate and in 90 per cent Mini-AWCs, SN was acceptable to the community. In

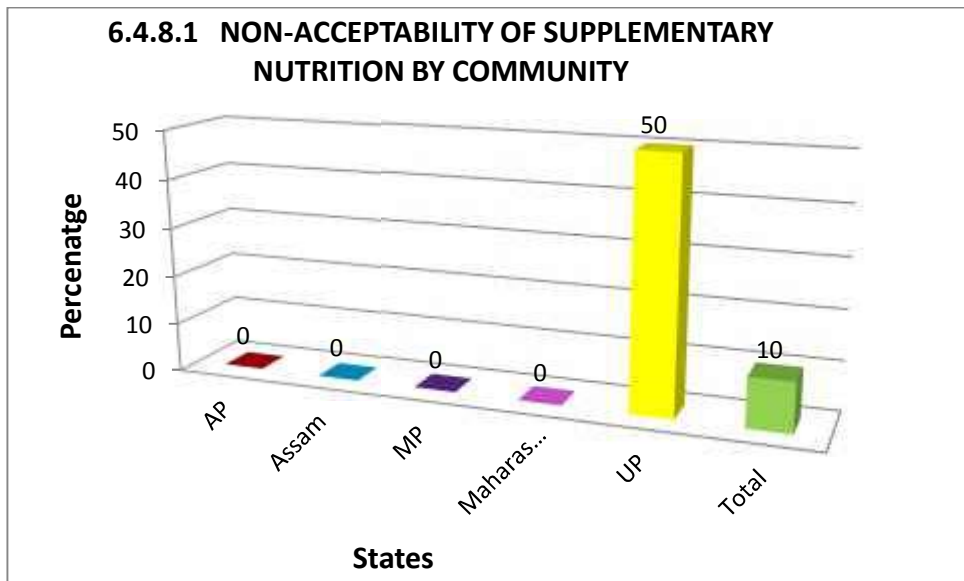

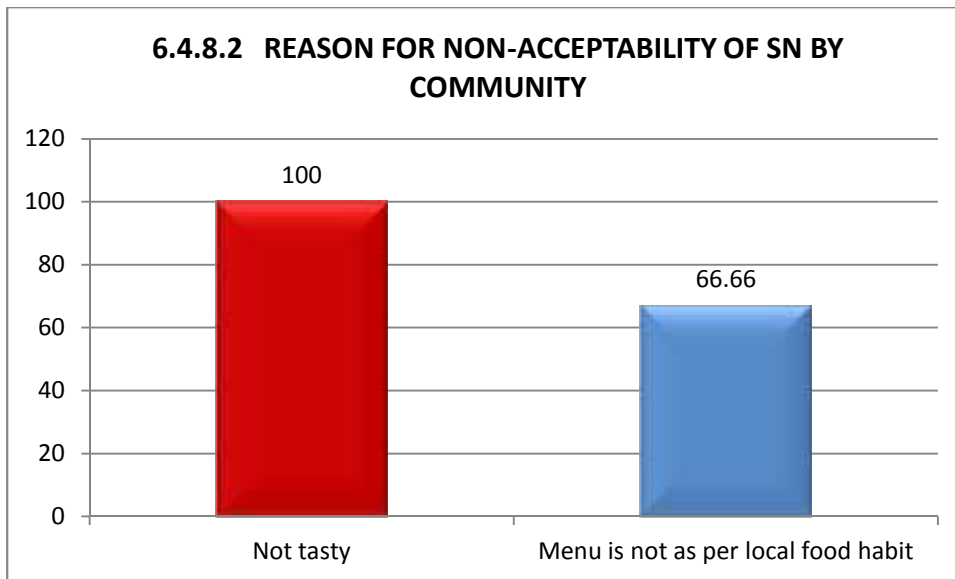

In case of 6 Mini-AWCs in UP (50 per cent), SN was not acceptable to community. In these 10 per cent Mini-AWCs, SN was not acceptable because the taste was not good and menu

was not as per local food habit.

Similar findings were observed in the study conducted by NIPCCD (2012) which stated that according to 90 per cent AWWs, all the beneficiaries were satisfied with the Supplementary food provided to them. Similarly, it was observed in the study conducted by NIPCCD (2006) that according to 79.8 per cent AWWs, food was totally acceptable to children and mothers. They found it well prepared, tasty and enjoyed its consumption.

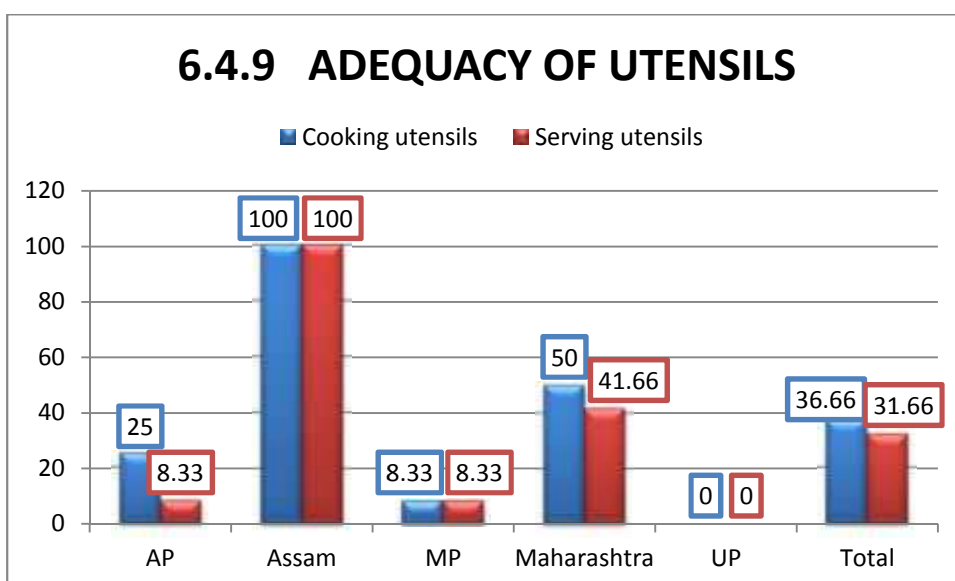

Similarly, as observed in the study conducted by NIPCCD (2006), 11 per cent beneficiaries did not find food items served as acceptable. Major reasons for non acceptance of Supplementary Nutrition were beneficiary did not find it tasty, lack of variety, poor quality and hard to digest.

Recommendation- Reasons for non-acceptability of SN by beneficiaries at Mini-AWCs need to be examined carefully in consultation with community and corrective measures taken for ensuring SN is acceptable. CDPO should be made responsible for non-acceptability of SN by beneficiaries.

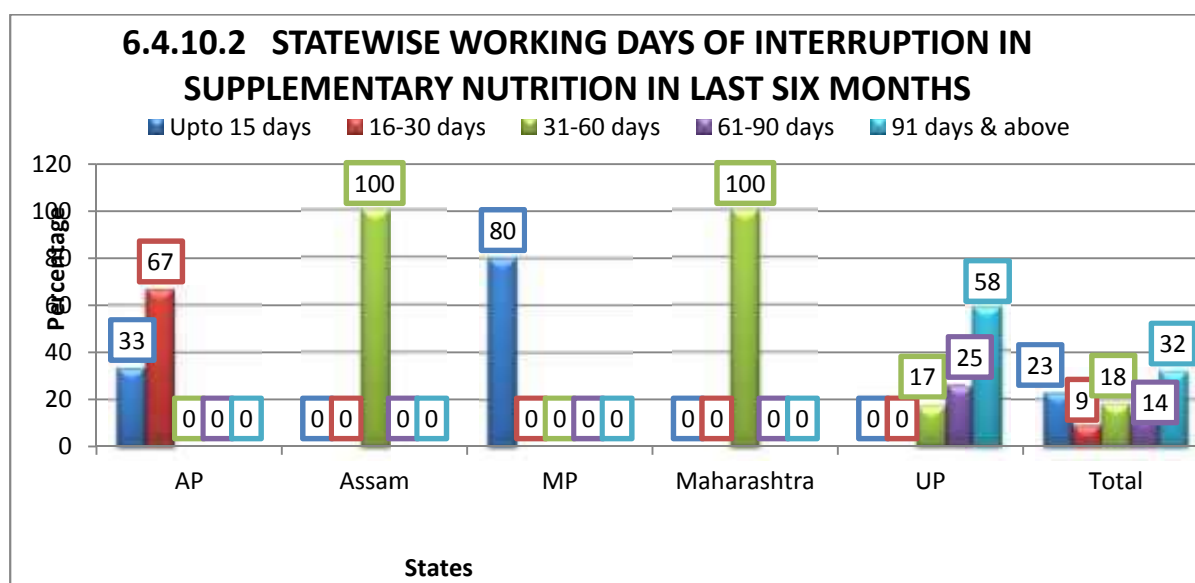

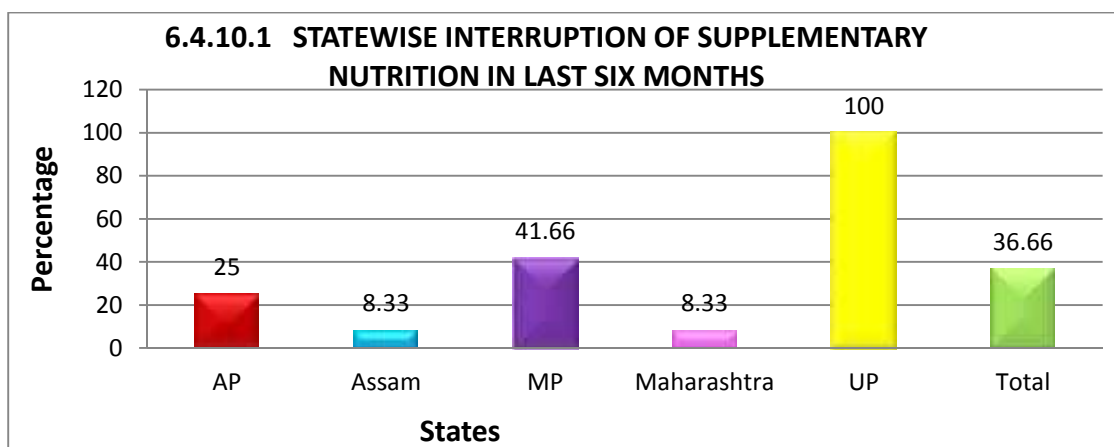

6.4.8 Cooking utensils was found to be adequate in 36.66 per cent Mini-AWCs whereas in 31.67 per cent Mini- AWCs serving utensils were found to be adequate. In case of Assam, all Mini-AWCs had adequate utensils for cooking and serving.

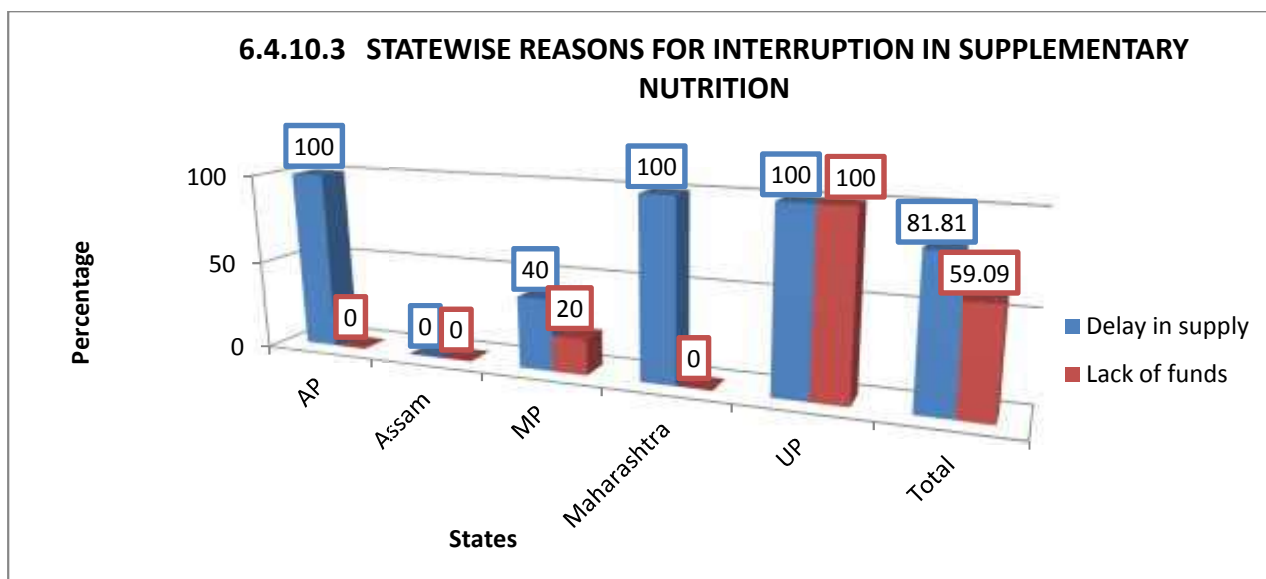

The findings of the study conducted by NIPCCD (2006) showed that cooking utensils were available in 61 per cent AWCs and serving utensils were available in 61.76 per cent AWCs. Similarly, the study (NIPCCD, 2012) showed that utensils were available in 67 per cent AWCs but only 16 per cent AWCs had adequate utensils whereas, it was observed in the study (CAG, 2012- 13) that cooking utensils were available in 81.82 per cent AWCs and 81.12 per cent AWCs had adequate utensils.

Recommendation- Every Mini-AWC should have adequate utensils for cooking and serving. The existing provision of Rs. 5000 per Mini-AWC for 5 years for equipment/furniture needs to be considered for enhancement at par with Main-AWC to ensure availability of adequate utensils and other necessary equipments.

6.4.9 Thirty Seven per cent Mini- AWWs in all 5 states reported interruption of Supplementary Nutrition in the last 6 months. There was interruption in every Mini-AWCs in UP ranging from 31 days to more than 91 days due to lack of funds and delay in supply.

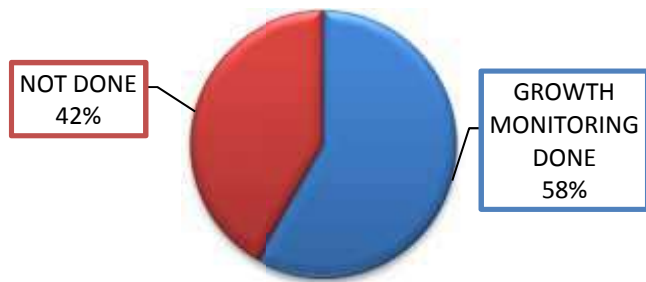

Similar findings were observed in the study conducted by NIPCCD (2012) which stated that in 35 per cent AWCs, there was interruption in the supply of Supplementary nutrition. However the findings observed in the study conducted by NIPCCD (2006) the interruption was reported in 52.9 per cent AWCs. Out of the AWCs which reported interruption in the supply of supplementary nutrition, 43 per cent faced this situation once in month, 27 per cent faced this situation twice in a month, 25.5 per cent faced this thrice in a month due to delay in supply as reported in 84.1 per cent AWCs.

Recommendation- It has to be ensured by CDPO that there should not be any interruption of SN in any Mini-AWCs. Supervisor has to be made responsible for reporting lack of funds, delay in supply of raw materials/food materials etc. leading to interruption of SN.

6.5: GROWTH MONITORING

6.5.1 Growth Monitoring of children was done in around 58 per cent of Mini AWCs. The reasons for not monitoring Growth of children by around 42 per cent of Mini AWCs were non availability of weighing machines (88%), 84 per cent Mini AWCs did not had growth charts and 72 per cent of Mini AWCs had no required skill for growth monitoring.

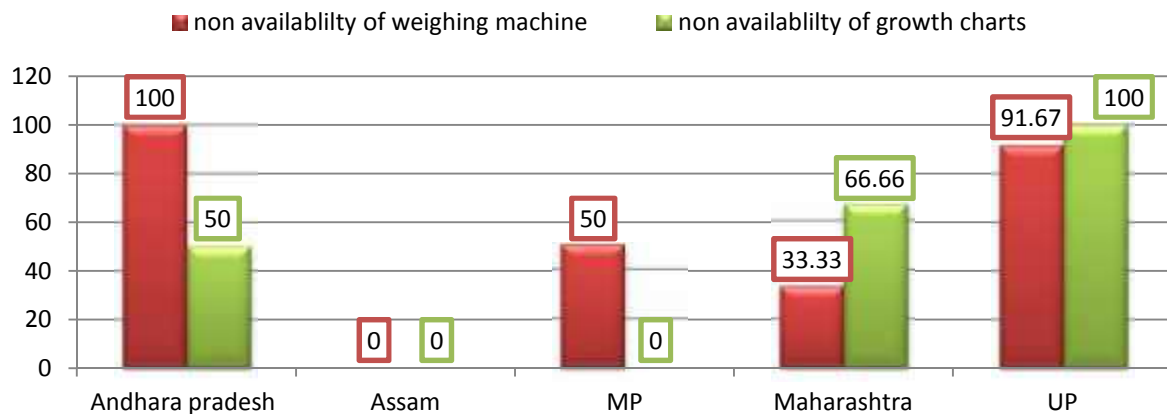

6.5.1 GROWTH MONITORING DONE IN ALL FIVE STATES

It was found (NIPCCD, 2006) that 63.5 per cent AWWs monitored growth of children. The reasons for not monitoring growth of children were non availability of growth chart (11%), lack of skills in filling growth chart (2.3%), non availability of weighing scales (4%) or their not being in working condition (3.3%). Where as it was stated in the study conducted by NIPCCD, 2012 that growth charts were available in 70 per cent of AWCs out of which only in 58.33 per cent AWCs new growth charts were in use, weighing scales were available in 84 per cent of AWCs and 71 per cent of AWWs were not aware of correct plotting of weight on new growth charts. While the findings of Planning Commission (2011) shows availability of weighing scales in 68.9 per cent AWCs.

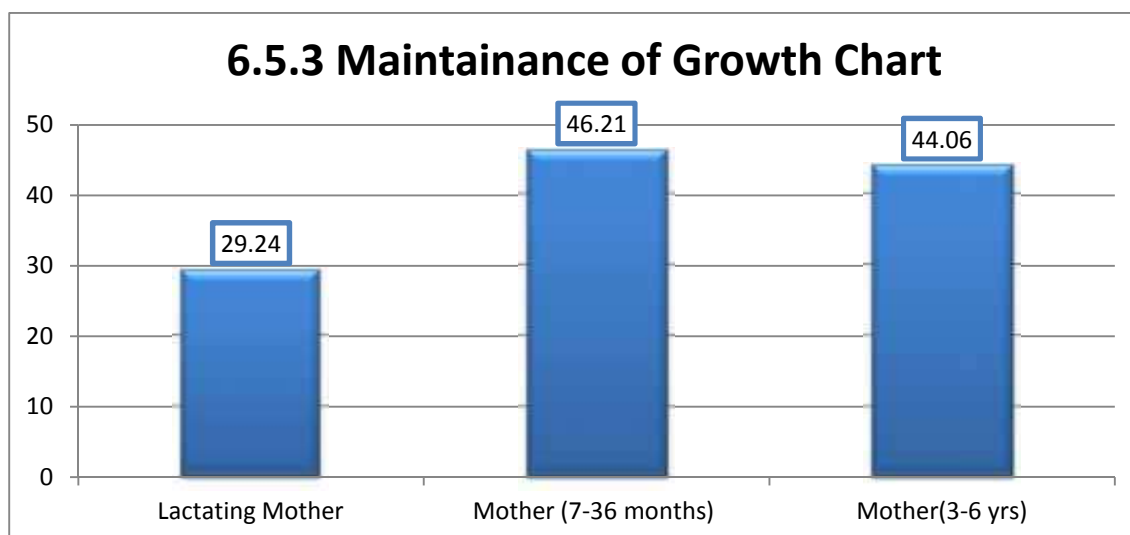

6.5.2 Non availability of weighing machine was found in more than one third (36.66%) Mini-AWCs of all five states and in case of AP, non availability of weighing machine was found in 66.66 per cent Mini -AWCs. However, growth monitoring was done in all the AWCs in Assam.

6.5.2 Reason for not monitoring growth of children

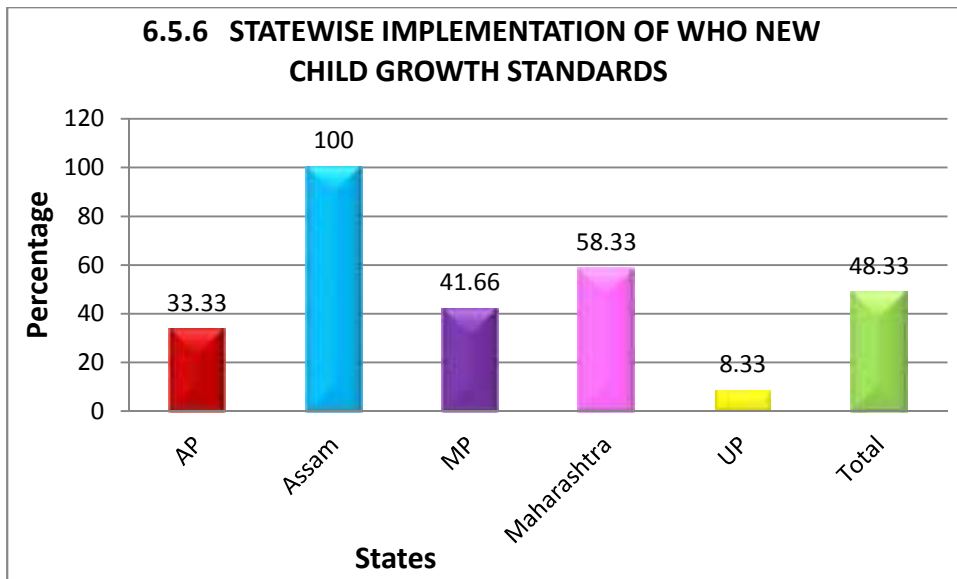

6.5.3 Around 29 per cent of lactating mothers, 46 per cent of mothers (7-36 months children) and 44 per cent of mothers (3-6 year children) reported that growth chart of their children were maintained at Mini AWCs. Out of these mothers, 26 per cent of lactating mothers, 51 per cent of mothers (7-36 months children) and 40 per cent mothers (3-6 years children) had seen growth chart of their children at Mini AWCs. Around 28 per cent of lactating mothers, 31 per cent of mothers (7-36 months children) and 42 per cent mothers (3-6 year children) were counseled by Mini AWWs on growth of their children.

6.5.4 In case of Assam, there was discrepancy in statements between AWWs and Lactating mothers for growth monitoring. AWWs reported that they were doing growth monitoring for all the children whereas only 61 per cent lactating mothers told that growth chart of their children were maintained at Mini AWCs. However, none of the lactating mother saw the growth chart of their children.

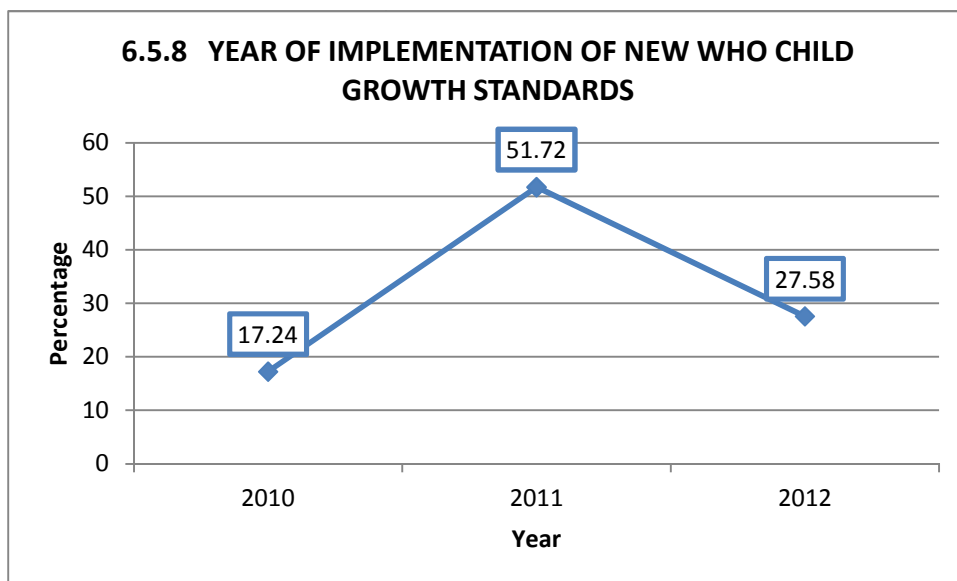

It was found (CAG Report 2012-13) that 33 to 47 per cent children were not weighed during 2006-07 to 2010-11. The growth charts were not provided in any of the 309 AWCs of Uttar Pradesh and 57 to 201 AWCs (out of 280) of Madhya Pradesh during 2006-11. Non-availability of functional baby weighing machine at 25.70 per cent AWCs could be attributed as a major reason for shortfall in growth monitoring under the scheme (AP, Meghalaya).

6.5.5 New WHO Child Growth Standards were implemented in 48 per cent of sample Mini AWCs of five states and it was found to be implemented in all Mini-AWCs in Assam.

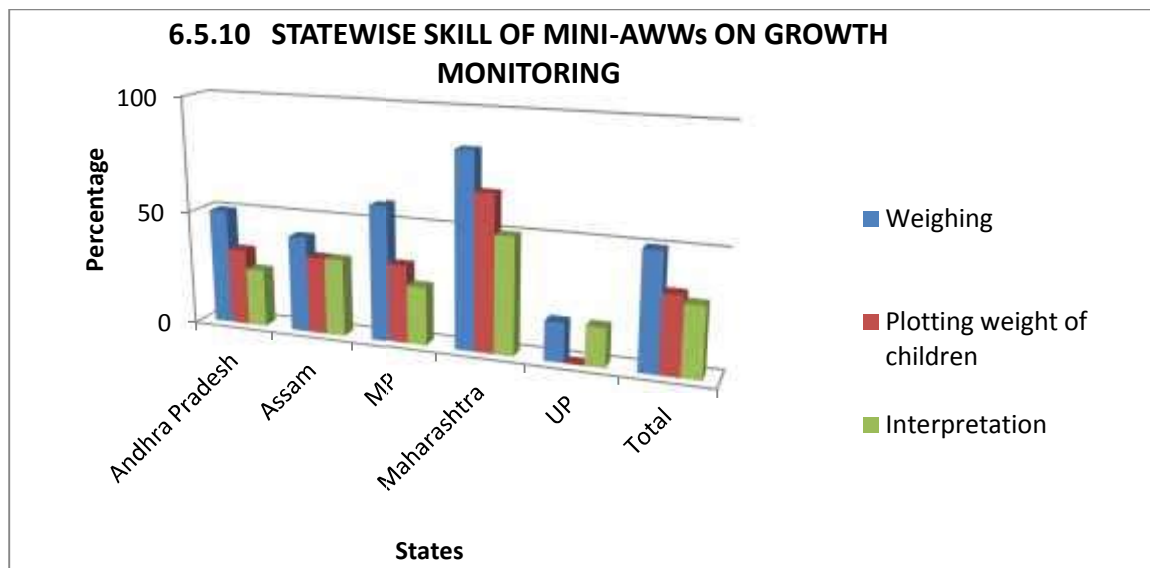

6.5.6 New WHO child growth standards were implemented in 2011 in around 52 per cent of Mini AWCs. Implementation of New WHO growth Standards were still to be implemented in 7 projects (Utnoor, Sondaw, Dhanora, Udayagarh, Arajilines, Nagra and Rasda).

As observed in the study (NIPCCD, 2012), New WHO Child Growth Standards was implemented in 40 per cent AWCs. It may be mentioned that all the State Governments/UTs were requested by Ministry of Women and Child Development in August 2008 to implement New WHO Child Growth Standards.

6.5.7 Half of the Mini AWWs (50%) had right skill of weighing. In case of plotting weight of children, one-third (33.33%) Mini AWWs had right skill. Only 30 per cent Mini-AWWs were found having skill in interpretation of growth charts. However it may be mentioned that

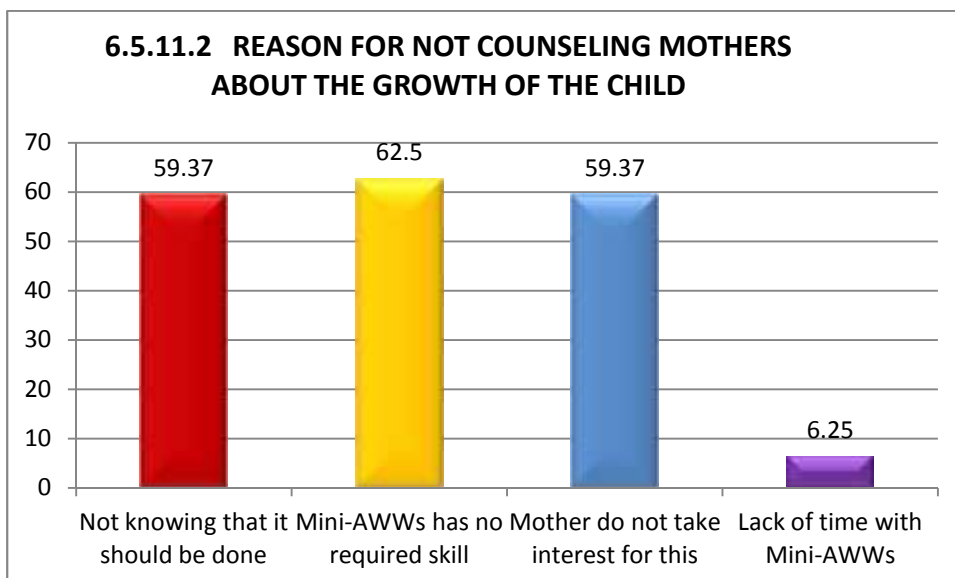

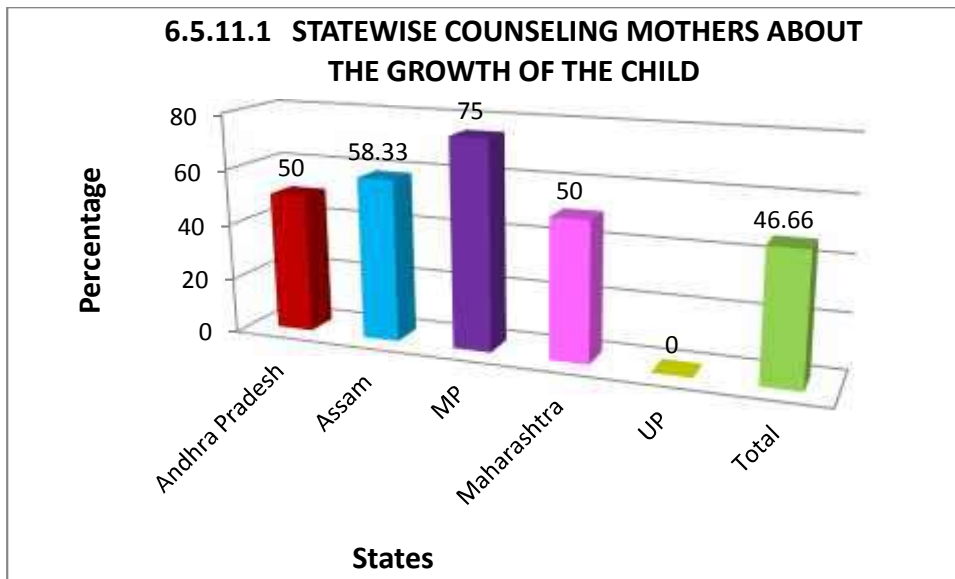

Mini AWWs of Maharashtra were having better skill (weighing 83%, plotting of weight 67%, and interpretation 50%) in Growth Monitoring in comparison to other states.

It was observed in the study (NIPCCD, 2006) that 3.2 per cent AWWs were not able to fill in growth charts and 1.9 per cent of AWWs were not skilled adequately to weigh children. However, it was observed in the study (NIPCCD, 2012) that around 40 per cent AWWs were able to differentiate between correct color for boys and girls, around 70 per cent were not aware of weight classification as per new growth standards and 77 per cent AWWs were unaware of plotting of weight in new growth charts.

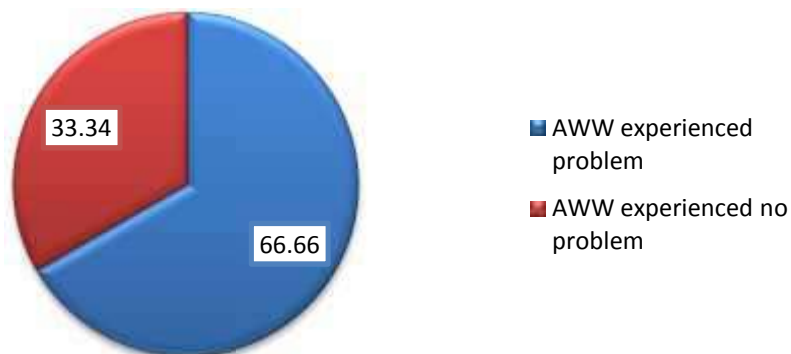

6.5.8 As reported by Mini AWWs around 47 per cent of them counseled mothers about growth of the children. Major reasons for not counseling of mothers were lack of knowledge that it should be done (59.37%), lack of skills (62.5%) and lack of interest shown by mothers (59%). In case of M.P. 75per cent Mini AWWs reported that they counseled mothers about growth of the child. On a 10 point scale, counseling skill of Mini AWWs in 4 states was rated to be 5.3. However, there was no rating in case of U.P.

It was observed in the study (NIPCCD, 2006) that 84.1 per cent AWWs counseled mothers about consequences of weighing and its repercussions on Childs health and nutrition as also advised them to feed the child frequently particularly to those who were either severely malnourished or their weight was falling below normal curve of growth chart and 65 per cent of AWWs counseled on health check- up.

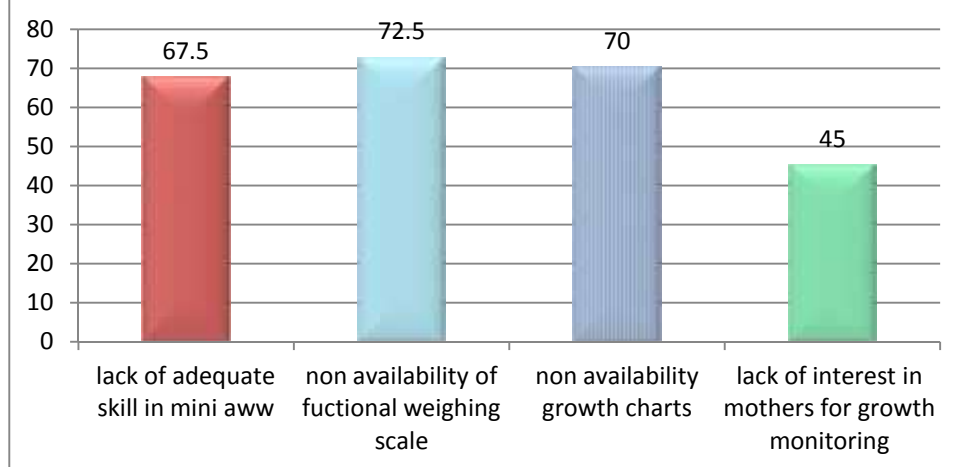

6.5.9 More than two-third (66.66%) Mini-AWWs experienced problems in Growth Monitoring. Major problems experienced by Mini-AWWs were non-availability of functional weighing scales (72.5%), non-availability of growth charts (70%), lack of adequate skills in Mini AWWs (67.5%) and lack of interest of mothers for growth monitoring (45%). All Mini-AWWs from U.P. experienced problems in growth monitoring.

6.5.13.1 PROBLEM EXPERIENCED BY MINI-AWWS IN GROWTH MONITORING

Major problems experienced by Mini-AWWS were non-availability of functional weighing scales (72.5%), non-availability of growth charts (70%), lack of adequate skills in Mini AWWs (67.5%) and lack of interest of mothers for growth monitoring (45%). All Mini-AWWS from U.P. experienced problems in growth monitoring. (6.5.16)

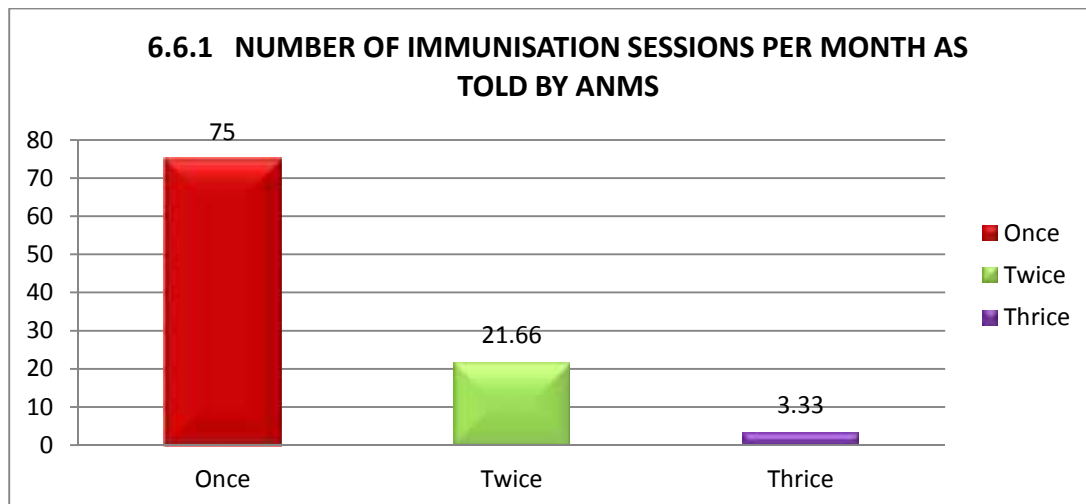

6.5.13.2 TYPES OF PROBLEMS EXPERIENCED BY MINI-AWWS

The Study conducted by CAG reported that in seven states (Jharkhand, M.P, Meghalaya, Odisha, Rajasthan, UP and W.B) lack of adequate training to AWWs affected the growth monitoring during the period 2006-11. It was observed in the study conducted by NIPCCD (2006) that AWWs did not experience much problems. There was unavailability of growth charts in 11.1 per cent AWCs, 3.3 per cent weighing scales were not functional, 2.4 AWWs reported lack of time while 5 per cent AWWs reported that parents were nor cooperative in getting their children weighed, 3.2 per cent AWWs were not able fill growth charts and 1.9 per cent AWWs were not skilled.

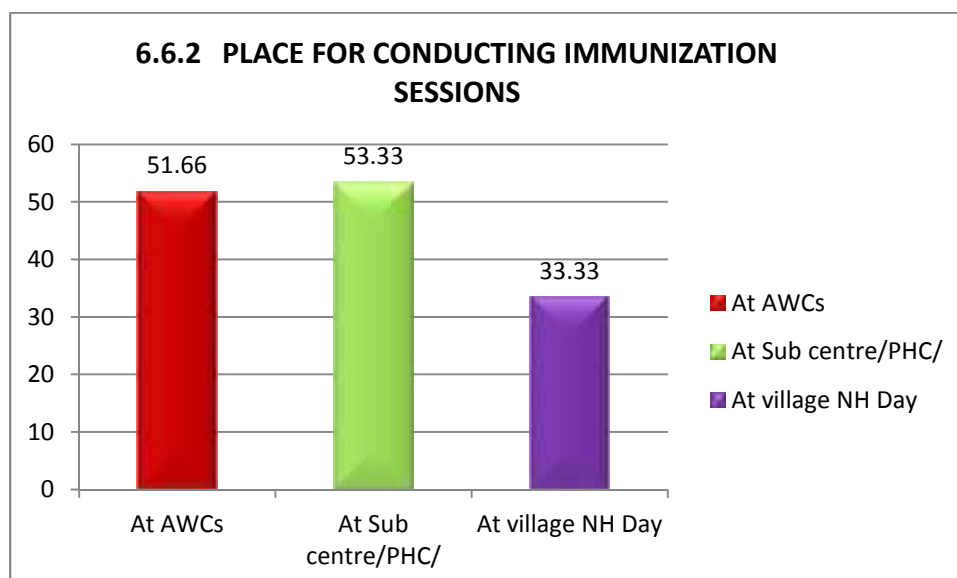

6.6: IMMUNISATION

6.6.1 As reported by 75 per cent ANMs, immunisation of children and pregnant women was done once in a month, however, around 22 per cent ANMs said that it was done twice and only 3.33 per cent said that it was done thrice in a month.

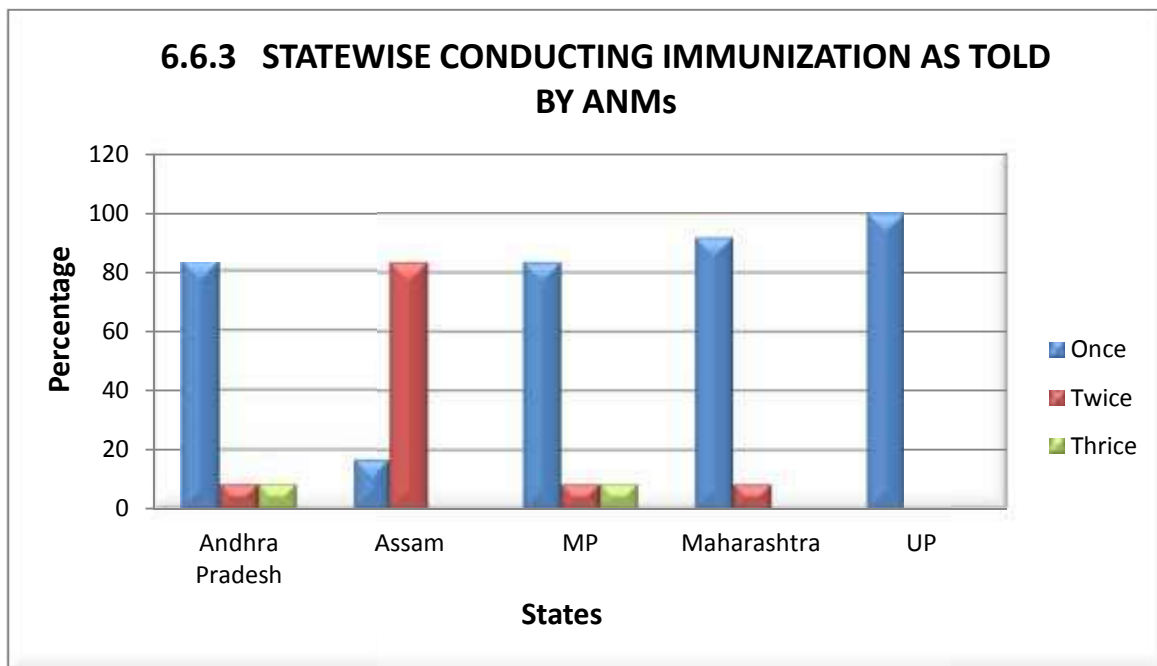

It was found in the study (NIPCCD, 2006) that about 66 per cent health functionaries reported full immunisation of children. Whereas 54.9 per cent mothers of 3- 6 years reported that their children were immunised. Similar findings were observed in the study conducted by Planning Commission (2011) that 76.7 per cent Pregnant women were found immunised.

6.6.2 So far as the place of conducting immunisation was concerned, around 52 per cent of ANMs reported that it was conducted at AWCs, whereas, 53 per cent of ANMs said that immunisation was done at sub centre/ PHC/CHC. It may be mentioned that the above findings was due to the fact that immunisation was carried out both at PHC/ CHC/ Sub centre and AWCs.

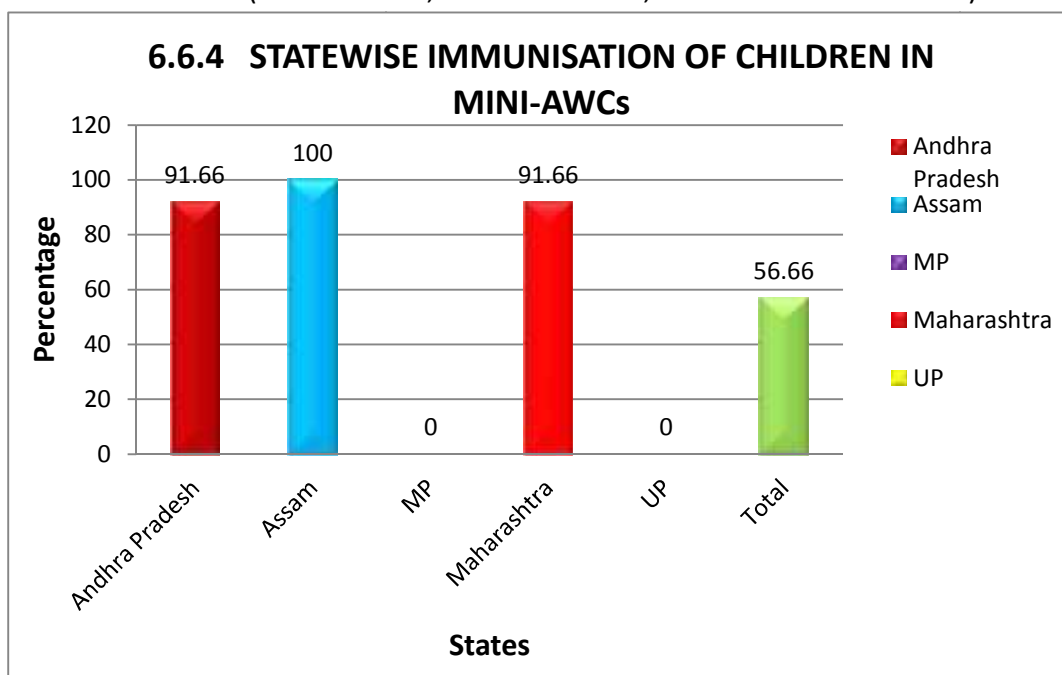

It was observed in the study conducted by Planning Commission (2011) that immunisation was conducted at AWCs/ ANM (61.2%), government hospital (26.0 %) and others (12.8%).

6.6.3 In U.P, immunisation was conducted once in a month in all the Mini- AWCs as told by ANMs, whereas in Assam, most of the ANMs (83.33 %) said that the immunisation sessions were conducted twice in a month.

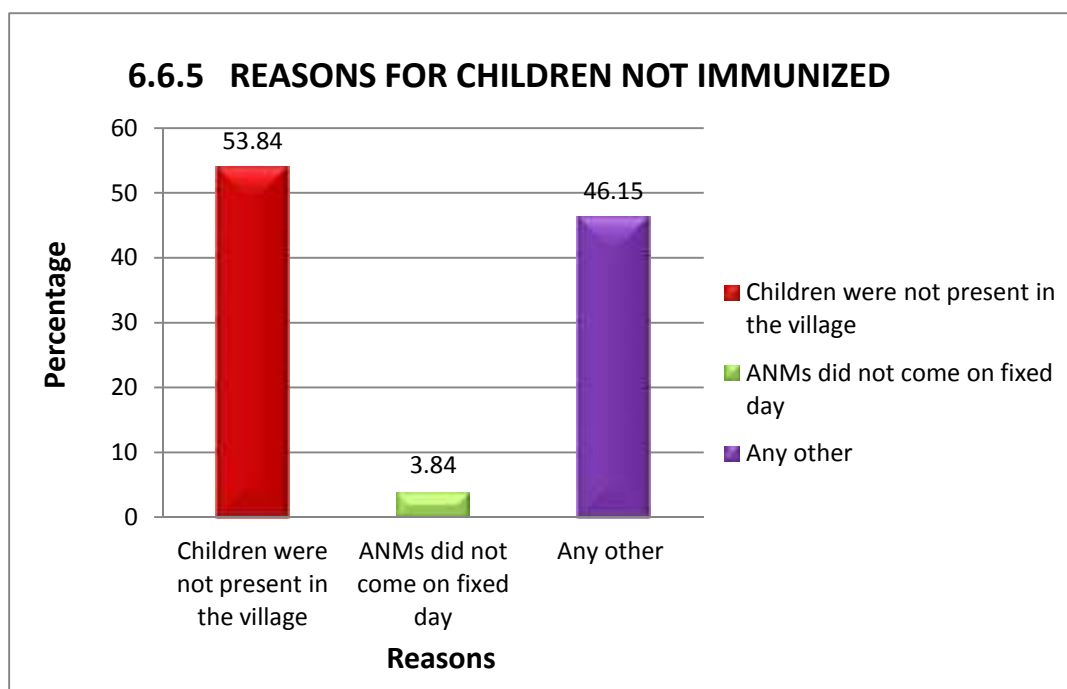

6.6.4 Around 57 per cent of Mini- AWCs reported that immunisation was done for all the children in three (AP- 91.66 %, Assam- 100 %, Maharashtra- 91.66 %) out of 5 states.

However, as observed in the study conducted by NIPCCD (2012), 87 per cent AWWs reported that immunisation was done for children under three years of age.

6.6.5 As reported by Mini-AWWs, in two states (M.P. and U.P.), all the children were not immunized in any of the Mini- AWCs. The reasons behind non-immunisation of all children as stated by Mini-AWWs were, children were not present in the village (53.84 %) and ANM did not come on fixed day (3.84 %). In case of UP, no records were available in respect of immunisation.

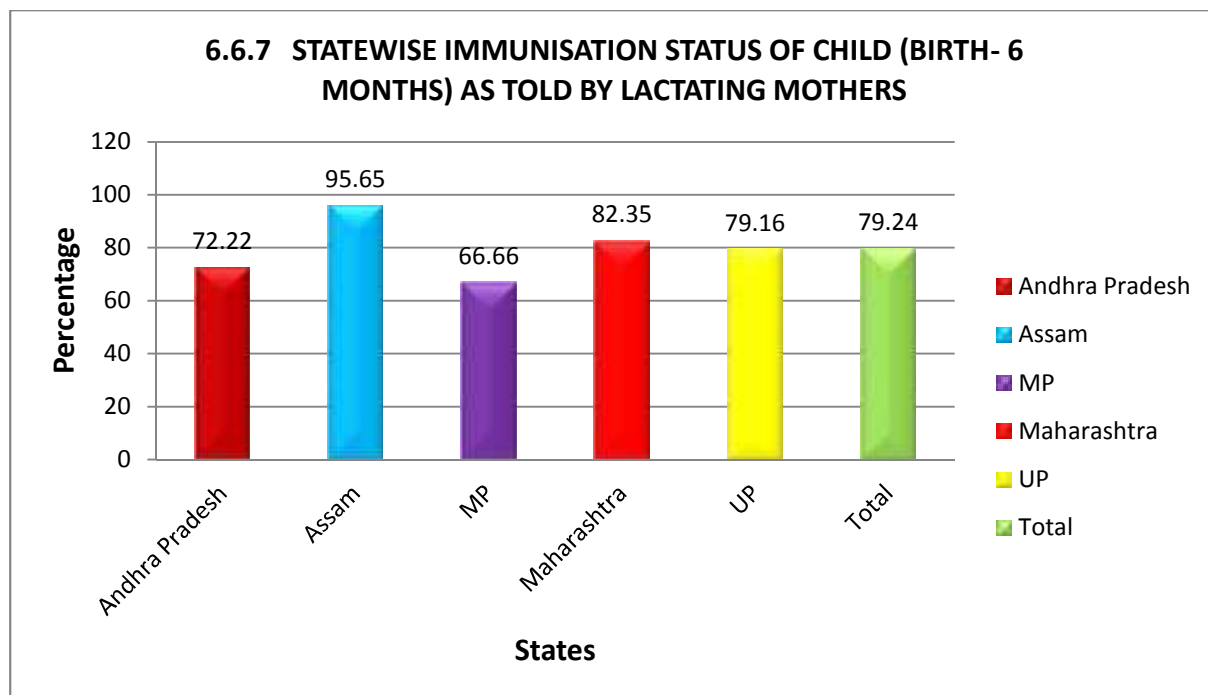

The study conducted by NIPCCD (2012) found that 95 per cent lactating mothers reported that their children were immunised. Similarly, in the study conducted by NIPCCD (2006), it was observed that 77.4 per cent lactating mothers reported that their children got immunised. However, it was observed in the study conducted by Planning Commission (2011) that 51.2 per cent children (12- 23 months) were fully vaccinated i.e. those who have received BCG (84.4%), measles (67.2%) and three doses of DPT and polio vaccine.

6.6.6 It was found that in 45 per cent of Mini- AWCs, cent per cent children were immunised as told by ANMs and these Mini- AWCs were from Andhra Pradesh, Assam and Maharashtra. However, in 53.33 per cent Mini- AWCs, all the pregnant women were immunised and the reason of less coverage in other Mini- AWCs was due to migration and absence. It may be mentioned that only in Assam all the pregnant women in all the Mini- AWCs were fully immunised as told by ANMs.

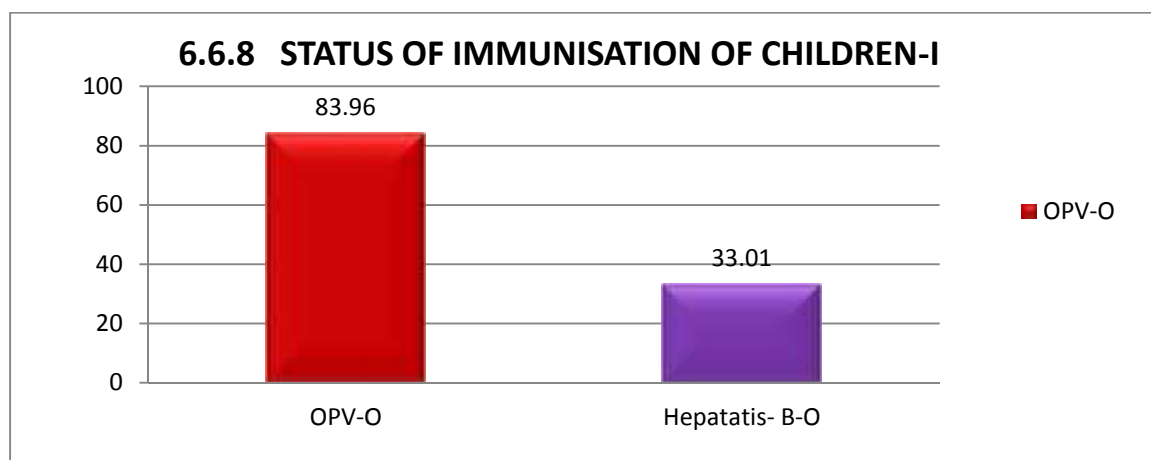

It was observed in the study conducted by NIPCCD (2006) that 66.1 per cent health functionaries reported that children were fully immunized. The major reasons for non-immunisation as reported by around one fourth (23.3%) health functionaries was indifferent

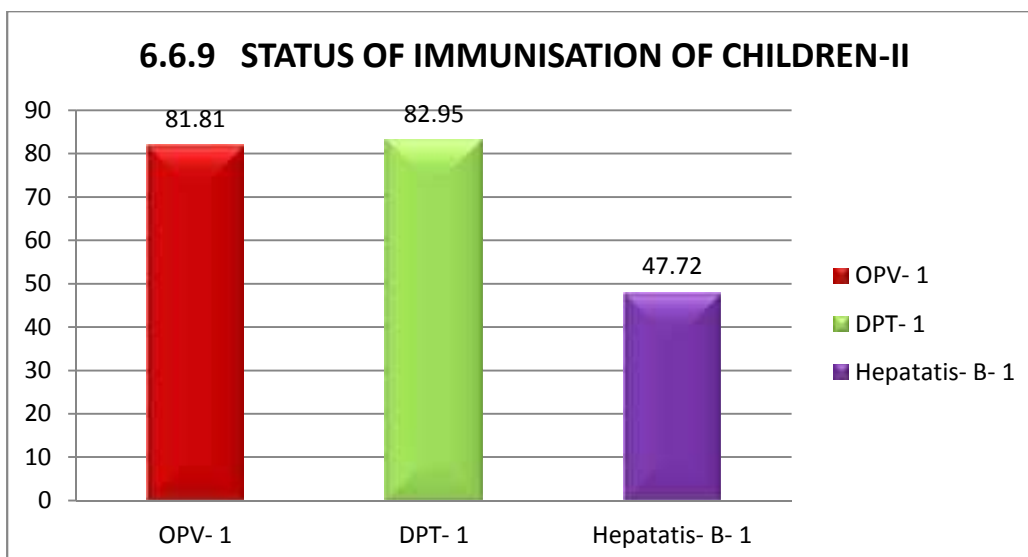

attitude of parents towards immunisation, followed by disbeliefs attached to immunisation (17.6%) and 10.8 per cent mentioned that there was stiff resistance from the community.

6.6.7 Around 79 per cent of Lactating mothers reported that their children were immunised. Immunisation of children (0- 6 months) was found highest (95.65 %) in Assam. It may also be mentioned that in 6 projects all the children (0- 6 months) were fully immunised as told by lactating mothers.

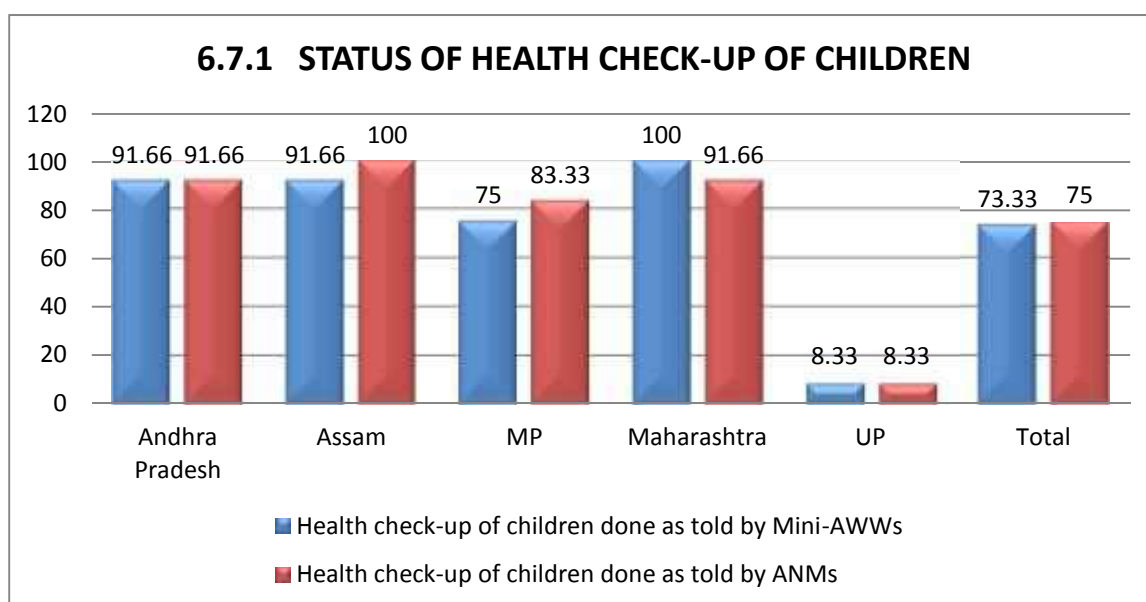

6.6.8 Mothers of around 84 per cent children reported that their children received OPV- O and 33 per cent of them reported that their children have received Hepatitis- B- O which was to be given at the time of birth. Lactating mothers also reported that their children had received OPV- 1 (81.81 %), DPT- 1 (82.95 %) and Hepatitis B- 1 (47.72 %).

6.7: HEALTH CHECKUP

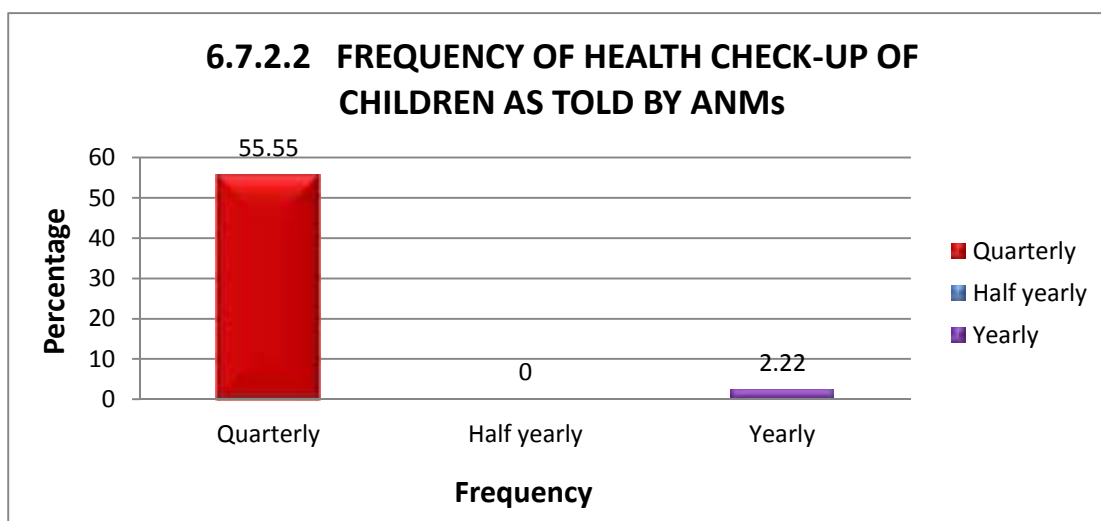

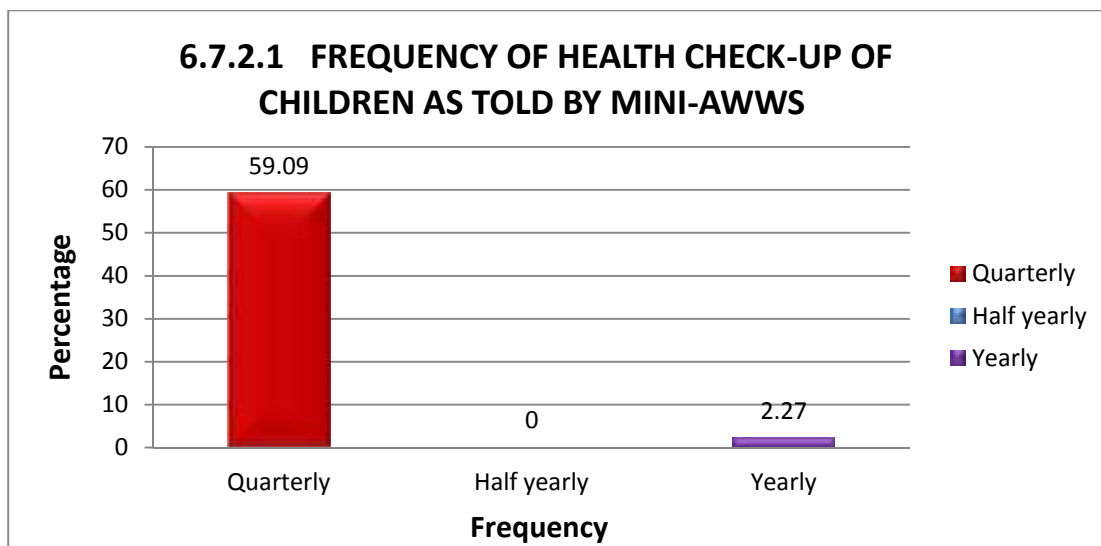

6.7.1 Around 73 per cent of Mini- AWWs and 75 per cent of ANMs in all 5 states told that health checkup of all Mini-AWC children was done. It may also be mentioned that all the Mini- AWWs of Maharashtra reported that health checkup of children was conducted where as all the ANMs of Assam reported that health checkup of children was carried out. However, in UP only 8.33 per cent of both Mini- AWWs and ANMs reported that health checkup of children was done. The reasons behind not carrying out health check up in remaining 92 % of Mini- AWCs in UP was health department never does it.

Similar findings were observed in the study conducted by (NIPCCD, 2012) that 80 per cent AWWs reported that health check- up of children was conducted and 86.08 per cent pregnant women reported that they received health check- up. Similar findings were observed in the study (NIPCCD, 2006) that 75.1 per cent AWWs reported that health check-

up of children was conducted by health functionaries and around 61 per cent AWWs reported that health check-up of pregnant women conducted once in a month.

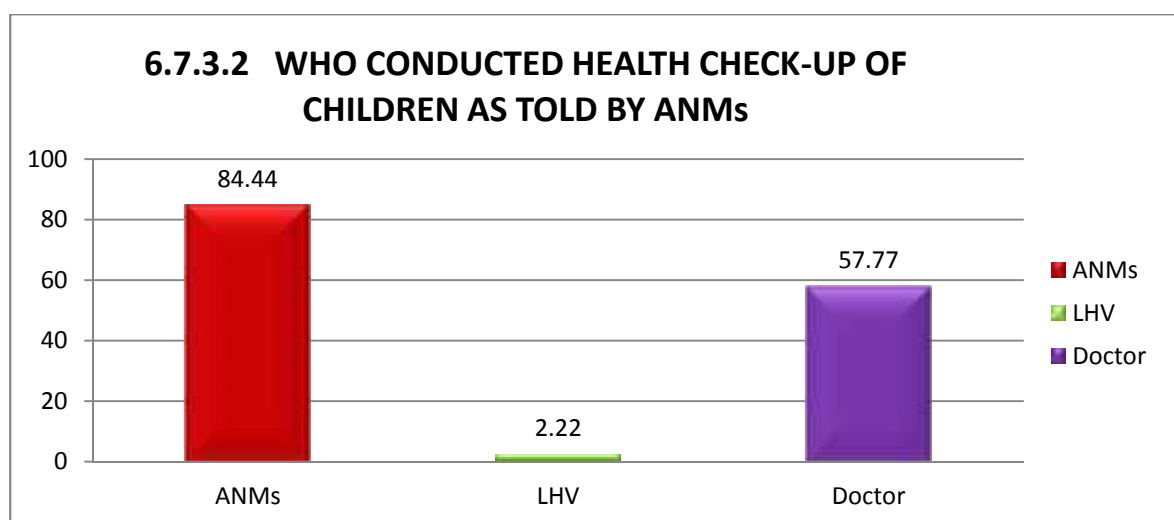

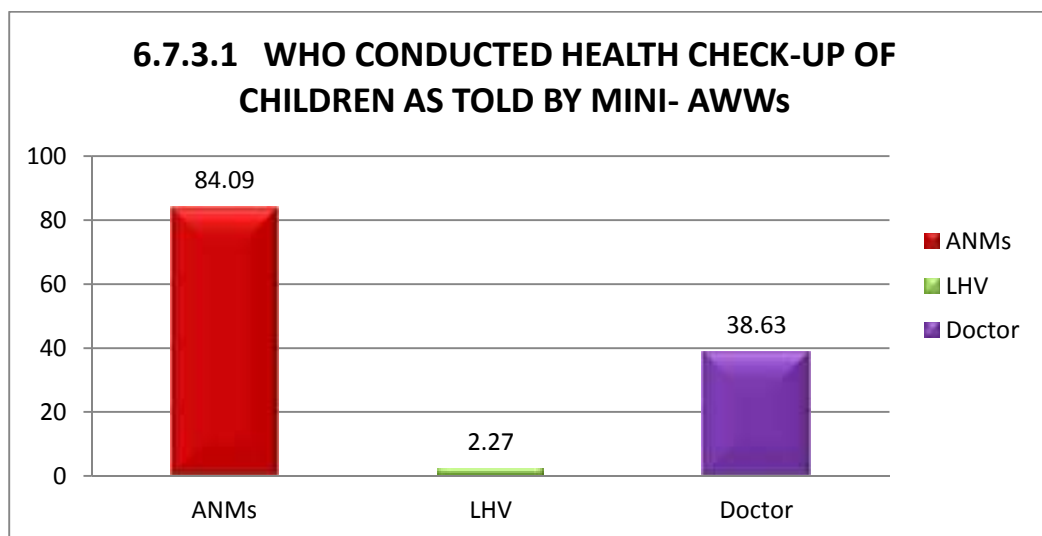

6.7.2 Out of the total Mini- AWCs where the health checkup of children was conducted, around 59 per cent of Mini- AWWs and 58 per cent ANMs reported that health checkup was done quarterly.

It was observed in the study conducted by NIPCCD (2006) that 56.1 per cent AWWs reported that health check-up of children (0- 3 years) was conducted once in a month, 16.2 per cent AWWs reported that it was conducted once in a quarter and 1.7 per cent AWWs reported that it was conducted twice in a year. However, as observed in the study (NIPCCD, 2012), AWWs reported that health check-up of children (70%) and pregnant women (71%) was done once in a month.

6.7.3 According to Mini- AWWs (84.09%) and ANMs (84.44%) cent per cent health check-up of children was carried out by ANM in four out of five states except Maharashtra. In Maharashtra, health check up was carried out by doctor in case of 83 per cent Mini-AWCs.

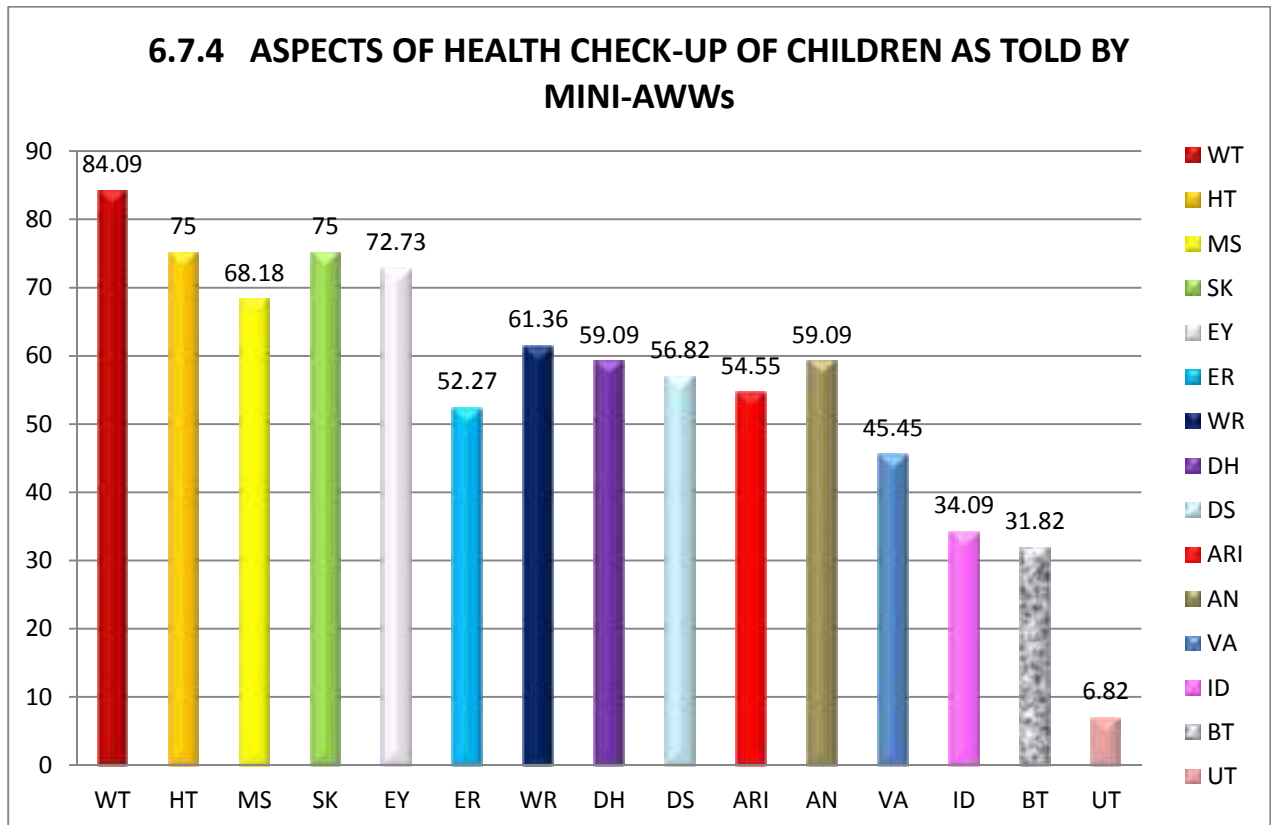

However, around 2 per cent of both Mini- AWWs and ANMs reported that health checkup was carried out by LHVs and around 39 per cent of Mini- AWWs and 60 per cent of ANMs reported that health checkup was done by doctors in all 5 states.

The study (NIPCCD, 2006) stated that health check- up of children was conducted by medical officers (22%), LHVs/ PHNs (11.4%) and ANMs (51.7%) as reported by AWWs. Similarly, 24.5 per cent AWWs reported that health check- up of pregnant women was conducted by medical officers, 13.5% reported that health check- up of pregnant women was conducted by LHVs/ PHNs and 48.8 per cent AWWs reported that health check- up of pregnant women was conducted by ANMs. However, it was observed in the study conducted by Planning Commission (2011) that most of the health check- up of pregnant women was conducted in government hospitals.

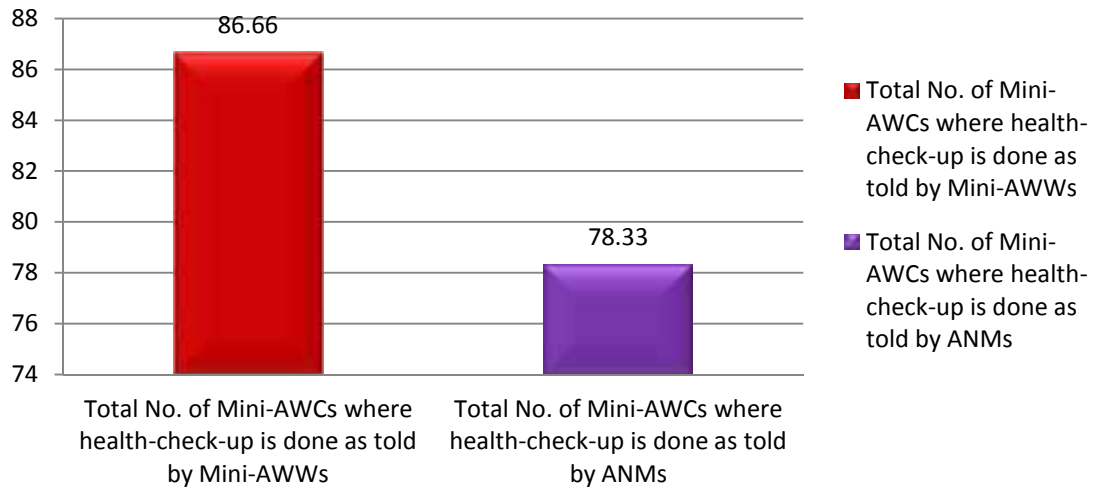

6.7.4 Seventy three per cent of Mini- AWWs reported that health checkup of Mini-AWC children was conducted. The aspects of health check- up as told by Mini- AWWs were checking and recording weight (84.09 %), checking and recording height (75 %), checking milestones in growth and development (68.18 %). Checking up of Skin (75 %), Eyes (72.73

%), Ears (52.27 %), Worm infestation (61.36 %) diarrhoea (59.09 %), dysentery (56.82 %), ARI (54.55 %), Anemia (59.09 %), Vitamin- A deficiency diseases (45.45 %), Iodine deficiency diseases (34.09 %), blood test (31.82 %), and urine test (6.82 %). It may be mentioned that almost similar responses were reported from ANMs about the aspects of health checkup of children.

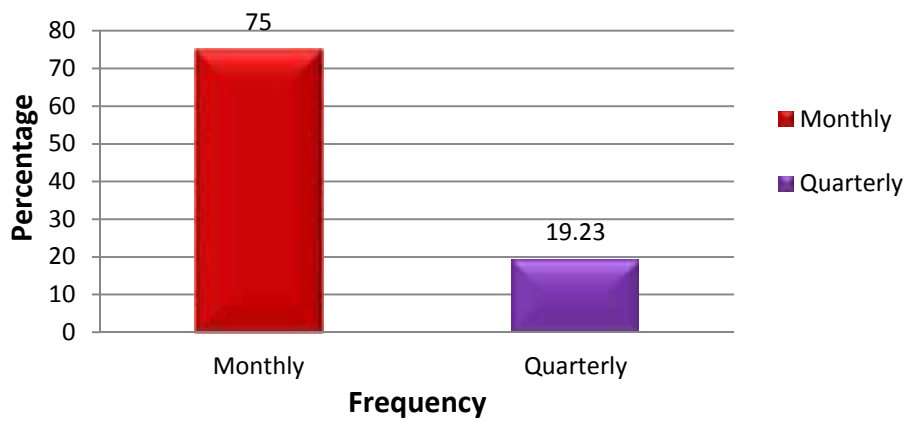

6.7.5 Around 87 per cent Mini- AWWs and 78 per cent ANMs reported that health checkup of pregnant women of Mini-AWCs was conducted. Around 75 per cent Mini- AWWs told that health checkup of pregnant women was conducted monthly and around 19 per cent of them reported it was done quarterly. Similarly, 68 per cent ANMs reported that health checkup of pregnant women was conducted monthly and 27.65 per cent reported that it was conducted quarterly.

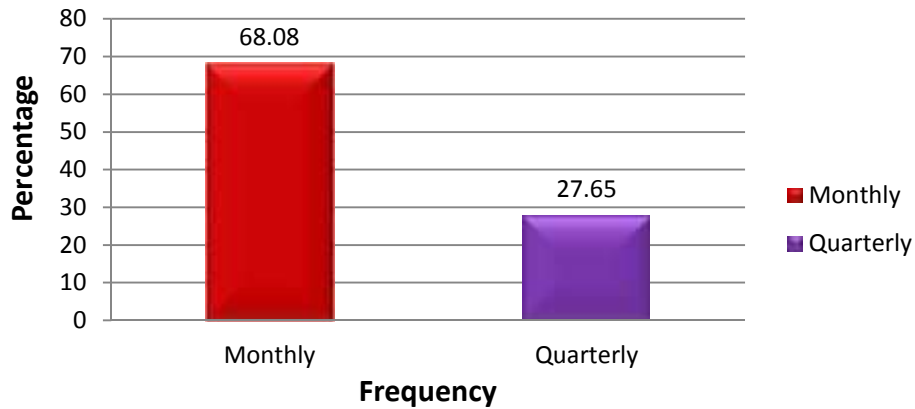

6.7.5.1 HEALTH CHECK- UP OF PREGNANT WOMEN AS TOLD BY MINI- AWWs & ANMs

6.7.5.2 FREQUENCY OF HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY MINI-AWWS

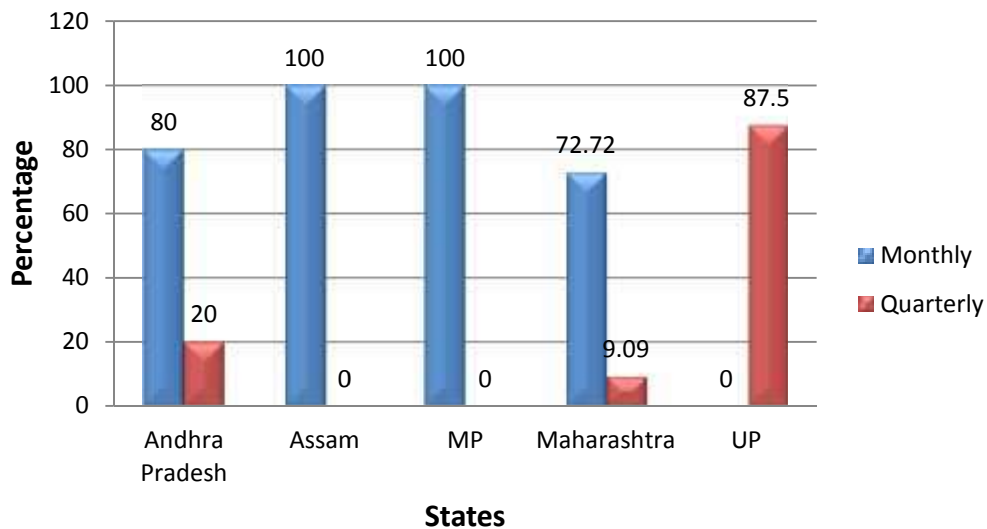

6.7.5.3 FREQUENCY OF HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY ANMs

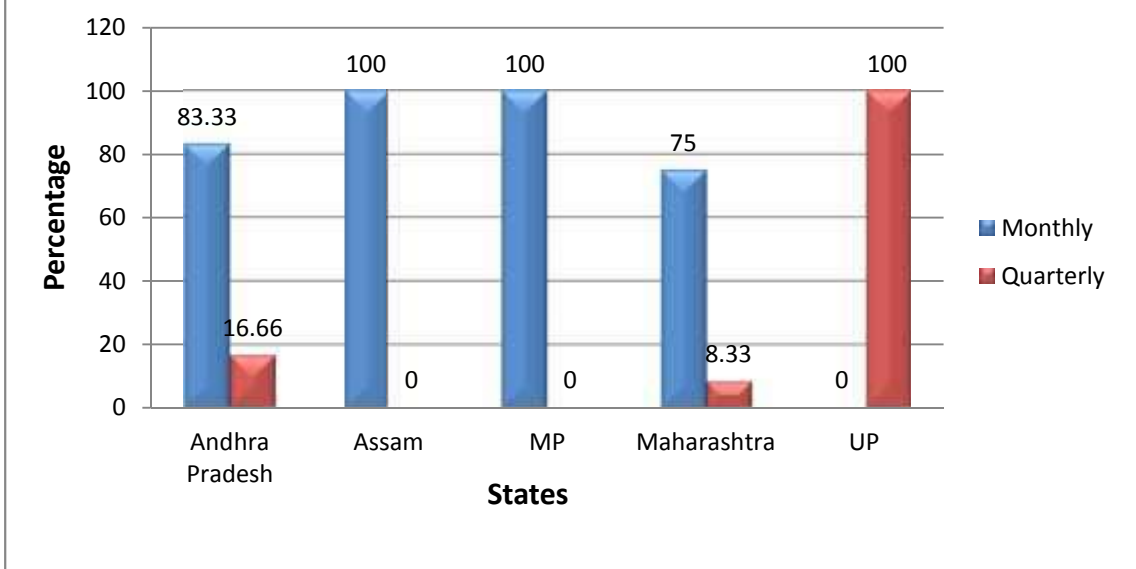

6.7.6 In Assam and M.P. health checkup of pregnant women was conducted monthly in all the Mini- AWCs as reported by both Mini- AWWs and ANMs. However, in U.P. it was conducted quarterly in all the Mini- AWCs as reported by both Mini- AWWs (87.5%) and ANMs (100%).

