Any effort by event manager to influence NIPCCD C/O MWCD in the examination, evaluation, ranking of proposals, and recommendation for award of contract may result in the rejection of the proposal of such event manager,

The First Party has constituted a **Consultancy Evaluation Committee (CEC)** for selection of the Event Manager which will carry out the evaluation process.

Evaluation of Technical Proposals: The CEC shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and by applying the evaluation criteria and sub-criteria in **Part II of Section 1 - instructions to Event Managers**. In the first stage of evaluation, a proposal shall be rejected if it is found deficient as per the requirement indicated for responsiveness of the proposal. Only responsive proposals shall be further taken up for evaluation. Evaluation of the technical proposals will start first and at this stage, the financial proposals will remain unopened. The qualification of an event manager and the evaluation for technical proposal shall be defined as below.

15.1. Criteria for Evaluation of Technical Proposal:

The criteria defined in **Part II of Section 1 - Instruction to Event Manager** would be followed for evaluation of technical proposals. Only applicants obtaining a total score of **60 (out of maximum of 100)** or more on the basis of criteria for evaluation given below would be declared technically qualified.

Financial proposal of only those event managers who are declared technically qualified shall be opened publicly, on the date and time specified in the Datasheet, in the presence of the event managers or their representatives who choose to attend. The name of the participating event managers, their technical score (if required), and their Financial Proposals, only on opening, shall be read aloud.

15.2 Method of Selection:

In deciding the final selection of the Event Manager, the technical quality of the proposal will be given a weightage of 70% on the basis of criteria for evaluation. The financial proposal of only those event managers who qualify technically will be opened. The proposal with the lowest cost will be given a financial score of 100 and the other proposal given financial scores that are **inversely proportional** to their prices. The financial proposal shall be allocated a weightage of **30%**. For working out the combined score, the First Party will use the following formula:

Total points: $(0.7 \times T(s)) + (0.3 \times 100 \times \text{LEC/EC})$, where T(s) stands for technical score, EC stands for Evaluation Cost of the Financial Proposal, LEC stands for Lowest Evaluated Cost of the Financial Proposal.

The proposals will be ranked in terms of total points scored. The proposal with the highest total points (H-1) will be considered for award of contract and will be called for negotiations, if required. Example: if in response to the RFP, three proposals, A, B & C were received and the Consultancy Evaluation Committee awarded them 75, 80 and 90 marks respectively, all the three proposals would be technically suitable. Further, if the quoted price of proposal A, B & C were Rs. 120, 100 & 110 respectively, then the following points for financial proposal may be given:

A: $100/120 = 83$

points B: $100/100$

100 points C:

$100/110 = 91$ points

In the combined evaluation, the process would be as follows:

Proposal A: $75 \times 0.7 + 83 \times 0.3 = 77.4$

Proposal B: $80 \times 0.7 + 100 \times 0.3 = 86$

Proposal C: $90 \times 0.7 + 91 \times 0.3 = 90.3$

Proposal C would be considered the H1 and would be recommended for negotiations, if considered necessary and approval.

The CEC will correct any computation errors. When correcting computational errors, in case of discrepancy between a partial amount and the total amount, or between words and figures, the former will prevail. In addition to the above corrections the items described in the technical proposal but not priced, shall be assumed to be included in the prices of other activities of items. In case an activity of line items is quantified in the Financial Proposal differently from technical proposal, no corrections will be allowed to the Financial Proposal.

After opening of financial proposal, the event manager will be declared eligible for award of the contract. This selected event manager will then be invited for negotiations, if considered necessary.

16 **Negotiations**

Financial Negotiations: Negotiations, if considered necessary, shall be held only with the event manager who shall be placed as H-1 event manager after combined evaluation of the Technical and Financial Proposals. Under no circumstance, the financial negotiation shall result into an increase in the price

originally quoted by such event manager. Date and Time for negotiation shall be communicated to the H-1 event manager. Representatives conducting negotiations

on behalf of the event manager must have the written authority to negotiate and conclude the contract.

17. Award of Contract

After completing negotiations, the First Party shall issue a **Letter of Intent (Lol)** to the selected event manager and promptly notify all other event managers who have submitted proposals about the decision taken.

The selected event manager will sign the contract after fulfilling all the formalities/ per-conditions mentioned in the form of the contract in Section-S, within 10 days of issuance of the Letter of Intent.

The selected event manager is expected to commence the assignment/ job on the date specified in the Part II Data Sheet.

18. Confidentiality

Information relating to evaluation of proposals and recommendation concerning awards shall not be disclosed to the event managers who submitted the proposals or to other persons not officially concerned with the process, until the award of contract. The undue use by any event manager of any information related to the process may result in the rejection of its proposal and may be subject to the provisions of the First Party's anti-fraud and corruption policy.

19. Payment Terms

The terms of payment would be linked to the deliverables of the project, and are specified in the other terms and conditions (Section-5)
