IMPLEMENTATION OF ANGANWADI SERVICES SCHEME

At the grass root level, the services under Anganwadi Services Scheme are delivered by AWCs/Mini AWCs. The Target Groups of Anganwadi Services Scheme are children below 6 years, Pregnant & Lactating Mothers and all eligible women in the reproductive age group.

There are 13.62 lakh operational AWCs out of 14.00 lakh sanctioned AWCs in the country. Of these 3066 AWCs in 151 ICDS Projects of 70 districts in 21 States/UTs were visited by Officials of CMU, M.E Division, NIPCCD during 2017-18. Out of 3066 visited AWCs, 2525 AWCs were found open and remaining 541 (17.65%) AWCs were found closed.

INFRASTRUCTURE

Out of 2525 opened AWCs, 1971 (78.06%) AWCs were located in pucca building and remaining 554 (21.94%) AWCs need to be progressively shifted in pucca buildings. 1575 (62.38%) AWCs were found running in their own buildings and remaining 950 (37.62%) AWCs need to be shifted in their own buildings respectively. The adequate availability of outdoor and Indoor space was found in 1651 (65.39%) AWCs and 1818 (72%) AWCs. The availability of separate cooking space (Kitchen) was found in 1243 (49.23%) AWCs. The concerned State Govt. and UT Administration have been requested to construct AWC buildings by leveraging funds in convergence with other schemes like MPLADs, MLALADs, Tribal Development, Multi Sectoral Development Programme (MSDP) of Ministry of Minority Affair, MGNREGA, RIDF and BRGF etc.

The availability of drinking water facility was noticed in 1852 (73.35%) AWCs. 1069 (42.34%) AWCs had usable toilets and remaining 1456 (56.66%) AWCs may be provided toilet facilities. State Govt./UT administration have been requested to take necessary action in providing Safe Drinking Water & Toilet Facilities at AWCs by effective convergence with Department of Drinking Water and Sanitation by leverage funds under Fifteenth Finance Commission etc.

TRAINING AND PERSONAL PROFILE

Out of 2525 sanctioned posts of Anganwadi Workers, 2469 (97.78%) AWWs were found present during visit. Of these, 2134 (86.43%) AWWs had received job training. State Govt./UT Administration have been requested to review the training status of AWWs and arrange for Job/Refresher Training of untrained AWWs for the smooth functioning of Anganwadi Services Scheme.

SUPPLEMENTARY NUTRITION

As per schematic norms of Anganwadi Services Scheme, AWCs are required to provide Supplementary Nutrition to the beneficiaries of target groups. Take Home Ration, Morning Snacks and Hot Cooked Meal was distributed by 69.78 percent, 52.20 percent and 73.19 percent of the visited AWCs to the beneficiaries respectively. Interruption was seen in distribution of Supplementary Nutrition during last six months in 1443 (57.15%) AWCs.

It was found that out of 66402 registered children (3-6 years), 44106 (66.42%) children received SN. Similarly, out of 73527 registered children (6 months to 3 years), 62772 (85.37%) children received SN at AWCs. Out of 945 registered Severely Underweight children, 910 (96.30%) children were found availing SN and remaining 35 Severely Underweight children have not been provided SN as per norms of the scheme. Out of 15852 pregnant women registered for SN, 14167 (89.37%) pregnant women received SN and similarly, 14944 (87.39 %) lactating mothers were found availing SN out of 17100 registered.

State Govt./UT Administration have been requested to optimize coverage of beneficiaries of SN under Anganwadi Services Scheme. The concerned State Govt. has also been requested to provide SN to beneficiaries, with no interruption, as per prescribed nutritional and cost norms under the Anganwadi Services Scheme.

GROWTH MONITORING AND PROMOTION

Baby weighing scale and New WHO Growth Charts have been prescribed for children to detect malnourishment among them. Similarly, adult weighing scale has been prescribed for pregnant women & lactating mother (P&LM) to monitor their weight during pregnancy and delivery. 1187 AWCs (47.01%) had baby weighing scale and 971 AWCs (38.46%) had adult weighing scales. The availability of new WHO child growth charts has been reported at 1690 (66.93%) AWCs.

The concerned State Govt./UT Admn. have been requested to arrange for availability of baby & adult weighing scales and new WHO child growth charts at AWCs.

AVAILABILITY OF KITS AND MATERIALS

The programme content of pre-school activities for children needs to be largely centered on organization of play activities. The availability of PSE kits has been reported from 1558 (61.70%) Anganwadi Centres. Medicine Kits was available only in 670 (26.53%) AWCs. State Govt./UT Administration have been requested to arrange and ensure the supply of PSE Kits & Medicine Kits and other materials at AWCs as prescribed.

PRE-SCHOOL EDUCATION

Out of 66402 registered children (3-6 Years) for Pre School Education, 44106 children (66.42%) attended PSE at AWCs on the day of visit. State Govt./UT Administration has been requested to put efforts to increase the attendance of the pre- school children. In this regard it was suggested that all the AWCs must be equipped with contextualized ECCE Curriculum, age specific activity books and child assessment card along with adequate Teaching Learning Materials.

IMMUNIZATION AND HEALTH CHECK-UP

Immunization and health check - up services under Anganwadi Services Scheme are provided by Health Department. Out of total 18273 children who completed one year, 14161 children (77.5%) were fully immunized. States/UT have been requested to review immunization status of children in coordination with Health Department to immunize cent percent children in the Anganwadi area.

Out of 66 sanctioned posts of Anganwadi Workers, 64 (96.97%) AWWs were found present during visit. All the Anganwadi Workers had received job training.

SUPPLEMENTARY NUTRITION

As per schematic norms of Anganwadi Services Scheme, AWCs are required to provide Supplementary Nutrition to the beneficiaries of target group. Take Home Ration, Morning Snacks and Hot Cooked Meal was distributed by 60.61 percent, 81.82 percent and 100 percent of the visited AWCs to the beneficiaries respectively. Interruption was seen in distribution of Supplementary Nutrition during last six months in 42 (63.64%) AWCs.

It was found that out of 2321 registered children (3-6 years), 443 (19.09%) children received SN. Similarly, out of 2015 registered children (6 months to 3 years), 1547 (76.77%) children received SN at AWCs. Out of 17 registered Severely Underweight children, 14 (82.35%)

children were found availing SN and remaining 2 Severely Underweight children have not been provided SN as per norms of the scheme. Out of 411 pregnant women registered for SN, 320 (77.86%) pregnant women received SN and similarly, 352 (78.92 %) lactating mothers were found availing SN out of 446 registered.

State Govt. has been requested to optimize coverage of beneficiaries of SN under Anganwadi Services Scheme. The State Govt. has also been requested to provide SN to beneficiaries, with no interruption, as per prescribed nutritional and cost norms under the Anganwadi Services Scheme.

GROWTH MONITORING AND PROMOTION

Baby weighing scale and New WHO Growth Charts have been prescribed for children to detect malnourishment among children. Similarly, adult weighing scale has been prescribed for pregnant women & lactating mother (P&LM) to monitor their weight during pregnancy and delivery. All AWCs (100%) had baby weighing scale and 38 AWCs (57.58%) had adult weighing scales. The availability of new WHO child growth charts has been reported only at 65 (98.48%) AWCs.

The concerned State Govt. has been requested to arrange for availability of adult weighing scales and new WHO child growth charts at AWCs.

AVAILABILITY OF KITS AND MATERIALS

The programme content of pre-school activities for children needs to be largely centered on organization of play activities. The availability of PSE kits has been reported from 63 (95.45%) Anganwadi Centres. Medicine Kits was available only in 5 (7.58%) AWCs. State Govt. has been requested to arrange and ensure the supply of PSE Kits & Medicine Kits and other materials at AWCs as prescribed.

PRE-SCHOOL EDUCATION

Out of 2321 registered children (3-6 Years) for Pre School Education, 443 children (19.09%) attended PSE at AWCs on the day of visit. State Govt. has been requested to put efforts to increase the attendance of the pre school children. In this regard it was suggested that all the AWCs must be equipped with contextualized ECCE Curriculum, age specific activity books and child assessment card along with adequate Teaching Learning Materials.

IMMUNIZATION AND HEALTH CHECK-UP

Immunization and health check - up services under Anganwadi Services Scheme are provided by Health Department. Out of total 796 children who completed one year, 621 children (78.02%) were fully immunized. States has been requested to review immunization status of children in coordination with Health Department to immunize cent percent children in the Anganwadi area.

IMPLEMENTATION OF ANGANWADI SERVICES SCHEME

INFRASTRUCTURE

Out of 200 AWCs, 111 (55.50%) AWCs were located in pucca building and remaining 89 (44.50%) AWCs need to be progressively shifted in pucca buildings. 56 (28%) AWCs were found running in their own buildings and remaining 144 (72%) AWCs need to be shifted in their own buildings respectively. The adequate availability of outdoor and Indoor space was found in 114 (57%) AWCs and 126 (63%) AWCs respectively. The availability of separate cooking space (Kitchen) was found in 121 (60.50%) AWCs. The State Govt. has been requested to construct AWC buildings by leveraging funds in convergence with other schemes like MPLADs, MLALADs, Tribal Development, Multi Sectoral Development Programme (MSDP) of Ministry of Minority Affair, MGNREGA, RIDF and BRGF etc.