6.7.6.1 STATEWISE FREQUENCY OF HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY MINI-AWWS

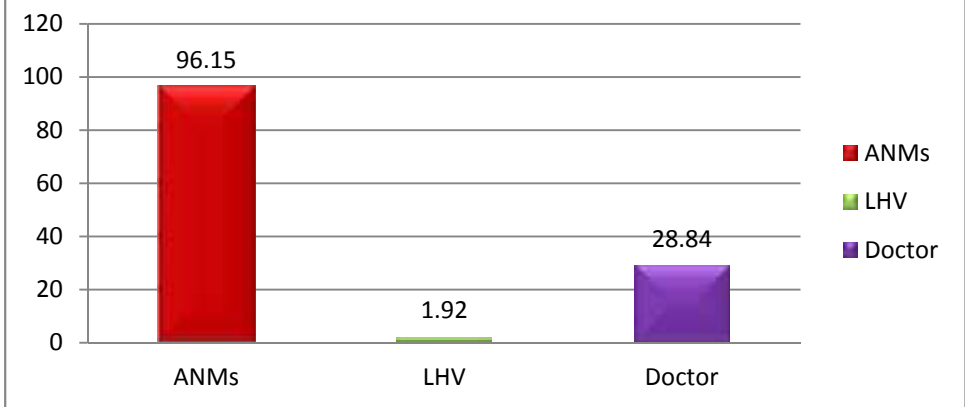

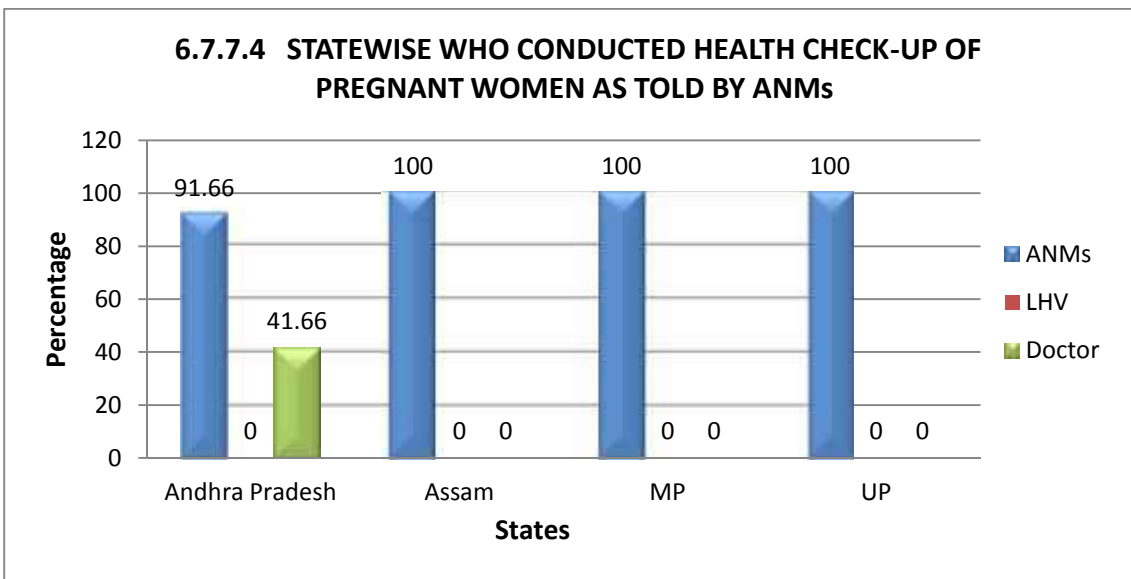

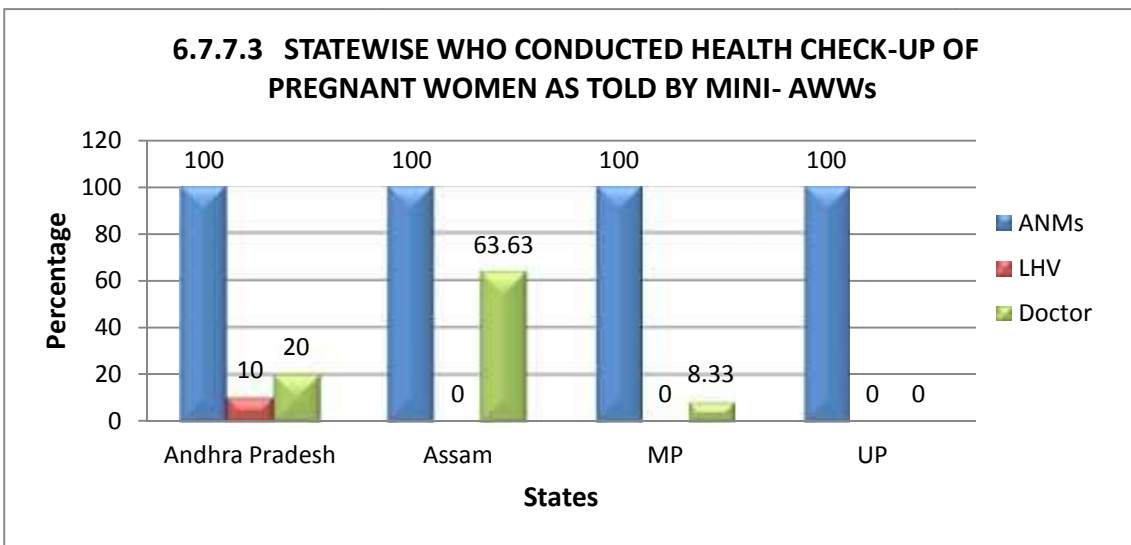

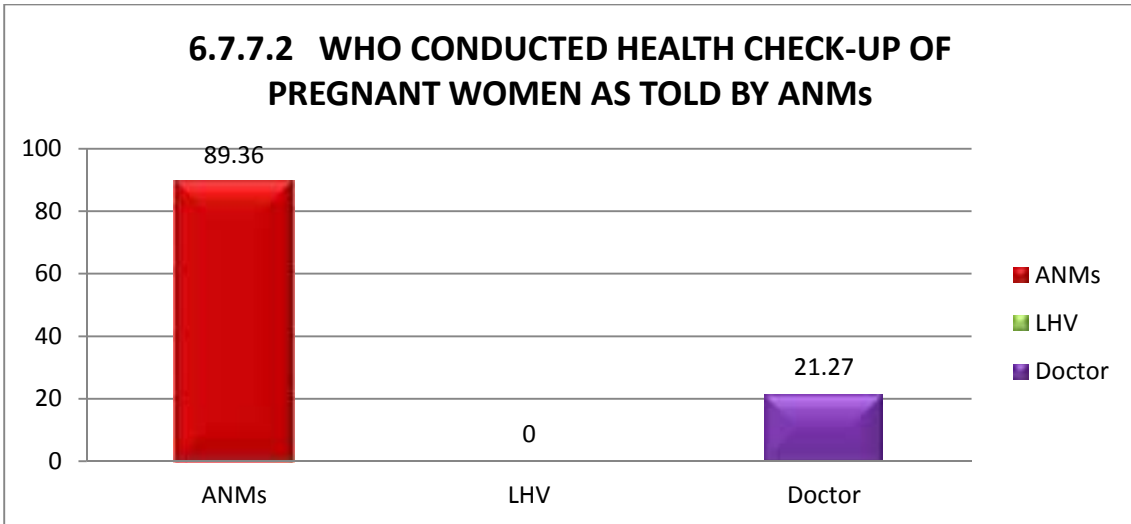

6.7.6.2 STATEWISE FREQUENCY OF HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY ANMs

6.7.7 Of all the AWCs where health checkup of pregnant women was conducted, around 96 per cent of Mini- AWWs and 89 per cent of ANMs reported that it was conducted by ANMs. It may also be mentioned that maximum number of Mini- AWWs and ANMs of Andhra Pradesh, Assam, M.P. and U.P. reported that health checkup of pregnant women was conducted by ANMs whereas about 29 per cent of Mini-AWWs and 21 per cent of ANMs said that it was conducted by doctor.

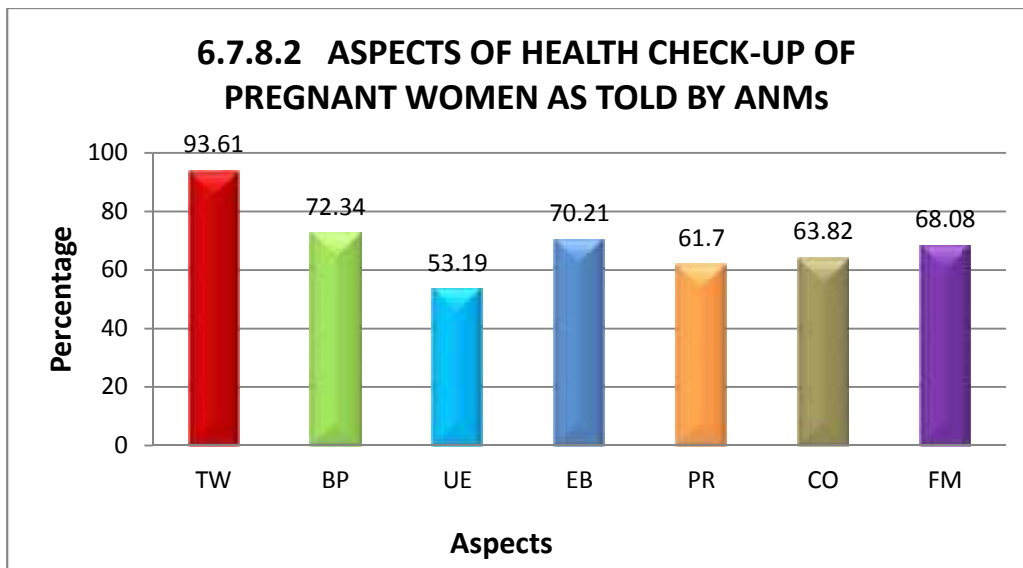

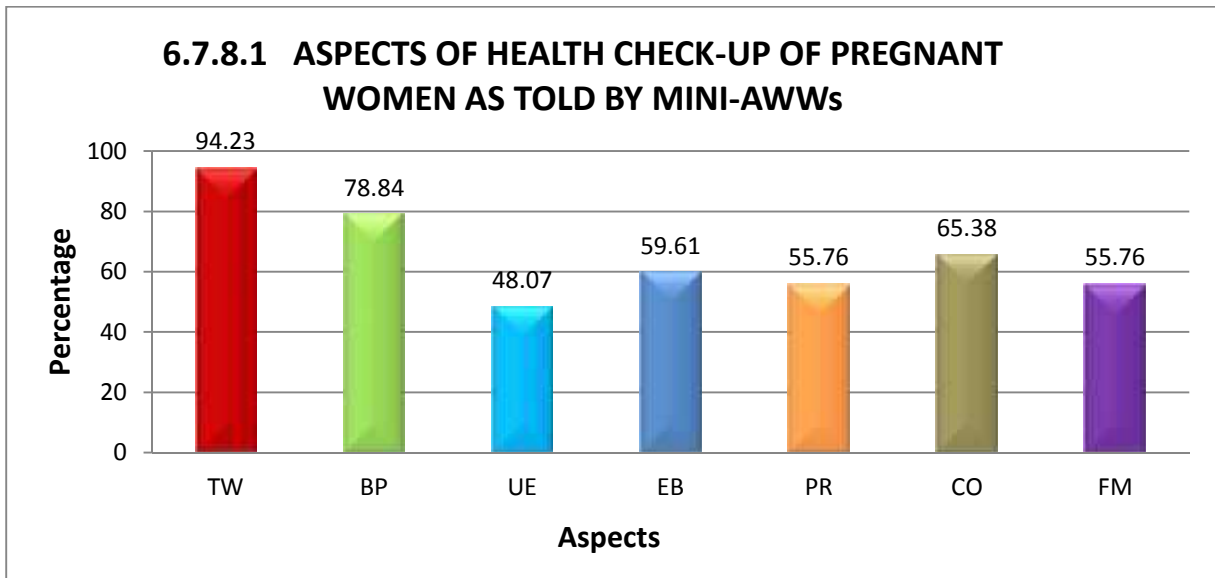

6.7.7.1 WHO CONDUCTED HEALTH CHECK-UP OF PREGNANT WOMEN AS TOLD BY MINI-AWWs

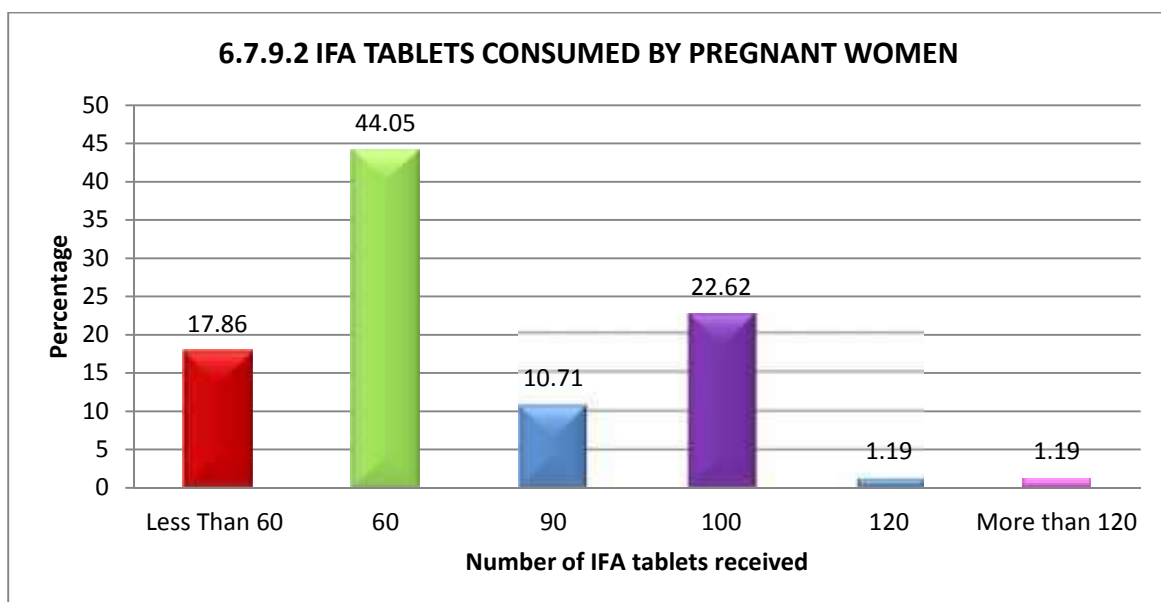

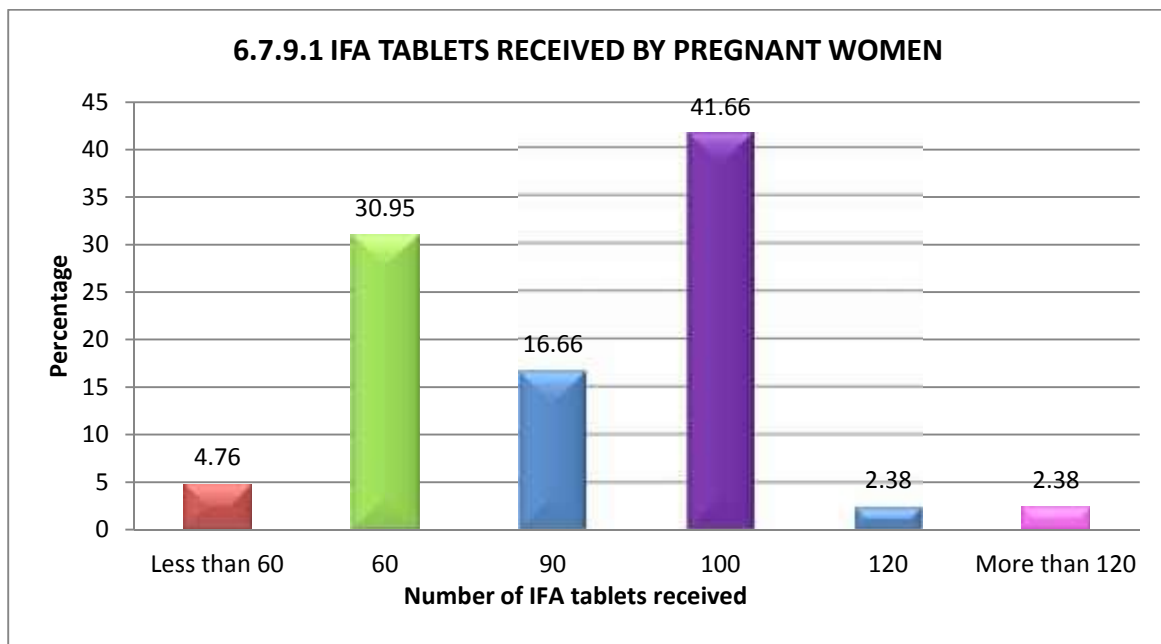

6.7.8 The aspects of health checkup of pregnant women as told by Mini- AWWs were, similar to great extent to what ANMs reported. The aspects of health checkup of pregnant

women as told by Mini- AWWs were taking weight (94.23 %), measuring blood pressure (78.84 %), Urine examination (48.07 %), examination of blood (59.61 %), measuring of pulse rate (55.76 %), checking oedema (65.38 %) and checking fetal movement (55.76 %) as told by Mini- AWWs. Similarly, as reported by ANMs the aspects of health check-up of pregnant women were taking weight (93.61 %), measuring blood pressure (72.34 %), urine examination (53.19 %), examination of blood (70.21 %), measuring of pulse rate (61.70 %), checking oedema (63.82%) and checking fetal movement (68.08 %).

6.7.9 About the IFA tablet received by Pregnant women, it may be mentioned that around 42 per cent pregnant women received 100 IFA tablets, 30.95 per cent of them received 60 IFA tablets, 16.67 per cent 90 tablets, 2.38 per cent 120 tablets, 4.76 per cent less than 60 IFA tablets and 2.38 per cent of Pregnant women received more than 120 tablets. Regarding the number of IFA tablet consumed by Pregnant women, it may be mentioned that 44.05

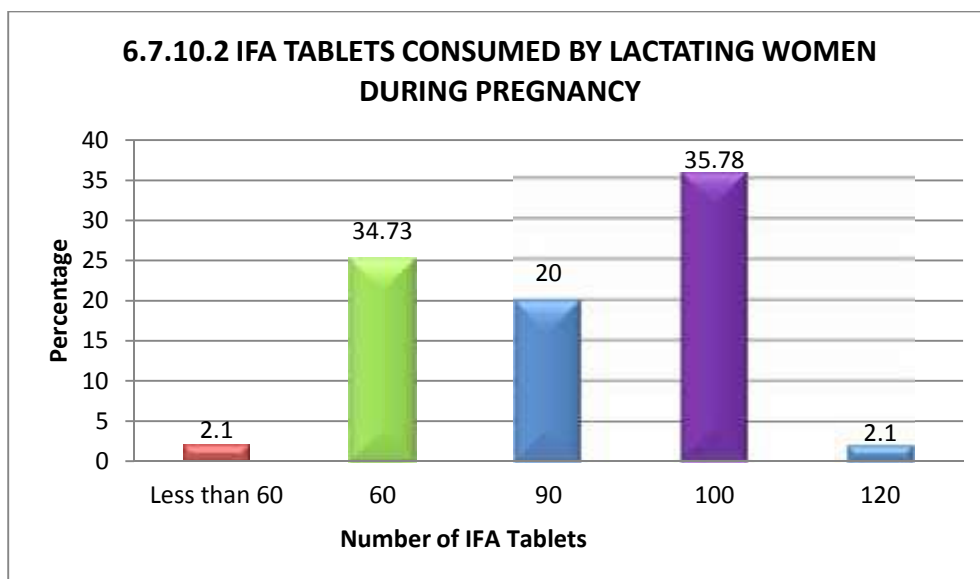

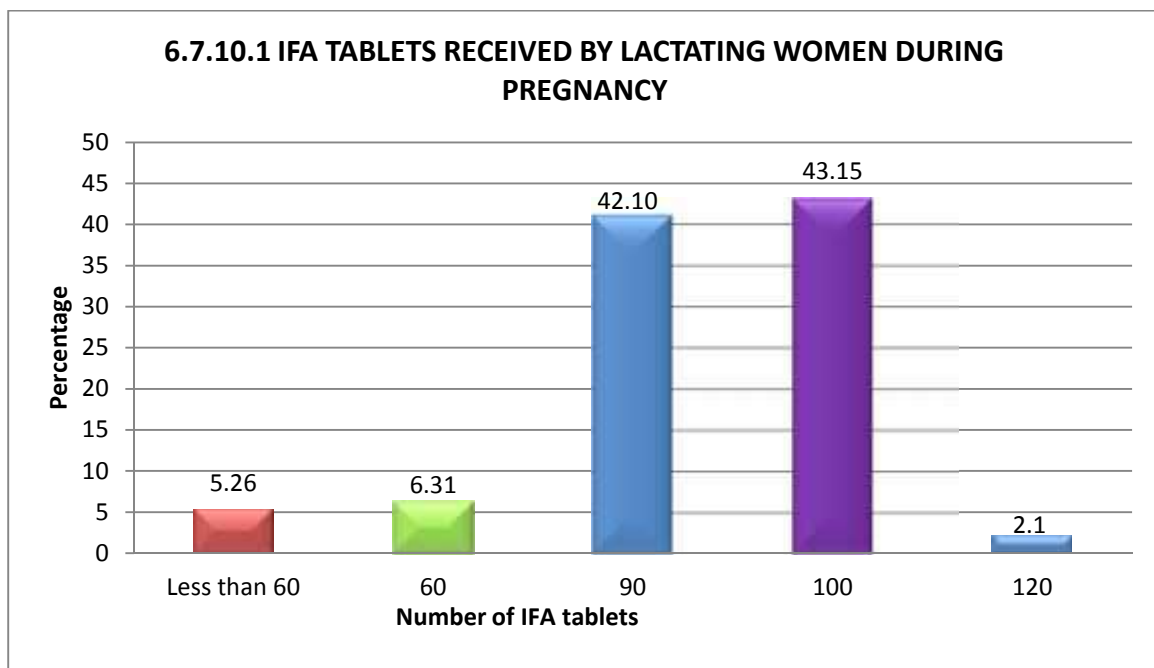

per cent of Pregnant women consumed 60 tablets, around 23 per cent consumed 100 tablets, 10.71 per cent consumed 90 IFA tablets, 1.19 per cent consumed 120 tablets, 17.86 per cent consumed less than 60 tablets and 1.19 per cent consumed more than 120 tablets.

In the study conducted by NIPCCD (2012), it was found that almost all pregnant women (100%) from parsis, nine out of ten from Christian and Buddhist (90%), slight less than 90% of women from Sikh followed by eight out of ten women from Muslim consumed IFA tablets. Whereas in the study conducted by Planning Commission (2011), it was found that 63.6 per cent pregnant women consumed IFA tablets. In the study conducted by NIPCCD (2006), it was observed that consumption of IFA tablets by Pregnant women showed that women of this category (68.9%) consumed tablets regularly whereas another 16 per cent enjoyed its use sometimes “as and when” they felt like swallowing it. Women (13.5%) kept

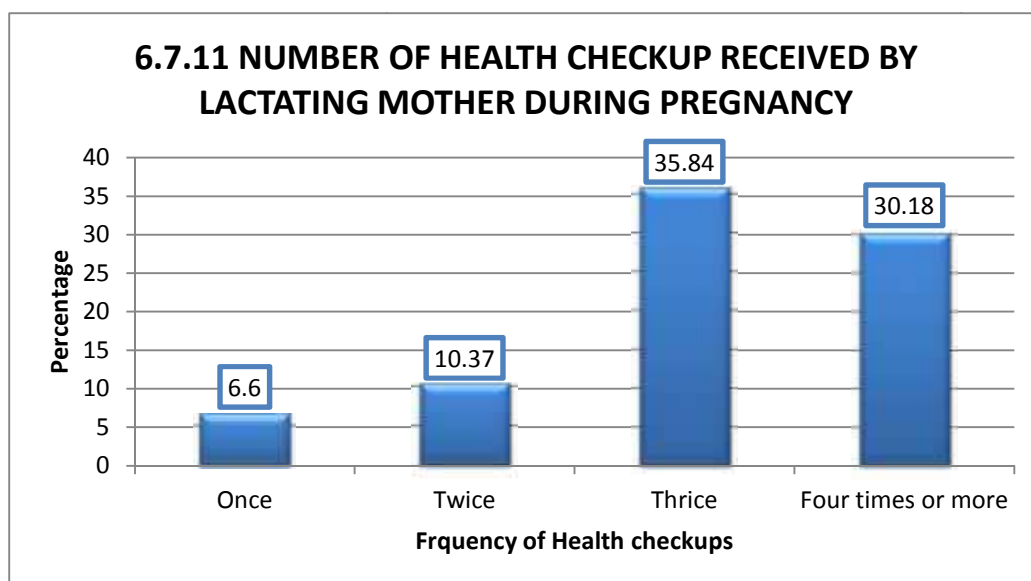

the tablets in their possession but did not consume it because they did not like its taste. Consumption pattern was the lowest in tribal projects (64.9%) in terms of its regular use.

6.7.10 About the IFA tablets received by Lactating mothers during their pregnancy, it may be mentioned that 43.15 per cent of lactating mothers received 100 tablets, 42.10 per cent received 90 tablets, 5.26 per cent received less than 60 tablets and 2.10 per cent received 120 tablets. Regarding the number of IFA tablets consumed by lactating mothers during pregnancy, it may be mentioned that around 36 per cent consumed 100 tablets, 34.73 per cent consumed 60 tablets, 22.10 per cent 90 tablets, 2.10 per cent consumed 120 tablets and 2.1 per cent of them consumed less than 60 tablets.

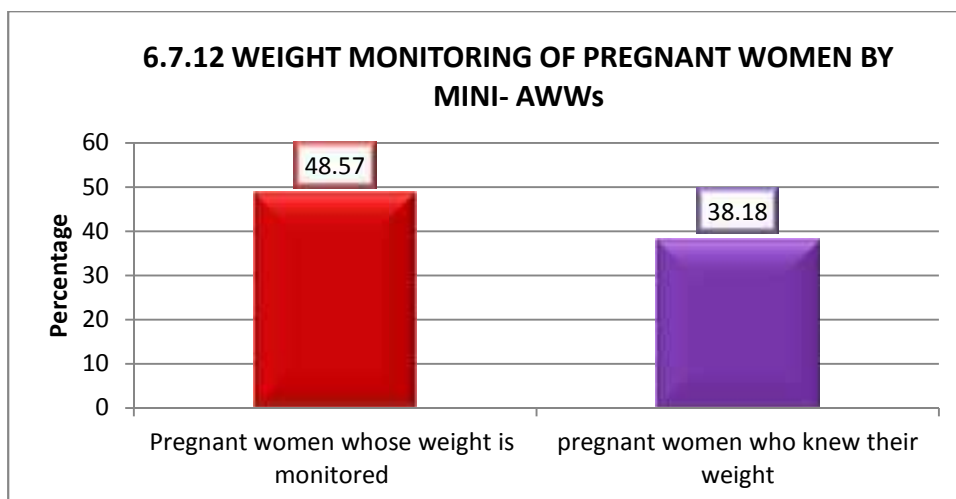

The study conducted by Planning Commission (2011) found that 33.9 per cent of lactating mothers consumed IFA tablets.

6.7.11 Regarding number of health checkups received by lactating mothers during pregnancy, it may be mentioned that around 36 per cent of them received health check- up thrice, 30.18 per cent received four times or more, 10.37 per cent twice and 7 per cent once. In case of UP, health check- up was not done for 63 per cent Lactating mothers during pregnancy.

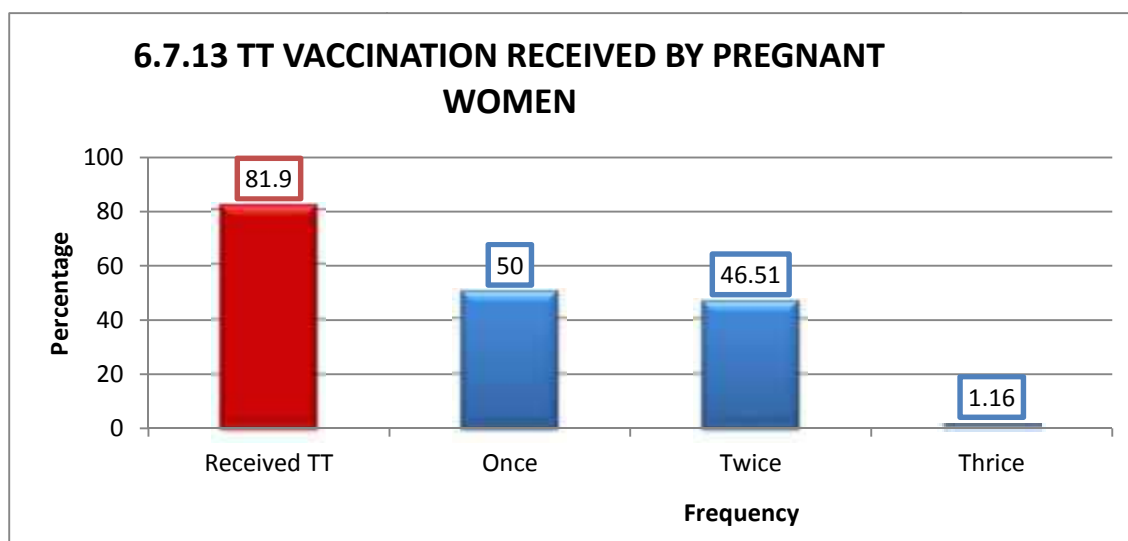

In the study conducted by NIPCCD (2006), it was found that health check- up of pregnant women was done once a month (60.8%), once a quarter (14.2%), Twice a year (1.2%), no such periodicity (9.0%). It was found in the study (NIPCCD, 2012) that seven out of ten AWWs (70%) reported monthly health check- up of pregnant women in their area and less than one fifth of workers stated that ANCs were done fortnightly and weekly. However, in the study conducted by Planning Commission (2011), it was observed that 55 per cent of pregnant women received regular check- ups for blood pressure and abdominal examination (51.2%).

6.7.12 Weight monitoring was done for 48.57 per cent pregnant women by Mini- AWWs and 38.18 per cent of pregnant women knew their weight.

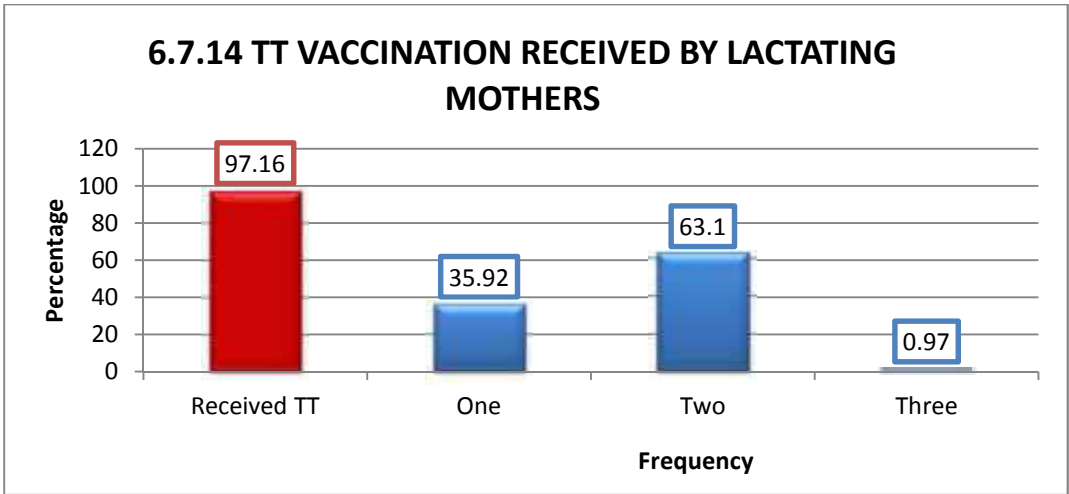

Similar findings were observed in the study conducted by Planning Commission (2011) i.e. weight monitoring was done for 56.4 per cent pregnant women.

6.7.13 Around 82 per cent of pregnant women received TT vaccination out of which 50 per cent of them received TT vaccination once and around 47 per cent of them received twice.

In the study conducted by NIPCCD (2006), it was observed that 76.2 per cent pregnant mothers received TT immunisation. Twenty seven per cent of pregnant women received first dose and 48 per cent of mothers availed second dose. It was found in the study conducted by Planning Commission (2011) that 76.7 per cent of pregnant women took TT vaccine during pregnancy.

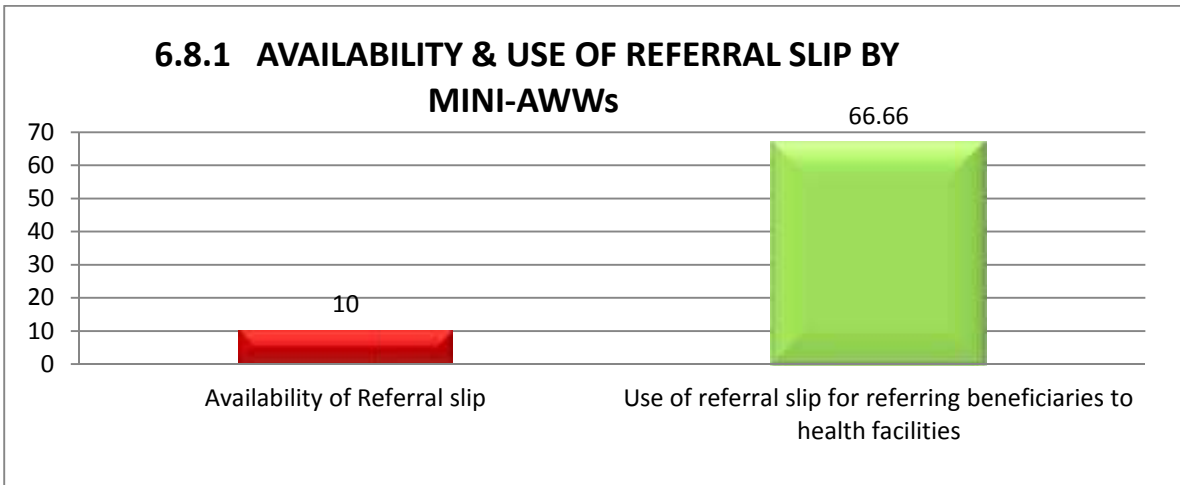

6.7.14 Ninety seven per cent of lactating mothers received TT vaccination during their pregnancy out of which 63.10 per cent of them received TT vaccination twice and around 36 per cent of them received it once.

Similar findings were observed in the study conducted by Planning Commission (2011) that 93.1 per cent of lactating mothers took TT vaccine during pregnancy.

6.8: REFERRAL SERVICES

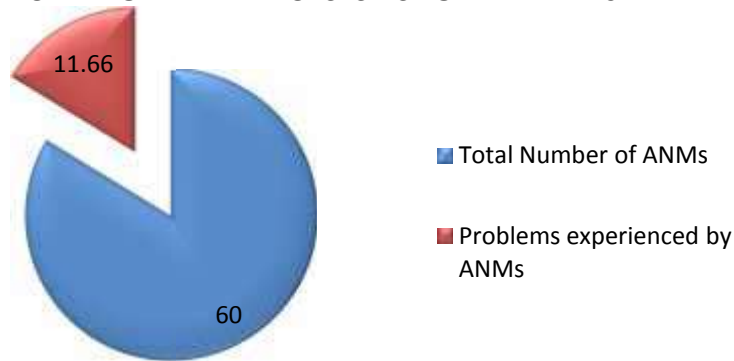

6.8.1 Referral slip was available with 10 per cent Mini- AWWs from which only 66.66 per cent Mini- AWWs used referral slip for referring beneficiaries to health facilities.

However, as observed in the study conducted by NIPCCD (2012), 36.67 per cent of AWCs had referral slips.

6.8.2 Around 12 per cent Mini- AWWs experienced problems in providing medical care to referral cases in all the five states. The problem were mostly health facility and parents did not take interest.

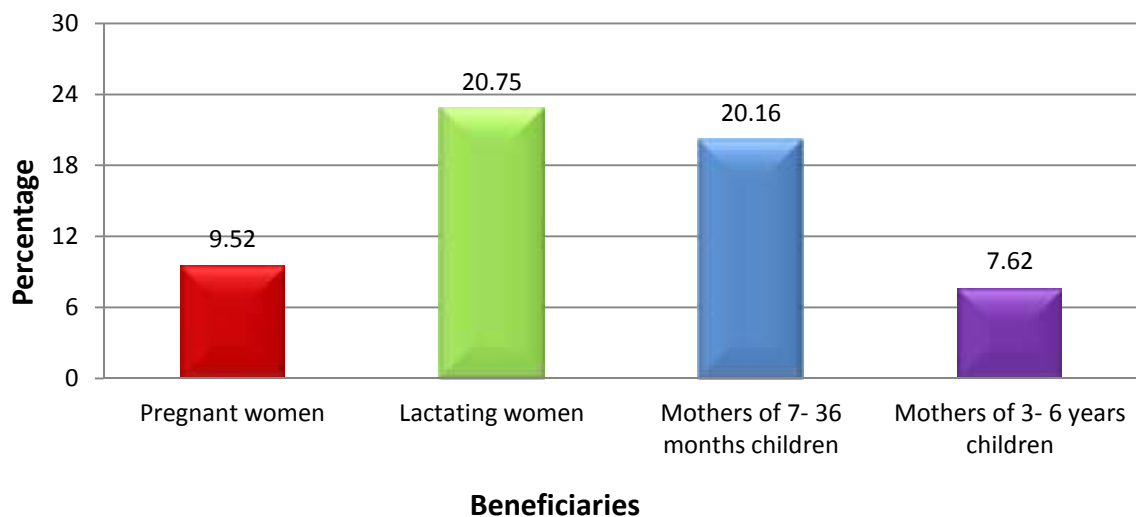

6.8.2 PROBLEMS EXPERIENCED IN PROVIDING MEDICAL CARE TO REFERRAL CASES AS TOLD BY ANMs

The study conducted by NIPCCD (2006) found various problems faced by AWWs in providing referral service, most prominent ones were reluctance of parents to take children to hospitals (26.3%), far off location of PHCs/ CHCs (23.3%) and absence of transport facility (25.8%).

6.8.3 Around 10 per cent pregnant women, 21 per cent lactating women, 20 per cent mothers of 7- 36 months children and 8 per cent mothers of 3- 6 years children were referred to FRU in all the five states.

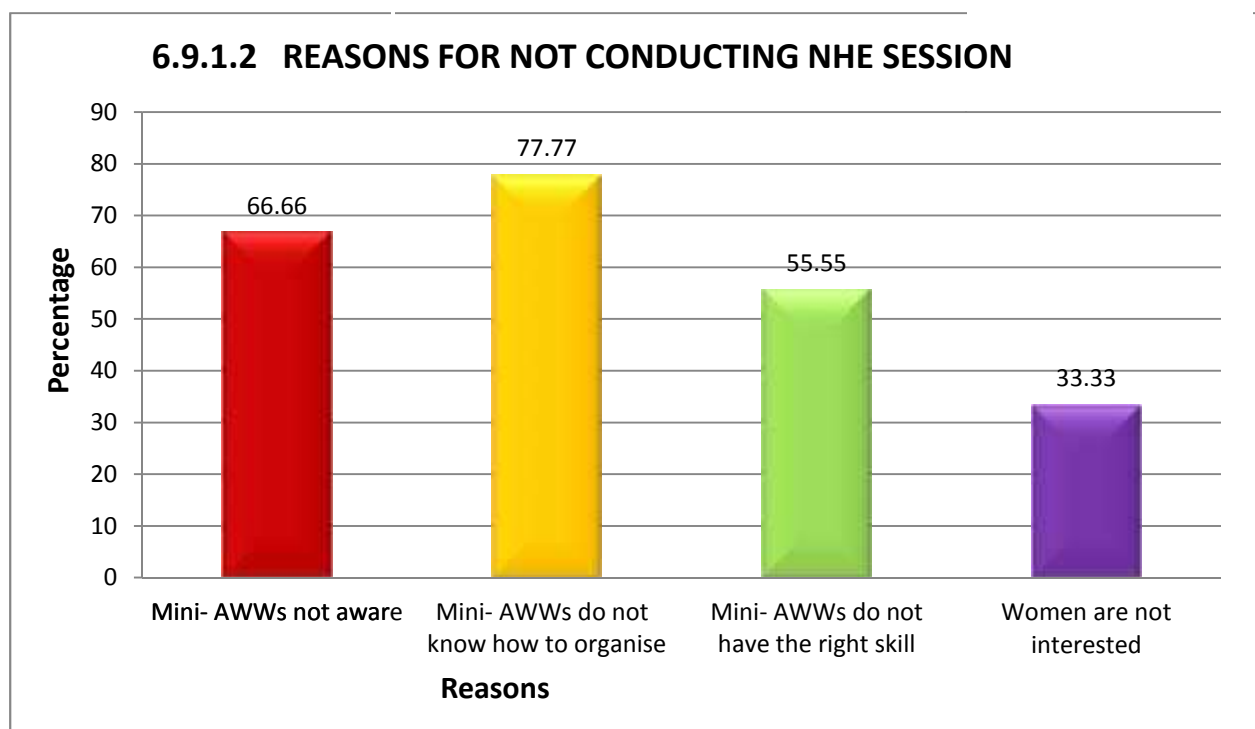

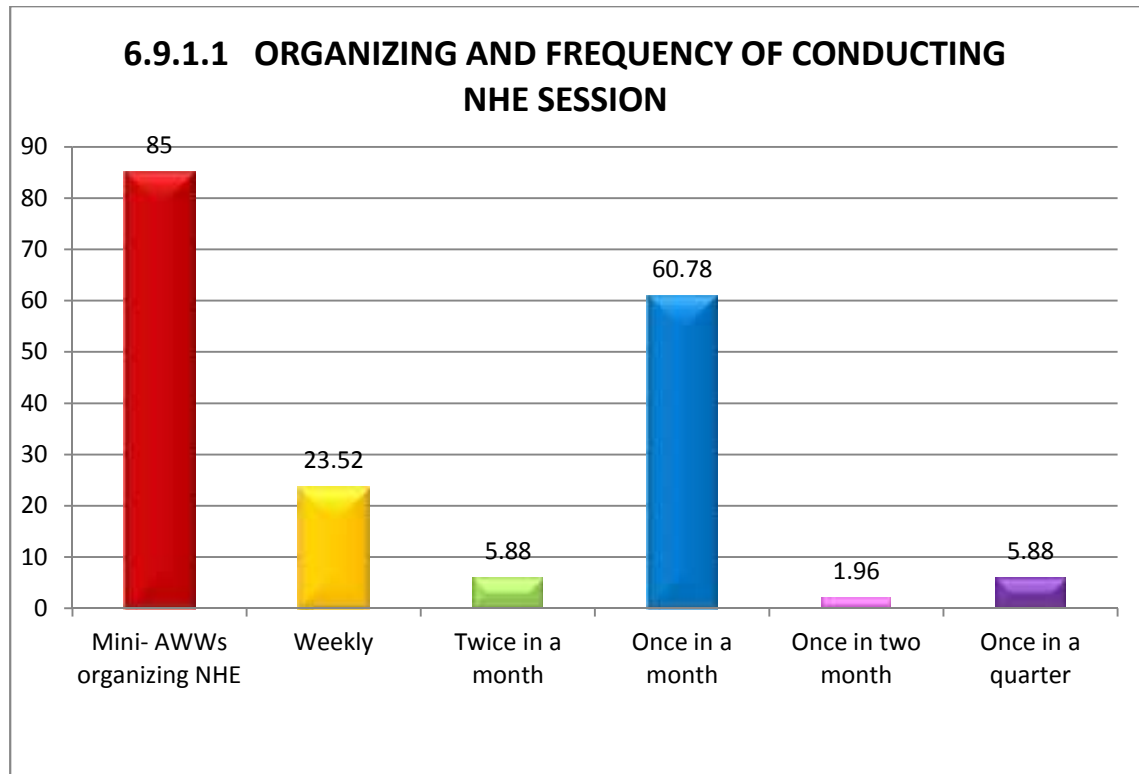

6.8.3 REFERRAL SERVICES PROVIDED TO BENEFICIARIES

It was found in the study conducted by NIPCCD (2012) that 49.33 per cent AWWs referred pregnant women with children to health facilities and 72.65 per cent ANMs referred pregnant women with complications to the hospitals and 27.35 per cent ANMs referred underweight children with other health problems to the hospitals. Whereas, in the study conducted by NIPCCD (2006) it was found that 94 per cent AWWs referred children/ mothers who were at risk.

6.9: NUTRITION AND HEALTH EDUCATION

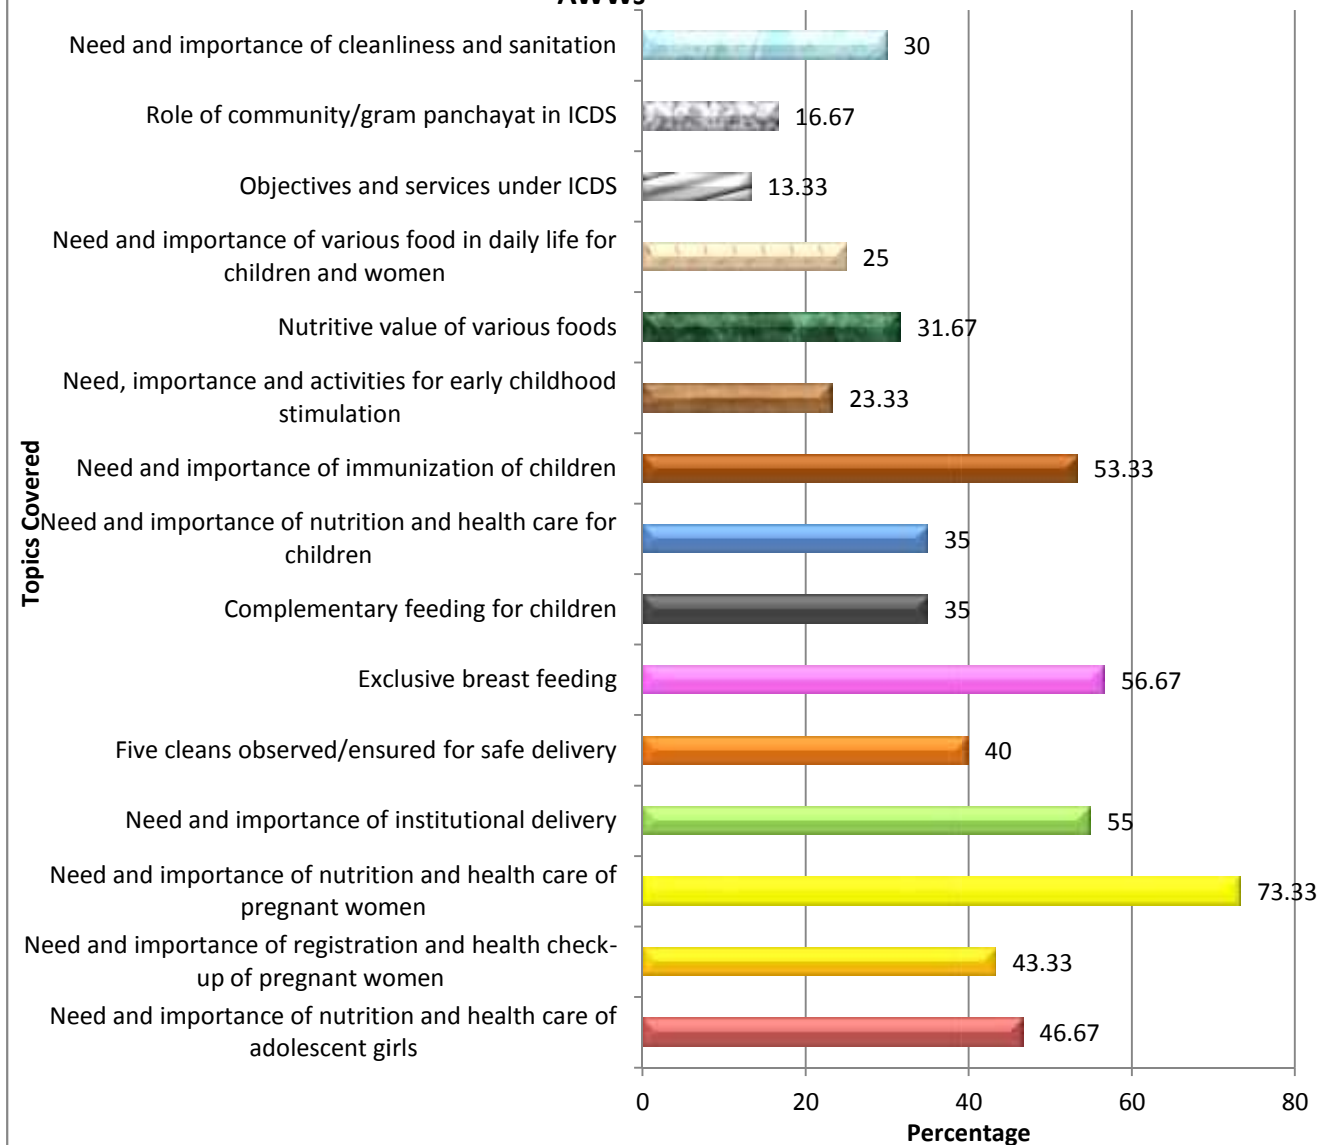

6.9.1 Eighty five per cent of Mini- AWWs were conducting NHE session and around 61 per cent of Mini- AWWs were organising the NHE session once in a month. The reasons for not conducting NHE by the remaining AWWs were Mini- AWWs did not know how to organise NHE session (77.77%), Mini- AWWs not aware of this (66.66%), Mini- AWWs did not had the skill (55.55%) and women were not interested for NHE (33.33%).

Similar findings were observed in the study conducted by NIPCCD (2012), 81 per cent of AWWs organised NHE session once in a month with the mother beneficiaries and adolescent girls. However, the study conducted by NIPCCD (2006) found all the AWWs organised NHE sessions with the help and support of supervisors and ANMs/ PHNs and 69 per cent of them organised NHE sessions once in a month.

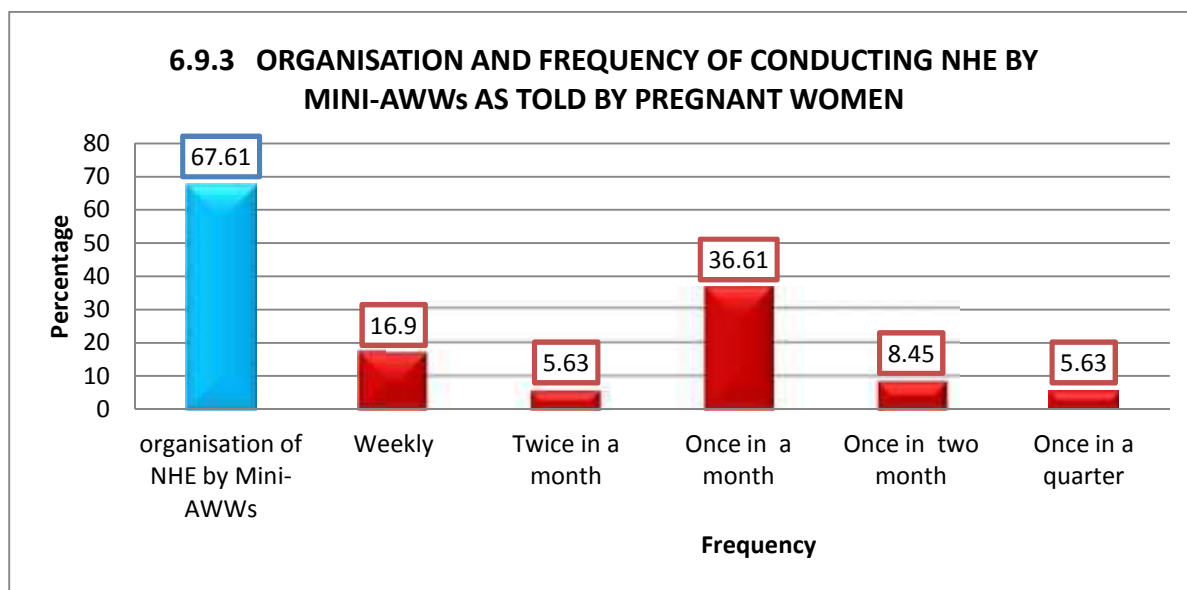

6.9.2 The major topics covered in NHE session in the last six months were Need and importance of nutrition and health care of adolescent girls(46.67%); Need and importance of registration and health check- up of pregnant women(43.33%); Need and importance of nutrition and health care of pregnant women(73.33%); Need and importance of institutional delivery(55.00%); Five cleans to be observed/ensured for safe delivery(40%); Exclusive breast feeding(56.66%); Complementary feeding for children(35%); Need and importance of nutrition and health care for children(35%); Need and importance of immunisation of children(53.33%); Need, importance and activities for early childhood stimulation(23.33%); Nutritive value of various foods(31.67%); Need and importance of various food in daily life for children and women(25%); Objectives and services under ICDS(13.33%); Role of community/gram panchayat in ICDS(16.67%); and Need and importance of cleanliness and sanitation(30%) as reported by Mini- AWWs.

6.9.2 TOPICS COVERED IN NHE SESSION IN THE LAST SIX MONTHS BY MINI-AWWs

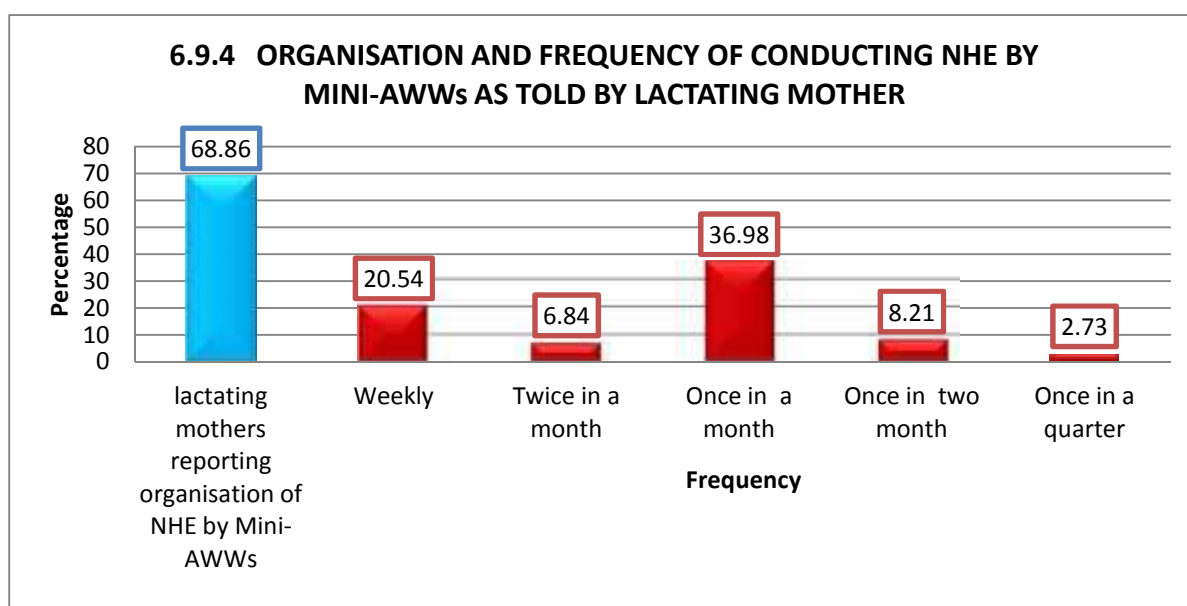

The topics covered in NHE as observed in the study conducted by NIPCCD (2012) were AWWs had given emphasis on the topics like consumption of adequate green leafy vegetables (67%), exclusive breast feeding for six months (76%) and complementary feeding to child at 6 months (75%), Prevention of Anemia (74%), Care during pregnancy (72%), Consumption of IFA tablets (61%), Personal hygiene (63.33) and timely immunisation (67.33%). The topics covered in NHE as found in the study conducted by NIPCCD (2006) were Immunisation (82.1%), diarrhea (53.2%), Complementary feeding (59.4%) and limiting family size (55.7%). As reported by the study conducted by CAG (2012- 13), NHE sessions were organised to educate community on the importance of infant and young child feeding practices and the importance of vegetables, fruits, milk and egg in supplementary nutrition, benefits of immunisation and importance of micronutrients for growth, development and immunity of children.

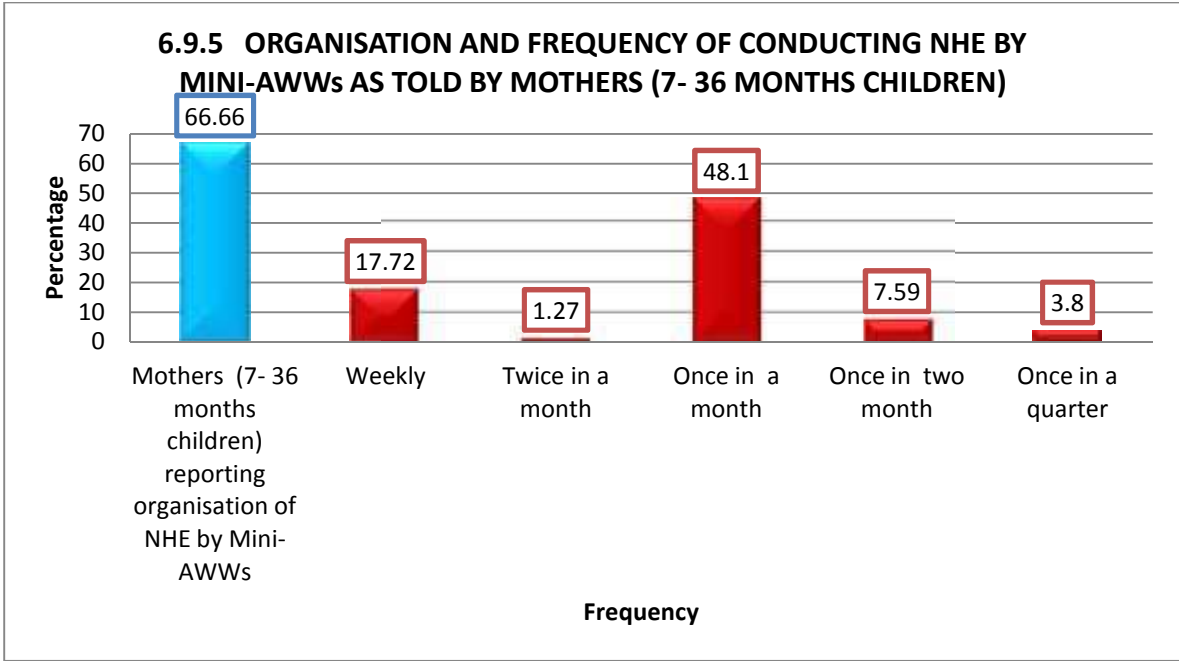

6.9.3 Around 68 per cent of pregnant women reported that NHE session was conducted by Mini- AWWs and around 37 per cent of them reported it was conducted once in a month.

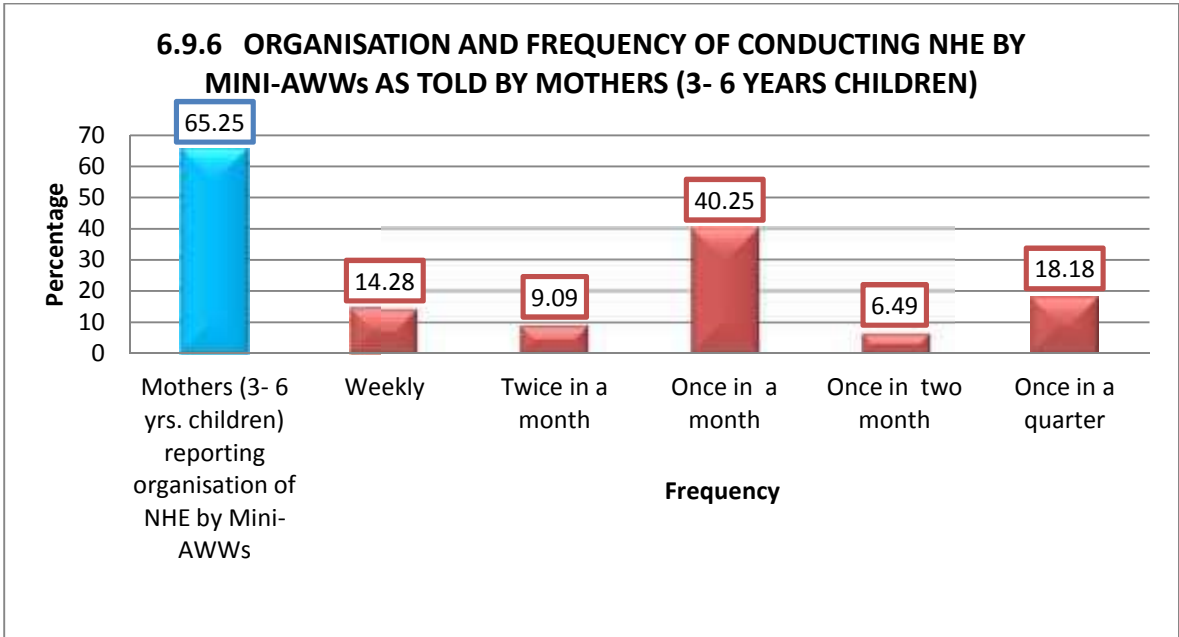

6.9.4 Around 69 per cent of Lactating mothers reported that NHE session was conducted by Mini- AWWs and around 37 per cent of them reported that it was conducted once in a month.

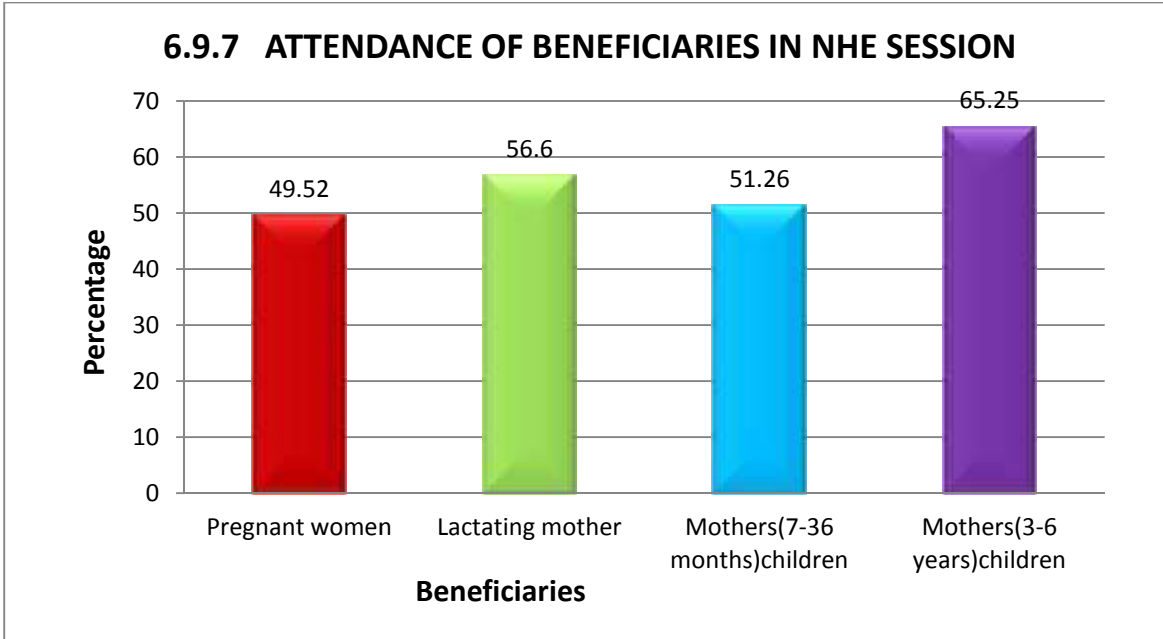

6.9.5 Around 67 per cent of mothers (7- 36 months children) reported that NHE session was conducted by Mini- AWWs and around 48 per cent of them reported that it was conducted once in month.

6.9.6 Around 65 per cent of mothers (3- 6 years children) reported that NHE session was conducted by Mini- AWWs and around 40 per cent of them reported that it was conducted once in a month.

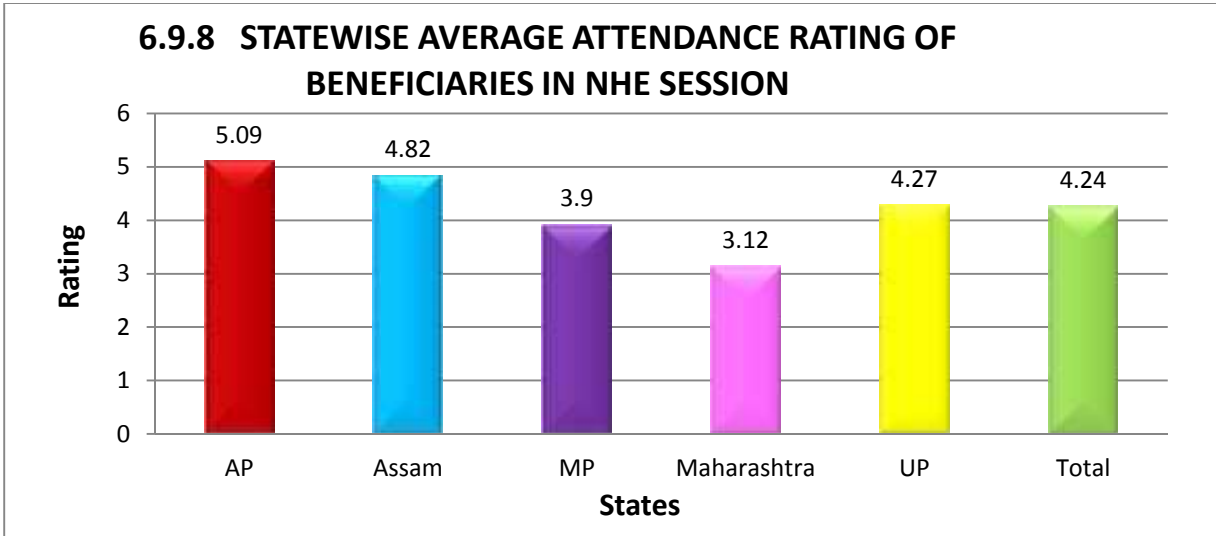

6.9.7 It was found that 49.52 per cent of Pregnant women, 56.60 per cent of Lactating mothers, 51.26 per cent of mothers of 7- 36 months children and 65.25 per cent of mothers of 3- 6 years of children were attended NHE session in all the five states.

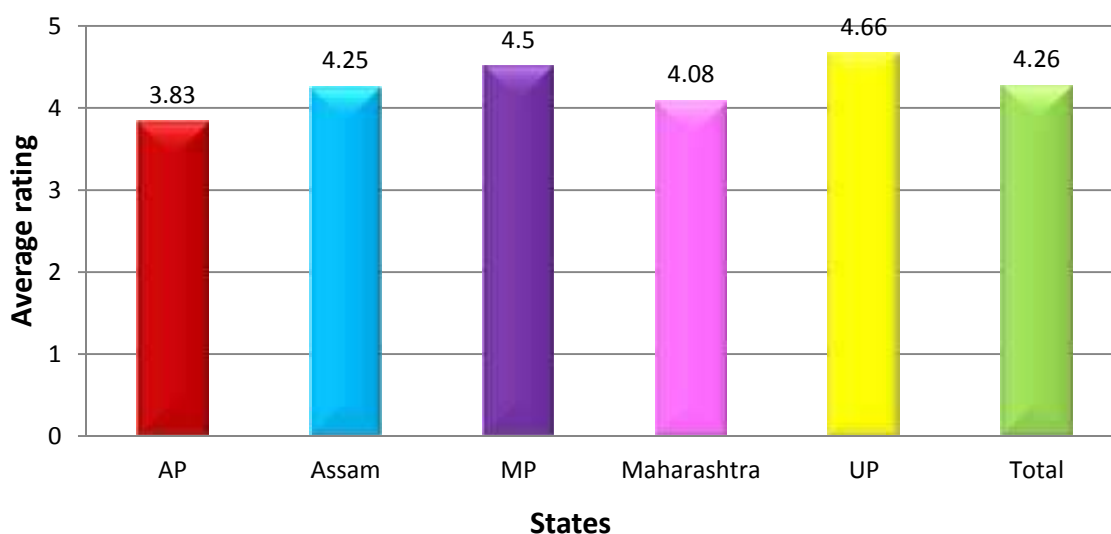

Similar findings were observed in the study conducted by NIPCCD (2012) that 55 per cent lactating mothers attended NHE sessions.

6.9.8 On a ten point scale average attendance rating of beneficiaries in NHE session was found 4.24 in all the five states.

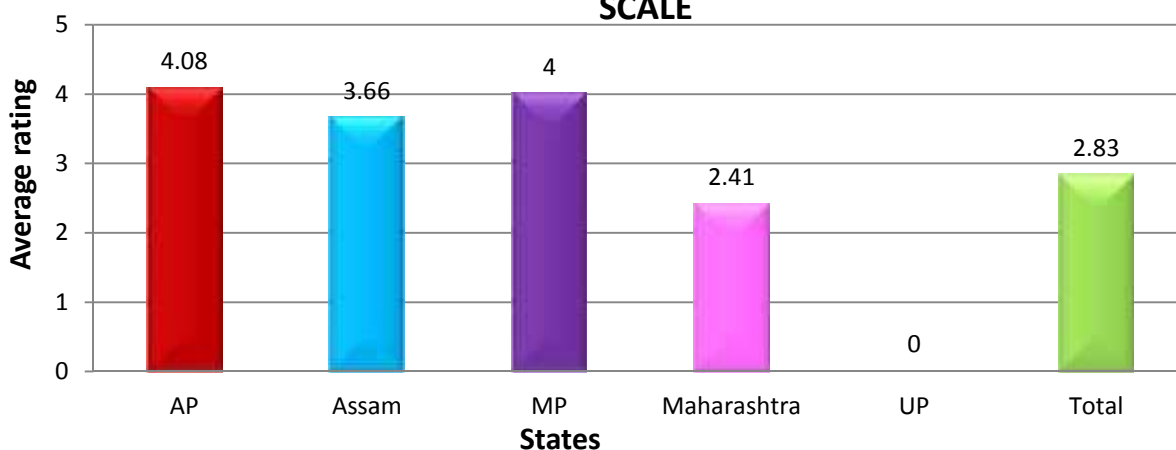

6.9.9 On a ten point scale average skill of Mini- AWWs for organising NHE Session was found 4.26 in all the five states.

6.9.9 STATEWISE SKILL OF MINI- AWWs FOR ORGANISATION OF NHE IN TEN POINT SCALE

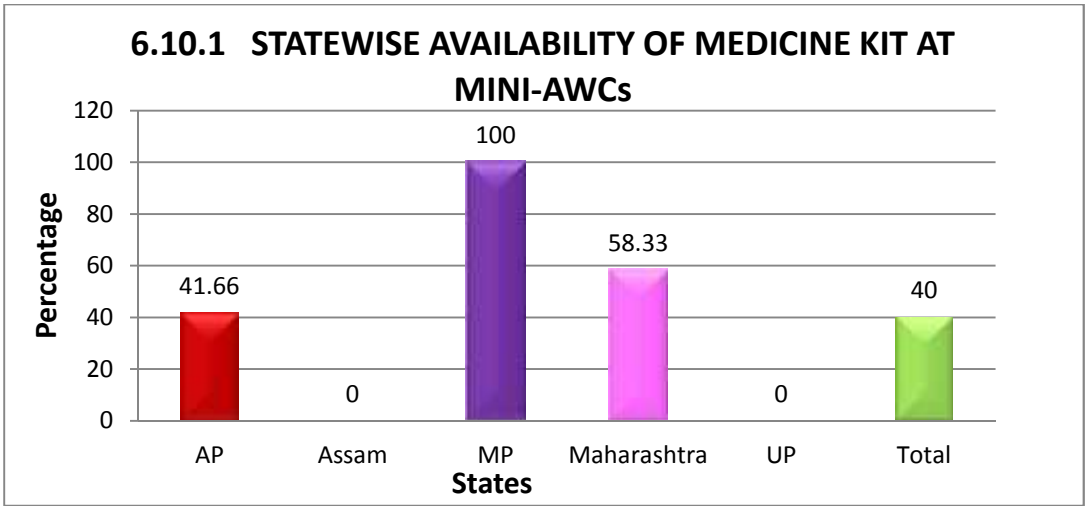

6.9.10 On a ten point scale average rating of availability of materials for conducting NHE Session was found to be 2.83 in all the five states. It may also be mentioned that availability of materials for conducting NHE in UP was zero.

6.9.10 STATEWISE AVAILABILITY OF MATERIALS ON TEN POINT SCALE

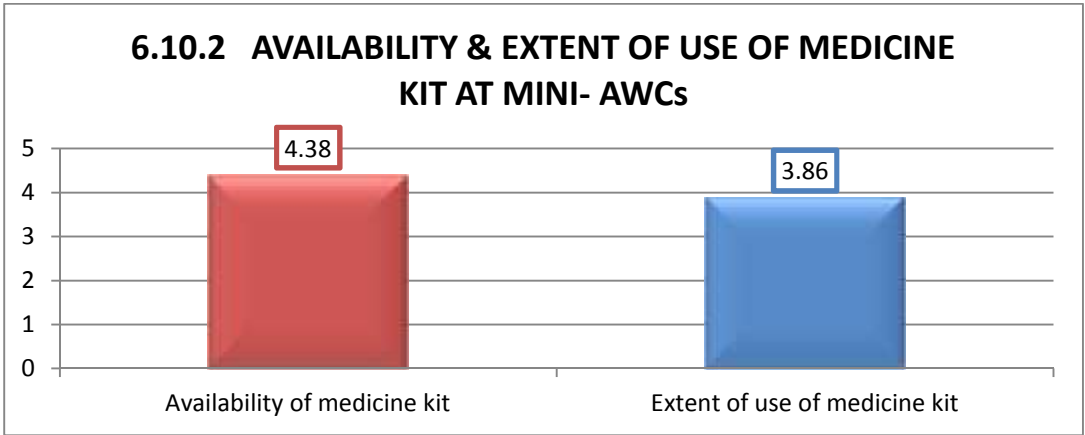

6.10: MEDICINE KIT

6.10.1 Medicine kit was available in 40 per cent Mini- AWCs. However, in U.P. and Assam medicine kit was not available in any of the Mini- AWCs.

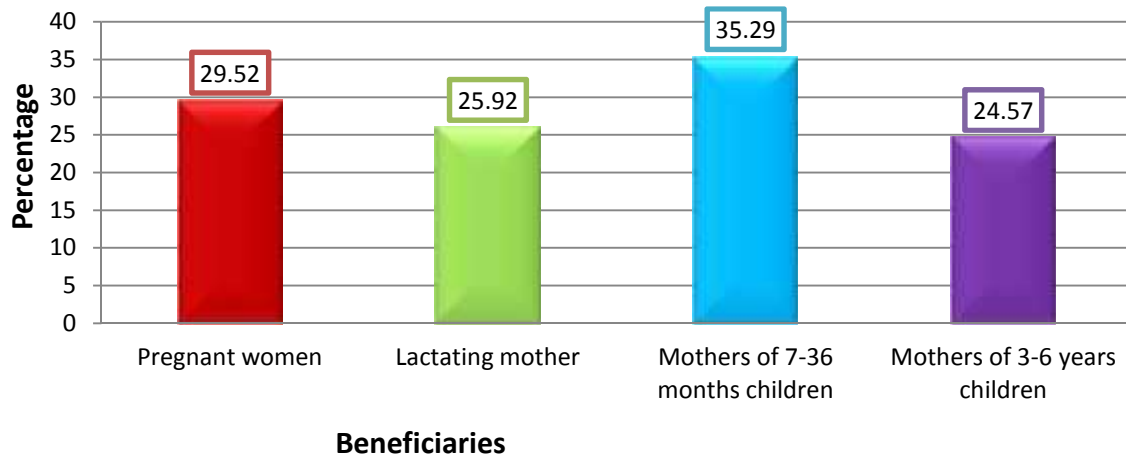

As observed in the study conducted by NIPCCD (2012), Medicine kit was available in 66 per cent AWCs. Where as, in the study conducted by NIPCCD (2006), the availability of medicines was found to be very poor in all the four regions and almost half the AWCs were without the medicine kit, which was available in only 36.3 per cent AWCs in the north eastern region as compared to 53.7 per cent AWCs of the southern region. While the study conducted by CAG (2012- 13), it was found that non- availability of medicine kit was 32.5 per cent and the study conducted by Planning Commission (2011) found that 62.4 per cent AWCs received Medical kit.

6.10.2 On a ten point scale average skill of Mini- AWCs on use of medicine kit, where medicine kit was available, was found to be 4.38, whereas, extent of use of medicine in ten point scale was found to be 3.86.

6.10.3 Around 30 per cent Pregnant women, 25.92 per cent Lactating mothers, 35.29 per cent mothers of 7- 36 months children and 24.57 per cent mothers of 3- 6 years children were taking medicines from Mini-AWCs in all the five states.

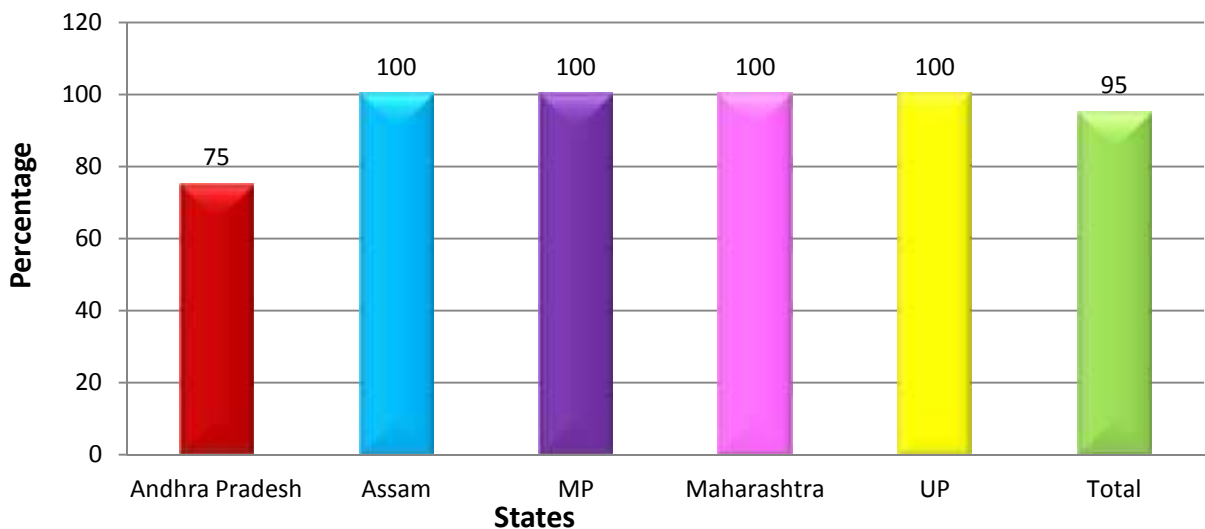

6.10.3 BENEFICIARIES TAKING MEDICINES FROM MINI-AWCs

6.11: MOTHER AND CHILD PROTECTION CARD

6.11.1 It was found that 95 per cent of ANMs in all 5 states were aware of MCPC whereas in Assam, MP, Maharashtra and UP all the ANMs were aware of MCPC.

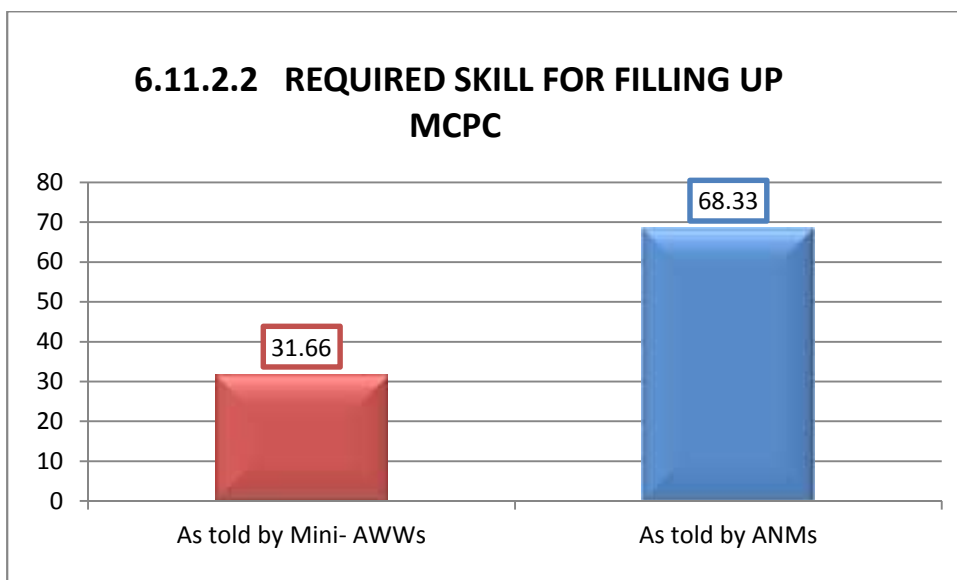

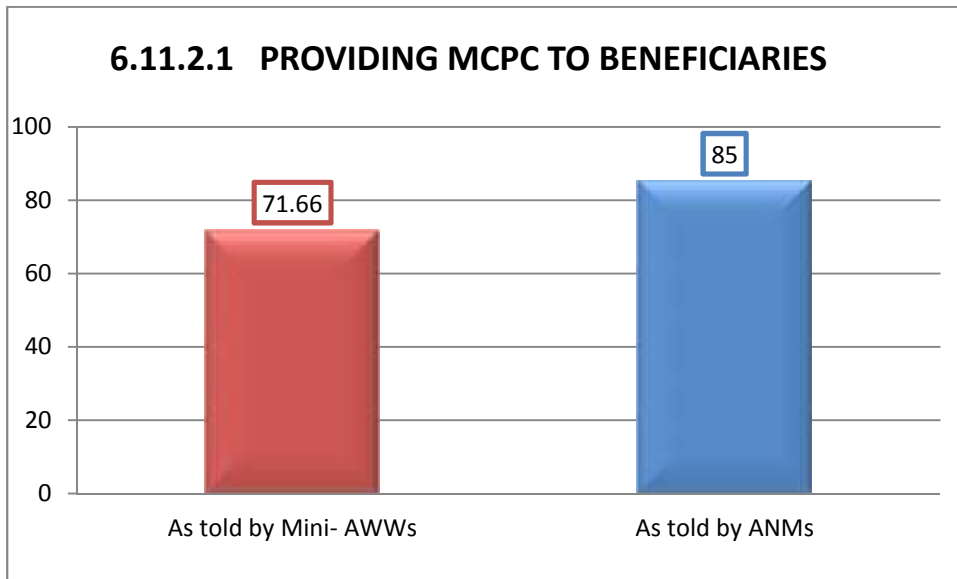

6.11.1 STATEWISE AWARENESS OF ANMs ABOUT MCPC

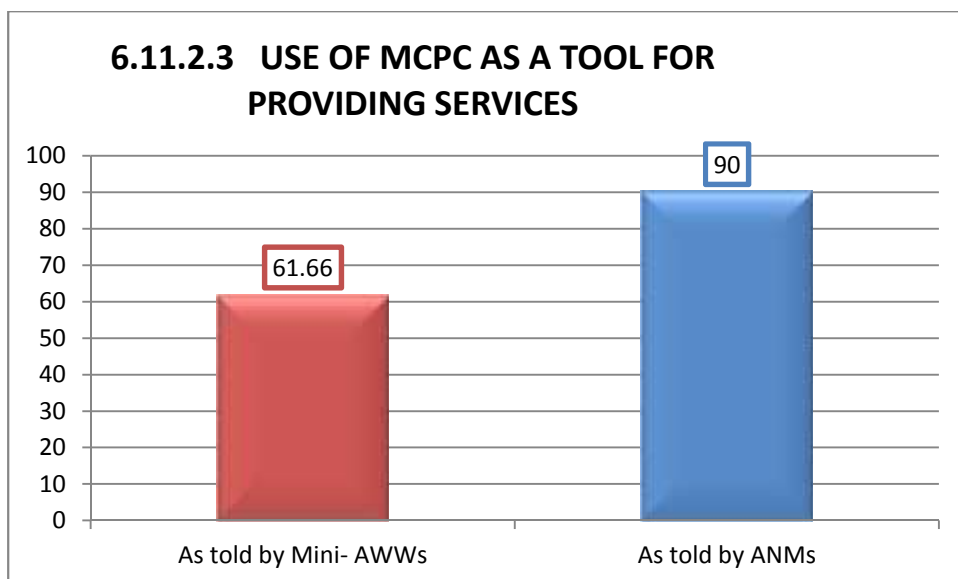

In the study conducted by NIPCCD (2012), it was found that more than two third of pregnant women i.e. 66 per cent were found to be aware of MCP card used in ICDS and only 34 % were aware of its use.

