Introduction

Government departments have a very important role in society. Human development has ranked high on the priority list of Government programmes since Independence, and several initiatives have been undertaken to increase the literacy and educational status of the citizens of India. National Literacy Mission, Sarva Shiksha Abhiyan, National Institute of Open Schooling, and Mid Day Meals scheme are initiatives started to increase enrollment and retention in school and increase literacy levels of the population. In partnership with corporates and international organizations the quality of education imparted has improved. Government departments have overseen the new developments, provided training to improve the quality of teaching and learning prepared training and teaching material and syllabi, and evaluated the outcomes of new initiatives undertaken.

A Project was undertaken by Documentation Centre for Women and Children (DCWC), NIPCCD to bring out Directories of Organizations in various areas. This document covers government departments dealing with the welfare and empowerment of Scheduled Castes, Scheduled Tribes and other Backward Classes. For the convenience of users, organizations in the Directory have been arranged alphabetically state-wise. This Directory gives detailed information about government departments and their activities, including postal address, telephone, fax, website, e-mail address, and key words indicating their areas of work and activities.

It has been possible to bring out this document due to the extensive cooperation extended by departments that have shared the relevant information with us. Without their support it would not have been possible to bring out this compilation.

It is hoped that this document would be useful to all stakeholders working for the empowerment of vulnerable sections of society.