The availability of drinking water facility was noticed in 184 (92%) AWCs. 145 (72.50%) AWCs had usable toilets and remaining AWCs may be provided toilet facilities. State Govt. has been requested to take necessary action in providing Safe Drinking Water & Toilet Facilities at AWCs by effective convergence with Department of Drinking Water and Sanitation by leverage funds under Fifteenth Finance Commission etc.

TRAINING AND PERSONAL PROFILE

Out of 200 sanctioned posts of Anganwadi Workers, all AWWs were found present during visit. Of these, 179 (89.50%) AWWs had received job training. State Govt. has been requested to review the training status of AWWs and arrange for Job/Refresher Training of untrained AWWs for the smooth functioning of Anganwadi Services Scheme.

SUPPLEMENTARY NUTRITION

As per schematic norms of Anganwadi Services Scheme, AWCs are required to provide Supplementary Nutrition to the beneficiaries of target group. Take Home Ration was not distributed by any of the AWCs. Morning Snacks and Hot Cooked Meal was distributed by 7.50 percent and 10 percent of the visited AWCs to the beneficiaries respectively. Interruption was seen in distribution of Supplementary Nutrition during last six months in 168 (84%) AWCs.

It was found that out of 3814 registered children (3-6 years), 3427 (89.85%) children received SN. Similarly, out of 3241 registered children (6 months to 3 years), 3188 (98.36%) children received SN at AWCs. Out of 2 registered Severely Underweight children, both children were found availing SN. Out of 525 pregnant women registered for SN, 524 (99.81%) pregnant

women received SN and similarly, 631 (99.68 %) lactating mothers were found availing SN out of 633 registered.

State Govt. has been requested to optimize coverage of beneficiaries of SN under Anganwadi Services Scheme. The State Govt. has also been requested to provide SN to beneficiaries, with no interruption, as per prescribed nutritional and cost norms under the Anganwadi Services Scheme.

GROWTH MONITORING AND PROMOTION

Baby weighing scale and New WHO Growth Charts have been prescribed for children to detect malnourishment among children. Similarly, adult weighing scale has been prescribed for pregnant women & lactating mother (P&LM) to monitor their weight during pregnancy and delivery. 19 AWCs (9.50%) had baby weighing scale and 20 AWCs (10%) had adult weighing scales. The availability of new WHO child growth charts has been reported only at 108 (54%) AWCs.

The State Govt. has been requested to arrange for availability of baby & adult weighing scales and new WHO child growth charts at AWCs.

AVAILABILITY OF KITS AND MATERIALS

The programme content of pre-school activities for children needs to be largely centered on organization of play activities. The availability of PSE kits has been reported from 1558 (61.70%) Anganwadi Centres. Medicine Kits was available only in 670 (26.53%) AWCs. State Govt. has been requested to arrange and ensure the supply of PSE Kits & Medicine Kits and other materials at AWCs as prescribed.

PRE-SCHOOL EDUCATION

Out of 3814 registered children (3-6 Years) for Pre School Education, 3427 children (89.85%) attended PSE at AWCs on the day of visit. State Govt. has been requested to put efforts to increase the attendance of the pre school children. In this regard it was suggested that all the AWCs must be equipped with contextualized ECCE Curriculum, age specific activity books and child assessment card along with adequate Teaching Learning Materials.

IMMUNIZATION AND HEALTH CHECK-UP

Immunization and health check - up services under Anganwadi Services Scheme are provided by Health Department. Out of total 936 children who completed one year, 676 children (72.22%) were fully immunized. States/UTs have been requested to review immunization status of children in coordination with Health Department to immunize cent percent children in the Anganwadi area.

State Govt. has been requested to optimize coverage of beneficiaries of SN under Anganwadi Services Scheme. The State Govt. has also been requested to provide SN to beneficiaries, with no interruption, as per prescribed nutritional and cost norms under the Anganwadi Services Scheme.

GROWTH MONITORING AND PROMOTION

Baby weighing scale and New WHO Growth Charts have been prescribed for children to detect malnourishment among children. Similarly, adult weighing scale has been prescribed for pregnant women & lactating mother (P&LM) to monitor their weight during pregnancy and delivery. 8 AWCs (80%) had baby weighing scale and 1 AWCs (10%) had adult weighing scales. The availability of new WHO child growth charts has been reported at all (100%) AWCs.

The State Govt. has been requested to arrange for availability of baby & adult weighing scales at AWCs.

AVAILABILITY OF KITS AND MATERIALS

The programme content of pre-school activities for children needs to be largely centered on organization of play activities. The availability of PSE kits has been reported from 8 (80%) Anganwadi Centres. Medicine Kits was available only in 4 (40%) AWCs. State Govt. has been requested to arrange and ensure the supply of PSE Kits & Medicine Kits and other materials at AWCs as prescribed.

PRE-SCHOOL EDUCATION

Out of 335 registered children (3-6 Years) for Pre School Education, 213 children (63.58%) attended PSE at AWCs on the day of visit. State Govt. has been requested to put efforts to increase the attendance of the pre school children. In this regard it was suggested that all the AWCs must be equipped with contextualized ECCE Curriculum, age specific activity books and child assessment card along with adequate Teaching Learning Materials.

IMPLEMENTATION OF ANGANWADI SERVICES SCHEME

INFRASTRUCTURE

Out of 10 opened AWCs, all (100%) AWCs were located in pucca building. All (100%) AWCs were found running in their own buildings. The adequate availability of outdoor space was found in all (100%) AWCs and indoor space was found in 9 (90%) AWCs respectively. The availability of separate cooking space (Kitchen) was found in 8 (80%) AWCs.

The availability of drinking water facility was noticed in all (100%) AWCs. 8 (80%) AWCs had usable toilets and remaining AWCs may be provided toilet facilities. State Govt. has been requested to take necessary action in providing Toilet Facilities at AWCs by effective convergence with Department of Drinking Water and Sanitation by leverage funds under Fifteenth Finance Commission etc.

TRAINING AND PERSONAL PROFILE

All Anganwadi Workers (100%) were found present during visit and all of them had received job training.

SUPPLEMENTARY NUTRITION

As per schematic norms of Anganwadi Services Scheme, AWCs are required to provide Supplementary Nutrition to the beneficiaries of target group. None of the AWCs were found distributing Take Home Ration. Morning Snacks and Hot Cooked Meal was distributed by all (100%) AWCs to the beneficiaries.

It was found that all 174 registered children (3-6 years), received SN. Similarly, all 127 registered children (6 months to 3 years) received SN at AWCs. All 38 pregnant women registered for SN received SN and similarly, all (100 %) registered lactating mothers were found availing SN.

. The State Govt. has been requested to provide SN to beneficiaries, as per prescribed nutritional and cost norms under the Anganwadi Services Scheme.

GROWTH MONITORING AND PROMOTION

Baby weighing scale and New WHO Growth Charts have been prescribed for children to detect malnourishment among children. Similarly, adult weighing scale has been

prescribed for pregnant women & lactating mother (P&LM) to monitor their weight during pregnancy and delivery. All AWCs (100%) had baby weighing scale and none of the AWCs had adult weighing scales. The availability of new WHO child growth charts has been reported at all (100%) AWCs.

The State Govt. has been requested to arrange for availability of adult weighing scales at AWCs.

AVAILABILITY OF KITS AND MATERIALS

The programme content of pre-school activities for children needs to be largely centered on organization of play activities. The availability of PSE kits has been reported from 9 (90%) Anganwadi Centres. Medicine Kits was not available in any of the AWCs. State Govt. has been requested to arrange and ensure the supply of PSE Kits & Medicine Kits and other materials at AWCs as prescribed.

PRE-SCHOOL EDUCATION

All registered children (3-6 Years) for Pre School Education, were found attending PSE at AWCs on the day of visit.

IMPLEMENTATION OF ANGANWADI SERVICES SCHEME

INFRASTRUCTURE

Out of 40 opened AWCs, 37 (92.50%) AWCs were located in pucca building and remaining 3 (7.50 %) AWCs need to be progressively shifted in pucca buildings. 33 (82.50%) AWCs were found running in their own buildings and remaining 7 (17.5%) AWCs need to be shifted in their own buildings respectively. The adequate availability of outdoor and Indoor space was found in 33 (82.50%) AWCs and 29 (72.50%) AWCs respectively. The availability of separate cooking space (Kitchen) was found in 9 (22.50%) AWCs. The concerned State Govt. has been requested to construct AWC buildings by leveraging funds in convergence with other schemes like MPLADs, MLALADs, Tribal Development, Multi Sectoral Development Programme (MSDP) of Ministry of Minority Affair, MGNREGA, RIDF and BRGF etc.

The availability of drinking water facility was noticed in all AWCs. 13 (32.50%) AWCs had usable toilets and remaining 27 (67.5%) AWCs may be provided toilet facilities. State Govt. has been requested to take necessary action in providing Toilet Facilities at AWCs by effective convergence with Department of Drinking Water and Sanitation by leverage funds under Fifteenth Finance Commission etc.

TRAINING AND PERSONAL PROFILE

All Anganwadi Workers were found present during visit. Of these, 39 (97.50%) AWWs had received job training. State Govt. has been requested to review the training status of AWWs and arrange for Job/Refresher Training of untrained AWWs for the smooth functioning of Anganwadi Services Scheme.

SUPPLEMENTARY NUTRITION

As per schematic norms of Anganwadi Services Scheme, AWCs are required to provide Supplementary Nutrition to the beneficiaries of target group. Take Home Ration, Morning Snacks and Hot Cooked Meal was distributed by 87.50 percent of the visited AWCs to the beneficiaries. Interruption was seen in distribution of Supplementary Nutrition during last six months in 5 (12.50%) AWCs.