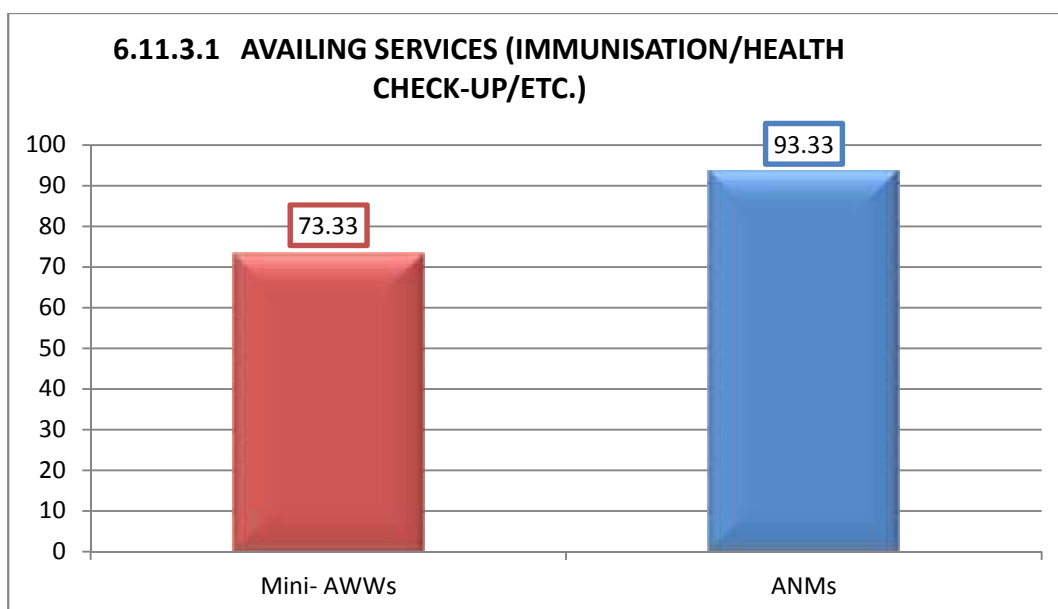

6.11.2 Seventy two per cent of Mini- AWWs and 85 per cent of ANMs reported that MCPC was provided to beneficiaries, however around 32 per cent of Mini- AWWs and 68.33 per

cent of ANMs got required skill for filling up MCPC and 62 per cent of Mini- AWWs and 90 per cent of ANMs reported that MCPC were used as a tool for providing services.

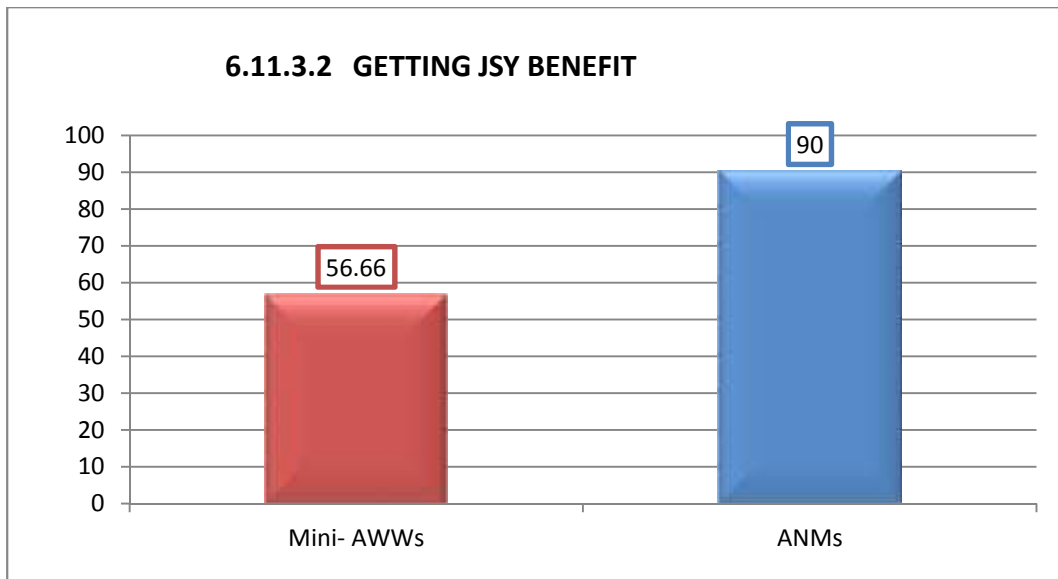

6.11.3 Around 73 per cent of Mini- AWWs and 93 per cent of ANMs reported that women/ mothers used MCPC for availing services, around 57 per cent of Mini- AWWs and 90 per cent of ANMs reported that women/ mothers used MCPC for getting JSY benefit, 35 per cent Mini-AWWs and 52 per cent ANMs for feeding self/children, 20 per cent of Mini-AWWs and 35 per cent ANMs for conducting stimulation activities, 22 per cent Mini-AWWs and 30 per cent ANMs for getting IGMSY benefits and 32% Mini-AWWs and 63 per cent ANMs reported that beneficiaries were using MCPC for health care of women and children.

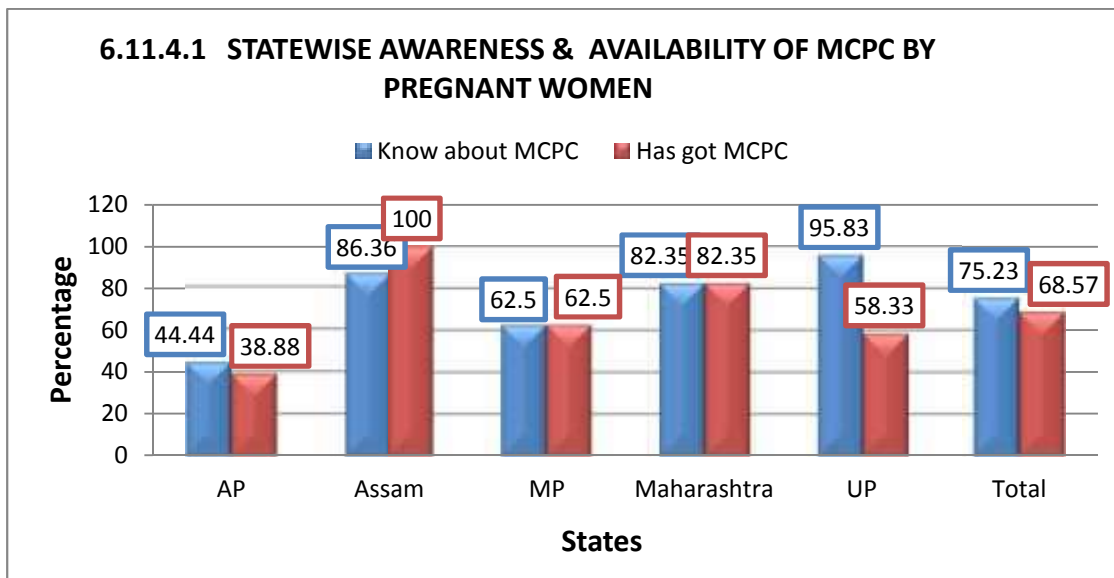

6.11.3.2 GETTING JSY BENEFIT

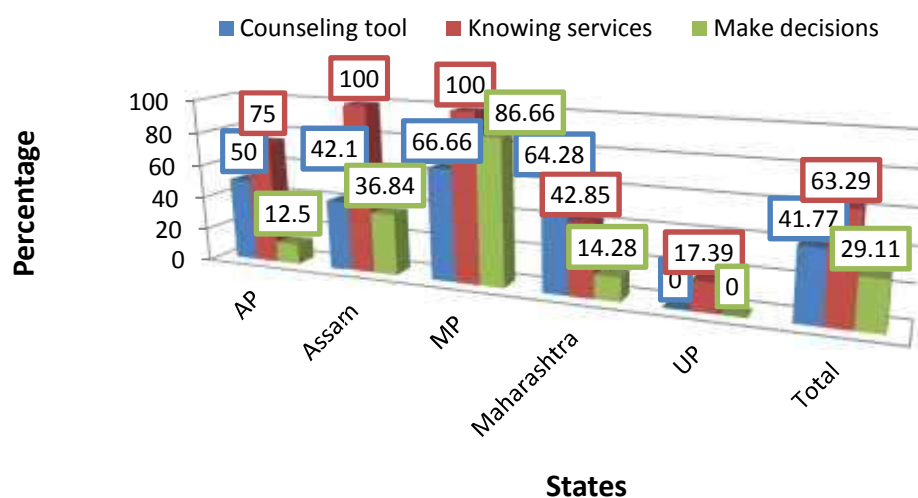

6.11.4 It was found that around 75 per cent of pregnant women had knowledge about MCPC. Out of which 69 per cent of them had got Mother and Child Protection card and around 42 per cent of pregnant women used as a counseling tool to learn, understand and follow positive practices for achieving good health of pregnant women, young mothers and children under three years of age.

6.11.4.1 STATEWISE AWARENESS & AVAILABILITY OF MCPC BY PREGNANT WOMEN

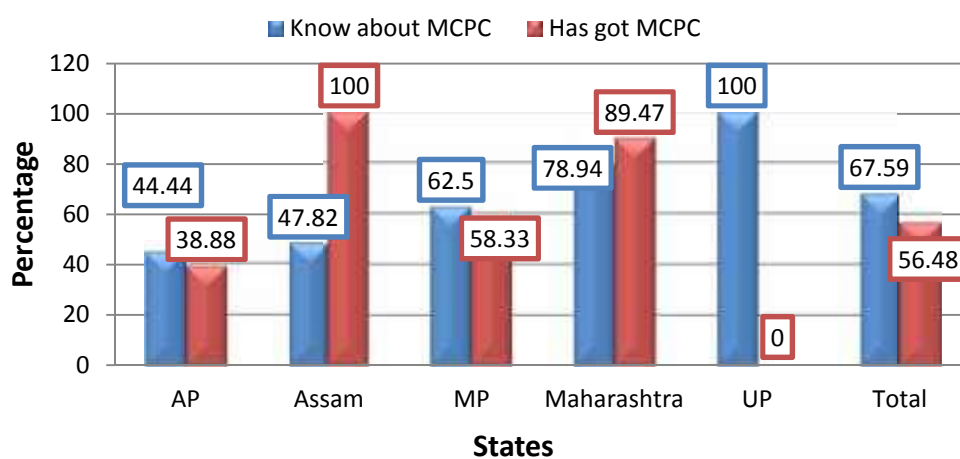

6.11.4.2 STATEWISE USE OF MCPC BY PREGNANT WOMEN

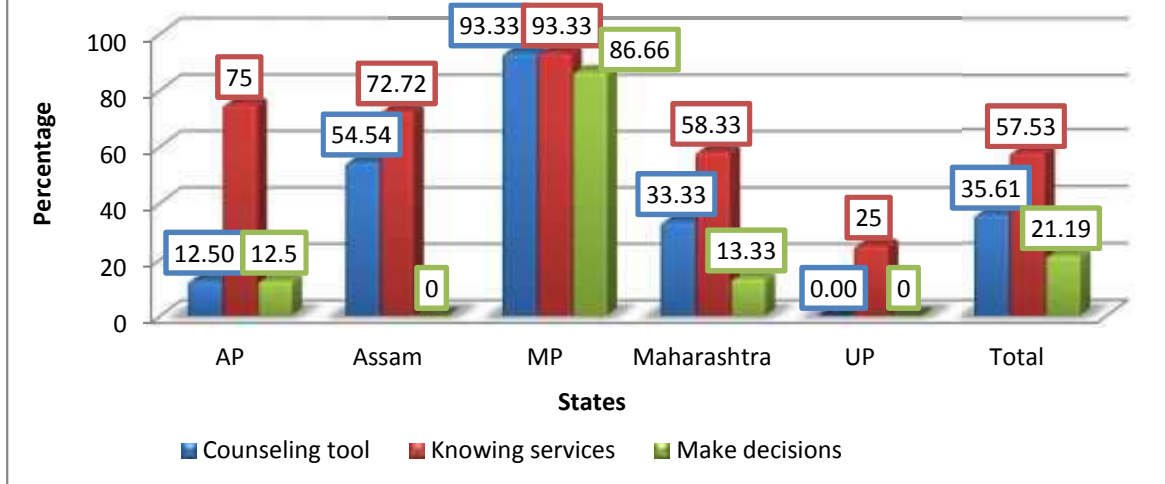

6.11.5 Around 68 per cent of lactating mothers had knowledge about MCPC, 56.48 per cent of them had got Mother and Child Protection Card and around 84 per cent used this to know about various types of services under ICDS in all the five states.

6.11.5.1 STATEWISE AWARENESS & AVAILABILITY OF MCPC BY LACTATING MOTHERS

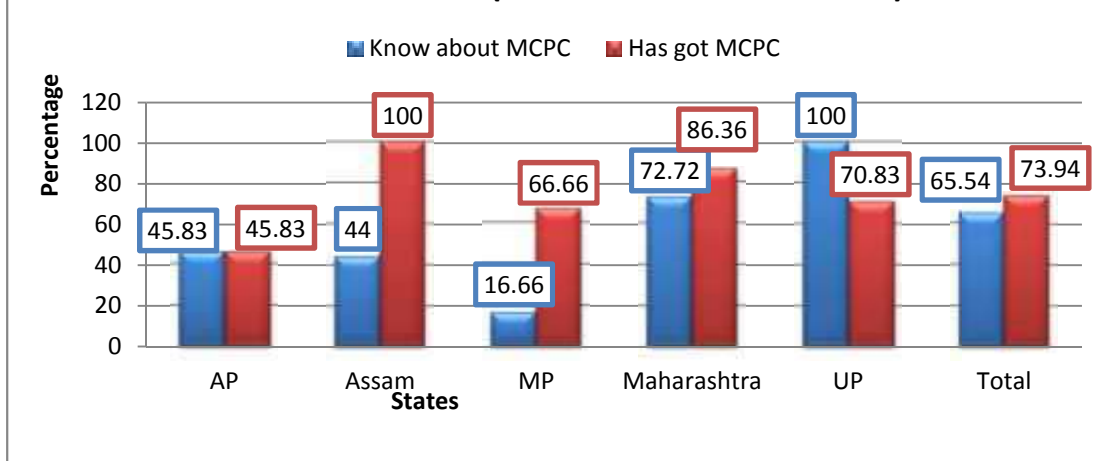

6.11.5.2 USE OF MCPC BY LACTATING MOTHER

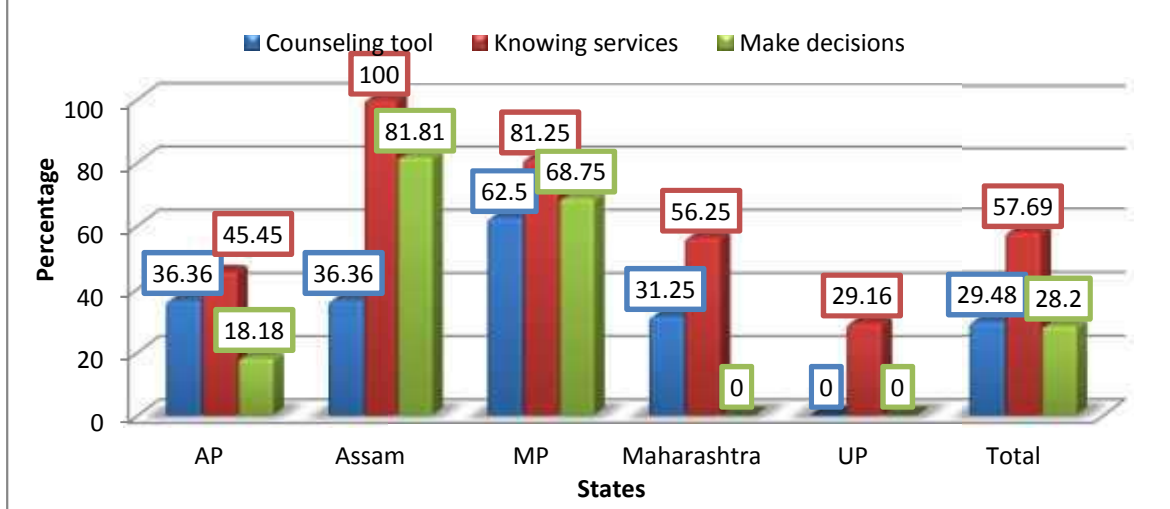

6.11.6 Seventy four per cent of mothers (7-36 months children) had got MCPC. Around 66 per cent of mothers (7- 36 months children) reported that they had knowledge about MCPC and 81 per cent of them used Mother and Child Protection Card to know about various types of services under ICDS in all the five states.

6.11.6.1 STATEWISE AWARENESS & AVAILABILITY OF MCPC BY MOTHERS (7- 36 MONTHS CHILDREN)

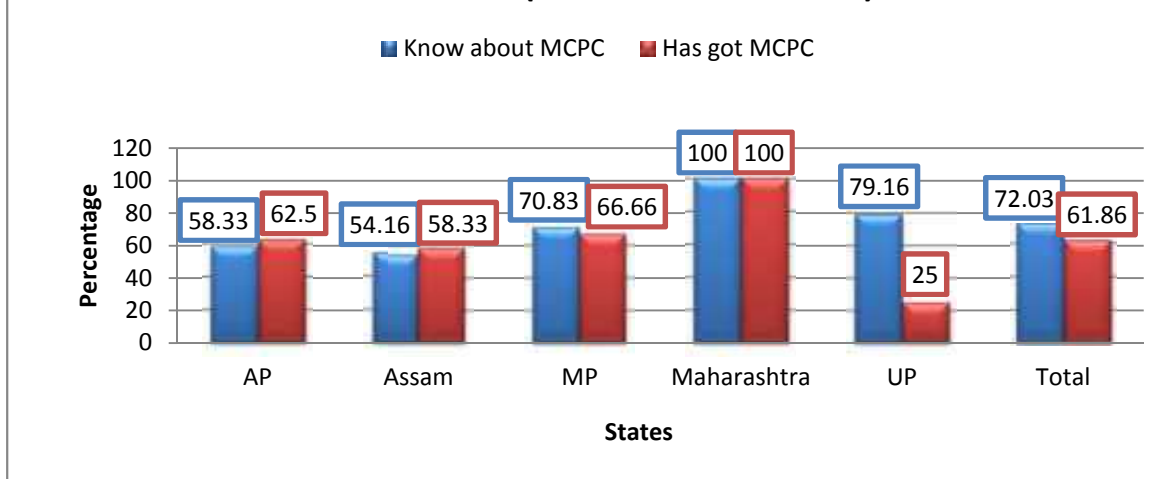

6.11.6.2 USE OF MCPC BY MOTHERS (7- 36 MONTHS CHILDREN)

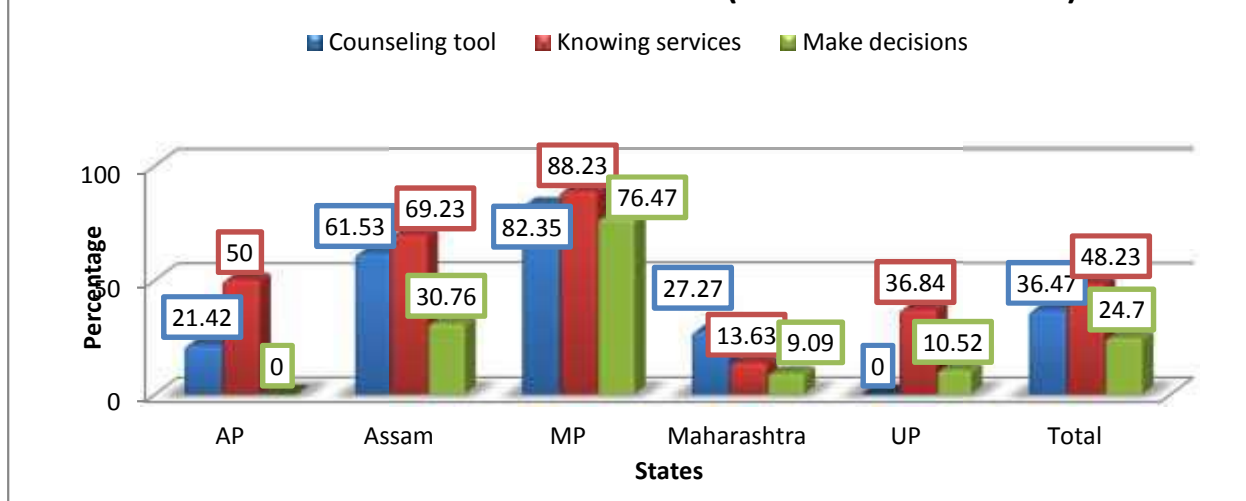

6.11.7 Around 72 per cent of mothers (3- 6 years children) reported that they had knowledge about MCPC, 62 per cent of them had got MCPC and 61 per cent of these mothers used Mother and Child Protection Card to know about various types of services under ICDS in all the five states.

6.11.7.1 STATEWISE AWARENESS & AVAILABILITY OF MCPC BY MOTHERS (3- 6 YEARS CHILDREN)

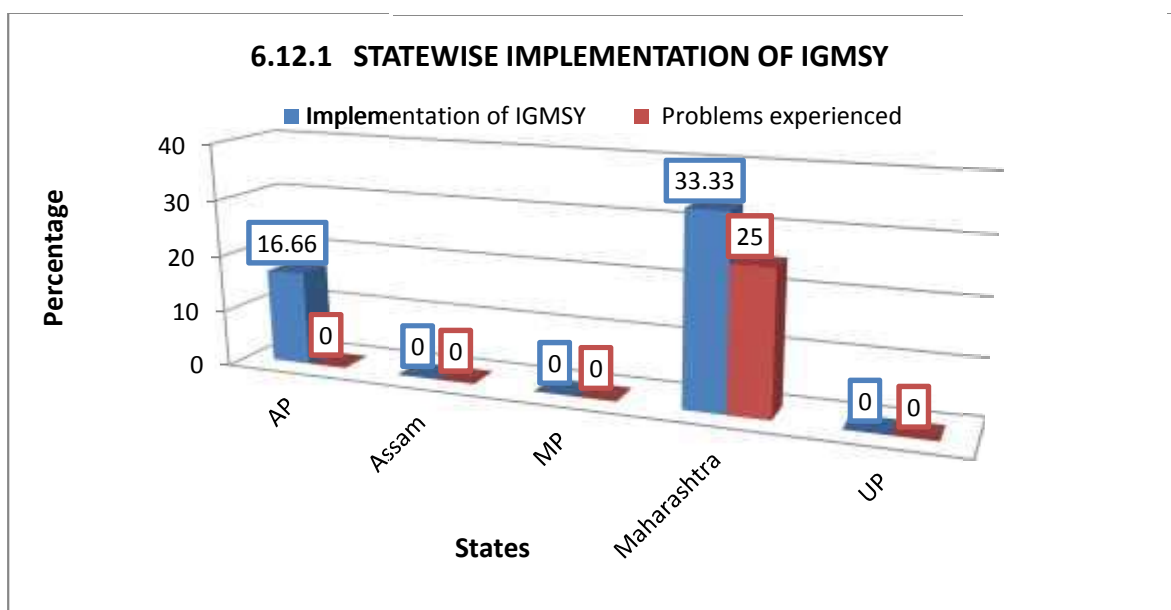

6.11.7.2 USE OF MCPC BY MOTHERS (3- 6 YEARS CHILDREN)

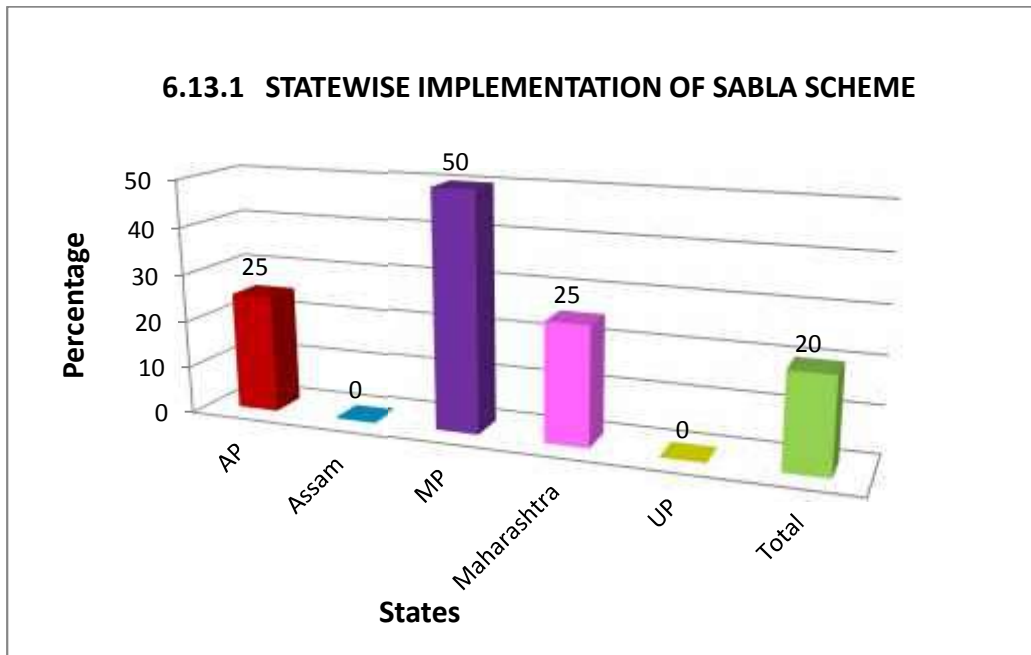

6.12: INDIRA GANDHI MATRITVA SAHAYOG YOJANA

6.12.1 It was found that sample Mini-AWCs of only A.P (16.66%) and Maharashtra (33.33%) implemented Indira Gandhi Matritva Sahayog Yojana (IGMSY). Out of these two states, only one Mini-AWW of Maharashtra (25%) experienced problems in implementing IGMSY.

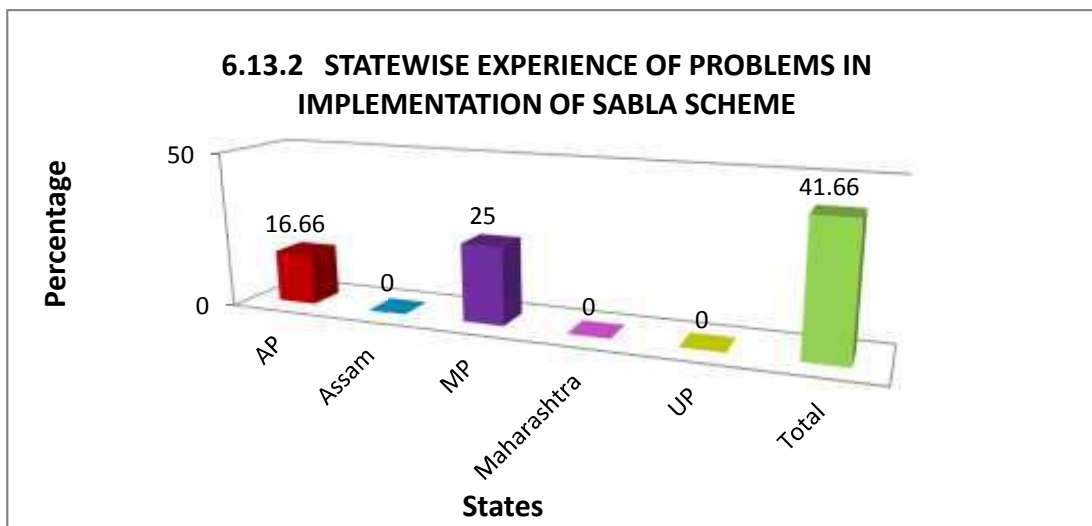

6.13: RAJIV GANDHI SCHEME FOR EMPOWERMENT OF ADOLESCENT GIRLS (SABLA)

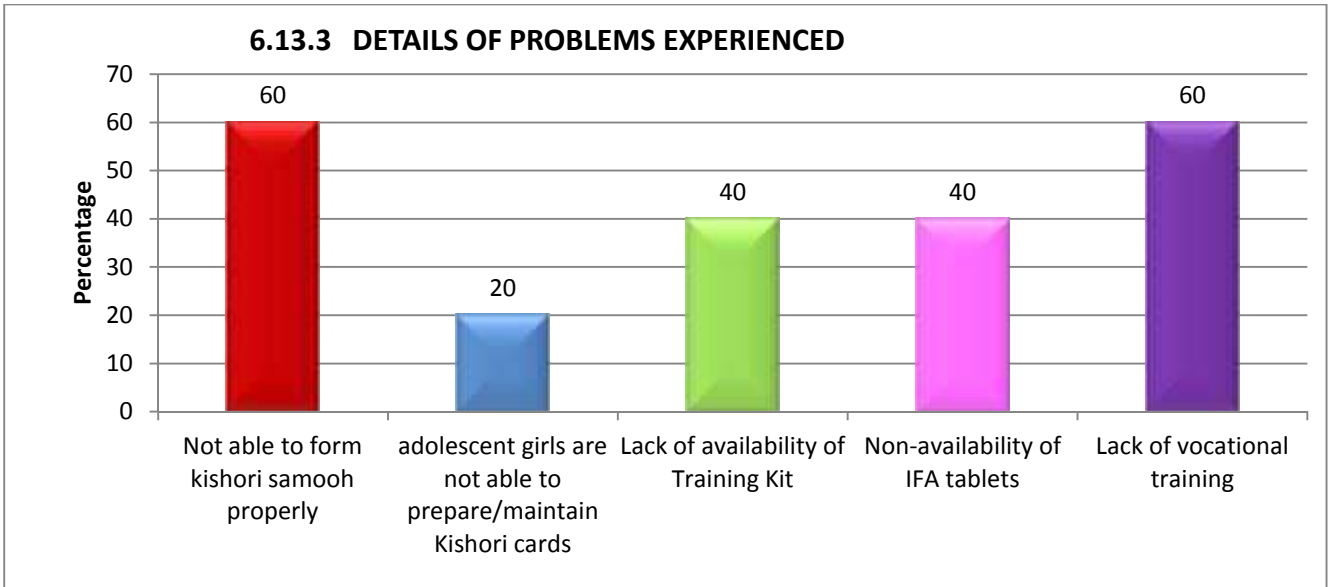

6.13.1 Twenty per cent Mini- AWCs implemented SABLA scheme in all 5 states. It may also be mentioned that SABLA scheme was not implemented at any of the Mini- AWCs of U.P and Assam.

6.13.2 Around 42 per cent Mini- AWWs experienced problem in the implementation of SABLA where it was implemented.

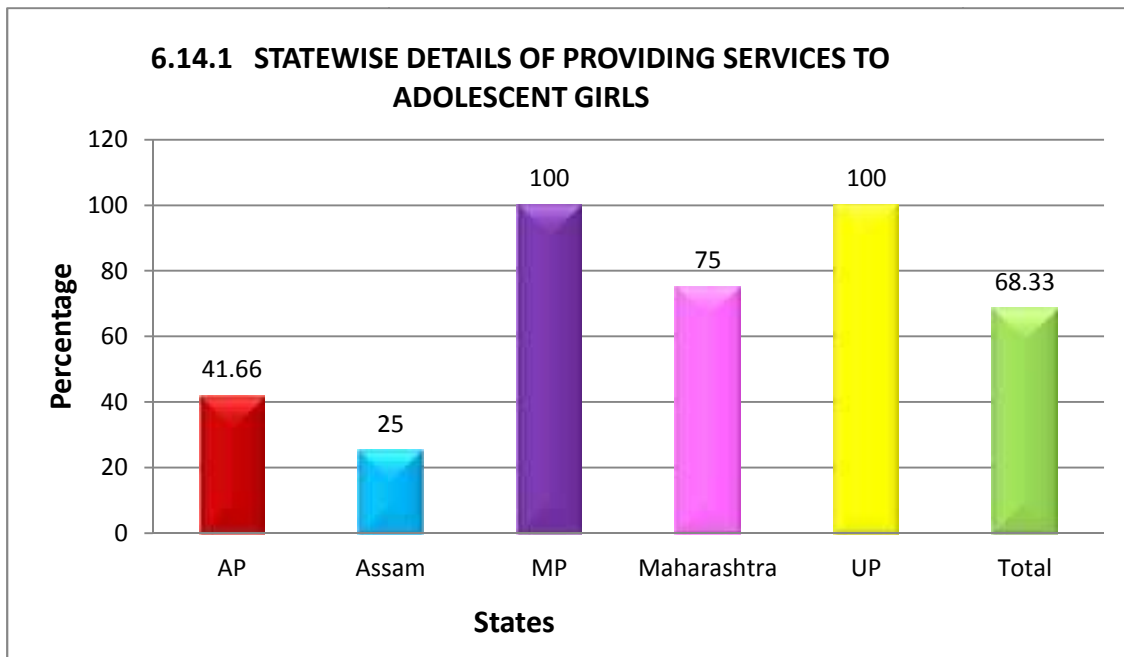

6.13.3 Problems experienced by Mini- AWWs in the implementation of SABLA were, inability of Mini- AWWs to form Kishori samooch properly (60%), Lack of vocational training (60%), lack of availability of training kit (40%), non availability of IFA tablets (40%) and inability of adolescent girls to prepare/ maintain Kishori cards (20%).

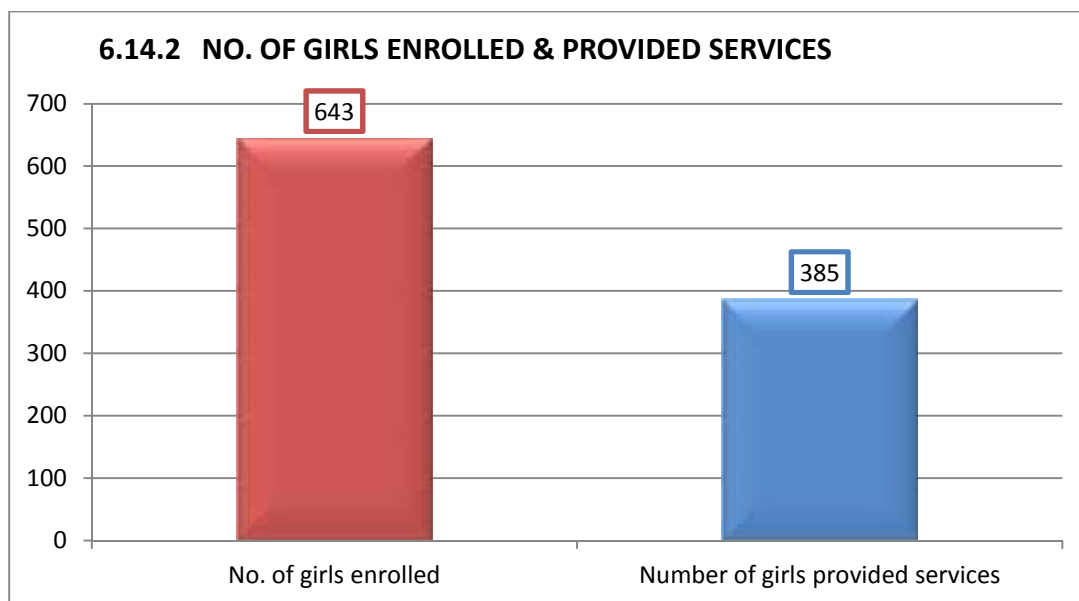

6.14: SERVICES TO ADOLESCENT GIRLS

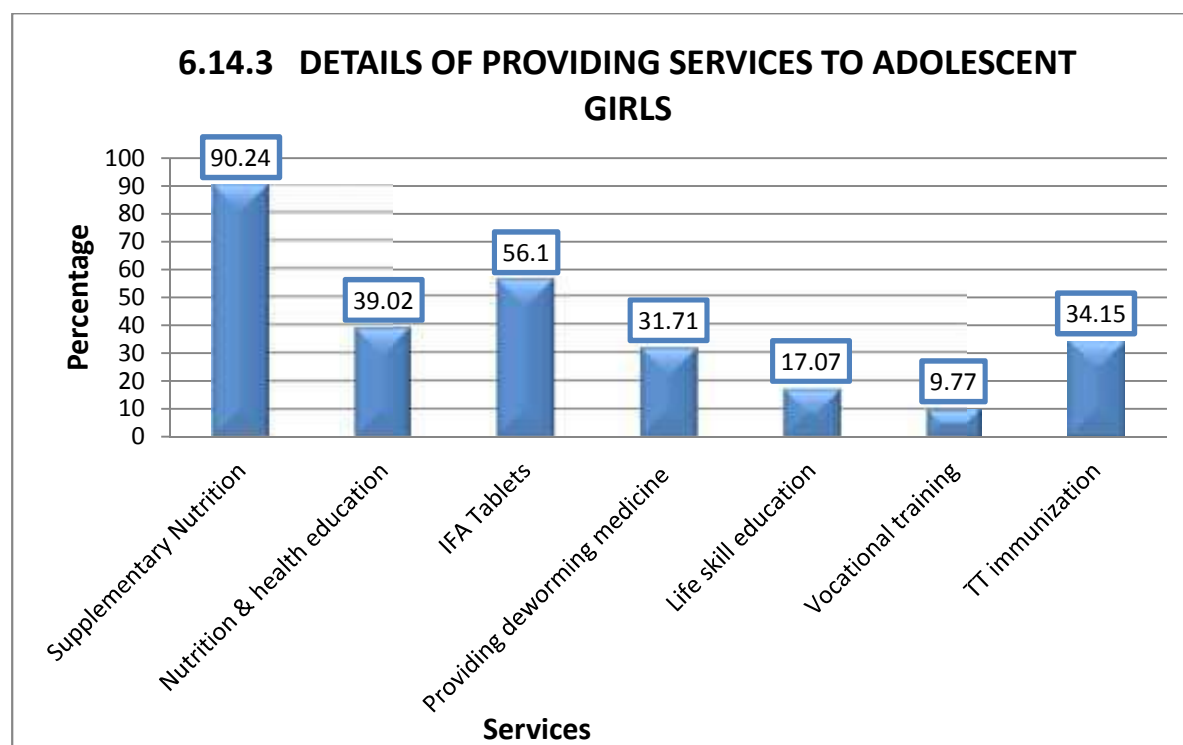

6.14.1 Sixty eight per cent Mini- AWWs reported that they were providing services to adolescent girls in all the five states.

6.14.2 Total no. of girls enrolled in all the 60 Mini- AWCs were 643. However, number of girls provided services were 385 (59.88 per cent).

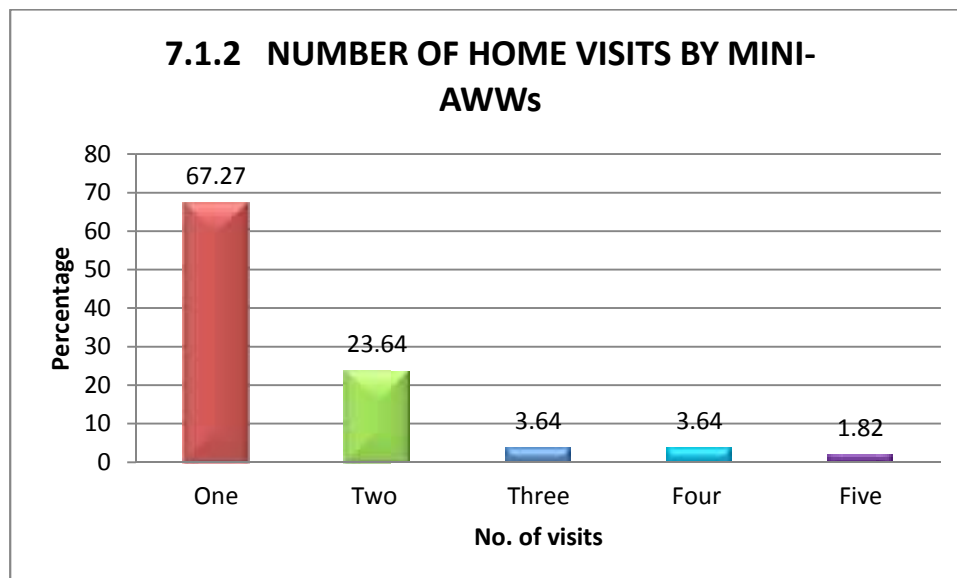

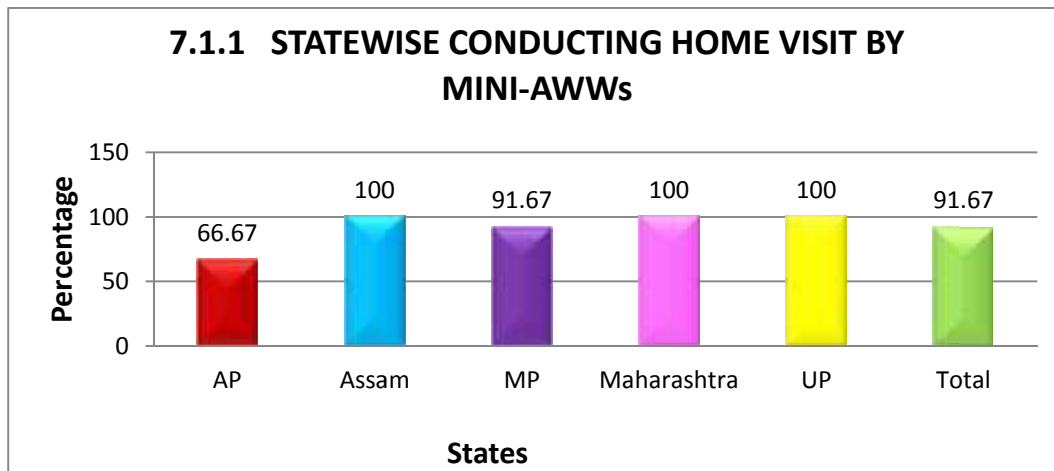

6.14.3 Services provided by Mini- AWCs to adolescent girls were supplementary nutrition (90.24%), IFA tablets (56.01%), NHE (39.02%), TT immunisation (34.15%), providing deworming medicine (31.71%), life skill education (17.07%) and vocational training (9.76%).

However, it was observed in the study conducted by NIPCCD (2012) that 57 per cent of the Sample AWCs provided health check- up to adolescent girls followed by IFA tablets (53.33%), Counseling on ARSH (48%), Supply of de- worming tablets (39.67%) and vocational training (34.67%).

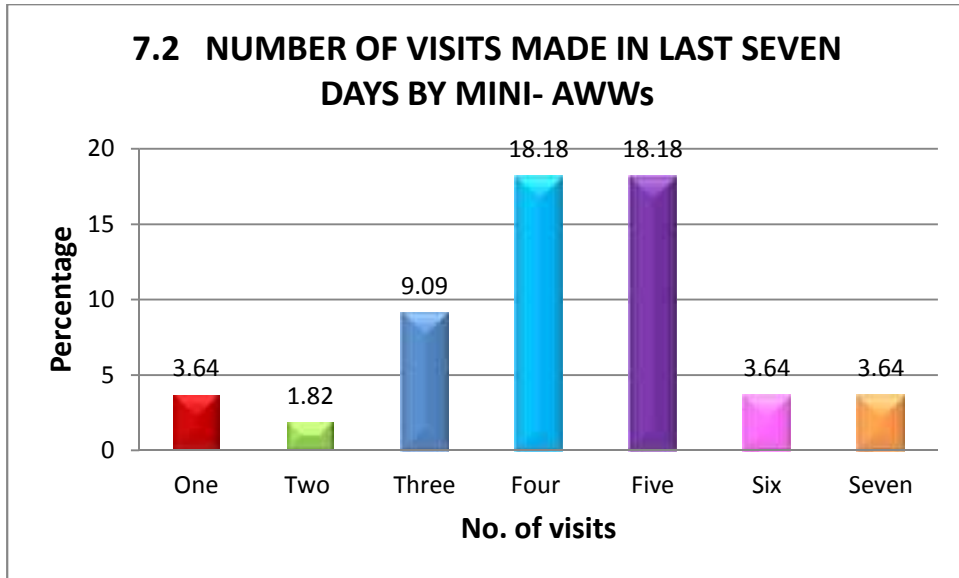

7: HOME VISIT

7.1 Around 92 per cent of Mini- AWWs conducted home visit and around 67 per cent of them reported that they visited home once in a day in all the five states.

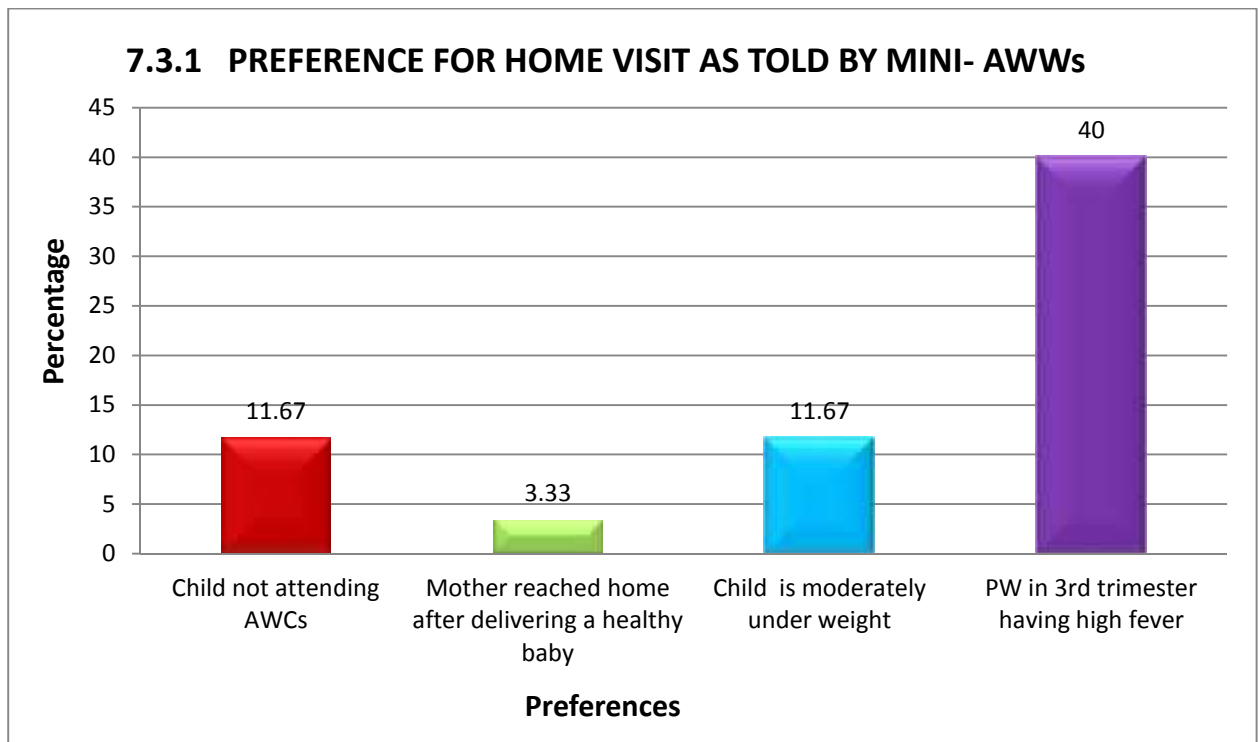

The study conducted by NIPCCD (2012) found that 69.33 per cent of AWWs conducted home visit regularly where as in the study conducted by CAG (2012- 13), it was found that 43.32 per cent AWWs conducted home visit.

7.2 Around 18 per cent of Mini- AWWs reported that they visited homes 5 times in last seven days in all the five states.

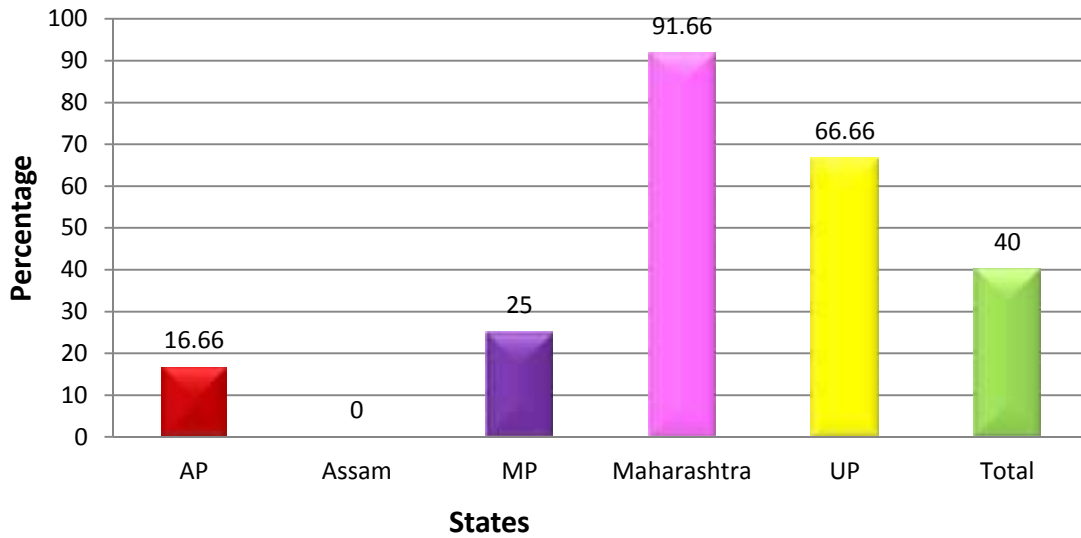

7.3 Forty per cent of Mini- AWWs had the right understanding for selecting a home/case for home visit.

In order to understand the capability of Mini-AWWs for selecting the right home for home visit, four option were given to her as mentioned at graph 7.3.1

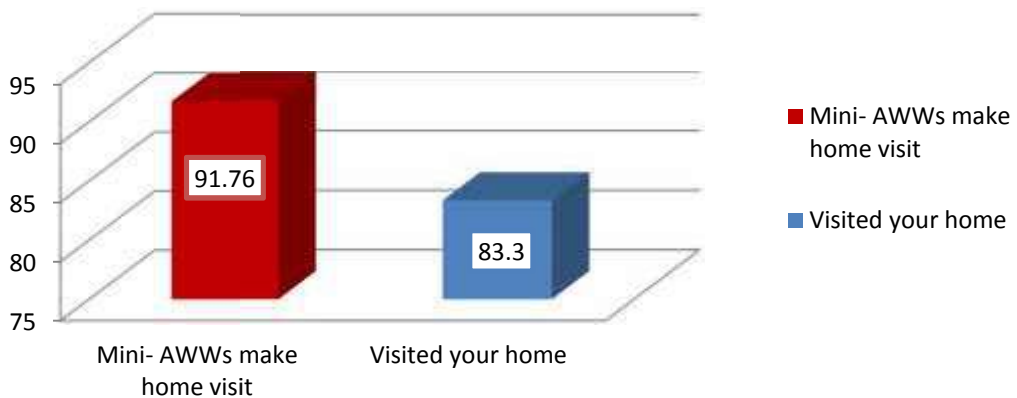

7.3.2 RIGHT UNDERSTANDING FOR SELECTING A HOME FOR HOME VISIT

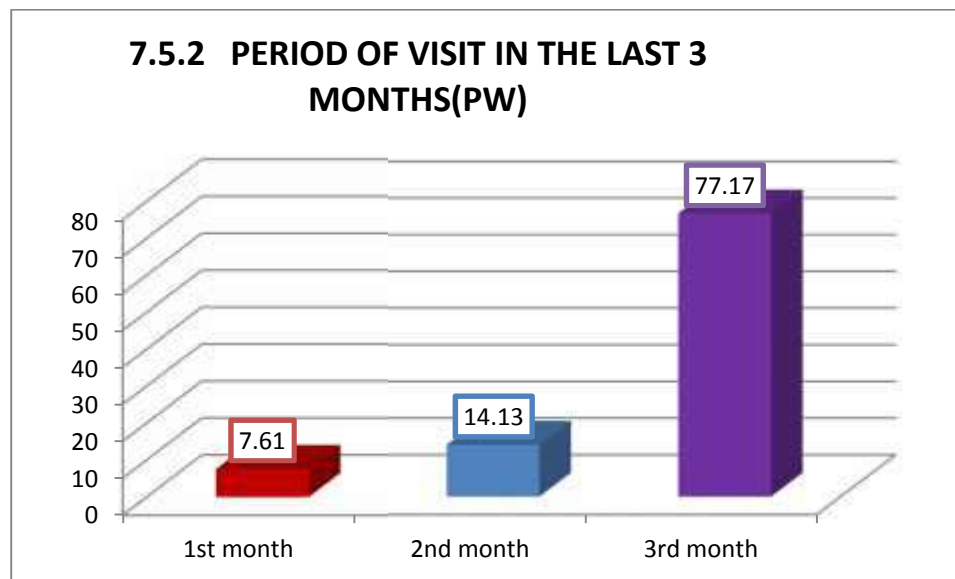

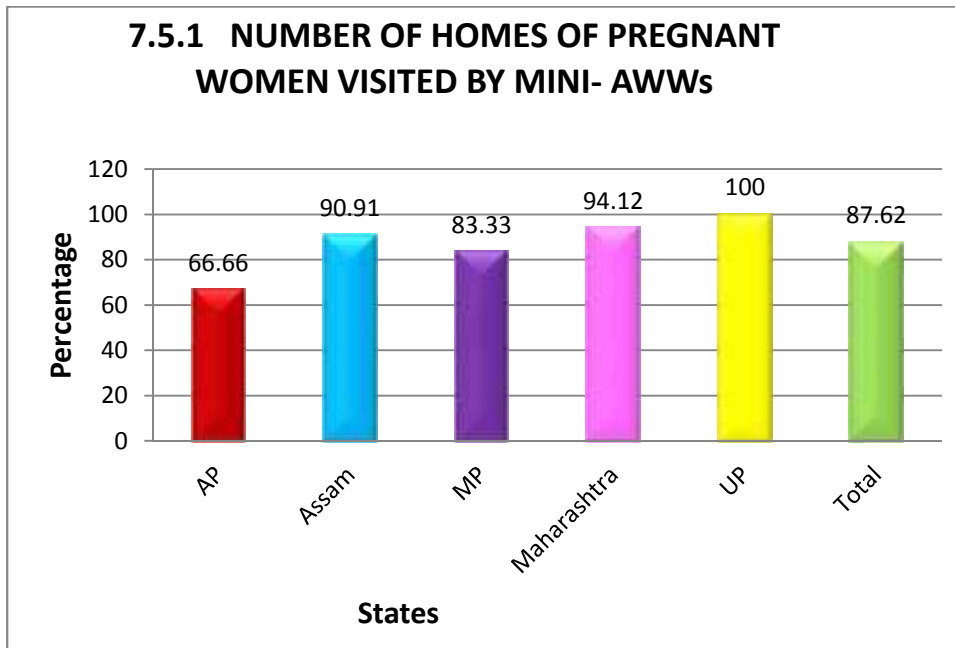

As observed in the study conducted by NIPCCD (2006), the purpose of home visits was early registration and care of pregnant and lactating mothers as reported by 90.2 % AWWs whereas the study conducted by NIPCCD (2012) found that 69.33 per cent AWWs organised home visits to facilitate early registration and care of pregnant and lactating mothers.

7.4 Around 92 per cent of women and mother beneficiaries reported that Mini- AWWs made home visit and around 83 per cent of them reported that Mini- AWWs visited their homes.

7.4 HOME VISIT MADE BY MINI- AWWs AS TOLD BY WOMEN AND MOTHER BENEFICIARIES

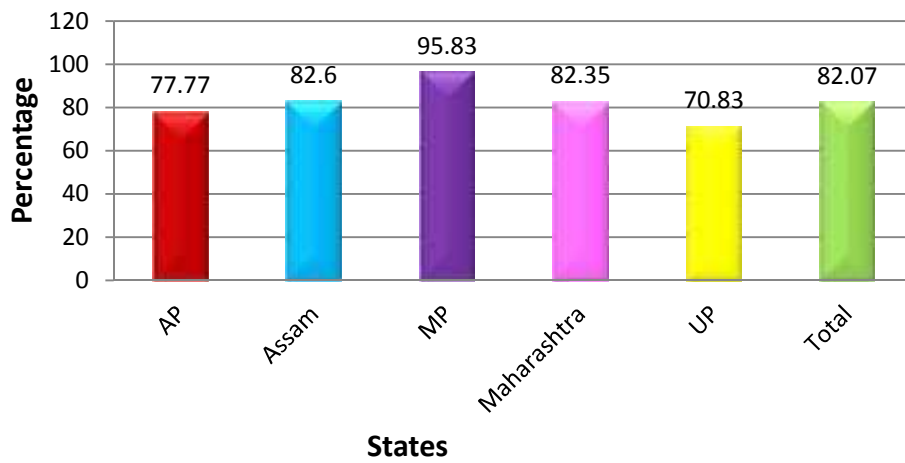

7.5 Around 88 per cent of pregnant women reported that Mini- AWWs visited their homes and around 77 per cent of them reported that Mini- AWWs visited their homes one month prior to data collection in all the five states.

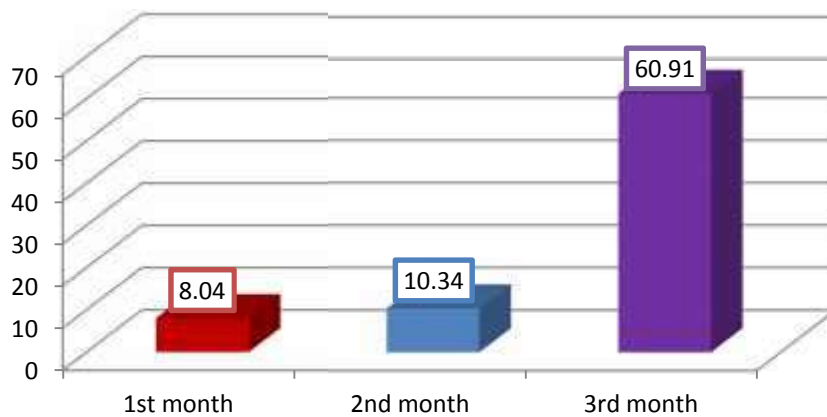

7.6 Around 82 per cent of Lactating mothers reported that Mini- AWWs visited their homes and around 61 per cent of them reported that Mini- AWWs visited their homes one month prior to data collection in all the five states.

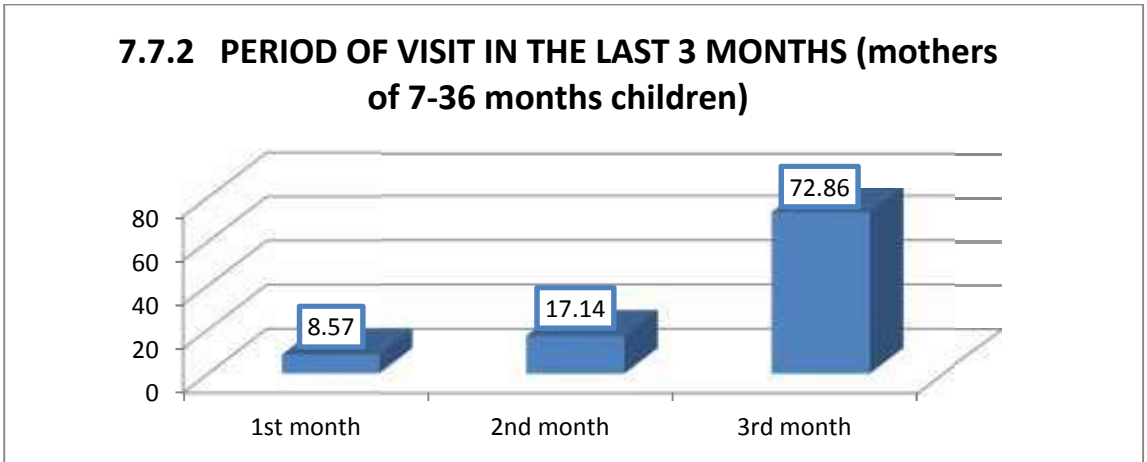

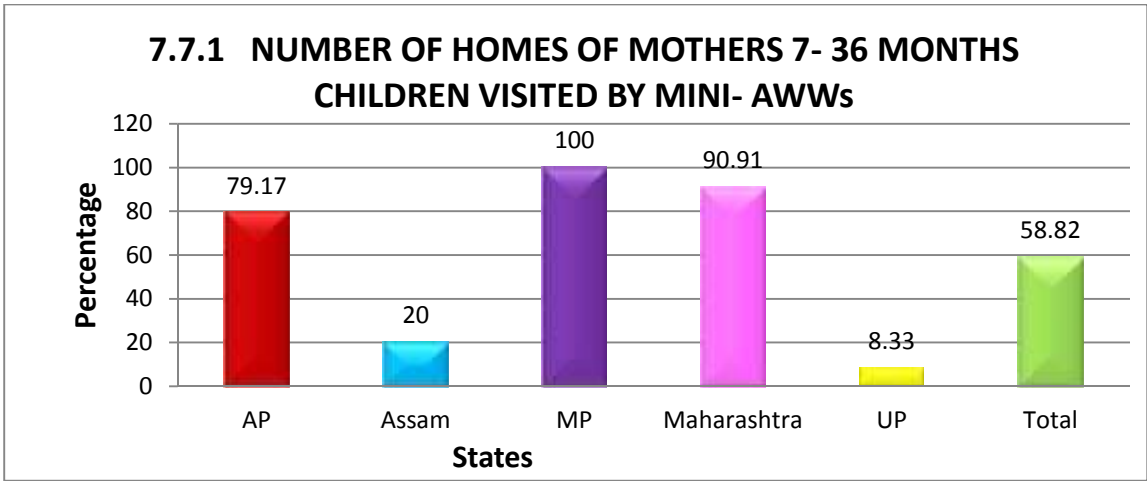

7.6.1 NUMBER OF HOMES OF LACTATING MOTHERS VISITED BY MINI- AWWs

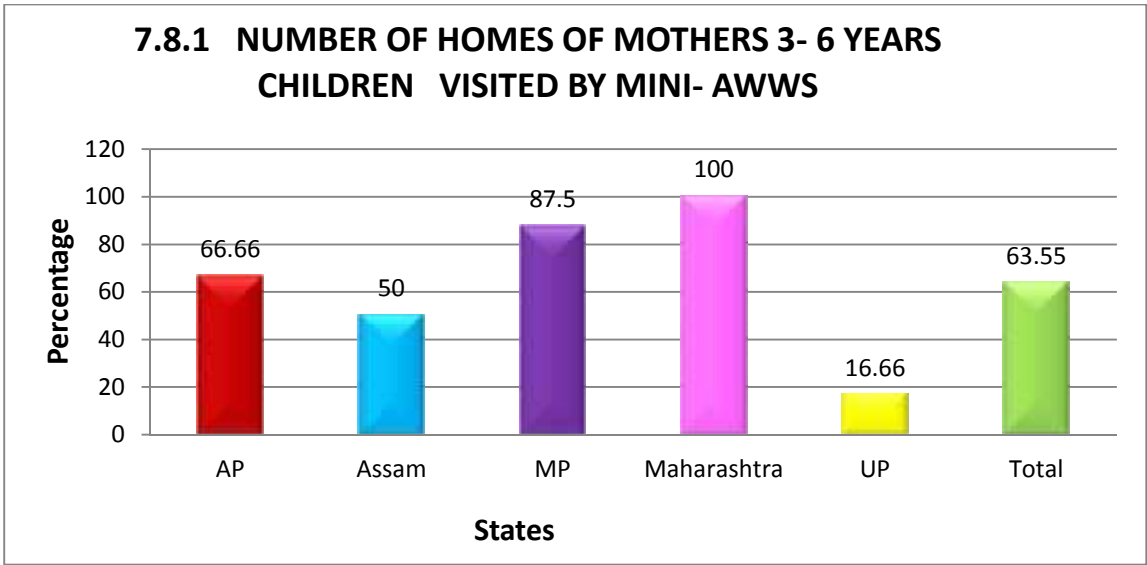

7.6.2 PERIOD OF VISIT IN THE LAST 3 MONTHS (LM)

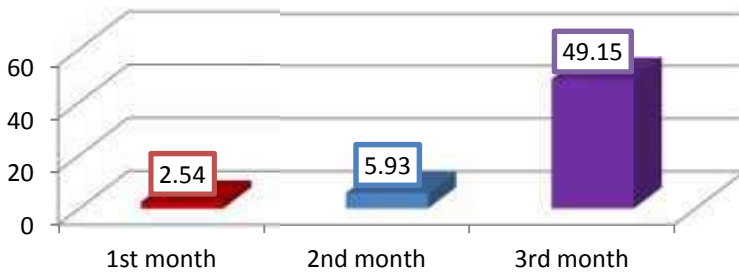

7.7 Around 59 per cent of mothers of (7- 36 months children) reported that Mini- AWWs visited their homes and around 73 per cent of them reported that they visited their homes one month prior to data collection in all the five states.

7.8 Around 64 per cent of Mothers of 3- 6 years children reported that Mini- AWWs visited their homes and around 49 per cent of them reported that Mini- AWWs visited their homes one month prior to data collection in all the five states.

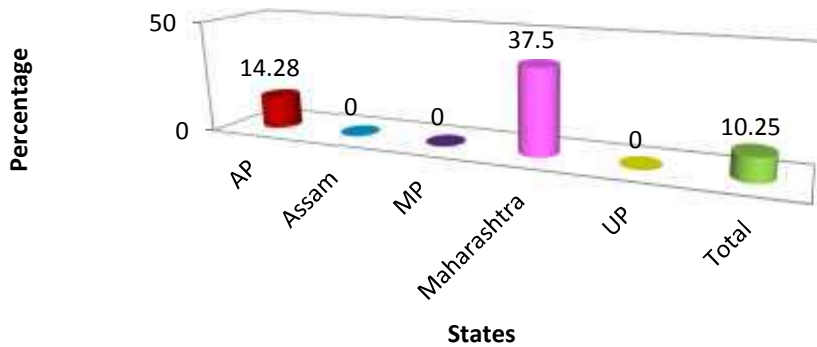

**7.8.2 PERIOD OF VISIT IN THE LAST 3 MONTHS
(mothers of 3-6 years children)**

8: MONITORING

8.1 There was no difference in monitoring strategy between AWCs and Mini- AWCs as stated by CDPO/Supervisors.

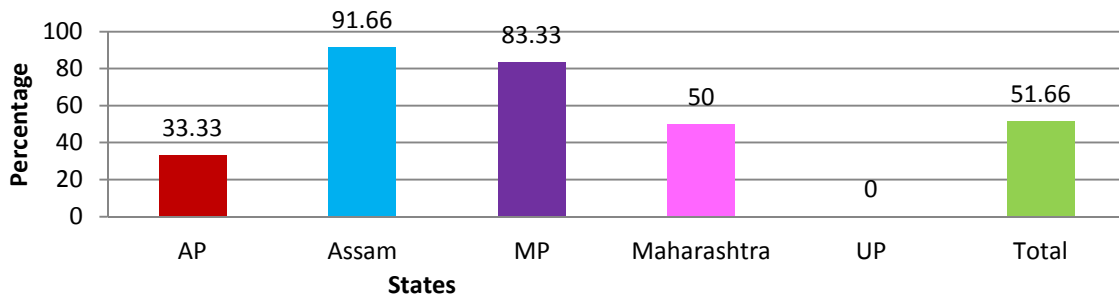

**8.1 STATEWISE DIFFERENCE IN MONITORING STRATEGY
BETWEEN AWCs & MINI-AWCs**

9: RECORDS AND REGISTERS

9.1 Fifty two per cent of Mini- AWWs updated the records appropriately in all the five states.

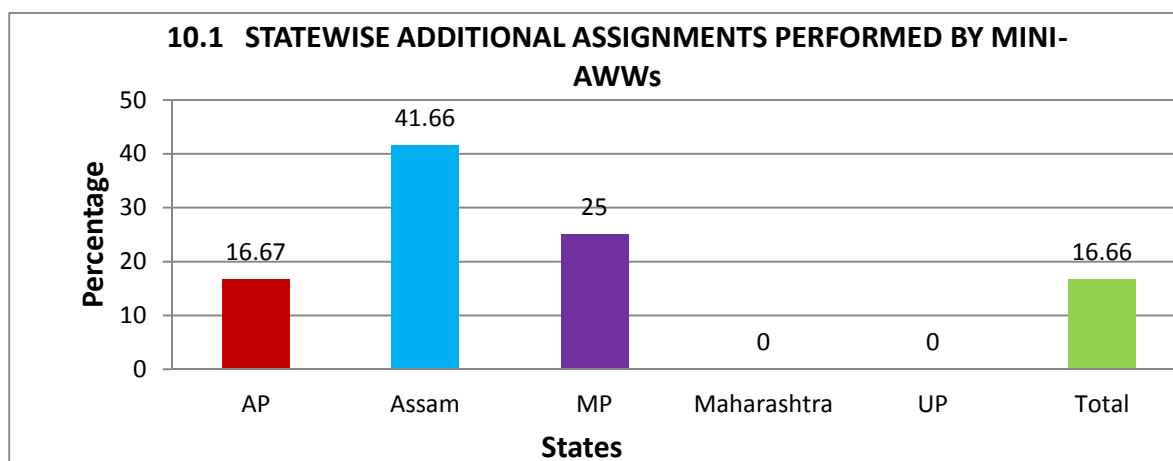

9.1 STATEWISE UPDATION OF RECORDS AT MINI-AWCs

It was observed in the study conducted by Planning Commission (2011), CAG (2012- 13) and NIPCCD (2012) that all the records and registers were maintained by 41.4 per cent, 46 per cent and 66.1 per cent AWWs respectively.

10: ADDITIONAL ASSIGNMENT

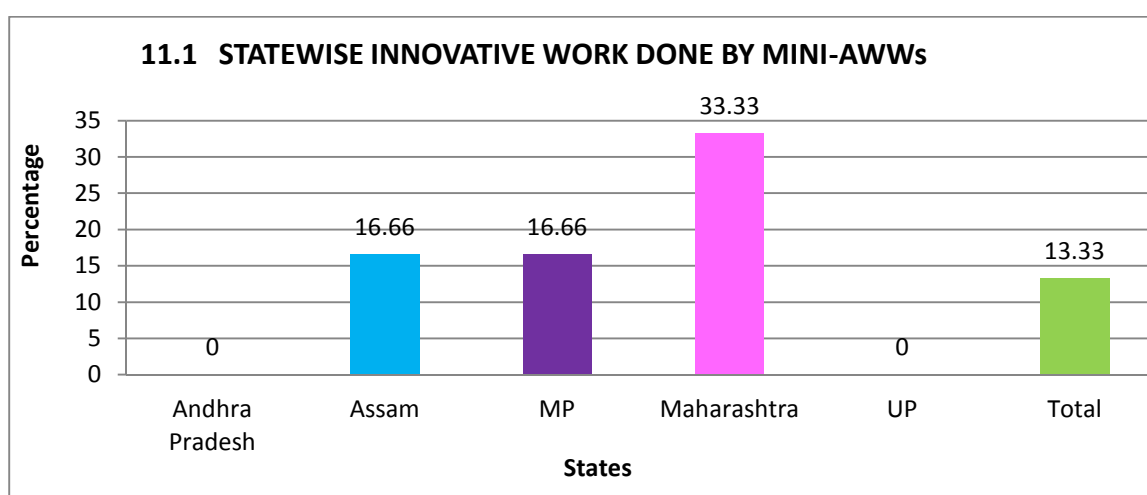

10.1 Around 17 per cent of Mini- AWWs performed additional assignment in last 6 months. The additional assignments were mostly work related to census.

However, 54 per cent of AWWs has given last priority to additional work as observed in the study conducted by NIPCCD (2012).

11: INNOVATIVE WORK

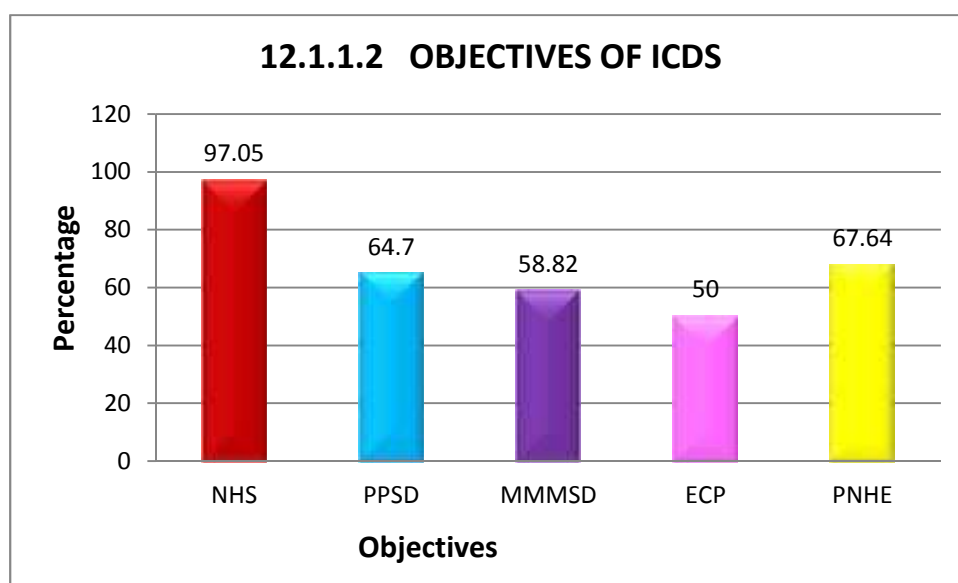

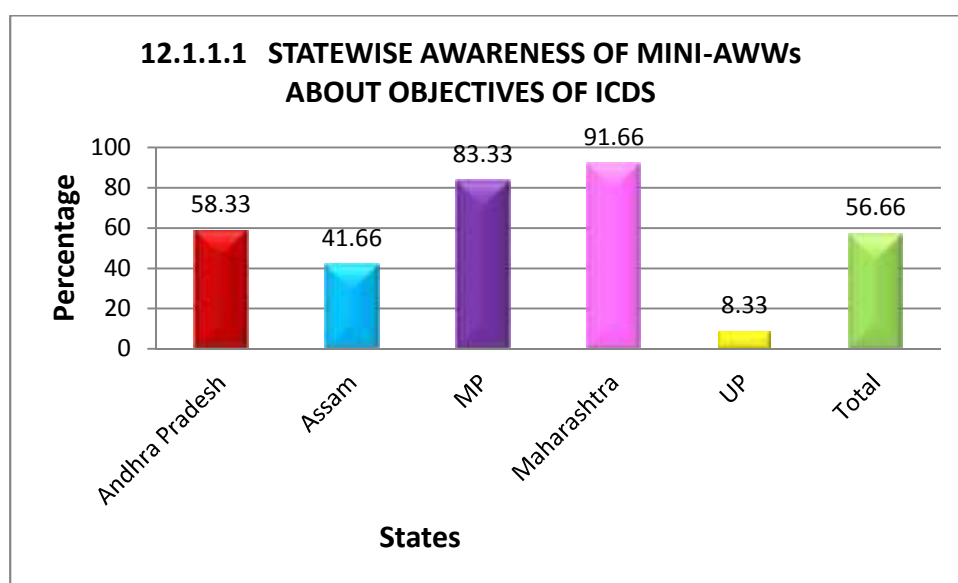

11.1 Thirteen per cent of Mini- AWWs reported that they did innovative work. But these were not innovative in true sense. However, these were mostly efforts made to call children to AWCs, tried to contact PRI members and participated in festivals and educate mothers.

12: KNOWLEDGE, UNDERSTANDING AND SKILL OF MINI-AWWs AND MOTHERS/WOMEN

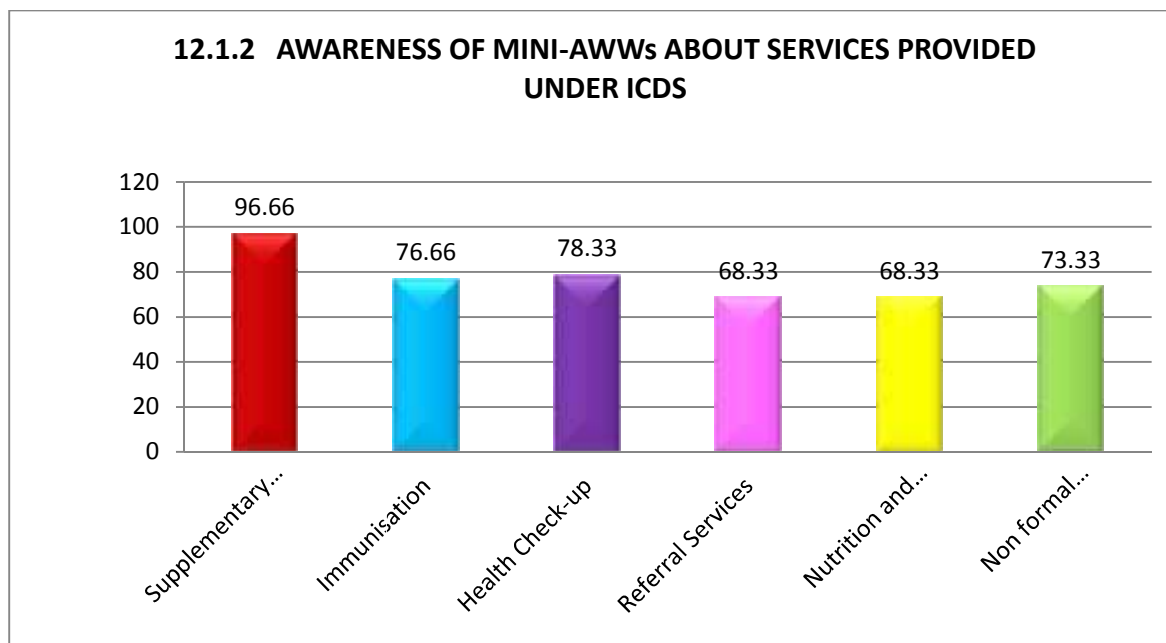

12.1: OBJECTIVES AND SERVICES OF ICDS

12.1.1 Around 57 per cent of Mini- AWWs reported that they were aware of objectives of ICDS and 97 per cent of them reported that the objectives of ICDS were to improve the nutritional and health status of children in the age group 0- 6 years, to lay the foundations for proper psychological, physical & social development of the child (64.7%), to reduce the incidence of mortality, morbidity, malnutrition & school dropout (58.82%), to achieve effective coordinated policy & its implementation among various departments to promote child development (50%) and to ensure capability of mother to look after the normal health, nutritional needs of the child through proper nutrition & health education (67.64%).

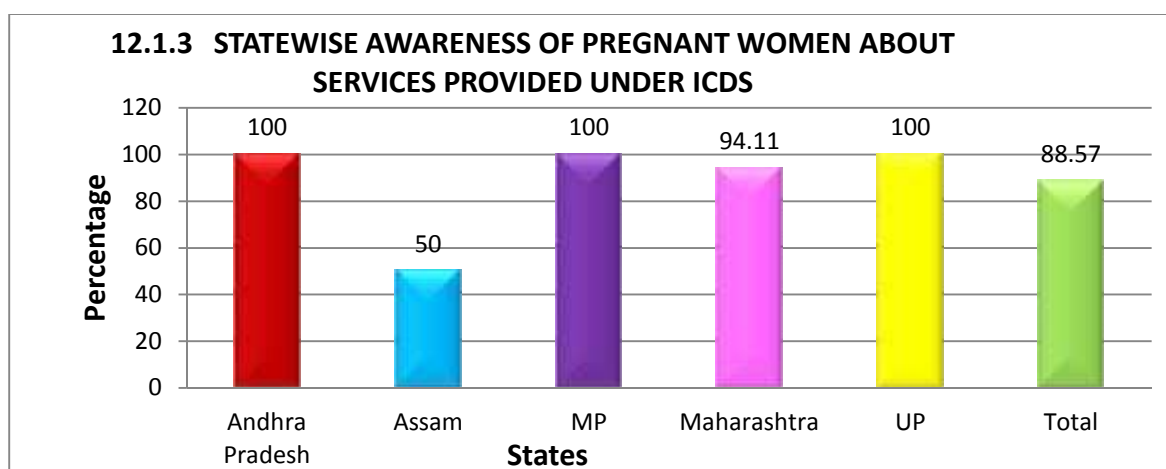

However, it was observed in the study conducted by NIPCCD (2012), 75 per cent of AWWs were aware of the objectives of the ICDS.

12.1.2 Awareness of Mini- AWWs about different services provided under ICDS were supplementary nutrition (96.66%), Immunisation (76.66%), Health check- up (78.33%), Referral services (68.33%), Nutrition and health education (68.33%), Non- formal preschool education (73.33%)

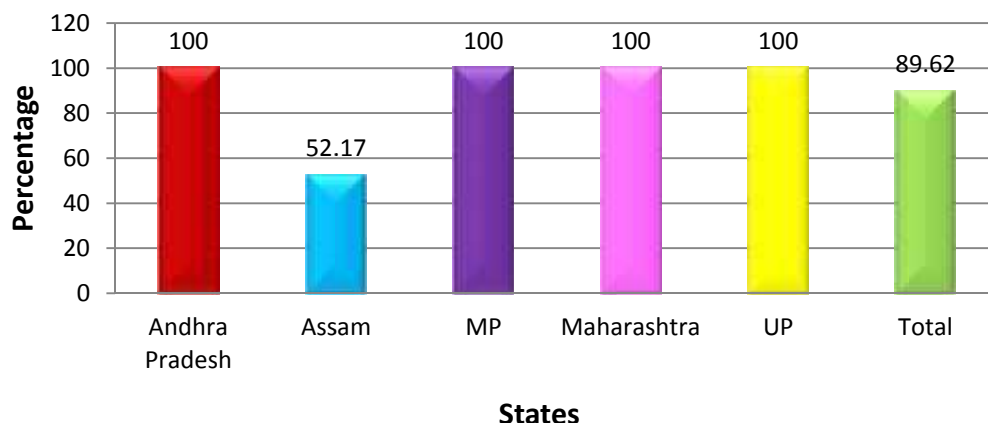

However, it was observed in the study conducted by NIPCCD (2012) that 84 per cent of AWWs were aware of all six services of ICDS.

12.1.3 Around 89 per cent of pregnant women were aware of different services provided under ICDS in all the five states.

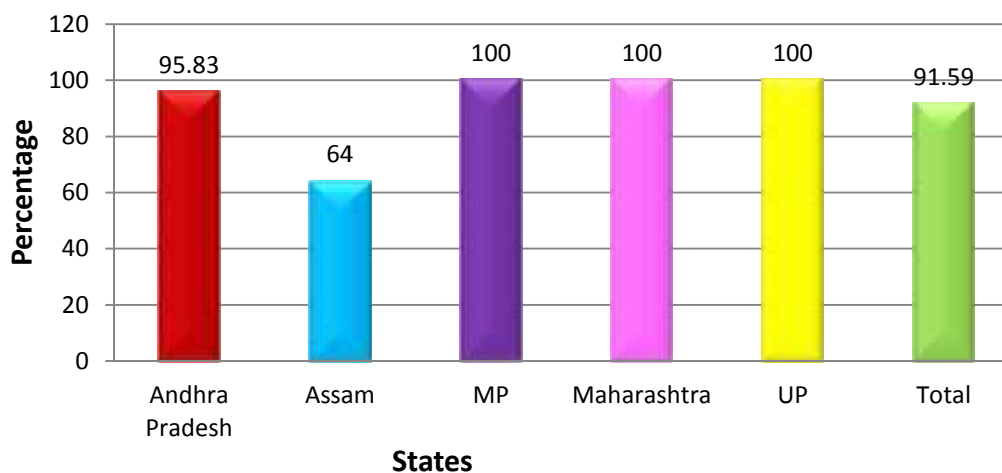

12.1.4 It was found that 90 per cent of lactating mothers were aware of different services provided under ICDS in all the five states.

