DCWC Contents Update

About the Document

The Library subscribes to about 53 Indian journals and 10 Foreign Journals. Content updates is a classified compilation of the contents of journals received in the library during the quarter. It would serve as a useful reference tool to researchers as the titles of articles are arranged under various subjects of general interest such as adolescence, child development, child welfare, health, nutrition, women's empowerment, social development etc. The short listed articles can be accessed from NIPCCD Library.

“DCWC Contents Update” is brought out every quarter. The digital version is posted on NIPCCD website (www.nipccd.nic.in) on the slot dedicated for Documentation Centre on Women and Children for reference of readers.