It was found that out of 1997 registered children (3-6 years), 999 (50.03%) children received SN. Similarly, out of 2546 registered children (6 months to 3 years), 2138 (83.97%) children received SN at AWCs. Out of 216 registered Severely Underweight children, 213

(98.61%) children were found availing SN and remaining 3 Severely Underweight children have not been provided SN as per norms of the scheme. Out of 539 pregnant women registered for SN, 513 (95.18%) pregnant women received SN and similarly, 491 (94.06 %) lactating mothers were found availing SN out of 522 registered.

State Govt. has been requested to optimize coverage of beneficiaries of SN under Anganwadi Services Scheme. The State Govt. has also been requested to provide SN to beneficiaries, with no interruption, as per prescribed nutritional and cost norms under the Anganwadi Services Scheme.

GROWTH MONITORING AND PROMOTION

Baby weighing scale and New WHO Growth Charts have been prescribed for children to detect malnourishment among children. Similarly, adult weighing scale has been prescribed for pregnant women & lactating mother (P&LM) to monitor their weight during pregnancy and delivery. 8 AWCs (20%) had baby weighing scale and 34 AWCs (85%) had adult weighing scales. The availability of new WHO child growth charts has been reported at 32 (80%) AWCs.

The State Govt. has been requested to arrange for availability of baby & adult weighing scales and new WHO child growth charts at AWCs.

AVAILABILITY OF KITS AND MATERIALS

The programme content of pre-school activities for children needs to be largely centered on organization of play activities. The availability of PSE kits has been reported from 9 (22.50%) Anganwadi Centres. Medicine Kits was available only in 5 (12.50%) AWCs. State Govt. has been requested to arrange and ensure the supply of PSE Kits & Medicine Kits and other materials at AWCs as prescribed.

PRE-SCHOOL EDUCATION

Out of 1997 registered children (3-6 Years) for Pre School Education, 999 children (50.03%) attended PSE at AWCs on the day of visit. State Govt. has been requested to put efforts to increase the attendance of the pre school children. In this regard it was suggested that all the AWCs must be equipped with contextualized ECCE Curriculum, age specific activity books and child assessment card along with adequate Teaching Learning Materials.

IMPLEMENTATION OF ANGANWADI SERVICES SCHEME

Out of 206 visited AWCs 42 AWCs (20.89%) were found closed at the time of visit, for which State Govt. has already been intimated.

INFRASTRUCTURE

Out of 164 opened AWCs, 15 (9.15%) AWCs were located in pucca building and remaining 149 (90.85%) AWCs need to be progressively shifted in pucca buildings. 110 (67.07%) AWCs were found running in their own buildings and remaining 54 (32.93%) AWCs need to be shifted in their own buildings respectively. The adequate availability of outdoor and Indoor space was found in 107 (65.24%) AWCs and 53 (32.32%) AWCs respectively. The non-availability of separate cooking space (Kitchen) was found in 154 (93.90%) AWCs are a matter of concern. The State Govt. has been requested to construct AWC buildings by leveraging funds in convergence with other schemes like MPLADs, MLALADs, Tribal Development, Multi Sectoral Development Programme (MSDP) of Ministry of Minority Affair, MGNREGA, RIDF and BRGF etc.

The availability of drinking water facility was noticed in 145 (88.41%) AWCs. 48 (29.27%) AWCs had usable toilets and remaining 116 (70.73%) AWCs may be provided toilet facilities. State Govt. has been requested to take necessary action in providing Safe Drinking Water & Toilet Facilities at AWCs by effective convergence with Department of Drinking Water and Sanitation by leverage funds under Fifteenth Finance Commission etc.

TRAINING AND PERSONAL PROFILE

Out of 164 sanctioned posts of Anganwadi Workers, 163 (99.39%) AWWs were found present during visit. Of these, 14 (8.59%) AWWs had received job training. State Govt. has been requested to review the training status of AWWs and arrange for Job/Refresher Training of untrained AWWs for the smooth functioning of Anganwadi Services Scheme.

SUPPLEMENTARY NUTRITION

As per schematic norms of Anganwadi Services Scheme, AWCs are required to provide Supplementary Nutrition to the beneficiaries of target group. Take Home Ration was not provided by any of the AWCs. Morning Snacks and Hot Cooked Meal was distributed by 9.15 percent and 8.54 percent of the visited AWCs to the beneficiaries respectively. Interruption was seen in distribution of Supplementary Nutrition during last six months in 140 (85.37%) AWCs.

It was found that out of 4795 registered children (3-6 years), 1672 (34.87%) children received SN. Similarly, out of 310 registered children (6 months to 3 years), 272 (87.74%) children received SN at AWCs. Out of 7 registered Severely Underweight children, all (100%) children were found availing SN. Out of 80 pregnant women registered for SN, 62 (77.50%) pregnant women received SN and similarly, 42 (87.50 %) lactating mothers were found availing SN out of 48 registered.

State Govt. has been requested to optimize coverage of beneficiaries of SN under Anganwadi Services Scheme. The State Govt. has also been requested to provide SN to beneficiaries, with no interruption, as per prescribed nutritional and cost norms under the Anganwadi Services Scheme.

GROWTH MONITORING AND PROMOTION

Baby weighing scale and New WHO Growth Charts have been prescribed for children to detect malnourishment among children. Similarly, adult weighing scale has been prescribed for pregnant women & lactating mother (P&LM) to monitor their weight during pregnancy and delivery. 145 AWCs (88.41%) had baby weighing scale and 105 AWCs (64.02%) had adult weighing scales. The availability of new WHO child growth charts has been reported only at 15 (9.15%) AWCs.

The State Govt. has been requested to arrange for availability of baby & adult weighing scales and new WHO child growth charts at AWCs.

AVAILABILITY OF KITS AND MATERIALS

The programme content of pre-school activities for children needs to be largely centered on organization of play activities. The availability of PSE kits has been reported from 1558 (61.70%) Anganwadi Centres. Medicine Kits was available only in 670 (26.53%) AWCs. State Govt. has been requested to arrange and ensure the supply of PSE Kits & Medicine Kits and other materials at AWCs as prescribed.

PRE-SCHOOL EDUCATION

Out of 4795 registered children (3-6 Years) for Pre School Education, 1672 children (34.87%) attended PSE at AWCs on the day of visit. State Govt. has been requested to put efforts to increase the attendance of the pre school children. In this regard it was suggested that all the AWCs must be equipped with contextualized ECCE Curriculum, age specific activity books and child assessment card along with adequate Teaching Learning Materials.

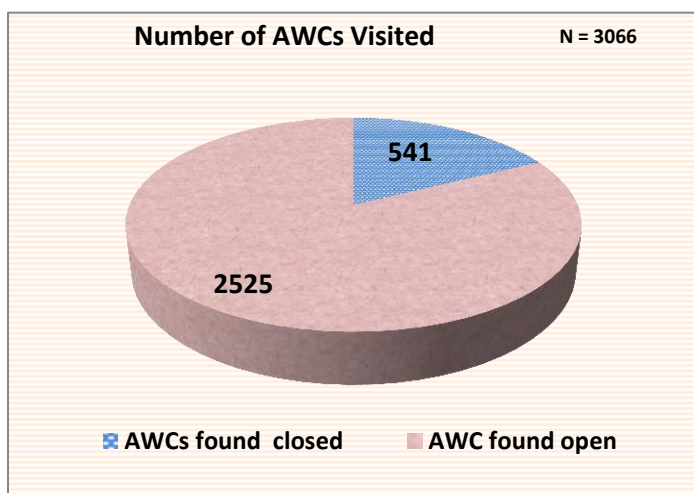

Major Observations of the Monitoring Visit to Anganwadi Centres (AWCs) During 2017-18:

Monitoring is a continuous process. It may lead to programme failure if not done properly. In order to strengthen the monitoring of Anganwadi Services Scheme, Ministry of Women and Child Development set up a Monitoring and Supervision mechanism of the Anganwadi Services Scheme through NIPCCD in addition to the existing Monitoring and Evaluation Unit in the Ministry of Women and Child Development. At the National level, a Central Monitoring Unit (CMU) has been set up at NIPCCD, New Delhi, with the objective to undertake regular monitoring of functioning and implementation of Anganwadi Services Scheme in the country.

At the grass root level, the services under Anganwadi Services Scheme are delivered by AWCs/Mini AWCs. The Target Groups of Anganwadi Services Scheme are children below 6 years, Pregnant & Lactating Mothers and all eligible women in the reproductive age group. The opening and closing time of the AWCs may be ensured so that all these services can be provided as per GOI, MWCD guidelines.

The Officials of CMU and Faculty/Staff members of NIPCCD visited 3066 Anganwadi Centres from 151 ICDS Projects in 70 Districts covering 21 States in the country.