12.1.4 STATEWISE AWARENESS OF LACTATING MOTHER ABOUT SERVICES PROVIDED UNDER ICDS

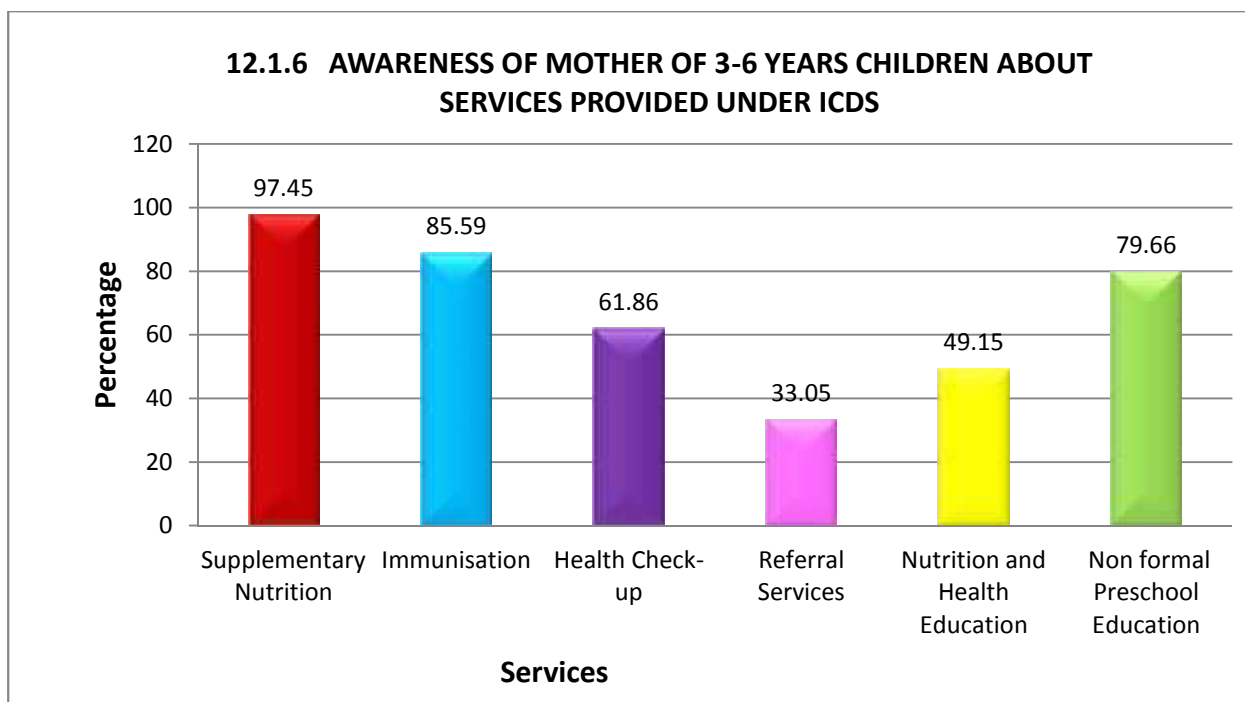

12.1.5 Around 92 per cent of mothers of 6- 36 months children reported that they were aware of services provided under ICDS.

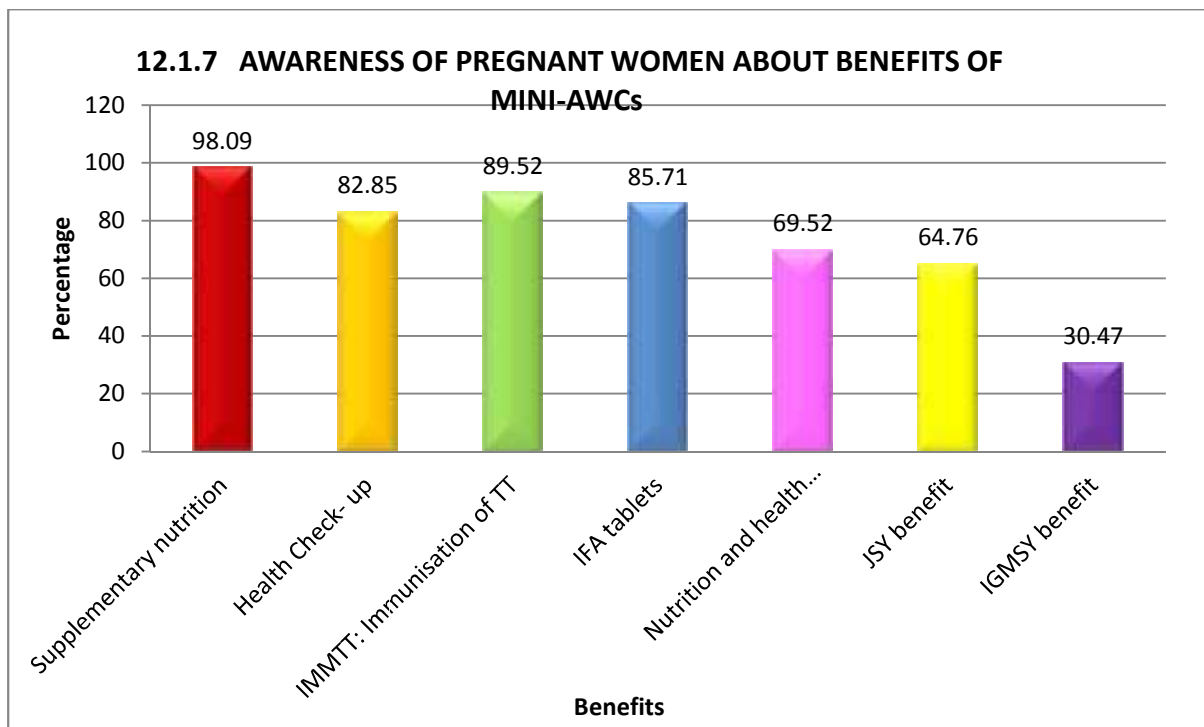

12.1.5 STATEWISE AWARENESS OF MOTHER OF 6-36 MONTHS CHILDREN ABOUT SERVICES PROVIDED UNDER ICDS

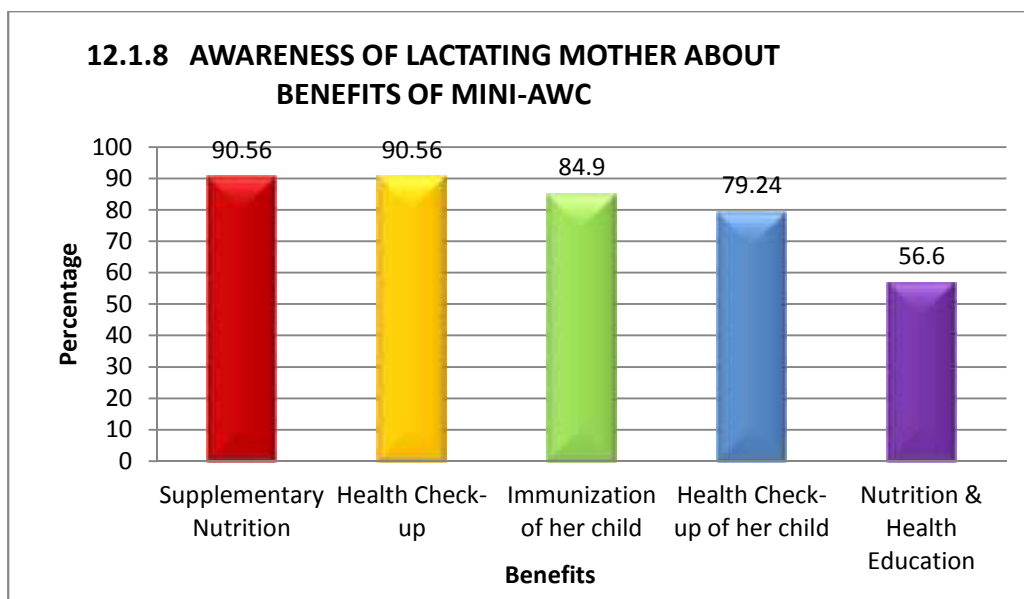

12.1.6 Awareness of mothers of 3- 6 years children about services provided under ICDS were supplementary nutrition (97.45%), Immunisation (85.59%), Health check- up (61.86%), Referral services (33.05%), Nutrition and health education (49.15%), and Non- formal preschool education (79.66%).

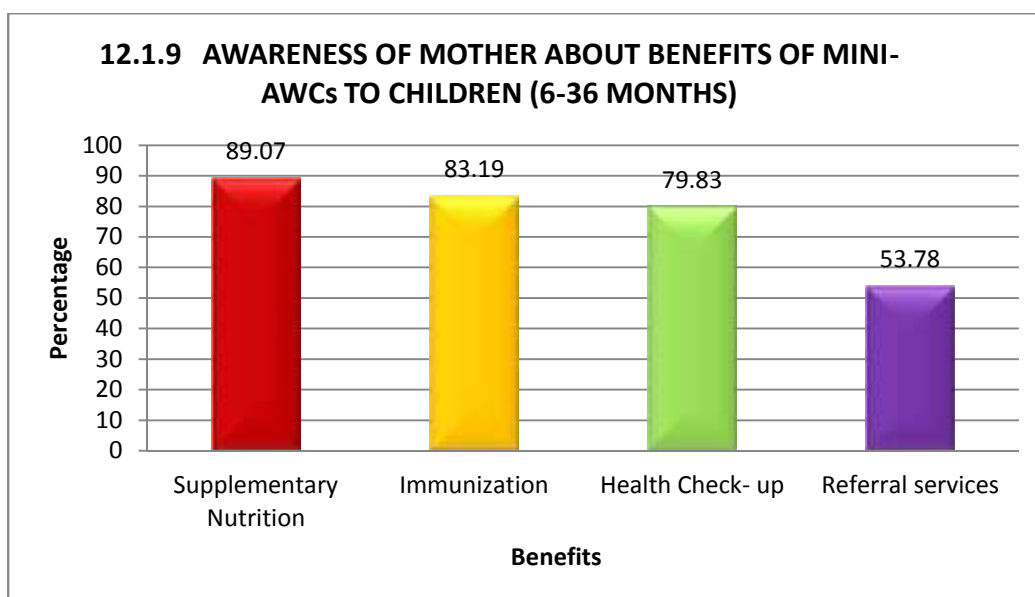

12.1.7 Awareness of pregnant women about benefits of Mini- AWCs were Supplementary nutrition (98.09%), Health check- up (82.85%), Immunisation of TT (89.52%), IFA tablets (85.71%), Nutrition and health education (69.52%), JSY benefit (64.76%) and IGMSY benefit (30.47%).

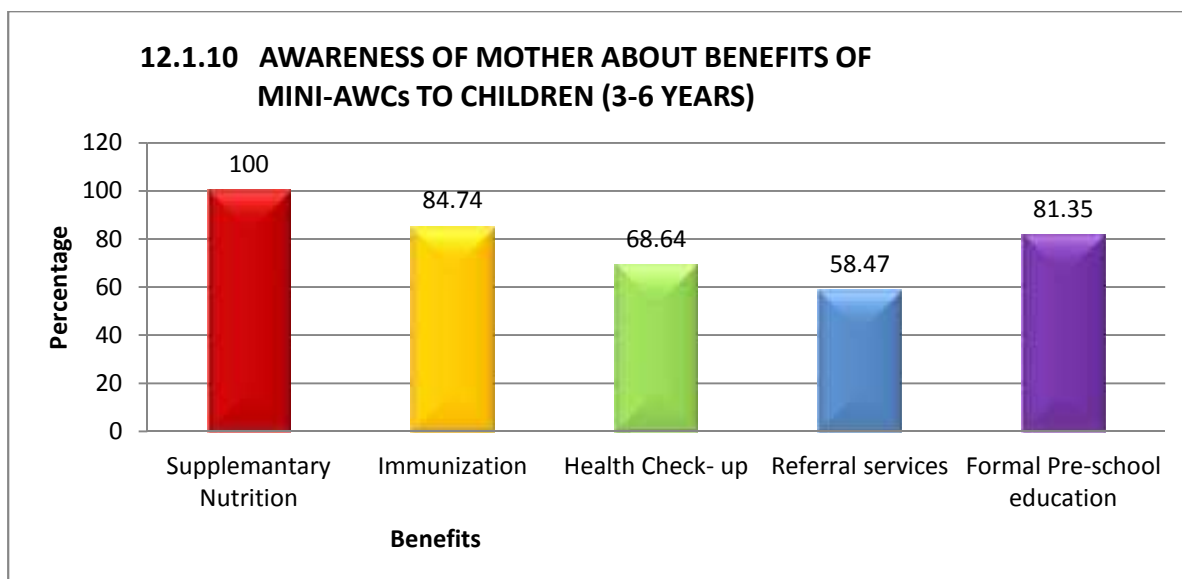

12.1.8 Awareness of lactating mothers about benefits of Mini- AWCs were Supplementary nutrition (90.56%), Health check- up (90.56%), Immunisation of her child (84.90%), Health check- up of her child (79.24%) and Nutrition and health education (56.60%).

12.1.9 Awareness of mothers about benefits of Mini- AWCs to children (6- 36 months) were Supplementary nutrition (89.07%), Immunisation (83.19%), Health check- up (79.83%) and Referral services (53.78%).

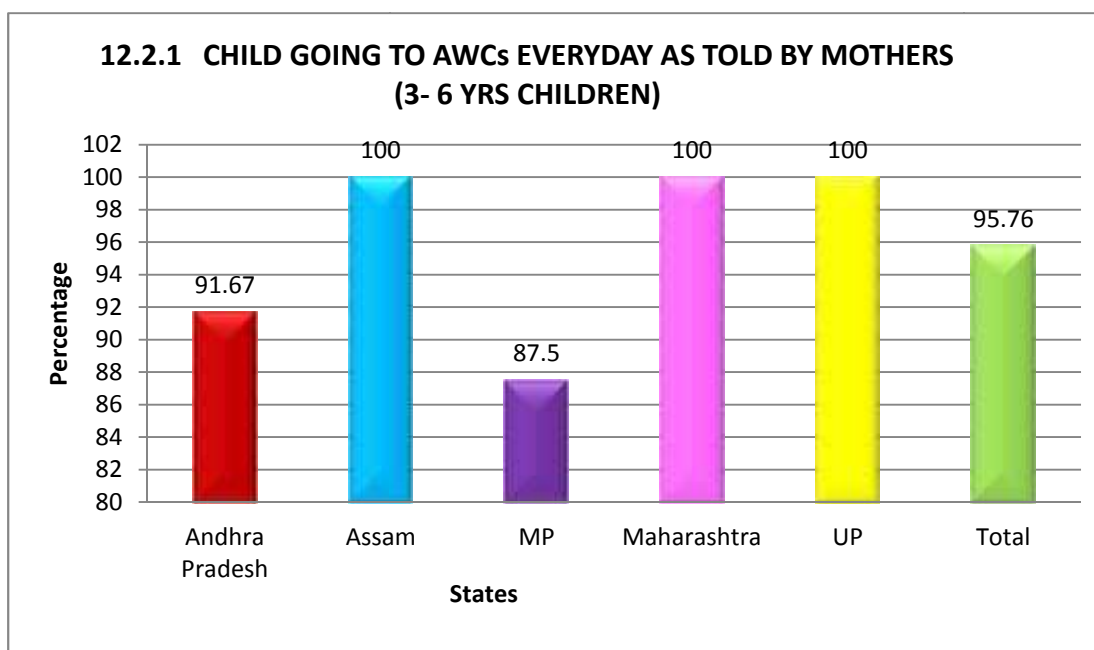

12.1.10 Awareness of mothers of 3- 6 years children about benefits of Mini- AWCs to children were Supplementary nutrition (100%), Immunisation (84.74%), Health check- up (68.64%), Referral services (58.47%) and Non-formal Preschool education (81.35%).

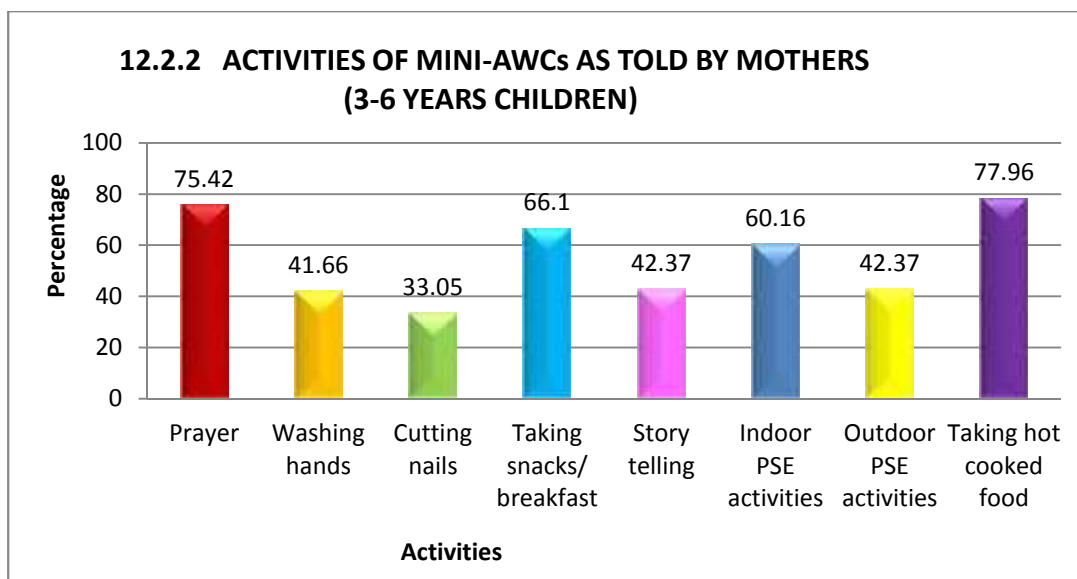

12.2: ACTIVITIES OF MINI- AWC

12.2.1 Around 96 per cent mothers of 3- 6 years children told that their children were going to AWCs everyday in all the five states.

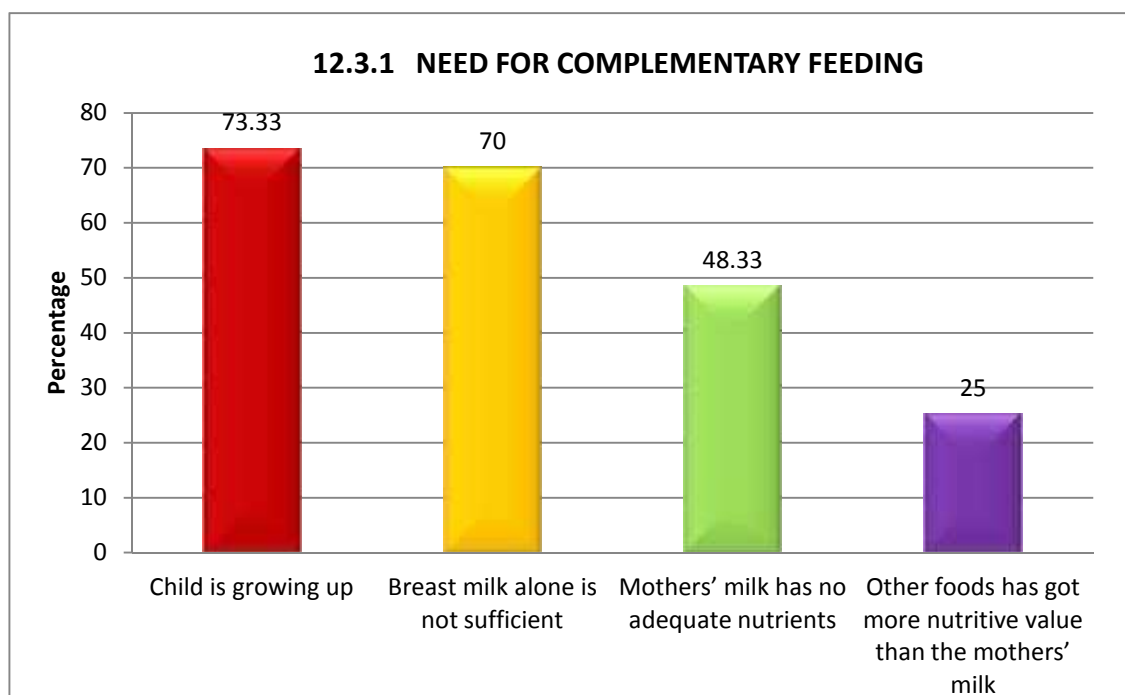

12.2.2 Activities of children at Mini- AWCs as told by mothers of 3- 6 years children were taking hot cooked food (77.96%), prayer (75.42%), taking snacks/ breakfast (66.10%), indoor PSE activities (60.16%), outdoor PSE activities (42.37%), storytelling (42.37%), washing hands (41.66%) and cutting nails (33.05%).

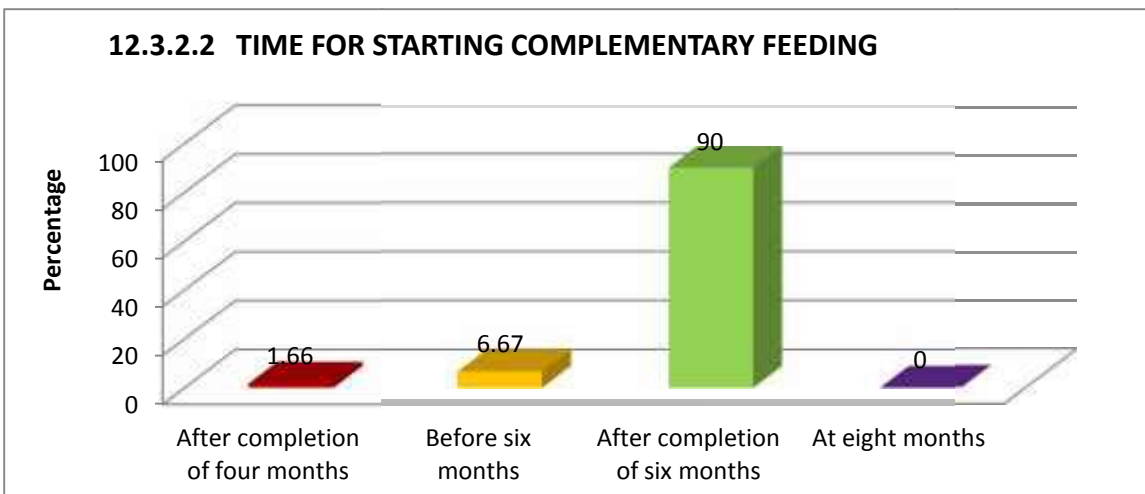

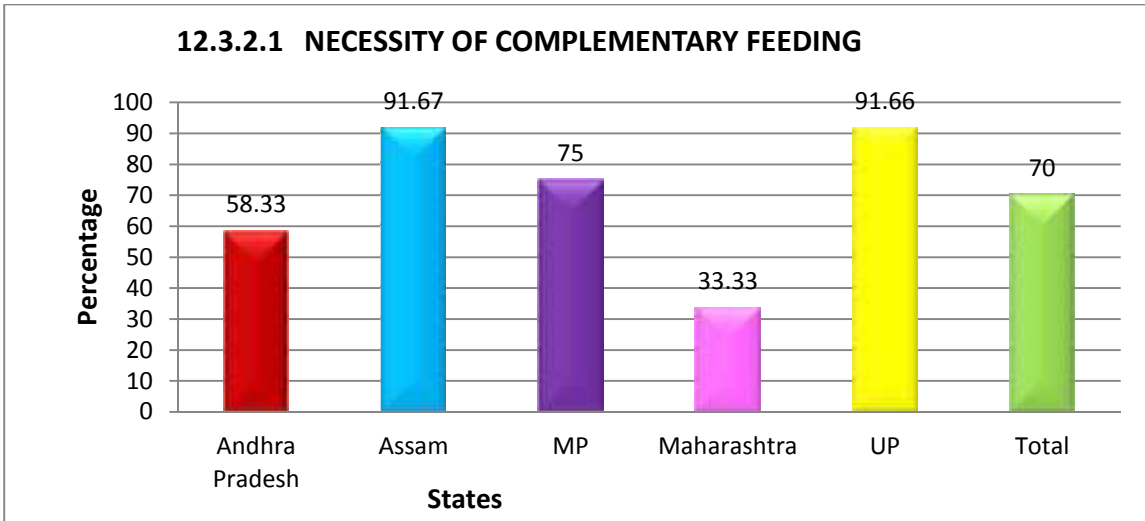

12.3: COMPLEMENTARY FEEDING

12.3.1 According to Mini- AWWs complementary feeding was needed for growth of child (73.33%), to meet the nutritional requirement of growing child as breast milk is not sufficient (70%), Mother’s milk has no adequate nutrition for the child (48.33%) and because other foods has got more nutritive value than the mother’s milk (25%).

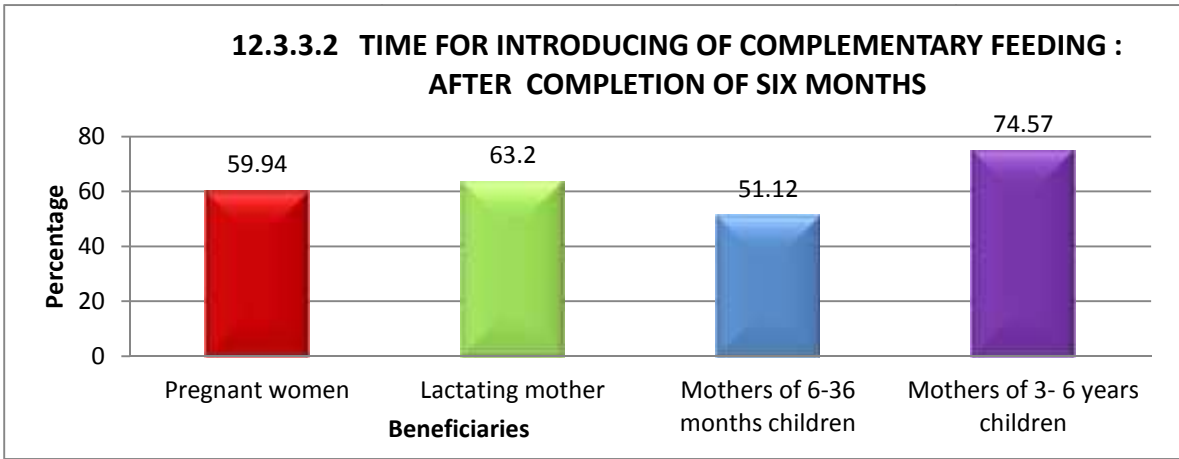

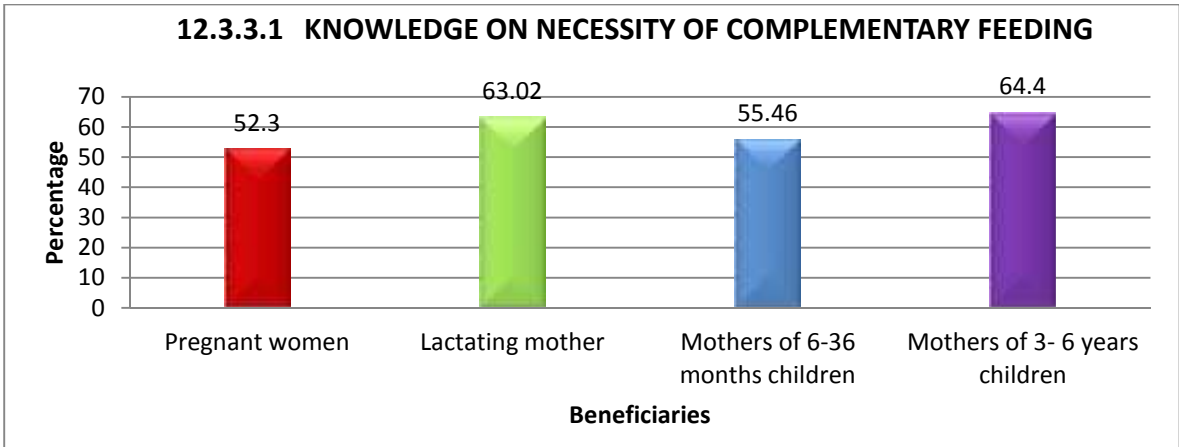

12.3.2 Seventy per cent of Mini- AWWs had the correct knowledge on necessity of complementary feeding i.e. breast milk alone is not sufficient to meet the nutritional requirements of the growing child whereas 90 per cent of Mini- AWWs had correct knowledge of time for introduction of complementary feeding i.e. after completion of six months.

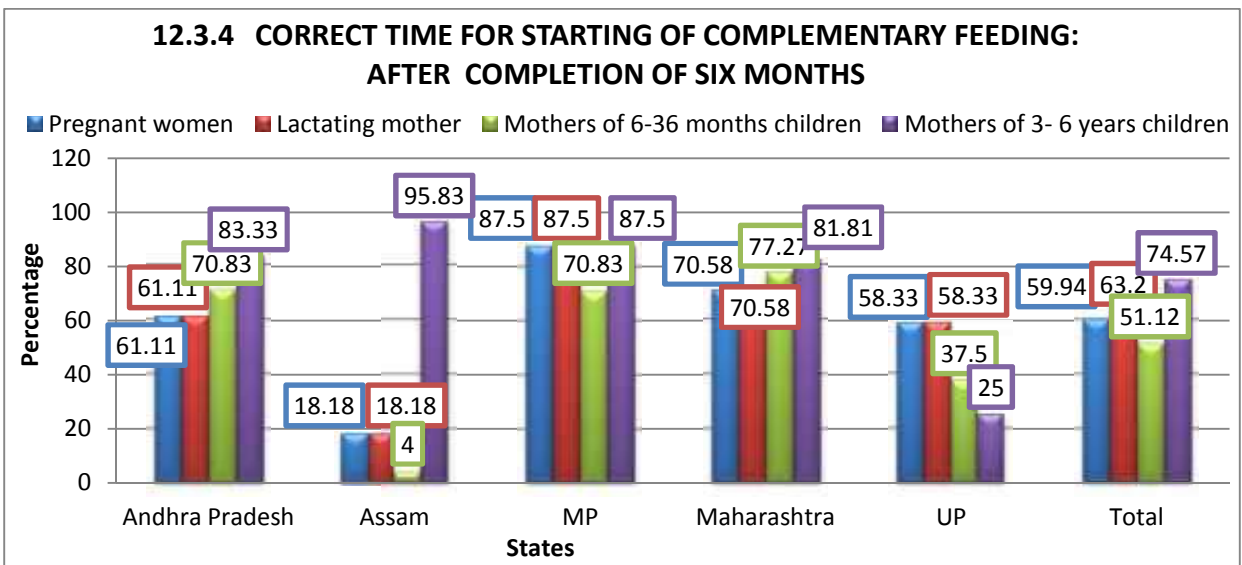

12.3.3 Around 52 per cent pregnant women, 63.02 per cent lactating mother, 55.46 per cent mothers of 6- 36 months children and 64.40 per cent 3- 6 years children had the correct knowledge on necessity of complementary feeding i.e. breast milk alone is not sufficient to meet the nutritional requirement of the growing child.

12.3.4 Around 60 per cent pregnant women, 63.20 per cent lactating women, 51.12 per cent mothers of 6- 36 months children and 75.42 per cent mothers of 3- 6 years children had correct knowledge of time for introducing of complementary feeding i.e. after of completion of six months.

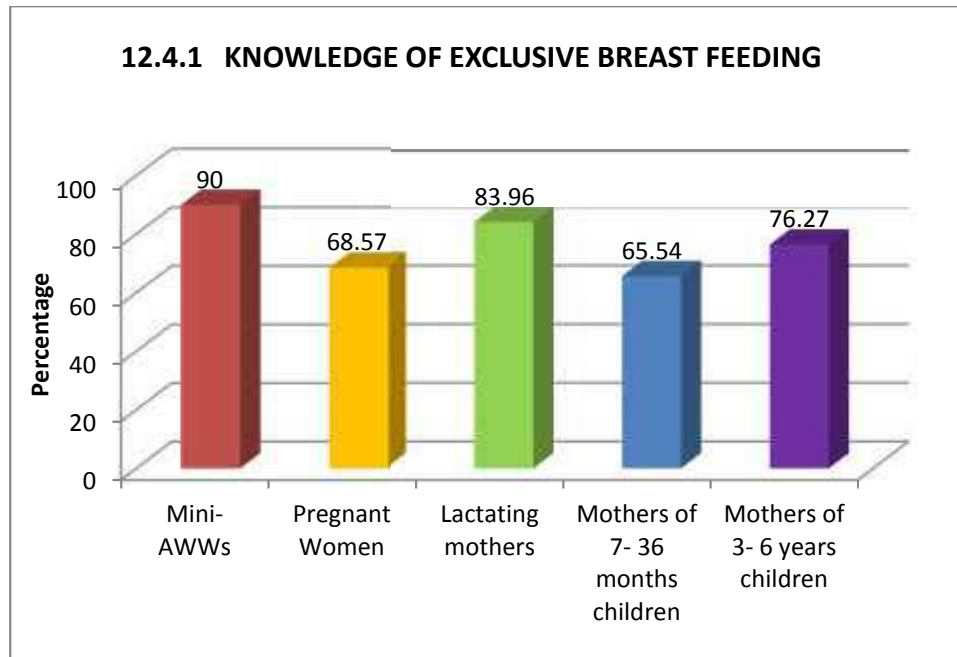

Similar findings were observed in the study conducted by NIPCCD (2012) which stated that around half of the lactating women (48%) from different minority communities expressed about the exact age for initiating complementary feeding and more than half were aware of introduction of complementary feeding for the child.

12.4: EXCLUSIVE BREAST FEEDING

12.4.1 Ninety per cent of Mini- AWWs had the correct knowledge of exclusive breast feeding i.e. giving no other food or drink- not even water except breast milk up to six months. In comparison to this 68.57 per cent pregnant women, 83.96 per cent lactating mothers, 65.54 per cent mothers of 7- 36 months children and 76.27 per cent mothers of 3- 6 years children knew the exact meaning of exclusive breast feeding.

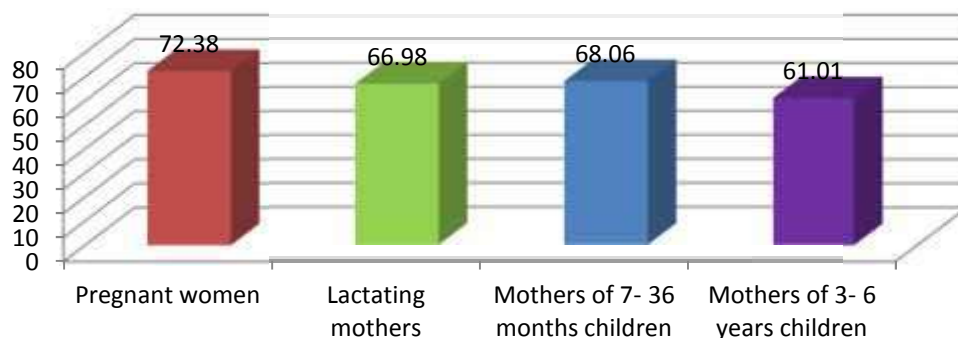

It was observed in the study conducted by NIPCCD (2012) that 76 per cent Pregnant women were aware of the meaning of exclusive breast feeding and feeding of colostrums within one hour of birth.

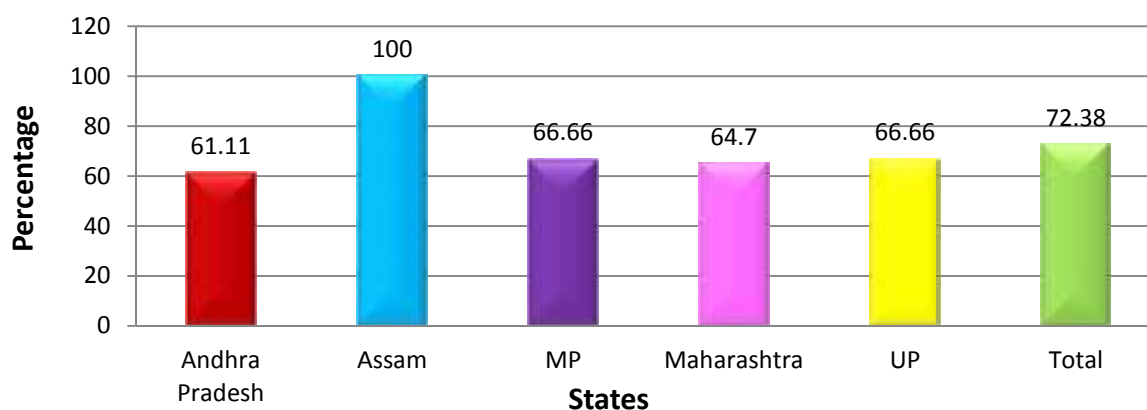

12.5: SOURCE OF MACRO AND MICRO NUTRIENT

12.5.1 Around 72 per cent of pregnant women, 66.98 per cent of lactating mothers, 68.06 per cent of mothers of 7- 36 months children and 61.01 per cent mothers of 3- 6 years children reported that green leaves, palak, methi, bathua and chowlai are prime source for getting iron and should be taken by pregnant women and children in their food for getting iron.

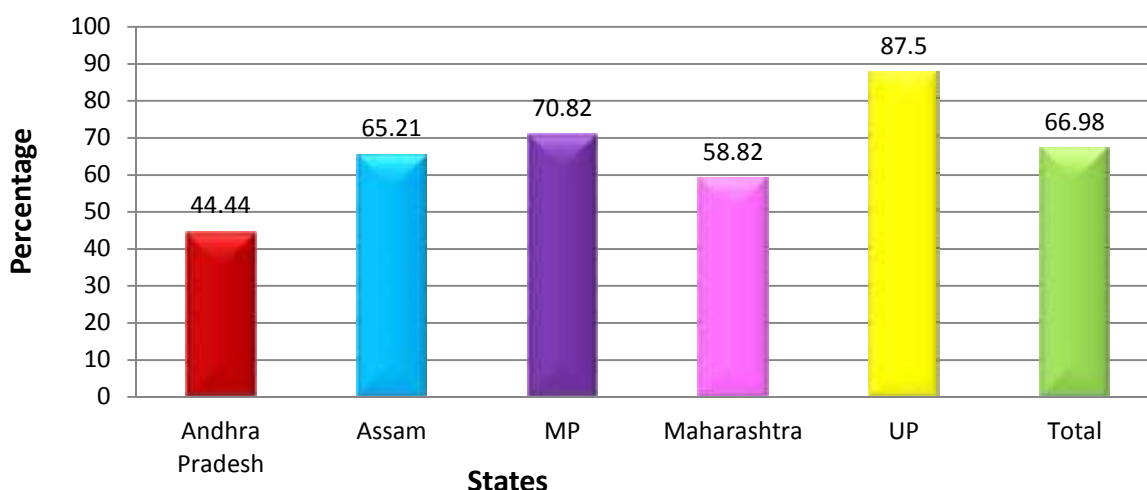

12.5.1.1 GREEN LEAVES, PALAK, METHI, BATHUA AND CHOWLAI ARE PRIME SOURCE FOR GETTING IRON AS TOLD BY BENEFICIARIES

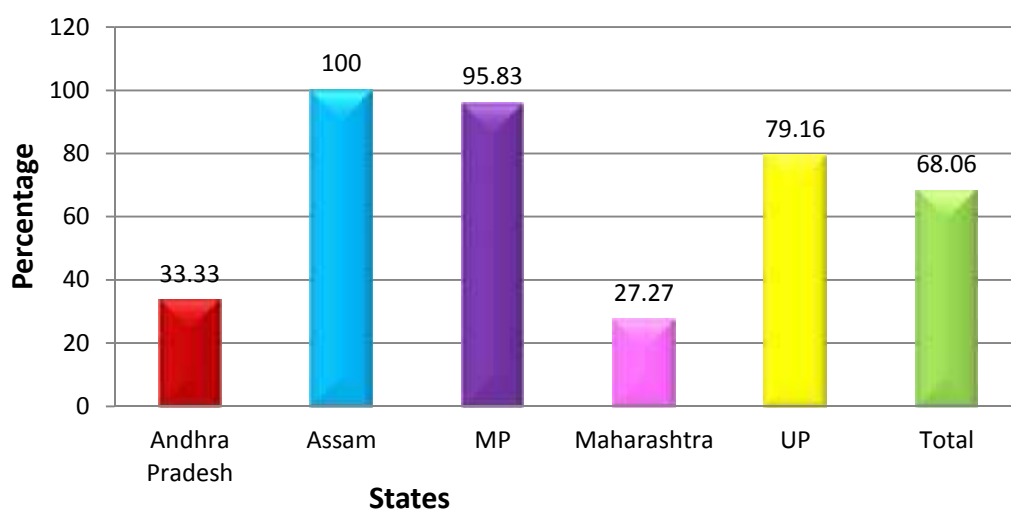

12.5.1.2 GREEN LEAVES, PALAK, METHI, BATHUA AND CHOWLAI ARE PRIME SOURCE FOR GETTING IRON AS TOLD BY PREGNANT WOMEN

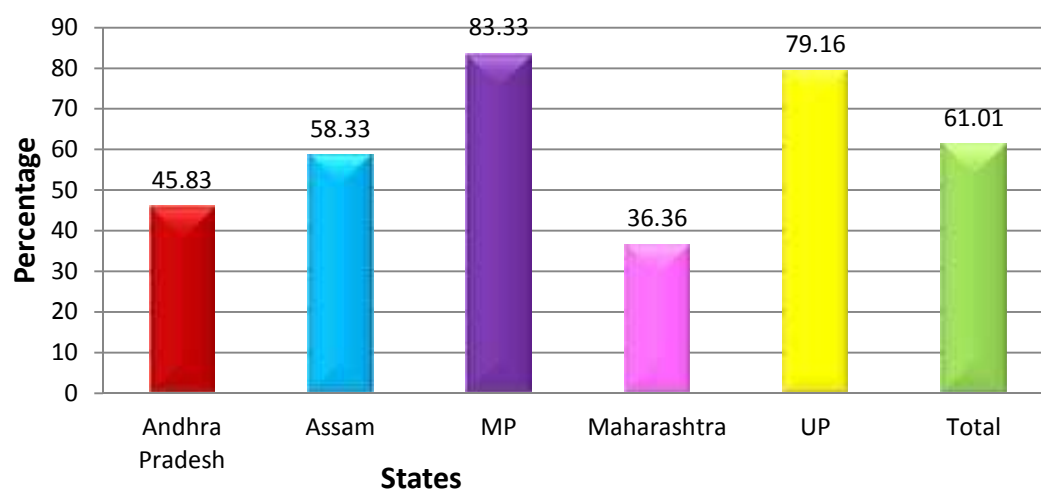

12.5.1.3 GREEN LEAVES, PALAK, METHI, BATHUA AND CHOWLAI ARE PRIME SOURCE FOR GETTING IRON AS TOLD BY LACTATING MOTHERS

12.5.1.4 GREEN LEAVES, PALAK, METHI, BATHUA AND CHOWLAI ARE PRIME SOURCE FOR GETTING IRON AS TOLD BY MOTHERS OF 7- 36 MONTHS CHILDREN

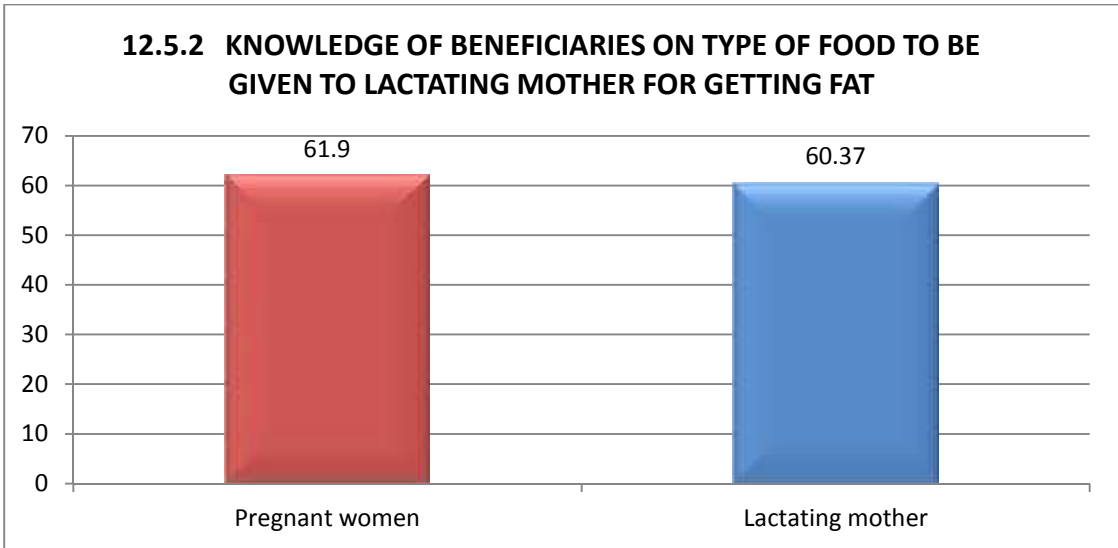

12.5.1.5 GREEN LEAVES, PALAK, METHI, BATHUA AND CHOWLAI ARE PRIME SOURCE FOR GETTING IRON AS TOLD BY MOTHERS OF 3- 6 YEARS CHILDREN

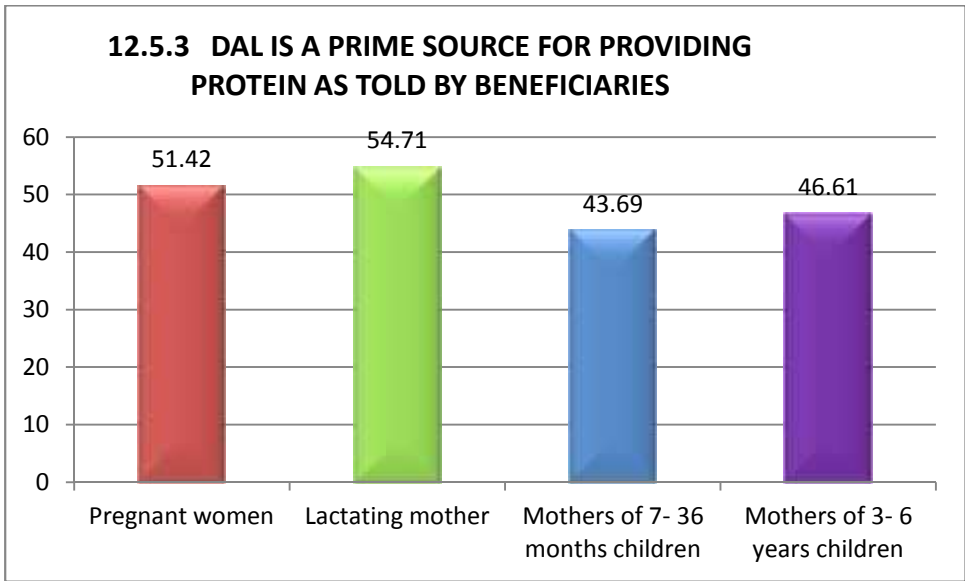

The study conducted by NIPCCD (2012) found that majority of pregnant women across all religions stated about different food intakes to prevent anemia that included fruits, pulses, cereals, jaggery, meat, egg and green leafy vegetable. Green leafy vegetable was a most preferred and common response among majority of pregnant women.

12.5.2 Around 62 per cent of pregnant women and 60.37 per cent of lactating mothers reported that ghee, oil, oil seeds were prime source for getting fat and should be taken by pregnant women and lactating mothers in their food for getting fat.

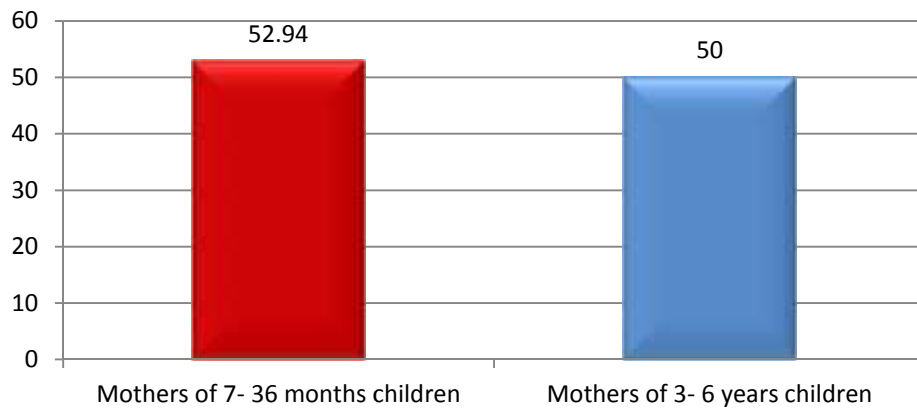

12.5.3 Around 51per cent of pregnant women, 54.71 per cent of lactating mothers, 43.69 per cent of mothers (7- 36 months children) and 46.61 per cent of mothers of 3- 6 years children reported that dal was a prime source for providing protein and should be taken by pregnant women and children in their food for getting protein.

12.5.4 Around 53 per cent of mothers (7- 36 months children) and 50 per cent of mothers (3- 6 years children) reported that green leafy vegetables and fruits were prime source for getting Vit- A and should be taken by children in their food for getting Vit- A.

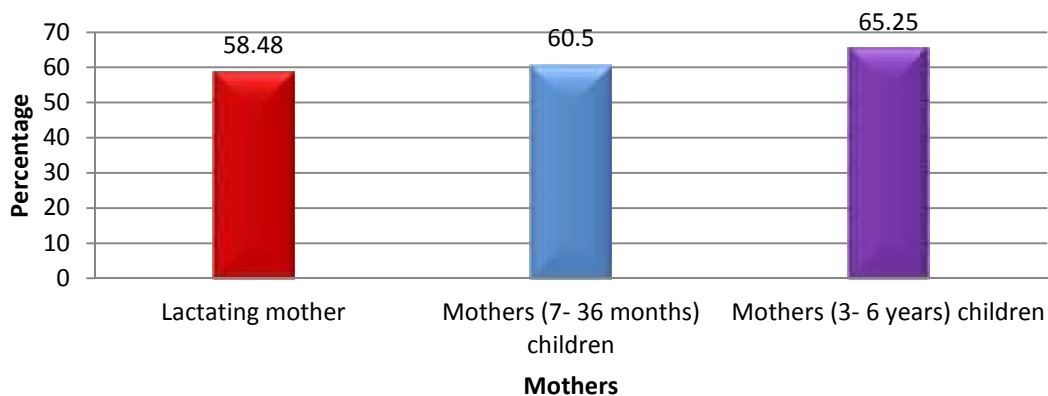

12.5.4 GREEN LEAFY VEGETABLES AND FRUITS ARE PRIME SOURCE FOR GETTING VIT- A AS TOLD BY BENEFICIARIES

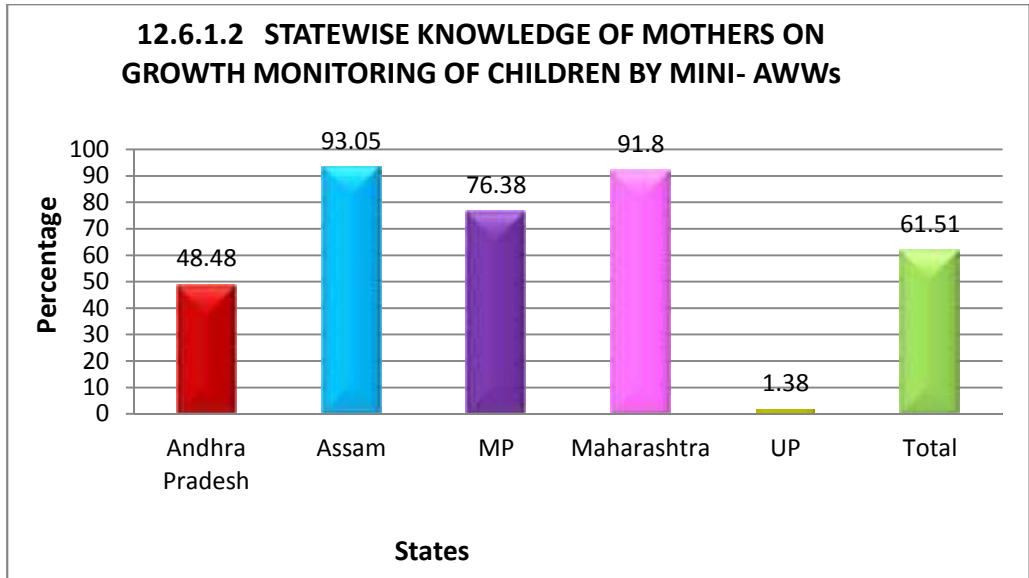

12.6 GROWTH MONITORING

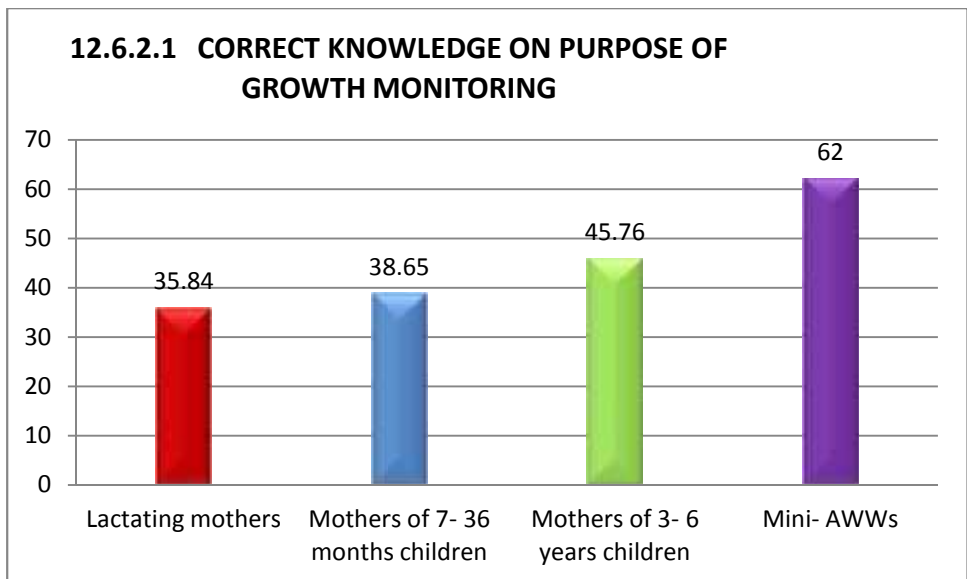

12.6.1 Around 58 per cent of lactating mothers, 60.5 per cent of mothers of 7- 36 months children and 65.25 per cent mothers of 3- 6 years children were aware of Mini- AWWs monitoring growth of their children. It may be mentioned that 93.05 per cent of all the mothers in Assam and 91.80 per cent of all the mothers in Maharashtra were aware of Mini- AWWs monitoring growth of their children. Whereas only 1.38 per cent of all the mothers in UP were aware of Mini- AWWs monitoring growth of their children.

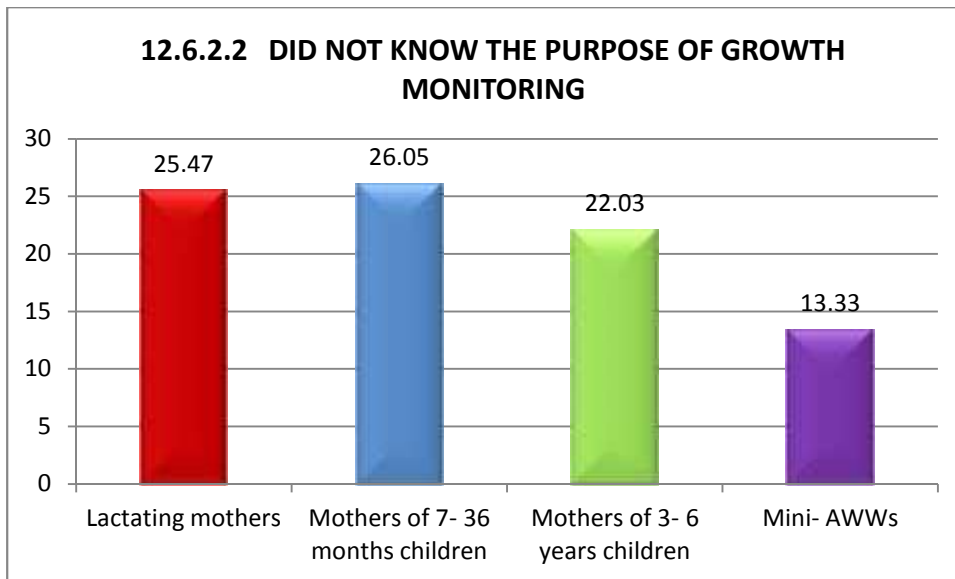

12.6.1.1 KNOWLEDGE OF MOTHERS ON GROWTH MONITORING OF CHILDREN BY MINI- AWWs

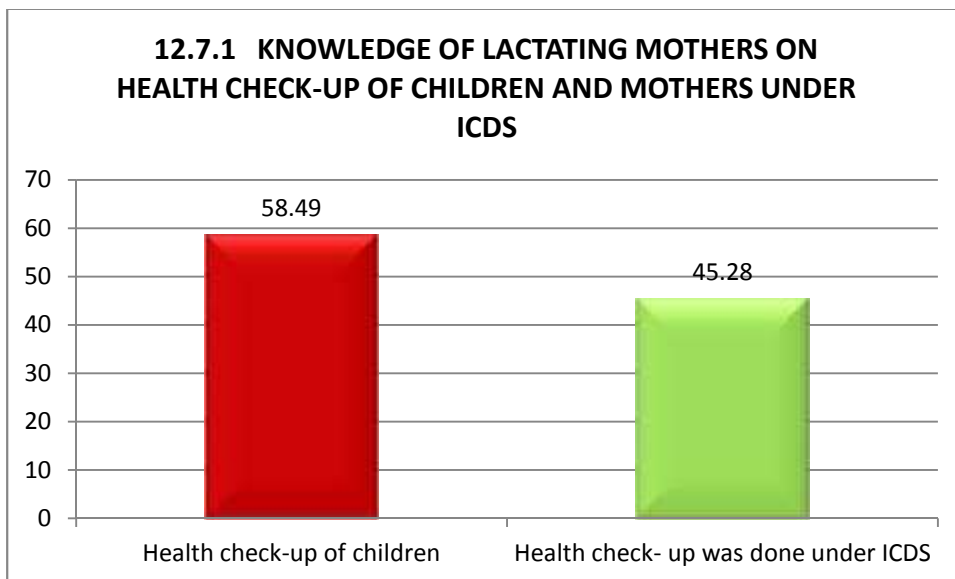

12.6.2 Around 36 per cent of Lactating mothers, 39.49 per cent of mothers of 7- 36 months children and 45.76 per cent of mothers of 3- 6 years children had the correct knowledge on purpose of growth monitoring that was to ensure that weight gain of the child is as per her/ his age compared to around 62 per cent of Mini- AWWs who had correct knowledge on purpose of growth monitoring. Similarly, around 25 per cent of lactating mothers, 26 per cent of mothers of 7- 36 months children and 22 per cent mothers of 3- 6 years children did not know the purpose of growth monitoring compared to 13 per cent Mini- AWWs those who did not know the purpose of growth monitoring.

12.7: HEALTH CHECK- UP

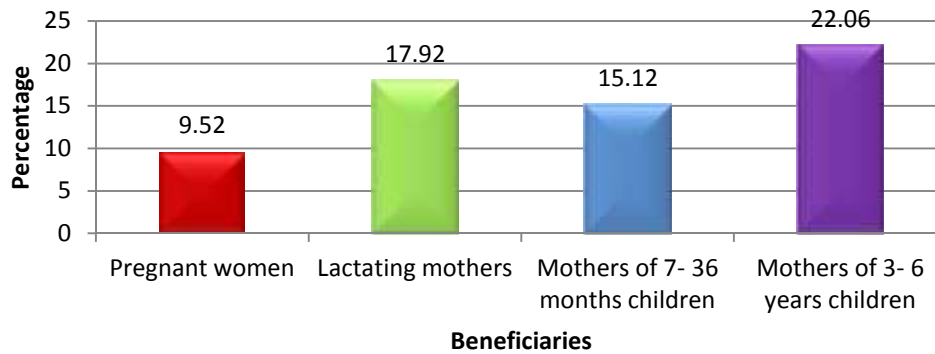

12.7.1 Around 58 per cent of lactating mothers reported that health check- up of their children was done whereas 45.28 per cent of lactating mothers reported that their health check- up was done under ICDS.

12.8: CARE OF PREGNANT WOMEN

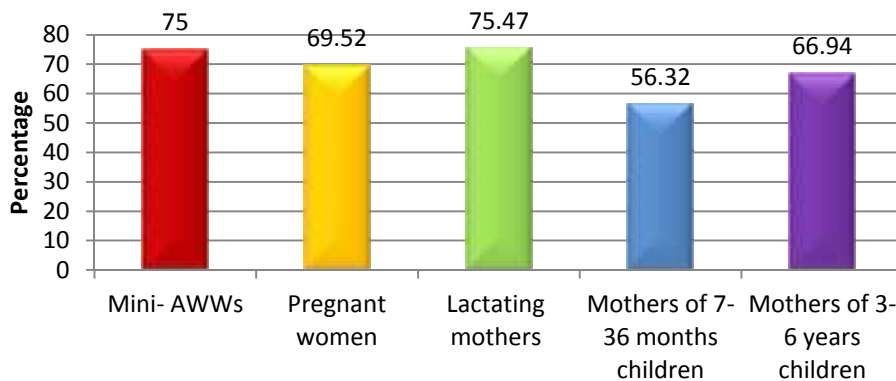

12.8.1 It was found that 9.52 per cent of pregnant women, 17.92 per cent of lactating mothers, 15.12 per cent mothers of 7- 36 months children and 22.03 per cent mothers of 3- 6 years children had correct knowledge on minimum number of health check – up of pregnant women during pregnancy that is four times.

12.8.1 KNOWLEDGE OF BENEFICIARIES ON MINIMUM NUMBER OF HEALTH CHECK – UP OF PREGNANT WOMEN DURING PREGNANCY THAT IS FOUR TIMES

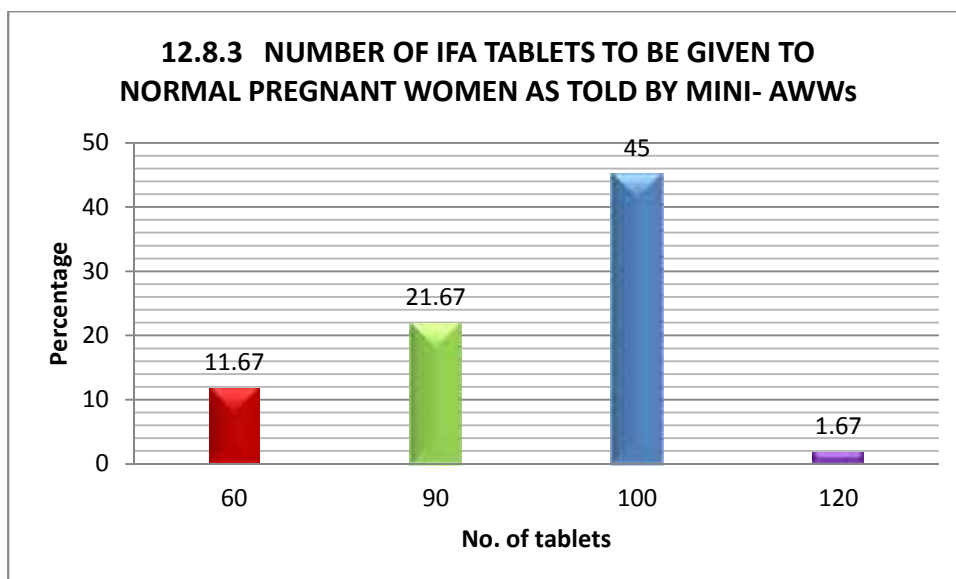

12.8.2 Seventy five per cent of Mini- AWWs, 69.52 per cent of pregnant women, 75.47 per cent of lactating mothers, 56.32 per cent mothers of 7- 36 months children and 66.94 per cent of mothers of 3- 6 years children had the correct knowledge about the need for immunizing pregnant women against TT that is to protect both mother and child from tetanus infection which can occur due to instrumental injury and open stitches during delivery.

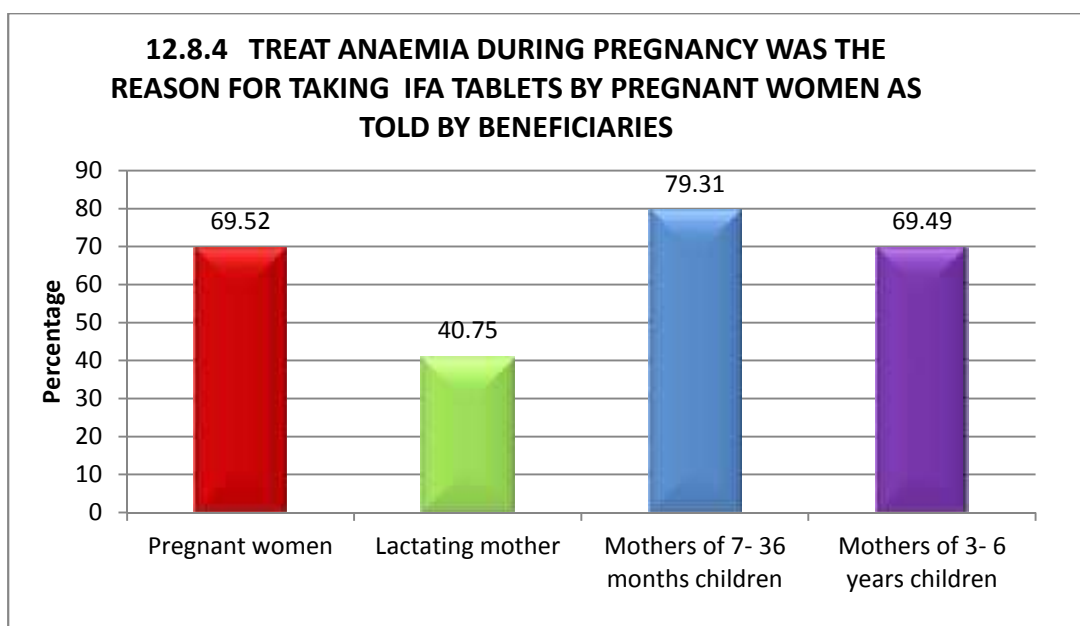

12.8.2 CORRECT KNOWLEDGE ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN

12.8.3 It was found that 45 per cent of Mini- AWWs had correct knowledge of numbers of IFA tablets to be given to normal pregnant women that is 100 tablets during pregnancy.

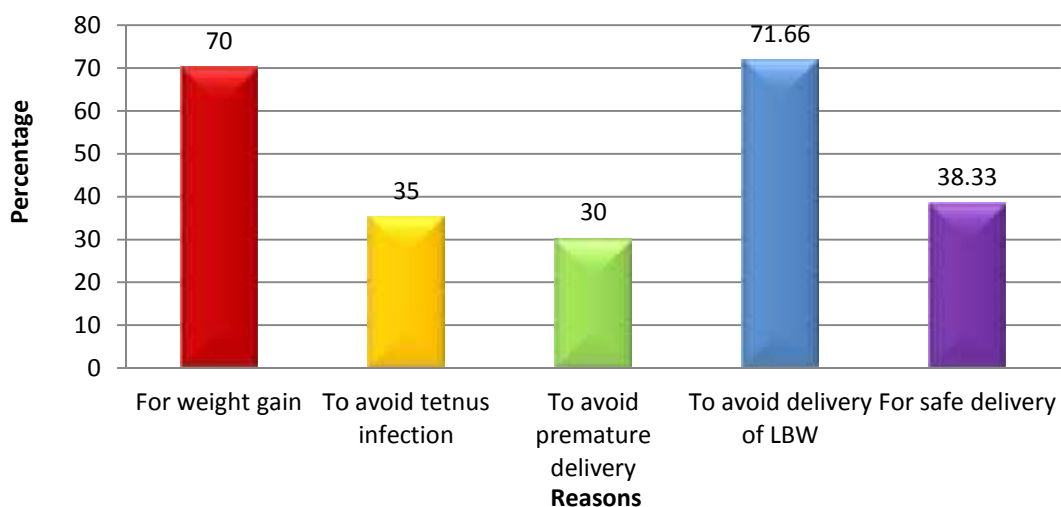

12.8.4 Seventy per cent of pregnant women, 70.75 per cent of lactating mothers, 79.31 per cent of mothers (7- 36 months children), 67.79 mothers of (3- 6 years children) reported that the reason for taking IFA tablets by pregnant women was that IFA tablets treat anemia during pregnancy.

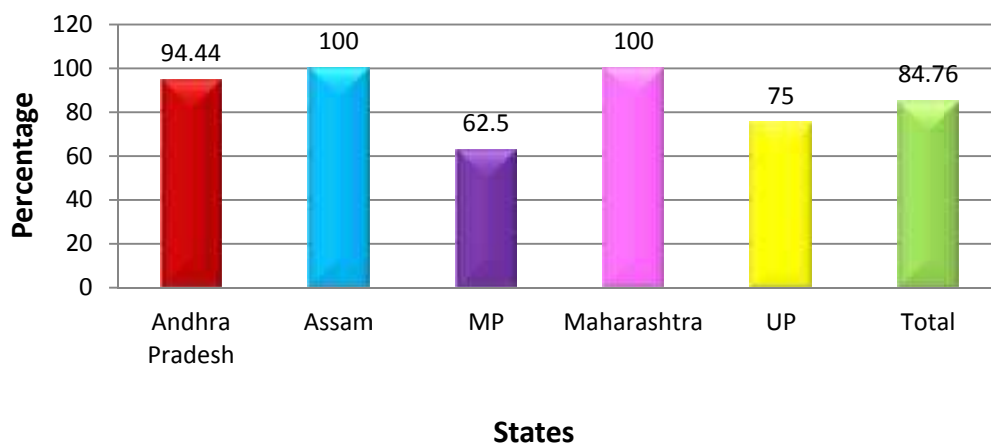

12.8.5 It was found that reasons for giving extra food to pregnant women as told by Mini-AWWs were to avoid delivery of Low birth weight baby (70%), for weight gain (70%), for safe delivery (40%), to avoid tetanus infection (35%) and to avoid premature delivery (30%).

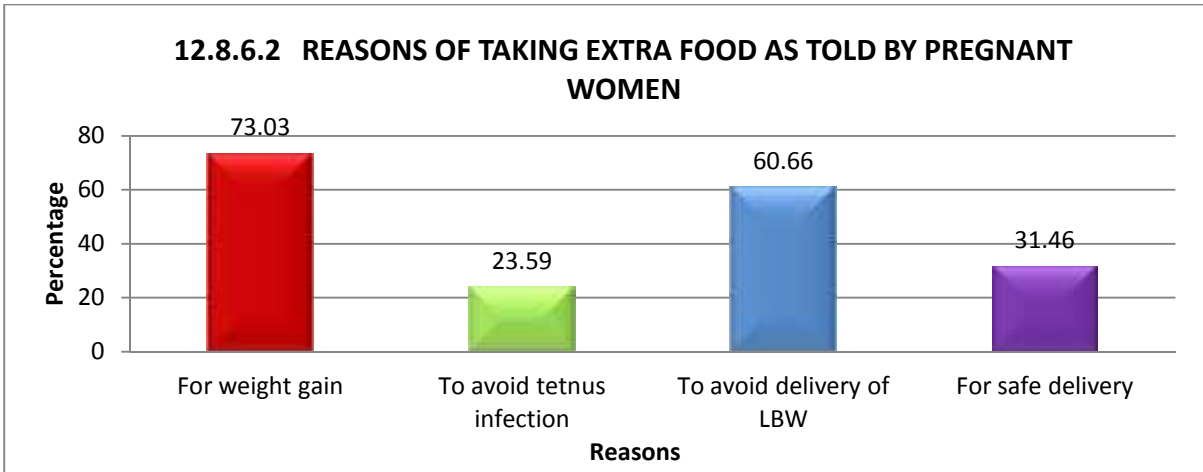

12.8.5 NEED FOR GIVING EXTRA FOOD TO PREGNANT WOMEN AS TOLD BY MINI- AWWs

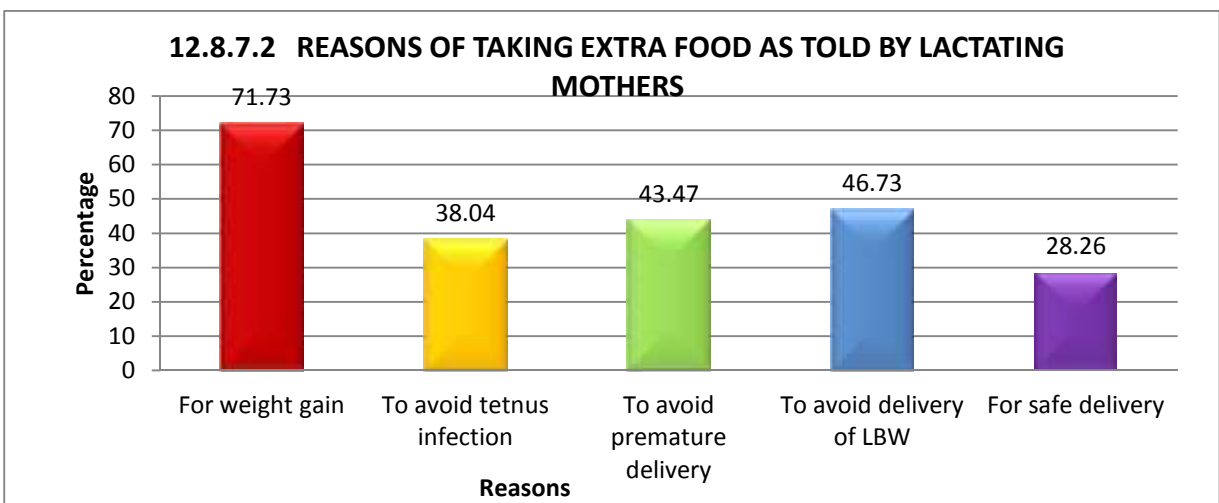

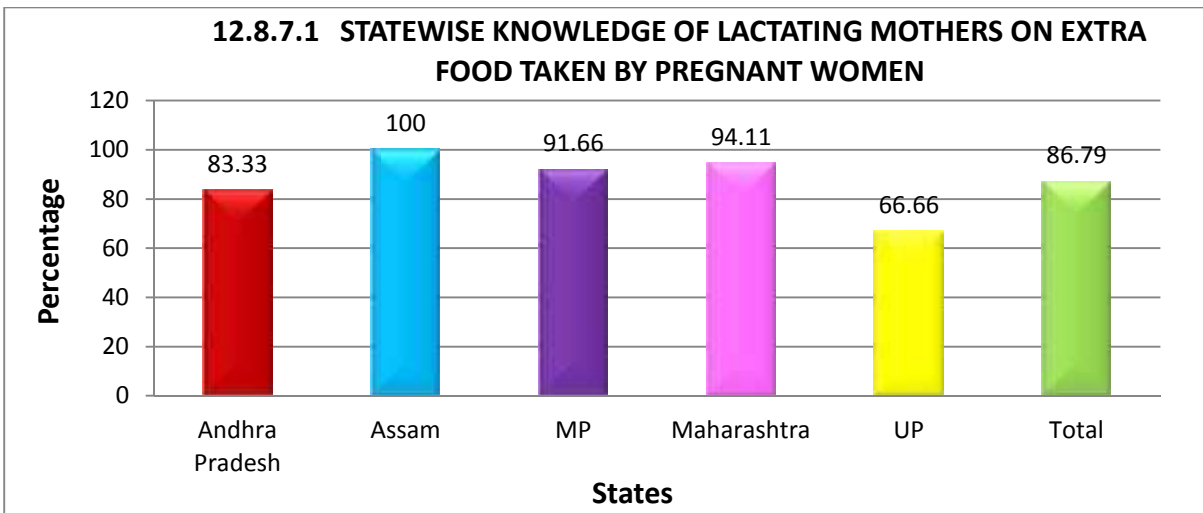

12.8.6 Around 85 per cent pregnant women had knowledge that they should take extra food. It may also be mentioned that the reason of taking extra food as told by them were to gain weight (73.03%), to avoid delivery of Low birth weight baby (60.66%), for safe delivery (31.46%), to avoid premature delivery (26.96%) and to avoid tetanus infection (23.59%).

12.8.6.1 STATEWISE KNOWLEDGE OF PREGNANT WOMEN ON EXTRA FOOD TAKEN BY THEM

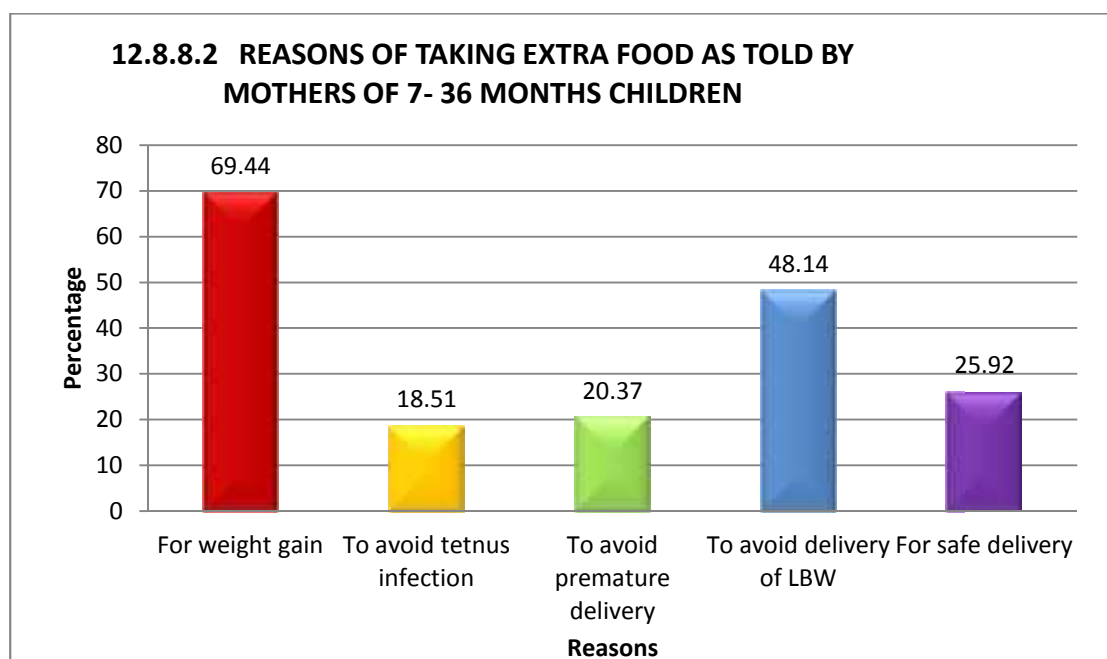

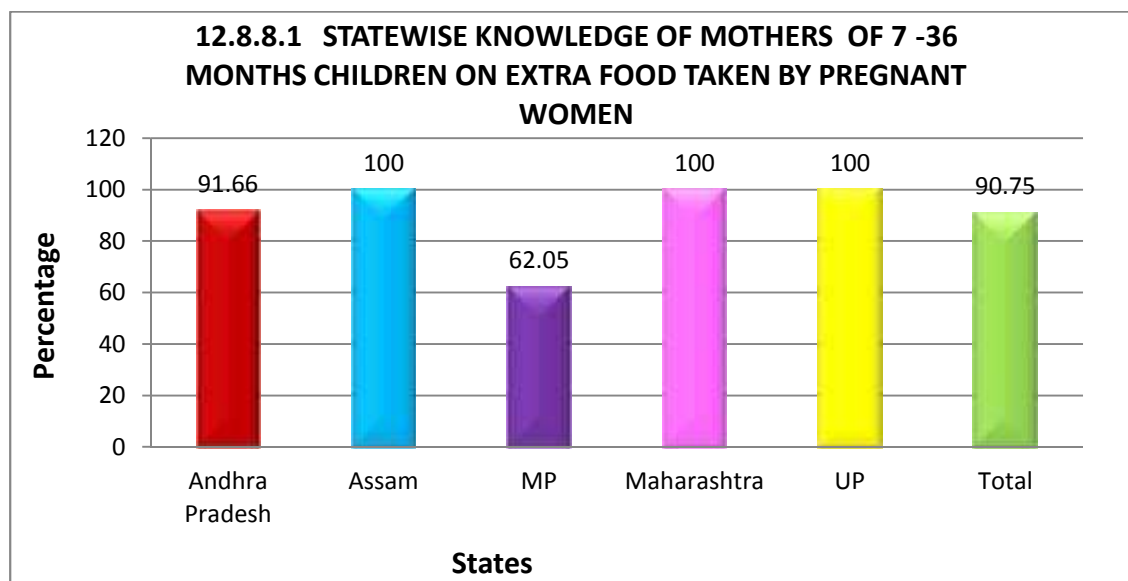

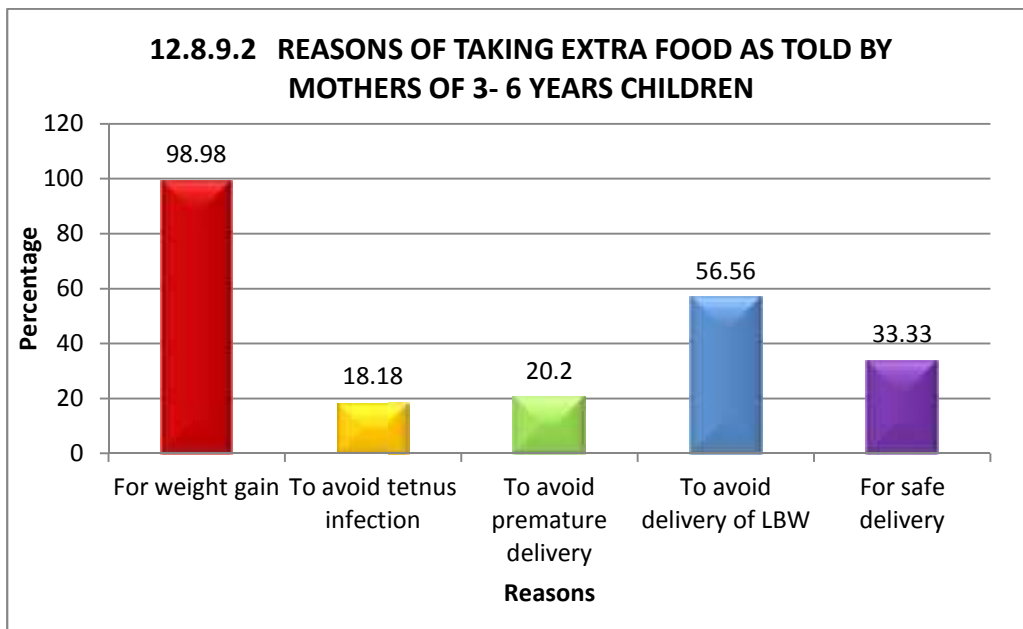

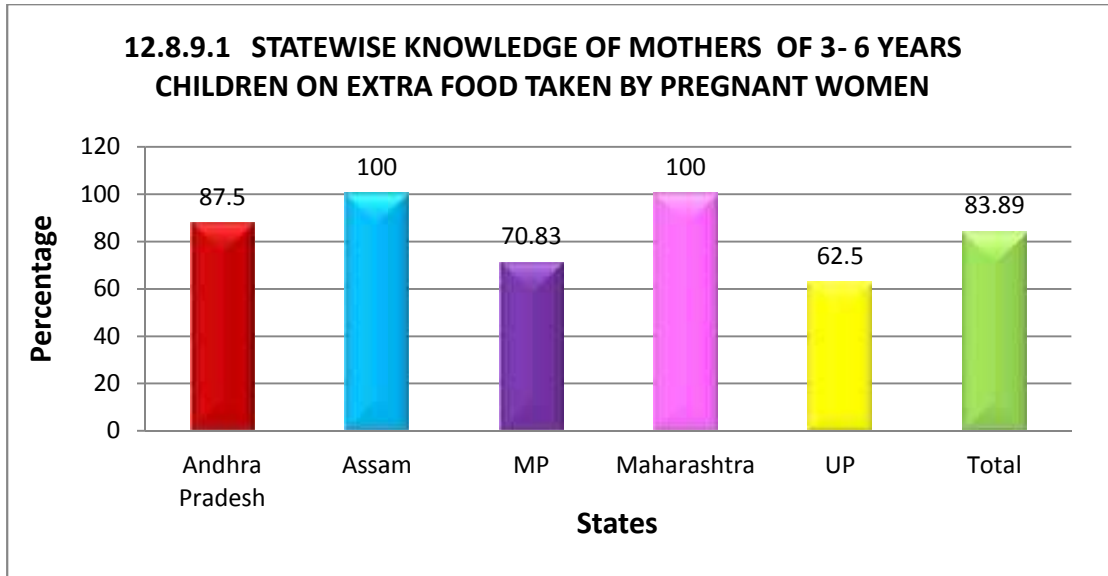

12.8.7 Around 87 per cent lactating women had knowledge that pregnant women should take extra food. The reason of taking extra food as told by 71.73 per cent mothers was to gain weight.