The various points emerged from the visit to the AWCs during 2017-18 have been shared with State Govt./UT administration, District administration and Block level for taking remedial action in improving the implementation of Anganwadi Services Scheme under Umbrella ICDS as per details given below :-

Out of 3066 AWCs visited during 2017-18, 541 (17.65%) AWCs in 6 States viz. Haryana (88.11%), West Bengal (20.39%), Jharkhand (1.46%), Kerala (0.60%), Rajasthan (0.41%) and Assam (0.23%) were found closed at the time of visit. In the State of Haryana, 480 AWCs in the district of Sirsa was found closed due to strike of AWWs/AWHs and 9 AWCs in the district of Kurushetra due to winter vacation. State wise numbers of visited AWCs are as under:

No. of AWCs visited and found open/closed at the time of visit

Type of Building:

For the effective implementation of Anganwadi Services Scheme, the development of a suitable infrastructure in the form of pucca Anganwadi building is an essential requirement. The location of Anganwadi Centres in Pucca buildings not only provides a distinct identity to the AWC in the community but also save the beneficiaries of Anganwadi Services Scheme from vagaries of weather. The data have been gathered about the type (kutchha and pucca) of AWCs building. The State wise percentage of AWCs running from Pucca Building are as under:-

Information on type of building as presented in Table below shows that more than three fourth (78.06%) of AWCs are located in Pucca buildings. Rest of the AWCs were either found running in Kutcha or open Space or in Hut. All the visited AWCs from the 4 States of Haryana, Meghalaya, Tamil Nadu and Tripura were running in Pucca building. More than 75 percent of the AWCs running in pucca building in 9 States/UT of Kerala, Rajasthan, Uttar Pradesh, Assam, Nagaland, Madhya Pradesh, Puducherry, Maharashtra and Telangana. Less than three fourth of AWCs were running in Pucca building in the state of Jharkhand (74.81%) followed by 71.97 per cent in Jammu& Kashmir.

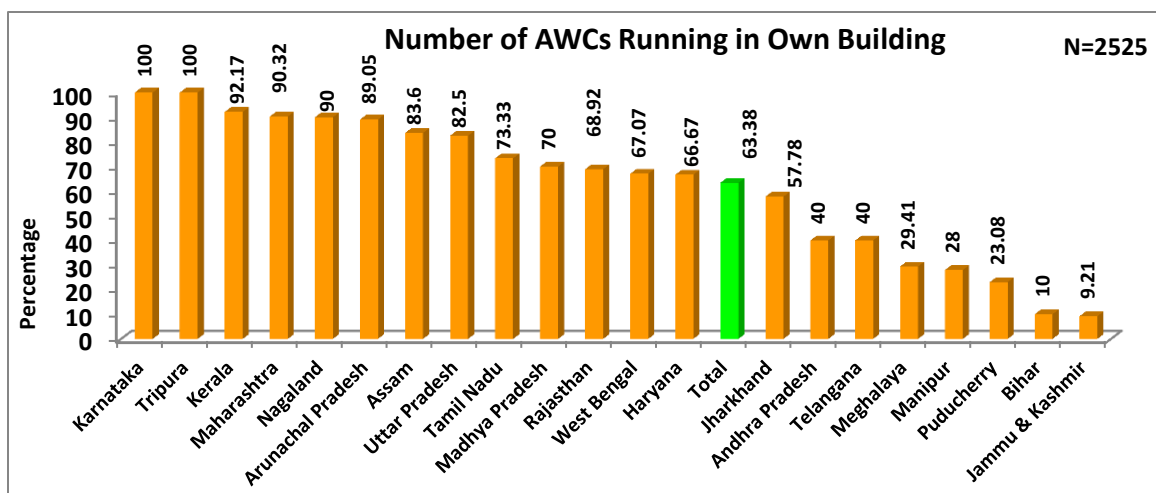

Only two third (66.67%) of the AWCs were running in Pucca building in the state of Bihar, 64 percent Andhra Pradesh, 60 percent in Karnataka, 57.66 percent in Arunachal Pradesh and 55.5 per cent in Manipur. Only 9.15 percent of the AWCs from the state of West Bengal were found running in pucca building. The data collected is presented in Table below:

AWCs running in Pucca Building

States/UTs	Number of AWC found Open	Number of AWCs running from Pucca Buildings	%
Andhra Pradesh	25	16	64
Arunachal Pradesh	137	79	57.66
Assam	433	400	92.38
Bihar	30	20	66.67

Uttar Pradesh	40	37	92.50
West Bengal	164	15	9.15
Total	2525	1971	78.06

Building Status - Own Building :

Government of India provides necessary budgetary support and also leverage fund for the construction of AWC building in convergence with other schemes like MPLADs, MLALADs, Tribal Development, Multi Sectoral Development Programme (MSDP) of Ministry of Minority Affairs, MGNREGA, RIDF and BRGF for construction of AWCs. Local community contribution either in cash, labour, or building material is also envisaged so as to make the AWC a permanent community asset, free from all encumbrances and its ability to run without interruption.

The average of all AWCs monitored from different states reveals that 63.88 percent AWC building are located in the buildings either provided by State Government or constructed by the State Government utilizing the provisions under various other schemes. In two States viz Karnataka and Tripura, cent percent AWCs were running from own building either provided by State Government or constructed by the State Government. In 6 States viz Kerala (92.17%), Maharashtra (90.32%), Nagaland (90%), Arunachal Pradesh (89.05%), Assam (83.60%) and Uttar Pradesh (82.5%) more than 75 percent AWCs were running from own building. Less than one fifth (9.21%) of the AWCs in the state of Jammu & Kashmir were located in buildings either provided by State Government or constructed by the State Government followed by Bihar (10%), Puducherry (23.08%), Manipur (28%) and Meghalaya (29.41%) respectively. 60 percent of the visited AWCs needs to be shifted into own building in the States of Telangana and Andhra Pradesh. Similarly 42.22 percent of the visited AWCs in the State of Jharkhand need to be shifted into buildings either provided by State Governments or constructed by State Government. The State wise data is presented as under:-

AWCs Running in Own Building

Availability of Indoor and Outdoor Space :

Every AWC should have indoor space where children can move around in small groups, in pairs and in circle depending upon the activity. While children are doing the activities in a group, the AWW should be able to move around and interact with them by giving them individual attention. Similarly, availability of outdoor play offers unparalleled opportunities for the children to grow, to enhance their motor skills, allows them to explore their surroundings, to discover and to learn eventually and allows them to explore their surroundings.

The outdoor area of AWC should be utilized for organizing free play, structured games, physical exercises, multimedia activities and the like. It is evident from the data that availability of adequate indoor space was reported from 72 percent and 65.39 percent of AWCs located across the country respectively. 2 States namely Karnataka and Nagaland had adequate indoor space in all the AWCs. 8 States viz. Assam (90.76%), Tripura (90%), Kerala (89.16%), Meghalaya (88.24%), Maharashtra (87.10%), Arunachal Pradesh (84.67%), Haryana (83.33%) and Rajasthan (76.69%) had adequate indoor space in more than 75 percent of AWCs. 11 States viz. Uttar Pradesh (72.5%), Jammu & Kashmir (70.71%), Madhya Pradesh (65%), Andhra Pradesh (64%), Manipur (63%), Jharkhand (58.02%), Puducherry (53.85%), Bihar (50%), West Bengal (32.32%), Telangana (20%) and Tamil Nadu (0%) had adequate indoor space less than 75 percent of AWCs.

3 States viz. Karnataka, Nagaland and Tripura had adequate outdoor space in all of AWCs. 7 States viz. Tamil Nadu (93.33%), Haryana (89.39%), Maharashtra (87.10%), Uttar Pradesh (82.5%), Madhya Pradesh (80%), Rajasthan (77.91%) and Andhra Pradesh (76%) had adequate outdoor in more than 75 percent of AWCs. 11 States/UT viz. Kerala (73.49%), Assam (71.82%), Meghalaya (70.59%), Jammu & Kashmir (66.53%), West Bengal (65.24%), Manipur (57%), Arunachal Pradesh (52.55%), Telangana (50%), Bihar (43.33%), Jharkhand (39.26%) and Puducherry (23.08%) had adequate outdoor space in less than 75% of AWCs. The data as obtained on availability and adequacy of indoor and outdoor space is presented in Table below:

AWCs having Adequate Indoor and Outdoor Space

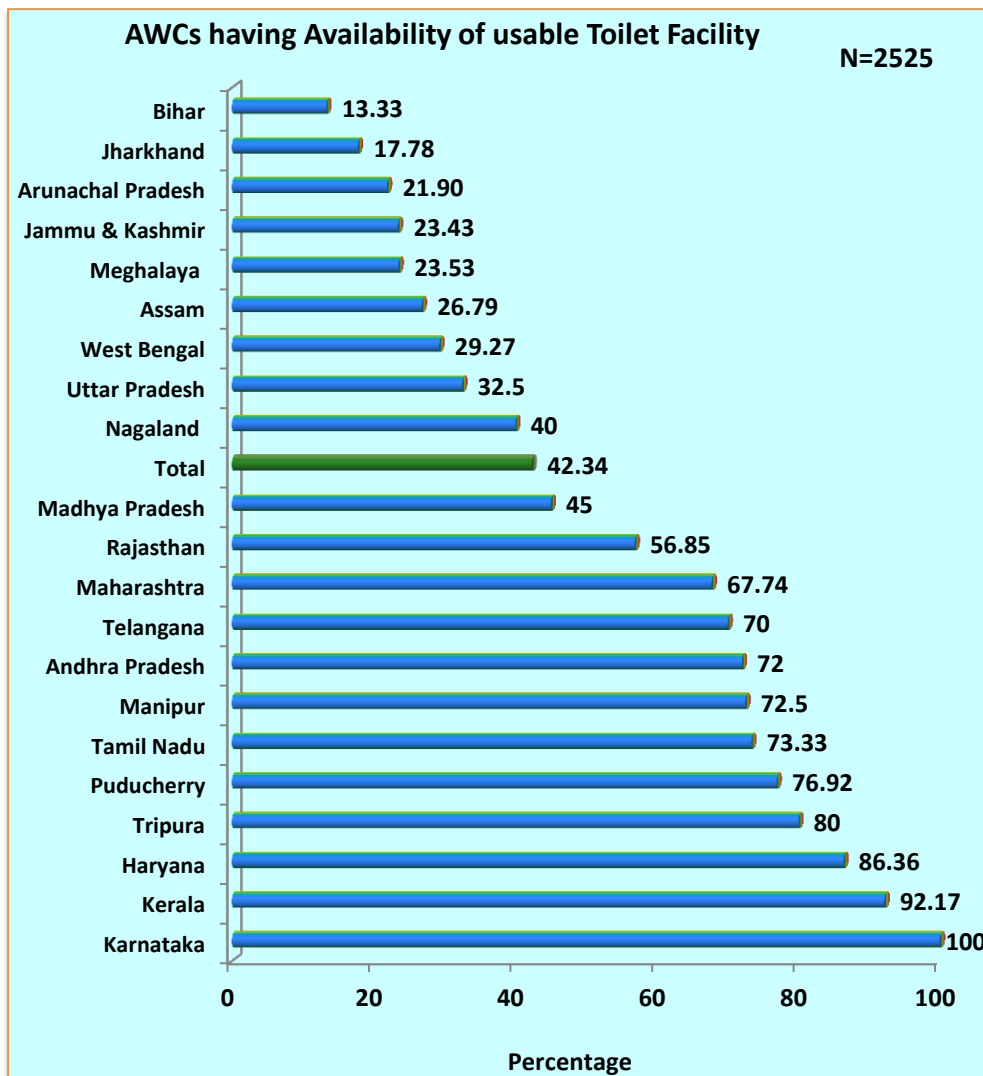

States/UT	AWC Found Open	Adequate indoor space	%	Adequate outdoor space	%

Sanitation:

Sanitation has been proven, by various independent studies, to have a positive economic as well as health impact on families in Rural India. There is, therefore, a direct relationship between water, sanitation and health. Improper disposal of human excreta and improper environmental sanitation have been major causes of many diseases in developing countries including India. Prevailing high infant mortality rate is also largely attributed to poor sanitation. In order to change the behaviour of children from very early stage of life, it is essential that AWCs are used as a platform for behaviour change of the children as well as mothers attending the AWCs. MWCD vide its letter no 19-3/2004-CD-1 dated 6th September 2010 has requested Secretaries In Charge of ICDS in all States/UT Administration to take suitable steps in convergence with total sanitation campaign programme of the Ministry of Rural Development to ensure provision of potable water and sanitation facilities at all AWCs in a time bound manner.

As per MWCD letter no.F.No.CD-II-14/2/217-CD-II dated 8th December 2017, Rs.12,000/- per AWC per annum for construction of 70,000 toilet in existing Government owned AWCs buildings was provided to States/UTs.

Visit to Anganwadi Centres- State Specific Report (2017-18)

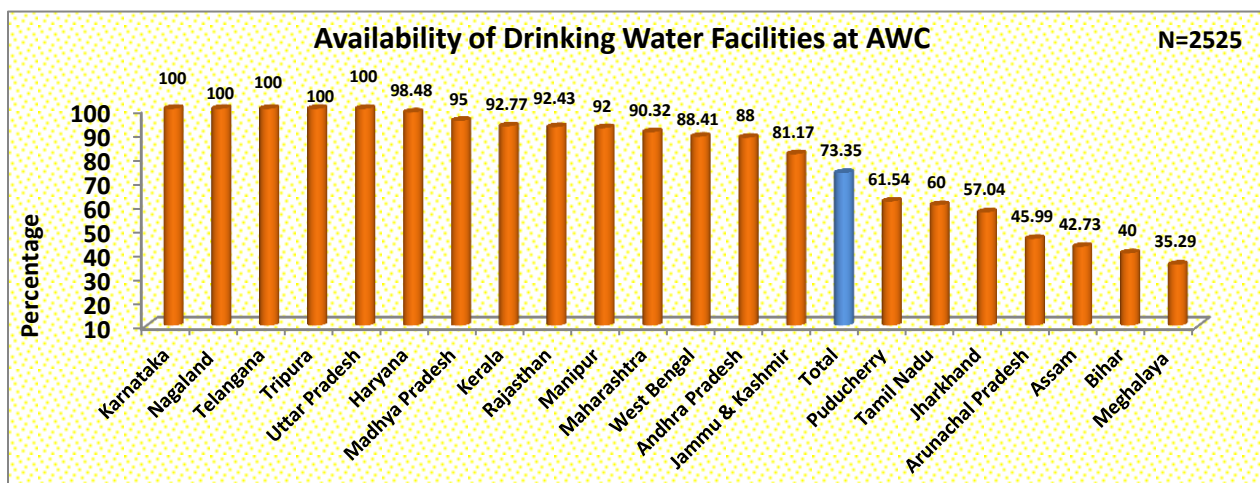

Toilet facility was observed by the officials during monitoring visit in 1069 (42.34%) AWCs. All the AWCs visited in the state of Karnataka were having availability of usable toilet. 4 States/UT namely Puducherry (76.92%), Tripura (80%), Haryana (86.36%) and Kerala (92.17%) had toilet facilities in more than 75% of AWCs. 16 States namely Bihar (13.33%), Jharkhand (17.78%), Arunachal Pradesh (21.90%), Jammu & Kashmir (23.43%), Meghalaya (23.53%), Assam (26.79%), West Bengal (29.27%), Uttar Pradesh (32.5%), Nagaland (40%), Madhya Pradesh (45%), Rajasthan (56.85%), Maharashtra (67.74%), Telangana (70%), Andhra Pradesh (72%), Manipur (72.5%) and Tamil Nadu (73.33%) had toilet activities in less than 75% of AWCs. State Govt./ UT Administration has been requested to tap funds for construction of Toilets in AWCs from Fifteen time Commission etc. in addition to the Budgetary Provision made by MWCD. The usable toilet facility condition was noted for all the centres and has been represented in the Table below:

Usable Toilet Facility Available at AWCs

States/UTs	AWC Found Open	Toilet in use	%

Drinking Water

Providing safe drinking water is of utmost importance for any life including small children who are prone to water- borne diseases. MWCD vide letter No.CCD-II-14.02.2017-CD-II dated 8.12.2017, approved provision of Drinking Water in additional 20,000 AWCs @ Rs.10,000/- per annum per AWCs.

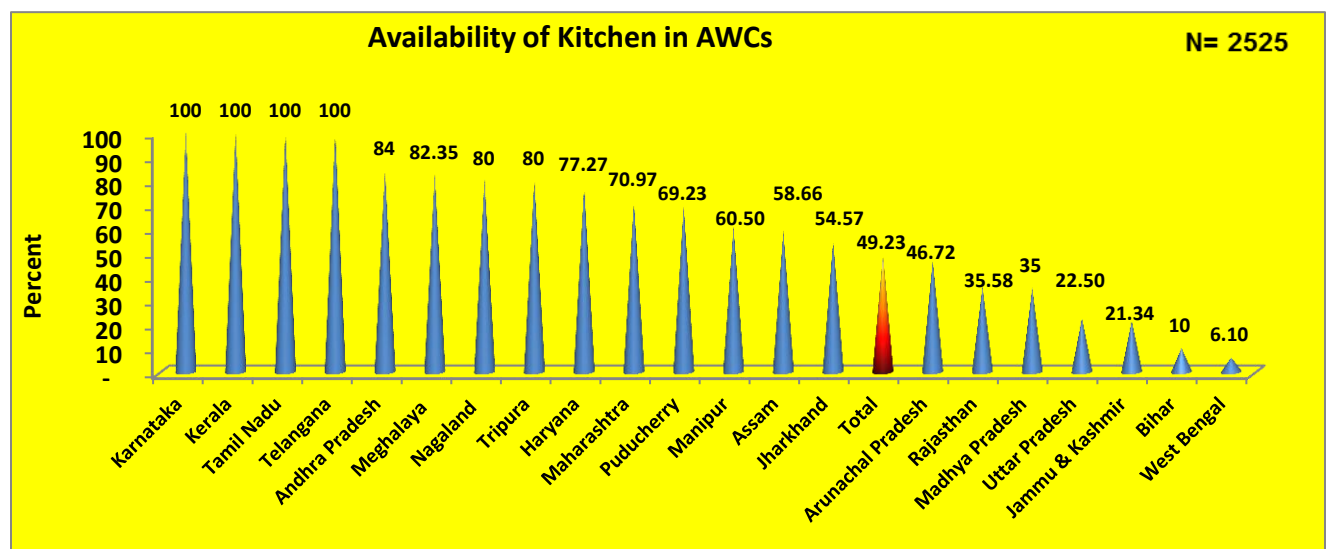

5 States viz. Karnataka, Nagaland, Telangana, Tripura and Uttar Pradesh had drinking water facilities in all AWCs. 9 States viz. Haryana (98.48%), Madhya Pradesh (95%), Kerala (92.77%), Rajasthan (92.43%), Manipur (92%), Maharashtra (90.32%), West Bengal (88.41%), Andhra Pradesh (88%) and Jammu & Kashmir (81.17%) had drinking water facilities in more than 75% AWCs. 7 States/UT viz. Puducherry (61.54%), Tamil Nadu (60%), Jharkhand (57.04%), Arunachal Pradesh (45.99%), Assam (42.73%), Bihar (40%) and Meghalaya (35.29%) had drinking water facilities in less than 75 percent of AWCs. States have been requested to tap fund from various Schemes like 15 Finance Commission and in convergence with Department of Drinking Water and Sanitation, Corporate Social Responsibility activities, Swachh Bharat Kosh and Panchayati Raj Institutions. Table below summarises the availability of drinking water.