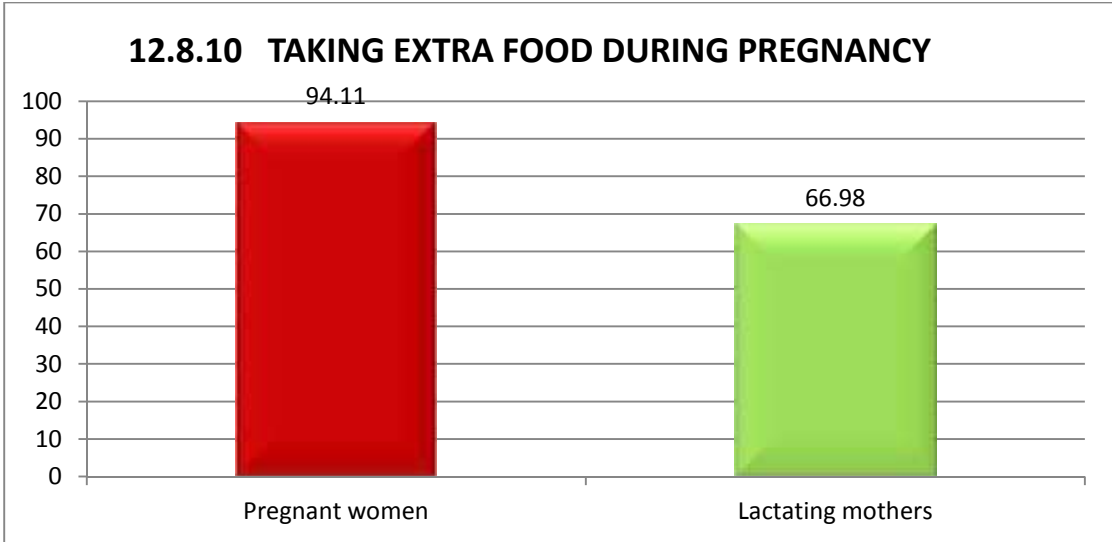

12.8.8 Around 91 per cent mothers of 7- 36 months children had knowledge that pregnant women should take extra food. The reason of taking extra food as told by 69.44 per cent mothers of 7- 36 months children was to gain weight.

12.8.9 According to 83.89 per cent mothers of 3- 6 years children, pregnant women should take extra food. The reason of taking extra food as told by 98.98 per cent mothers was to gain weight.

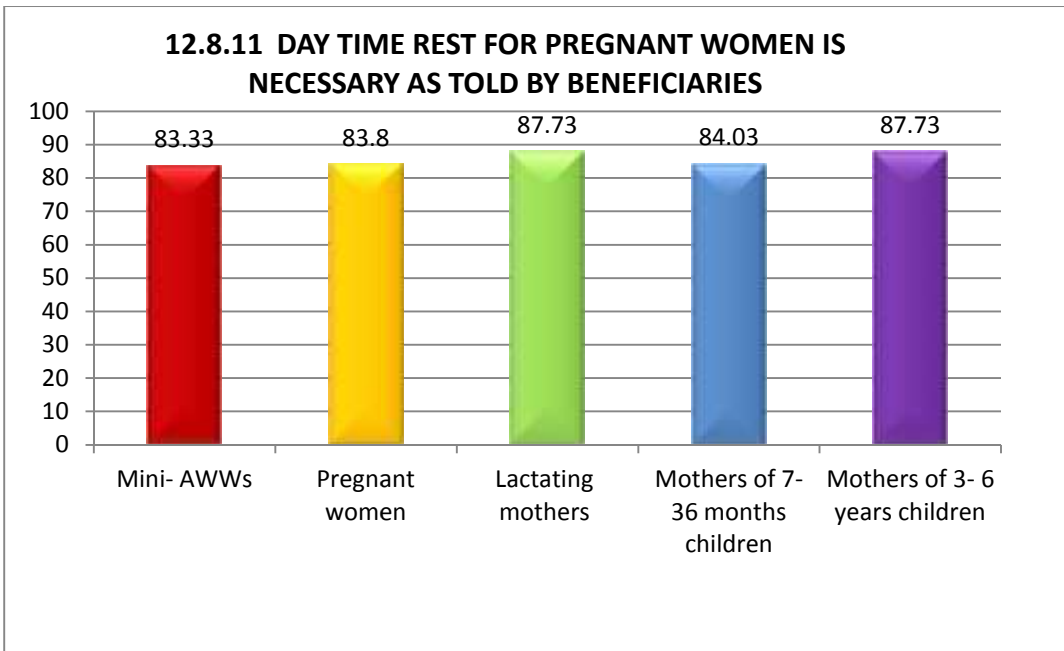

12.8.10 It was found that 94.11 per cent pregnant woman and 66.98 per cent lactating mother took extra food during their pregnancy.

12.8.11 Around 83.33 per cent Mini- AWWs, 83.80 per cent of pregnant women, 87.73 per cent of lactating mothers, 84.03 per cent of mothers (7- 36 months children) and 78.81 per cent of mothers (3- 6 years children) were aware of need for day time rest for pregnant women that is 10 hrs minimum sleep required inclusive of 2 hrs rest (sleep) in day time.

12.8.12 Eighty two per cent Mini-AWWs had the right understanding regarding 2 hours rest in day time that is sleeping on bed.

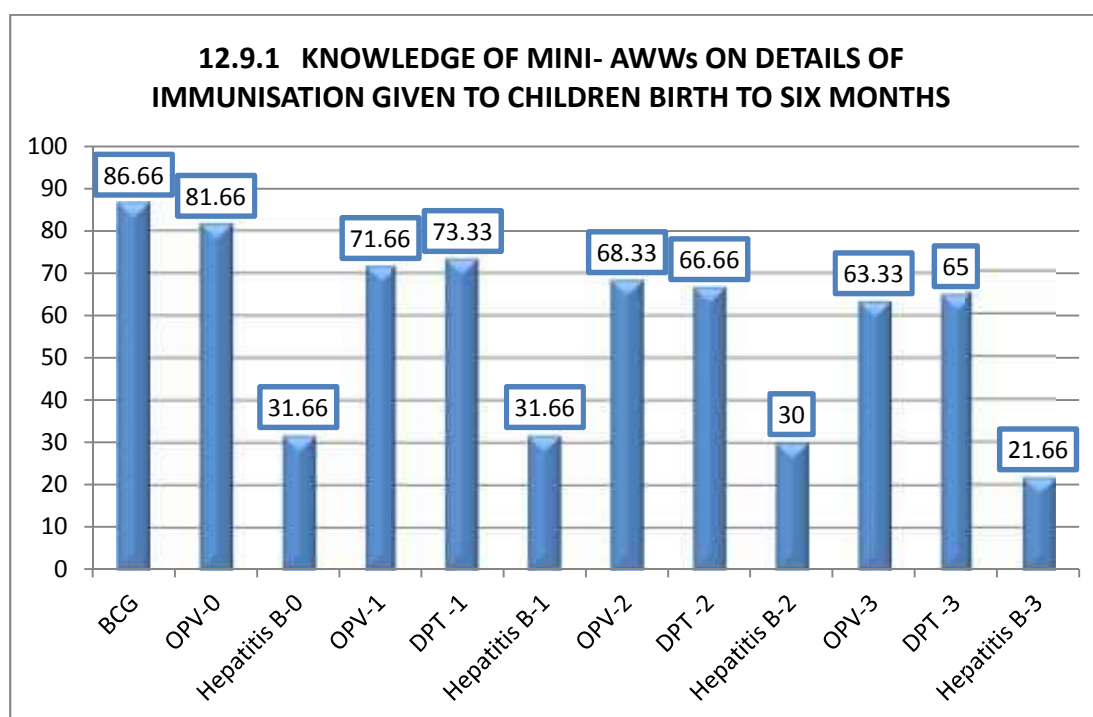

12.8.13 Seventy two per cent Mini-AWWs had the right understanding about the need for day time rest for pregnant women for healthy development of fetus compared to 61 per cent pregnant women, 51 per cent lactating mothers, 53 per cent mothers of 7-36 months children and 54.83 per cent mothers of 3-6 years children.

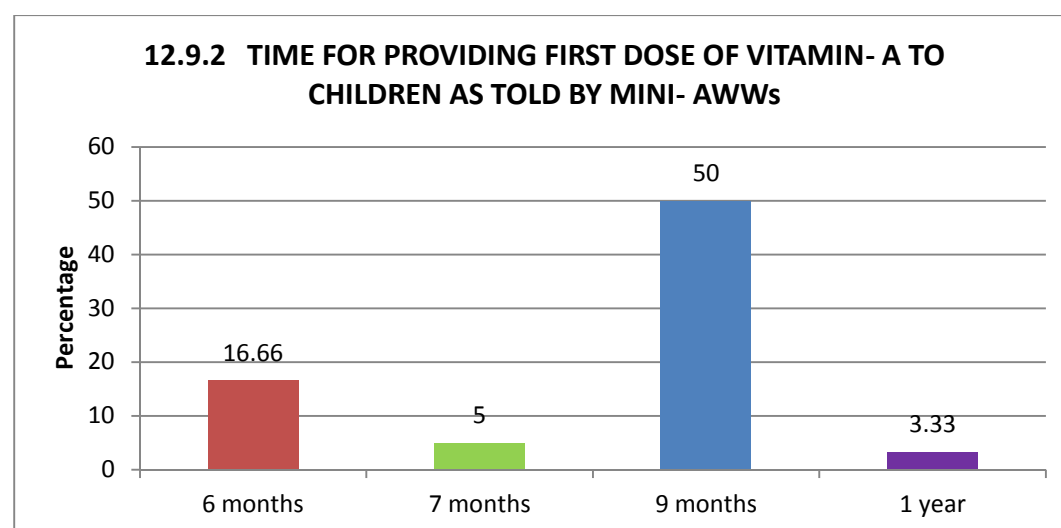

12.8.14 Thirty eight per cent pregnant women, 29 per cent lactating mothers, 42 per cent mothers of 7-36 months children and 31 per cent mothers of 3-6 years children expressed that minimum 2 hours rest in day time is required for pregnant women.

12.9: IMMUNISATION

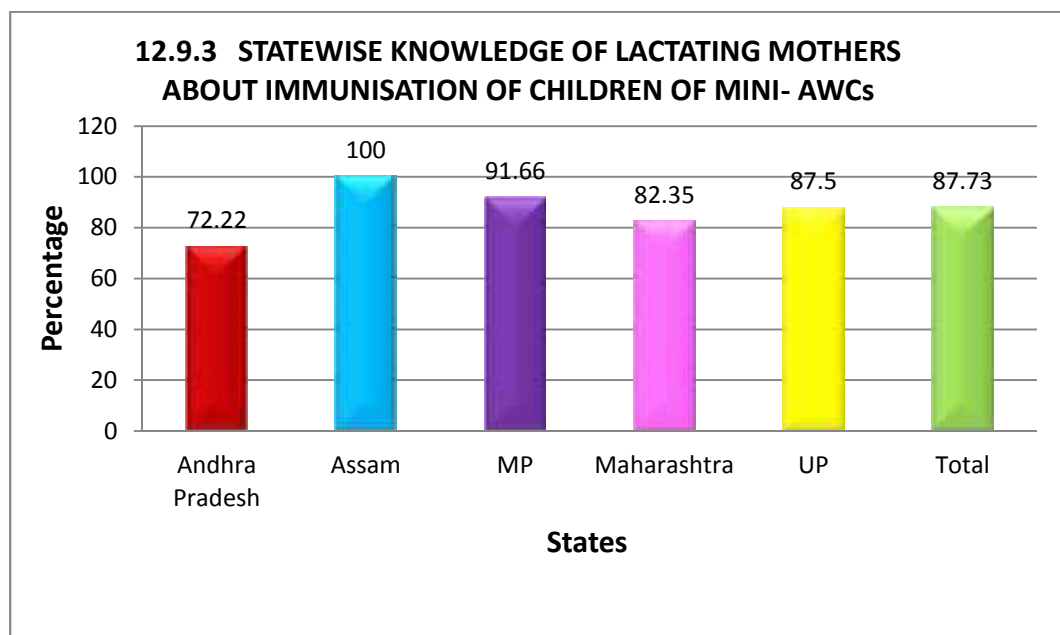

12.9.1 Knowledge of Mini- AWWs on different immunisation given to children from birth to six months were BCG (86.66%), OPV- 0 (81.66%), Hepatitis B- 0 (31.66%), OPV- 1 (71.66%), DPT- 1 (73.33%), Hepatitis B- 1 (31.66%), OPV- 2 (68.33%), DPT- 2 (66.66%), Hepatitis B- 2 (30%), OPV- 3 (63.33%), DPT- 3 (65%) and Hepatitis B- 3 (21.66%) in all the five states.

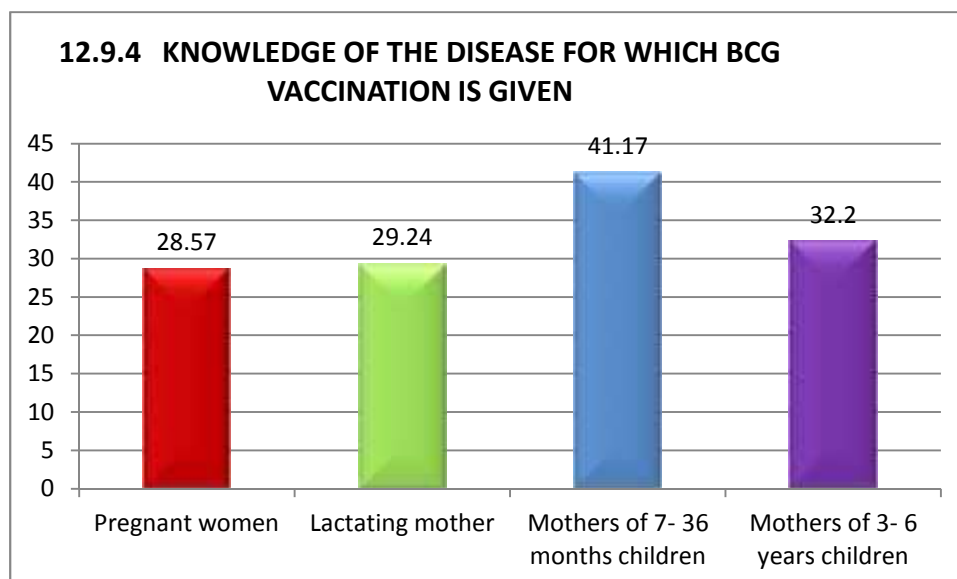

12.9.2 Fifty per cent Mini- AWWs had correct knowledge of time for providing first dose of Vitamin- A to children i.e. at 9 months.

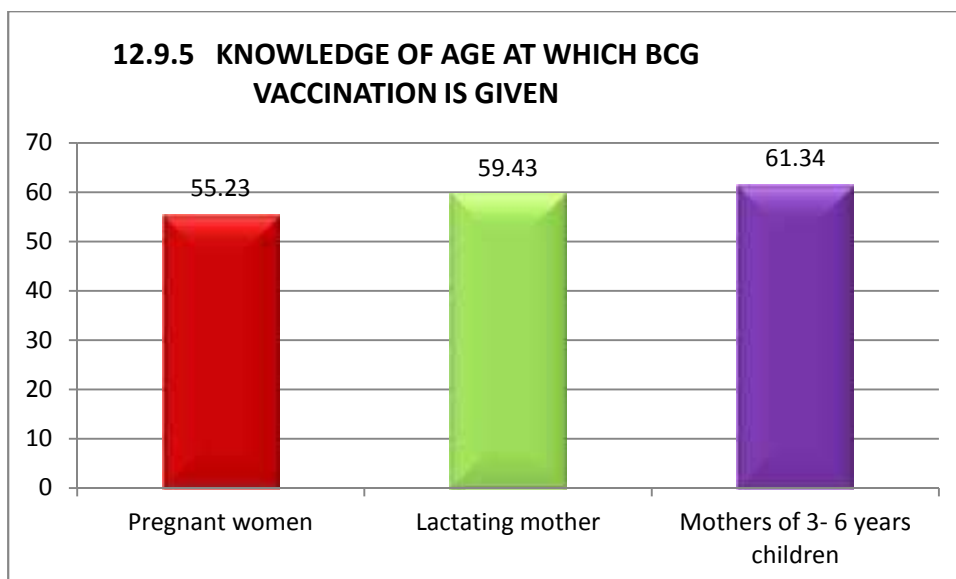

12.9.3 Around 88 per cent lactating mothers had correct knowledge about immunisation of children in all the five states.

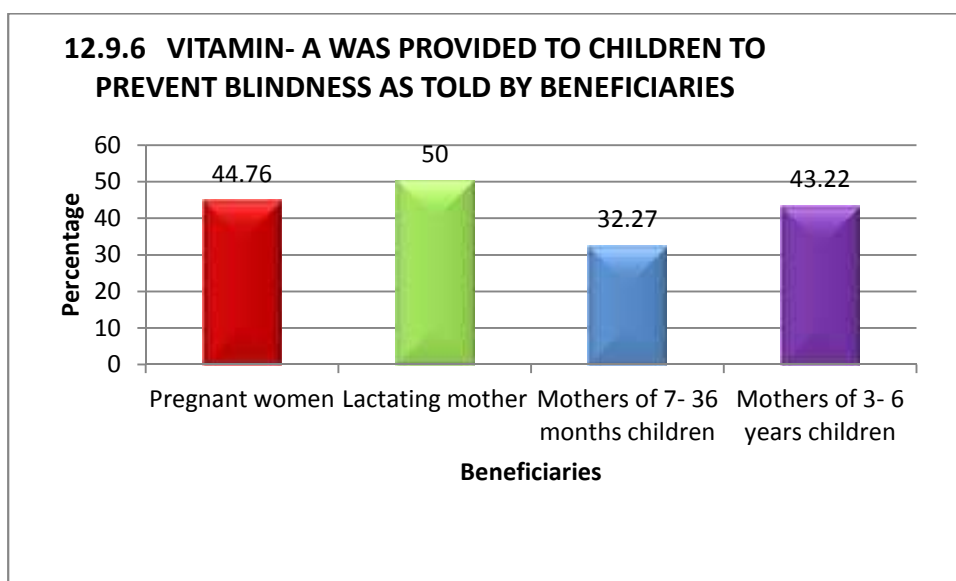

12.9.4 Around 29 per cent pregnant women, 29.24 per cent lactating mothers, 41.17 per cent mothers of 7- 36 months children and 32.20 per cent mothers of 3- 6 years children had correct knowledge of the disease for which BCG vaccination is given.

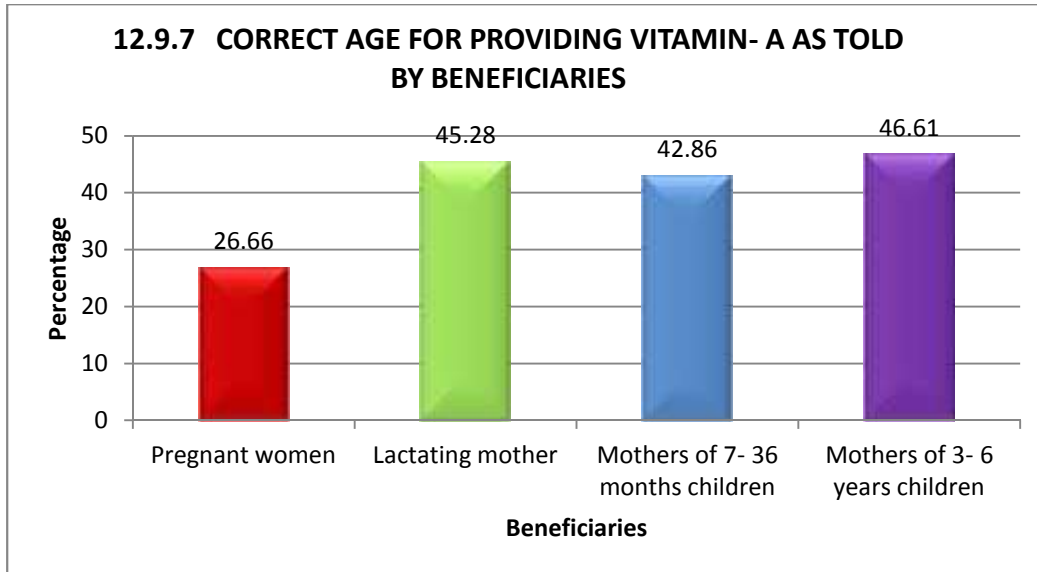

12.9.5 It was also found that 55.23 per cent pregnant women, 60.37 per cent lactating mothers, 61.34 per cent mothers of 7-36 months children and 60.16 per cent mothers of 3- 6 years children had correct knowledge of age at which BCG vaccination is given.

12.9.6 Forty five per cent pregnant women, 50 per cent lactating mothers, 32.77 per cent mothers of 7- 36 months children and 43.22 per cent mothers of 3- 6 years children reported that vitamin- A was provided to children to prevent blindness.

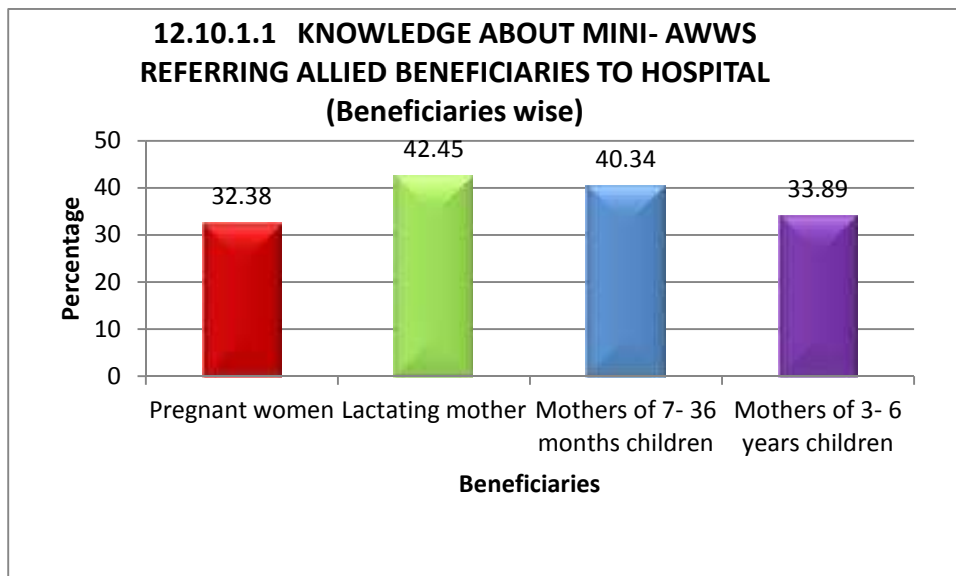

12.9.7 Correct age for providing vitamin- A was told by 26.66 per cent pregnant women, 45.28 per cent lactating mother, 42.86 per cent mother of 7- 36 months children and 46.61 per cent mother of 3- 6 years children in all the five states.

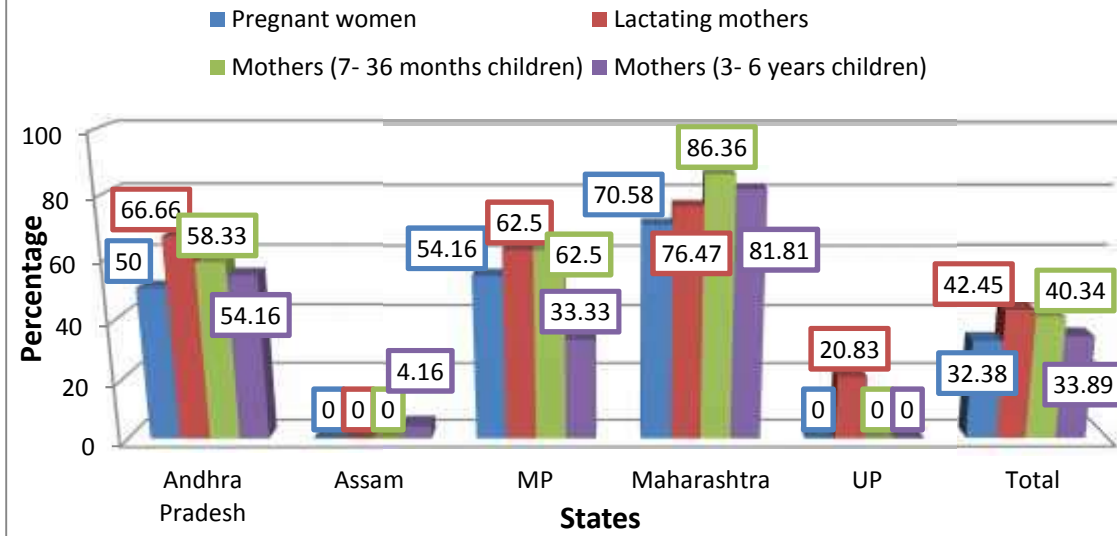

12.10 REFERRAL SERVICES

12.10.1 It was found that 32.38 per cent of pregnant women, 42.45 per cent of lactating mothers, 40.34 per cent of mothers of 7- 36 months children and 33.89 per cent of mothers of 3- 6 years children had knowledge about Mini- AWWs referring allied beneficiaries to hospital in all the five states.

12.10.1.2 KNOWLEDGE ABOUT MINI- AWW'S REFERRING ALLIED BENEFICIARIES TO HOSPITAL (State wise)

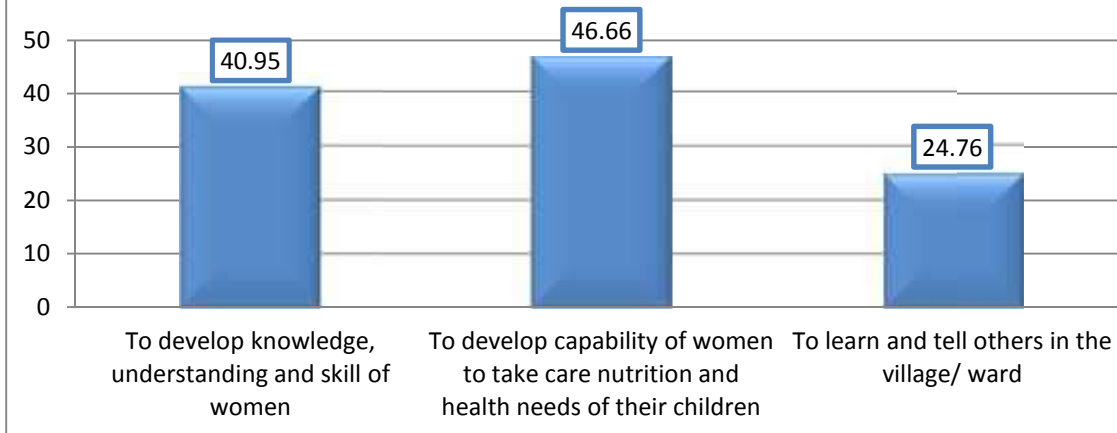

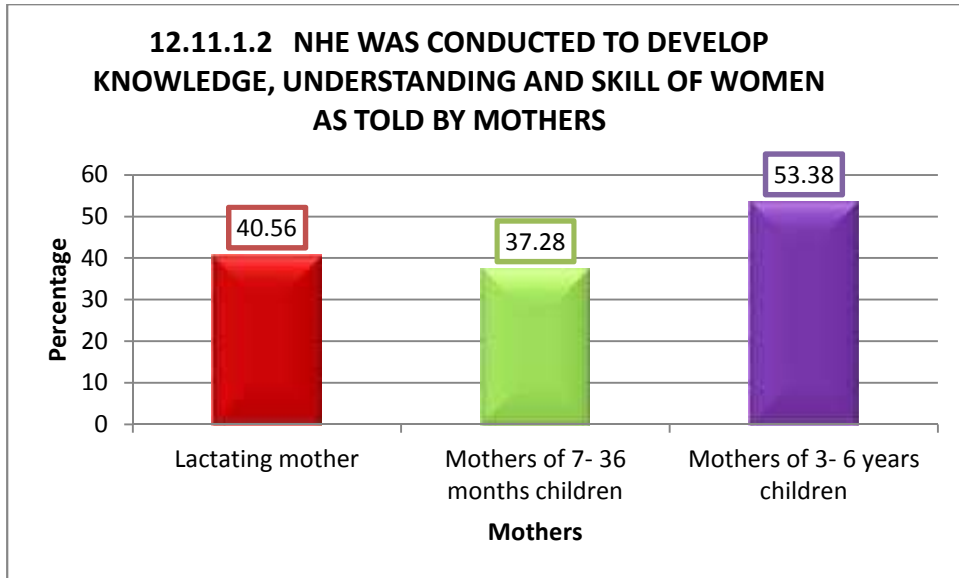

12.10.2 Ten per cent pregnant women, 21 per cent lactating mothers, 20 per cent 7-36 months children and 8 per cent children (3-6 years) were referred to first referral unit (FRU).

12.11: NUTRITION AND HEALTH EDUCATION

12.11.1 Around 47 per cent pregnant women reported that the reason for conducting NHE was to develop capabilities of mother/ women to take care nutrition and health needs of their children. Whereas, 43.96 per cent lactating mothers, 39.83 per cent mothers (7- 36 months children) and 55.08 per cent mothers of 3- 6 years children reported that NHE was conducted to develop knowledge, understanding and skill of women.

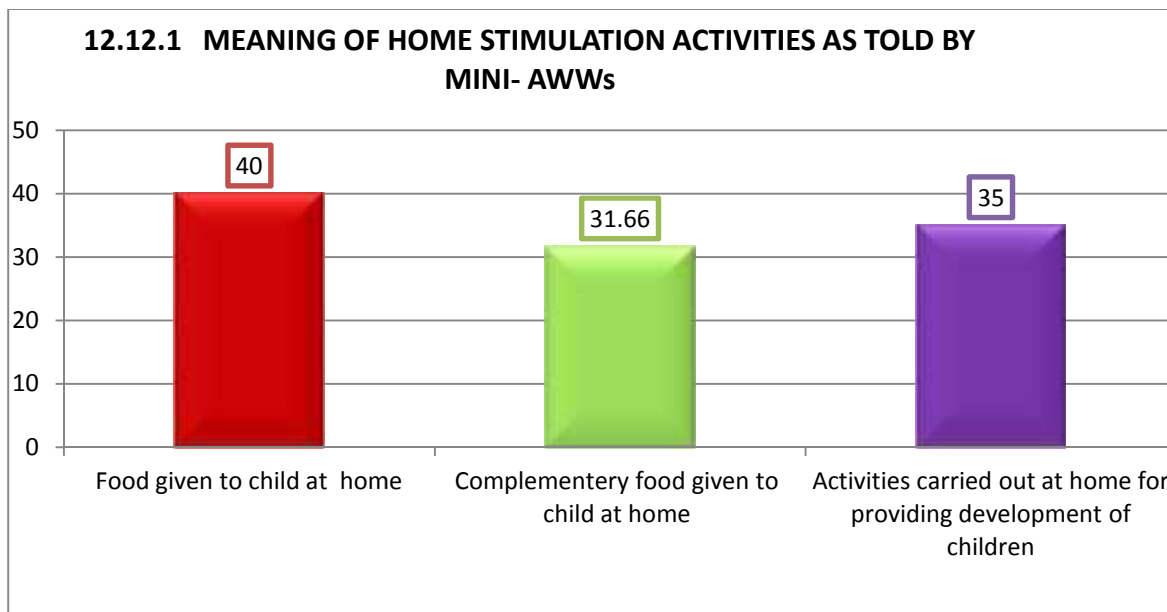

12.11.1.1 NEED FOR CONDUCTING NHE AS TOLD BY PREGNANT WOMEN

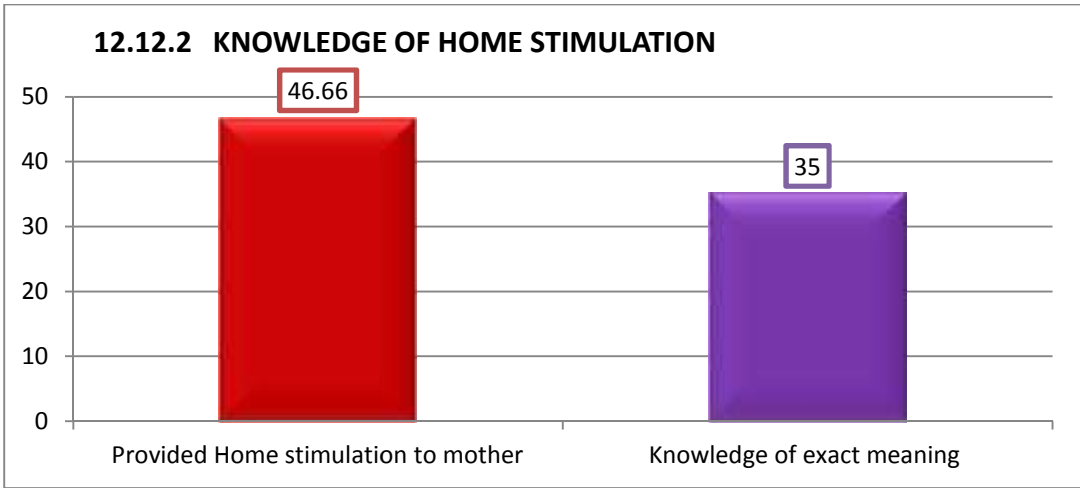

12.12: EARLY CHILDHOOD STIMULATION

12.12.1 It was found that 35 per cent of Mini- AWWs had the correct knowledge about the meaning of home stimulation activities that is activities carried out at home for promoting development of children.

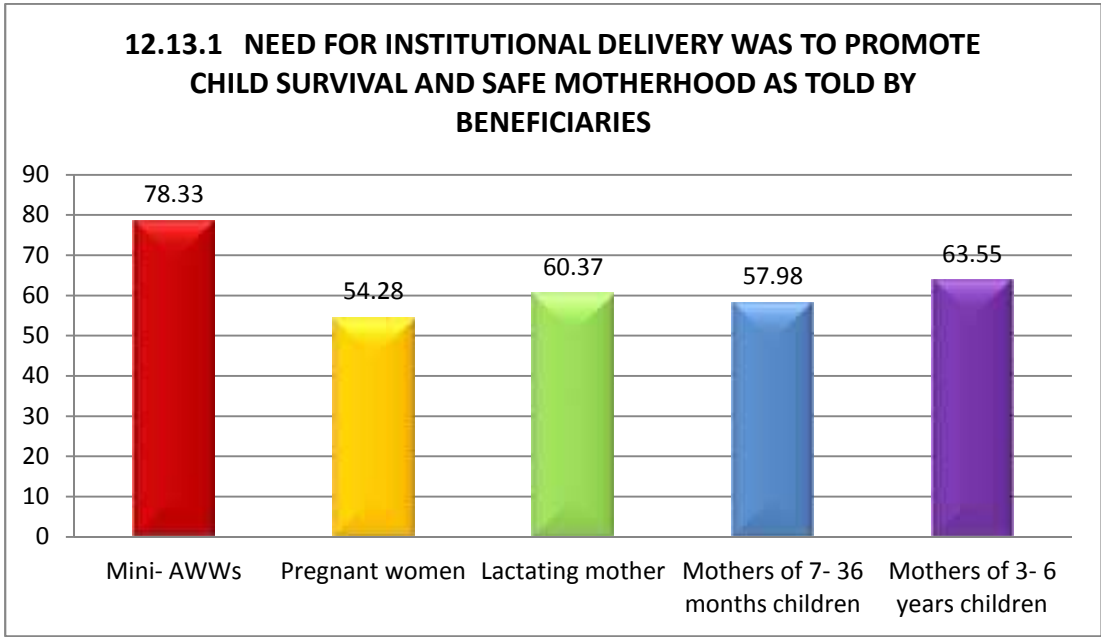

12.12.2 Around Forty seven per cent of Mini- AWWs provided home stimulation to mothers whereas only 35 per cent of them had the knowledge of exact meaning of home stimulation. This might be due to guidance provided to mothers on case of new born child, early and exclusive breast feeding complementary feeding etc. covered under NHE conducted by Mini-AWWs.

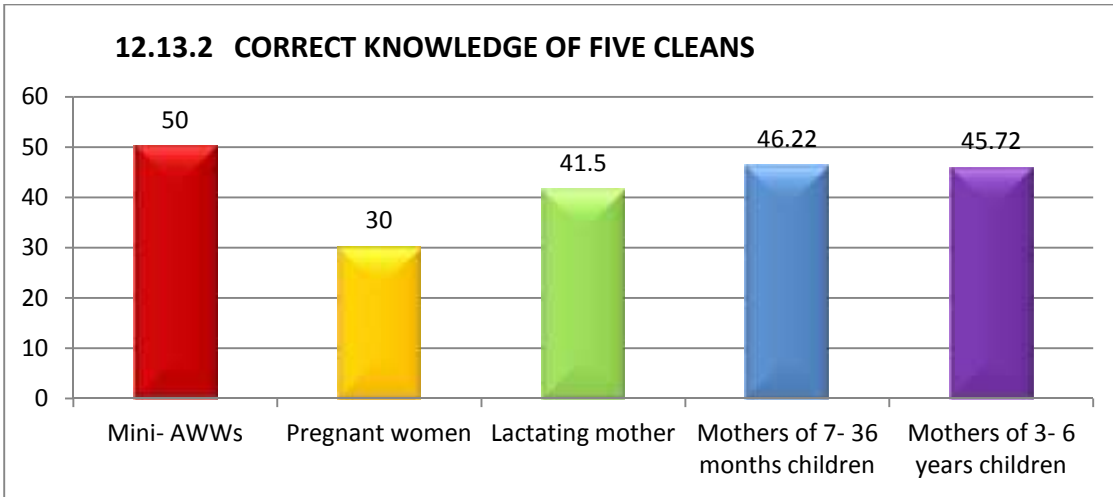

12.13: SAFE DELIVERY

12.13.1 It was found that 78.33 per cent of Mini- AWWs, 55.23 per cent of pregnant women, 60.37 per cent of lactating mothers, 57.98 per cent of mothers of 7- 36 months children and 63.55 per cent of mothers of 3- 6 years children were of the view that the need for institutional delivery was to promote child survival and safe motherhood.

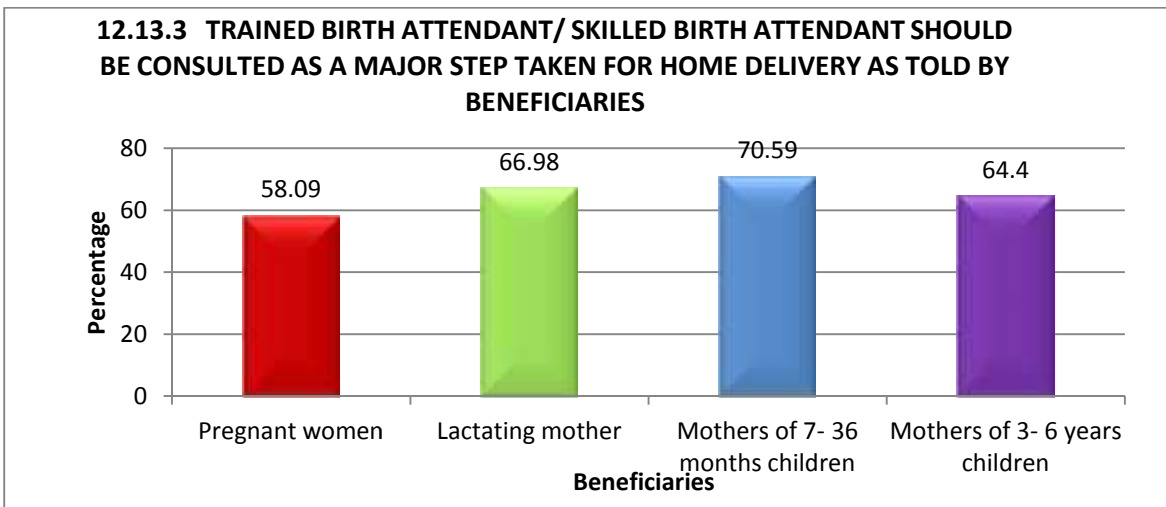

The study conducted by NIPCCD (2012) found that 76.7 per cent Pregnant women preferred institutional delivery over domestic delivery.

12.13.2 Fifty per cent Mini- AWWs had the correct knowledge of five cleans compared to 30 per cent of pregnant women, 56.30 per cent of lactating mothers, 46.22 per cent of mothers of 7- 36 months children, 45.72 per cent of mothers of 3-6 years children those had the correct knowledge of five cleans.

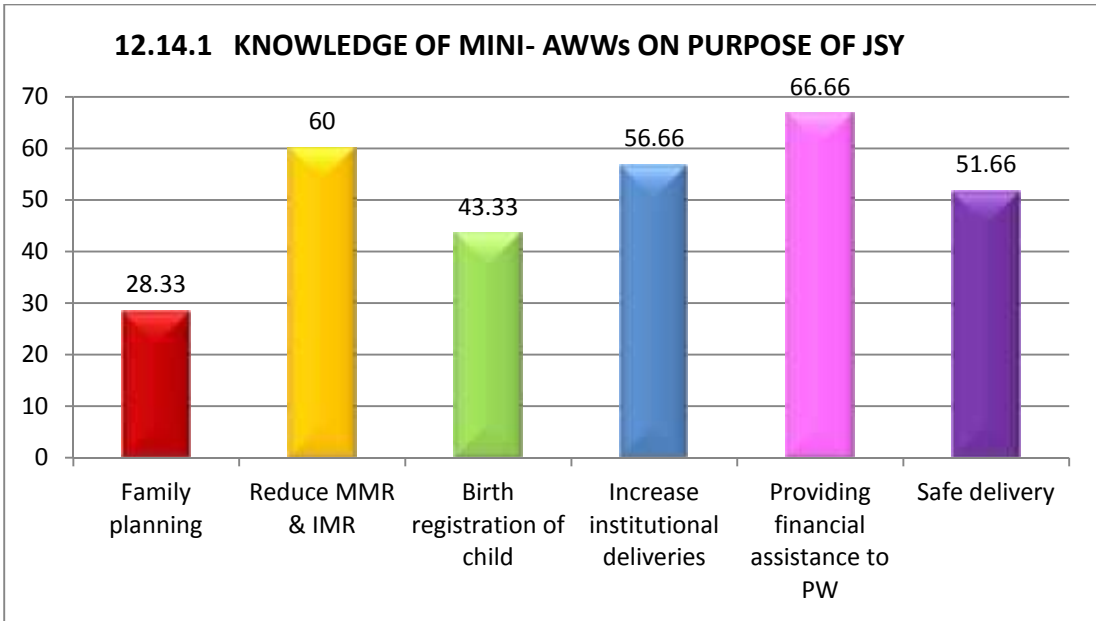

However, it was observed in the study conducted by NIPCCD (2012) that 41 per cent Pregnant women were aware about the five cleans to be adhered in case of home delivery.

12.13.3 Around 58 per cent of pregnant women, 67 per cent of lactating mothers, 71 per cent of mothers of 7- 36 months children, 64 per cent of mothers of 3- 6 years children opined that trained birth attendant/ skilled birth attendant should be consulted as a major step for preparation of home delivery.

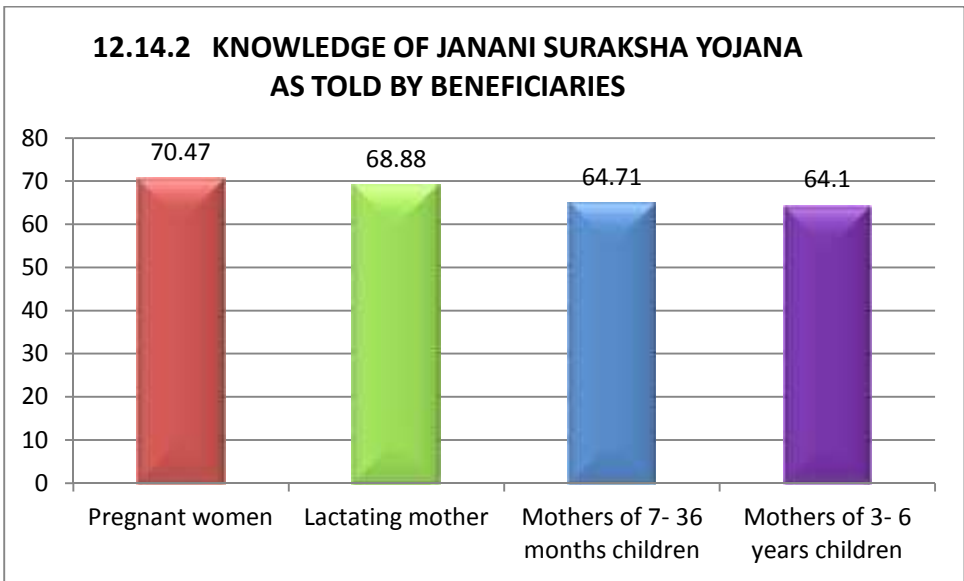

12.14: JANANI SURAKSHA YOJANA

12.14.1 Around 67 per cent Mini- AWWs told that the purpose of Janani Suraksha Yojana is to provide financial assistance to pregnant women in all the five states.

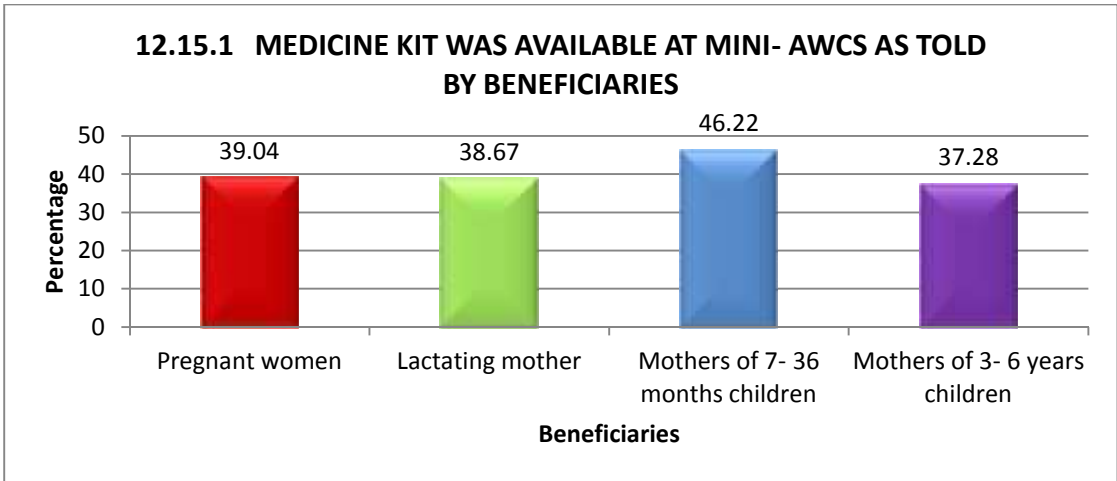

12.14.2 It was found that around 70.47 per cent pregnant women, 68.88 per cent lactating women, 64.71 per cent mothers of 7- 36 months children and 64.10 per cent mothers of 3- 6 years children had knowledge of Janani Suraksha Yojana in all the five states.

The study conducted by NIPCCD (2012) found that 85 per cent Pregnant women and 22 per cent lactating mothers were aware of Janani Suraksha Yojana.

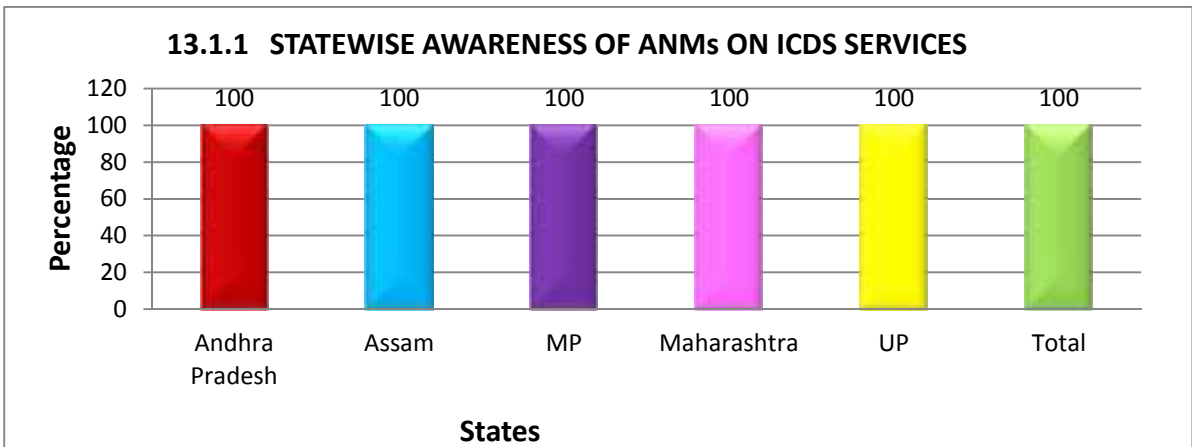

12.15: MEDICINE KIT

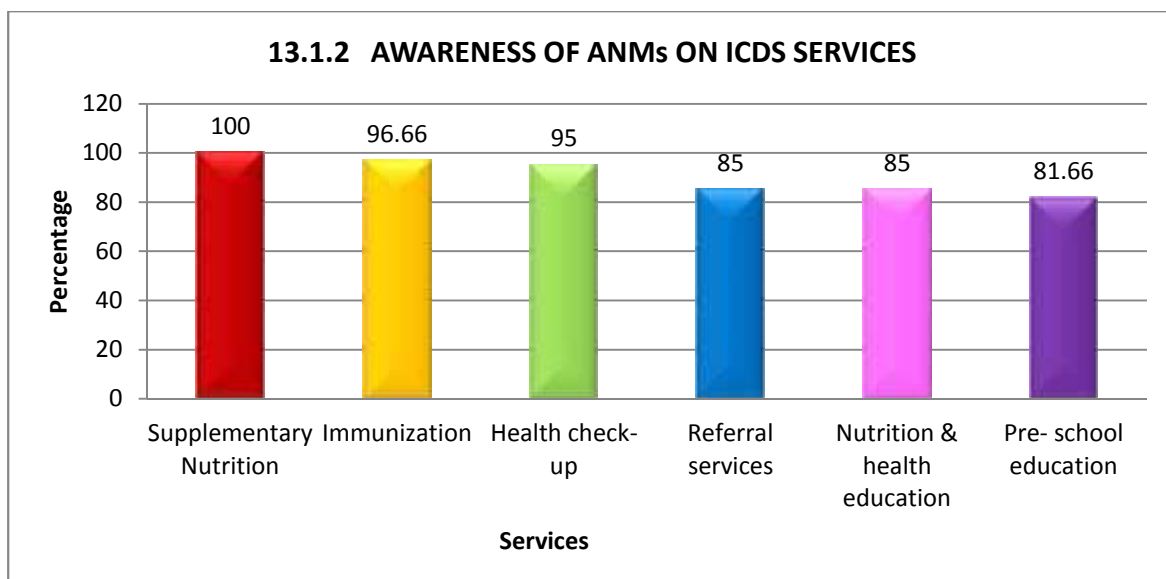

12.15.1 Thirty Nine per cent pregnant women, 39 per cent lactating mothers, 46.22 per cent mothers of 7- 36 months children and 37.28 per cent mothers of 3- 6 years children reported that medicine kit was available at Mini- AWCs in all the five states.

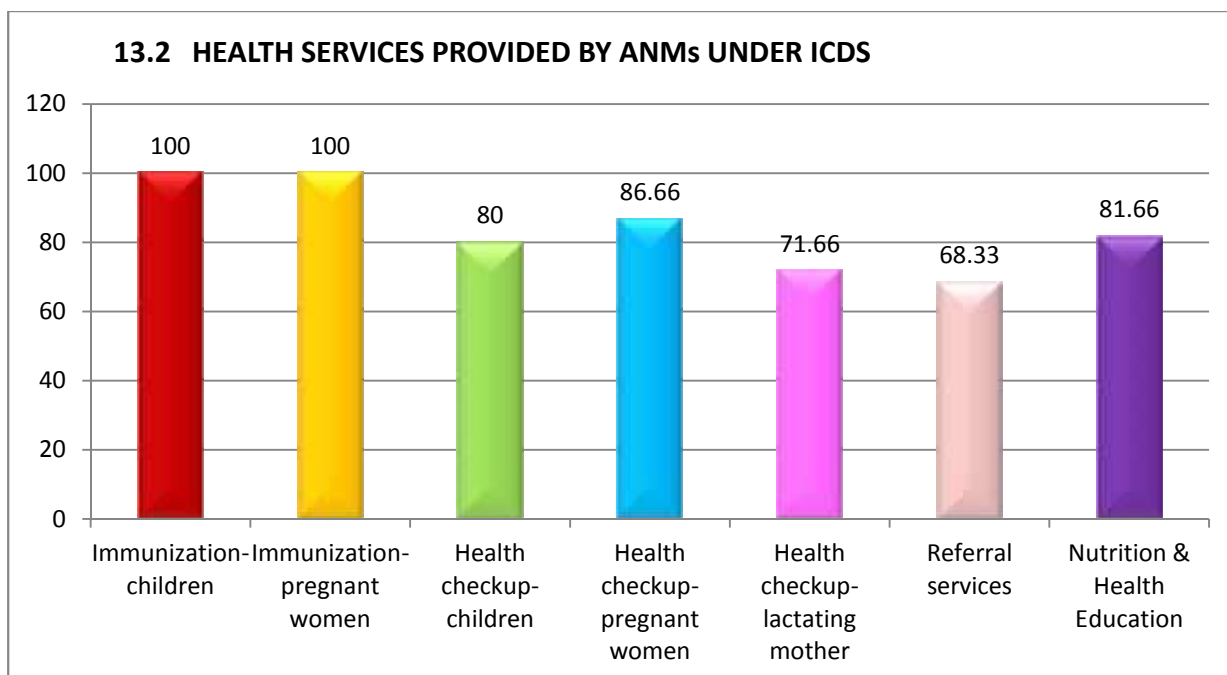

13: COOPERATION FROM HEALTH OFFICIALS

13.1 All the ANMs reported that they were aware of the services provided under ICDS in all the five states. It may be mentioned that all of them were aware of supplementary nutrition, 96.66 per cent were aware of immunisation, 95 per cent were aware of health check- up, 85 per cent were aware of referral service, 85 per cent were aware of nutrition and health education and 81.66 per cent were aware of preschool education.

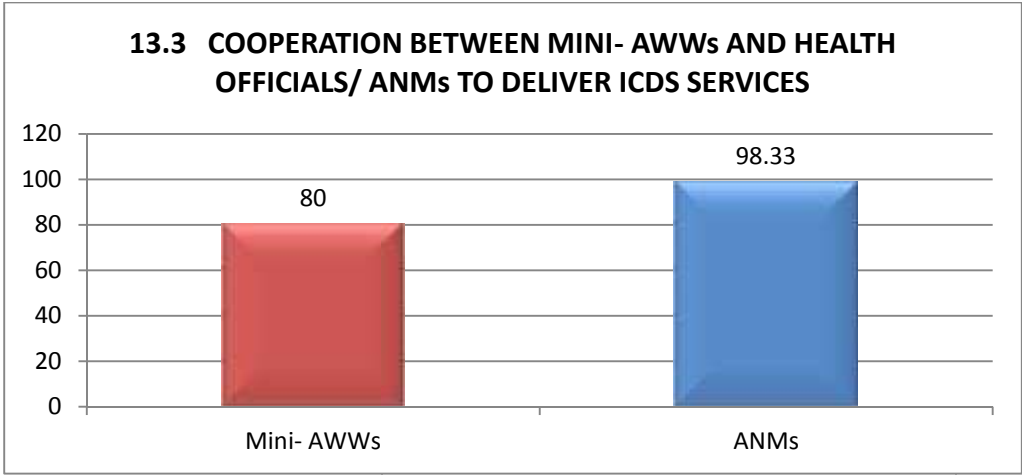

13.2 All the ANMs reported that they were involved in providing health services under ICDS and services provided by them to beneficiaries were immunisation of children (100%), immunisation of pregnant women (100%), health check- up of children (80%), health check- up of pregnant women (86.66%), health check- up of lactating mothers (71.66%), Referral service (68.33%) and Nutrition and Health Education (81.66%) in all the five states.

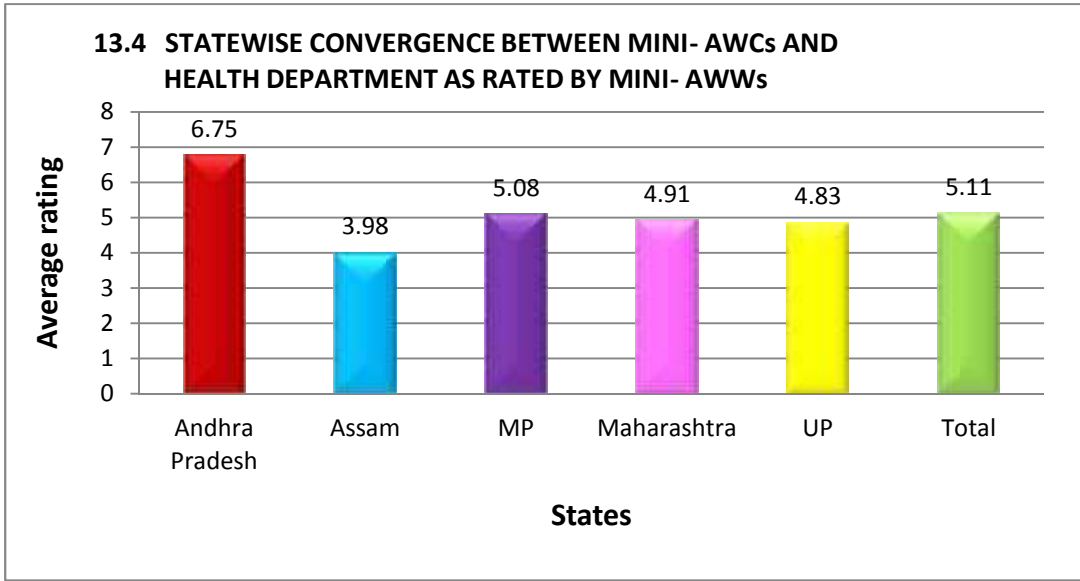

13.3 Eighty per cent Mini- AWWs reported that they got adequate cooperation from health officials/ ANMs, whereas 98.33 per cent ANMs reported that they got required cooperation from Mini- AWWs in all the five states.

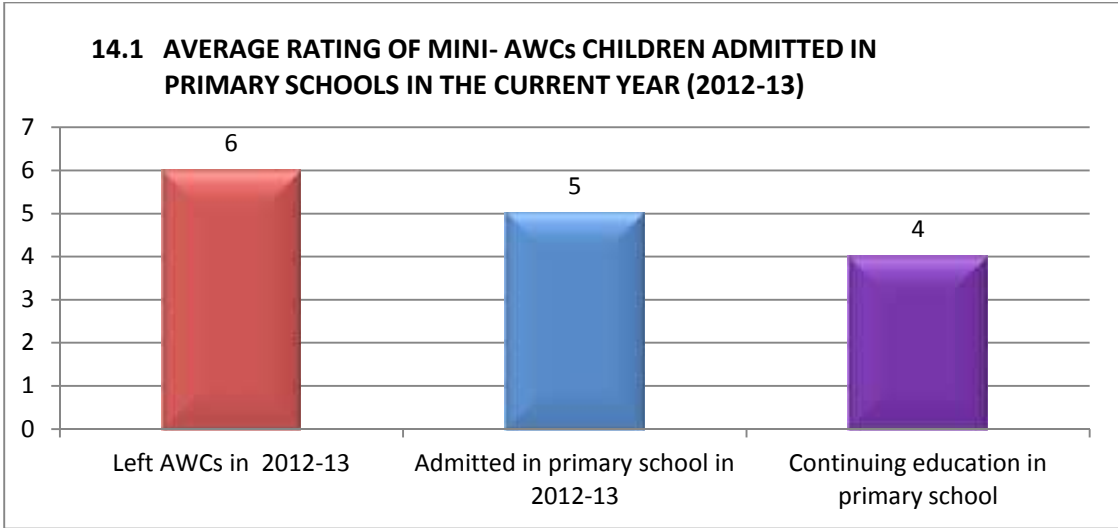

It was observed in the study conducted by NIPCCD (2012) that 56 per cent health functionaries and 62 per cent ICDS functionaries were of the view that they were making joint visits to strengthen coordination and convergence.

13.4 On a ten point scale average rating given by Mini- AWWs on convergence between Mini- AWCs and health department was found to be 5.11

14: CONVERGENCE BETWEEN MINI- AWC AND PRIMARY SCHOOL

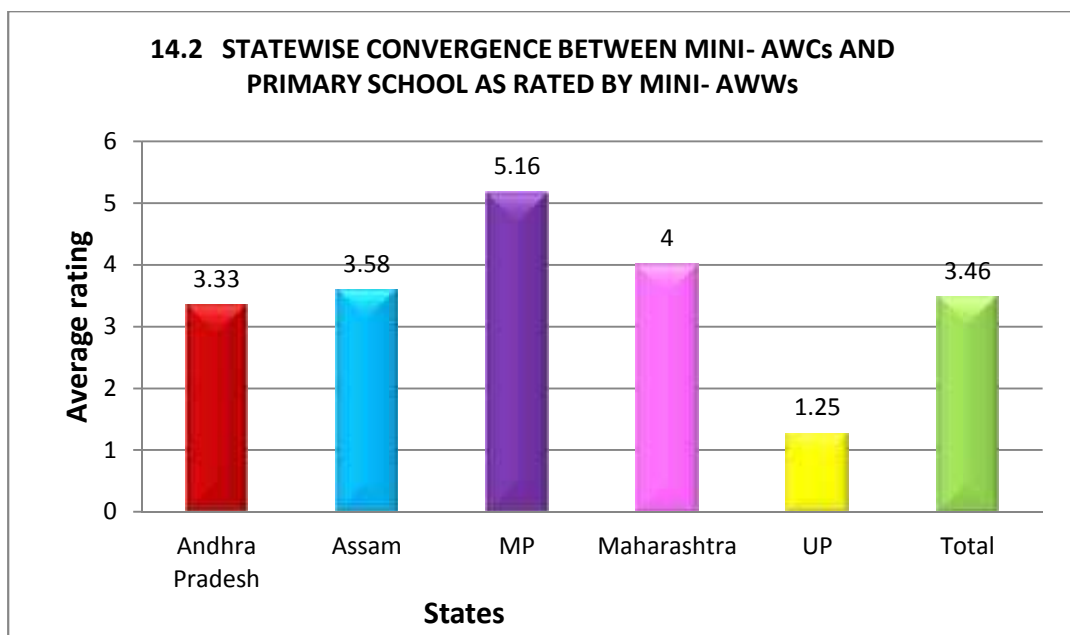

14.1 On an average, 6 children left from one Mini- AWC in the years 2012- 13, 5 children took admission in primary school and only 4 were continuing education in primary school.

As found in the present study out of 6 children, 5 children took admission in primary school i.e. 83 per cent. In the study conducted by CAG (2012- 13), similar findings were observed. Eighty three per cent children joined formal education. The study conducted by NIPCCD (2012) found that almost all AWWs (94.33%) responded that Primary school teachers were cooperative in the admission of children into Primary school. Majority of AWWs (93.33%) responded that enrolment rate of children had been increasing and 80.67 per cent of AWWs stated that dropout rates had declined.

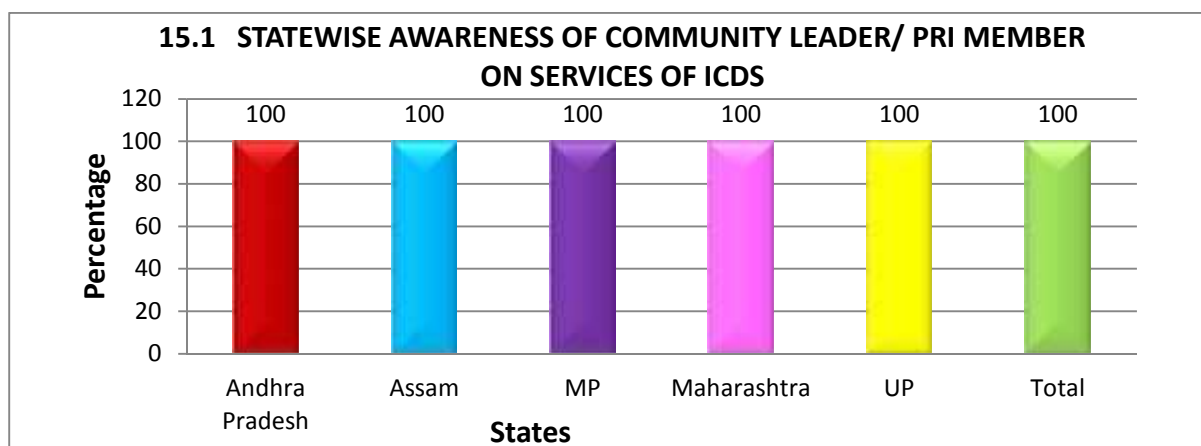

Recommendation- Keeping in view the fact that all children coming out of Mini-AWCs are not admitted in to primary school, Mini-AWWs are to prepare a list of children coming out from Mini-AWCs and hand over the same to nearest primary school for joint action of Mini-AWC and primary school for admission of children in to primary school.

14.2 On a ten point scale, convergence between Mini- AWCs and primary school was rated as 3.46 by Mini- AWWs of all the five states.

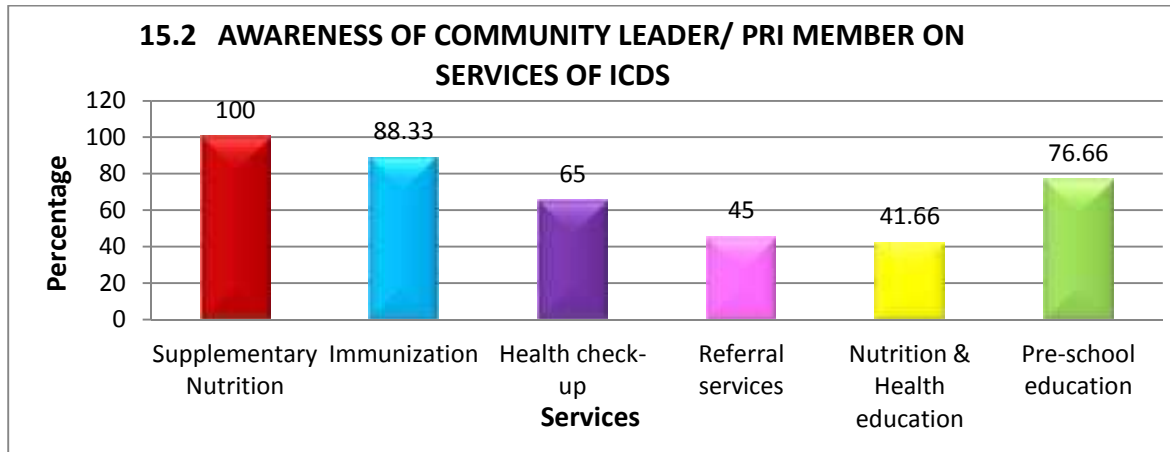

15: COMMUNITY PARTICIPATION

15.1 All the community leaders/ PRI members reported that they were aware of services provided under ICDS in all the five states.

Similar findings were observed in the study conducted by NIPCCD (2012) that 93 per cent community leaders were aware of the services provided under ICDS. However, the study conducted by Planning Commission (2011) observed about 70 per cent of community leaders felt that the ICDS programme was very beneficial to the community and 26.5 per cent of them regarded the programme to be beneficial to 'some extent' in the country. In Bihar and Assam only 39 per cent of the community leaders were of the opinion that the AWCs were 'very beneficial'. This was the lowest among all the states. In Gujarat, Kerala and Uttarakhand more than 90 per cent of the community leaders stated that AWCs were very beneficial.

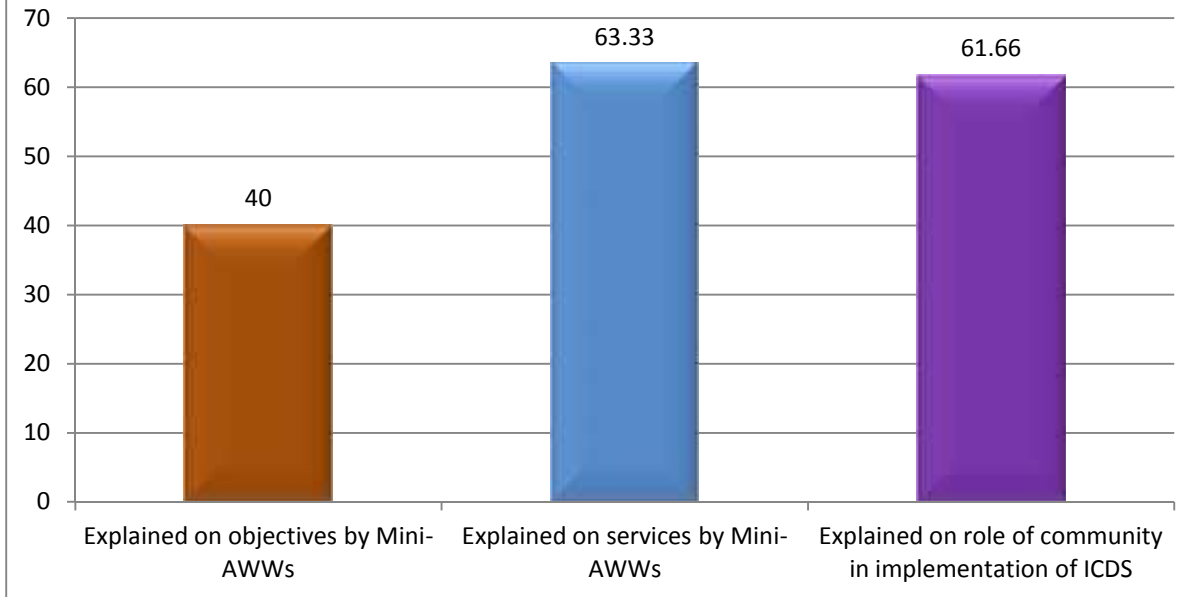

15.2 All Community leaders/ PRI members were aware of supplementary nutrition, 88.33 per cent were aware of immunisation, 65 per cent were aware of health check- up, 45 per cent were aware of referral service, 41.66 per cent were aware of NHE and 76.66 per cent were aware of PSE in all the five states.

The study conducted by NIPCCD (2012) found that 50 per cent of the community leaders were aware of Referral services, 70 per cent of them were aware about use of Medicines Kit, 77 per cent of them were aware of Health check- up, 91 per cent of the community leaders were having knowledge about Supplementary Nutrition, 87 per cent of them were aware of the service of Immunisation and 83 per cent were aware about preschool education.

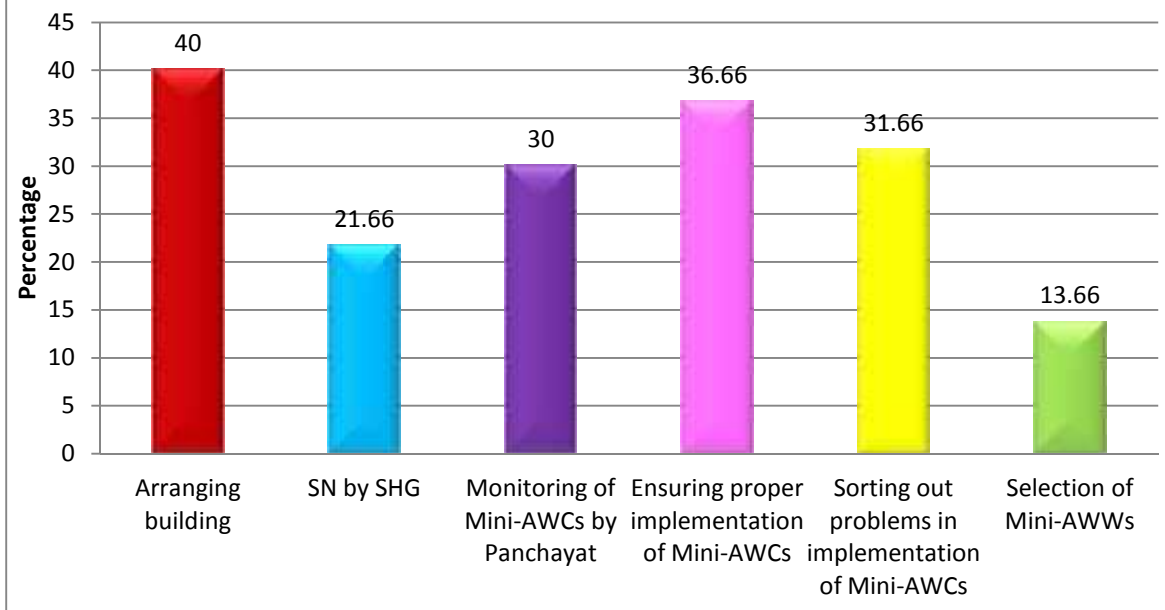

15.3 Community leaders/ PRI members reported that Mini- AWWs explained them about the objectives of ICDS (40%), the services of Mini- AWCs (63.33%) and the role of community in implementing ICDS (61.66%).

15.3 MINI- AWWs/ ICDS FUNCTIONARIES EXPLAINING CLs/ PRI MEMBERS ON OBJECTIVES, SERVICES OF ICDS AND ROLE OF COMMUNITY IN IMPLEMENTATION OF ICDS AS TOLD BY CLs/ PRI MEMBERS

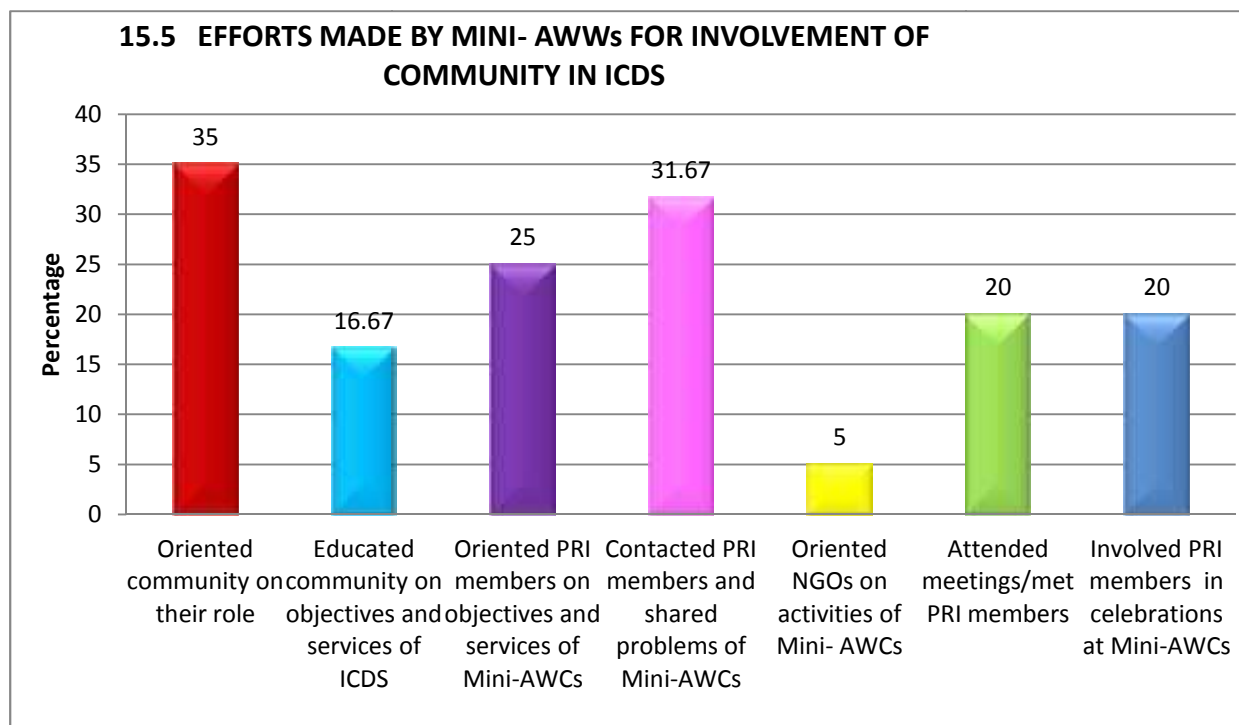

15.4 According to Community leaders/ PRI members, the role of community in implementation of Mini- AWC was to arrange building for Mini- AWC (40%), preparation of Supplementary Nutrition by SHG (21.66%), selection of Mini- AWWs (13.66%), monitoring of Mini- AWCs (30%), ensuring proper implementation of Mini- AWCs (36.66%) and sorting out problems in implementation of Mini- AWCs (31.66%).

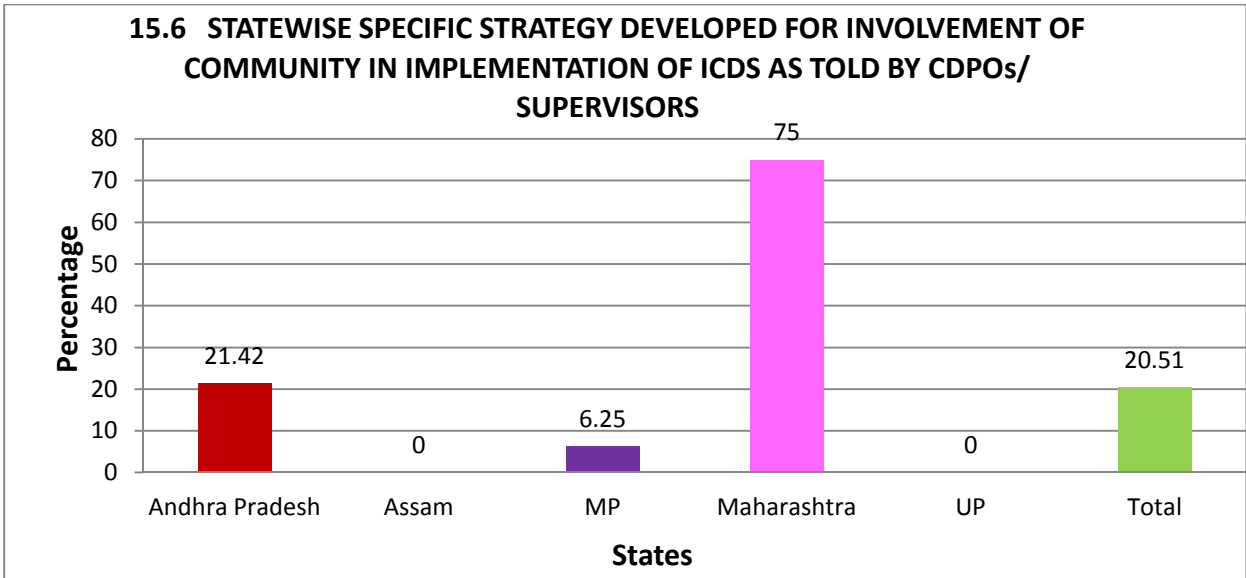

15.4 ROLE OF COMMUNITY AS TOLD BY CLs/ PRI MEMBERS IN IMPLEMENTATION OF ICDS

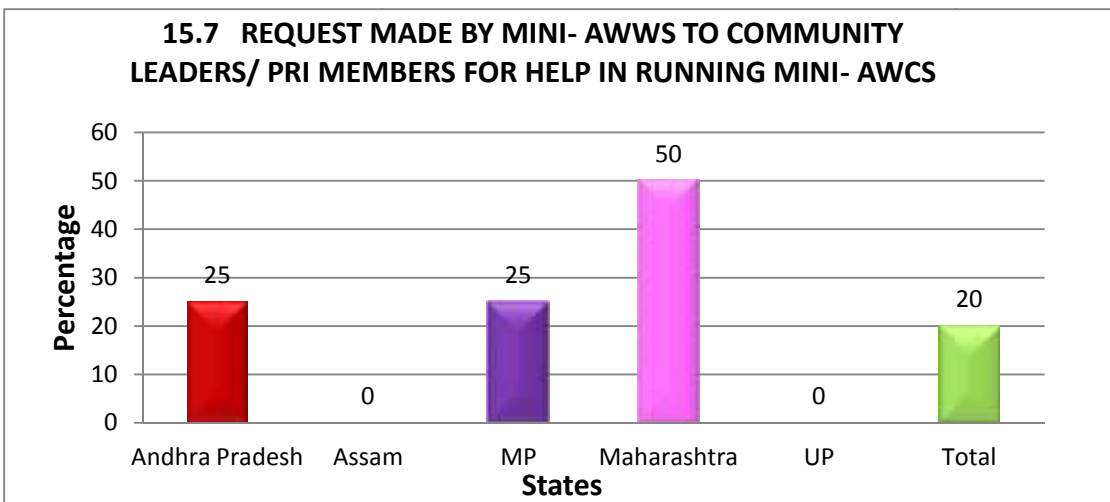

15.5 For involvement of community in ICDS, Mini- AWWs told that they oriented community on their role (35%), educated community on objectives and services of ICDS (16.67%), oriented PRI members on objectives and services of Mini- AWC (25%), contacted PRI members and shared problems of Mini- AWCs (31.67%), oriented NGOs on activities of Mini- AWC (5%), attended meeting/ Met PRI members (20%) and involved PRI members in celebrations at Mini- AWCs (20%).

15.6 Around 21 per cent CDPOs/ Supervisors reported that they developed strategy for involvement of community in implementation of ICDS. The strategies included organising village level meetings, lok kalyan camp, community awareness programmes, mother meetings, home visit, joint visit, Manavikas camp, Arogyasevasatr, Bachat gat sahabhag and mangal divas.

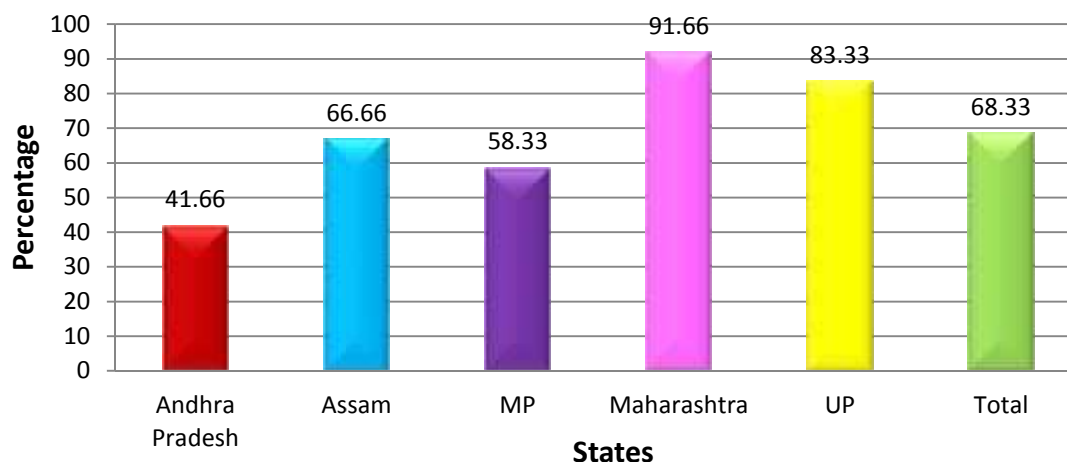

15.7 Twenty per cent Community leaders/ PRI members reported that Mini- AWWs made request to them for help in running Mini- AWCs.

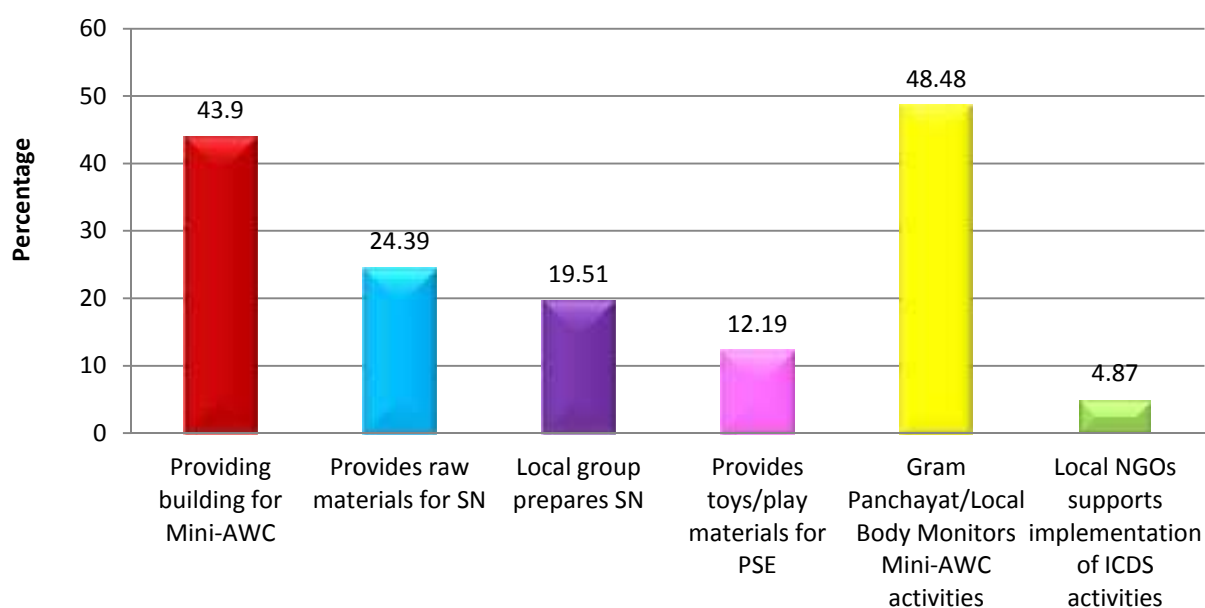

15.8 In Andhra Pradesh requests made by Mini- AWWs did not bring adequate result, whereas in Maharashtra and M.P. most of the requests were fulfilled. No request was made in Assam and U.P.

15.9 Around 68 per cent Mini- AWWs reported that community was involved in implementation of ICDS programme and the areas of involvement were providing building for Mini- AWC (46.34%), providing raw materials for Supplementary Nutrition (24.39%), local groups prepared Supplementary Nutrition (19.51%), providing toys/ play materials for PSE (12.19%), monitoring Mini- AWC activities by Gram Panchayat/ Local Bodies (48.48%) and support from NGOs in the implementation of ICDS (4.87%).

15.9.1 STATEWISE INVOLVEMENT OF COMMUNITY IN IMPLEMENTATION OF ICDS PROGRAMME AS TOLD BY MINI- AWWs

15.9.2 AREAS OF INVOLVEMENT OF ICDS

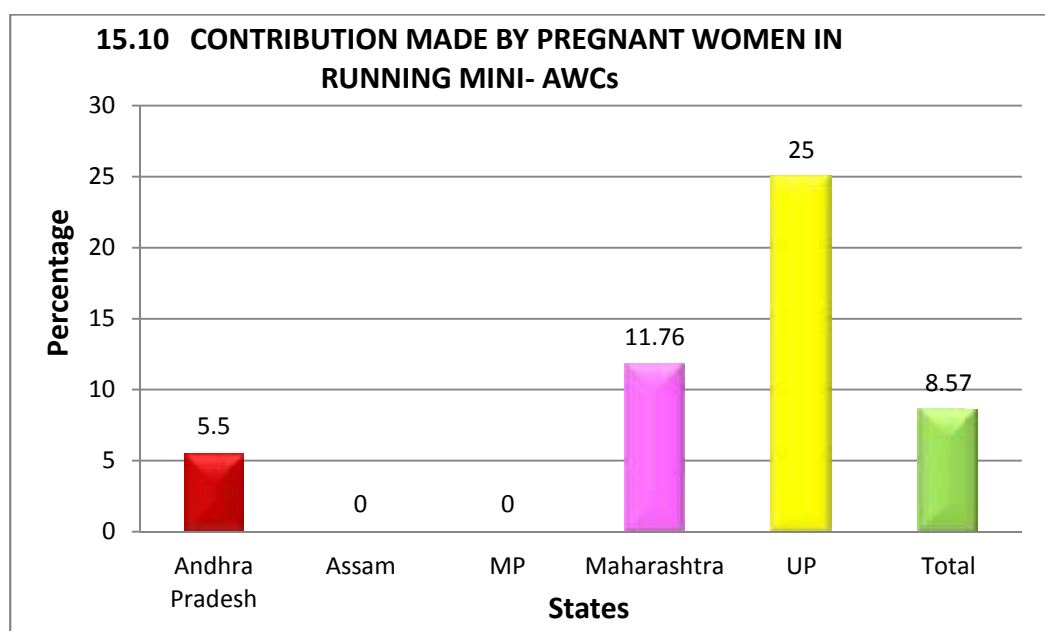

It was observed in the study conducted by NIPCCD (2012) that community leader extended support by providing building (57.32%), providing raw material to prepare Supplementary Nutrition (59.29%), providing toys and play materials (48.04%). Similarly, the study conducted by Planning Commission (2011) found that less than 50 per cent of the community leaders reported in providing help in the activities of AWC. Community leaders contribution for almost all of the activities was good in Kerala, with the figure being 80 per cent for all the activities except providing materials to conduct pre- school activities, for which the contribution was 100 per cent. In Jharkhand and West Bengal, the contribution of the leaders was abysmally low in respect of most activities.

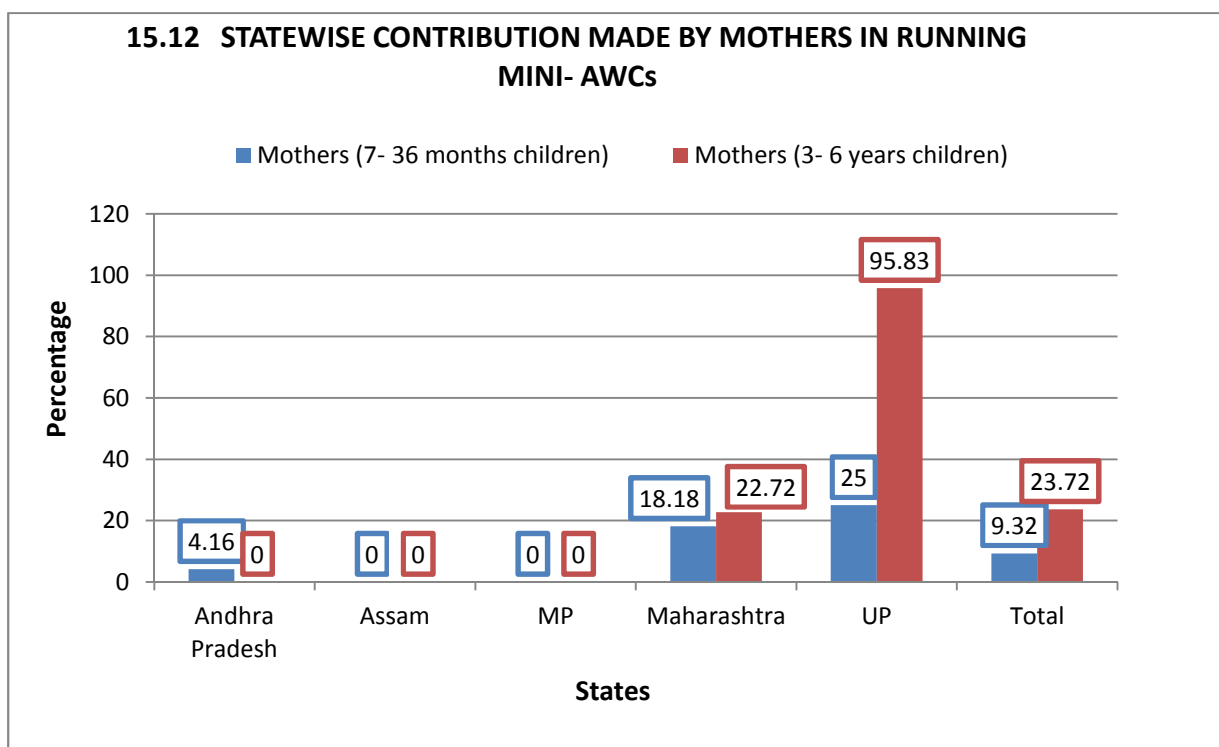

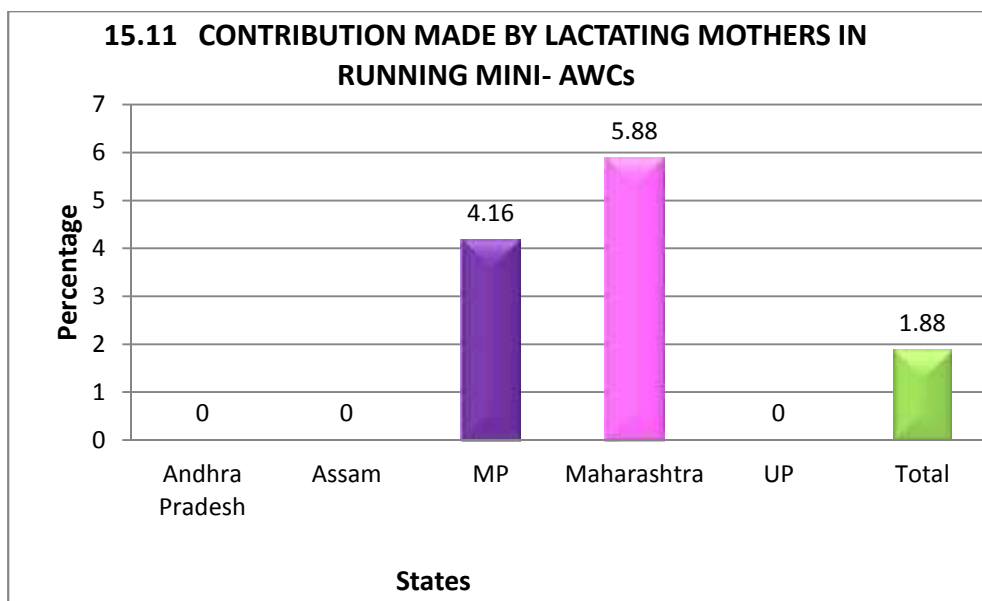

15.10 Around 9 per cent pregnant women reported that they contributed in the implementation/ running of Mini- AWC. Major contributions as reported by them were dropping children at AWCs, attended NHE sessions and participated in immunisation programme.

15.11 Only 1.88 per cent lactating mothers reported that they contributed in the implementation/ running of Mini- AWC by bringing children to AWCs and community mobilization.

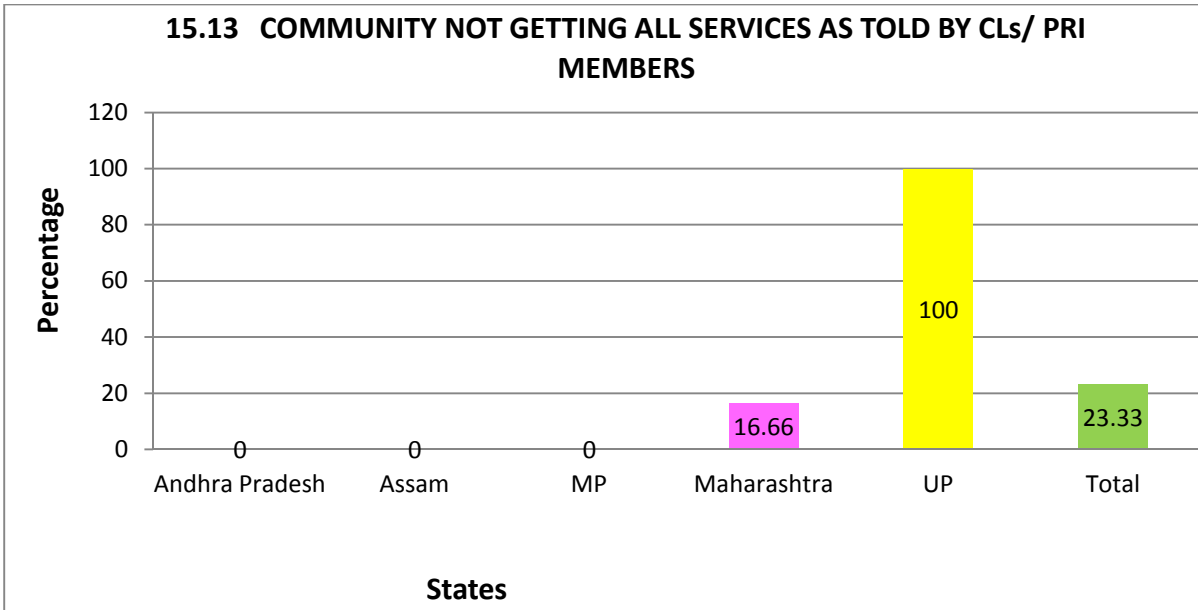

15.12 According to 9.32 per cent mothers of 7- 36 months children and 23.72 per cent mothers of 3- 6 years children, they contributed in running Mini- AWCs by cleaning and sweeping at AWCs, bringing children to Mini- AWCs, Attending NHE sessions and participated in immunisation etc.

In the study conducted by Planning Commission (2011), it was observed that 48.4 per cent of the AWWs reported getting help from the mothers of the beneficiary children in some form or the other. More than half the help (50.3%) was extended in the form of 'Mobilizing Children and Mothers', 21.2 per cent in the form of 'Monitoring', 7.7 per cent by way of 'Providing infrastructure' and 20.9 per cent in 'other' forms. It was seen that the maximum per centage of AWWs in Kerala (94%) reported received such help. The per centage in Uttarakhand, being 0 per cent, was the least.

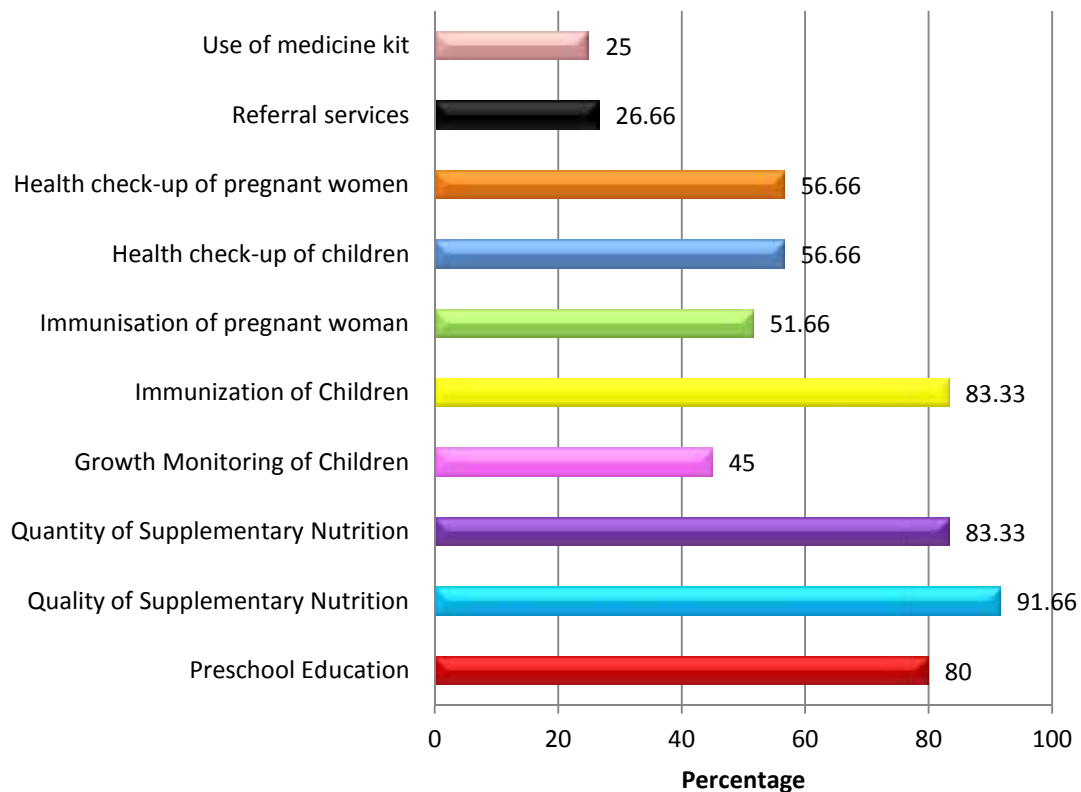

15.13 According to 23.33 per cent Community leaders/ PRI members, community was not getting all the services of Mini- AWCs. It may also be mentioned that CLs/ PRI members of only Maharashtra (16.66%) and U.P. (100%) reported that community was not getting all the services.

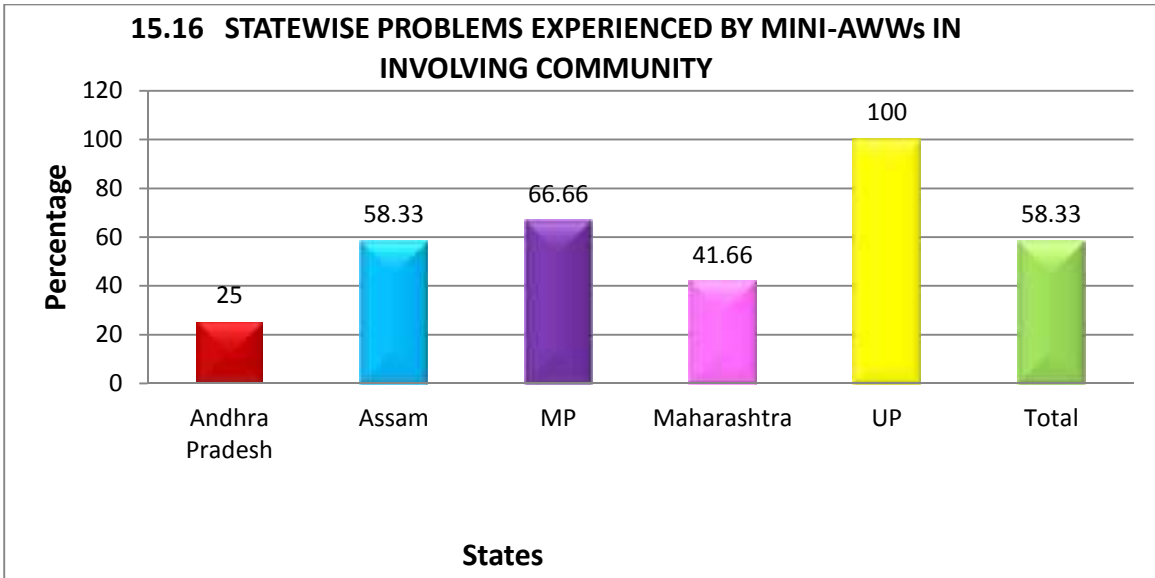

15.14 Reasons for not getting all the services of Mini- AWCs in Maharashtra as reported by CLs/ PRI members were non availability of PSE materials, health check- up was not done regularly, no NHE activities. However, in U.P. hot cooked food was not supplied regularly, PSE activities were not conducted regularly, Mini- AWWs were not trained, health check- up was not conducted at Mini- AWCs, health facility was not available etc.

15.15 According to 25 per cent CLs/PRI members, community was satisfied with delivery of all the ICDS services.

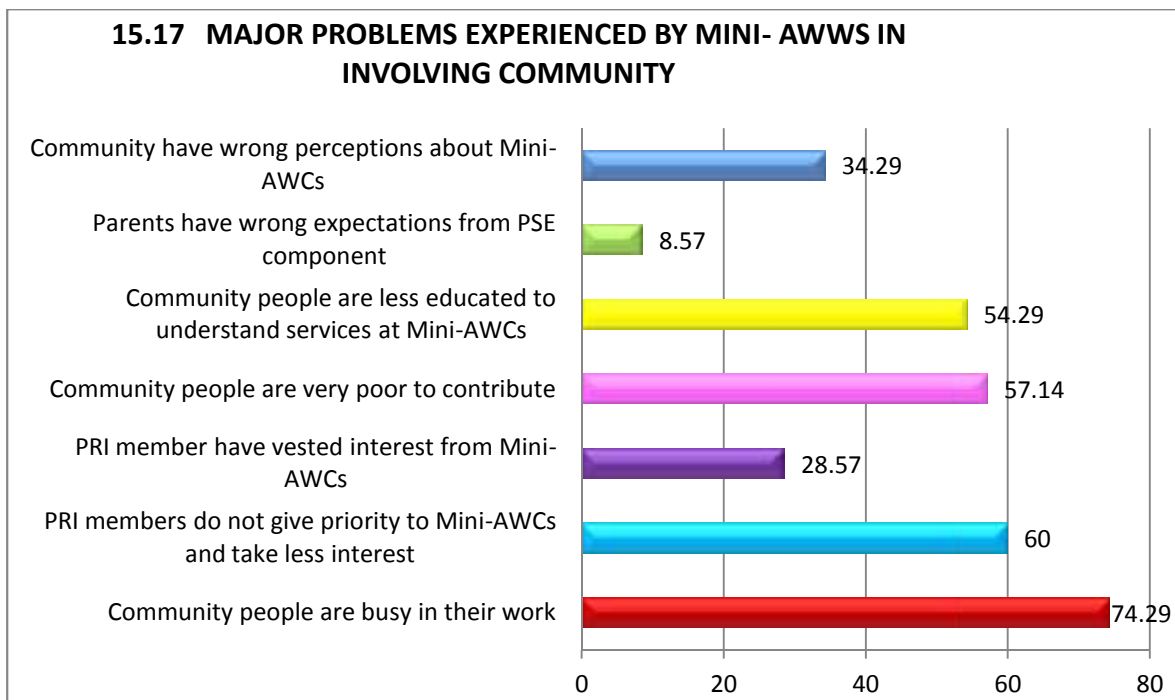

15.15 SATISFACTION OF COMMUNITY ON DELIVERY OF ICDS SERVICES AS STATED BY CLs/ PRI MEMBERS

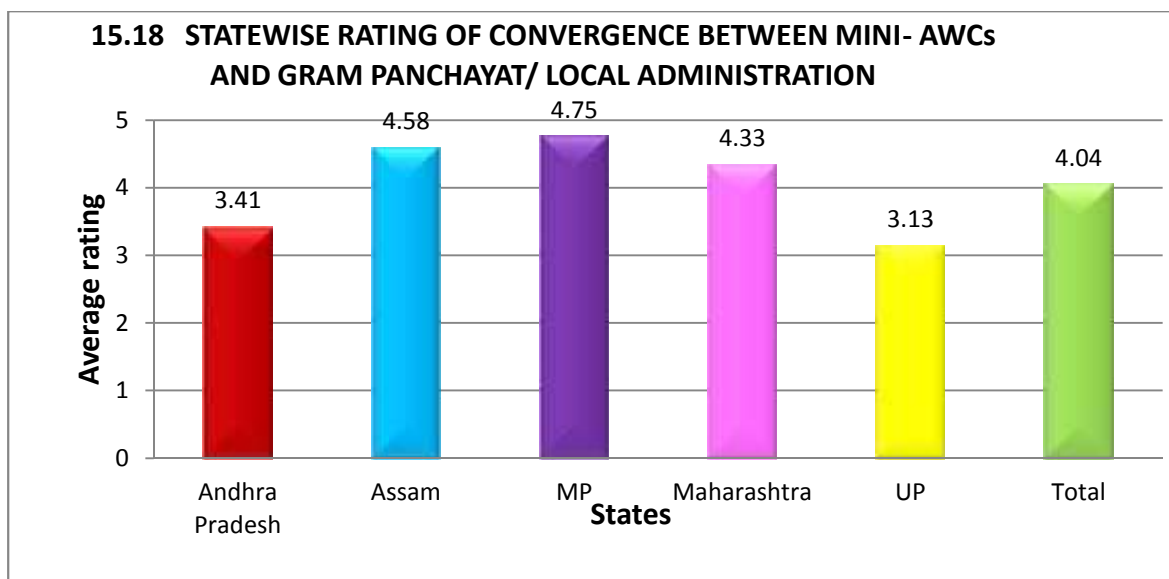

15.16 Around 58 per cent Mini- AWWs experienced problems in involving community in all the five states.

15.17 Major problems experienced by Mini- AWWs in involving community were community people were busy (74.29%), PRI members did not give priority to Mini- AWCs and took less interest (60%), Community people were very poor to contribute (57.14%), Community people were less educated (54.29%) etc in all the five states.

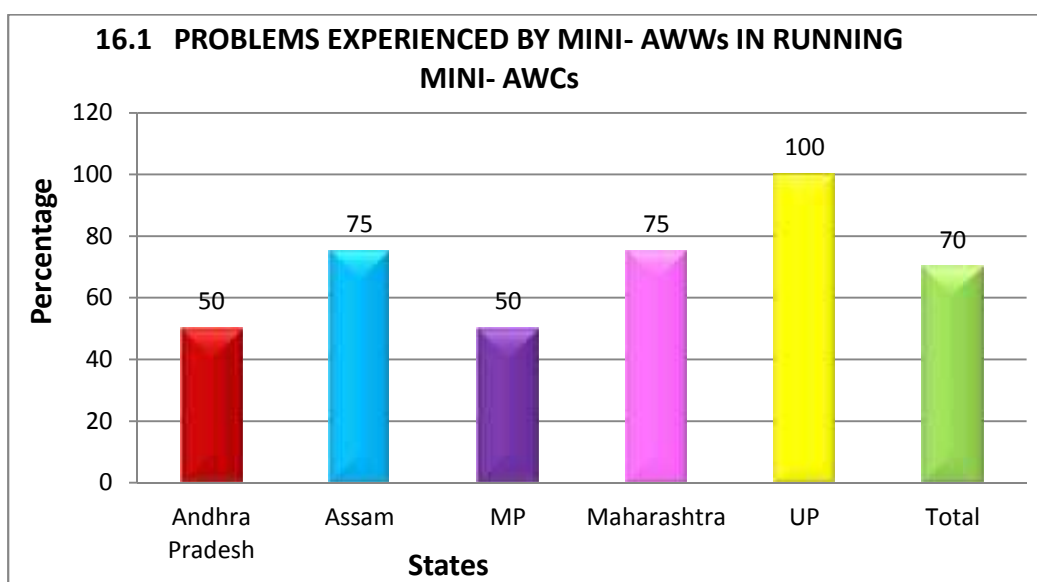

15.18 On a ten point scale, average rating of convergence between Mini- AWCs and Gram Panchayat/ Local Administration was rated to be 4.04 by Mini- AWWs of all the five states.

16: PROBLEMS/ CHALLENGES AND SUGGESSTIONS FOR BETTER IMPLEMENTATION OF MINI- AWCs

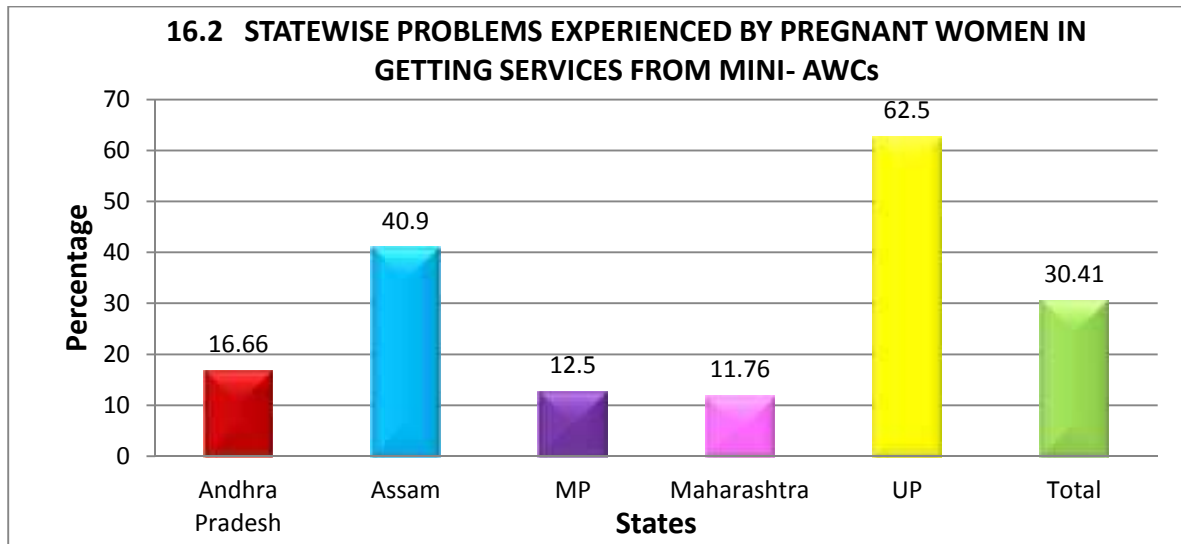

16.1 Seventy per cent Mini- AWWs experienced problems in running Mini- AWCs in all the five states. Problems experienced by them were lack of adequate space, lack of proper building, irregular supply of HCF, lack of PSE materials, non availability of medicine kit, NHE materials and growth charts and Mini- AWWs were not given JTC.

The study conducted by NIPCCD (2012) found that major problems experienced by AWWs were shortage of Supervisors (66.27%), Health Functionaries and unavailability of vehicles for proper implementation of ICDS. Other problem areas in implementation of ICDS

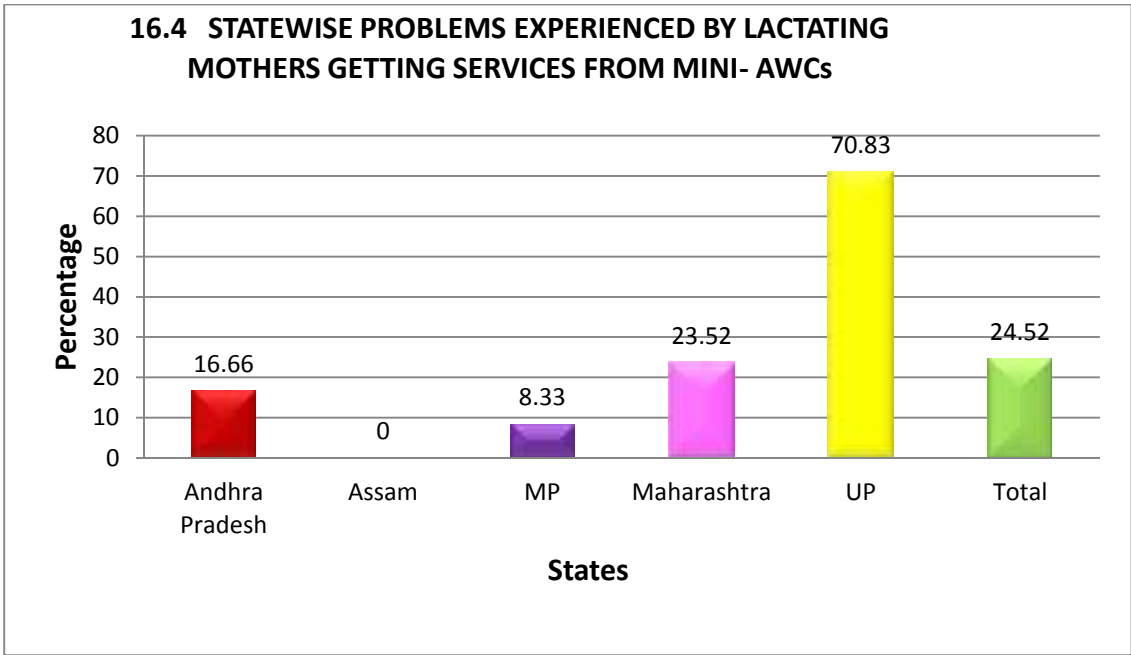

included additional work load followed by delay in supply of material like PSE/ Medicine kit etc and timely releasing funds etc.

16.2 Around 30 per cent pregnant women reported that they experienced problems in getting services from Mini- AWCs in all the five states.

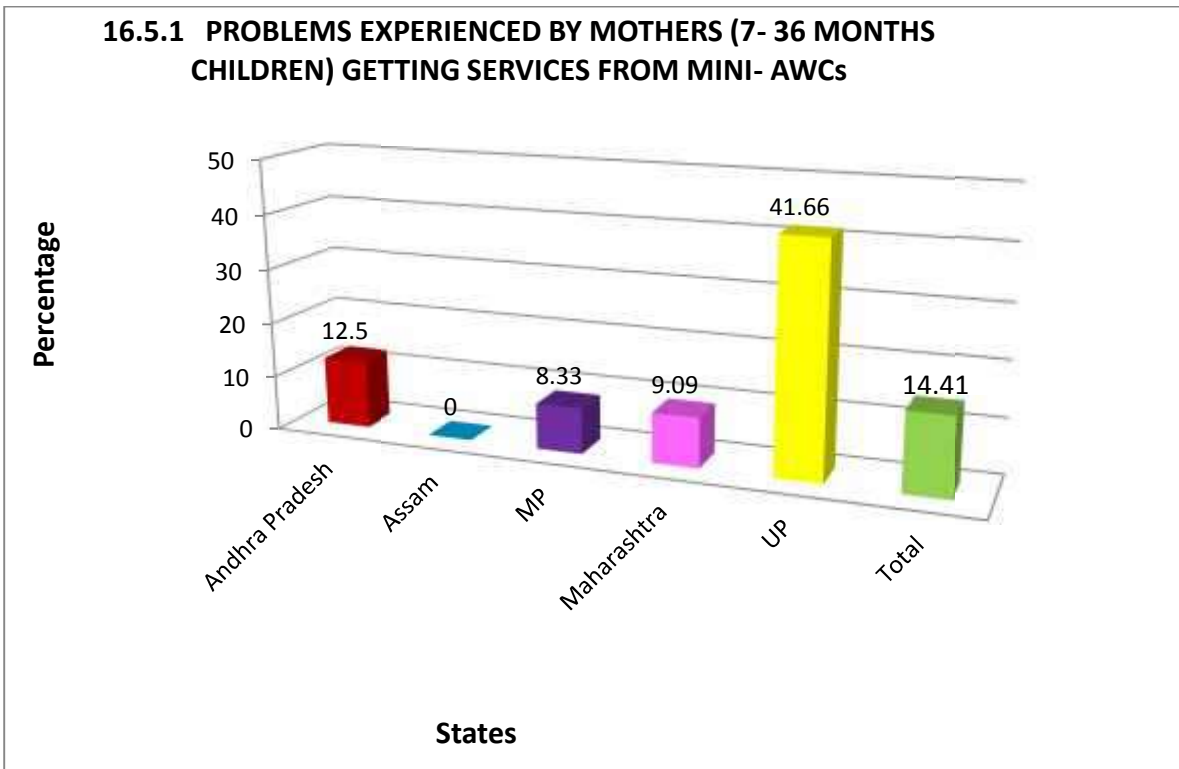

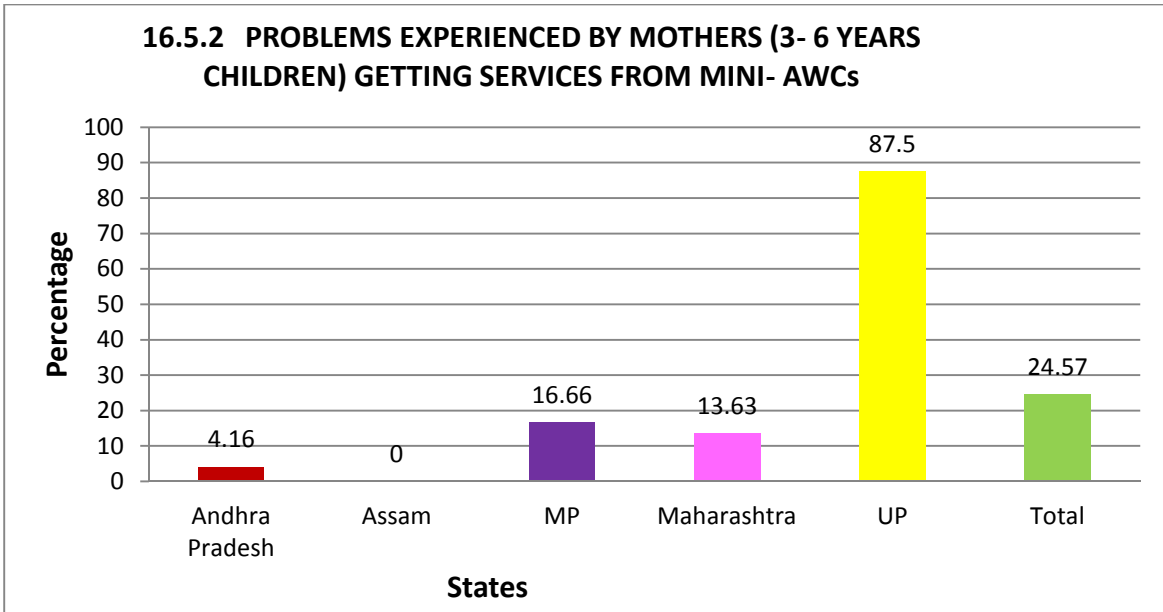

16.3 Major problems experienced by pregnant women were non availability of transport facility for institutional delivery, weighing and health check- up was done at Main- AWC, non cooperation from AWWs, irregular supply of HCF, inadequate medicine and health facility for children and pregnant women was not available.

16.4 According to 24.52 per cent lactating mothers, they experienced problems like non availability of health facility, lack of knowledge about facilities and most of the services were provided at the main centre and by AWWs etc.

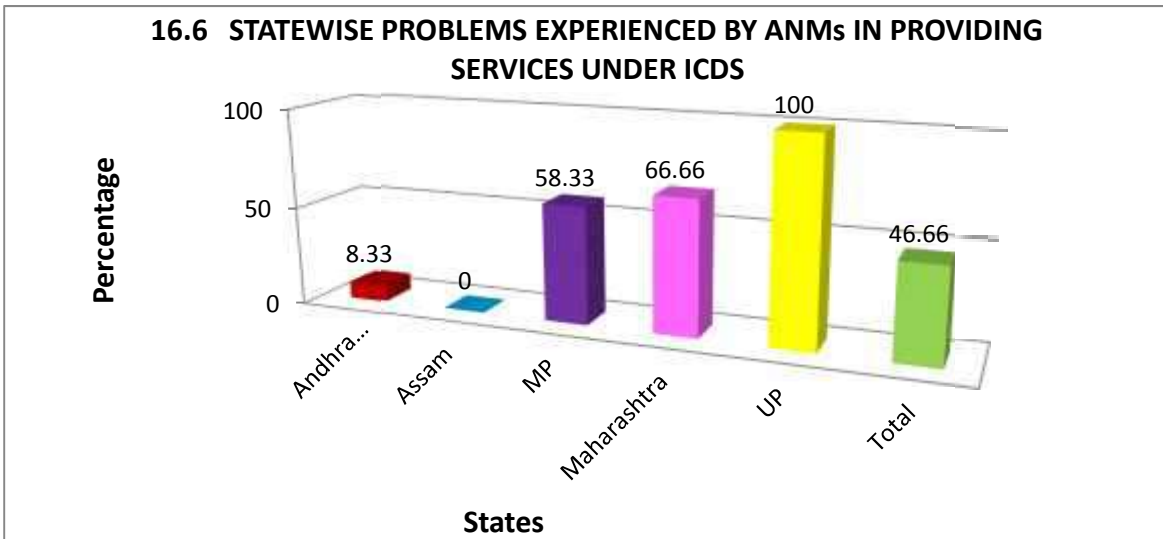

16.5 Major problems experienced by (14.41%) mothers of 7- 36 months children and (24.57%) mothers of 3- 6 years children were unavailability of PSE materials, unavailability of utensils and inadequate space for playing.

16.6 Around 47 per cent ANMs experienced problems in providing services under ICDS and major problems experienced by them in providing services were inadequate support by AWWs, unavailability of weighing scale and health check- up materials, poor community participation in health related issues and all beneficiaries did not come on time for immunisation etc.

Chapter 6

Recommendations

Recommendations

Keeping in view the sixth objective of the study, the suggestions and recommendations for the effective functioning of Mini-AWCs under ICDS have been mentioned below.

- Mini AWWs should be provided job training immediately after joining. Their joining should be linked to job training. District Programme Officer should be made accountable in respect of job training of Mini-AWWs.
- Every Mini-AWWs, Supervisor and CDPO should be provided Refresher Training once in two year after their job training for upgradation of their knowledge, understanding and skill on recent developments under ICDS and in the areas of women and child development and training. Every State/district should have data base/bank to facilitate timely deputation of ICDS functionaries for refresher training.
- Mini-AWC whose population entitles for a full fledged AWC (presently 400 in case of rural and urban project and 300 for tribal project) should be considered for converting into a Main-AWC for getting all support/facilities for providing ICDS services effectively.
- Keeping in view the fact that some beneficiaries used to go to nearby Main-AWC for some services and in some cases some services are not provided at Mini-AWCs, it is to be ensured that all services of ICDS are provided at Mini-AWCs. Keeping in view lack of provision of Helper and in some cases (43%) where population of Mini-AWC is more/equivalent to Main- AWC, need based implementation strategy to be developed and Mini-AWWs are provided with required support to ensure all ICDS services are provided by Mini-AWCs. CDPOs are to be made accountable for this.
- Provision of post of Helper should be considered for Mini-AWC.
- Separate implementation strategy for Mini-AWCs needs to be developed at project/district level keeping in view problems experienced by Mini-AWWs. CDPOs should sort out implementation problems on priority and seek attention/request DPO/district official for resolving issues not sorted out at project Level.
- Separate monitoring strategy for effective implementation of Mini-AWCs should be developed at project Level.

- The present provision of PSE kit @ Rs. 1500/- per Mini-AWC per year needs to be enhanced and kept at par with the provision approved for Main-AWC i.e. Rs.3000/- per year. This would facilitate to have more PSE materials at Mini-AWC.
- Reasons for non-acceptability of SN by beneficiaries at Mini-AWCs need to be examined carefully in consultation with community and corrective measures taken for ensuring SN is acceptable. CDPO should be made responsible for non-acceptability of SN by beneficiaries.
- Every Mini-AWC should have adequate utensils for cooking and serving. The existing provision of Rs. 5000 per Mini-AWC for 5 years for equipment/furniture needs to be considered for enhancement at par with Main-AWC to ensure availability of adequate utensils and other necessary equipments.
- It has to be ensured by CDPO that there should not be any interruption of SN in any Mini-AWCs. Supervisor has to be made responsible for reporting lack of funds, delay in supply of raw materials/food materials etc. leading to interruption of SN.
- Keeping in view the fact that all children coming out of Mini-AWCs are not admitted in to primary school, Mini-AWCs are to prepare a list of children coming out from Mini-AWCs and hand over the same to nearest primary school for joint action of Mini-AWC and primary school for admission of children in to primary school.

Chapter 7

Conclusion

Conclusion

Training Division, NIPCCD, New Delhi conducted the present Study of Mini-AWCs in ICDS in order to assess extent of benefit received by beneficiaries, ascertain involvement of community in implementation of ICDS programme as well as to look in to problem/challenges experienced in implementation of ICDS programme.

02. The study has been conducted in consultation with the state governments of Andhra Pradesh (Department of Women Development and Child Welfare), Assam (Directorate of Social Welfare and Probation), Madhya Pradesh (Directorate of Women & Child Development), Maharashtra (Department of Women and Child Development) and Uttar Pradesh (Directorate of Integrated Child Development Services). Department of Community Medicine, S. V. Medical College, Tirupati, Department of Community Medicine, Osmania Medical College, Hyderabad, Department of PSM, Govt. Medical College, Aurangabad, Department of PSM, Indira Gandhi Govt. Medical, College, Nagpur, NIPCCD, Regional Centres, Guwahati, Indore and Lucknow were also involved for data collection under the study.

03. A total number of 05 states, 10 districts and 20 ICDS projects were considered as sample under the study and discussions were held with 60 Mini-AWWs, 60 ANMs, 60 community leaders/members of PRIs, 329 beneficiary women/mothers, 179 children of 3-6 years, 56 Supervisors and 20 CDPOs with the help of 10 different schedules. Data collected under the study have been analysed under 16 major heads and 42 relevant aspects.

04. The major findings emerged from data have been further discussed with the findings of four major studies conducted on ICDS.

- Three Decade of ICDS-An Appraisal by National Institute of Public Cooperation and Child Development, New Delhi, 2006.
- Evaluation Study on ICDS conducted by Planning Commission (Programme Evaluation Organisation), Government of India, 2011.
- Performance Audit of ICDS Scheme (Report No. 22 of 2012-13) conducted by Comptroller and Auditor General of India, 2012
- Evaluation of ICDS Programme in Minority Concentrated Districts - A Study

conducted by National Institute of Public Cooperation and Child Development, 2012.

05. It can be concluded from the findings of the study that in order to ensure effective delivery of ICDS services from Mini-AWCs, CDPO/DPOs should be made accountable for certain things like providing Job training and Refresher training to Mini-AWWs, maintaining a data base in order to ensure timely training to Mini-AWWs on relevant aspects, development of need based separate strategy for implementation and monitoring of Mini-AWCs, taking corrective measures in order to address non-acceptability of SN by beneficiaries and interruption of SN at Mini-AWCs and joint action of Mini-AWC and primary school for admission of AWC children in to primary school. Similarly, Mini-AWC whose population entitles for a full fledged AWC should be considered for converting into a Main-AWC for getting all support/facilities for providing ICDS services effectively. Provision for the post of Helper should be considered for Mini-AWC.

06. The existing provision for equipment/furniture, PSE Kit etc. need to be considered for enhancement at par with Main-AWC to ensure availability of adequate utensils and other necessary equipments, PSE materials at Mini-AWCs.

07. It is hoped that this study would be useful for improvement in the ICDS programme particularly effective implementation of Mini-AWCs and academicians for understanding the scenario of implementation of MINI-AWC for further study.

ANNEXURE-III

A. OBSERVATION SCHEDULE FOR MINI-AWC

National Institute of Public Cooperation and Child Development

5, Siri Institutional Area, Hauz Khas, New Delhi-110016

A STUDY OF MINI ANGANWADI CENTRES IN ICDS

i		Name of State:
ii		Name of District:
iii		Name of Project:
iv		Name of sector:
v		Name of Mini AWC village:
vi		Name of Mini-AWW:

(READ CAREFULLY THE INSTRUCTIONS BEFORE FILLING UP THIS SCHEDULE AND RATING RESPONSES)

S. No			Responses			Instructions for Investigator
			Yes	No	Other	
						Investigator needs to observe all activities of Mini-AWC for the whole day. When answer is Yes or No then Y or N is to be encircled. When answer is not Y or N, and there is no space for writing response, then short closed ended response is to be written under "Other"
1		Type of Mini-AWC Building				
	a	Rented Building	Y	N		
	b	School Building	Y	N		
	c	Rent free community Building	Y	N		

	d		Any other(specify):				
2	a		Is indoor space available	Y	N		
		i	Adequate	Y	N		Indoor space has to be rated adequate when available average children sit comfortably with their toys/activity book with space for movement for AWW to reach any child and vice versa.
		ii	Inadequate	Y	N		
	b		Is outdoor space available	Y	N		
			If Yes, adequacy of outdoor space				
		i	Adequate	Y	N		Outdoor space has to be rated adequate when available average children play freely any outdoor game including running.
		ii	Inadequate	Y	N		
3			Extent of use of indoor space				
	a		To great extent	Y	N		When indoor games/other PSE activities are conducted at AWC everyday at least one hour or above per day
	b		To some extent	Y	N		When indoor games/other PSE activities are conducted less than an hour or at least for half an hour per day
	c		Not used	Y	N		When no indoor games/other PSE activities are conducted at AWC by AWW
4			Extent of use of outdoor space				
	a		To great extent	Y	N		When outdoor games/PSE activities are conducted as per the time table everyday or at least 30 minutes per day.
	b		To some extent	Y	N		When outdoor games/PSE activities are conducted at least three days in a week as per the time table or at least 30 minutes per day.

	c	Not used	Y	N		When no outdoor games/other PSE activities are conducted at AWC by AWW.									
5		Duration of working hours of Mini-AWC				The duration of working hours are to be rounded off to whole hours e.g. 2 hours 25 minutes to be considered as two hours and 2 hours 35 minutes to be considered as 3 hours.									
	a	Four hours	Y	N											
	b	Three hours	Y	N											
	c	Two hours	Y	N											
	d	Any other (specify) :													
6	a	Time of opening of Mini-AWC as per State Govts. guidelines													
	b	Opening time of Mini-AWC on the day of visit													
7	a	Time for closing of Mini-AWC as per State Govts. guidelines													
	b	Time for closing of Mini-AWC on the day of visit													
8		Activities of Mini-AWC on the day of visit with time duration :													
		<table border="1"> <thead> <tr> <th>Activities</th> <th>Hours as per State Guidelines</th> <th>Actual hours on the day of visit</th> </tr> </thead> <tbody> <tr> <td>Preschool Education</td> <td></td> <td></td> </tr> <tr> <td>Supplementary Nutrition</td> <td></td> <td></td> </tr> </tbody> </table>	Activities	Hours as per State Guidelines	Actual hours on the day of visit	Preschool Education			Supplementary Nutrition						
Activities	Hours as per State Guidelines	Actual hours on the day of visit													
Preschool Education

			Pregnant Women						
			Lactating Mothers						
			Adolescent Girls						
11	a		Is separate kitchen available			Y	N		
	b		If No, how food is prepared						
		i	Covered place at AWC			Y	N		
		ii	Open space at AWC			Y	N		
		iii	Prepared at house of AWW/AWH			Y	N		
		iv	Prepared outside and brought to AWC			Y	N		A note has to be made on who and has supplementary nutrition is prepared outside.
		v	Any other(specify):						
12			What is the source of drinking water at AWC						
	a		Supplied piped water			Y	N		
	b		Hand pump			Y	N		
	c		Boring well and water stored in tank			Y	N		
	d		Rain water stored in tank			Y	N		

	e	Covered well	Y	N		
	f	Open well	Y	N		
	g	Pond	Y	N		
	h	Any other(specify):				
13		How water is stored at AWC				
	a	Covered utensil	Y	N		
	b	Covered earthen pot	Y	N		
	c	Water is used directly from source	Y	N		
	d	Uncovered utensil	Y	N		
	e	Any other(specify):				
14	a	Is toilet facility available	Y	N		
	b	If No, what is the alternative arrangement				
	i	Children urinate in open space at AWC	Y	N		
	ii	Go outside of AWC	Y	N		
	iii	Go to their houses	Y	N		
	iv	Any other(specify):				
15	a	Is separate space for storing food item available	Y	N		
	b	If No, what is the arrangement for storing food items				
	i	Stored at room of AWC	Y	N		
	ii	At houses of AWW/AWH	Y	N		
	iii	At houses of other community people	Y	N		
	iv	Any other(specify):				
16		Quality of PSE activities organised by Mini-AWW in ten point scale				All questions/items mentioned in the schedule under PSE component are to be rated by observing PSE activities conducted by Mini-AWW for the whole day. Observe PSE activities conducted by AWW and then rate the quality of PSE activities in 10 point scale based on age appropriateness of the

						activity, objective based activity, efforts made by AWW for involvement of children, use of aids/PSE material, interest shown by children and achievement of objective of the PSE activity.
17			Is prescribed time table available at Mini-AWC	Y	N	
18			If Yes, has time table been displayed at Mini-AWC	Y	N	
19			Extent of use of time table:			
	a		To great extent	Y	N	When time table is almost used for running AWC and organising PSE activities everyday.
	b		To some extent	Y	N	When half of the activities scheduled in time table are conducted.
	c		Not at all	Y	N	When activities are conducted in haphazard manner/unsystematically or AWW asks a child to read chart or AWW ask children to play freely without any guidance.
20			Is guide book for PSE available at Mini-AWC	Y	N	
21			Extent of use of PSE guide book			
	a		To great extent	Y	N	When the guidebook is almost used for organising PSE activities at AWC everyday.
	b		To some extent	Y	N	When guidebook is used for conducting PSE activities for half a day.
	c		Not at all	Y	N	When guidebook is not at all used.
22			Is PSE kit available	Y	N	
23			Materials available in PSE kit at the time of visit in ten point scale			Rate the quantum of materials available at AWC during the visit considering the total materials at the time of supply as 10.

24		Is there any PSE materials available at Mini-AWC other than materials supplied in PSE kit.	Y	N		
25		Rating coverage of PSE kit/materials for promoting different aspects of development in ten points scale.				Availability of materials are to be rated as Y and N. Further, all aspects of development as mentioned against a-f are to be rated individually in ten point scale based on power and usability of PSE materials available at Mini-AWC.
	a	Physical-Motor development	Y	N		
	b	Personal development	Y	N		
	c	Social development	Y	N		
	d	Emotional development	Y	N		
	e	Language development	Y	N		
	f	Cognitive development	Y	N		
26		Extent of use of PSE kit/materials in ten point scale				Extent of use of available materials by Mini-AWC in conducting PSE activities in the whole day.
27		Seating arrangement of children				
	a	Very good	Y	N		When children are made to sit on <i>chatai/mat/durrie</i> or <i>small chair</i> in semi-circle with space for working/playing with toys/keeping their belongings and space/for AWC to reach to any child freely and vice-versa.
	b	Good	Y	N		When children are made to sit on <i>chatai/mat/durrie</i> or <i>small chair</i> in lines with space for children to play with toys/working /keeping belongings and with restricted movements of AWCs and children.
	c	Improper	Y	N		When children only get space for seating

						without <i>chatai/mat/durrie</i> or <i>small chair</i> without space for keeping their belongings with no space for movement of AWW and children.
28			Involvement of children in PSE activities			
	a		Very good	Y	N	When all children are very attentive and participate in the PSE activities conducted by AWW
	b		Good	Y	N	When almost 80% children are attentive and participate in the PSE activities conducted by AWW.
	c		Inadequate	Y	N	When around 50% children or less are not attentive and do not participate in the PSE activities conducted by AWW and involved with gossiping/other activities.
29			Sustaining interest of children in PSE activity			.
	a		Very good	Y	N	When AWW made efforts in satisfying curiosity of children, asking questions, diverting the attention of the children towards the PSE activity conducted at AWC in making all the children attentive and involved in PSE activity
	b		Good	Y	N	When efforts made by AWW in satisfying curiosity of children, asking questions, diverting the attention of the children towards the PSE activity is relatively less resulting at least 80% or more children attentive and involved in the PSE activity.
	c		Inadequate	Y	N	When efforts made by AWW in satisfying curiosity of children, asking questions, diverting the attention of children towards

						the PSE activity is negligible resulting involvement of around 50% or less children in PSE activity
30			Conducting objective based PSE activities	Y	N	<p>Yes: Every PSE activity is conducted based on an objective for example if the objective is to make the children to wait for their turn then the appropriate activity would be playing in <i>Jhula</i> (swing) based on their standing on a queue. It is to be rated as yes when the AWW can explain clearly the appropriate objective of any PSE activity conducted by her.</p> <p>No: When AWW cannot explain the objective of the PSE activity or not aware of it.</p>
31			Percentage of registered beneficiary availing supplementary nutrition			Percentage is to be rounded to nearest whole number
	a		Pregnant Women			
	b		Lactating Mother			
	c		Children 6-36 Months			
	d		Children 3-6 Years			
	e		Adolescent Girls			
32			Are cooking utensils adequate	Y	N	
33			Are serving utensils adequate	Y	N	
34			Is the quantity of supplementary nutrition provided to beneficiaries adequate	Y	N	Investigator should go through the guidelines dated 24.02.2009 of MWCD and concerned state government
35	a		Is the supplementary nutrition acceptable to community	Y	N	When 50 % or more women/ mothers talked to at AWC express their unacceptability in respect of SN. Around 10

						women/mothers beneficiaries at Mini-AWC are to be met and discussed.	
	b		If No, specify reasons				
		i	Not tasty	Y	N		
		ii	Menu is not as per local food habit	Y	N		
		iii	Poor quality raw materials used for preparation of SN	Y	N		
		iv	Faulty/inappropriate method of preparation of SN	Y	N		
		v	Any other (specify):				
36			Is there any interruption of supplementary nutrition in the last 6 months	Y	N	Last six months mean that if the visit is made in October six month would be from April-September.	
37			If Yes, number of working days				
38			The reasons of interruption				
	a		Delay in supply	Y	N		
	b		Lack of funds for purchase of food items	Y	N		
	c		Any other (specify) :				
39			Rating of skills of AWWs for organising Nutrition and Health Education Session in ten point scale			Skill of AWW is to be rated out of total ten based on her capability to explain nutrition and health education subjects mentioned at S. No. 41.	
40			Rating of availability of materials for conducting nutrition and health education in ten point scale. If Mini-AWC has at least one material(single-chart/flip-chart/poster/audio-visual materials/etc.) on each of the subject, then 10 points can be given.			AWC should have materials on various aspects of health check-up, TT immunization, necessity of rest and additional food, need for institutional delivery, safe delivery at home, five cleans, foods for protein, carbohydrates, fats, vitamin-A, iron, immunization schedule for children, need for exclusive breast feeding and complementary feeding with some	

							complementary feeding guidelines. AWC should have some material on early childhood stimulation as well as on early childhood illness and some of its preventive measures. Availability of above these materials at Mini-AWC are to be rated in ten points scale.
41			Has MCPC been provided to beneficiaries in the Mini-AWC area	Y	N		This needs to be assessed keeping in view availability of MCPC with pregnant women, lactating mother and mothers of beneficiaries interviewed in the Mini-AWC area.
42			Has the Mini-AWW got required skill for filling of MCPC	Y	N		Both ANM and AWW are responsible for filling of MCPC. The skill of AWW can be assessed by showing and asking AWW to fill up certain portion of MCPC. Investigator needs to learn about how to fill up MCPC before data collection and go through guide book for MCPC.
43			Does Mini-AWW use MCPC as a tool for providing services	Y	N		MCPC has the provision to mention the status of services provided to various beneficiaries starting from pregnancy. The MCPC help the AWWs to provide required services to pregnant women, lactating mothers, children and mother of children depending on the next services due mentioned in the individual MCPC. This would be assessed by showing one MCPC kept by one mother to AWW and asking her how it can be used as a tool to provide service.

44		How women/mother can use this, MCPC				
	a	For feeding self/children	Y	N		
	b	For doing stimulation activities at home	Y	N		
	c	For availing services (Immunisation/health check-up/etc.)	Y	N		
	d	For getting JSY benefit	Y	N		
	e	For getting IGMSY benefit	Y	N		
	f	For health care of women and children	Y	N		
	g	Any other (specify):				
45	a	Has the Mini-AWC got Medicine kit	Y	N		
	b	When medicine kit was supplied				
	c	List of medicines supplied in the kit				
	i					
	ii					
	iii					
	iv					
	v					
	vi					
	vii					
	viii					
	ix					
	x					
	xi					
	xii					
46		Skill of Mini-AWW on use of medicines in ten points scale.				When AWW can tell the symptoms of diseases and the doses of medicines to be provided to beneficiaries clearly then it would be considered that AWW has the skill for use of medicine kits. Based on responses of AWW skill needs to be rated in ten point scale.

47			Extent of use of medicines in ten points scale	Y	N	Availability position of medicines during the visit keeping in view the date of its supply would help in assessing extent of use of medicines for an example when Albandozole, medicine for providing to children (above one year) once in six months for worm infestation has been used as per number of children depending on date of receiving of medicine kit and number of medicines received, then extent of use of this medicine can be rated as 10. Accordingly, based on availability position of medicines rating has to be done.
48			Are the records of Mini-AWC updated appropriately	Y	N	Apart from seeing updating of records in respect of day to day food items consumed and other aspects of Mini-AWC activities, the child birth and death information recorded in birth and death register can be tallied with survey register and status of updating can be assessed.

Name and Signature of Investigator with Date

ANNEXURE-IV

B.SCHEDULE FOR WORKER OF MINI-AWC

National Institute of Public Cooperation and Child Development

5, Siri Institutional Area, Hauz Khas, New Delhi-110016

A STUDY OF MINI ANGANWADI CENTRES IN ICDS

			Responses		
			Yes	No	
i		Name of District :			
ii		Name of Project :			
iii		Name of sector :			
iv		Name of Mini AWC village :			
v		Name of the worker of Mini-AWC:			
vi		Experience of worker of Mini-AWC (in completed months) :	Years	Months	
vii		Year of operationalisation of Mini-AWC :			
viii		Education of Mini-AWW :			
ix		Have you been job trained :	Y	N	
x		If Yes, number of working days :			
xi		When you received JTC :			
xii		Did you receive refresher training :	Y	N	
xiii		If Yes, number of working days :			
xiv		When you received refresher training :			
xv		Distance of nearest main AWC from your Mini-AWC (In kms.) :			
xvi		Population of the Mini-AWC at the time of sanction of Mini-AWC :			
xvii		What is the present population of the Mini-AWC area :			

(READ CAREFULLY THE INSTRUCTIONS BEFORE FILLING UP THIS SCHEDULE AND RATING RESPONSES)

S. No			Responses			Instructions for Investigator
			Yes	No	Other	
1.		What was the need for establishment of this Mini-AWC				
	a	There was no AWC near the village	Y	N		
	b	Children/other beneficiaries were not getting ICDS services	Y	N		
	c	Mini-AWC was established without any felt need.	Y	N		
	d	Villagers/community demanded for Mini-AWC	Y	N		
	e	It was sanctioned so established	Y	N		
	f	Any other (Specify):				
2.		Is there any provision to convert Mini-AWC into main AWC based on enhancement population.	Y	N		
3.		Are you aware of objectives of ICDS	Y	N		
4.		If Yes, specify them.				
	a	To improve the nutritional and health status of children in the age group 0-6 years;	Y	N		
	b	To lay the foundations for proper psychological, physical and social development of the child	Y	N		
	c	To reduce the incidence of mortality, morbidity, malnutrition and school drop-out	Y	N		
	d	To achieve effective coordinated policy and its implementation amongst the various departments to promote child development	Y	N		
	e	To ensure the capability of the mother to look after the normal health and nutritional needs of the child	Y	N		

		through proper nutrition and health education				
	f	Any other(Specify):				
5.		What are the services provided under ICDS				
	a	Supplementary Nutrition	Y	N		
	b	Immunisation	Y	N		
	c	Health Check-up	Y	N		
	d	Referral Services	Y	N		
	e	Nutrition and Health Education	Y	N		
	f	Non formal Preschool Education	Y	N		
	g	Any other(Specify):				
6.		Do you provide all the services to beneficiaries	Y	N		
7.		If No, name services not provided				
	a	Supplementary Nutrition	Y	N		
	b	Immunisation	Y	N		
	c	Health Check-up	Y	N		
	d	Referral Services	Y	N		
	e	Nutrition and Health Education	Y	N		
	f	Non formal Preschool Education	Y	N		
8.		Do have any problem in providing services to beneficiaries	Y	N		
9.		If Yes, specify these problems				
	a	Lack of adequate attendance of children	Y	N		
	b	Lack of building for Mini-AWC	Y	N		
	c	Lack of kitchen facility	Y	N		
	d	Lack of store facility	Y	N		
	e	Lack of toilet facility	Y	N		
	f	Lack of helper	Y	N		
	g	Lack of required community involvement in the programme.	Y	N		
	h	Inadequate cooperation from health department	Y	N		
	i	Inadequate cooperation from education	Y	N		

		department																																																										
	j	Any other (specify):																																																										
10.		Do you experience problems in organising PSE activities	Y	N																																																								
11.		If Yes, specify them	Y	N																																																								
	a	Lack of adequate skill in AWW	Y	N																																																								
	b	Lack of adequate PSE materials	Y	N																																																								
	c	Lack of interest of parents for PSE at AWC.	Y	N																																																								
	d	Lack of adequate indoor space.	Y	N																																																								
	e	Lack of adequate outdoor space.	Y	N																																																								
	f	Lack of guidance from ICDS officials.	Y	N																																																								
	g	Lack of guidebook for conducting PSE	Y	N																																																								
	h	Any other (Specify) :

			Girls										
13.			Are growth monitoring done for all children.	Y	N								
14.			If No, specify the reasons										
	a		Non availability of weighing machine	Y	N								
	b		Non availability of growth charts	Y	N								
	c		Mini-AWW has no required skill for growth monitoring	Y	N								
	d		Any other (specify) :										
15.			Is New WHO growth standard implemented in the centre	Y	N								
16.			If Yes, since when										
17.			Has Mini-AWW got the right skill for the following activities									Investigator should first acquire skill on this before proceeding for data collection and go through growth monitoring manual	
	a		Weighing	Y	N								
	b		Plotting weight of children	Y	N								
	c		Interpretation	Y	N								
18.			Do you counsel mothers about the growth of the child	Y	N								
19.			If No, specify reason										
	a		Not knowing that it should be done	Y	N								
	b		Mini-AWW has no required skill	Y	N								
	c		Mother do not take interest for this	Y	N								
	d		Lack of time with Mini-AWW	Y	N								
	e		Any other (specify) :										
20.			If Yes, explain to investigator (considering as mother) on the basis of a growth chart maintained at Mini-AWC. Rate this counseling session in ten points scale.									Investigator need to acquire skill on this before going for data collections and to go through growth monitoring manual.	
21.			Do you experience any problem in growth	Y	N								

		monitoring of children at Mini-AWC				
22.		If Yes, specify.				
	a	Lack of adequate skill in Mini-AWW	Y	N		
	b	Non-availability of functional weighing scale	Y	N		
	c	Non-availability of growth charts	Y	N		
	d	Lack of interest in mothers for growth monitoring	Y	N		
	e	Any other (specify) :				
23.		Are all the children immunised in your Mini-AWC area at present	Y	N		Investigator need to check record and rate the position for the last three months for an example if the visit is made in October, then immunization status from July to September is to be seen.
24.		If No, then				
	a	Percentage of children left out				Investigator need to check record and rate the position for the last three months for an example if the visit is made in October, then immunization status from July to September is to be seen.
	b	Reasons for children left out.				
	i	Children were not present in the village	Y	N		
	ii	Vaccines were not available	Y	N		
	iii	ANM did not come on fixed day	Y	N		
	iv	Any other (Specify) :				
25.		Do you get adequate cooperation from health officials/ANM for immunisation	Y	N		
26.		Is health check-up of children done	Y	N		
27.		If No, why :				
	a	Health department never does it	Y	N		
	b	Lack of health staff	Y	N		

	c	Mini-AWW not aware of it	Y	N		
	d	Done only for children complaining of health problem	Y	N		
	e	Done only for sick children	Y	N		
	f	Any other				
28.		If Yes, how the health check up is done for children				
	a	Frequency of check-up				
	i	Quarterly	Y	N		
	ii	Half Yearly	Y	N		
	iii	Yearly	Y	N		
	iv	Any other (specify) :				
	b	By whom health check up is done				
	i	ANM	Y	N		
	ii	LHV	Y	N		
	iii	Doctor	Y	N		
	iv	Any other (specify):				
	c	Aspects of health check-up				
	i	Checking and recording weight				
	ii	Checking and recording height	Y	N		
	iii	Checking mile stones in growth and development of the child	Y	N		
	iv	Checking up skin	Y	N		
	v	Checking-up eyes	Y	N		
	vi	Checking up ears	Y	N		
	vii	Checking worm infestation	Y	N		
	viii	Checking up for diseases like diarrhea	Y	N		
	ix	Checking up for diseases like dysentery	Y	N		
	x	Checking up for diseases like ARI	Y	N		
	xi	Checking up for Anaemia	Y	N		
	Xii	Checking up for Vitamin-A deficiency diseases	Y	N		

	Xiii	Checking up for Iodine deficiency diseases	Y	N		
	xiv	Blood test	Y	N		
	xv	Urine test	Y	N		
	xvi	Any other (specify) :				
29.		Is health check up of pregnant women done regularly	Y	N		
30.		If yes, how the health check-up is done for pregnant women				
	a	Frequency of check up				
	i	Monthly				
	ii	Quarterly				
	iii	Any other (specify) :				
	b	By whom health check up is done				
	i	ANM	Y	N		
	ii	LHV	Y	N		
	iii	Doctor	Y	N		
	iv	Any other (specify):				
	c	Aspects of health check-up				Check-up includes taking weight, measuring blood pressure, urine examination, examination of blood, measuring pulse rate, checking oedema, checking fetal movement etc.
	i	Taking weight	Y	N		
	ii	Measuring blood pressure	Y	N		
	iii	Urine examination	Y	N		
	iv	Examination of blood	Y	N		
	v	Measuring pulse rate	Y	N		
	vi	Checking oedema	Y	N		
	vii	Checking fetal movement	Y	N		
	viii	Any other (Specify) :				

31.		Do you refer beneficiaries for health services	Y	N		
32.		If Yes, number of beneficiaries referred in the last six months				Last six months means if visit is made in October then six months would be from April to September.
33.		Do you have referral slip	Y	N		
34.		If Yes, do you use them for referring beneficiaries to health facilities	Y	N		
35.		Do you organise Nutrition of Health Education (NHE) Session	Y	N		
36.		If No, why				
	a	Mini-AWW not aware of this	Y	N		
	b	Mini-AWW does not know how to organise	Y	N		
	c	Mini-AWW does not have the right skill	Y	N		
	d	Women are not interested for this	Y	N		
	e	Any other (specify) :				
37.		If Yes, specify				
	a	Frequency of sessions conducted				
	i	Weekly	Y	N		
	ii	Twice in a month	Y	N		
	iii	Once in a month	Y	N		
	iv	Once in two month	Y	N		
	v	Once in a quarter	Y	N		
	vi	Any other (specify) :				
	b	Topics covered in the last six months of the visit				Last six months means as explained earlier.
	i	Need and importance of nutrition and health care of adolescent girls	Y	N		
	ii	Need and importance of registration and health check up of pregnant women	Y	N		
	iii	Need and importance of nutrition and health care of pregnant women	Y	N		

	iv	Need and importance of institutional delivery	Y	N		
	v	Five cleans to be observed/ensured for safe delivery	Y	N		
	vi	Exclusive breast feeding	Y	N		
	vii	Complementary feeding for children	Y	N		
	viii	Need and importance of nutrition and health care for children	Y	N		
	ix	Need and importance of immunization of children	Y	N		
	x	Need, importance and activities for early childhood stimulation	Y	N		
	xi	Nutritive value of various foods	Y	N		
	xii	Need and importance of various food in daily life for children and women.	Y	N		
	xiii	Objectives and services under ICDS	Y	N		
	xiv	Role of community/gram panchayat in ICDS	Y	N		
	xv	Need and importance of cleanliness and sanitation	Y	N		
38.		Do you provide services to adolescent girls	Y	N		
39.		If Yes, specify details				
	a	Number of girls enrolled				
	b	Number of girls provided service				
	c	Name of services provided				
	i	Supplementary Nutrition	Y	N		
	ii	NHE	Y	N		
	iii	Providing IFA tablets	Y	N		
	iv	Providing de worming medicines	Y	N		
	v	Life skill education	Y	N		
	vi	Vocational training	Y	N		
	vii	TT immunization	Y	N		
	viii	Any other (specify) :				

40.		Is the community involved in implementation of ICDS programme.	Y	N		
41.		If Yes, specify the area of involvement				
	a	Providing building for Mini-AWC	Y	N		
	b	Provides raw materials for SN	Y	N		
	c	Local group prepares SN	Y	N		
	d	Provides toys/play materials for PSE	Y	N		
	e	Gram Panchayat/Local Body Monitors Mini-AWC activities	Y	N		
	f	Local NGOs supports implementation of ICDS activities	Y	N		
	g	Any other (Specify) :				
42.		What are the efforts made by you for involvement of community				
	a	Oriented community on their role in implementation of ICDS	Y	N		
	b	Educated community on objectives and various services of ICDS	Y	N		
	c	Oriented PRI members on objectives and services of Mini-AWC	Y	N		
	d	Contacted PRI members and shared problems of Mini-AWC	Y	N		
	e	Invited local NGOs to Mini-AWC to orient on activities of Mini-AWC	Y	N		
	f	Attended meetings/met PRI members/Gram Pradhan whenever it was needed	Y	N		
	g	Involved PRI in major celebrations at Mini-AWC	Y	N		
	h	Any other (specify) :				
43.		Did you face any problems in involving community	Y	N		
44.		If Yes, specify the problems.				

	a	Community people are busy in their work	Y	N		
	b	PRI members do not give priority to Mini-AWC and take less interest	Y	N		
	c	PRI member have vested interest from Mini-AWC	Y	N		
	d	Community people are very poor to contribute	Y	N		
	e	Community people are less educated to understand services at Mini-AWC	Y	N		
	f	Parents have wrong expectations from PSE component	Y	N		
	g	Community have wrong perceptions about Mini-AWC	Y	N		
	h	Any other (specify) :				
45.		Do you implement IGMSY	Y	N		
46.		If Yes, do you experience any problem	Y	N		
47.		If Yes, specify the problems				
	a	Non-receipt of funds timely	Y	N		
	b	Delay is payment to beneficiaries	Y	N		
	c	Problem in maintaining IGMSY records and registers	Y	N		
	d	Difficult to open account for women in banks/post office	Y	N		
	e	Problems experienced in getting conditions fulfilled for payment	Y	N		
	f	Any other (specify) :				
48.		Do you implement SABLA Scheme	Y	N		
49.		If Yes, do you face any problem in implementation of the scheme	Y	N		
50.		If Yes, specify the problems				
	a	Not able to form kishori samooH properly	Y	N		
	b	All activities scheduled is Kishori Diwas not organised properly.	Y	N		

	c	All adolescent girls are not able to prepare/maintain Kishori cards	Y	N		
	d	Lack of availability of Training Kit	Y	N		
	e	Non-availability of IFA tablets	Y	N		
	f	Lack of vocational training	Y	N		
	g	Any other (specify) :				
51.		Do you conduct home visit	Y	N		
52.		If Yes,				
	a	No. of visits per day				
	i	One	Y	N		
	ii	Two	Y	N		
	iii	Three	Y	N		
	iv	Four	Y	N		
	v	Five	Y	N		
	vi	Any other (specify) :				
	b	Number of visits you made in the last seven days				Last seven days means, if visit made on 13 th October then last seven days would be from 6 th -12 th October.
	i	One	Y	N		
	ii	Two	Y	N		
	iii	Three	Y	N		
	iv	Four	Y	N		
	v	Five	Y	N		
	vi	Six	Y	N		
	vii	Seven	Y	N		
	viii	Any other (specify) :				
	c	Which home you prefer to visit first among the following				
	i	A child (3-6 years) not attending AWC	Y	N		
	ii	A mother reached home after delivering a healthy baby at hospital	Y	N		

		iii	A child who is moderately under weight	Y	N		
		iv	A pregnant woman in third trimester having high fever	Y	N		
53.			Do you perform any additional assignments other than ICDS	Y	N		
54.			If Yes, then list down the activities performed in last six months with number of working days				Six months mean if visit is made in October then six months would be from April to September.
55.			Have you ever tried to do any innovative work to improve services of Mini-AWC	Y	N		
56.			If Yes, list them out				
57.			Do you experience any problem in running Mini-AWC	Y	N		
58.			If Yes, specify.				
59.			Do you have any suggestions for better implementation of Mini-AWC	Y	N		
60.			If Yes, list them out				
61.			Observations of Investigator in respect of				Any observations of Investigator

		functioning of Mini-AWC				relevant to study or any special observation made during data collection.
		KNOWLEDGE, UNDERSTANDING AND SKILL OF AWW.				
62		List down benefits of Institutional delivery				In order to prevent post-partum deaths, better IMR & MMR, promoting child survival & safe motherhood, reducing pregnancy complications etc.
	a	Less post-partum deaths	Y	N		
	b	To provide incentive to AWW	Y	N		
	c	Better IMR & MMR	Y	N		
	d	In order to become JSY beneficiary	Y	N		
	e	Promote child survival & safe motherhood	Y	N		
	f	Reduce pregnancy complications	Y	N		
	g	Any other (specify) :				
63		What are the five cleans				a. Clean hands b. Clean surface-clean room and clean sheet c. Clean/new blade d. Clean cord tie (thread) e. Clean cord stump
	a	Clean hands	Y	N		

	b	Clean wall of the house	Y	N												
	c	Clean surface	Y	N												
	d	Clean cord tie (thread)	Y	N												
	e	Clean cord stump	Y	N												
	f	Clean/new blade	Y	N												
	g	Any other (specify) :														
64		What is the purpose of JSY				Janani Surakshya Yojana is for reduction of MMR & IMR and to increase institutional deliveries in BPL families.										
	a	For family planning	Y	N												
	b	Reduce MMR & IMR	Y	N												
	c	For birth registration of the child	Y	N												
	d	Increase institutional deliveries	Y	N												
	e	To provide financial assistance to pregnant woman														
	f	For safe delivery														
	g	Any other (specify) :														
65		What are the immunisation given to the child from birth to six months (indicate immunization with age of the child)				<table border="1"> <thead> <tr> <th>Age</th> <th>Vaccine</th> </tr> </thead> <tbody> <tr> <td>Birth</td> <td>BCG, OPV-0, Hepatitis B-0</td> </tr> <tr> <td>1½ months</td> <td>OPV-1,DPT-1, Hepatitis B-1</td> </tr> <tr> <td>2½ months</td> <td>OPV-2,DPT-2, Hepatitis B-2</td> </tr> <tr> <td>3½ months</td> <td>OPV-3,DPT-3, Hepatitis B-3</td> </tr> </tbody> </table>	Age	Vaccine	Birth	BCG, OPV-0, Hepatitis B-0	1½ months	OPV-1,DPT-1, Hepatitis B-1	2½ months	OPV-2,DPT-2, Hepatitis B-2	3½ months	OPV-3,DPT-3, Hepatitis B-3
Age	Vaccine															
Birth	BCG, OPV-0, Hepatitis B-0															
1½ months	OPV-1,DPT-1, Hepatitis B-1

		3½ months				
		OPV-3	Y	N		
		DPT -3	Y	N		
		Hepatitis B-3	Y	N		
66		What do you mean by exclusive breast feeding				"Exclusive breastfeeding" is defined as giving no other food or drink – not even water – except breast milk up to six months. It does, however, allow the infant to receive oral rehydration salts (ORS), drops and syrups (vitamins, minerals and medicines).
	a	Giving breast milk up to six months without giving any other thing	Y	N		
	b	Breast feeding up to six months in addition to honey water cow/animals milk etc.	Y	N		
	c	Giving breast milk up to two years	Y	N		
	d	Any other (specify) :				
67		Why complementary feeding is required				Age appropriate, adequate and safe complementary foods are required to ensure optimal growth and development of child as breast milk

							alone is not sufficient to meet increasing nutritional needs of the growing child.
	a	Child is growing up	Y	N			
	b	Breast milk alone is not sufficient to meet the nutritional requirement of the growing child	Y	N			
	c	Mothers' milk has no adequate nutrients for the child	Y	N			
	d	Other foods has got more nutritive value than the mothers' milk	Y	N			
	e	Any other (specify) :					
68		When complementary feeding should be started					Infants should start receiving complementary foods after completion of six months (180 days) of age in addition to breast milk.
	a	After completion of four months	Y	N			
	b	Before six months	Y	N			
	c	After completion of six months	Y	N			
	d	At eight months	Y	N			
	e	Any other (specify) :					
69		When the first dose of vitamin 'A' should be given to the child					At 9 months
	a	At six months	Y	N			
	b	At seven months	Y	N			
	c	At nine months	Y	N			
	d	At one year	Y	N			
	e	Any other (specify) :					
70		How many IFA tablets should be given to a pregnant woman in normal case					100 tablets
	a	60 tablets	Y	N			
	b	90 tablets	Y	N			

	c	100 tablets	Y	N		
	d	120 tablets	Y	N		
	e	Any other (specify) :				
71		Why growth monitoring should be done for the children				In order to ensure that the weight gain of the child is as per her age
	a	To make the child healthy	Y	N		
	b	To protect the child from the diseases	Y	N		
	c	In order to ensure that the weight gain of the child is as per her age	Y	N		
	d	To give appropriate feeding when weight is less	Y	N		
	e	To take other action for improvement of nutritional and health status of child.	Y	N		
	f	Any other (specify) :				
72		Do you think rest in day time is necessary for pregnant women	Y	N		
73		If Yes, why				Pregnant women due to changes in the body, easily feel tired, so rest in day time is required to keep placenta intact and to get more oxygen for proper growth of fetus
	a	To keep placenta intact	Y	N		
	b	To get more oxygen	Y	N		
	c	For good health of mother	Y	N		
	d	For healthy development of fetus	Y	N		
	e	Any other (specify) :				
74		What you understand by two hours rest for pregnant woman				Sleep of 2 hours in day time apart from 8 hours sleep at night is required for pregnant woman for proper growth of fetus.
	a	When pregnant women seats comfortably and does household work	Y	N		

	b	When pregnant women does the work inside the house	Y	N		
	c	When pregnant women lie down on bed and sleeps	Y	N		
	d	Any other (specify) :				
75		Why TT is given to pregnant woman				It will protect mother and child from tetanus infection which can occur due to instrumental injury and open stitches during delivery. When TT vaccine is given to a woman, the antibodies that form in her body are passed to her fetus. These antibodies protect the baby against tetanus during birth and for a few months afterwards
	a	To protect the mother and child from tetanus infection	Y	N		
	b	To protect the mother from tetanus infection	Y	N		
	c	To protect the child from tetanus infection	Y	N		
	d	To make the child healthy	Y	N		
	e	To increase blood in pregnant women	Y	N		
	f	Any other (specify) :				
76		Why extra food should be given to pregnant woman				To maintain pregnancy weight gain, avoid risk of premature delivery and low birth weight baby, pregnant mother should take extra food besides her recommended dietary allowances.
	a	In order to maintain pregnancy weight gain	Y	N		
	b	To avoid tetanus infection	Y	N		
	c	To avoid risk of premature delivery	Y	N		
	d	To avoid delivery of low birth weight baby	Y	N		

	e	In order to have a safe delivery	Y	N		
	f	Any other (specify) :				
77.		What do you mean by home stimulation activities				Simple activities carried out by parents/care givers with the children based on the age and developmental mile-stone of the child for promoting next stage of development is called as home stimulation.
	a	The food materials given to the child at home	Y	N		
	b	Complementary food given to the child at home	Y	N		
	c	Activities carried out at home for promoting development of children	Y	N		
	d	Any other (specify) :				
78		Do you provide this service to mother	Y	N		
79		Details of children left AWC and admitted in primary school in the current year				In order to see the rate of enrolment of AWC children in primary school
	a	Number of children left AWC				
	b	Number of children admitted in primary school				
	c	Number of children continuing education in primary school				
80		Contribution and involvement of primary school in ICDS: Rate the convergence of primary school and Mini-AWC in ten points scale				Keeping in view the role of primary school in providing space for Mini-AWC and assisting in implementation of PSE component, convergence is to be rated based on discussions with Mini-AWW, teacher and observation
81		Contribution and involvement of health department in ICDS: Rate the convergence between Mini-AWC and health department in ten points scale.				Keeping in view the role of health department in providing services like immunisation, health check up, referral services and assistance in providing nutrition and health

							education, convergence is to be rated based on discussions with Mini-AWW, health functionaries and observation
82			Contribution and involvement of Gram Panchayat/Local Administration is ICDS: Rate the convergence between Mini-AWC and Gram Panchayat/Local Administration in ten points scale.				Keeping in view the expected role of Panchayat for construction/arrangement of AWC building, water supply, selection of Mini-AWW, possible assistance to sort out problems of Mini-AWC, monitoring activities of Mini-AWC etc., convergence is to be rated based on discussions with Mini-AWW, PRI member and observations.