States/UT	AWC Found Open	Drinking water	%
Andhra Pradesh	25	22	88
Arunachal Pradesh	137	63	45.99
Assam	433	185	42.73
Bihar	30	12	40

Availability of Kitchen

more than 75% of AWCs. 12 States/UT namely Maharashtra (70.97%), Puducherry (69.23%), Manipur (60.50%), Assam (58.66%), Jharkhand (54.57%), Arunachal Pradesh (46.72%),

Visit to Anganwadi Centres- State Specific Report (2017-18)

Rajasthan (35.58%), Madhya Pradesh (35%), Uttar Pradesh (22.5%), Jammu & Kashmir (21.34%), Bihar (10%) and West Bengal (6.10%) had separate cooking space (Kitchen) in less than 75% of AWCs. Mostly in the States where SN was prepared at AWCs due to lack of separate room the food was either cooked in the centre where children were having PSE or outside the centre. Safety of the children should be the utmost priority of the children at AWCs. State wise data in the availability of separate kitchen is presented in Table below.

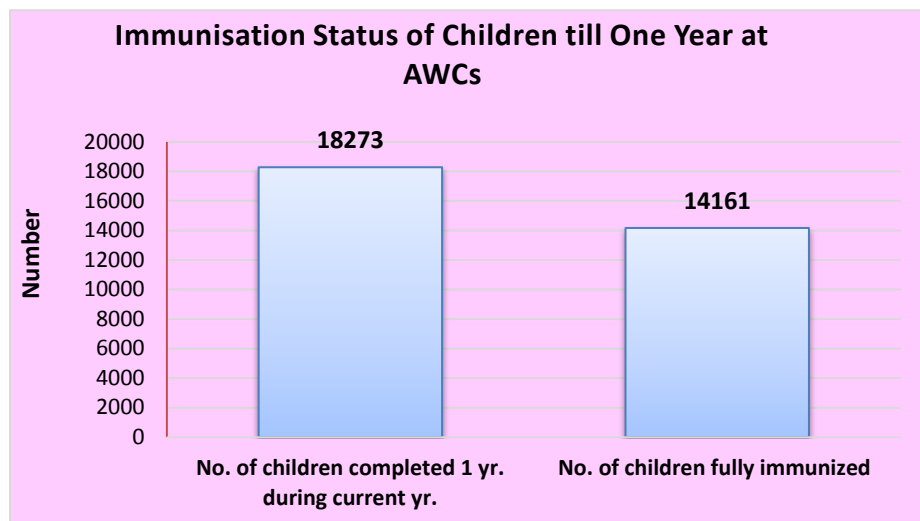

Availability of Separate Kitchen in AWCs

States/UTs	AWC Found Open	Separate Kitchen	%

Immunization:

Immunization is one of the Health Services provided at the platform of AWC to the beneficiaries in convergence with Health Department by organizing monthly vaccination camps or through Mission Indradhanush. Due list is prepared and as per list ANM immunized the children. Data in this regard was captured and presented as under.

Out of total 18273 children who completed one year, only 14161 were fully immunized. The reason for incomplete immunization was reported as migration of beneficiaries and vacant position of health functionaries including ANM etc. State wise data on immunization status is given below:

Immunization Status of Children till One Year at AWCs

State Government has been requested to review the States of fully Immunization of Children in coordination with Health Department. So that Cent percent Children are Immunization.

Growth Monitoring And Promotion:

Growth Monitoring and Promotion of Children from birth to five years is one of the important components of the Anganwadi Services Scheme. Weight for age has been adopted as the method for assessment and improvement of nutritional status of children under the Anganwadi Services Scheme.

• Availability of New WHO Child Growth Charts

Growth Charts have been prescribed at the AWCs to record the Weight for Age data on malnutrition of children (0-6 years), ever since the inception of the scheme, based on India Academy of Pediatrics (IAP)' Classifications. This helps to detect both growth faltering and also in assessing nutritional status. Anganwadi Centres are provided with weighing scales to weight the children below six year of age. Children below the age of three years of age are weighed once a month and children 3-6 years of age are weighed quarterly. Fixed day immunization sessions or days when mothers of children under two years collect take-home ration, are opportunities for growth monitoring and promotion of younger children. Growth monitoring and promotion helps families understand better the linkage between dietary intake, health care, safe drinking water and environmental sanitation and child growth. Identified severely malnourished children, are given special supplementary feeding which may be therapeutic in nature, or just double ration, and are also referred to medical services. MWCD adopted Weight for age WHO Standards and has revised Growth Monitoring Chart which describe how children should grow The New Growth Chart has three coloured tracks rather than the earlier classification lines of normal, Grade I, Grade II, Grade III and Grade IV. In the New Growth Chart Grade I & Grade II have been merged and shown as a yellow track and children who are plotted in this track would be termed as moderately underweight. Below the yellow track there in an orange track which comprise Grade III and Grade IV children and they would now be termed as severely underweight children. The Children in the green track and above are all normal children. The weight of a Girl and a Boy of same age differs slightly therefore separate growth charts for boys and girls have been introduced in ASS. By, New WHO Growth Chart, normal and severely underweight children would increase, and moderately undernourished children would decreased.

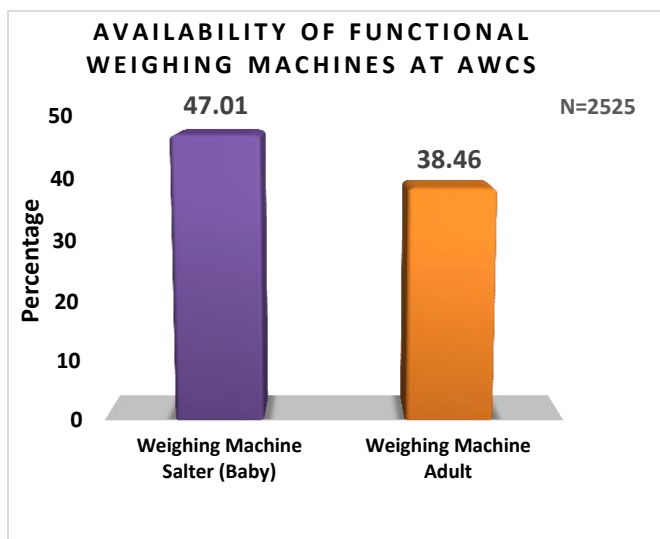

In about two third (66.93%) of the AWCs, new WHO child growth charts were availability at AWCs. The availability of New WHO Child Growth Charts were found less than 75 percent in the visited AWCs from 7 States of Jammu & Kashmir (1.26%), West Bengal (9.15%), Arunachal Pradesh (19.71%), Bihar (23.33%), Manipur (54%), Jharkhand (59.75%) and Tamil Nadu (73.33%). A look at the state-specific data reveals that availability of new WHO child growth standards charts has been observed in most (more than 75%) of AWCs located in 6 States of Haryana (98.48%), Assam (96.07%), Rajasthan (94.89%), Uttar Pradesh (80%) and UT of Puducherry (76.92%) respectively. 8 States viz. Andhra Pradesh, Karnataka, Kerala, Madhya Pradesh, Maharashtra, Nagaland, Telangana and Tripura have new WHO Growth Charts available in all AWCs. Data regarding this is presented below:

AWCs having Availability of New WHO Child Growth Charts

- **Availability of Weighing Scales/Adult Weighing Machine**

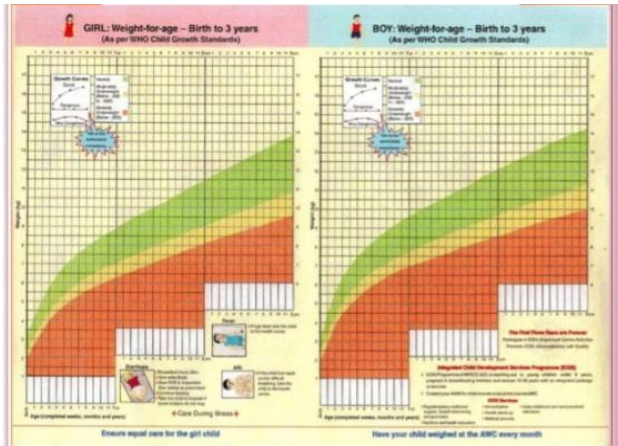

Regular weighing of the child is necessary for monitoring her/his growth. Mainly two types of scales are being used in Anganwadi Centres for weighing children. These are Bar the Salter or Dial scale (Baby Scale) and Adult Weighing Scales. The salter weighing scale is a reliable, light and portable scale which can weigh children weighing up to 25 kg. The adult weighing scales weigh Pregnant and Lactating Mothers at AWCs.

It is evident from the above graph that 47.01 percent of the AWCs were having functional Baby weighing scales at AWCs. Only in 38.46 percent of the AWCs were having availability of Adult weighing scales at AWCs. The data regarding types of weighing scales being used in AWCs are presented in Table below.