ANNEXURE-VI

D.CHILDREN LEARNING AND COMPETENCY TEST (CLCT)

National Institute of Public Cooperation and Child Development

5, Siri Institutional Area, Hauz Khas, New Delhi-110016

A STUDY OF MINI ANGANWADI CENTRES IN ICDS

S. No			Responses			
				Yes	No	
i			Name of State :			
ii			Name of District :			
iii			Name of Project :			
iv			Name of sector :			
v			Name of Mini AWC village :			
vi			Name of the child :			
vii			Age group			
	a	3-4 Yrs	Y	N		
	b	4-5 Yrs	Y	N		
	c	5-6 Yrs	Y	N		

(READ CAREFULLY THE INSTRUCTIONS BEFORE ADMINISTERING THIS SCHEDULE AND RATING RESPONSES)

S. No.				Responses		Remarks, if any
				Total Score	Child's Score	
1.			Identification Naming & Use of Objects/Material Show the child any four objects available (E.g. flower, vegetable. Grains, coins, chalk, grass, petals and grams etc.) Ask the child to name them and tell the use of each	5		

			one.			
		A	Naming (If the child names correctly about 3-5 objects)	2		
		B	Saying its use correctly (if the child tells the use correctly of 3-5 objects)	3		
2.			Sorting Grouping & Seriation :	4		
		A	Arrange five items from the seeds, leaves, flowers, stones & mix them together. Ask the child to make separate group of each similar object/items. (1/2 mark for correct group made by the child)	2		
		B	Give 3-5 leaves/chalks/stones of varying size. Ask the child to arrange them from longest to shortest or arrange them in order from big to small or vice versa.	2		
3.			Knowing the Quantity (More or Less):	2		
		A	Show the child two heaps of stones/sand and ask the child which heap has more or two glasses of water of unequal? (Using Cup or Glass) Quantity and ask which one has more.	1		
		B	Show two sets of familiar objects. One set having 2-3 chalks/pens and the other set has 4-5 of the same objects. Ask the child which st has more objects.	1		
4.			Knowing Colours : Show 3-4 objects of three primary colors. Ask the child to Match.	4		
		A	Ask the child to identify the colors by telling one or two objects of those colors (e.g; color of apple, banana, ladies finger etc.)	1		
		B	Ask the child to tell three primary colors that she knows (1 mark for each correct answer) (Correct Ans. Ye/Blue/Red.)	3		
5.			Knowing Shapes :	2		
		A	Show some objects of various shapes	1		

			(circle/triangle/rectangle etc.) and ask the child, what shape is it?			
		B	Ask about any shape of one object to the child (e.g what is the shape of a ball/sun/BINDI/book/soap. etc.) Find out if the child correctly identifies the shape	1		
6.			Drawing Picture: Call three children from the age group of 3-4 yrs, 4-5 yrs and above 5-6 years. Tell them to draw picture of shapes/tree/flower/animal etc.	5		
		A	A square of triangle	1		
		B	A Banyan Tree	2		
		C	A Flower	1		
		D	An Animal	1		
7.			Naming Body Parts Ask the child, can you show me your	3		
		A	Knee/elbow	1		
		B	Shoulder/Arm	1		
		C	Forehead/Chest	1		
8.			Identification of Numbers	3		
		A	Show two or three fingers/stones/pens. And ask the child to tell how many	1		
		B	Show four fingers/small stones/pens. Ask the child to tell how many	2		
9.			Counting Numbers Place three groups of stones (can use pens/crayons) and ask the child to count the stones from each of the following groups	4		
		A	Group of 4-5 stones	1		
		B	Group of 6-9 stones	1		
		C	Group of 9-10 stones	2		
10.			Creative Expression	4		

			Ask the child the following			
		A	If suddenly rain comes while walking the road, what will you do?	1		
		B	If you show your finger to fire, what will happen?	1		
		C	If you get a cut on your finger, what will happen?	1		
		D	If you do not stop at the Red Light, what will happen	1		
11.			Following the Instructions/Directions Check whether the child follows simple directions/instructions?	4		
		A	Go near the door & bring the bal. (Any instruction involving multiple tasks)	2		
		B	Go to the table and pick up the book/pen/paper etc. (Any instruction involving multiple tasks)	2		
12.			Relational Words	2		
		A	Place a book under a table and ask the child where the book is	1		
		B	Place a ball inside the box and ask the child where the ball is.	1		
13.			Sequential Thinking	5		
			Ask the child to tell about his daily events from morning till goes to bed? (Encourage child to speak in a sequence from getting up from bed till dinner)	5		
14.			Auditory Discrimination	3		
			Facilitate the sounds of any 3-4 animals and ask the child to identify them (Score 1 mark for each correct answer) sound of goat/cat/dog/lion/any other familiar bird/animal	3		
			Total	50		
			Score

National Institute of Public Cooperation and Child Development
 5, Siri Institutional Area, Hauz Khas, New Delhi-110016
 A STUDY OF MINI ANGANWADI CENTRES IN ICDS

i		Name of State :
ii		Name of District :
iii		Name of Project :
iv		Name of sector :
v		Name of Mini AWC village :
vi		Name of the pregnant woman
vii		Month of pregnancy

(READ CAREFULLY THE INSTRUCTIONS BEFORE FILLING UP THIS SCHEDULE AND RATING RESPONSES)

S. No.			Responses			Instructions for Investigator
			Yes	No	Other	
						When answer is Yes or No then Y or N to be encircled. When answer is not Y or N, and there is no space for writing response, then short closed ended response is to be written under "Other"
1.		Are you aware of services of ICDS	Y	N		
2.		If Yes, specify them				

	a	Supplementary Nutrition	Y	N		
	b	Immunisation	Y	N		
	c	Health Check-up	Y	N		
	d	Referral Services	Y	N		
	e	Nutrition and Health Education	Y	N		
	f	Non formal Preschool Education	Y	N		
	g	Any other(Specify):				
3.		What are the benefits a pregnant woman should get from Mini-AWC				
	a	Supplementary Nutrition	Y	N		
	b	Health check-up	Y	N		
	c	Immunisation of TT	Y	N		
	d	IFA tablets	Y	N		
	e	Nutrition and health education	Y	N		
	f	JSY benefit	Y	N		
	g	IGMSY benefit	Y	N		
	h	Any other (specify) :				
4.		Do you get supplementary nutrition from Mini-AWC	Y	N		
5.		Do you eat that supplementary nutrition	Y	N		
6.		If Yes,				
	a	Is it good in taste	Y	N		
	b	Is quality good	Y	N		
	c	Is quantity as per norm/menu	Y	N		Investigator needs to tell the quantity of SN/raw materials one pregnant women should get as per direction of State Gov. and then rate the response.
7.		Do you know that Mini-AWW refer allied beneficiaries to the referral hospital	Y	N		

8.		Have you ever been referred to FRU	Y	N		FRU is First Referral Unit
9.		If Yes,				
	a	When (Indicate week and month)				
	b	What was the health problem				
10.		Do you know that Mini-AWW monitors weight gain of the pregnant women	Y	N		
11.		What is the purpose of weight monitoring of pregnant women				Normally, a woman should gain 9-11 kg during her pregnancy. After the first trimester, a pregnant woman gains around 2 kg every month or 0.5 kg per week. If the diet is not enough, with less than the required amount of calories, the woman might gain only 5-6 kg during her pregnancy. An inadequate dietary intake can be suspected if the woman has gained less than 2 kg per month. A low weight gain usually points towards intrauterine growth retardation (IUGR) and results in a low birth-weight baby. Excessive weight gain (more than 3 kg in a month) should arouse the suspicion of pre-eclampsia/twins (multiple pregnancy).
	a	To ensure proper weight gain	Y	N		
	b	To ensure taking proper food	Y	N		
	c	To know about future complications of pregnancy	Y	N		
	d	Any other (specify) :				
12.		Dose Mini-AWW monitor your weight	Y	N		

13.			If Yes, do you know your weight	Y	N		
14.			Do you know that Mini-AWC has a medicine kit	Y	N		
15.			If Yes, have you ever taken any medicine from AWC	Y	N		
16.			Does Mini-AWW conduct NHE	Y	N		
17.			If Yes, how frequently				
	a		Weekly	Y	N		
	b		Twice in a month	Y	N		
	c		Once in a month	Y	N		
	d		Once in a two months	Y	N		
	e		Once in a quarter	Y	N		
	f		Do not know	Y	N		
	g		Any other (specify) :				
18.			Do you attend NHE session	Y	N		
19.			If Yes, rate attendance in the last 3 months in ten 10 point scale				This means if the visit is made in October then attendance of pregnant women in NHE sessions conducted from July-September is to be rated. If a total number of 10 sessions have been organised and the pregnant women has attended 3 sessions then her attendance of session is to be rated as 3.
20.			Why NHE is conducted				
	a		To develop knowledge, understanding and skill of mother/women	Y	N		
	b		To develop capability of mother/women to take care nutrition and health needs of their children	Y	N		
	c		Mother/women to learn and tell others in the village/ward.	Y	N		

	d	Any other (specify) :				
21.		Does Mini-AWW make home visit	Y	N		
22.		Has she visited your home	Y	N		
23.		If Yes,				
	a	When she visited in last 3 months (indicate week and month)				Last 3 months means if the visit is made in October then last 3 months would be from July-September.
	b	Why she visited (Indicate purpose)				
24		Why pregnant women are immunised against TT				It will protect mother and child from tetanus infection which can occur due to instrumental injury and open stitches during delivery. When TT vaccine is given to a woman, the antibodies that form in her body are passed to her fetus. These antibodies protect the baby against tetanus during birth and for a few months afterwards
	a	To protect the mother and child from tetanus infection	Y	N		
	b	To protect the mother from tetanus infection	Y	N		
	c	To protect the child from tetanus infection	Y	N		
	d	To make the child healthy	Y	N		
	e	To increase blood in pregnant women	Y	N		
	f	Any other (specify) :				
25		Did you get TT	Y	N		
26		If Yes, how many				
	a	One	Y	N		
	b	Two	Y	N		
	c	Three	Y	N		

	d		Any other (specify) :				
27			Do you know that health check-up of pregnant women is done at Mini-AWC	Y	N		
28			What is the minimum number of health check-up one pregnant woman should get				At least 4 prenatal care check-up during pregnancy
	a		One	Y	N		
	b		Two	Y	N		
	c		Three	Y	N		
	d		Four	Y	N		
	e		Any other (specify) :				
29			Have your health check-up been done	Y	N		
30	a		If Yes, specify how many times health check-up has been done				
		i	Once	Y	N		
		ii	Twice	Y	N		
		iii	Thrice	Y	N		
		iv	Four times	Y	N		
		v	Any other (specify):				
	b		What were the aspects of health check-up				Check-up includes taking weight, measuring blood pressure, urine examination, examination of blood, measuring pulse rate, checking oedema, checking fetal movement etc.
		i	Taking weight	Y	N		
		ii	Measuring blood pressure	Y	N		
		iii	Urine examination	Y	N		
		iv	Examination of blood	Y	N		
		v	Measuring pulse rate	Y	N		
		vi	Checking oedema	Y	N		
		vii	Checking fetal movement	Y	N		

		viii	Any other (specify) :				
	c		Who conducted the health check-ups				
		i	ANM	Y	N		
		ii	LHV	Y	N		
		iii	Doctor	Y	N		
		iv	Any other (specify) :				
	d		Where the health check-ups was done				
		i	AWC	Y	N		
		ii	PHC	Y	N		
		iii	CHC	Y	N		
		iv	VNHD at village	Y	N		
		v	Health Camp	Y	N		
		vi	Any other (specify) :				
31			Why pregnant woman should take IFA tablets (Give three reasons)				IFA tablets treat anaemia during pregnancy, increase placental growth, reduce risks of low birth weight baby, reduce risk of pre-term / premature baby, prevent neural tube defects and congenital abnormalities etc.
	a		Treat anaemia during pregnancy	Y	N		
	b		Increase placental growth	Y	N		
	c		Reduce risks of low birth weight baby	Y	N		
	d		Reduce risk of pre-term / premature baby	Y	N		
	e		Prevent neural tube defects	Y	N		
	f		Prevent congenital abnormalities	Y	N		
	g		Any other (specify) :				
32			Did you get IFA tablet	Y	N		
33			If Yes,				
	a		How many you got				
		i	60 tablets	Y	N		
		ii	90 tablets	Y	N		

		iii	100 tablets	Y	N		
		iv	120 tablets	Y	N		
		v	Any other (specify) :				
	b		How many you consumed				
		i	60 tablets	Y	N		
		ii	90 tablets	Y	N		
		lii	100 tablets	Y	N		
		iv	120 tablets	Y	N		
		v	Any other (specify) :				
34			Do you know that pregnant woman should take extra food	Y	N		
35			If Yes, why				To maintain pregnancy weight gain, avoid risk of premature delivery and low birth weight baby, pregnant mother should take extra food besides her recommended dietary allowances.
	a		In order to maintain pregnancy weight gain	Y	N		
	b		To avoid tetanus infection	Y	N		
	c		To avoid risk of premature delivery	Y	N		
	d		To avoid delivery of low birth weight baby	Y	N		
	e		In order to have a safe delivery	Y	N		
	f		Any other (specify) :				
36			Do you take extra food	Y	N		
37			Do you think rest in day time is necessary for pregnant women	Y	N		
38			If Yes, why				Pregnant women due to changes in the body, easily feel tired, so rest in day time is required to keep placenta intact and to get more oxygen for proper growth of fetus

	a	To keep placenta intact	Y	N		
	b	To get more oxygen	Y	N		
	c	For good health of mother	Y	N		
	d	For healthy development of fetus	Y	N		
	e	Any other (specify) :				
39		What is the minimum hours of rest(sleep) is required in day time for one pregnant woman				10 hrs minimum sleep required inclusive of 2 hrs rest(sleep) in day time
	a	One hour	Y	N		
	b	Two hours	Y	N		
	c	Three hours	Y	N		
	d	Any other(specify) :				
40		Why Institutional delivery is promoted / required				In order to prevent post-partum deaths, better IMR & MMR, promoting child survival & safe motherhood, reducing pregnancy complications etc.
	a	Less post-partum deaths	Y	N		
	b	To provide incentive to AWW	Y	N		
	c	Better IMR & MMR	Y	N		
	d	In order to become JSY beneficiary	Y	N		
	e	Promote child survival & safe motherhood	Y	N		
	f	Reduce pregnancy complications	Y	N		
	g	Any other (specify) :				
41		What should be the preparation for home delivery				In order to have a home delivery one Trained Birth Attendant/ Skilled Birth Attendant has to be consulted, disposable delivery kit and five cleans are to be arranged and nutrition and health education to be received by the pregnant woman and family

							members etc.	
	a		Consultation with a Trained Birth Attendant/ Skilled Birth Attendant	Y	N			
	b		Arranging disposable Delivery Kit	Y	N			
	c		Ensure '5 Cleans'	Y	N			
	d		Nutrition and Health Education to the mother and family members	Y	N			
	e		Any other (specify) :					
42			What are the five cleans				<ul style="list-style-type: none"> a. Clean hands b. Clean surface-clean room and clean sheet c. Clean /new blade d. Clean cord tie (thread) e. Clean cord stump 	
	a		Clean hands	Y	N			
	b		Clean wall of the house	Y	N			
	c		Clean surface	Y	N			
	d		Clean cord tie (thread)	Y	N			
	e		Clean cord stump	Y	N			
	f		Clean/new blade	Y	N			
	g		Any other (specify) :					
43			What is the name of the disease for which BCG is given				BCG is given to prevent Tuberculosis (T.B) disease.	
	a		Tetanus	Y	N			
	b		Measles	Y	N			
	c		Tuberculosis	Y	N			
	d		Any other (specify) :					
44			At what age it should be given to the child				At Birth	
	a		At birth	Y	N			
	b		After one month	Y	N			
	c		After 2 months	Y	N			

	d		Any other (specify) :				
45			Why vitamin "A" is provided to the child				Vitamin "A" is provided to the child for prevention from night blindness which if not treated leads to complete blindness, essential for functioning of immune system and promotion of healthy growth and development of children
	a		Prevents child from night blindness/blindness	Y	N		
	b		Essential for functioning of immune system	Y	N		
	c		Promotes healthy growth and development of children	Y	N		
	d		Any other (specify) :				
46			At what age, first dose of vitamin "A" is provided to the child				At 9 months with measles
	a		At birth	Y	N		
	b		At 6 months	Y	N		
	c		At 9 months	Y	N		
	d		Any other (specify) :				
47			What is exclusive breast feeding				"Exclusive breastfeeding" is defined as giving no other food or drink – not even water – except breast milk up to six months. It does, however, allow the infant to receive oral rehydration salts (ORS), drops and syrups (vitamins, minerals and medicines).
	a		Giving breast milk up to six months without giving any other thing	Y	N		
	b		Breast feeding up to six months in addition to honey water cow/animals milk etc.	Y	N		
	c		Giving breast milk up to two years	Y	N		

	d		Any other (specify) :				
48			When complementary feeding should be started				Infants should start receiving complementary foods after completion of six months (180 days) of age in addition to breast milk.
	a		After completion of four months	Y	N		
	b		Before six months	Y	N		
	c		After completion of six months	Y	N		
	d		At eight months	Y	N		
	e		Any other (specify) :				
49			Why complementary feeding is required				Age appropriate, adequate and safe complementary foods are required to ensure optimal growth and development of child as breast milk alone is not sufficient to meet increasing nutritional needs of the growing child.
	a		Child is growing up	Y	N		
	b		Breast milk alone is not sufficient to meet the nutritional requirement of the growing child	Y	N		
	c		Mothers' milk has no adequate nutrients for the child	Y	N		
	d		Other foods has got more nutritive value than the mothers' milk	Y	N		
	e		Any other (specify) :				
50			What sort of food should be taken by pregnant women for getting iron				Animal products: red meat, poultry and fish. Milk and Milk Products: curds, Paneer Plant sources include: boiled soybeans, Dal, Rajma, pumpkin seeds, spinach, methi, Bathua, Chaulai, Kamal

							Kakdi, sem ki fali, Cereals: Jowar, Bajara, Ragi Food Fortified with iron as well. Seasonal fruits and raisins Eating iron-rich foods along with foods high in vitamin C, such as oranges and tomatoes, can help boost the absorption of iron.
	a		Animal products	Y	N		
	b		Milk and milk products	Y	N		
	c		Green leaves, palak, methi, bathua, chowlai	Y	N		
	d		Dal, rajma	Y	N		
	e		Jowar, bajara, ragi	Y	N		
	f		Seasonal fruits, raisins	Y	N		
	g		Any other (specify) :				
51			What sort of food should be taken by pregnant women for getting fats				Ghee, vegetable oil, Butter, Oil seeds, Nuts, Soyabean, Milk, cheese, cream, meat, Saunth ke Laddo, etc.
	a		Ghee, oil, oil seeds	Y	N		
	b		Milk, cheese, butter, cream	Y	N		
	c		Nuts, Soyabean	Y	N		
	d		Any other (specify) :				
52			What sort of food should be taken by pregnant women for getting protein				Animal products: red meat, poultry and fish. Milk and Milk Products: curds, Paneer Plant sources include: boiled soybeans, Dal, Rajma, pumpkin seeds, spinach, methi, Bathua, Chaulai, Kamal Kakdi, sem ki fali, Cereals: Jowar, Bajara, Ragi Nuts & oil seeds: Almond, Pistachios,

						Cashew nuts, Groundnut
	a		Animal products	Y	N	
	b		Milk and milk products	Y	N	
	c		Dals	Y	N	
	d		Nuts and oil seeds	Y	N	
	e		Any other (specify) :			
53			Do you know what is MCPC	Y	N	Mother & Child Protection Card (MCPC) is a mother held card and used as a counseling tool to learn, understand and follow positive practices for achieving good health of pregnant women, young mothers and children under three years of age . It helps to know about various types of services under ICDS and empowers them to make decisions for improved health and nutritional status of young children.
54			If Yes, list down benefits of MCPC			Used as a counseling tool to learn, understand and follow positive practices for achieving good health of pregnant women, young mothers and children under three years of age . It helps to know about various types of services under ICDS. It empowers to make decisions for improved health and nutritional status of young children.
	a		Used as a counseling tool	Y	N	
	b		It helps to know about various types of services under ICDS	Y	N	

	c		It empowers to make decisions on health and nutrition	Y	N		
	d		Any other (specify) :				
55			Do you have your MCPC	Y	N		
56			Do you know what is JSY	Y	N		Janani Surakshya Yojana is for reduction of MMR & IMR and to increase institutional deliveries in BPL families.
			List down benefits of JSY	Y	N		
	a		Financial help for delivery	Y	N		
	b		Safe delivery at institution	Y	N		
	c		Free transportation facility	Y	N		
	d		Any other (specify) :				
57			Have you ever contributed in implementation/running of Mini-AWC	Y	N		
58			If Yes, specify the contribution made				
59			Do you experience any problem in getting the services from Mini-AWC	Y	N		
60			If Yes, specify them				
61			Do you have any suggestions for better implementation of Mini-AWC in your village	Y	N		
62			If Yes, specify them				

Name and Signature of Investigator with Date

ANNEXURE-IX

G. SCHEDULE FOR LACTATING MOTHER

National Institute of Public Cooperation and Child Development
5, Siri Institutional Area, Hauz Khas, New Delhi-110016
A STUDY OF MINI ANGANWADI CENTRES IN ICDS

i	Name of State	:
ii	Name of District	:
iii	Name of Project	:
iv	Name of sector	:
v	Name of Mini AWC village	:
vi	Name of lactating mother	:
vii	Name of the child beneficiary	:
viii	Age of the child beneficiary (in completed months)	

(READ CAREFULLY THE INSTRUCTIONS BEFORE FILLING UP THIS SCHEDULE AND RATING RESPONSES)

S. No.				Responses			Instructions for Investigator
				Yes	No	Other	
							When answer is Yes or No then Y or N to be encircled. When answer is not Y or N, and there is no space for writing response, then short closed ended response is to be written under "Other"
1.			Are you aware of services of ICDS	Y	N		
2.			If Yes, specify them	Y	N		
	a		Supplementary Nutrition	Y	N		
	b		Immunisation	Y	N		

	c	Health Check-up	Y	N		
	d	Referral Services	Y	N		
	e	Nutrition and Health Education	Y	N		
	f	Non formal Preschool Education	Y	N		
	g	Any other (specify) :				
3		What are the benefits a lactating mother should get from Mini-AWC				
	a	Supplementary Nutrition				
	b	Health check-up	Y	N		
	c	Immunization of her child	Y	N		
	d	Health check-up of her child	Y	N		
	e	Nutrition and health education	Y	N		
	f	Any other (specify) :				
4		Do you get supplementary nutrition from Mini-AWC	Y	N		
5		Do you eat that supplementary nutrition	Y	N		
6		If Yes,				
	a	Is it good in taste	Y	N		
	b	Is quality good	Y	N		
	c	Is quantity as per norm/menu	Y	N		Investigator needs to tell the quantity of SN/raw materials one lactating mother should get as per direction of State Government and then rate the response.
7		Do you know that children are immunised at AWC	Y	N		
8		If Yes, has your child been immunised	Y	N		
9		Specify immunization status of your child as per scheduled date/age				
						Investigator needs to record these information from immunisation register/health card/MCPC. Actual status of immunisation needs to be

						assessed depending on date of birth of child, schedule of immunization and actual immunisation of the child.
			Age-Vaccine			
			Birth			
			OPV-0	Y	N	
			Hepatitis B-0	Y	N	
			1½ months			
			OPV-1	Y	N	
			DPT -1	Y	N	
			Hepatitis B-1	Y	N	
			2½ months			
			OPV-2	Y	N	
			DPT -2	Y	N	
			Hepatitis B-2	Y	N	
			3½ months			
			OPV-3	Y	N	
			DPT -3	Y	N	
			Hepatitis B-3	Y	N	
10			Do you know that health check-up of children is done under ICDS	Y	N	
11			If yes, has health check-up of your child been done	Y	N	
12			If Yes, specify number of times of health check-up of child done in lactation period (birth to 6 months)			Lactation period is when a mother breast feeds her child from birth to 6 months. Health check-up/care of baby is mostly done four times (1 st day,, 3 rd day, 7 th day and 6 th week of age of the child). For details please refer post natal care of MCPC.
	a		1 st day	Y	N	
	b		3 rd day	Y	N	

	c	7 th day	Y	N		
	d	6 th week	Y	N		
	e	Any other (specify) :				
13		Do you know that health check-up of lactating mother is done under ICDS	Y	N		
14		If yes, have your health check-up been done	Y	N		
15		If Yes, specify number of times of health check-up done after delivery				Four times health check-up (1 st day, 3 rd day, 7 th day and 6 th week) of lactating mother after delivery is mostly done. Details may be seen from post natal care section of MCPC.
	a	1 st day	Y	N		
	b	3 rd day	Y	N		
	c	7 th day	Y	N		
	d	6 th week	Y	N		
	e	Any other (specify) :				
16		Do you know that Mini-AWW refer allied beneficiaries to the referral hospital	Y	N		
17		Have you ever been referred to FRU	Y	N		FRU is First Referral Unit
18		If Yes, specify				
	a	When (Indicate week and month)				
	b	What was the health problem				
19		Do you know that Mini-AWW monitors growth of the children	Y	N		
20		What is the purpose of growth monitoring of children				In order to ensure that the weight gain of the child is as per her age
	a	To make the child healthy	Y	N		
	b	To protect the child from the diseases	Y	N		
	c	In order to ensure that the weight gain of the child is as per her age	Y	N		

	d	To give appropriate feeding when weight is less	Y	N		
	e	To take other action for improvement of nutritional and health status of child.	Y	N		
	f	Any other (specify) :				
21		Dose Mini-AWW maintain growth chart for your child	Y	N		
22		If Yes, have you ever seen the growth chart of your child	Y	N		
23		Has Mini-AWW ever counseled you on growth status of your child	Y	N		
24		Do you know that Mini-AWC has a medicine kit	Y	N		
25		If Yes, have you ever taken any medicine from AWC	Y	N		
26		Does Mini-AWW conduct NHE	Y	N		
27		If Yes, how frequently				
	a	Weekly	Y	N		
	b	Twice in a month	Y	N		
	c	Once in a month	Y	N		
	d	Once in a two month	Y	N		
	e	Once in a quarter	Y	N		
	f	Do not know	Y	N		
	g	Any other (specify) :				
28		Do you attend NHE session	Y	N		
29		If Yes, rate attendance in the last 3 months in ten point scale				This means if the visit is made in October then attendance of pregnant women in NHE session conducted from July-September is to be rated. If a total number of 10 sessions have been organised and the lactating woman has attended 3 sessions then her attendance of session is to be rated as 3.
30		Why NHE is conducted				

	a	To develop knowledge, understanding and skill of mother/women	Y	N		
	b	To develop capability of mother/women to take care nutrition and health needs of their children	Y	N		
	c	Mother/women to learn and tell others in the village/ward.	Y	N		
	d	Any other (specify) :				
31		Does Mini-AWW make home visit	Y	N		
32		Has she visited your home	Y	N		
33		If Yes, specify				
	a	When she visited in last 3 months (indicate week and month)				Last 3 months means if the visit is made in October then last 3 months would be from July-September.
	b	Why she visited (Indicate purpose)				
34		Why pregnant women are immunised against TT (Indicate one main purpose)				It will protect mother and child from tetanus infection which can occur due to instrumental injury and open stitches during delivery. When TT vaccine is given to a woman, the antibodies that form in her body are passed to her fetus. These antibodies protect the baby against tetanus during birth and for a few months afterwards
	a	To protect the mother and child from tetanus infection	Y	N		
	b	To protect the mother from tetanus infection	Y	N		
	c	To protect the child from tetanus infection	Y	N		
	d	To make the child healthy	Y	N		
	e	To increase blood in pregnant women	Y	N		
	f	Any other (specify) :				

35		Did you get TT during your pregnancy	Y	N		
36		If Yes, how many				
	i	One	Y	N		
	ii	Two	Y	N		
	iii	Any other (specify) :				
37		What is the minimum number of health check-up one pregnant woman should get				At least 4 prenatal care check-up during pregnancy
	a	One	Y	N		
	b	Two	Y	N		
	c	Three	Y	N		
	d	Four	Y	N		
	e	Any other (specify) :				
38		How many health check-up did you get during pregnancy				
	i	Once	Y	N		
	ii	Twice	Y	N		
	iii	Thrice	Y	N		
	iv	Four times	Y	N		
	v	Any other(specify) :				
39		Why pregnant woman should take IFA tablets				IFA tablets treat anaemia during pregnancy, increase placental growth, reduce risks of low birth weight baby, reduce risk of pre-term / premature baby, prevent neural tube defects and congenital abnormalities etc.
	a	Treat anaemia during pregnancy	Y	N		
	b	Increase placental growth	Y	N		
	c	Reduce risks of low birth weight baby	Y	N		
	d	Reduce risk of pre-term / premature baby	Y	N		
	e	Prevent neural tube defects	Y	N		
	f	Prevent congenital abnormalities	Y	N		

	g	Any other (specify) :				
40		Did you get IFA tablet	Y	N		
41		If Yes, specify				
	a	How many you got				
	i	60 tablets	Y	N		
	ii	90 tablets	Y	N		
	iii	100 tablets	Y	N		
	iv	120 tablets	Y	N		
	v	Any other (specify) :				
	b	How many you consumed				
	i	60 tablets	Y	N		
	ii	90 tablets	Y	N		
	lii	100 tablets	Y	N		
	iv	120 tablets	Y	N		
	v	Any other (specify) :				
42		Do you know that pregnant woman should take extra food	Y	N		
43		If Yes, why				To maintain pregnancy weight gain, avoid risk of premature delivery and low birth weight baby, pregnant mother should take extra food besides her recommended dietary allowances.
	a	In order to maintain pregnancy weight gain	Y	N		
	b	To avoid tetanus infection	Y	N		
	c	To avoid risk of premature delivery	Y	N		
	d	To avoid delivery of low birth weight baby	Y	N		
	e	In order to have a safe delivery	Y	N		
	f	Any other (specify) :				
44		Did you take extra food during pregnancy	Y	N		
45		Do you think rest in day time is necessary for pregnant women	Y	N		

46		If Yes, why				Pregnant women due to changes in the body, easily feel tired, so rest in day time is required to keep placenta intact and to get more oxygen for proper growth of fetus
	a	To keep placenta intact	Y	N		
	b	To get more oxygen	Y	N		
	c	For good health of mother	Y	N		
	d	For healthy development of fetus	Y	N		
	e	Any other (specify) :				
47		What is the minimum hours of rest(sleep) is required in day time for one pregnant woman				10 hrs minimum sleep required inclusive of 2 hrs rest (sleep) in day time
	a	One hour	Y	N		
	b	Two hours	Y	N		
	c	Three hours	Y	N		
	d	Any other (specify) :				
48		Why Institutional delivery is promoted / required				In order to prevent post-partum deaths, better IMR & MMR, promoting child survival & safe motherhood, reducing pregnancy complications etc.
	a	Less post-partum deaths	Y	N		
	b	To provide incentive to AWW	Y	N		
	c	Better IMR & MMR	Y	N		
	d	In order to become JSY beneficiary	Y	N		
	e	Promote child survival & safe motherhood	Y	N		
	f	Reduce pregnancy complications	Y	N		
	g	Any other (specify) :				
49		What should be the preparation for home delivery				In order to have a home delivery one Trained Birth Attendant/ Skilled Birth Attendant has to be consulted,

						disposable delivery kit and five cleans are to be arranged and nutrition and health education to be received by the pregnant woman and family members etc.
	a	Consultation with a Trained Birth Attendant/ Skilled Birth Attendant	Y	N		
	b	Arranging disposable Delivery Kit	Y	N		
	c	Ensure '5 Cleans'	Y	N		
	d	Nutrition and Health Education to the mother and family members	Y	N		
	e	Any other (specify) :				
50		What are the five cleans				<ul style="list-style-type: none"> a. Clean hands b. Clean surface-clean room and clean sheet c. Clean /new blade d. Clean cord tie (thread) e. Clean cord stump
	a	Clean hands	Y	N		
	b	Clean wall of the house	Y	N		
	c	Clean surface	Y	N		
	d	Clean cord tie (thread)	Y	N		
	e	Clean cord stump	Y	N		
	f	Clean/new blade	Y	N		
	g	Any other (specify) :				
51		What is the name of the disease for which BCG is given				BCG is given to prevent Tuberculosis (T.B) disease.
	a	Tetanus	Y	N		
	b	Measles	Y	N		
	c	Tuberculosis	Y	N		
	d	Any other (specify) :				

52		At what age it should be given to the child				At Birth
	a	At birth	Y	N		
	b	After one month	Y	N		
	c	After 2 months	Y	N		
	d	Any other (specify) :				
53		Why vitamin "A" is provided to the child				Vitamin "A" is provided to the child for prevention from night blindness which if not treated leads to complete blindness, essential for functioning of immune system and promotion of healthy growth and development of children
	a	Prevents child from night blindness/blindness	Y	N		
	b	Essential for functioning of immune system	Y	N		
	c	Promotes healthy growth and development of children	Y	N		
	d	Any other (specify) :				
54		At what age, first dose of vitamin "A" is provided to the child				At 9 months with measles
	a	At birth	Y	N		
	b	At 6 months	Y	N		
	c	At 9 months	Y	N		
	d	Any other (specify) :				
55		What is exclusive breast feeding				"Exclusive breastfeeding" is defined as giving no other food or drink – not even water – except breast milk up to six months. It does, however, allow the infant to receive oral rehydration salts (ORS), drops and syrups (vitamins, minerals and medicines).
	a	Giving breast milk up to six months without giving any other thing	Y	N		

	b	Breast feeding up to six months in addition to honey water cow/animals milk etc.	Y	N		
	c	Giving breast milk up to two years	Y	N		
	d	Any other (specify) :				
56		When complementary feeding should be started				Infants should start receiving complementary foods after completion of six months (180 days) of age in addition to breast milk.
	a	After completion of four months	Y	N		
	b	Before six months	Y	N		
	c	After completion of six months	Y	N		
	d	At eight months	Y	N		
	e	Any other (specify) :				
57		Why complementary feeding is required				Age appropriate, adequate and safe complementary foods are required to ensure optimal growth and development of child as breast milk alone is not sufficient to meet increasing nutritional needs of the growing child.
	a	Child is growing up	Y	N		
	b	Breast milk alone is not sufficient to meet the nutritional requirement of the growing child	Y	N		
	c	Mothers' milk has no adequate nutrients for the child	Y	N		
	d	Other foods has got more nutritive value than the mothers' milk	Y	N		
	e	Any other (specify) :				
58		What sort of food should be taken by lactating mother for getting iron				Animal products: red meat, poultry and fish. Milk and Milk Products: curds, Paneer Plant sources include: boiled soybeans,

							Dal, Rajma, pumpkin seeds, spinach, methi, Bathua, Chaulai, Kamal Kakdi, sem ki falai, Cereals: Jowar, Bajara, Ragi Food Fortified with iron as well. Seasonal fruits and raisins Eating iron-rich foods along with foods high in vitamin C, such as oranges and tomatoes, can help boost the absorption of iron.
	a	Animal products	Y	N			
	b	Milk and milk products	Y	N			
	c	Green leaves, palak, methi, bathua, chowlai	Y	N			
	d	Dal, rajma	Y	N			
	e	Jowar, bajara, ragi	Y	N			
	f	Seasonal fruits, raisins	Y	N			
	g	Any other (specify) :					
59		What sort of food should be taken by lactating mother for getting fats					Ghee, vegetable oil, Butter, Oil seeds, Nuts, Soyabean, Milk, cheese, cream, meat, Saunth ke Laddo, etc.
	a	Ghee, oil, oil seeds	Y	N			
	b	Milk, cheese, butter, cream	Y	N			
	c	Nuts, Soyabean	Y	N			
	d	Any other (specify) :					
60		What sort of food should be taken by lactating mother for getting protein					Animal products: red meat, poultry and fish. Milk and Milk Products: curds, Paneer Plant sources include: boiled soybeans, Dal, Rajma, pumpkin seeds, spinach, methi, Bathua, Chaulai, Kamal Kakdi, sem ki falai,

						Cereals: Jowar, Bajara, Ragi Nuts & oil seeds: Almond, Pistachios, Cashew nuts, Groundnut
	a	Animal products	Y	N		
	b	Milk and milk products	Y	N		
	c	Dals	Y	N		
	d	Nuts and oil seeds	Y	N		
	e	Any other (specify) :				
61		Do you know what is MCPC	Y	N		Mother & Child Protection Card (MCPC) is a mother held card and used as a counseling tool to learn, understand and follow positive practices for achieving good health of pregnant women, young mothers and children under three years of age . It helps to know about various types of services under ICDS and empowers them to make decisions for improved health and nutritional status of young children.
62		If Yes, list down benefits of MCPC				Used as a counseling tool to learn, understand and follow positive practices for achieving good health of pregnant women, young mothers and children under three years of age . It helps to know about various types of services under ICDS. It empowers to make decisions for improved health and nutritional status of young children.
	a	Used as a counseling tool	Y	N		

	b	It helps to know about various types of services under ICDS	Y	N		
	c	It empowers to make decisions on health and nutrition	Y	N		
	d	Any other (specify) :				
63		Do you have your MCPC	Y	N		
64		Do you know what is JSY	Y	N		Janani Surakshya Yojana is for reduction of MMR & IMR and to increase institutional deliveries in BPL families.
65		If yes, list down benefits of JSY	Y	N		
	a	Financial help for delivery	Y	N		
	b	Safe delivery at institution	Y	N		
	c	Free transportation facility	Y	N		
	d	Any other (specify) :				
66		Have you ever contributed in implementation/running of Mini-AWC	Y	N		
67		If Yes, specify the contribution made				
68		Do you experience any problem in getting the services from Mini-AWC	Y	N		
69		If Yes, specify them				
70		Do you have any suggestions for better implementation of Mini-AWC in your village	Y	N		
71		If Yes, specify them

H. SCHEDULE FOR MOTHER OF 6-36 MONTHS CHILDREN

National Institute of Public Cooperation and Child Development
 5, Siri Institutional Area, Hauz Khas, New Delhi-110016
 A STUDY OF MINI ANGANWADI CENTRES IN ICDS

i	Name of State	:
ii	Name of District	:
iii	Name of Project	:
iv	Name of sector	:
v	Name of Mini AWC village	:
vi	Name of the mother	:
vii	Name of the child	:
viii	Age of the child beneficiary (in completed months) :	

(READ CAREFULLY THE INSTRUCTIONS BEFORE FILLING UP THIS SCHEDULE AND RATING RESPONSES)

S. No.			Responses			Instructions for Investigator
			Yes	No	Other	
						When answer is Yes or No then Y or N to be encircled. When answer is not Y or N, and there is no space for writing response, then short closed ended response is to be written under "Other"
1		Are you aware of services of ICDS	Y	N		
		If Yes, specify them				
	a	Supplementary Nutrition	Y	N		
	b	Immunisation	Y	N		

	c	Health Check-up	Y	N		
	d	Referral Services	Y	N		
	e	Nutrition and Health Education	Y	N		
	f	Non formal Preschool Education	Y	N		
	g	Any other (specify) :				
2		What are the benefits a child (6-36 months) should get from Mini-AWC				
	a	Supplementary Nutrition	Y	N		
	b	Immunisation	Y	N		
	c	Health Check-up	Y	N		
	d	Referral services	Y	N		
	e	Any other (specify) :				
3		Does your child get supplementary nutrition from Mini-AWC	Y	N		
4		Does the child eat that supplementary nutrition	Y	N		
5		If Yes,				
	a	Is it good in taste	Y	N		
	b	Is quality good	Y	N		
	c	Is quantity as per norm/menu	Y	N		Investigator needs to tell the quantity of SN/raw materials one child (6-36 months) should get as per direction of State Government and then rate the response.
6		If No, who eats that supplementary nutrition at home				This relates to S. No. 4
	a	Children below 6 years	Y	N		
	b	Children above 6 years	Y	N		
	c	Parents	Y	N		
	d	Any other (specify) :				
7		Do you know that Mini-AWW refer allied beneficiaries to the referral hospital	Y	N		

8		Has your child ever been referred to FRU	Y	N		FRU is First Referral Unit
9		If Yes, specify				
	a	When (indicate week and month)				
	b	What was the health problem				
10		Do you know that Mini-AWW monitors growth of the children	Y	N		
11		What is the purpose of growth monitoring of children				In order to ensure that the weight gain of the child is as per her age
	a	To make the child healthy	Y	N		
	b	To protect the child from the diseases	Y	N		
	c	In order to ensure that the weight gain of the child is as per her age	Y	N		
	d	To give appropriate feeding when weight is less	Y	N		
	e	To take other action for improvement of nutritional and health status of child.	Y	N		
	f	Any other (specify) :				
12		Does Mini-AWW maintain growth chart for your child	Y	N		
13		If Yes, have you ever seen the growth chart of your child	Y	N		
14		Has Mini-AWW ever counseled you on growth status of your child	Y	N		
15		Do you know that Mini-AWC has a medicine kit	Y	N		
16		If Yes, have you ever taken any medicine for your child from AWC	Y	N		
17		Does Mini-AWW conduct NHE	Y	N		
18		If Yes, how frequently				
	a	Weekly	Y	N		
	b	Twice in a month	Y	N		
	c	Once in a month	Y	N		

	d	Once in a two months	Y	N		
	e	Once in a quarter	Y	N		
	f	Do not know	Y	N		
	g	Any other (specify) :				
19		Do you attend NHE session	Y	N		
20		If Yes, rate attendance in the last 3 months in ten point scale				This means if the visit is made in October then attendance of mother in NHE session conducted from July-September is to be rated. If a total number of 10 sessions have been organised and the mother has attended 3 sessions then her attendance of session is to be rated as 3.
21		Why NHE is conducted				
	a	To develop knowledge, understanding and skill of mother/women	Y	N		
	b	To develop capability of mother/women to take care nutrition and health needs of their children	Y	N		
	c	Mother/women to learn and tell others in the village/ward.	Y	N		
	d	Any other (specify) :				
22		Does Mini-AWW make home visit	Y	N		
23		Has she visited your home	Y	N		
24		If Yes,				
	a	When she visited in last 3 months (indicate week and month)				
	b	Why she visited (Indicate purpose)				
25		Why pregnant women are immunised against TT				It will protect mother and child from

							tetanus infection which can occur due to instrumental injury and open stitches during delivery. When TT vaccine is given to a woman, the antibodies that form in her body are passed to her fetus. These antibodies protect the baby against tetanus during birth and for a few months afterwards
	a		To protect the mother and child from tetanus infection	Y	N		
	b		To protect the mother from tetanus infection	Y	N		
	c		To protect the child from tetanus infection	Y	N		
	d		To make the child healthy	Y	N		
	e		To increase blood in pregnant women	Y	N		
	f		Any other (specify) :				
26			What is the minimum number of health check-up one pregnant woman should get				At least 4 prenatal care check-up during pregnancy
	a		One	Y	N		
	b		Two	Y	N		
	c		Three	Y	N		
	d		Four	Y	N		
	e		Any other (specify) :				
27			Why pregnant woman should take IFA tablets				IFA tablets treat anaemia during pregnancy, increase placental growth, reduce risks of low birth weight baby, reduce risk of pre-term / premature baby, prevent neural tube defects and congenital abnormalities etc.
	a		Treat anaemia during pregnancy	Y	N		
	b		Increase placental growth	Y	N		

	c		Reduce risks of low birth weight baby	Y	N		
	d		Reduce risk of pre-term / premature baby	Y	N		
	e		Prevent neural tube defects	Y	N		
	f		Prevent congenital abnormalities	Y	N		
	g		Any other (specify) :				
28			Do you know that pregnant woman should take extra food	Y	N		
29			If Yes, why				To maintain pregnancy weight gain, avoid risk of premature delivery and low birth weight baby, pregnant mother should take extra food besides her recommended dietary allowances.
	a		In order to maintain pregnancy weight gain	Y	N		
	b		To avoid tetanus infection	Y	N		
	c		To avoid risk of premature delivery	Y	N		
	d		To avoid delivery of low birth weight baby	Y	N		
	e		In order to have a safe delivery	Y	N		
	f		Any other (specify) :				
30			Do you think rest in day time is necessary for pregnant women	Y	N		
31			If Yes, why				Pregnant women due to changes in the body, easily feel tired, so rest in day time is required to keep placenta intact and to get more oxygen for proper growth of fetus
	a		To keep placenta intact	Y	N		
	b		To get more oxygen	Y	N		
	c		For good health of mother	Y	N		
	d		For healthy development of fetus	Y	N		
	e		Any other (specify) :				

32		What is the minimum hours of rest(sleep) is required in day time for one pregnant woman				10 hrs minimum sleep required inclusive of 2 hrs rest(sleep) in day time
	a	One hour	Y	N		
	b	Two hours	Y	N		
	c	Three hours	Y	N		
	d	Any other (specify) :				
33		Why Institutional delivery is promoted / required				In order to prevent post-partum deaths, better IMR & MMR, promoting child survival & safe motherhood, reducing pregnancy complications etc.
	a	Less post-partum deaths	Y	N		
	b	To provide incentive to AWW	Y	N		
	c	Better IMR & MMR	Y	N		
	d	In order to become JSY beneficiary	Y	N		
	e	Promote child survival & safe motherhood	Y	N		
	f	Reduce pregnancy complications	Y	N		
	g	Any other (specify) :				
34		What should be the preparation for home delivery				In order to have a home delivery one Trained Birth Attendant/ Skilled Birth Attendant has to be consulted, disposable delivery kit and five cleans are to be arranged and nutrition and health education to be received by the pregnant woman and family members etc.
	a	Consultation with a Trained Birth Attendant/ Skilled Birth Attendant	Y	N		
	b	Arranging disposable Delivery Kit	Y	N		

	c		Ensure '5 Cleans'	Y	N		
	d		Nutrition and Health Education to the mother and family members	Y	N		
	e		Any other (specify) :				
35			What are the five cleans				<ul style="list-style-type: none"> a. Clean hands b. Clean surface-clean room and clean sheet c. Clean /new blade d. Clean cord tie (thread) e. Clean cord stump
	a		Clean hands	Y	N		
	b		Clean wall of the house	Y	N		
	c		Clean surface	Y	N		
	d		Clean cord tie (thread)	Y	N		
	e		Clean cord stump	Y	N		
	f		Clean/new blade	Y	N		
	g		Any other (specify) :				
36			What is the name of the disease for which BCG is given				BCG is given to prevent Tuberculosis (T.B) disease.
	a		Tetanus	Y	N		
	b		Measles	Y	N		
	c		Tuberculosis	Y	N		
	d		Any other (specify) :				
37			At what age it should be given to the child				At Birth
	a		At birth	Y	N		
	b		After one month	Y	N		
	c		After 2 months	Y	N		
	d		Any other (specify) :				
38			Why vitamin "A" is provided to the child				Vitamin "A" is provided to the child for prevention from night blindness which if not treated leads to complete

							blindness, essential for functioning of immune system and promotion of healthy growth and development of children	
	a		Prevents child from night blindness/blindness	Y	N			
	b		Essential for functioning of immune system	Y	N			
	c		Promotes healthy growth and development of children	Y	N			
	d		Any other (specify) :					
39			At what age, first dose of vitamin "A" is provided to the child				At 9 months with measles	
	a		At birth	Y	N			
	b		At 6 months	Y	N			
	c		At 9 months	Y	N			
	d		Any other (specify) :					
40			What is exclusive breast feeding				"Exclusive breastfeeding" is defined as giving no other food or drink – not even water – except breast milk up to six months. It does, however, allow the infant to receive oral rehydration salts (ORS), drops and syrups (vitamins, minerals and medicines).	
	a		Giving breast milk up to six months without giving any other thing	Y	N			
	b		Breast feeding up to six months in addition to honey water cow/animals milk etc.	Y	N			
	c		Giving breast milk up to two years	Y	N			
	d		Any other (specify) :					
41			When complementary feeding should be started				Infants should start receiving complementary foods after completion of six months (180 days)	

							of age in addition to breast milk.	
	a		After completion of four months	Y	N			
	b		Before six months	Y	N			
	c		After completion of six months	Y	N			
	d		At eight months	Y	N			
	e		Any other (specify) :					
42			Why complementary feeding is required				Age appropriate, adequate and safe complementary foods are required to ensure optimal growth and development of child as breast milk alone is not sufficient to meet increasing nutritional needs of the growing child.	
	a		Child is growing up	Y	N			
	b		Breast milk alone is not sufficient to meet the nutritional requirement of the growing child	Y	N			
	c		Mothers' milk has no adequate nutrients for the child	Y	N			
	d		Other foods has got more nutritive value than the mothers' milk	Y	N			
	e		Any other (specify) :					
43			What sort of food should be given to children above one year for getting iron				Animal products: red meat, poultry and fish. Milk and Milk Products: curds, Paneer Plant sources include: boiled soybeans, Dal, Rajma, pumpkin seeds, spinach, methi, Bathua, Chaulai, Kamal Kakdi, sem ki fali, Cereals: Jowar, Bajara, Ragi Food Fortified with iron as well. Seasonal fruits and raisins	

							Eating iron-rich foods along with foods high in vitamin C, such as oranges and tomatoes, can help boost the absorption of iron.
	a		Animal products	Y	N		
	b		Milk and milk products	Y	N		
	c		Green leaves, palak, methi, bathua, chowlai	Y	N		
	d		Dal, rajma	Y	N		
	e		Jowar, bajara, ragi	Y	N		
	f		Seasonal fruits, raisins	Y	N		
	g		Any other (specify) :				
44			What sort of food should be given to children above one year for getting Vit-A				Vitamin-“A” is widely present in most of green and yellow fruits and vegetables. Spinach (palak), Amaranthus (chaulai) are the cheapest source of vitamin-“A” and darker the green leafy vegetables is richer it is in vitamin-“A”.
	a		Spinach (<i>palak</i>), Amaranthus (<i>chaulai</i>)	Y	N		
	b		Green leafy vegetables and fruits	Y	N		
	c		Yellow fruits and vegetables	Y	N		
	d		Any other (specify) :				
45			What sort of food should be given to children above one year for getting protein				Animal products: red meat, poultry and fish. Milk and Milk Products: curds, Paneer Plant sources include: boiled soybeans, Dal, Rajma, pumpkin seeds, spinach, methi, Bathua, Chaulai, Kamal Kakdi, sem ki fali, Cereals: Jowar, Bajara, Ragi Nuts & oil seeds: Almond, Pistachios,

							Cashew nuts, Groundnut
	a		Animal products	Y	N		
	b		Milk and milk products	Y	N		
	c		Dals	Y	N		
	d		Nuts and oil seeds	Y	N		
	e		Any other (specify) :				
46			Do you know what is MCPC	Y	N		Mother & Child Protection Card (MCPC) is a mother held card and used as a counseling tool to learn, understand and follow positive practices for achieving good health of pregnant women, young mothers and children under three years of age . It helps to know about various types of services under ICDS and empowers them to make decisions for improved health and nutritional status of young children.
47			If Yes, list down benefits of MCPC				Used as a counseling tool to learn, understand and follow positive practices for achieving good health of pregnant women, young mothers and children under three years of age . It helps to know about various types of services under ICDS. It empowers to make decisions for improved health and nutritional status of young children.
	a		Used as a counseling tool	Y	N		
	b		It helps to know about various types of services under ICDS	Y	N		

	c		It empowers to make decisions on health and nutrition	Y	N		
	d		Any other (specify) :				
48			Do you have your MCPC	Y	N		
49			Do you know what is JSY	Y	N		Janani Surakshya Yojana is for reduction of MMR & IMR and to increase institutional deliveries in BPL families.
50			list down benefits of JSY				
	a		Financial help for delivery	Y	N		
	b		Safe delivery at institution	Y	N		
	c		Free transportation facility	Y	N		
	d		Any other (specify) :				
51			Have you ever contributed in implementation/running of Mini-AWC	Y	N		
52			If Yes, specify the contribution made				
53			Do you experience any problem in getting the services from Mini-AWC	Y	N		
54			If Yes, specify them				
55			Do you have any suggestions for better implementation of Mini-AWC in your village	Y	N		
56			If Yes, specify them				

Name and Signature of Investigator with Date

I. SCHEDULE FOR MOTHER OF 3-6 YEARS CHILDREN

National Institute of Public Cooperation and Child Development
5, Siri Institutional Area, Hauz Khas, New Delhi-110016
A STUDY OF MINI ANGANWADI CENTRES IN ICDS

i		Name of State :
ii		Name of District :
iii		Name of Project :
iv		Name of sector :
v		Name of Mini AWC village :
vi		Name of the mother :
vii		Name of the child :
viii		Age of the child beneficiary (in completely months)

(READ CAREFULLY THE INSTRUCTIONS BEFORE FILLING UP THIS SCHEDULE AND RATING RESPONSES)

S.No			Responses			Instructions for Investigator
			Yes	No	Other	
						When answer is Yes or No then Y or N to be encircled. When answer is not Y or N, and there is no space for writing response, then short closed ended response is to be written under "Other"
1		Are you aware of services of ICDS	Y	N		
		If Yes, specify them				
	a	Supplementary Nutrition	Y	N		
	b	Immunisation	Y	N		
	c	Health Check-up	Y	N		

	d	Referral Services	Y	N		
	e	Nutrition and Health Education	Y	N		
	f	Non formal Preschool Education	Y	N		
	g	Any other (specify) :				
2		What are the benefits a child(3-6 years) should get from Mini-AWC				
	a	Supplementary Nutrition	Y	N		
	b	Immunisation	Y	N		
	c	Health check-up	Y	N		
	d	Referral services	Y	N		
	e	Non-formal Preschool Education	Y	N		
	f	Any other (specify) :				
3		Does your child go to the Mini-AWC every day	Y	N		
4		If Yes, at what time the child goes to AWC				
5		At what time the child comes back from the AWC				
6		Activities of Mini-AWC of a day as per your experience or what child tells you.	Y	N		
	a	Prayer	Y	N		
	b	Washing hands	Y	N		
	c	Cutting nails	Y	N		
	d	Taking snacks/breakfast	Y	N		
	e	Story telling	Y	N		
	f	Indoor PSE activities	Y	N		
	g	Outdoor PSE activities	Y	N		
	h	Taking hot cooked food	Y	N		
	i	Any other (specify) :				
7		Does your child get supplementary nutrition from Mini-AWC	Y	N		
8		If Yes, specify				

	a		Is it good in taste	Y	N		
	b		Is quality good	Y	N		
	c		Is quantity as per norm/menu	Y	N		Investigator needs to tell the quantity of SN/raw materials one 3-6 years old child should get as per direction of State Government and then rate the response.
9			Does your child eat completely supplementary nutrition at Mini-AWC	Y	N		
10			If No, does your child carry it to home	Y	N		
11			If Yes, who eats that supplementary nutrition at home				
	a		Other children below six years	Y	N		
	b		Children above six years	Y	N		
	c		Parents	Y	N		
	d		Any other (specify) :				
12			Do you know that Mini-AWW refer allied beneficiaries to the referral hospital	Y	N		
13			Has your child ever been referred to FRU	Y	N		FRU is First Referral Unit
14			If Yes, specify				
	a		When (Indicate week and month)				
	b		What was the health problem				
15			Do you know that Mini-AWW monitors growth of the children	Y	N		
16			What is the purpose of growth monitoring of children				In order to ensure that the weight gain of the child is as per her age
	a		To make the child healthy	Y	N		
	b		To protect the child from the diseases	Y	N		
	c		In order to ensure that the weight gain of the child is as per her age	Y	N		

	d		To give appropriate feeding when weight is less	Y	N		
	e		To take other action for improvement of nutritional and health status of child.	Y	N		
	f		Any other (specify) :				
17			Dose Mini-AWW maintain growth chart for your child	Y	N		
18			If Yes, have you ever seen the growth chart of your child	Y	N		
19			Has Mini-AWW ever counseled you on growth status of your child	Y	N		
20			Do you know that Mini-AWC has a medicine kit	Y	N		
21			If Yes, have you ever taken any medicine for your child from AWC	Y	N		
22			Does Mini-AWW conduct NHE	Y	N		
23			If Yes, how frequently				
	a		Weekly	Y	N		
	b		Twice in a month	Y	N		
	c		Once in a month	Y	N		
	d		Once in a two months	Y	N		
	e		Once in a quarter	Y	N		
	f		Do not know	Y	N		
	g		Any other (specify) :				
24			Do you attend NHE session	Y	N		
25			If Yes, rate attendance in the last 3 months in ten point scale				This means if the visit is made in October then attendance of mother in NHE session conducted from July-September is to be rated. If a total number of 10 sessions have been organised and the mother has attended 3 sessions then her attendance of session is to be rated as 3.

26		Why NHE is conducted				
	a	To develop knowledge, understanding and skill of mother/women	Y	N		
	b	To develop capability of mother/women to take care nutrition and health needs of their children	Y	N		
	c	Mother/women to learn and tell others in the village/ward.	Y	N		
	d	Any other (specify) :				
27		Does Mini-AWW make home visit	Y	N		
28		Has she visited your home	Y	N		
29		If Yes, specify				
	a	When she visited in last 3 months (Indicate week and month)				
	b	Why she visited (Indicate purpose)				
30		Why pregnant women are immunised against TT				It will protect mother and child from tetanus infection which can occur due to instrumental injury and open stitches during delivery. When TT vaccine is given to a woman, the antibodies that form in her body are passed to her fetus. These antibodies protect the baby against tetanus during birth and for a few months afterwards
	a	To protect the mother and child from tetanus infection	Y	N		
	b	To protect the mother from tetanus infection	Y	N		
	c	To protect the child from tetanus infection	Y	N		
	d	To make the child healthy	Y	N		
	e	To increase blood in pregnant women				
	f	Any other (specify) :				

31		What is the minimum number of health check-up one pregnant woman should get				At least 4 prenatal care check-up during pregnancy
	a	One	Y	N		
	b	Two	Y	N		
	c	Three	Y	N		
	d	Four	Y	N		
	e	Any other (specify) :				
32		Why pregnant woman should take IFA tablets				IFA tablets treat anaemia during pregnancy, increase placental growth, reduce risks of low birth weight baby, reduce risk of pre-term / premature baby, prevent neural tube defects and congenital abnormalities etc.
	a	Treat anaemia during pregnancy	Y	N		
	b	Increase placental growth	Y	N		
	c	Reduce risks of low birth weight baby	Y	N		
	d	Reduce risk of pre-term / premature baby	Y	N		
	e	Prevent neural tube defects	Y	N		
	f	Prevent congenital abnormalities	Y	N		
	g	Any other (specify) :				
33		Do you know that pregnant woman should take extra food	Y	N		
34		If Yes, why				To maintain pregnancy weight gain, avoid risk of premature delivery and low birth weight baby, pregnant mother should take extra food besides her recommended dietary allowances.
	a	In order to maintain pregnancy weight gain	Y	N		
	b	To avoid tetanus infection	Y	N		
	c	To avoid risk of premature delivery	Y	N		
	d	To avoid delivery of low birth weight baby	Y	N		

	e		In order to have a safe delivery	Y	N		
	f		Any other (specify) :				
35			Do you think rest in day time is necessary for pregnant women	Y	N		
36			If Yes, why				Pregnant women due to changes in the body, easily feel tired, so rest in day time is required to keep placenta intact and to get more oxygen for proper growth of fetus
	a		To keep placenta intact	Y	N		
	b		To get more oxygen	Y	N		
	c		For good health of mother	Y	N		
	d		For healthy development of fetus	Y	N		
	e		Any other (specify) :				
37			What is the minimum hours of rest(sleep) is required in day time for one pregnant woman				10 hrs minimum sleep required inclusive of 2 hrs rest (sleep) in day time
	a		One hour	Y	N		
	b		Two hours	Y	N		
	c		Three hours	Y	N		
	d		Any other (specify) :				
38			Why Institutional delivery is promoted / required				In order to prevent post-partum deaths, better IMR & MMR, promoting child survival & safe motherhood, reducing pregnancy complications etc.
	a		Less post-partum deaths	Y	N		
	b		To provide incentive to AWW	Y	N		
	c		Better IMR & MMR	Y	N		
	d		In order to become JSY beneficiary	Y	N		
	e		Promote child survival & safe motherhood	Y	N		
	f		Reduce pregnancy complications	Y	N		
	g		Any other (specify) :				

39			What should be the preparation for home delivery				In order to have a home delivery one Trained Birth Attendant/ Skilled Birth Attendant has to be consulted, disposable delivery kit and five cleans are to be arranged and nutrition and health education to be received by the pregnant woman and family members etc.
	a		Consultation with a Trained Birth Attendant/ Skilled Birth Attendant	Y	N		
	b		Arranging disposable Delivery Kit	Y	N		
	c		Ensure '5 Cleans'	Y	N		
	d		Nutrition and Health Education to the mother and family members	Y	N		
	e		Any other (specify) :				
40			What are the five cleans				<ul style="list-style-type: none"> a. Clean hands b. Clean surface-clean room and clean sheet c. Clean /new blade d. Clean cord tie (thread) e. Clean cord stump
	a		Clean hands	Y	N		
	b		Clean wall of the house	Y	N		
	c		Clean surface	Y	N		
	d		Clean cord tie (thread)	Y	N		
	e		Clean cord stump	Y	N		
	f		Clean/new blade	Y	N		
	g		Any other (specify) :				
41			What is the name of the disease for which BCG is given				BCG is given to prevent Tuberculosis (T.B) disease.

	a		Tetanus	Y	N		
	b		Measles	Y	N		
	c		Tuberculosis	Y	N		
	d		Any other (specify) :				
42			At what age it should be given to the child				At Birth
	a		At birth	Y	N		
	b		After one month	Y	N		
	c		After 2 months	Y	N		
	d		Any other (specify) :				
43			Why vitamin "A" is provided to the child				Vitamin "A" is provided to the child for prevention from night blindness which if not treated leads to complete blindness, essential for functioning of immune system and promotion of healthy growth and development of children
	a		Prevents child from night blindness/blindness	Y	N		
	b		Essential for functioning of immune system	Y	N		
	c		Promotes healthy growth and development of children	Y	N		
	d		Any other (specify) :				
44			At what age, first dose of vitamin "A" is provided to the child				At 9 months with measles
	a		At birth	Y	N		
	b		At 6 months	Y	N		
	c		At 9 months	Y	N		
	d		Any other (specify) :				
45			What is exclusive breast feeding				"Exclusive breastfeeding" is defined as giving no other food or drink – not even water – except breast milk up to six months. It does, however, allow the

							infant to receive oral rehydration salts (ORS), drops and syrups (vitamins, minerals and medicines).
	a		Giving breast milk up to six months without giving any other thing	Y	N		
	b		Breast feeding up to six months in addition to honey water cow/animals milk etc.	Y	N		
	c		Giving breast milk up to two years	Y	N		
	d		Any other (specify) :				
46			When complementary feeding should be started				Infants should start receiving complementary foods after completion of six months (180 days) of age in addition to breast milk.
	a		After completion of four months	Y	N		
	b		Before six months	Y	N		
	c		After completion of six months	Y	N		
	d		At eight months	Y	N		
	e		Any other (specify) :				
47			Why complementary feeding is required				Age appropriate, adequate and safe complementary foods are required to ensure optimal growth and development of child as breast milk alone is not sufficient to meet increasing nutritional needs of the growing child.
	a		Child is growing up	Y	N		
	b		Breast milk alone is not sufficient to meet the nutritional requirement of the growing child	Y	N		
	c		Mothers' milk has no adequate nutrients for the child	Y	N		
	d		Other foods has got more nutritive value than	Y	N		

		the mothers' milk				
	e	Any other (specify) :				
48		What sort of food should be given to children above one year for getting iron				Animal products: red meat, poultry and fish. Milk and Milk Products: curds, Paneer Plant sources include: boiled soybeans, Dal, Rajma, pumpkin seeds, spinach, methi, Bathua, Chaulai, Kamal Kakdi, sem ki fali, Cereals: Jowar, Bajara, Ragi Food Fortified with iron as well. Seasonal fruits and raisins Eating iron-rich foods along with foods high in vitamin C, such as oranges and tomatoes, can help boost the absorption of iron.
	a	Animal products	Y	N		
	b	Milk and milk products	Y	N		
	c	Green leaves, palak, methi, bathua, chowlai	Y	N		
	d	Dal, rajma	Y	N		
	e	Jowar, bajara, ragi	Y	N		
	f	Seasonal fruits, raisins	Y	N		
	g	Any other (specify) :				
49		What sort of food should be given to children above one year for getting Vit-A				Vitamin-"A" is widely present in most of green and yellow fruits and vegetables. Spinach (<i>palak</i>), Amaranthus (<i>chaulai</i>) are the cheapest source of vitamin-"A" and darker the green leafy vegetables is richer it is in vitamin-"A".
	a	Spinach (<i>palak</i>), Amaranthus (<i>chaulai</i>)	Y	N		
	b	Green leafy vegetables and fruits	Y	N		

	c		Yellow fruits and vegetables	Y	N		
	d		Any other (specify) :				
50			What sort of food should be given to children above one year for getting protein				Animal products: red meat, poultry and fish. Milk and Milk Products: curds, Paneer Plant sources include: boiled soybeans, Dal, Rajma, pumpkin seeds, spinach, methi, Bathua, Chaulai, Kamal Kakdi, sem ki fali, Cereals: Jowar, Bajara, Ragi Nuts & oil seeds: Almond, Pistachios, Cashew nuts, Groundnut
	a		Animal products	Y	N		
	b		Milk and milk products	Y	N		
	c		Dals	Y	N		
	d		Nuts and oil seeds	Y	N		
	e		Any other (specify) :				
51			Do you know what is MCPC	Y	N		Mother & Child Protection Card (MCPC) is a mother held card and used as a counseling tool to learn, understand and follow positive practices for achieving good health of pregnant women, young mothers and children under three years of age . It helps to know about various types of services under ICDS and empowers them to make decisions for improved health and nutritional status of young children.
52			If Yes, list down benefits of MCPC				Used as a counseling tool to learn, understand and follow positive practices for achieving good health of

							pregnant women, young mothers and children under three years of age . It helps to know about various types of services under ICDS. It empowers to make decisions for improved health and nutritional status of young children.	
	a		Used as a counseling tool	Y	N			
	b		It helps to know about various types of services under ICDS	Y	N			
	c		It empowers to make decisions on health and nutrition	Y	N			
	d		Any other (specify) :					
53			Do you have your MCPC	Y	N			
54			Do you know what is JSY	Y	N		Janani Surakshya Yojana is for reduction of MMR & IMR and to increase institutional deliveries in BPL families.	
55			If yes, list down benefits of JSY	Y	N			
	a		Financial help for delivery	Y	N			
	b		Safe delivery at institution	Y	N			
	c		Free transportation facility	Y	N			
	d		Any other (specify) :					
56			Have you ever contributed in implementation/running of Mini-AWC	Y	N			
57			If Yes, specify the contribution made					
58			Do you experience any problem in getting the services from Mini-AWC	Y	N			
59			If Yes, specify them					

60			Do you have any suggestions for better implementation of Mini-AWC in your village	Y	N		
61			If Yes, specify them

J. SCHEDULE FOR ANM

National Institute of Public Cooperation and Child Development
 5, Siri Institutional Area, Hauz Khas, New Delhi-110016
 A STUDY OF MINI ANGANWADI CENTRES IN ICDS

i			Name of State :
ii			Name of District:
iii			Name of Project :
iv			Name of sector :
v			Name of Mini AWC village:
vi			Name of ANM :
vii			Name of the PHC/Sub-Centre:
viii			Working experience of ANM (In completed months)

(READ CAREFULLY THE INSTRUCTIONS BEFORE FILLING UP THIS SCHEDULE AND RATING RESPONSES)

S. No.				Responses			Instructions for Investigator
				Yes	No	Other	
				Yes	No	Other	When answer is Yes or No then Y or N to be encircled. When answer is not Y or N, and there is no space for writing response, then short closed ended response is to be written under "Other"
1.			Are you aware of services provided under ICDS	Y	N		
2.			If Yes, specify them				
	a		Supplementary Nutrition	Y	N		
	b		Immunisation	Y	N		

	c	Health Check-up	Y	N		
	d	Referral Services	Y	N		
	e	Nutrition and Health Education	Y	N		
	f	Non formal Preschool Education	Y	N		
	g	Any other(Specify):				
3.		Are you involved in providing health services under ICDS	Y	N		
4.		If Yes, specify the services provided by you to beneficiaries of ICDS				
	a	Immunisation of children	Y	N		
	b	Immunisation of pregnant women	Y	N		
	c	Health check-up of children	Y	N		
	d	Health check-up of pregnant women	Y	N		
	e	Health check-up of lactating mother	Y	N		
	f	Referral services	Y	N		
	g	Nutrition and health education	Y	N		
	h	Any other (specify) :				
5.		Do you get required cooperation from Mini-AWW to deliver these services	Y	N		
6.		Details of immunisation of children and pregnant woman of Mini-AWC				
	a	How many times in a month, immunisation sessions are conducted				
		i Once	Y	N		
		ii Twice	Y	N		
		iii Thrice	Y	N		
	b	Where				
		i At AWC	Y	N		
		ii At sub centre/PHC/CHC	Y	N		
		iii At village NH Day	Y	N		
		iv Any other (specify) :				

7.		Is the health check-up of children of Mini-AWC done	Y	N		
8.		If Yes, specify				
	a	Frequency of health check-up				
	i	Quarterly	Y	N		
	ii	Half Yearly	Y	N		
	iii	Yearly	Y	N		
	iv	Any other (specify) :				
	b	Aspects of health check-up				
	i	Checking and recording weight				
	ii	Checking and recording height	Y	N		
	iii	Checking mile stones in growth and development of the child	Y	N		
	iv	Checking up skin	Y	N		
	v	Checking-up eyes	Y	N		
	vi	Checking up ears	Y	N		
	vii	Checking worm infestation	Y	N		
	viii	Checking up for diseases like diarrhea	Y	N		
	ix	Checking up for diseases like dysentery	Y	N		
	x	Checking up for diseases like ARI	Y	N		
	xi	Checking up for Anaemia	Y	N		
	Xii	Checking up for Vitamin-A deficiency diseases	Y	N		
	Xiii	Checking up for Iodine deficiency diseases	Y	N		
	xiv	Blood test	Y	N		
	xv	Urine test	Y	N		
	xvi	Any other (specify) :				
	c	Who does the health check-up of children				
	i	ANM	Y	N		
	ii	LHV	Y	N		
	iii	Doctor	Y	N		

		iv	Any other (specify) :				
9.			Is the health check-up of pregnant woman of Mini-AWC done	Y	N		
10.			If Yes, specify				
	a		Frequency of health check-up				
		i	Monthly				
		ii	Quarterly				
		iii	Any other (specify) :				
	b		Aspects of health check-up				
		i	Taking weight	Y	N		
		ii	Measuring blood pressure	Y	N		
		iii	Urine examination	Y	N		
		iv	Examination of blood	Y	N		
		v	Measuring pulse rate	Y	N		
		vi	Checking oedema	Y	N		
		vii	Checking fetal movement	Y	N		
		viii	Any other (specify) :				
	c		Who does the health check-up of pregnant woman				
		i	ANM	Y	N		
		ii	LHV	Y	N		
		iii	Doctor	Y	N		
		iv	Any other (specify) :				
11.			As per your views				
	a		Percentage of children at Mini-AWC whose health check-up have been done				
	b		Percentage of fully immunised children at Mini-AWC				
	c		Percentage of pregnant woman immunised.				
12.			Reasons for less coverage				Reasons of less coverage for above 3 aspects are to be specified below at a, b & c

							respectively.
	a						
	b						
	c						
13.		Do you get referral cases from Mini-AWC	Y	N			
14.		If Yes,					
	a	Number of cases referred by Mini-AWC in last six months					
	b	Number of cases attended/treated by FRU in last six months					
15.		Problems experienced in providing medical care to referral cases.					
	a						
	b						
16		Are you aware of MCPC	Y	N			
17		Has MCPC been provided to beneficiaries in the Mini-AWC area	Y	N			This needs to be assessed keeping in view availability of MCPC with pregnant women, lactating mother and mothers of beneficiaries interviewed in the Mini-AWC area.
18		Has the ANM got required skill for filling of MCPC	Y	N			Both ANM and AWW are responsible for filling of MCPC. The skill of ANM can be assessed by showing and asking ANM to fill up certain portion of MCPC. Investigator needs to learn about how to fill up MCPC before data collection and go through guide book for MCPC.
19		Does ANM use MCPC as a tool for providing services	Y	N			MCPC has the provision to mention the status of services provided to various beneficiaries starting from pregnancy. The MCPC help the ANM to provide required services to pregnant women, lactating mothers, children and

							depending on the next services due mentioned in the individual MCPC. This would be assessed by showing one MCPC to ANM and asking her how it can be used as a tool to provide service.
20			How women/mother can use this MCPC				
	a		For feeding self/children	Y	N		
	b		For doing stimulation activities at home	Y	N		
	c		For availing services (Immunisation/health check-up/etc.)	Y	N		
	d		For getting JSY benefit	Y	N		
	e		For getting IGMSY benefit	Y	N		
	f		For health care of women and children	Y	N		
	g		Any other (specify):				
21			Do you experience any problems in providing services under ICDS	Y	N		
22			If Yes, specify them				
	a						
	b						
	c						
23			Do you have any suggestions for better implementation of Mini-AWC under ICDS	Y	N		
24			If Yes, specify them				
	a						
	b						
	c

A STUDY OF MINI ANGANWADI CENTRES IN ICDS

(VOLUME-II)

**NATIONAL INSTITUTE OF PUBLIC COOPERATION AND CHILD
DEVELOPMENT**

5, Siri Institutional Area, Hauz Khas, New Delhi-110016

CONTENTS (Volume-II)

SUBJECT	PAGE NO.
List of Tables	i-xxvii
Abbreviation	xxviii-xxxiii
Data Tables	1-625

CONTENTS OF DATA TABLES

Sl. No.	Subject of Data Tables	Table Numbers
01	PROFILE OF SAMPLE	1.1-1.22
02	GUIDELINES FOR IMPLEMENTATION OF MINI-AWCs	2.1-2.8
03	INFRASTRUCTURE	3.1-3.14
04	FUNCTIONING OF MINI-AWCs	4.1-4.15
05	BENEFICIARIES	5.1-5.4
06	SERVICE DELIVERY	
	6.1 SERVICE DELIVERY	6.1.1-6.1.6
	6.2 EARLY CHILDHOOD CARE AND EDUCATION	6.2.1-6.2.20
	6.3 CHILD LEARNING COMPETENCY	6.3.1-6.3.90
	6.4 SUPPLEMENTARY NUTRITION	6.4.1-6.4.20
	6.5 GROWTH MONITORING	6.5.1-6.5.16
	6.6 IMMUNISATION	6.6.1-6.6.10
	6.7 HEALTH CHECK UP	6.7.1-6.7.28
	6.8 REFERRAL SERVICES	6.8.1-6.8.12
	6.9 NUTRITION AND HEALTH EDUCATION	6.9.1-6.9.20
	6.10 MEDICINE KIT	6.10.1-6.10.8
	6.11 MOTHER AND CHILD PROTECTION CARD	6.11.1-6.11.14
	6.12 INDIRA GANDHI MATRITVA SAHAYOG YOJANA (IGMSY)	6.12.1-6.12.2
	6.13 RAJIV GANDHI SCHEME FOR EMPOWERMENT OF ADOLESCENT GIRLS (SABLA)	6.13.1-6.13.2
	6.14 SERVICES TO ADOLESCENT GIRLS	6.14.1-6.14.2
07	HOME VISIT	7.1-7.14
08	MONITORING	8.1-8.2
09	RECORDS AND REGISTERS	9.1-9.2
10	ADDITIONAL ASSIGNMENT	10.1-10.2
11	INNOVATIVE WORK	11.1-11.2
12	KNOWLEDGE, UNDERSTANDING AND SKILL OF MINI-AWWS AND WOMEN/MOTHERS	
	12.1 OBJECTIVES & SERVICES OF ICDS	12.1.1-12.1.20
	12.2 ACTIVITIES OF MINI-AWCs	12.2.1-12.2.4
	12.3 COMPLEMENTARY FEEDING	12.3.1-12.3.10
	12.4 EXCLUSIVE BREAST FEEDING	12.4.1-12.4.10
	12.5 SOURCE OF MACRO AND MICRO NUTRIENT	12.5.1-12.5.24
	12.6 GROWTH MONITORING OF CHILDREN	12.6.1-12.6.10
	12.7 HEALTH CHECK- UP	12.7.1-12.7.2
	12.8 CARE OF PREGNANT WOMEN	12.8.1-12.8.52
	12.9 IMMUNISATION	12.9.1-12.9.22
	12.10 REFERRAL SERVICES	12.10.1-12.10.2
	12.11 NUTRITION AND HEALTH EDUCATION	12.11.1-12.11.8
	12.12 EARLY CHILDHOOD STIMULATION	12.12.1-12.12.2
	12.13 SAFE DELIVERY	12.13.1-12.13.28

	12.14 JANANI SURAKSHA YOJANA	12.14.1-12.14.10
	12.15 USE OF MEDICINE KIT	12.15.1-12.15.2
13	COOPERATION FROM HEALTH OFFICIALS	13.1-13.8
14	CONVERGENCE BETWEEN MINI-AWCs AND PRIMARY SCHOOL	14.1-14.4
15	COMMUNITY PARTICIPATION	15.1-15.30
16	PROBLEMS/CHALLENGES AND SUGGESTIONS FOR BETTER IMPLEMENTATION OF MINI-AWCs	16.1-16.17

LIST OF TABLES

Sl.No.	Table No.	Table Name
01 PROFILE OF SAMPLE		
1.	1.1	WORK EXPERIENCE OF MIINI-AWWs (B-VI)
2.	1.2	STATEWISE EXPERIENCE OF MINI - AWWs (B-VI)
3.	1.3	EDUCATION OF MINI-AWWs (B-VII)
4.	1.4	STATEWISE EDUCATION OF MINI- AWWs (B-VII)
5.	1.5	STATUS OF TRAININGS RECEIVED BY MINI-AWWs (B- IX, XII)
6.	1.6	STATEWISE STATUS OF TRAININGS RECEIVED BY MINI-AWWs (B- IX, XII)
7.	1.7	NUMBER OF WORKING DAYS OF TRAINING PROGRAMMES ATTENDED BY MINI-AWWs (B-X, XIII)
8.	1.8	STATEWISE NUMBER OF WORKING DAYS OF TRAINING PROGRAMMES ATTENDED BY MINI-AWWs (B- X, XIII)
9.	1.9	DETAILS OF MIINI-AWWs WORKING WITHOUT JOB TRAINING (B-IX and VI)
10.	1.10	STATEWISE DETAILS OF MIINI-AWWs WORKING WITHOUT JOB TRAINING(B-IX and VI)
11.	1.11	YEAR OF RECEIVING JOB TRAINING AND REFRESHER TRAINING (B-XI, B-BIV)
12.	1.12	STATEWISE YEAR OF RECEIVING JOB TRAINING AND REFRESHER TRAINING (B-XI, B-BIV)
13.	1.13	WORK EXPERIENCE OF SUPERVISORS/CDPOs IN THE PRESENT PROJECT (C-VIII)
14.	1.14	STATEWISE WORK EXPERIENCE OF SUPERVISORS/CDPOs IN THE PRESENT PROJECT (C-VIII)
15.	1.15	TOTAL ICDS EXPERIENCE OF SUPERVISORS/CDPOs (C-IX)
16.	1.16	STATEWISE TOTAL ICDS EXPERIENCE OF SUPERVISORS/CDPOs (C-IX)
17.	1.17	EDUCATION OF SUPERVISORS/CDPOs (C- X)
18.	1.18	STATEWISE EDUCATION OF SUPERVISORS/CDPOs (C-X)
19.	1.19	TRAINING STATUS OF SUPERVISORS/CDPOs (C-XI a, b)
20.	1.20	STATEWISE TRAINING STATUS OF SUPERVISORS/CDPOs (C-XI a, b)
21.	1.21	WORKING EXPERIENCE OF ANMs (J-VIII)
22.	1.22	STATEWISE WORKING EXPERIENCE OF ANMs (J-VIII)
02 GUIDELINES FOR IMPLEMENTATION OF MINI-AWCs		
23.	2.1	DEVELOPMENT OF GUIDELINES FOR IMPLEMENTATION OF MINI-AWCs AS STATED BY SUPERVISORS/CDPOs (C-6)
24.	2.2	STATEWISE DEVELOPMENT OF GUIDELINES FOR IMPLEMENTATION OF MINI-AWCs AS STATED BY SUPERVISORS/CDPOs (C-6)
25.	2.3	SOURCE OF DEVELOPMENT OF GUIDELINES FOR IMPLEMENTATION OF MINI-AWCs AS STATED BY SUPERVISORS/CDPOs (C-7)
26.	2.4	STATEWISE SOURCE OF DEVELOPMENT OF GUIDELINES FOR IMPLEMENTATION OF MINI-AWCs AS STATED BY SUPERVISORS/CDPOs (C-7)
27.	2.5	STRATEGY DEVELOPED/ADOPTED FOR IMPLEMENTATION OF MINI-AWCs AND PROVIDING TRAINING TO MINI-AWWs AS REPORTED BY SUPERVISORS/CDPOs (C-11, 12)

28.	2.6	STATEWISE STRATEGY DEVELOPED/ADOPTED FOR IMPLEMENTATION OF MINI-AWCs AND PROVIDING TRAINING TO MINI-AWWs AS REPORTED BY SUPERVISORS/CDPOs (C-11, 12)
29.	2.7	DETAILS OF STRATEGY DEVELOPED FOR PROVIDING TRAINING TO MINI-AWWs (C-13)
30.	2.8	STATEWISE DETAILS OF STRATEGY DEVELOPED FOR PROVIDING TRAINING TO MINI-AWWs (C- 13)
03 INFRASTRUCTURE		
31.	3.1	TYPE OF MINI-AWCs BUILDING (A-1)
32.	3.2	STATEWISE TYPE OF MINI-AWCs BUILDING (A-1)
33.	3.3	AVAILABILITY, ADEQUACY AND USE OF INDOOR AND OUTDOOR SPACE AT MINI-AWCs (2 a, 2 b, 3, 4)
34.	3.4	STATEWISE AVAILABILITY, ADEQUACY AND USE OF INDOOR AND OUTDOOR SPACE AT MINI-AWCs (2 a, 2 b, 3, 4)
35.	3.5	AVAILABILITY OF SEPARATE KITCHEN AND FOOD PREPARATION ARRANGEMENT AT MINI-AWCs (A-11)
36.	3.6	STATEWISE AVAILABILITY OF SEPARATE KITCHEN AND FOOD PREPARATION ARRANGEMENT AT MINI-AWCs (A-11)
37.	3.7	SOURCE OF DRINKING WATER OF MINI-AWCs (A-12)
38.	3.8	STATEWISE SOURCE OF DRINKING WATER OF MINI-AWCs (A-12)
39.	3.9	WATER STORAGE FACILITY AT MINI-AWCs (A-13)
40.	3.10	STATEWISE WATER STORAGE FACILITY AT MINI-AWCs (A-13)
41.	3.11	TOILET FACILITY AT MINI-AWCs (A-14)
42.	3.12	STATEWISE TOILET FACILITY AT MINI-AWCs (A-14)
43.	3.13	AVAILABILITY OF SEPARATE SPACE FOR STORING FOOD ITEMS OF MINI-AWCs (A-15)
44.	3.14	STATEWISE AVAILABILITY OF SEPARATE SPACE FOR STORING FOOD ITEMS OF MINI-AWCs (A-15)
04 FUNCTIONING OF MINI-AWCs		
45.	4.1	DISTANCE OF NEAREST MAIN AWCs FROM MINI-AWCs (B-XV)
46.	4.2	STATEWISE DISTANCE OF NEAREST MAIN AWCs FROM MINI-AWCs (B-XV)
47.	4.3	POPULATION OF MINI-AWCs AREA (XVI AND XVII)
48.	4.4	STATEWISE POPULATION OF MINI-AWCs AREA (XVI AND XVII)
49.	4.5	NEED FOR ESTABLISHMENT OF MINI-AWCs AS STATED BY MINI-AWWs (B-1)
50.	4.6	STATEWISE NEED FOR ESTABLISHMENT OF MINI-AWCs AS STATED BY MINI-AWWs (B-1)
51.	4.7	VIEWS OF CDPOs/SUPERVISORS FOR OPERATION OF MINI-AWCs (C-1)
52.	4.8	STATEWISE VIEWS OF CDPOs/SUPERVISORS FOR OPERATION OF MINI-AWCs (C-1)
53.	4.9	STRATEGY TO CONVERT MINI-AWCs INTO MAIN AWCs (C-8, 9, 10)
54.	4.10	STATEWISE STRATEGY TO CONVERT MINI-AWCs INTO MAIN AWCs (C-8, 9, 10)
55.	4.11	YEAR AND NUMBER OF MINI-AWCs CONVERTED INTO MAIN AWCs (C- 10 A&B)
56.	4.12	STATEWISE YEAR AND NUMBER OF MINI-AWCs CONVERTED INTO MAIN AWCs (C-

		10 A & B)
57.	4.13	WORKING HOURS OF MINI-AWCs (A6a, 6b, 7a, 7b, A8)
58.	4.14	STATEWISE WORKING HOURS OF MINI-AWCs (A6a, 6b, 7a, 7b, A8)
59.	4.15	ACTUAL HOURS SPENT FOR CONDUCTING ACTIVITIES /PROVIDING SERVICES AT MINI-AWCs ON THE DAY OF VISIT (A-6, 7, 8)
05 BENEFICIARIES		
60.	5.1	CHILDREN (3-6 Years) PRESENT ON THE DAY OF VISIT (A-9)
61.	5.2	STATEWISE CHILDREN (3-6 Years) PRESENT ON THE DAY OF VISIT (A-9)
62.	5.3	DETAILS OF BENEFICIARIES IN THE MINI-AWCs AREA (A-10)
63.	5.4	STATEWISE DETAILS OF BENEFICIARIES IN THE MINI-AWCs AREA (A-10)
6.1 SERVICE DELIVERY		
64.	6.1.1	VIEWS OF CDPOs/SUPERVISORS ON DIFFERENCE IN DELIVERY OF SERVICES BETWEEN MINI AND MAIN AWCs (C- 2, 3)
65.	6.1.2	STATEWISE VIEWS OF CDPOs/SUPERVISORS ON DIFFERENCE IN DELIVERY OF SERVICES BETWEEN MINI AND MAIN AWCs (C- 2, 3)
66.	6.1.3	SERVICES NOT PROVIDED TO BENEFICIARIES AS STATED BY MINI-AWWs (B-6, 7)
67.	6.1.4	STATEWISE SERVICES NOT PROVIDED TO BENEFICIARIES AS STATED BY MINI-AWWs (B-6, 7)
68.	6.1.5	PROBLEMS EXPERIENCED BY MINI-AWWs IN PROVIDING SERVICES TO BENEFICIARIES (B-8, 9)
69.	6.1.6	STATEWISE PROBLEMS EXPERIENCED BY MINI-AWWs IN PROVIDING SERVICES TO BENEFICIARIES (B-8, 9)
6.2 EARLY CHILDHOOD CARE AND EDUCATION		
70.	6.2.1	SEATING ARRANGEMENT OF CHILDREN AS OBSERVED AT MINI-AWCs (A-27)
71.	6.2.2	STATEWISE SEATING ARRANGEMENT OF CHILDREN AS OBSERVED AT MINI- AWCs (A-27)
72.	6.2.3	AVAILABILITY AND USE OF PRESCRIBED TIME TABLE AS OBSERVED AT MINI- AWCs (A-17, 18, 19)
73.	6.2.4	STATEWISE AVAILABILITY AND USE OF PRESCRIBED TIME TABLE AS OBSERVED AT MINI-AWCs (A-17, 18, 19)
74.	6.2.5	AVAILABILITY AND USE OF GUIDE BOOK FOR PSE AS OBSERVED AT MINI-AWCs (A-20, 21)
75.	6.2.6	STATEWISE AVAILABILITY AND USE OF GUIDE BOOK FOR PSE AS OBSERVED AT MINI-AWCs (A-20, 21)
76.	6.2.7	AVAILABILITY OF PSE MATERIALS AS OBSERVED AT MINI-AWCs (A-22, 23, 24)
77.	6.2.8	STATEWISE AVAILABILITY OF PSE MATERIALS AS OBSERVED AT MINI-AWCs (A-22, 23, 24)
78.	6.2.9	COVERAGE OF PSE MATERIAL FOR PROMOTING DIFFERENT ASPECTS OF DEVELOPMENT AS OBSERVED AT MINI-AWCs (A- 25)
79.	6.2.10	STATEWISE COVERAGE OF PSE MATERIAL FOR PROMOTING DIFFERENT ASPECTS OF DEVELOPMENT AS OBSERVED AT MINI-AWCs (A- 25)
80.	6.2.11	USE OF AVAILABLE MATERIALS FOR CONDUCTING PSE ACTIVITIES AS OBSERVED AT MINI-AWCs (A- 26)
81.	6.2.12	STATEWISE USE OF AVAILABLE MATERIALS FOR CONDUCTING PSE ACTIVITIES AS OBSERVED AT MINI-AWCs (A- 26)

82.	6.2.13	QUALITY OF PSE ACTIVITIES ORGANISED BY MINI-AWWs AS OBSERVED (A- 16)
83.	6.2.14	STATEWISE QUALITY OF PSE ACTIVITIES ORGANISED BY MINI-AWWs AS OBSERVED (A- 16)
84.	6.2.15	INVOLVEMENT OF CHILDREN AND ORGANISATION OF OBJECTIVE BASED PSE ACTIVITIES BY MINI-AWCs AS OBSERVED (A- 28, 29, 30)
85.	6.2.16	STATEWISE INVOLVEMENT OF CHILDREN AND ORGANISATION OF OBJECTIVE BASED PSE ACTIVITIES BY MINI-AWCs AS OBSERVED (A- 28, 29, 30)
86.	6.2.17	PROBLEMS EXPERIENCED BY MINI-AWWs IN ORGANISING PSE ACTIVITIES (B-10, 11)
87.	6.2.18	STATEWISE PROBLEMS EXPERIENCED BY MINI-AWWs IN ORGANISING PSE ACTIVITIES (B-10, 11)
88.	6.2.19	HOME STIMULATION PROVIDED BY MINI- AWWs (B- 78)
89.	6.2.20	STATEWISE HOME STIMULATION PROVIDED BY MINI- AWWs (B- 78)
6.3 CHILD LEARNING COMPETENCY		
90.	6.3.1	COMPETENCY OF CHILDREN (3-4 YEARS) FOR IDENTIFICATION, NAMING & USE OF OBJECTS/MATERIAL (D-1)
91.	6.3.2	STATEWISE COMPETENCY OF CHILDREN (3-4 YEARS) FOR IDENTIFICATION, NAMING & USE OF OBJECTS/MATERIAL (D-1)
92.	6.3.3	COMPETENCY OF CHILDREN (4-5 YEARS) FOR IDENTIFICATION, NAMING & USE OF OBJECTS/MATERIAL (D-1)
93.	6.3.4	STATEWISE COMPETENCY OF CHILDREN (4-5 YEARS) FOR IDENTIFICATION, NAMING & USE OF OBJECTS/MATERIAL (D-1)
94.	6.3.5	COMPETENCY OF CHILDREN (5-6 YEARS) FOR IDENTIFICATION, NAMING & USE OF OBJECTS/MATERIAL (D-1)
95.	6.3.6	STATEWISE COMPETENCY OF CHILDREN (5-6 YEARS) FOR IDENTIFICATION, NAMING & USE OF OBJECTS/MATERIAL (D-1)
96.	6.3.7	COMPETENCY OF CHILDREN (3-4 YEARS) FOR SORTING, GROUPING & SERIATION (D-2)
97.	6.3.8	STATEWISE COMPETENCY OF CHILDREN (3-4 YEARS) FOR SORTING, GROUPING & SERIATION (D-2)
98.	6.3.9	COMPETENCY OF CHILDREN (4-5 YEARS) FOR SORTING, GROUPING & SERIATION (D-2)
99.	6.3.10	STATEWISE COMPETENCY OF CHILDREN (4-5 YEARS) FOR SORTING, GROUPING & SERIATION (D-2)
100.	6.3.11	COMPETENCY OF CHILDREN (5-6 YEARS) FOR SORTING, GROUPING & SERIATION (D-2)
101.	6.3.12	STATEWISE COMPETENCY OF CHILDREN (5-6 YEARS) FOR SORTING, GROUPING & SERIATION (D-2)
102.	6.3.13	COMPETENCY OF CHILDREN (3-4 YEARS) FOR KNOWING THE QUANTITY (D-3)
103.	6.3.14	STATEWISE COMPETENCY OF CHILDREN (3-4 YEARS) FOR KNOWING THE QUANTITY (D-3)
104.	6.3.15	COMPETENCY OF CHILDREN (4-5 YEARS) FOR KNOWING THE QUANTITY (D-3)
105.	6.3.16	STATEWISE COMPETENCY OF CHILDREN (4-5 YEARS) FOR KNOWING THE QUANTITY (D-3)
106.	6.3.17	COMPETENCY OF CHILDREN (5-6 YEARS) FOR KNOWING THE QUANTITY

		(D-3)
107.	6.3.18	STATEWISE COMPETENCY OF CHILDREN (5-6 YEARS) FOR KNOWING THE QUANTITY (D-3)
108.	6.3.19	COMPETENCY OF CHILDREN (3-4 YEARS) FOR KNOWING COLOURS (D-4)
109.	6.3.20	STATEWISE COMPETENCY OF CHILDREN (3-4 YEARS) FOR KNOWING COLOURS (D-4)
110.	6.3.21	COMPETENCY OF CHILDREN (4-5 YEARS) FOR KNOWING COLOURS (D-4)
111.	6.3.22	STATEWISE COMPETENCY OF CHILDREN (4-5 YEARS) FOR KNOWING COLOURS (D-4)
112.	6.3.23	COMPETENCY OF CHILDREN (5-6 YEARS) FOR KNOWING COLOURS (D-4)
113.	6.3.24	STATEWISE COMPETENCY OF CHILDREN (5-6 YEARS) FOR KNOWING COLOURS (D-4)
114.	6.3.25	COMPETENCY OF CHILDREN (3-4 YEARS) FOR KNOWING SHAPES (D-5)
115.	6.3.26	STATEWISE COMPETENCY OF CHILDREN (3-4 YEARS) FOR KNOWING SHAPES (D-5)
116.	6.3.27	COMPETENCY OF CHILDREN (4-5 YEARS) FOR KNOWING SHAPES (D-5)
117.	6.3.28	STATEWISE COMPETENCY OF CHILDREN (4-5 YEARS) FOR KNOWING SHAPES (D-5)
118.	6.3.29	COMPETENCY OF CHILDREN (5-6 YEARS) FOR KNOWING SHAPES (D-5)
119.	6.3.30	STATEWISE COMPETENCY OF CHILDREN (5-6 YEARS) FOR KNOWING SHAPES (D-5)
120.	6.3.31	COMPETENCY OF CHILDREN (3-4 YEARS) FOR DRAWING PICTURES (D-6)
121.	6.3.32	STATEWISE COMPETENCY OF CHILDREN (3-4 YEARS) FOR DRAWING PICTURES (D-6)
122.	6.3.33	COMPETENCY OF CHILDREN (4-5 YEARS) FOR DRAWING PICTURES (D-6)
123.	6.3.34	STATEWISE COMPETENCY OF CHILDREN (4-5 YEARS) FOR DRAWING PICTURES (D-6)
124.	6.3.35	COMPETENCY OF CHILDREN (5-6 YEARS) FOR DRAWING PICTURES (D-6)
125.	6.3.36	STATEWISE COMPETENCY OF CHILDREN (5-6 YEARS) FOR DRAWING PICTURES (D-6)
126.	6.3.37	COMPETENCY OF CHILDREN (3-4 YEARS) FOR NAMING BODY PARTS (D-7)
127.	6.3.38	STATEWISE COMPETENCY OF CHILDREN (3-4 YEARS) FOR NAMING BODY PARTS (D-7)
128.	6.3.39	COMPETENCY OF CHILDREN (4-5 YEARS) FOR NAMING BODY PARTS (D-7)
129.	6.3.40	STATEWISE COMPETENCY OF CHILDREN (4-5 YEARS) FOR NAMING BODY PARTS (D-7)
130.	6.3.41	COMPETENCY OF CHILDREN (5-6 YEARS) FOR NAMING BODY PARTS (D-7)
131.	6.3.42	STATEWISE COMPETENCY OF CHILDREN (5-6 YEARS) FOR NAMING BODY PARTS (D-7)
132.	6.3.43	COMPETENCY OF CHILDREN (3-4 YEARS) FOR IDENTIFICATION OF NUMBERS (D-8)
133.	6.3.44	STATEWISE COMPETENCY OF CHILDREN (3-4 YEARS) FOR IDENTIFICATION OF NUMBERS (D-8)
134.	6.3.45	COMPETENCY OF CHILDREN (4-5 YEARS) FOR IDENTIFICATION OF NUMBERS (D-8)
135.	6.3.46	STATEWISE COMPETENCY OF CHILDREN (4-5 YEARS) FOR IDENTIFICATION OF NUMBERS (D-8)

136.	6.3.47	COMPETENCY OF CHILDREN (5-6 YEARS) FOR IDENTIFICATION OF NUMBERS (D-8)
137.	6.3.48	STATEWISE COMPETENCY OF CHILDREN (5-6 YEARS) FOR IDENTIFICATION OF NUMBERS (D-8)
138.	6.3.49	COMPETENCY OF CHILDREN (3-4 YEARS) FOR COUNTING NUMBERS (D-9)
139.	6.3.50	STATEWISE COMPETENCY OF CHILDREN (3-4 YEARS) FOR COUNTING NUMBERS (D-9)
140.	6.3.51	COMPETENCY OF CHILDREN (4-5 YEARS) FOR COUNTING NUMBERS (D-9)
141.	6.3.52	STATEWISE COMPETENCY OF CHILDREN (4-5 YEARS) FOR COUNTING NUMBERS (D-9)
142.	6.3.53	COMPETENCY OF CHILDREN (5-6 YEARS) FOR COUNTING NUMBERS (D-9)
143.	6.3.54	STATEWISE COMPETENCY OF CHILDREN (5-6 YEARS) FOR COUNTING NUMBERS (D-9)
144.	6.3.55	COMPETENCY OF CHILDREN (3-4 YEARS) FOR CREATIVE EXPRESSION (D-10)
145.	6.3.56	STATEWISE COMPETENCY OF CHILDREN (3-4 YEARS) FOR CREATIVE EXPRESSION (D-10)
146.	6.3.57	COMPETENCY OF CHILDREN (4-5 YEARS) FOR CREATIVE EXPRESSION (D-10)
147.	6.3.58	STATEWISE COMPETENCY OF CHILDREN (4-5 YEARS) FOR CREATIVE EXPRESSION (D-10)
148.	6.3.59	COMPETENCY OF CHILDREN (5-6 YEARS) FOR CREATIVE EXPRESSION (D-10)
149.	6.3.60	STATEWISE COMPETENCY OF CHILDREN (5-6 YEARS) FOR CREATIVE EXPRESSION (D-10)
150.	6.3.61	COMPETENCY OF CHILDREN (3-4 YEARS) FOR FOLLOWING THE INSTRUCTIONS/DIRECTIONS (D-11)
151.	6.3.62	STATEWISE COMPETENCY OF CHILDREN (3-4 YEARS) FOR FOLLOWING THE INSTRUCTIONS/DIRECTIONS (D-11)
152.	6.3.63	COMPETENCY OF CHILDREN (4-5 YEARS) FOR FOLLOWING THE INSTRUCTIONS/DIRECTIONS (D-11)
153.	6.3.64	STATEWISE COMPETENCY OF CHILDREN (4-5 YEARS) FOR FOLLOWING THE INSTRUCTIONS/DIRECTIONS (D-11)
154.	6.3.65	COMPETENCY OF CHILDREN (5-6 YEARS) FOR FOLLOWING THE INSTRUCTIONS/DIRECTIONS (D-11)
155.	6.3.66	STATEWISE COMPETENCY OF CHILDREN (5-6 YEARS) FOR FOLLOWING THE INSTRUCTIONS/DIRECTIONS (D-11)
156.	6.3.67	COMPETENCY OF CHILDREN (3-4 YEARS) FOR UNDERSTANDING RELATIONAL WORDS (D-12)
157.	6.3.68	STATEWISE COMPETENCY OF CHILDREN (3-4 YEARS) FOR UNDERSTANDING RELATIONAL WORDS (D-12)
158.	6.3.69	COMPETENCY OF CHILDREN (4-5 YEARS) FOR UNDERSTANDING RELATIONAL WORDS (D-12)
159.	6.3.70	STATEWISE COMPETENCY OF CHILDREN (4-5 YEARS) FOR UNDERSTANDING RELATIONAL WORDS (D-12)
160.	6.3.71	COMPETENCY OF CHILDREN (5-6 YEARS) FOR UNDERSTANDING RELATIONAL WORDS (D-12)
161.	6.3.72	STATEWISE COMPETENCY OF CHILDREN (5-6 YEARS) FOR UNDERSTANDING RELATIONAL WORDS (D-12)

162.	6.3.73	COMPETENCY OF CHILDREN (3-4 YEARS) FOR SEQUENTIAL THINKING (D-13)
163.	6.3.74	STATEWISE COMPETENCY OF CHILDREN (3-4 YEARS) FOR SEQUENTIAL THINKING (D-13)
164.	6.3.75	COMPETENCY OF CHILDREN (4-5 YEARS) FOR SEQUENTIAL THINKING (D-13)
165.	6.3.76	STATEWISE COMPETENCY OF CHILDREN (4-5 YEARS) FOR SEQUENTIAL THINKING (D-13)
166.	6.3.77	COMPETENCY OF CHILDREN (5-6 YEARS) FOR SEQUENTIAL THINKING (D-13)
167.	6.3.78	STATEWISE COMPETENCY OF CHILDREN (5-6 YEARS) FOR SEQUENTIAL THINKING (D-13)
168.	6.3.79	COMPETENCY OF CHILDREN (3-4 YEARS) FOR AUDITORY DISCRIMINATION (D-14)
169.	6.3.80	STATEWISE COMPETENCY OF CHILDREN (3-4 YEARS) FOR AUDITORY DISCRIMINATION (D-14)
170.	6.3.81	COMPETENCY OF CHILDREN (4-5 YEARS) FOR AUDITORY DISCRIMINATION (D-14)
171.	6.3.82	STATEWISE COMPETENCY OF CHILDREN (4-5 YEARS) FOR AUDITORY DISCRIMINATION (D-14)
172.	6.3.83	COMPETENCY OF CHILDREN (5-6 YEARS) FOR AUDITORY DISCRIMINATION (D-14)
173.	6.3.84	STATEWISE COMPETENCY OF CHILDREN (5-6 YEARS) FOR AUDITORY DISCRIMINATION (D-14)
174.	6.3.85	TOTAL SCORE ON CHILD LEARNING COMPETENCY TEST (CLCT) (3-4 YEARS)
175.	6.3.86	STATEWISE TOTAL SCORE ON CHILD LEARNING COMPETENCY TEST (CLCT) (3-4 YEARS)
176.	6.3.87	TOTAL SCORE ON CHILD LEARNING COMPETENCY TEST (CLCT) (4-5 YEARS)
177.	6.3.88	STATEWISE TOTAL SCORE ON CHILD LEARNING COMPETENCY TEST (CLCT) (4-5 YEARS)
178.	6.3.89	TOTAL SCORE ON CHILD LEARNING COMPETENCY TEST (CLCT) (5-6 YEARS)
179.	6.3.90	STATEWISE TOTAL SCORE ON CHILD LEARNING COMPETENCY TEST (CLCT) (5-6 YEARS)
6.4 SUPPLEMENTARY NUTRITION		
180.	6.4.1	TYPE OF SUPPLEMENTARY NUTRITION PROVIDED TO BENEFICIARIES FROM MINI-AWCs (B- 12)
181.	6.4.2	STATEWISE TYPE OF SUPPLEMENTARY NUTRITION PROVIDED TO BENEFICIARIES FROM MINI-AWCs (B- 12)
182.	6.4.3	PERCENTAGE OF REGISTERED BENEFICIARY AVAILING SUPPLEMENTARY NUTRITION (A- 31)
183.	6.4.4	STATEWISE PERCENTAGE OF REGISTERED BENEFICIARY AVAILING SUPPLEMENTARY NUTRITION (A- 31)
184.	6.4.5	SUPPLEMENTARY NUTRITION RECEIVED BY PREGNANT WOMEN FROM MINI-AWCs (F- 4, 5, 6)
185.	6.4.6	STATEWISE SUPPLEMENTARY NUTRITION RECEIVED BY PREGNANT WOMEN FROM MINI-AWCs (F- 4, 5, 6)
186.	6.4.7	SUPPLEMENTARY NUTRITION RECEIVED BY LACTATING MOTHER FROM MINI-AWCs

		(G- 4, 5, 6)
187.	6.4.8	STATEWISE SUPPLEMENTARY NUTRITION RECEIVED BY LACTATING MOTHER FROM MINI-AWCs (G- 4, 5, 6)
188.	6.4.9	SUPPLEMENTARY NUTRITION RECEIVED BY CHILDREN 7-36 MONTHS FROM MINI-AWCs (H- 3, 4, 5, 6)
189.	6.4.10	STATEWISE SUPPLEMENTARY NUTRITION RECEIVED BY CHILDREN 7-36 MONTHS FROM MINI-AWCs (H- 3, 4, 5, 6)
190.	6.4.11	SUPPLEMENTARY NUTRITION RECEIVED BY CHILDREN 3-6 YEARS FROM MINI-AWCs (I- 7, 8, 9, 10, 11)
191.	6.4.12	STATEWISE SUPPLEMENTARY NUTRITION RECEIVED BY CHILDREN 3-6 YEARS FROM MINI-AWCs (I- 7, 8, 9, 10, 11)
192.	6.4.13	ADEQUACY AND ACCEPTABILITY OF SUPPLEMENTARY NUTRITION TO BENEFICIARIES (A- 34, 35a)
193.	6.4.14	STATEWISE ADEQUACY AND ACCEPTABILITY OF SUPPLEMENTARY NUTRITION TO BENEFICIARIES (A- 34, 35a)
194.	6.4.15	DETAILS OF REASONS FOR NON-ACCEPTABILITY OF SUPPLEMENTARY NUTRITION BY COMMUNITY (A- 35a, 35b)
195.	6.4.16	STATEWISE DETAILS OF REASONS FOR NON-ACCEPTABILITY OF SUPPLEMENTARY NUTRITION BY COMMUNITY (A- 35a, 35b)
196.	6.4.17	ADEQUACY OF UTENSILS AT MINI- AWCs (A- 32, 33)
197.	6.4.18	STATEWISE ADEQUACY OF UTENSILS AT MINI- AWCs (A- 32, 33)
198.	6.4.19	INTERRUPTION OF SUPPLEMENTARY NUTRITION (A- 36, 37, 38)
199.	6.4.20	STATEWISE INTERRUPTION OF SUPPLEMENTARY NUTRITION (A- 36, 37, 38)
6.5 GROWTH MONITORING		
200.	6.5.1	STATUS OF GROWTH MONITORING FOR CHILDREN (B- 13, 14)
201.	6.5.2	STATEWISE STATUS OF GROWTH MONITORING FOR CHILDREN (B- 13, 14)
202.	6.5.3	GROWTH CHART MAINTAINED FOR CHILDREN AT AWCs AS TOLD BY LACTATING MOTHER (G- 21, 22, 23)
203.	6.5.4	STATEWISE GROWTH CHART MAINTAINED FOR CHILDREN AT AWCs AS TOLD BY LACTATING MOTHER (G- 21, 22, 23)
204.	6.5.5	GROWTH CHART MAINTAINED FOR CHILDREN AT AWCs AS TOLD BY MOTHERS OF 7-36 MONTHS CHILDREN (H- 12, 13, 14)
205.	6.5.6	STATEWISE GROWTH CHART MAINTAINED FOR CHILDREN AT AWCs AS TOLD BY MOTHERS OF 7-36 MONTHS CHILDREN (H- 12, 13, 14)
206.	6.5.7	GROWTH CHART MAINTAINED FOR CHILDREN OF AWCs AS TOLD BY MOTHERS OF CHILDREN 3-6 YEARS (I- 17, 18, 19)
207.	6.5.8	STATEWISE GROWTH CHART MAINTAINED FOR CHILDREN OF AWCs AS TOLD BY MOTHERS OF CHILDREN 3-6 YEARS (I- 17, 18, 19)
208.	6.5.9	IMPLEMENTATION OF WHO NEW CHILD GROWTH STANDARDS (B- 15, 16)
209.	6.5.10	STATEWISE IMPLEMENTATION OF WHO NEW CHILD GROWTH STANDARDS (B- 15, 16)
210.	6.5.11	SKILL OF MINI-AWWs ON GROWTH MONITORING (B- 17)
211.	6.5.12	STATEWISE SKILL OF MINI-AWWs ON GROWTH MONITORING (B- 17)

212.	6.5.13	COUNSELING MOTHERS ABOUT THE GROWTH OF THE CHILD (B- 18, 19, 20)
213.	6.5.14	STATEWISE COUNSELING MOTHERS ABOUT THE GROWTH OF THE CHILD (B- 18, 19, 20)
214.	6.5.15	PROBLEM IN GROWTH MONITORING OF CHILDREN AT MINI-AWCs (B-21, 22)
215.	6.5.16	STATEWISE PROBLEM IN GROWTH MONITORING OF CHILDREN AT MINI-AWCs (B- 21, 22)
6.6 IMMUNISATION		
216.	6.6.1	DETAILS OF IMMUNISATION OF CHILDREN AND PREGNANT WOMAN OF MINI-AWCs AS TOLD BY ANMs (J-6)
217.	6.6.2	STATEWISE DETAILS OF IMMUNISATION OF CHILDREN AND PREGNANT WOMAN OF MINI-AWCs AS TOLD BY ANMs (J-6)
218.	6.6.3	IMMUNISATION STATUS OF CHILDREN IN MINI-AWCs AT PRESENT AS TOLD BY MINI-AWWs (B- 23, 24)
219.	6.6.4	STATEWISE IMMUNISATION OF CHILDREN IN MINI-AWCs AT PRESENT (B- 23, 24)
220.	6.6.5	STATUS OF IMMUNISATION OF CHILDREN AND PREGNANT WOMEN AS TOLD BY ANMs (J- 11b, 11c, 12b, 12c)
221.	6.6.6	STATEWISE STATUS OF IMMUNISATION OF CHILDREN AND PREGNANT WOMEN AS TOLD BY ANMs (J- 11b, 11c, 12b, 12c)
222.	6.6.7	IMMUNISATION STATUS OF CHILD (BIRTH- 6 MONTHS) AS TOLD BY LACTATING MOTHERS (G- 8)
223.	6.6.8	STATEWISE IMMUNISATION STATUS OF CHILD (BIRTH- 6 MONTHS) AS TOLD BY LACTATING MOTHERS (G- 8)
224.	6.6.9	AGEWISE STATUS OF IMMUNISATION OF CHILDREN (G- 9)
225.	6.6.10	STATEWISE AGEWISE STATUS OF IMMUNISATION OF CHILDREN (G- 9)
6.7 HEALTH CHECK UP		
226.	6.7.1	STATUS OF HEALTH CHECK-UP OF CHILDREN (B- 26, J- 7, B- 27)
227.	6.7.2	STATEWISE STATUS OF HEALTH CHECK-UP OF CHILDREN (B- 26, J- 7, B- 27)

261.	6.8.8	STATEWISE DETAILS OF REFERRAL SERVICES PROVIDED TO LACTATING MOTHER (G- 17, 18)
262.	6.8.9	DETAILS OF REFERRAL SERVICES PROVIDED TO CHILDREN (7-36 MONTHS) AS TOLD BY THEIR MOTHERS (H- 8, 9)
263.	6.8.10	STATEWISE DETAILS OF REFERRAL SERVICES PROVIDED TO CHILDREN (7-36 MONTHS) AS TOLD BY THEIR MOTHERS (H- 8, 9)
264.	6.8.11	DETAILS OF REFERRAL SERVICES PROVIDED TO CHILDREN (3-6 YEARS) AS TOLD BY THEIR MOTHERS (I- 13, 14)
265.	6.8.12	STATEWISE DETAILS OF REFERRAL SERVICES PROVIDED TO CHILDREN (3-6 YEARS) AS TOLD BY THEIR MOTHERS (I- 13, 14)
6.9 NUTRITION AND HEALTH EDUCATION		
266.	6.9.1	ORGANISATION OF NUTRITION AND HEALTH EDUCATION (NHE) SESSION BY MINI-AWWs (B- 35, 36, 37A)
267.	6.9.2	STATEWISE ORGANISATION OF NUTRITION AND HEALTH EDUCATION (NHE) SESSION BY MINI-AWWs (B- 35, 36, 37A)
268.	6.9.3	TOPICS COVERED IN NHE SESSION IN THE LAST SIX MONTHS BY MINI-AWWs (B- 37B)
269.	6.9.4	STATEWISE TOPICS COVERED IN NHE SESSION IN THE LAST SIX MONTHS BY MINI-AWWs (B- 37B)
270.	6.9.5	ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY PREGNANT WOMEN (F- 16, 17)
271.	6.9.6	STATEWISE ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY PREGNANT WOMEN (F- 16, 17)
272.	6.9.7	ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY LACTATING MOTHER (G- 26, 27)
273.	6.9.8	STATEWISE ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY LACTATING MOTHER (G- 26, 27)
274.	6.9.9	ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 17, 18)
275.	6.9.10	STATEWISE ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 17, 18)
276.	6.9.11	ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 22, 23)
277.	6.9.12	STATEWISE ORGANISATION AND FREQUENCY OF CONDUCTING NHE BY MINI-AWWs AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 22, 23)
278.	6.9.13	ATTENDANCE OF BENEFICIARIES IN NHE SESSION (F- 18, G- 28, H- 19, I- 24)

279.	6.9.14	STATEWISE ATTENDANCE OF BENEFICIARIES IN NHE SESSION (F- 18, G- 28, H- 19, I- 24)
280.	6.9.15	ATTENDANCE RATING OF BENEFICIARIES IN NHE SESSION (F- 19, G- 29, H- 20, I- 25)
281.	6.9.16	STATEWISE AVERAGE ATTENDANCE RATING OF BENEFICIARIES IN NHE SESSION (F- 19, G- 29, H- 20, I- 25)
282.	6.9.17	SKILL OF MINI- AWWs FOR ORGANISING NHE (A- 39)
283.	6.9.18	STATEWISE SKILL OF MINI- AWWs FOR ORGANISING NHE (A- 39)
284.	6.9.19	AVAILABILITY OF MATERIALS FOR CONDUCTING NHE (A- 40)
285.	6.9.20	STATEWISE AVAILABILITY OF MATERIALS FOR CONDUCTING NHE (A- 40)
6.10 MEDICINE KIT		
286.	6.10.1	AVAILABILITY OF MEDICINE KIT AT MINI-AWCs (A-45 a, b)
287.	6.10.2	STATEWISE AVAILABILITY OF MEDICINE KIT AT MINI-AWCs (A-45 a, b)
288.	6.10.3	LIST OF MEDICINE IN THE KIT SUPPLIED TO THE MINI- AWCs (A- 45 c)
289.	6.10.4	STATEWISE LIST OF MEDICINE IN THE KIT SUPPLIED TO THE MINI- AWCs (A- 45 c)
290.	6.10.5	SKILL OF MINI- AWWs AND USE OF MEDICINE KIT AT MINI- AWCs (A- 46, 47)
291.	6.10.6	STATEWISE SKILL OF MINI- AWWs AND USE OF MEDICINE KIT AT MINI- AWCs (A- 46, 47)
292.	6.10.7	BENEFICIARIES TAKING MEDICINES FROM MINI- AWCs (F-15, G- 25, H- 16, I- 21)
293.	6.10.8	STATEWISE BENEFICIARIES TAKING MEDICINES FROM MINI- AWCs (F-15, G- 25, H- 16, I- 21)
6.11 MOTHER AND CHILD PROTECTION CARD		
294.	6.11.1	AWARENESS OF ANMs ABOUT MCPC (J- 16)
295.	6.11.2	STATEWISE AWARENESS OF ANMs ABOUT MCPC (J- 16)
296.	6.11.3	AVAILABILITY OF MCPC WITH BENEFICIARIES, SKILL OF FUNCTIONARIES FOR FILLING UP AND USING MCPC (A- 41, 42, 43, J- 17, 18, 19)
297.	6.11.4	STATEWISE AVAILABILITY OF MCPC WITH BENEFICIARIES, SKILL OF FUNCTIONARIES FOR FILLING UP AND USING MCPC (A- 41, 42, 43, J- 17, 18, 19)
298.	6.11.5	KNOWLEDGE OF MINI- AWWs AND ANMs ON USE OF MCPC BY WOMEN/ MOTHERS (A- 44, J- 20)
299.	6.11.6	STATEWISE KNOWLEDGE OF MINI- AWWs AND ANMs ON USE OF MCPC BY WOMEN/ MOTHERS (A- 44, J- 20)

300.	6.11.7	AWARENESS, AVAILABILITY AND USE OF MCPC BY PREGNANT WOMEN (F- 53, 54, 55)
301.	6.11.8	STATEWISE AWARENESS, AVAILABILITY AND USE OF MCPC BY PREGNANT WOMEN (F- 53, 54, 55)
302.	6.11.9	AWARENESS, AVAILABILITY AND USE OF MCPC BY LACTATING MOTHER (G- 61, 62, 63)
303.	6.11.10	STATEWISE AWARENESS, AVAILABILITY AND USE OF MCPC BY LACTATING MOTHER (G- 61, 62, 63)
304.	6.11.11	AWARENESS, AVAILABILITY AND USE OF MCPC BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 46, 47, 48)
305.	6.11.12	STATEWISE AWARENESS, AVAILABILITY AND USE OF MCPC BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 46, 47, 48)
306.	6.11.13	AWARENESS, AVAILABILITY AND USE OF MCPC BY MOTHERS (3- 6 YEARS CHILDREN) (I- 51, 52, 53)
307.	6.11.14	STATEWISE AWARENESS, AVAILABILITY AND USE OF MCPC BY MOTHERS (3- 6 YEARS CHILDREN) (I- 51, 52, 53)
6.12 INDIRA GANDHI MATRITVA SAHAYOG YOJANA (IGMSY)		
308.	6.12.1	IMPLEMENTATION OF IGMSY (B- 45, 46, 47)
309.	6.12.2	STATEWISE IMPLEMENTATION OF IGMSY (B- 45, 46, 47)
6.13 RAJIV GANDHI SCHEME FOR EMPOWERMENT OF ADOLESCENT GIRLS (SABLA)		
310.	6.13.1	IMPLEMENTATION OF SABLA SCHEME (B- 48, 49, 50)
311.	6.13.2	STATEWISE IMPLEMENTATION OF SABLA SCHEME (B- 48, 49, 50)
6.14 SERVICES TO ADOLESCENT GIRLS		
312.	6.14.1	DETAILS OF PROVIDING SERVICES TO ADOLESCENT GIRLS (B- 38, 39)
313.	6.14.2	STATEWISE DETAILS OF PROVIDING SERVICES TO ADOLESCENT GIRLS (B- 38, 39)
07 HOME VISIT		
314.	7.1	HOME VISIT MADE BY MINI-AWWs (B- 51)
315.	7.2	STATEWISE HOME VISIT MADE BY MINI-AWWs (B- 51)
316.	7.3	PREFERENCE FOR HOME VISIT AS TOLD BY MINI- AWWs (B- 52c)
317.	7.4	STATEWISE PREFERENCE FOR HOME VISIT AS TOLD BY MINI- AWWs (B- 52c)
318.	7.5	HOME VISIT MADE BY MINI- AWWs AS TOLD BY WOMEN AND MOTHER BENEFICIARIES (F- 21, 22, G- 31, 32, H- 22, 23, I- 27, 28)
319.	7.6	STATEWISE HOME VISIT MADE BY MINI- AWWs AS TOLD BY WOMEN AND MOTHER BENEFICIARIES (F- 21, 22, G- 31, 32, H- 22, 23, I- 27, 28)

320.	7.7	PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY PREGNANT WOMEN (F- 23)
321.	7.8	STATEWISE PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY PREGNANT WOMEN (F- 23)
322.	7.9	PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY LACTATING MOTHERS (G- 33)
323.	7.10	STATEWISE PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY LACTATING MOTHERS (G- 33)
324.	7.11	PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY MOTHERS OF 7- 36 MONTHS CHILDREN (H- 24)
325.	7.12	STATEWISE PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY MOTHERS OF 7- 36 MONTHS CHILDREN (H- 24)
326.	7.13	PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY MOTHERS OF 3- 6 YEARS CHILDREN (I- 29)
327.	7.14	STATEWISE PERIOD AND PURPOSE OF HOME VISIT MADE BY MINI- AWWs AS TOLD BY MOTHERS OF 3- 6 YEARS CHILDREN (I- 29)
08 MONITORING		
328.	8.1	DIFFERENCE IN MONITORING STRATEGY BETWEEN AWCs & MINI-AWCs (C- 4, 5)
329.	8.2	STATEWISE DIFFERENCE IN MONITORING STRATEGY BETWEEN AWCs & MINI-AWCs (C- 4, 5)
09 RECORDS AND REGISTERS		
330.	9.1	UPDATION OF RECORDS AT MINI-AWCs (A- 48)
331.	9.2	STATEWISE UPDATION OF RECORDS AT MINI-AWCs (A- 48)
10 ADDITIONAL ASSIGNMENT		
332.	10.1	ADDITIONAL ASSIGNMENTS PERFORMED BY MINI-AWWs (B- 53, 54)
333.	10.2	STATEWISE ADDITIONAL ASSIGNMENTS PERFORMED BY MINI-AWWs (B- 53, 54)
11 INNOVATIVE WORK		
334.	11.1	INNOVATIVE WORK DONE BY MINI-AWWs (B- 55, 56)
335.	11.2	STATEWISE INNOVATIVE WORK DONE BY MINI-AWWs (B- 55, 56)
12 KNOWLEDGE, UNDERSTANDING AND SKILL OF MINI-AWWs AND WOMEN/MOTHERS		
12.1 OBJECTIVES & SERVICES OF ICDS		
336.	12.1.1	AWARENESS OF MINI-AWWs ABOUT OBJECTIVES OF ICDS (B- 3, 4)
337.	12.1.2	STATEWISE AWARENESS OF MINI-AWWs ABOUT OBJECTIVES OF ICDS (B- 3, 4)

338.	12.1.3	AWARENESS OF MINI-AWWs ABOUT SERVICES PROVIDED UNDER ICDS (B- 5)
339.	12.1.4	STATEWISE AWARENESS OF MINI-AWWs ABOUT SERVICES PROVIDED UNDER ICDS (B- 5)
340.	12.1.5	AWARENESS OF PREGNANT WOMEN ABOUT SERVICES PROVIDED UNDER ICDS (F- 1, 2)
341.	12.1.6	STATEWISE AWARENESS OF PREGNANT WOMEN ABOUT SERVICES PROVIDED UNDER ICDS (F- 1, 2)
342.	12.1.7	AWARENESS OF LACTATING MOTHER ABOUT SERVICES PROVIDED UNDER ICDS (G- 1, 2)
343.	12.1.8	STATEWISE AWARENESS OF LACTATING MOTHER ABOUT SERVICES PROVIDED UNDER ICDS (G- 1, 2)
344.	12.1.9	AWARENESS OF MOTHER OF 6-36 MONTHS CHILDREN ABOUT SERVICES PROVIDED UNDER ICDS (H- 1, 2)
345.	12.1.10	STATEWISE AWARENESS OF MOTHER OF 6-36 MONTHS CHILDREN ABOUT SERVICES PROVIDED UNDER ICDS (H- 1, 2)
346.	12.1.11	AWARENESS OF MOTHER OF 3-6 YEARS CHILDREN ABOUT SERVICES PROVIDED UNDER ICDS (I- 1)
347.	12.1.12	STATEWISE AWARENESS OF MOTHER OF 3-6 YEARS CHILDREN ABOUT SERVICES PROVIDED UNDER ICDS (I- 1)
348.	12.1.13	AWARENESS OF PREGNANT WOMEN ABOUT BENEFITS OF MINI-AWCs (F- 3)
349.	12.1.14	STATEWISE AWARENESS OF PREGNANT WOMEN ABOUT BENEFITS OF MINI-AWCs (F- 3)
350.	12.1.15	AWARENESS OF LACTATING MOTHER ABOUT BENEFITS OF MINI-AWCs (G- 3)
351.	12.1.16	STATEWISE AWARENESS OF LACTATING MOTHER ABOUT BENEFITS OF MINI-AWCs (G- 3)
352.	12.1.17	AWARENESS OF MOTHER ABOUT BENEFITS OF MINI-AWCs TO CHILDREN (6-36 MONTHS) (H- 2)
353.	12.1.18	STATEWISE AWARENESS OF MOTHER ABOUT BENEFITS OF MINI-AWCs TO CHILDREN (6-36 MONTHS) (H- 2)
354.	12.1.19	AWARENESS OF MOTHER ABOUT BENEFITS OF MINI-AWCs TO CHILDREN (3-6 YEARS) (I- 2)
355.	12.1.20	STATEWISE AWARENESS OF MOTHER ABOUT BENEFITS OF MINI-AWCs TO CHILDREN (3-6 YEARS) (I- 2)
12.2 ACTIVITIES OF MINI-AWCs		
356.	12.2.1	TIMINGS OF MINI-AWCs AS TOLD BY MOTHERS (3-6 YRS CHILDREN) (I- 3, 4, 5)
357.	12.2.2	STATEWISE TIMINGS OF MINI-AWCs AS TOLD BY MOTHERS (3-6 YRS CHILDREN) (I- 3, 4, 5)
358.	12.2.3	ACTIVITIES OF MINI-AWCs AS TOLD BY MOTHERS (3-6 YEARS CHILDREN) (I- 6)
359.	12.2.4	STATEWISE ACTIVITIES OF MINI-AWCs AS TOLD BY MOTHERS (3-6 YEARS CHILDREN) (I- 6)

12.3 COMPLEMENTARY FEEDING		
360.	12.3.1	KNOWLEDGE AND UNDERSTANDING OF MINI-AWWs ON COMPLEMENTARY FEEDING (B- 67, 68)
361.	12.3.2	STATEWISE KNOWLEDGE AND UNDERSTANDING OF MINI-AWWs ON COMPLEMENTARY FEEDING (B- 67, 68)
362.	12.3.3	KNOWLEDGE AND UNDERSTANDING OF PREGNANT WOMEN ON COMPLEMENTARY FEEDING (F- 49, 48)
363.	12.3.4	STATEWISE KNOWLEDGE AND UNDERSTANDING OF PREGNANT WOMEN ON COMPLEMENTARY FEEDING (F- 49, 48)
364.	12.3.5	KNOWLEDGE AND UNDERSTANDING OF LACTATING MOTHER ON COMPLEMENTARY FEEDING (G- 57, 56)
365.	12.3.6	STATEWISE KNOWLEDGE AND UNDERSTANDING OF LACTATING MOTHER ON COMPLEMENTARY FEEDING (G- 57, 56)
366.	12.3.7	KNOWLEDGE AND UNDERSTANDING OF MOTHER OF 6-36 MONTHS CHILDREN ON COMPLEMENTARY FEEDING (H- 42, 41)
367.	12.3.8	STATEWISE KNOWLEDGE AND UNDERSTANDING OF MOTHER OF 6-36 MONTHS CHILDREN ON COMPLEMENTARY FEEDING (H- 42, 41)
368.	12.3.9	KNOWLEDGE AND UNDERSTANDING OF MOTHER OF 3-6 YEARS CHILDREN ON COMPLEMENTARY FEEDING (I- 47, 46)
369.	12.3.10	STATEWISE KNOWLEDGE AND UNDERSTANDING OF MOTHER OF 3-6 YEARS CHILDREN ON COMPLEMENTARY FEEDING (I- 47, 46)
12.4 EXCLUSIVE BREAST FEEDING		
370.	12.4.1	MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY MINI-AWWs (B- 66)
371.	12.4.2	STATEWISE MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY MINI-AWWs (B- 66)
372.	12.4.3	MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY PREGNANT WOMEN (F- 47)
373.	12.4.4	STATEWISE MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY PREGNANT WOMEN (F- 47)
374.	12.4.5	MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY LACTATING MOTHER (G- 55)
375.	12.4.6	STATEWISE MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY LACTATING MOTHER (G- 55)
376.	12.4.7	MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY MOTHERS (7-36 MONTHS CHILDREN) (H- 40)
377.	12.4.8	STATEWISE MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY MOTHERS (7-36 MONTHS CHILDREN) (H- 40)
378.	12.4.9	MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY MOTHERS (3-6 YEARS CHILDREN) (I- 45)
379.	12.4.10	STATEWISE MEANING OF EXCLUSIVE BREAST FEEDING AS UNDERSTOOD BY MOTHERS (3-6 YEARS CHILDREN) (I- 45)
12.5 SOURCE OF MACRO AND MICRO NUTRIENT		

380.	12.5.1	KNOWLEDGE OF PREGNANT WOMEN ON TYPE OF FOOD TO BE GIVEN TO PREGNANT WOMEN FOR GETTING IRON (F- 50)
381.	12.5.2	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ON TYPE OF FOOD TO BE GIVEN TO PREGNANT WOMEN FOR GETTING IRON (F- 50)
382.	12.5.3	KNOWLEDGE OF PREGNANT WOMEN ON TYPE OF FOOD TO BE GIVEN TO PREGNANT WOMEN FOR GETTING FAT (F- 51)
383.	12.5.4	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ON TYPE OF FOOD TO BE GIVEN TO PREGNANT WOMEN FOR GETTING FAT (F- 51)
384.	12.5.5	KNOWLEDGE OF PREGNANT WOMEN ON TYPE OF FOOD TO BE GIVEN TO PREGNANT WOMEN FOR GETTING PROTEIN (F- 52)
385.	12.5.6	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ON TYPE OF FOOD TO BE GIVEN TO PREGNANT WOMEN FOR GETTING PROTEIN (F- 52)
386.	12.5.7	KNOWLEDGE OF LACTATING MOTHER ON TYPE OF FOOD TO BE GIVEN TO LACTATING MOTHER FOR GETTING IRON (G- 58)
387.	12.5.8	STATEWISE KNOWLEDGE OF LACTATING MOTHER ON TYPE OF FOOD TO BE GIVEN TO LACTATING MOTHER FOR GETTING IRON (G- 58)
388.	12.5.9	KNOWLEDGE OF LACTATING MOTHER ON TYPE OF FOOD TO BE GIVEN TO LACTATING MOTHER FOR GETTING FAT (G- 59)
389.	12.5.10	STATEWISE KNOWLEDGE OF LACTATING MOTHER ON TYPE OF FOOD TO BE GIVEN TO LACTATING MOTHER FOR GETTING FAT (G- 59)
390.	12.5.11	KNOWLEDGE OF LACTATING MOTHER ON TYPE OF FOOD TO BE GIVEN TO LACTATING MOTHER FOR GETTING PROTEIN (G- 60)
391.	12.5.12	STATEWISE KNOWLEDGE OF LACTATING MOTHER ON TYPE OF FOOD TO BE GIVEN TO LACTATING MOTHER FOR GETTING PROTEIN (G-60)
392.	12.5.13	KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING IRON (H- 43)
393.	12.5.14	STATEWISE KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING IRON (H- 43)
394.	12.5.15	KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING VIT- A (H- 44)
395.	12.5.16	STATEWISE KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING VIT- A (H- 44)
396.	12.5.17	KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING PROTEIN (H- 45)
397.	12.5.18	STATEWISE KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING PROTEIN (H- 45)
398.	12.5.19	KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING IRON (I- 48)
399.	12.5.20	STATEWISE KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING IRON (I- 48)
400.	12.5.21	KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING VIT- A (I- 49)
401.	12.5.22	STATEWISE KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING VIT- A (I- 49)
402.	12.5.23	KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING PROTEIN (I- 50)

403.	12.5.24	STATEWISE KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON TYPE OF FOOD TO BE GIVEN TO CHILDREN FOR GETTING PROTEIN (I- 50)
12.6 GROWTH MONITORING OF CHILDREN		
404.	12.6.1	KNOWLEDGE OF MOTHERS ON GROWTH MONITORING OF CHILDREN BY MINI-AWWs (G- 19, H- 10, I- 15)
405.	12.6.2	STATEWISE KNOWLEDGE OF MOTHERS ON GROWTH MONITORING OF CHILDREN BY MINI- AWWs (G- 19, H- 10, I- 15)
406.	12.6.3	KNOWLEDGE OF LACTATING MOTHERS ON PURPOSE OF GROWTH MONITORING OF CHILDREN (G- 20)
407.	12.6.4	STATEWISE KNOWLEDGE OF LACTATING MOTHERS ON PURPOSE OF GROWTH MONITORING OF CHILDREN (G- 20)
408.	12.6.5	KNOWLEDGE OF MOTHERS (7- 36 MONTHS CHILDREN) ON PURPOSE OF GROWTH MONITORING OF CHILDREN (H- 11)
409.	12.6.6	STATEWISE KNOWLEDGE OF MOTHERS (7- 36 MONTHS CHILDREN) ON PURPOSE OF GROWTH MONITORING OF CHILDREN (H- 11)
410.	12.6.7	KNOWLEDGE OF MOTHERS (3- 6 YEARS CHILDREN) ON PURPOSE OF GROWTH MONITORING OF CHILDREN (I- 16)
411.	12.6.8	STATEWISE KNOWLEDGE OF MOTHERS (3- 6 YEARS CHILDREN) ON PURPOSE OF GROWTH MONITORING OF CHILDREN (I- 16)
412.	12.6.9	KNOWLEDGE OF MINI- AWWs ABOUT REASON OF GROWTH MONITORING (B- 71)
413.	12.6.10	STATEWISE KNOWLEDGE OF MINI- AWWs ABOUT REASON OF GROWTH MONITORING (B- 71)
12.7 HEALTH CHECK- UP		
414.	12.7.1	KNOWLEDGE OF LACTATING MOTHERS ON HEALTH CHECK-UP OF CHILDREN AND MOTHERS UNDER ICDS (G- 10, 13)
415.	12.7.2	STATEWISE KNOWLEDGE OF LACTATING MOTHERS ON HEALTH CHECK-UP OF CHILDREN AND MOTHERS UNDER ICDS (G- 10, 13)
12.8 CARE OF PREGNANT WOMEN		
416.	12.8.1	KNOWLEDGE OF PREGNANT WOMEN ON WEIGHT MONITORING AND HEALTH CHECK- UP OF PREGNANT WOMEN (F- 10, 11, 27)
417.	12.8.2	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ON WEIGHT MONITORING AND HEALTH CHECK- UP OF PREGNANT WOMEN (F- 10, 11, 27)
418.	12.8.3	KNOWLEDGE OF PREGNANT WOMEN ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (F- 28)
419.	12.8.4	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (F- 28)
420.	12.8.5	KNOWLEDGE OF LACTATING MOTHER ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (G- 37)
421.	12.8.6	STATEWISE KNOWLEDGE OF LACTATING MOTHER ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (G- 37)
422.	12.8.7	KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (H- 26)

423.	12.8.8	STATEWISE KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (H- 26)
424.	12.8.9	KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (I- 31)
425.	12.8.10	STATEWISE KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ON MINIMUM NUMBER OF HEALTH CHECK- UP OF PREGNANT WOMEN DURING PREGNANCY (I- 31)
426.	12.8.11	KNOWLEDGE OF MINI- AWWs ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (B- 75)
427.	12.8.12	STATEWISE KNOWLEDGE OF MINI- AWWs ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (B- 75)
428.	12.8.13	KNOWLEDGE OF PREGNANT WOMEN ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (F- 24)
429.	12.8.14	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (F- 24)
430.	12.8.15	KNOWLEDGE OF LACTATING MOTHER ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (G- 34)
431.	12.8.16	STATEWISE KNOWLEDGE OF LACTATING MOTHER ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (G- 34)
432.	12.8.17	KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (H- 25)
433.	12.8.18	STATEWISE KNOWLEDGE OF MOTHERS (7-36 MONTHS CHILDREN) ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (H- 25)
434.	12.8.19	KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (I- 30)
435.	12.8.20	STATEWISE KNOWLEDGE OF MOTHERS (3-6 YEARS CHILDREN) ABOUT THE NEED FOR IMMUNISING PREGNANT WOMEN AGAINST TT (I- 30)
436.	12.8.21	NUMBER OF IFA TABLETS TO BE GIVEN TO NORMAL PREGNANT WOMEN AS TOLD BY MINI- AWWs (B- 70)
437.	12.8.22	STATEWISE NUMBER OF IFA TABLETS TO BE GIVEN TO NORMAL PREGNANT WOMEN AS TOLD BY MINI- AWWs (B- 70)
438.	12.8.23	REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY PREGNANT WOMEN (F- 31)
439.	12.8.24	STATEWISE REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY PREGNANT WOMEN (F- 31)
440.	12.8.25	REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY LACTATING MOTHERS (G- 39)
441.	12.8.26	STATEWISE REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY LACTATING MOTHERS (G- 39)
442.	12.8.27	REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 27)
443.	12.8.28	STATEWISE REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 27)
444.	12.8.29	REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 32)

445.	12.8.30	STATEWISE REASON FOR TAKING IFA TABLETS BY PREGNANT WOMEN AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 32)
446.	12.8.31	NEED FOR GIVING EXTRA FOOD TO PREGNANT WOMEN AS TOLD BY MINI- AWWs (B- 76)
447.	12.8.32	STATEWISE NEED FOR GIVING EXTRA FOOD TO PREGNANT WOMEN AS TOLD BY MINI- AWWs (B- 76)
448.	12.8.33	KNOWLEDGE OF PREGNANT WOMEN ABOUT EXTRA FOOD OF PREGNANT WOMEN (F- 34, 35)
449.	12.8.34	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ABOUT EXTRA FOOD OF PREGNANT WOMEN (F- 34, 35)
450.	12.8.35	KNOWLEDGE OF LACTATING MOTHERS ABOUT EXTRA FOOD OF PREGNANT WOMEN (G- 42, 43)
451.	12.8.36	STATEWISE KNOWLEDGE OF LACTATING MOTHERS ABOUT EXTRA FOOD OF PREGNANT WOMEN (G- 42, 43)
452.	12.8.37	KNOWLEDGE OF MOTHERS (7- 36 MONTHS CHILDREN) ABOUT EXTRA FOOD OF PREGNANT WOMEN (H- 28, 29)
453.	12.8.38	STATEWISE KNOWLEDGE OF MOTHERS (7- 36 MONTHS CHILDREN) ABOUT EXTRA FOOD OF PREGNANT WOMEN (H- 28, 29)
454.	12.8.39	KNOWLEDGE OF MOTHERS (3- 6 YEARS CHILDREN) ABOUT EXTRA FOOD OF PREGNANT WOMEN (I- 33, 34)
455.	12.8.40	STATEWISE KNOWLEDGE OF MOTHERS (3- 6 YEARS CHILDREN) ABOUT EXTRA FOOD OF PREGNANT WOMEN (I- 33, 34)
456.	12.8.41	TAKING EXTRA FOOD DURING PREGNANCY (F- 36, G- 44)
457.	12.8.42	STATEWISE TAKING EXTRA FOOD DURING PREGNANCY (F- 36, G- 44)
458.	12.8.43	NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY MINI- AWWs (B- 72, 73, 74)
459.	12.8.44	STATEWISE NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY MINI- AWWs (B- 72, 73, 74)
460.	12.8.45	NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY PREGNANT WOMEN (F- 37, 38, 39)
461.	12.8.46	STATEWISE NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY PREGNANT WOMEN (F- 37, 38, 39)
462.	12.8.47	NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY LACTATING MOTHERS (G- 45, 46, 47)
463.	12.8.48	STATEWISE NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY LACTATING MOTHERS (G- 45, 46, 47)
464.	12.8.49	NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 30, 31, 32)
465.	12.8.50	STATEWISE NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 30, 31, 32)
466.	12.8.51	NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 35, 36, 37)
467.	12.8.52	STATEWISE NEED FOR DAY TIME REST FOR PREGNANT WOMEN AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 35, 36, 37)

12.9 IMMUNISATION		
468.	12.9.1	KNOWLEDGE OF MINI- AWWs ON DETAILS OF IMMUNISATION GIVEN TO CHILDREN BIRTH TO SIX MONTHS (B- 65)
469.	12.9.2	STATEWISE KNOWLEDGE OF MINI- AWWs ON DETAILS OF IMMUNISATION GIVEN TO CHILDREN BIRTH TO SIX MONTHS (B- 65)
470.	12.9.3	TIME FOR PROVIDING FIRST DOSE OF VITAMIN- A TO CHILDREN AS TOLD BY MINI- AWWs (B- 69)
471.	12.9.4	STATEWISE TIME FOR PROVIDING FIRST DOSE OF VITAMIN- A TO CHILDREN AS TOLD BY MINI- AWWs (B- 69)
472.	12.9.5	KNOWLEDGE OF LACTATING MOTHERS ABOUT IMMUNISATION OF CHILDREN OF MINI- AWCs (G- 7)
473.	12.9.6	STATEWISE KNOWLEDGE OF LACTATING MOTHERS ABOUT IMMUNISATION OF CHILDREN OF MINI- AWCs (G- 7)
474.	12.9.7	DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY PREGNANT WOMEN (F- 43, 44)
475.	12.9.8	STATEWISE DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY PREGNANT WOMEN (F- 43, 44)
476.	12.9.9	DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY LACTATING MOTHERS (G- 51, 52)
477.	12.9.10	STATEWISE DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY LACTATING MOTHERS (G- 51, 52)
478.	12.9.11	DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 36, 37)
479.	12.9.12	STATEWISE DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 36, 37)
480.	12.9.13	DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 41, 42)
481.	12.9.14	STATEWISE DISEASE AND AGE OF THE CHILD FOR BCG VACCINATION AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 41, 42)
482.	12.9.15	NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY PREGNANT WOMEN (F- 45, 46)
483.	12.9.16	STATEWISE NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY PREGNANT WOMEN (F- 45, 46)
484.	12.9.17	NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY LACTATING MOTHERS (G- 53, 54)
485.	12.9.18	STATEWISE NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY LACTATING MOTHERS (G- 53, 54)
486.	12.9.19	NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 38, 39)
487.	12.9.20	STATEWISE NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 38, 39)
488.	12.9.21	NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 43, 44)
489.	12.9.22	STATEWISE NEED AND AGE FOR PROVIDING VIT- A TO CHILDREN AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 43, 44)

12.10 REFERRAL SERVICES		
490.	12.10.1	KNOWLEDGE OF BENEFICIARIES/ MOTHERS OF BENEFICIARIES ABOUT MINI-AWWs REFERRING ALLIED BENEFICIARIES TO HOSPITAL (F- 7, G- 16, H- 7, I- 12)
491.	12.10.2	STATEWISE KNOWLEDGE OF BENEFICIARIES/ MOTHERS OF BENEFICIARIES ABOUT MINI- AWWs REFERRING ALLIED BENEFICIARIES TO HOSPITAL (F- 7, G- 16, H- 7, I- 12)
12.11 NUTRITION AND HEALTH EDUCATION		
492.	12.11.1	NEED FOR CONDUCTING NHE AS TOLD BY PREGNANT WOMEN (F- 20)
493.	12.11.2	STATEWISE NEED FOR CONDUCTING NHE AS TOLD BY PREGNANT WOMEN (F- 20)
494.	12.11.3	NEED FOR CONDUCTING NHE AS TOLD BY LACTATING MOTHERS (G- 30)
495.	12.11.4	STATEWISE NEED FOR CONDUCTING NHE AS TOLD BY LACTATING MOTHERS (G- 30)
496.	12.11.5	NEED FOR CONDUCTING NHE AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 21)
497.	12.11.6	STATEWISE NEED FOR CONDUCTING NHE AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 21)
498.	12.11.7	NEED FOR CONDUCTING NHE AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 26)
499.	12.11.8	STATEWISE NEED FOR CONDUCTING NHE AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 26)
12.12 EARLY CHILDHOOD STIMULATION		
500.	12.12.1	MEANING OF HOME STIMULATION ACTIVITIES AS TOLD BY MINI- AWWs (B- 77)
501.	12.12.2	STATEWISE MEANING OF HOME STIMULATION ACTIVITIES AS TOLD BY MINI- AWWs (B- 77)
12.13 SAFE DELIVERY		
502.	12.13.1	BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY MINI- AWWs (B- 62)
503.	12.13.2	STATEWISE BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY MINI- AWWs (B- 62)
504.	12.13.3	BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY PREGNANT WOMEN (F- 40)
505.	12.13.4	STATEWISE BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY PREGNANT WOMEN (F- 40)
506.	12.13.5	BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY LACTATING MOTHERS (G- 48)
507.	12.13.6	STATEWISE BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY LACTATING MOTHERS (G- 48)
508.	12.13.7	BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 33)

509.	12.13.8	STATEWISE BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 33)
510.	12.13.9	BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 38)
511.	12.13.10	STATEWISE BENEFITS/ NEED FOR INSTITUTIONAL DELIVERY AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 38)
512.	12.13.11	WHAT ARE THE FIVE CLEANS AS TOLD BY MINI- AWWs (B- 63)
513.	12.13.12	STATEWISE WHAT ARE THE FIVE CLEANS AS TOLD BY MINI- AWWs (B- 63)
514.	12.13.13	WHAT ARE THE FIVE CLEANS AS TOLD BY PREGNANT WOMEN (F- 42)
515.	12.13.14	STATEWISE WHAT ARE THE FIVE CLEANS AS TOLD BY PREGNANT WOMEN (F- 42)
516.	12.13.15	WHAT ARE THE FIVE CLEANS AS TOLD BY LACTATING MOTHERS (G- 50)
517.	12.13.16	STATEWISE WHAT ARE THE FIVE CLEANS AS TOLD BY LACTATING MOTHERS (G- 50)
518.	12.13.17	WHAT ARE THE FIVE CLEANS AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 35)
519.	12.13.18	STATEWISE WHAT ARE THE FIVE CLEANS AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 35)
520.	12.13.19	WHAT ARE THE FIVE CLEANS AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 40)
521.	12.13.20	STATEWISE WHAT ARE THE FIVE CLEANS AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 40)
522.	12.13.21	WHAT PREPARATION SHOULD BE MADE FOR HOME DELIVERY AS TOLD BY PREGNANT WOMEN (F- 41)
523.	12.13.22	STATEWISE WHAT PREPARATION SHOULD BE MADE FOR HOME DELIVERY AS TOLD BY PREGNANT WOMEN (F- 41)
524.	12.13.23	WHAT PREPARATION SHOULD BE MADE FOR HOME DELIVERY AS TOLD BY LACTATING MOTHERS (G- 49)
525.	12.13.24	STATEWISE WHAT PREPARATION SHOULD BE MADE FOR HOME DELIVERY AS TOLD BY LACTATING MOTHERS (G- 49)
526.	12.13.25	WHAT PREPARATION SHOULD BE MADE FOR HOME DELIVERY AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 34)
527.	12.13.26	STATEWISE WHAT PREPARATION SHOULD BE MADE FOR HOME DELIVERY AS TOLD BY MOTHERS (7- 36 MONTHS CHILDREN) (H- 34)
528.	12.13.27	PREPARATION TO BE MADE FOR HOME DELIVERY AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 39)
529.	12.13.28	STATEWISE PREPARATION TO BE MADE FOR HOME DELIVERY AS TOLD BY MOTHERS (3- 6 YEARS CHILDREN) (I- 39)
12.14 JANANI SURAKSHA YOJANA		
530.	12.14.1	KNOWLEDGE OF MINI- AWWs ON PURPOSE OF JSY (B- 64)

531.	12.14.2	STATEWISE KNOWLEDGE OF MINI- AWWs ON PURPOSE OF JSY (B- 64)
532.	12.14.3	KNOWLEDGE OF PREGNANT WOMEN ON JSY AND ITS BENEFITS (F- 56)
533.	12.14.4	STATEWISE KNOWLEDGE OF PREGNANT WOMEN ON JSY AND ITS BENEFITS (F- 56)
534.	12.14.5	KNOWLEDGE OF LACTATING MOTHERS ON JSY AND ITS BENEFITS (G- 64, 65)
535.	12.14.6	STATEWISE KNOWLEDGE OF LACTATING MOTHERS ON JSY AND ITS BENEFITS (G- 64, 65)
536.	12.14.7	KNOWLEDGE OF MOTHERS (7- 36 MONTHS CHILDREN) ON JSY AND ITS BENEFITS (H- 49, 50)
537.	12.14.8	STATEWISE KNOWLEDGE OF MOTHERS (7- 36 MONTHS CHILDREN) ON JSY AND ITS BENEFITS (H- 49, 50)
538.	12.14.9	KNOWLEDGE OF MOTHERS (3- 6 YEARS CHILDREN) ON JSY AND ITS BENEFITS (I- 54, 55)
539.	12.14.10	STATEWISE KNOWLEDGE OF MOTHERS (3- 6 YEARS CHILDREN) ON JSY AND ITS BENEFITS (I- 54, 55)
12.15 USE OF MEDICINE KIT		
540.	12.15.1	KNOWLEDGE OF WOMEN/ MOTHERS ABOUT AVAILABILITY OF MEDICINE KIT AT MINI- AWCs (F- 14, G- 24, H- 15, I- 20)
541.	12.15.2	STATEWISE KNOWLEDGE OF WOMEN/ MOTHERS ABOUT AVAILABILITY OF MEDICINE KIT AT MINI- AWCs (F- 14, G- 24, H- 15, I- 20)
13 COOPERATION FROM HEALTH OFFICIALS		
542.	13.1	AWARENESS OF ANMs ON ICDS SERVICES (J- 1, 2)
543.	13.2	STATEWISE AWARENESS OF ANMs ON ICDS SERVICES (J- 1, 2)
544.	13.3	INVOLVEMENT OF ANMs IN PROVIDING HEALTH SERVICES UNDER ICDS (J- 3, 4)
545.	13.4	STATEWISE INVOLVEMENT OF ANMs IN PROVIDING HEALTH SERVICES UNDER ICDS (J- 3, 4)
546.	13.5	COOPERATION BETWEEN MINI- AWWs AND HEALTH OFFICIALS/ ANMs TO DELIVER ICDS SERVICES (B- 25, J- 5)
547.	13.6	STATEWISE COOPERATION BETWEEN MINI- AWWs AND HEALTH OFFICIALS/ ANMs TO DELIVER ICDS SERVICES (B- 25, J- 5)
548.	13.7	CONVERGENCE BETWEEN MINI- AWCs AND HEALTH DEPARTMENT AS RATED BY MINI- AWWs (B- 81)
549.	13.8	STATEWISE CONVERGENCE BETWEEN MINI- AWCs AND HEALTH DEPARTMENT AS RATED BY MINI- AWWs (B- 81)
14 CONVERGENCE BETWEEN MINI-AWCs AND PRIMARY SCHOOL		

550.	14.1	DETAILS OF MINI- AWCs CHILDREN ADMITTED IN PRIMARY SCHOOLS IN THE CURRENT YEAR (2012-13) (B- 79)
551.	14.2	STATEWISE DETAILS OF MINI- AWCs CHILDREN ADMITTED IN PRIMARY SCHOOLS IN THE CURRENT YEAR (2012-13) (B- 79)
552.	14.3	CONVERGENCE BETWEEN MINI- AWCs AND PRIMARY SCHOOL AS RATED BY MINI- AWWs (B- 80)
553.	14.4	STATEWISE CONVERGENCE BETWEEN MINI- AWCs AND PRIMARY SCHOOL AS RATED BY MINI- AWWs (B- 80)
15 COMMUNITY PARTICIPATION		
554.	15.1	AWARENESS OF COMMUNITY LEADER/ PRI MEMBER ON SERVICES OF ICDS (E- 1, 2)
555.	15.2	STATEWISE AWARENESS OF COMMUNITY LEADER/ PRI MEMBER ON SERVICES OF ICDS (E- 1, 2)
556.	15.3	MINI- AWWs/ ICDS FUNCTIONARIES EXPLAINING CLs/ PRI MEMBERS ON OBJECTIVES, SERVICES OF ICDS AND ROLE OF COMMUNITY IN IMPLEMENTATION OF ICDS AS TOLD BY CLs/ PRIs (E- 3, 4, 5)
557.	15.4	STATEWISE MINI- AWWs/ ICDS FUNCTIONARIES EXPLAINING CLs/ PRI MEMBERS ON OBJECTIVES, SERVICES OF ICDS AND ROLE OF COMMUNITY IN IMPLEMENTATION OF ICDS AS TOLD BY CLs/ PRI MEMBERS (E- 3, 4, 5)
558.	15.5	ROLE OF COMMUNITY AS TOLD BY CLs/ PRI MEMBERS IN IMPLEMENTATION OF ICDS (E- 6)
559.	15.6	STATEWISE ROLE OF COMMUNITY AS TOLD BY CLs/ PRI MEMBERS IN IMPLEMENTATION OF ICDS (E- 6)
560.	15.7	EFFORTS MADE BY MINI- AWWs FOR INVOLVEMENT OF COMMUNITY IN ICDS (B- 42)
561.	15.8	STATEWISE EFFORTS MADE BY MINI- AWWs FOR INVOLVEMENT OF COMMUNITY IN ICDS (B- 42)
562.	15.9	SPECIFIC STRATEGY DEVELOPED FOR INVOLVEMENT OF COMMUNITY IN IMPLEMENTATION OF ICDS AS TOLD BY CDPOs/ SUPERVISORS (C- 14, 15)
563.	15.10	STATEWISE SPECIFIC STRATEGY DEVELOPED FOR INVOLVEMENT OF COMMUNITY IN IMPLEMENTATION OF ICDS AS TOLD BY CDPOs/ SUPERVISORS (C- 14, 15)
564.	15.11	DETAILS OF REQUEST MADE TO CLs/ PRI MEMBERS BY MINI- AWWs FOR ASSISTANCE AND SUPPORT PROVIDED AS TOLD BY CLs/ PRI (E- 7, 8)
565.	15.12	STATEWISE DETAILS OF REQUEST MADE TO CLs/ PRI MEMBERS BY MINI- AWWs FOR ASSISTANCE AND SUPPORT PROVIDED AS TOLD BY CLs/ PRI (E- 7, 8)
566.	15.13	INVOLVEMENT OF COMMUNITY IN IMPLEMENTATION OF ICDS PROGRAMME AS TOLD BY MINI- AWWs (B- 40, 41)
567.	15.14	STATEWISE INVOLVEMENT OF COMMUNITY IN IMPLEMENTATION OF ICDS PROGRAMME AS TOLD BY MINI- AWWs (B- 40, 41)
568.	15.15	CONTRIBUTION MADE BY PREGNANT WOMEN IN RUNNING MINI- AWCs (F- 57, 58)

569.	15.16	STATEWISE CONTRIBUTION MADE BY PREGNANT WOMEN IN RUNNING MINI-AWCs (F- 57, 58)
570.	15.17	CONTRIBUTION MADE BY LACTATING MOTHERS IN RUNNING MINI- AWCs (G- 66, 67)
571.	15.18	STATEWISE CONTRIBUTION MADE BY LACTATING MOTHERS IN RUNNING MINI-AWCs (G- 66, 67)
572.	15.19	CONTRIBUTION MADE BY MOTHERS (7- 36 MONTHS CHILDREN) IN RUNNING MINI- AWCs (H- 51, 52)
573.	15.20	STATEWISE CONTRIBUTION MADE BY MOTHERS (7- 36 MONTHS CHILDREN) IN RUNNING MINI- AWCs (H- 51, 52)
574.	15.21	CONTRIBUTION MADE BY MOTHERS (3- 6 YEARS CHILDREN) IN RUNNING MINI-AWCs (I- 56, 57)
575.	15.22	STATEWISE CONTRIBUTION MADE BY MOTHERS (3- 6 YEARS CHILDREN) IN RUNNING MINI- AWCs (I- 56, 57)
576.	15.23	GETTING ALL SERVICES OF MINI- AWCs BY COMMUNITY AS TOLD BY CLs/ PRI MEMBERS (E- 9, 10)
577.	15.24	STATEWISE GETTING ALL SERVICES OF MINI- AWCs BY COMMUNITY AS TOLD BY CLs/ PRI MEMBERS (E- 9, 10)
578.	15.25	SATISFACTION OF COMMUNITY ON DELIVERY OF ICDS SERVICES AS STATED BY CLs/ PRI MEMBERS (E- 11)
579.	15.26	STATEWISE SATISFACTION OF COMMUNITY ON DELIVERY OF ICDS SERVICES AS STATED BY CLs/ PRI MEMBERS (E- 11)
580.	15.27	PROBLEMS EXPERIENCED BY MINI-AWWs IN INVOLVING COMMUNITY (B- 43, 44)
581.	15.28	STATEWISE PROBLEMS EXPERIENCED BY MINI-AWWs IN INVOLVING COMMUNITY (B- 43, 44)
582.	15.29	RATING OF CONVERGENCE BETWEEN MINI- AWCs AND GRAM PANCHAYAT/ LOCAL ADMINISTRATION (B- 82)
583.	15.30	STATEWISE RATING OF CONVERGENCE BETWEEN MINI- AWCs AND GRAM PANCHAYAT/ LOCAL ADMINISTRATION (B- 82)
16 PROBLEMS/CHALLENGES AND SUGGESTIONS FOR BETTER IMPLEMENTATION OF MINI-AWCs		
584.	16.1	PROBLEMS EXPERIENCED BY MINI- AWWs IN RUNNING MINI- AWCs (B- 57, 58)
585.	16.2	OBSERVATIONS OF INVESTIGATORS IN RESPECT OF FUNCTIONING OF MINI- AWCs (B- 61)
586.	16.3	PROBLEMS/ CHALLENGES FACED BY CDPOs/ SUPERVISORS IN IMPLEMENTATION OF MINI- AWCs IN THE PROJECT (C- 16, 17)
587.	16.4	PROBLEMS/ CHALLENGES FACED BY CLs/ PRI MEMBERS IN IMPLEMENTATION OF MINI- AWCs IN THE VILLAGE (E- 12, 13)
588.	16.5	PROBLEMS EXPERIENCED BY PREGNANT WOMEN IN GETTING SERVICES FROM MINI- AWCs (F- 59, 60)
589.	16.6	PROBLEMS EXPERIENCED BY LACTATING MOTHERS GETTING SERVICES FROM MINI-AWCs (G- 68, 69)
590.	16.7	PROBLEMS EXPERIENCED BY MOTHERS (7- 36 MONTHS CHILDREN) GETTING SERVICES FROM MINI- AWCs (H- 53, 54)

591.	16.8	PROBLEMS EXPERIENCED BY MOTHERS (3- 6 YEARS CHILDREN) GETTING SERVICES FROM MINI- AWCs (I- 58, 59)
592.	16.9	PROBLEMS EXPERIENCED BY ANMs IN PROVIDING SERVICES UNDER ICDS (J- 21, 22)
593.	16.10	SUGGESTIONS OF MINI- AWWs FOR BETTER IMPLEMENTATION OF MINI- AWCs (B- 59, 60)
594.	16.11	SUGGESTIONS OF CDPOs/ SUPERVISORS FOR BETTER IMPLEMENTATION OF MINI- AWCs (C- 18, 19)
595.	16.12	SUGGESTIONS OF CLs/ PRI MEMBERS FOR BETTER IMPLEMENTATION OF MINI- AWCs (E- 14, 15)
596.	16.13	SUGGESTIONS OF PREGNANT WOMEN FOR BETTER IMPLEMENTATION OF MINI- AWCs (F- 61, 62)
597.	16.14	SUGGESTIONS OF LACTATING MOTHERS FOR BETTER IMPLEMENTATION OF MINI- AWCs (G- 70, 71)
598.	16.15	SUGGESTIONS OF MOTHERS (7- 36 MONTHS CHILDREN) FOR BETTER IMPLEMENTATION OF MINI- AWCs (H- 55, 56)
599.	16.16	SUGGESTIONS OF MOTHERS (3- 6 YEARS CHILDREN) FOR BETTER IMPLEMENTATION OF MINI- AWCs (I- 60, 61)
600.	16.17	SUGGESTIONS OF ANMs FOR BETTER IMPLEMENTATION OF MINI- AWCs (J- 23, 24)

ABBREVIATIONS

S.NO.	SHORT FORM	FULL FORM
1.	AB	Adilabad
2.	ACFM	After completion of four months
3.	ACSM	After completion of six months
4.	AEM	At eight months
5.	AGNMKC	All adolescent girls are not able to prepare/maintain Kishori cards
6.	AGs	Adolescent girls
7.	AH	Aheri
8.	AL	Arajilines
9.	AN	Checking up for Anaemia
10.	ANM	
11.	AO	Any other
12.	AP	Alirajpur
13.	ARI	Checking up for diseases like ARI
14.	BA	Balia
15.	BFWO	Breast feeding up to six months in addition to honey water cow/animals milk etc
16.	BG	Bajiagaon
17.	BJ	Bajali
18.	BMANS	Breast milk alone is not sufficient to meet the nutritional requirement of the growing child
19.	BMUT	Giving breast milk up to two years
20.	BP	Barpeta
21.	BP	Measuring blood pressure
22.	BSM	Before six months
23.	BT	Blood test
24.	CD	Cognitive development
25.	CFC	Complementary feeding for children
26.	CG	Chenga
27.	CGU	Child is growing up
28.	CL	Community leader
29.	CLCT	Children Learning and Competency Test
30.	CMU	Central Monitoring Unit

31.	CO	Checking oedema
32.	CPB	Community people are busy in their work
33.	CPL	Community people are less educated to understand services at Mini-AWC
34.	CPP	Community people are very poor to contribute
35.	CT	Chintapally
36.	CWP	Community have wrong perceptions about Mini-AWC
37.	DDK	Disposable Delivery Kit
38.	DH	Dahanu
39.	DH	Checking up for diseases like diarrhea
40.	DN	Dhanora
41.	DOA	Difficult to open account for women in banks/post office
42.	DPB	Delay in payment to beneficiaries
43.	DS	Checking up for diseases like dysentery
44.	E	Enrolled
45.	EB	Examination of blood
46.	EBF	Exclusive breast feeding
47.	ECP	To achieve effective coordinated policy and its implementation amongst the various departments to promote child development
48.	ED	Emotional development
49.	ER	Checking up ears
50.	EY	Checking-up eyes
51.	FCO/ ESD	Five cleans to be observed/ensured for safe delivery
52.	FM	Checking fetal movement
53.	FPSE	Formal Preschool Education
54.	FYP	Five Year Plan
55.	G	Good
56.	GBMWA	Giving breast milk up to six months without giving any other thing
57.	GC	Gadchiroli
58.	HC	Health check-up
59.	HCC	Health check-up of her child
60.	HCPW	Health check-up of pregnant women
61.	HCF	Hot Cooked Food
62.	HCM	Hot Cooked Meals
63.	HT	Checking and recording height
64.	I	1 st AWC

65.	ID	Checking up for Iodine deficiency diseases
66.	IFA	IFA tablets
67.	IGMSYB	IGMSY benefit
68.	II	2 nd AWC
69.	III	3 rd AWC
70.	IMC	Growth Monitoring of Children
71.	IMM	Immunisation
72.	IMMC	Immunization of her child
73.	IMMTT	Immunisation of TT
74.	IMPW	Immunisation of pregnant woman
75.	INAD	Inadequate
76.	IPG	Increase placental growth
77.	JB	Jhabua
78.	JH	Jhabua
79.	JSYB	JSY benefit
80.	KB	Kaliabor
81.	KDNO	All activities scheduled is Kishori Diwas not organised properly
82.	KS	Dahanu (Kasa)
83.	KV	Kashividyapith
84.	LATK	Lack of availability of Training Kit
85.	LD	Language development
86.	LM	Lactating mothers
87.	LSE	Life skill education
88.	LVT	Lack of vocational training
89.	MK	Use of medicine kit
90.	MLAN	Mothers' milk has no adequate nutrients for the child
91.	MMMSD	To reduce the incidence of mortality, morbidity, malnutrition and school drop-out
92.	MS	Morning Snacks
93.	Mot I	Mothers of children 7-36 months
94.	Mot II	Mothers of children 3-6 years
95.	MS	Checking mile stones in growth and development of the child
96.	NA	Not applicable
97.	NAA	Not at all
98.	NAFKS	Not able to form kishori samooch properly
99.	NAIFA	Non-availability of IFA tablets

100.	NFPSE	Non formal Preschool Education
101.	NG	Nagaon
102.	NG	Nagara
103.	NHE	Nutrition and health education
104.	NHS	To improve the nutritional and health status of children in the age group 0-6 years
105.	NI	No information
106.	NIACS	Need, importance and activities for early childhood stimulation
107.	NICS	Need and importance of cleanliness and sanitation
108.	NIIC	Need and importance of immunization of children
109.	NIID	Need and importance of institutional delivery
110.	NINHCAAG	Need and importance of nutrition and health care of adolescent girls
111.	NINHCC	Need and importance of nutrition and health care for children
112.	NINHCPW	Need and importance of nutrition and health care of pregnant women
113.	NIRHCPW	Need and importance of registration and health check- up of pregnant women
114.	NIVF	Need and importance of various food in daily life for children and women
115.	NRF	Non-receipt of funds timely
116.	NU	Not used
117.	NVVF	Nutritive value of various foods
118.	OFMN	Other foods has got more nutritive value than the mothers' milk
119.	OS	Objectives and services under ICDS
120.	PB	Petlabad
121.	PCA	Prevent congenital abnormalities
122.	PD	Paderu
123.	PD	Personal development
124.	PFP	Problems experienced in getting conditions fulfilled for payment
125.	PMD	Physical-motor development
126.	PMIGMSY	Problem in maintaining IGMSY records and registers
127.	PNHE	To ensure the capability of the mother to look after the normal health and nutritional needs of the child through proper nutrition and health education
128.	PNTD	Prevent neural tube defects

129.	PP	Present population
130.	PPSD	To lay the foundations for proper psychological, physical and social development of the child
131.	PR	Measuring pulse rate
132.	PRIP	PRI members do not give priority to Mini-AWC and take less interest
133.	PRIVI	PRI member have vested interest from Mini-AWC
134.	PS	Population sanction
135.	PSE	Preschool education
136.	PW	Pregnant women
137.	PWE	Parents have wrong expectations from PSE component
138.	QLSNP	Quality of Supplementary Nutrition
139.	QNSNP	Quantity of Supplementary Nutrition
140.	R	Receiving services
141.	RC/ GP	Role of community/gram panchayat in ICDS
142.	RRLWB	Reduce risks of low birth weight baby
143.	RRPB	Reduce risk of pre-term / premature baby
144.	RS	Rasada
145.	RS	Referral services
146.	RTE	Ready To Eat
147.	SD	Social development
148.	SK	Checking up skin
149.	SN	Sondaw
150.	SN	Supplementary nutrition
151.	T	Total
152.	TADP	Treat anaemia during pregnancy
153.	TBA / SBA	Trained Birth Attendant/ Skilled Birth Attendant
154.	TGE	To great extent
155.	TH	Thane
156.	THR	Take Home Ration
157.	TSE	To some extent
158.	TT	TT immunization
159.	TW	Taking weight
160.	UE	Urine examination
161.	UG	Udayagarh
162.	UT	Utnoor

163.	UT	Urine test
164.	VA	Varanasi
165.	VA	Checking up for Vitamin-A deficiency diseases
166.	VG	Very good
167.	VP	Vishakhapatnam
168.	VT	Vocational training
169.	WM	Providing de worming medicines
170.	WN	Wankidi
171.	WR	Checking worm infestation
172.	WT	Checking and recording weight