Availability of Pre School Education Kits and Medical Kits:

• Supply of PSE Kit

As per MWCD vide letter no F.No.CD-II-14/2/217-CD-II dated 8th December 2017, all State Governments/UTs have been requested for supply of PSE kits in each AWC every year at the rate of Rs.5,000/- per AWC per annum. However, if any State has already purchased the PSE Kits as per the old cost norms the amount of PSE Kits will be restricted as per old cost norms only or amount actually spent by the State, whichever is less. The suggested list of PSE kits includes; Flash cards for story-telling, Models on pictures/picture books of animals, fruits, vegetables, parts of the body, pictures/picture books, Building blocks-plastic or card board or wood, Stuffed toys, Dolls for role play, Colours, number, alphabet, matching cards, Stacking rings/shape towers, Balls, Threading

Boards/Beads & Wires, Kitchen Set, Wheel toys and Simple Puzzles etc.

The Supply of PSE kit has been reported in 61.7 percent of the AWCs. Less than 75 percent of the AWCs were having availability of PSE Kit in 10 States of Manipur (62.5%), Madhya Pradesh (60%), Tamil Nadu (53.33%), Puducherry (46.15%), Jammu & Kashmir (37.66%), Meghalaya (29.41%), Uttar Pradesh (22.5%), Jharkhand (19.75%), West Bengal (5.49%) and Maharashtra (0%). 8 States viz. Telangana (80%), Rajasthan (82.82%), Arunachal Pradesh (85.4%), Bihar (86.67%), Assam (88.22%), Tripura (90%), Andhra Pradesh (92%) and Haryana (95.45%) had PSE Kits available in more than 75 percent of AWCs. 3 States viz. Nagaland, Kerala and Karnataka had PSE Kits available in all AWCs. Data about supply of PSE kit are presented in Table below:

• Supply of Medicine Kit

MWCD, GOI has made provision for supply of medicine kit in each AWC. As per financial provision contained in MWCD office order 1-8/2012-CD-1 dated 22nd October, 2012, the medicine kit has to be provided for all operational AWCs in the States/UTs. The revised cost norms for procuring Medicine kit is as per letter dated 18.12.2017, MWCD, GOI, increased cost norm from Rs.1000/- per AWCs and Rs.500/- per Mini AWC per annum to Rs.1500/- per AWC and Rs.750/- per Mini AWC per annum. .

The data reveals that the availability of medicine kit was found in 26.53 percent of AWCs. The medicine kit was available in all the AWCs located in 2 States of Karnataka and Kerala. In 5 States/UT viz Bihar, Jammu & Kashmir, Maharashtra, Puducherry and Tripura medicine kits were not available at the AWCs. The availability of medicine kit in less than 75 percent of AWCs were found in 10 States of Jharkhand (1.73%), West Bengal (6.1%), Assam (7.39%), Haryana (7.58%), Uttar Pradesh (12.5%), Meghalaya (17.65%), Andhra Pradesh (59.85%), Nagaland (60%), Manipur (62%) and Tamil Nadu (73.33%). Medicine kit was found available in 90 percent of the AWCs in the state of Madhya Pradesh. The data showing availability of medicine kit in AWCs is given at Table below.

Beneficiaries Registered and Availing Supplementary Nutrition (SN):

Supplementary Nutrition under Anganwadi Services Scheme is primarily designed to bridge the gap between Recommended Dietary Allowance (RDA) and the Average Daily Intake (ADI). On an average, the efforts are to provide daily nutritional supplements to the extent of 500 calories and 12-15 gm of protein for children of 6-72 months; 800 calorie and 20-25 gm of protein to severely undernourished children; and 600 calories and 18-20 gm of protein to pregnant and nursing mothers. Data depicts regarding number of beneficiaries registered and availing SN.

- 6 months - 3 years availing SN:

Out of total 73527 children (6 months - 3 years) registered, 62772 (85.37%) children were found availing Supplementary Nutrition. In the State of Kerala out of total registered only 43.15 percent were observed availing SN. All the children (6 months - 3 years) registered were found availing SN in the States of Karnataka and Tripura.

• Lactating Mothers availing SN:

It is evident from the data that out of total registered Lactating mothers, 87.39 percent of them were found availing the services related to supplementary nutrition

. In 5 States viz. Bihar, Karnataka, Meghalaya, Nagaland, Tripura all of the registered lactating mothers were availing SN. In 12 States viz. Haryana (78.92%), Telangana (78.95%), Maharashtra (83.71%), West Bengal (87.39%), Assam (88.21%), Rajasthan (90.8%), Jharkhand (92.32%), Tamil Nadu (93.02%), Uttar Pradesh (94.06%), Andhra Pradesh (97.46%), Madhya Pradesh (99.45%) and Manipur (99.68%), more than 75% of registered Lactating Mothers were availing SN. In 4 States/UT viz. Kerala (71.63%), Arunachal Pradesh (70.25%), Jammu & Kashmir (52.35%) and Puducherry (47.83%) less than 75% of registered Lactating Mother were availing SN. Table below is presenting State/UT wise data:

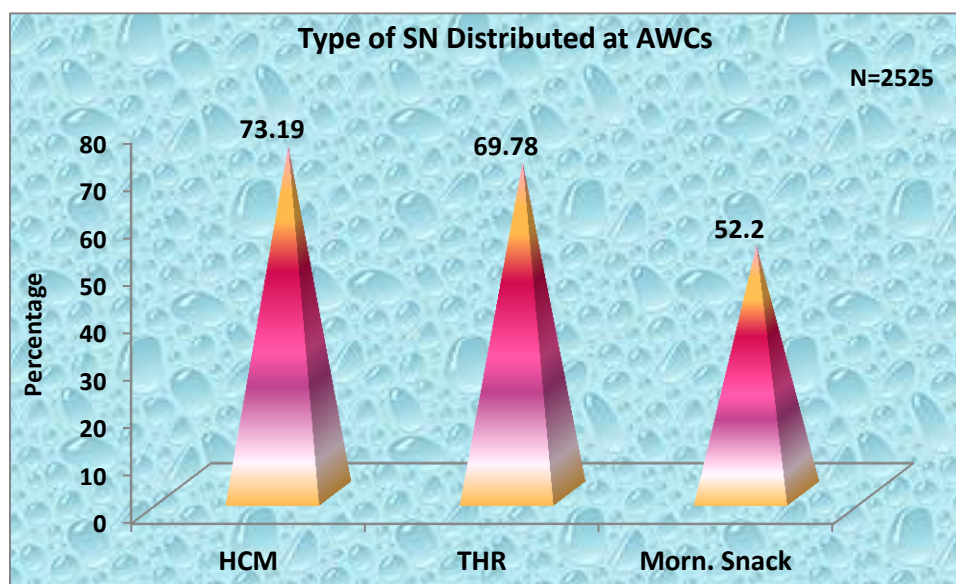

States/UT	AWC found open	Registered Lactating Mother	Lactating Mother Availing SN	%
Andhra Pradesh	25	118	115	97.46

• Type of Supplementary Nutrition:

As per MWCD Office Order no 5-9/2005/ND/Tech (Vol-II) dated 24th February, 2009, all States/UTs have been requested to serve more than one meal to the children. This includes providing a morning snacks in the form of milk/banana/egg/seasonal fruits/micro nutrient fortified food followed by a Hot Cooked Meal. For children below three years of age, THR has to be provided.

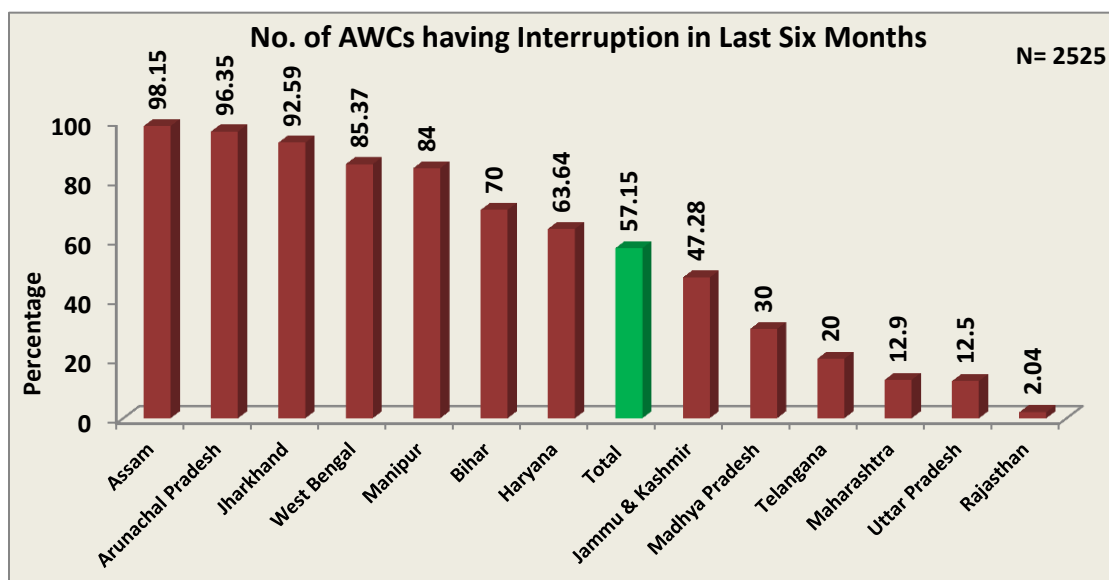

Out of 2525 visited AWCs, Hot Cooked Food (HCF) was distributed in 73.19 percent of the AWCs, Take Home Ration (THR) was distributed in 69.78 percent of the AWCs and Morning Snacks (MS) in the form of Ready to Eat (RTE) was distributed in 52.2 percent of the AWCs. State specific data is presented in the Table below:

Type of Supplementary Nutrition Distributed to the Beneficiaries

States/UT	AWC found open	THR	%	Morn. Snack	%	HCM	%

Disruption In Distribution Of Supplementary Nutrition:

Distribution of supplementary food is a crucial indicator having implications on the impact and benefits intended to be achieved by supplementary nutrition. As per norms, supplementary nutrition has to be provided for 300 days in a year. CDPOs were asked to report the interruption of supplementary food. This was counter checked with available records. Data in this regards presented below:

The data on interruption of supplementary nutrition reveals that on an average 57.15 percent of the visited AWCs had faced interruption in distribution of supplementary nutrition to the beneficiaries during the last six months. Out of AWCs visited in 21 States, majority of the AWCs of 7 States viz. Assam (98.15%), Arunachal Pradesh (96.35%), Jharkhand (92.59%), West Bengal (85.37%), Manipur (84%), Bihar (70%) and Haryana (63.64%) interruption in distribution of supplementary nutrition during the last six months had been reported. In majority of the AWCs of 6 States viz. Jammu & Kashmir (47.28%), Madhya Pradesh (30%), Telangana (20%), Maharashtra (12.9%), Uttar Pradesh (12.5%) and Rajasthan (2.04%), interruption in distribution of supplementary nutrition during the last six months had been reported. No interruption in distribution of supplementary had been seen in any of the AWC located in 8 States/UT viz. Andhra Pradesh, Karnataka, Kerala, Meghalaya, Nagaland, Puducherry, Tamil Nadu and Tripura.

AWCs Where Disruption in Distribution of Supplementary Nutrition was reported in Last 6 Months

Training Status of Anganwadi Workers:

Under Comprehensive Training Strategy of Anganwadi Services Scheme, all categories of functionaries are required to undergo Job Training Course (JTC) with the broad objectives to make them understand their role in implementation of the scheme and to enable them to develop appropriate skills necessary for implementation of various activities and services planned under the scheme. Training of functionaries aims at strengthening their capabilities not only to organize the Anganwadi Services activities effectively but also to understand the expectations of beneficiaries and to work with community towards improved child care and behavioral practices. Adequate provisions have been made in training of grass root functionaries. Data regarding status of Job Training of AWW is presented below:

2469 (97.78%) Anganwadi Workers (AWWs) were found present out of 2525 AWCs visited during 2017-18. Of these, 2134 (86.43%) AWWs were trained. In West Bengal, 8.59 percent AWWs had received the Job Training as per State specific data. 58.33 percent AWWs in UT of Puducherry and 73.33 percent AWWs in Arunachal Pradesh had received Job Training. In 10 States viz. Rajasthan

(98.94%), Uttar Pradesh (97.50%), Maharashtra (96.67%), Assam (96.29%), Kerala (93.98%), Bihar (93.33%), Tamil Nadu (93.33%), Manipur (89.5%), Jammu & Kashmir (89.22%) and Jharkhand (83.55%), Job Training has been received by more than 75 percent of AWWs. All the AWWs were found trained in 8 States viz. Andhra Pradesh, Haryana, Karnataka, Madhya Pradesh, Meghalaya, Nagaland, Telangana and Tripura respectively. State wise data is presented in Table below:

Training Status of AWWs

States/UT	AWC found open	AWW found Present	%	Job Training	%

RECOMMENDATIONS :

1. OPENING OF AWCs:

There are 13.62 lakh operational AWCs out of 14.00 lakh sanctioned AWCs in the country. Of these 3,066 AWCs in 151 ICDS Projects of 70 districts in 21 States/UTs were visited by Officials of CMU, Monitoring & Evaluation (M. & E.) Division, NIPCCD during 2017-18. Out of 3,066 visited AWCs, 541 (17.65%) AWCs were found closed at the time of visit for which respective State Government has already been intimated.

Action :

State Government have been requested to review the Status from time to time and instruct all the concerned Child Development Project Officers (CDPOs) and District Programme Officer to ensure that Anganwadi Centers (AWCs) are open strictly as per the prescribed guidelines and norms of the Anganwadi Services Scheme.

2. INFRASTRUCTURE

AWC BUILDINGS

During visit it has been observed that 78.06 percent of visited AWCs were located in pucca building and remaining 21.9 percent AWCs were running from Kutcha building. Similarly, less than two third (62.38%) of visited AWCs were found running in their own building and remaining AWCs need to be shifted in Govt. building. The adequate availability of outdoor and indoor space needs to be ensured in about 34.61 percent and 28 percent of the visited AWCs respectively. The non-availability of separate cooking space (Kitchen) in about 50.77 percent of the AWCs is a matter of concern and needs immediate attention.

Action :

State Government/ UT Administration have been requested to review the Status of AWC Buildings and take all required action like identification of land for AWC building and leverage fund for the construction of AWC building in convergence with other schemes like MPLADs, MLALADs, Tribal Development, Multi Sectoral Development Programme (MSDP) of Ministry of Minority Affairs, MGNREGA, RIDF and BRGF etc.

DRINKINGS WATER AND TOILET FACILITIES AT AWCs

Toilet facility was observed by the officials during monitoring visit in 1069 (42.34%) AWCs and there is a need to provide toilet facility in 57.66 percent of the AWCs.. The availability of drinking water facility was noticed in less than three fourth (73.35%) of the AWCs.

Action :

State Governments/ UT Administration have been requested to take necessary action for providing Safe Drinking Water & Toilet Facilities at AWCs by effective convergence with Department of Drinking Water and Sanitation by leverage funds under CSR activities, Swachh Bharat Kosh and Panchayati Raj Institutions.

3. TRAINING AND PERSONAL PROFILE

2469 (97.78%) Anganwadi Workers (AWWs) were found present out of 2525 AWCs visited during 2017-18. Of these, 2134 (86.43%) AWWs had received Job Training.

Action :

State Governments/ UT Administration have been requested to review the Status of training of functionaries including Job/Refresher Training of AWWs and include the actual requirement in STRAP so that training of the untrained AWWs are organized.

4. SUPPLEMENTARY NUTRITION

Supplementary Nutrition is being provided to children (6 months - 6 years) as well as pregnant & lactating women under Anganwadi Services Scheme. Take Home Ration, Morning Snacks and Hot Cooked Meal were distributed by 69.78 percent, 52.20 percent and 73.19 percent of the visited AWCs respectively to the beneficiaries. During last six months Interruption in distribution of Supplementary Nutrition was seen in 57.15 percent of the AWCs.

It has been found that out of total registered children (3-6 years) only 66.42 percent had received SN. Similarly, 85.37 percent children (6 months - 3 years) and 96.30 percent Severely Underweight Children received SN at AWCs. Out of total registered 87.39 percent lactating mothers and 89.37 percent pregnant women had received SN. The data on interruption of supplementary nutrition reveals that on an average 57.15% of the visited AWCs had faced interruption in distribution of supplementary nutrition to the beneficiaries during the last six months.

Action:

State Governments/ UT Administration have been requested to ensure distribution of Supplementary Nutrition at all AWCs as per prescribed nutritional norms and cost norms for supplementary nutrition to beneficiaries under the Scheme. State Government have also been requested to optimize coverage of beneficiaries under supplementary nutrition. State Government has also been requested to head count the beneficiaries and remove the ghost beneficiaries from the scheme if any.

5. GROWTH MONITORING AND PROMOTION

Growth Monitoring and Promotion of Children from birth to five years is one of the important components of the Anganwadi Services Scheme. Weight for age has been adopted as the method for assessment and improvement of nutritional status of children under the Anganwadi Services Scheme. The availability of new WHO child growth charts has been reported only at 66.93 percent of the AWCs. Baby weighing scale is being provided at AWC to weigh children and accordingly determine their status of health on New WHO Child Growth Charts. Similarly, availability of adult weighing scale has been made mandatory at AWC for routine weight monitoring of pregnant women & lactating mother (P&LM). It was observed that out of total visited AWCs, 1,187 (47.01%) had baby weighing scale and 971 (38.46%) had adult weighing scales.

Action:

State Governments/ UT Administration have been requested to ensure availability of baby & adult weighing scales and New WHO Child Growth Charts in all the AWCs.

6. AVAILABILITY OF KITS AND MATERIALS

The programme content of pre-school activities for children needs to be largely centred on organization of play activities and availability of PSE Kit. It has been found that only six out of ten AWCs (61.70%) had access to PSE Kit. Medicine Kits was found available only in 26.53 percent of AWCs.

Action:

State Governments/ UT Administration have been requested to ensure availability of PSE Kits, Medicine Kits and materials regularly at AWCs.

7. PRE-SCHOOL EDUCATION

Out of total visited AWCs, children (3-6 years) were found present in 92.87 percent of the AWCs for pre-school education.

Action :

State Governments have been requested to take efforts to make the PSE more attractive so that attendance of children (3 -6 years) at AWCs could be increased/ optimized.

8. IMMUNIZATION AND HEALTH CHECK-UP

Immunization facility, Iron & Folic Acid tablets and regular health checkup facilities at AWC are provided for beneficiaries under Health Services in coordination with Health Department. Health services were not found convincing in the visited States. The Immunization & Health checkup records were not being maintained properly in majority of visited AWCs. Out of total 18,273 children who had completed one year, 14,161 children (77.5%) were found to be fully immunized.

Action:

State Governments/ UT Administrations have been requested to review the immunization status of children in consultation with Department of Health and Family Welfare to immunize centpercent children in the Anganwadi area.
